ty will pledge 1,000 acres to the practice. It will be necessary for us to pledge the above acressory for us pledge the above acreage to get contractor to move the heavy equipment to this county. Contact this office if you are interested in 18 to 24 inch deep plowing. The payment for this practice is \$3.00 per acre. We now have 150.0 acres dged for this practice.

Ben Edwards Says Mr. Edwards of the Flomot com-munity plans to deep plow 100.0 acres on his farm. Mr. Edwards says the practice is a good practice and will stop the land from blow-ing and by this, increase the yield. J. K. Campbell, of Roaring Spring,s says "Strip cropping sav ed my farm this fall and winter. Mr. Campbell plans to carry out this practice again in 1949.

February 28, 1949, is the final date to receive a loan on grain sorghum. Producers who plan to store their grain on the farm should notify this office in time to get the grain sampled and graded before that date. Warehouse receipts should be brought in for

ceipts should be brought in for warehouse stored grain. Marion Bailey, Roaring Springs community, requested approval for 20.0 acres of deep plowing this week. Mr. Balley says if the practice is as good as he's heard, next year he will deep plow his entire acreage. Mr. Bailey plans to get equipment and do the work him-

Representatives from AAA, SCS FHA, Extension Service, Chamber of Commerce, Memphis Democrat and local businessmen attended a meeting recently and planned to have a complete farm rebuilding demonstration in Hall County. This will be the first demonstra-tion of this kind ever held in the Panhandle and it will require ex. tensive team work and the full co. operation of every one to make it a success. W. B. Hooser, County Agent, Hall County, was elected Chairman; Bob Land, FHA Supervisor, Secretary, with committees from Memphis Chamber of Comnerce, implement dealers, and Hall County's lending agencies to help carry out the program.

The above interest and team work is an example of what is needed to make a conservation program a success in any county. More information will be published on the above project when

available.

The Terrace Program in Motley
County is on the "boom". Approximately 8 miles of lines have been
run this week by the County Agent and his assistant

Due to the limited amount of equipment available, it will be necessary for some producers to get terrace lines surveyed and leave a place for the terrace when the land s listed. We think we will be able o get all of the terraces built be fore seeding time if the producers will do this.

ARLENE POOLE IS BRIDE IN CEREMONY AT BORGER

Borger-In a single ring ceremony in the home of Mr. and Mrs. R. D. Hetter, 209 West Adams, uncle and aunt of the bridegroom, Mrs. Arlene Poole, daughter of Mr and Mrs. J R Lusk, of Turkey, became the bride of Elmo McElroy son of Mr and Mrs. George McElroy of Herrin, Illinois

Vows were exchanged Saturday Feb. 5, with the Reverend Dick Clayborne, pastor of the First Christian church, officiating. Se-lections of traditional wedding music preceded the ceremony and during the exchange of vows. Tall baskets of pink gladioli before a picture window provided a back-ground for the ceremony.

The bride, attired in a navy blue suit, accented with pink accessories, was given in marriage by Mr. Hetter. Her bridal bouquet was a

nosegay of pink and white roses.

Mr. and Mrs. Hetter were hosts at a reception immediately follow ing the marriage ceremony. The table was covered with a lace cloth and held a three-tiered wedding cake garlanded with pink roses and fern and flanked by pink ta-pers. Assistants at the reception were Mrs. Boyd Stephens and Mrs. L. J. McDonald.

The couple will make their home at 305 North Weatherly.
