

Fire Protection, Autopsy Solutions Sought

Pictured left to right at the clinic open house Sunday afternoon are Mrs. Peggy Lawson, Mrs. Oleta Sandlin and staff employees, Debbie Brusenham, Connie Simpson and Sue Sanders.

by Mary Alice Robbins

A possible interim solution for the problem of rural fire protection was okayed Monday by Lubbock County Commissioners Court—but the autopsy service dilemma appears to have reached another dead-end.

In what County Judge Rod Shaw termed a "stop gap" measure, commissioners agreed to indemnify the City of Lubbock's fire department if it goes past the city limits to fight a fire. The action followed recent demands by the Southern Residents and Land Owners Association that county officials remedy the fire call situation.

Shaw was authorized by commissioners to write a letter to the city council assuring the city that the county will assume its liability for any accidents or injuries involving city firemen on runs made outside Lubbock.

"Even though we haven't arrived at an agreement on the fire call fee, we can relieve the city of any anxiety it has over its potential liability in the event it does make a rural fire call," Shaw said.

However, Commissioner Alton Brazell voiced strong skepticism about this remedy to the rural fire protection dilemma. According to Brazell, what the county really needs to do is "sit down with the city council and negotiate a contract."

Brazell said the city has pointed out its fire department is already stretched "pretty thin" just trying to cover fire calls within the limits of Lubbock. He doesn't believe the issue will be solved until city and county officials settle on the amount of money the city should receive for making rural fire runs.

In other business Monday, commissioners learned that no one appears interested in performing autopsies for the county—including Texas Tech School of Medicine. Shaw told commissioners that Dr. Harry Sprote, head of the pathology department at the med school, turned thumbs down on the idea of his department performing autopsies. Sprote doesn't feel the pathology department has developed to the point where it can take time needed for teaching to conduct autopsies, the judge said.

Shaw also read a letter from Dr. Philip E. Duvall, new president of the Lubbock-Crosby-Garza County Medical Society, noting that no private pathologist in Lubbock is interested in performing the autopsy service on an interim basis until a permanent solution to the problem can be found.

Duvall reminded county officials in his letter that the medical society officially endorsed a medical examiner system for the county in 1974.

According to Shaw, the county paid about \$22,000 for approximately 200 autopsies last year. "All indications in the past are that a medical examiner would cost two-three times that much," he added.

Clinic Open House is Successful

A large number of persons attended open house of the Shallowater Clinic, Inc. Sunday afternoon with over 275 people signing the register.

The clinic opened its doors for patients on Dec. 1 and through Friday, Dec. 10, had received 60 patients for treatment, which proves that the clinic being established here in Shallowater will be of great benefit to everyone in the area, with well qualified doctors and personnel on hand to take care of all clinical

needs, 5 days a week, Monday through Friday, from 9:00 a.m. to 4:00 p.m.

The clinic was decked out in lovely floral arrangements sent from well wishers locally and throughout the area.

Several dignitaries signed the guest book, including Mayor Jack DuLaney, Dr. Glenn Barnett,

vice-president of Texas Tech University and Texas Tech board member, Earl Collins.

The executive directors wives, Mesdames Jack DuLaney, Leroy Grawunder, M.J. Williams, Jay Stanton, Tom Nicholas, Carey Gooch, C.E. Pair, Burnis Penny and Kenneth Shropshire served at the reception table.

Chamber of Commerce Hosts 30 at Breakfast

Shallowater and the surrounding area are very fortunate to have enthusiastic people living here who are interested enough to put forth every effort possible to help Shallowater to grow and to keep it one of the friendliest little towns you will find anywhere.

Around 30 persons gathered at Hutton's Drive-In Friday morning at 7:30 and enjoyed a delicious breakfast with plenty of hot steaming coffee, compliments of the Shallowater Chamber of Commerce which was organized this year.

Following the breakfast, Mark Huckaby gave the invocation and M.J. Williams presided over the meeting and discussion, with several persons talking on various needs in the community that needed to be brought before the group. Special recognition was given to Burnis Penny for the excellent job he did in remodeling the former First State Bank building into the new clinic facilities that held open house Sunday afternoon.

In reference to the new clinic, it is one of the best small clinics to be found anywhere, with all new facilities and is well staffed. Residents need to tell everyone, wherever they go about Shallowater

and the potential it has for new businesses.

Lets all help promote Shallowater. Its one of the finest little cities you will find anywhere. It has one of the best school systems with a great staff of faculty and school board members heading it. We have a fine city council that is in the process of having a 350,000 gallon water storage reservoir erected on the grounds at the water tower, with funds derived from a bond election passed by city voters two years ago. They have also enlarged several water mains within the city that will greatly benefit the consumer in the summer months, especially when water usage is heaviest.

We also have one of the finest and friendliest banks you will find anywhere, manned by friendly personnel, eager to serve the customer, and last but not least, the huge Whites Warehouse, Inc. that stands adjacent to the bank east of town. The businesses we have are too numerous to mention, but all are headed by some of the friendliest people you will find, that are always on hand to help you the customer with all your needs.

Lets all boast of Shallowater, the friendly town with friendly people.

At 4 p.m. Dec. 4, the First Baptist Church in College Station was the setting for a double ring candlelight ceremony, uniting in marriage Miss Karen Marie Gilmer and Prentis B. McGoldrick Jr.

The bride is the daughter of Mr. and Mrs. Art T. Gilmer of 6421 Wilton Drive in Fort Worth and the granddaughter of Mr. and Mrs. John Anglin of Route 2 Lubbock.

Rev. Ron Wells, Director of Texas A&M Baptist Student Union performed the ceremony.

Given in marriage by her father, the lovely bride was adorned in a gown of sheer organza, fashioned with a high ruffled neck and full sleeves. The yoke of English net was patterned with pearls and iridescent beads that gave a cameo effect. Appliques of venice lace detailed the full skirt and framed the empire waist. A ruffle of Brussels lace was caught at the neck, wrist and chapel length train. Her fingertip veil of silk illusion was attached to a Juliet cap of venice lace and pearls. She carried a bouquet of dainty white roses,

Randy Middlebrook was high scorer again with 10 points.

The J.V. Mustangs played Ralls this week. This was the only game for the Mustangs. Their one game this week was a victory. They defeated Ralls 42-34. Steve Menton and Barry Randolph tied for high pointer each making 10 points. Way to go, Mustangs.

Good luck this week with your games. We will all be supporting you.

Winners Announced

by Suzie De Anda

The door winners in the Junior High Christmas door contest were Coach Tubb's homeroom sweeping First place with a nativity scene. In Second place, the NJHS had a shepherd looking at a star over Bethlehem. Last, but not least, Mrs. Hohertz's homeroom placed Third and their scene had a little girl climbing up a Christmas tree. All the Junior High students did a great job on the door decorations and spreading some Christmas cheer.

FHA News

The F.H.A. annual Christmas Party will be held December 16, at the Shallowater Club House. All members are invited and should bring a tree ornament. The ornament should be made out of nature's things as this is going to be a Country Christmas. Dress is casual—like, blue jeans.

Ho-ho-ho

by Gloria Lara

This past week the Student Council had a cute money making project. They had a Mr. and Mrs. Santa Claus where two people could stand and be their own Mr. and Mrs. Claus. Many of the couples from the school enjoyed having their picture made. It was our own student teacher, Mr. Jones, who took the pictures. Everyone who took a picture is looking forward to having them before the Christmas Holidays. Mr. Jones is sure to please us by bringing them over, so let's keep looking for him!

Good Old
Country

by Gloria Lara

It was really a treat last week when the Student Council presented the first assembly of the school year. We want to thank them very much for the assembly. The whole school really seemed to enjoy it, especially some of our good old country boys. The assembly was the Country Western bands from South Plains College. They really knew how to play their music and they sure showed it.

Thank you again Student Council and we hope you can get us some more assemblies.

Senior Spotlight

by Janice Cook

Dwaine Thomas is the son of some very proud parents, Mr. and Mrs. Rayford Thomas. They were proud to announce the birth of their son on July 28, 1959.

Dwaine's favorite subject is Athletics, the reason this is his favorite subject is because he enjoys sports very much and this gives him a chance to be associated with sports.

Dwaine's favorite things are cars and, sports, and he hopes that some day he can carry out his dreams of being a star football player for some college and maybe someday be a Pro.

Dwaine certainly has the qualifications. He had a good season in football this year with the Shallowater Mustangs. He was awarded Honorable Mention All-South Plains Defensive Line-man. Dwaine enjoys weight lifting and can bench press 360 lbs, and he can leg press 750 lbs. There is one thing about Dwaine that I have noticed he has that is very important in achieving goals and that is a great deal of determination and confidence.

Dwaine has another part of life also; he enjoys raising hogs. He has raised a momma sow and four pigs and has done very well with those. He is a active member in the FFA. He loves country and western music.

I asked Dwaine what his feelings were about his senior year and he said "I have more time, and this is my best year in school and I have enjoyed it so much."

Busy Basketball
Week

by Steven Wilson

The Fillies and the Mustangs had a very busy week game wise this past week. Each team played four games a piece. The Fillies played a game Monday and were in a tournament Thursday, Friday, and Saturday. The Mustangs played Monday, Tuesday and lasted only two days in the tournament.

The Fillies lost to Slaton Monday and lost again the opening game of the Idalou Tournament against Idalou. They came back the next day and trounced the Petersburg girls. The win put them in the finals of the consolation bracket. Lorenzo was their opponent in that contest, but they proved to be the better team on that particular Saturday.

The Mustangs suffered a beating at Slaton, but put it out of their mind to come back the next night to win. They beat Ralls in front of a sparse hometown crowd giving them their first win of the season. In the opening game of the Idalou tournament the Mustangs faced the host team. The Mustangs had a good first quarter, but things soon went sour. Things once again shut down and the team lost. The Mustangs led by six most of the way, but it got tight at the end. The Mustangs lost by two in a game that was won and lost in the final seconds. The game proves that the Mustangs can play some ball.

All-District
Team Announced

Dwaine Thomas, Shallowater Senior, was named to the All-District Football Team as Defensive Lineman. Listed on Secondary was Lane Giles, Sophomore. Honorable Mention included Curtis Lester, Linebacker; Andy Blackmon, Linebacker; David Coker, Defensive End; and Billy Glenn, Offensive Back.
