On November 3, 1959, a visit of this school was made by the Texas Education Agency. The following is the report of this team concerning the accreditation of the Quitaque Independent School.

The Quitaque Independent School District comprises an area of rolling plains below the Cap Rock Escarpment devoted primarily to cattle raising with supplemental income from farming. Principal crops are cotton and grain sorghums.

The Frederick Douglass School: The Frederick Douglass School enrolled pupils in grades one through ten, with a maximum grade enrollment of seven. Total original entries for 1958-59 were 46. Only two teachers were employed in the school, and the instructional facilities were inadequate.

Instructional Program: The Frederick Douglass School extended pupils in grades one through ten, with a maximum grade enrollment of seven. Total original entries for 1958-59 were 46. Only two teachers were employed in the school, and the instructional facilities were inadequate.

Instruction Program: The Frederick Douglass School extended pupils in grades one through ten, with a maximum grade enrollment of seven. Total original entries for 1958-59 were 46. Only two teachers were employed in the school, and the instructional facilities were inadequate.

Instructional Facilities: Additional instructional equipment was needed for vocational agriculture shop, general science, biology, and chemistry.

Many of the books in the library were old and in need of repair. Books of recent publication dates were needed in some areas; library books were in an enclosed area, but students were allowed to come in and get books as needed. Maps and other teaching aids were needed in the classrooms and in adequate quantity.

Library materials and instructional aids were at a bare minimum level at the Frederick Douglass School.

Chapel Choir Goes To Plainview

By Sue Nell Cates

The Chapel Choir went to a Presbyterian Music Clinic, March 5. We left Quitaque a little before 8 a.m. The program started at 9, so we got there in plenty of time.

The choir consisted of 40 choir members there. They came all the way from Monahans, Midland, Odessa. All of it was over 12 noon.

We were all as hungry as could be, so we stopped at Sunday's on the outskirts of Plainview. We got back about 2:00 p.m.

Volleyball Game To Be Held

The F. H. A. Chapter of the Quitaque High School will sponsor a volleyball game on Friday, March 28 at 7:30 p.m. in the high school auditorium.

Price of admission is 50 cents for adults and 25 cents for children.

A girls team will play the women's team and the Men's team will play. Needed are 15 men and eight women volunteers. Any man or woman who wishes to learn to play call Jackie Bedwell at 2041 or Jimmie Dale Worldolf at 2407. All contacts must be in or on before March 14.

Exploring Post Prepared Meal For Brotherhood

The Explorer post of Quitaque High School sponsored a Prepared Meal for Brotherhood Tuesday night, and Ed Spivey, pastor at the First Baptist Church, served as master of ceremonies, had the crowd in a business session which followed the emptying of platters of food.

Twenty-five men are now enrolled in this vital part of the Baptist program, and the crowd at this week's meeting gave encouragement to the new officers. In the election of the officers, Mr. O. R. Stark, Jr., a member of the Collier family, was elected pastor in a business session which followed the emptying of platters of food.

For several years and can be well remembered by those who lived in this community as far back as 1915 to 1920.

The F. H. A. girls will also sponsor and run the concession stand and have a cake walk.

The Weslayan Service Guild has Meeting

The Weslayan Service Guild met in the home of Minnie MacRoberts, Tuesday evening, March 8th. Mrs. Ella Colvin called the group to order with a prayer after which she directed the business session. Mrs. Edna Hawkins gave the devotional for the evening wide. Mrs. Mary Pittman led the discussion on the study, "People, Land and Churches." Mrs. Clara Ruth Davidson was assisted with talks given by Mrs. Geneva Curtis and Mrs. Clara Ruth Davidson.

At the close of the program the hostess served refreshments of platters of congealed tuna salad, potato chips, crackers, olives, nuts, cookies, coffee and tea to Mrs. Geneva Curtis, Martha H. Ramsey, Edna Hawkins, Ella Colvin, Jeanie Wood, Geneva Curtis and Mary Pittman.

RESUMING HOME

Returning home from Hot Springs, Arkansas, is Billy MacFarley, accompanied by his mother, his brother, Eugene, his sister Shirley, his mother-in-law, Jo Ann, and his nephew, Billy. Billy's folks live in Kittland and Farrington, New Mexico. While they were here they stayed with Jane Chessell and Breda Farley.

Their trip was to see their aging grandmother, Mrs. Lingo. Mrs. Lingo was very happy to see all her grandchildren and daughter.

HELP US KEEP THINGS WORTH KEEPING

Nobodoy has to tell this Morine the most important reason in the world for peace. He holds it in his arms. But in these troubled times keeping the peace is a tremendous job—everybody's job. For peace costs money. Money for industrial and military strength to help keep the peace. Money for science and education to make peace lasting. And money saved by individuals—by people like you—to help keep our economy healthy.

Every U. S. Savings Bond you buy is a direct investment in America's Peace Power. It not only earns money for you. It earns peace. It helps us keep the things we like.

Are you buying as many as you might?
SCHOOL NEWS
We will not have a full coverage of school news but we do want to pass along some of the news that we have as these grades were so kind to this reporter and work on it.

SECOND GRADE
By Dora Hawkins
We enjoyed having visitors for "Public School Week." Our circus was on display and we liked showing it very much. Some of us drew pictures of life size clowns.

We are happy to have all our classmates back in school. Some of us have been absent with the flu. The Red Birds have new "On We Go" work books.

THIRD GRADE
By Jane Mae Bailey
Third Graders are getting ready for "Public School Week." We are putting up a spring bouquet of lilies and tulips and our eagerness for the coming of spring is showing.

The talk in our classroom now is what we must be able to do to pass to the fourth grade. After all, there aren't many weeks left to get ready for the closing of school.

FIFTH GRADE
By Bill Johnson
We had a party last Wednesday and most of us were happy.

This week in our Science we are studying about the sun, planets and the stars. We were surprised to find the earth June 1st, the moon June 17th and the earth June 28th. Did someone see some of the girls outside of the boys.

SIXTH GRADE
By Sue Nell Cates
Track season has started and our boys are real sore from running till they can hardly talk. I don't know which of them is the sorest. Do you? Mr. Berryhill is our sponsor. We have a party planned. There were three boys in our room who didn't know what kind of a party they wanted. Can you guess who they were. We are going on a skating party to Plainview by bus next Tuesday night and we really plan to have fun.

SENIOR CLASS
By Addie Grundy
This week has been a busy week for the Seniors. The entry blanks for the raffle were mailed and we have high hopes of a large number of entries and spectators the 16th and 17th of April at the Morris-Dugger Ranch. The final pages of the "Panther Den," the annual, was also mailed after much work, worries and wonder.

Tuesday night, Mrs. Carter invited the Seniors to a surprise party as you are party. This was the first party the Seniors has had this school year and it was very much appreciated.

Mrs. Carter served all sorts of dishes and the group stu- ded, played cards, read very educational books (comics) argued and had a jolly good time. Parties are good to break the monotony of school life. We must try it more often.

BIRTHDAY PARTIES
Mrs. E. P. Bishop had a delicious birthday dinner on Monday March 6 to celebrate her birthday. Her daughter, Mrs. Dudley Crump, and her two grand- daughters, Mrs. John Reed and Mrs. Travis Stovall of Clifton, N.M., came and brought a beautiful big pink and blue birthday cake. Mr. and Mrs. Sam Owens of Turkey came to the birthday celebration and brought another lovely cake. A delightful time was enjoyed by all and the home-owners received many nice gifts.

On Sunday, her sister from Amarillo and her daughter from Amarillo, accompanied by her two daughters, came and also brought a cake and gifts and all shared a delicious dinner. So Mrs. Humph had two birthday parties, and a happy time even though she was sick.

SENIORS STILL WORKING
The Senior boys and girls today (Friday) are out gathering things that have been donated to the class for the coming rodeo. They have to have something that no one hasn't contributed and wishes to do so, please contact the seniors and they will pick up and greatly appreciated.

TEXAS PRESS ASSOCIATION

AUSTIN—Texas adults by the thousands are going back to school this year. Their object: to learn what unclear warfare could mean to the country and what they can do to better their chances of surviving it.

Personnel interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.

No Session Before Primary—Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7, the first primary date. Conferences with lawmakers have convinced him, said the governor, that there is no hope of a successful session during the coming eight weeks.

However, the governor said he may call a session after the May 7 primary of submit the school improvement program as an emergency measure at the 1961 regular session. If he delays until 1961, Daniel said he would recommend an increased session to catch up for money lost by delay.

Many observers have noted that a special session after the first primary election would pose many problems. As much as 25 to 30 per cent of the last year, 2,816 persons over the state have taken the free 12-hour course. Another 1,280 persons are attending 60 classes now in progress, and 150 new classes are due to begin this month.

Classes are held at public schools and taught by public school and junior college teachers who have been trained and certified by TEA's civil defense staff.

Seven new instructor training workshops are scheduled with workshops.

The course material ranges from study of the effects of a nuclear bomb and probable capabilities of hostile powers to step-by-step instructions for personal survival preparedness.

Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.
