This And That About One Thing and Another

BUILDING NOTES
A new building was started on Main street this week where Johnny Cagle will operate his parts store and garage. Gene Berry is constructing the building which will be 24-ft.x36-ft., of frame and stucco. The building is located east of the Assembly of God Church.

The new Berry building just east of Letha Mae's Beauty Shoppe is nearing completion. The exterior of the building is about finished. The Queen Cafe will occupy this building.

Mr. and Mrs. H. K. Carpenter are adding a room and bath to their home; the C. P. Richmonds have put a new roof on their home and are doing some other remodeling and improving and getting ready to stucco. Mrs. Lyles has been getting her place ready for occupancy, refinishing the floors, and other improvements. At the Funeral Home, Mr. Daniel is making some additions, a large garage at the rear now under construction.

Burgess Pharmacy has been trying for a week or so to get their pretty new flooring laid, and took advantage of the Memorial Day holiday to remain closed all day and made good progress. They were not quite finished Wednesday but were open for business and getting fixtures back in place. The new floor is grey and blue rubber tile, and is very attractive as well as comfortable under foot.

ABOUT PEOPLE WE KNOW

An item in a Livestock Reporter which comes to our desk carries a little story about Bill Ebbs which will interest his friends:

From as far as Burma comes questions about Bill Ebbs siphon tube.

Bill Ebbs, a former student at Wayland College, invented this siphon tube, an improvement to aid irrigation farmers. The profits from this invention will go to the college.

A. C. Munro of Burma, Rangoon wrote for further particulars on the invention after reading about it in The Reclamation Era.

KIDDIE CORNER

To some folks Heaven is where you find it.

Mr. and Mrs. Kelsie Mayfield who now live in Morton have moved around quite a bit and their young daughter Kathryn, of course has moved with them. But Quitaque, the place where she was born, has always occupied a particularly warm spot in Kathryn's heart. When she was about 7 years old, she and her parents and her cousin Mary Lou Mayfield came for a visit from Lubbock. The little girls who were napping in the back seat of the car, asked to be awakened if they should fall asleep, when they reached the Cap Rock. So Mrs. Mayfield called them just as they started the beautiful drive down the Cap. Little Kathryn raised up and looked out over the lovely view, and said "Oh, going to Quitaque is just like going to Heaven."

BUSY BEE CLUB SENDS QUILTS TO ORPHAN HOMES

The Busy Bee Club met May 12 the home of Mrs. W. C. Eddleman with eleven members present and four guests, Mrs. Pierce Hawkins, Mrs. Murray Morrison, Mrs. Harley Eddleman and Mrs. Era Hickerson who was visiting from her home in California.

Mrs. Daisy Bedwell gave an interesting talk on the founder of Mothers Day. Pollyanna friends were revealed, and everyone had a big time.

The hostess served refreshments. The club met May 26 in the home of Mrs. Buddy Morris with seven members present. Mrs. Bill Helms gave an interesting talk on "Kitchen and Household Hints." The group discussed poultry diseases.

The hostess served refreshments of doughnuts, coffee and hot chocolate.

The club recently has made contribution of three quilts to orphans homes, one to the Methodist home at Waco, one to the Buchner home at Dallas and one to the Boles home at Quinland.

Ben Guill Gives His Impression of Congress

Ben Guill, the Panhandle's only Republican representative in the Congress, makes a very interesting report of his reception in Washington. Experts from Mr. Guill's report are as follows:

"Congress took recess on Thursday, May 25, for five days, to allow the Senate to catch up with it. The Senate has been bogged down with the very important business of beating the proposed FEPC legislation and since it is important that the work of both Houses be synchronized, a five-day break was called.

I welcomed the recess because it will allow me to fly back to the Panhandle and confer with the folks back home on the Canadian River Dam. The Panhandle needs the dam and we have to get it as soon as possible. It is important not to make any mistakes at this point. "Another reason for my brief trip home is to interview personally the boys from the Eighteenth District who want to go to West Point. A Congressman has a certain number of appointments to the Naval and Military Academies each year. (I have three for West Point this year.) The Army is very anxious to have the quota filled, and it's important that exactly the right boys be chosen.

The first ten days in Washington were busy. Since the Panhandle had been unrepresented in Washington for six weeks during the election, there was a great deal of back work to catch up on. Then, of course, there are the letters which must go out, besides the routine jobs of a Congressman. I have retained Judge Worley's staff and they are loyal, hard-working girls who have been performing yeoman service in getting the job done. I have also brought Mrs. Lillian Kelley, of Pampa, one of my former students, up as a member of my staff.

This business of being a Congressman can be very complicated. The other day I wanted to stick my oar in during a debate on the floor, so I was advised to use the device of asking permission of the Chair "to strike out the last word." I didn't quite know what that meant, so I looked it up in "Canon's Procedure in the House of Representatives", the Congressman's Bible. It described the process as a "pro forma amendment, not in order as amendment of amendment as it is an amendment in the third degree." I didn't find the definition much help, but the technique did allow me to have my say on the floor of the House.

Incidentally, the House meets in the Capitol, which is about a quarter of a mile from the House Office Building and connected by an underground subway. One day last week there were about five quorum calls at a time when I was conferring in my office on several aspects of the Canadian River Dam so I spent the afternoon on the run, back and forth. I was mighty glad I used to run the mile at West Texas State College. I hadn't realized that a Congressman gets so much exercise in the performance of his duties.

The Senate, incidentally, has a little electric car, which looks like a scenic railway gondola, on which the Senators can travel back and forth from their office building to the Chamber.

I would like to say here that the Texas Delegation of Congressmen has done everything possible to help me. Although I am the only Republican among twenty-one Democrats, they have been cordial and generous with assistance. As one Congressman said: "Party lines don't mean as much up here as people think. After all, we're all Americans and all Texans together and that's the only thing that counts." You will be glad to learn the Texas Congressmen are generally considered to be the most able delegation on Capitol Hill.

AT THE CHURCH OF CHRIST

Tommy Williams will speak Wednesday night, June 7, at the Quitaque Church of Christ. The services begin at 8:15. Bro. Williams is an able Bible teacher. He is now teaching in the Bible school at Kerrville. Everyone is invited to attend.

Feed Stacks Burn At John King Place

Fire at the John King home about 2 o'clock Monday afternoon, completely destroyed four stacks of feed, valued between \$400 and \$500. The Quitaque fire department responded to a call for aid, and with the water in the tank at the farm, and two big tanks hauled out by Doc Thomas, kept the blaze in check, or at least confined to the feed stacks.

The stacks were near the barn, and Mrs. King said when her son Johnny, 9 years old, called her to tell her about the fire, she thought the possibility of saving the barn was slight. So she told the children to let the calves out of the barn, remove what they could, and she jumped into the car to drive up the road for help. Mr. King was in the field a good way from the house, but hurried home when he saw the smoke, thinking his house was afire.

Several neighbors sat up with the Kings until morning to keep watch, and make sure that the fire did not spread in the night.

Mr. and Mrs. King expressed their appreciation to the Quitaque fire department and to all who came to their aid. They are very grateful to each one who helped in any way.

Mrs. King said that young Johnny took the blame for starting the fire. He said he had a match in his pocket that needed striking, and when he dropped it, the blaze spread like lightning. He tried to stamp it out but it spread too quickly, so he summoned his mother. When she jumped into the car and went for help, Johnny took his pet pig and made himself very scarce until the excitement died down.

Mrs. King said something amusing always happens when excitement is so intense, at least amusing later, when the danger is over. She said that she noticed after she returned home from her wild ride for help that she had lost her shoes. Stepped out of them in the deep sand somewhere, and hadn't missed them.

MORNING TRAIN ARRIVES ONE HOUR EARLIER

Overnight passenger train service on FW&DC Railway between Dallas-Fort Worth and the Panhandle and South Plains was speeded up considerably commencing Sunday, May 28th, it was announced today by R. Wright Armstrong, Vice President of the FW&DC at Fort Worth.

The acquisition of new 4250 h. p. Diesel Electric Locomotive to operate between Fort Worth and Amarillo shorten running time of Trains 7 and 8 by one hour 30 minutes between Fort Worth and Amarillo providing a 7:50 AM arrival at the latter city, Armstrong said.

The recently inaugurated service to Lubbock will also benefit with this change, he continued, since the Lubbock cars will be handled behind the diesel power to Childress where they will arrive earlier an dbe handled into Lubbock at 8:45 AM or one hour ten minutes earlier than now.

The schedule locally will not be greatly affected by the change. The morning train, from Childress to Lubbock will arrive at 6:17, about an hour earlier. The night train, going east will arrive at the same time 11:10 p. m.

Mr. and Mrs. Buster Mullin and daughters of Ballinger were here this week visiting relatives and friends.

First 1950 Wheat At Elevator Saturday

This seasons first load of wheat was delivered to the Quitaque Elevator Saturday by Webb Taylor from his place south of town. The wheat tested 60 and was sold to the Elevator at a premium of 2.10. The present market price is 1.95.

About a car and a half of this seasons wheat had been delivered to the elevator up to Wednesday noon most of it testing between 60 and 62. E. W. Tibbets, Tubac, Ariz., Mrs. N. R. Honea, J. T. Persons, Weldon Slayton and Jack Merrell were cutting and delivering their wheat to the elevator. Most of them are estimating the yield around 10 bushels to the acre, which is much better than expected earlier.

By far the best wheat in this area is F. C. Benson's, east of Quitaque. He has 300 acres in wheat which he will begin cutting in a day or two. Mr. Benson is estimating his overall yield between 10 and 15 bu. per acre, but he has some spots in the field which are exceptional for this year. He has 50 acres of irrigated wheat which looks like it will make around 25 bu. or better, and a few small plots where the wheat is heavy and full grained which he judges should yield 40 bu. or better. Some of his dry land wheat is as good as that which was irrigated.

Benson said he planted in October last year, shortly after a late September rain and some of his bottom land which he estimates will bear 15 bu. or better, has received no moisture in 7 months. Benson came to this section about three years ago from the Plains and says that in his opinion the land under the Cap is the better wheat land.

He plants Improved Early Triumph, one of the best milling varieties and all of his wheat which is not contracted for at the Elevator will be sold for seed. He stated that he hoped to have his place certified by next year.

Benson has a good well on his place which will irrigate about 50 acres. He is in the area where several have brought in good yields which they are using this year. S. C. Brown, F. Payne and Ray Cruse have watered their land this year for row crops.

Out at Flomot H. S. Gilbert has six good wells, one running a full 6-inch pipe. Last week he put in a field of alfalfa which he plans to water.

If these determined farmers in our area keep going down far enough and often enough, surely they will eventually find oil or water, either of which will be ok.

VACATION BIBLE SCHOOLS

The Baptist Vacation Bible school opened Saturday with a parade of youngsters on the fire truck, and registration at the church. Attendance has run around 100 and the children are really enjoying it.

The Methodist Vacation Bible school will begin Friday morning, June 2 at 8:30, and all the children in town who wish to attend are invited.

Mr. and Mrs. Joe Bedwell and daughters left the first of the week for a visit with her parents and other relatives at Spearman. Miss Jo Dean will also visit in Pampa with Mr. and Mrs. Pat Cogdill, Jr.

TWISTER DESTROYS BARN AT RUSSELL RANCH HEADQTRS.

The heavy winds of Saturday night caused some damage, and put at the Russell Estate headquarters a 20x60 foot sheet iron building was completely demolished. Mrs. Harry Blair said that she was disturbed in the night and knew that the wind had blown something down, but not until the next morning when she saw how the building had been scattered and twisted did she realize that a small twister must have struck in that area. She said some wind damage also was done at the F-Ranch house where limbs were torn from the big old mulberry trees near the house. This is really a freakish year for the winds.

LaMASTER SAYS HE'S IN CONGRESS RACE TO FINISH

"I just received a call from the Pampa News asking me if there was anything to the rumor that I was dropping out of the congressional race being held in July. This undoubtedly is another of the many rumors which are and will be spread concerning the race. I would like for you and your readers to know that I am definitely staying in the race and feel confident that I will be in the upper bracket.

"I have had lots of encouragement since the last election on the basis of the way the people voted here. I feel with this recommendation from them to the rest of the district it will be instrumental in helping me gain enough votes to come out victorious in July.

"Again I can assure you that I definitely intend to stay in the race, and wish to thank you for helping me straighten this rumor out among your readers."

LEROY LaMASTER

PARTY FOR JUNIORS-SENIORS

Mr. and Mrs. Pierce White entertained the juniors and seniors with a party at their home west of town last Thursday night. The young people played out-door games in the back yard where the Whites have just built a rock wall and out-door grill, and made other attractive improvements. They also enjoyed some indoor games, and refreshments of ice cream and cake. Mrs. Orlin Stark and Mrs. O. R. Stark, jr. helped with the entertainment.

Glynn Grundy came in this week from Beaumont where he taught last year. He will remain for a few days to visit before entering college for a summer session.

WALTER ROGERS GRATEFUL FOR SUPPORT IN ELECTION

May I express my deep thanks and gratitude for the many voters over the District who expressed their confidence in me by their vote in the Special Election of May 6th. I was indeed gratified by the large plurality that I received in my home County where I am daily associated with the people. I tried my best to see as many of the voters over the District as I could personally, but the tremendous size of the District was a handicap considering the short time for that purpose.

May I also express my appreciation to the other candidates for the open and democratic manner in which the entire campaign was conducted.

Although the campaign was a very strenuous one, I have continued to assure my many friends over the Panhandle that "the fight is just begun." I shall never cease in my efforts to have honest, economical Government on a local, self-governing basis without outside interference. I am still the old school Texas Democrat that I have been all of my life, a free citizen and wholly unobligated except to God and Country.

I am still opposed to socialistic trends in Government and in infiltration of our departments and bureaus by communistic elements. We must purge our Government agencies, both high and low, of this infiltration. We, the honest, free-thinking Texas Democrats, can do this without delay, but we must join together in a common cause and stay on the offensive. The true Democratic principles as laid down by Jefferson and his followers must be perpetuated in this District, and the salvation of those principles depends upon the true Democrats rising to the occasion. Idealistic theories of temporary leadership of any party do not change the basic principles upon which the party was founded. The time to fight is now!

I respectfully request the voters of this District to name me Democratic Nominee by a majority vote in the July 22nd primaries, and that the fury of our fight for our freedom be increased ten-fold.

Mrs. Allen is a sister of Mrs. Pierce White, and along with the Pierce Whites, and his parents Mr. and Mrs. H. W. White who are visiting from Georgia, and Mr. and Mrs. Buddy Morris all were dinner guests Sunday in the Ray Persons home.

The engagement of Miss Rosamond Allen was announced at a coffee in the home of her parents Mr. and Mrs. Houston Allen of Pampa. The wedding will be solemnized July 2, in the First Methodist Church of Pampa, when she will become the bride of Chet L. Reeves, son of Mr. and Mrs. Chet Reeves, sr., of Childress.

BOY SCOUT HIKE

On Friday, June 2, all Boy Scouts who have passed their tenderfoot tests will hike to the roadside park and Person's windmill west of town. They will meet at the Higginbotham-Bartlett Co. Lumber yard at 4:00 p. m. Friday, then leave on the hike. On arrival at the park they will start preparing their evening meal. After supper a Scout meeting will be held at the regular time, but by the open campfire at the park.

All Scouts are urged to attend. Jerry Hamilton and Freddie Myer are the first Scouts to pass their tenderfoot tests.

W. O. Jacks was returned Saturday from the Matador hospital and he is getting along very well at his home. Mrs. Inez Shelley of Guntersville, Ala., daughter of Mr. and Mrs. Jacks is here to remain for most of the summer. Also visiting them this week is their son and wife Mr. and Mrs. Don Jacks of Tulsa, Okla.

Five-year-old Sue was "helping" her daddy at his work bench in the basement. Finally he tired of her incessant chatter and questions, and he asked her to be quiet for a while.

"I don't have to be quiet," Sue stated importantly, "I'm a woman."

Mr. and Mrs. Ray Persons accompanied by Mr. and Mrs. H. W. White of Georgia, left this week for a vacation tour and visit with relatives in NM. They went first to Roswell, and will go to Carlsbad, for a tour of the Caverns. Mr. White says he is really enjoying his visit to West Texas, where everyone is trying to make their stay pleasant—but there's too much work at his son, Pierce's home. He says they only finish up to start over. Pierce runs a dairy, where the cows start in making more milk as soon as the bags are emptied.

Mr. and Mrs. H. G. Gardner left last Thursday for a week visit with their daughter and family Mr. and Mrs. Barney Bogan and girls, at Denton.

Mr. and Mrs. W. R. Scott spent the weekend in Pampa with their daughter Mrs. Dee Dodson and family.

Coy and Foy Otts, nephews of Mr.

and Mrs. I. G. Grundy came by Saturday enroute to their homes at Quanah and Portales, from a vacation trip, and brought the Grundy's daughter and granddaughters, Mrs. Dick Witten and girls of Amarillo with them for a visit. Also visiting in the Grundy home Sunday were Mr. and Mrs. Billy Grundy and daughter of

Amarillo and Bud Timmons, a nephew of Blake Timmons, Congressional candidate.

Mr. and Mrs. Ray Dickson and daughter Clara of Mansfield, Ark., visited over the weekend with her sister and family, Mr. and Mrs. A. E. Gragson and boys.

Mrs. Bill Middleton and Mrs. Roy Kerr of Amarillo were here for a short visit last Thursday.

WAYNE HUNTER GETS DEGREE WILL TEACH HERE NEXT YEAR

Wayne Hunter, son of Mr. and Mrs. Horace Hunter of Quitaque is a member of the largest spring graduating class in the history of North Texas State College, Denton, according to information from the president of the college, Dr. W. J. McConnell. He received his bachelor degree at exercises held Sunday night, May 25, when 500 students were graduated. Principal speaker for the graduating exercises was Dr. T. V. Smith of Syracuse University, New York.

The baccalaureate sermon delivered Sunday morning at 11 a. m. was by Canon Curtis W. V. Junker, director of student work at St. Albans Collegiate Chapel, Dallas.

The Hunter family returned to Quitaque the first of the week. Wayne has been elected to the Quitaque school faculty for next year.

Mr. and Mrs. Fred Morrow and family of Willowbrook, Cal., are here visiting in the D. C. Duck home. Mrs. Morrow is a niece of Mr. Duck. Sunday the Duck's daughter and family Mr. and Mrs. Joe King and children of Cactus came down, and with the Joe and Bert Degans and their families from Turkey, an enjoyable family get-together was observed in the home.

QUITAQUE (TEXAS) POST

Tad Persons came in over the weekend to get the family car to move his belongings home from college. He returned to Stephenville where he attends John Tarleton, to take his exams this week and will return Friday. His mother

Mrs. J. T. Persons accompanied him.

Mr. and Mrs. Bill Ebbs came down Tuesday from Plainview and returned home her mother Mrs. George Owens who had spent the week end with them.

To My Friends:

I have moved my office to my new location on Main street, opposite the post office.

Come in and see me at my new location. I will appreciate your visit — and your business.
