## Farmers Uneasy Over Grain Harvest Prospects

Uneasy farmers in the area began to smile cautiously again Sunday as the sun rose over the horizon with clear skies again after being overcast Saturday with a light mist most of the day.

The grain harvest hasn't peaked yet, due to the cloudy wet weather that has prevailed off and on for the past several weeks. But if clear skies and warm days continue, harvesting of grain should be in full swing real soon.

It has been around 1:00 or 2:00 o'clock in the afternoons before the combines could start cutting

due to the heavy morning dews that have prevailed.

Generally the quality of the grain has been average with a moisture content around 14 and the dryland is yielding around 2500 pounds per acre, which is real good. Grain prices haven't leveled off yet, due to the slow harvest.

In talking with personnel at Shallowater Grain at presstime Tuesday, Sunday afternoon and Monday were their busiest days so far, with a steady flow of trucks coming in to be unloaded both days.

The annual Lions Club Harvest Festival, called the Bicentennial this year in observance of our nations 200th birthday, was termed a whopping success Saturday with a day filled with entertainment for everyone.

The day of activities led off with a parade at 10 a.m. down Clovis Road to the Community Club House, led by Mayor Jack DuLaney and parade Marshall, Big Ed Wilkes of KFYO radio, atop the city's oldest fire truck followed by the "Sweepstakes" Mustang Band.

There were several floats, bicycles, farm equipment and riding clubs, plus beautiful boats, adorned by the lovely queen and princess contestants, that were entered in the Lions Club contest.

The aerobatics shown by Van White of Lubbock was enjoyed by all as he performed his breathtaking stunts. A delicious barbeque, prepared by and served by the members, was held at noon.

A Punt-Pass and Kick contest was held, plus bingo, cake walks and a fish pond, and a huge auction that kept the crowd busy throughout the day.

The members are to be commended for the work they put forth each year to make the festival a success. Proceeds from the festival helps the various groups sponsored by the Lions Club.

We are sorry the Punt-Pass and Kick winners and the winners in the parade were not available for publication.

## Ex-Students Register 100

Around 100 persons registered Friday night when ex-students gathered in the school cafeteria for the 4th annual homecoming festivities.

A real good time of remembering past school days was enjoyed with classes represented from 1926 through 1976, covering ex-grads who now live all over the South Plains area, with some from Fort Worth, Big Spring and Morton.

Three graduates out of the 1929 class of five members were present, with one deceased and the exact address of the other unknown. The three present were

Archie T. Arnold of Shallowater, O.B. Haught and Jimmie Knight, both of Lubbock.

Election of officers for 1977 were elected and include La Von McAuley, president, Juanita Krebs, secretary and Joan Roberts, treasurer. Outgoing officers were Jay Stanton, president, Juanita Krebs, treasurer and Carolyn Stewart, secretary.

Plans are already underway for next year's fifth homecoming event. Lets keep this in mind and make it one of the best.

## Kiss A Baby Week Here

The Kiss A Baby Week Campaign for Cystic Fibrosis will be conducted in Shallowater Sat., Oct. 9th to Sat., Oct. 6th. "The taste of salt on the skin is a symptom of Cystic Fibrosis, the most serious lung-damaging disease."

One of our girl or boy scouts or other workers will be knocking at your door to ask your support for research and care programs which help children suffering from such lung-damaging diseases as Cystic Fibrosis, Chronic Bronchitis and asthma. Lung diseases kill more children than any other disease except cancer.

"Kiss your Baby. If you taste salt on your child, see your doctor. Diagnosis and immediate treatment are vital to his life."

"This week, kiss a baby. Kiss lots of babies. Then kiss your children and your friends'

children. Kiss everyone! You'll love it. So will they. And besides, you'll be helping to keep C/F in check."

# SPORTS

by Joe Kelly

For two years in a row Texas A&M has controlled Texas Tech as though the Aggies owned the Red Raiders. The former tightness of the games between the two has disappeared.

So completely have the Aggies dominated that Tech has managed only two touchdowns and a field goal in the last two games. Meanwhile, the Aggies have used their defense to stymie the Raiders, while rolling up 28 points in 1974 and 38 in 1975.

Now comes the next meeting between the old state school rivals and the Aggie defense still is one of the best. At the same time, Tech's offense hasn't lived up to expectations.

No wonder, then, that Tech supporters fear this battle. If Tech offense is weak and the Aggie defense is strong, it wouldn't take much of an attack to sink the Raiders. And A&M has yet to show much offensive punch in this young season.

\*\*\*\*\*

Before the 1976 lifted the curtain, the Raiders were expected to present the same offensive punch that resulted in an average of 400 yards a game in 1975. The defense was suspect.

Colorado came here to unveil the season and the Raiders scored a remarkably easy triumph. Still, the offense didn't dominate. Instead, it was the defense that drew praise. The Raider offense was in hiding.

The best thing that could be said about Tech's offense is that, against Colorado, it was able to capitalize. It took advantage of Buffalo turnovers to punch short distances for touchdowns. That, basically, is the sign of a good football team.

Then came the two-week hiatus before New Mexico. Everyone expected the offense to put it all together and really blow the Lobos out of the stadium, especially with the extra time.

Instead, the Raiders managed to defeat any such effort with stupid, yes, stupid penalties. They stymied Tech efforts and interrupted any real continuity to move the ball.

Twice Tech had good drives and lacked the offensive sting to score. The Raiders twice had to settle for field goals instead of touchdowns, which might well have fueled an impressive victory. Six points in lieu of 14, doesn't fall in the strong offensive category.

Now the Raiders have had two weeks to prepare for the Aggies, who have a 3-1 record. The Aggies have turned the ball over to the offense with defensive strength and the offense has been good enough to win.

The Raiders will have to show more intensity on offense, more striking power, better blocking, than they have so far if they are to win. Heaven knows that, with two weeks to get ready, they ought to have straightened out their problems.

\*\*\*\*\*

The baseball races dropped the curtain for 1976 with Sunday's games and now the divisional playoffs loom, followed by the World Series. There's still a lot of baseball left.

In fact, the best is yet to come, with the Yankees playing Kansas City and the Reds meeting Philadelphia. I haven't changed my mind, with all due respects to Ralph Carpenter, and I look for the Royals to face the Reds in the World Series.

Kansas City backed into the West division title and who cares? The Yankees used to back into titles and look what they did in the world series.

The Phillies all but backed into their crown, while the Yanks were less than impressive in the final two weeks. Only Cincinnati looked like the championship club it is. The Reds won over 100 games this season and that's no mean achievement.

\*\*\*\*\*

The way the courts are ruling against both the owners and management of pro sports, it won't be long until the players control both the front office and the field.

It's typical of what is happening in this nation today. Somehow or other, it's become unfair for an owner, or a group of men, to stick their heads out and then to protect their investments by having rules and regulations.

It would be interesting to see what would happen if Charles Finley of Oakland and others suddenly threw up their hands and said, in effect, okay, let someone else have the headaches.

Faced with such a maneuver, players probably would start saying oh, no, he can't do that, we'd be out of work. And, if they took over management, they'd soon find that conditions were totally unlike what they thought.

The players, as I've said before, have been getting some bad advice. Instead of trust, they've turned their business affairs over to attorneys and other representatives.

As a result, they've lost in the long run. The players have gotten exulted opinions of their worth and, when they couldn't deliver, have been bewildered and confused. The best athletes are the hungry ones—and few players today have to be hungry. It's all rather sad and has hurt pro sports.

## HORSE TALES

### Bonfire a Success

The classes were competitive in gathering wood for the Homecoming Bonfire. The seniors nosed out the juniors for first place in collecting wood. The juniors took first in determination and Mustang Power, while the sophomores showed the most enthusiasm and school spirit. Townspeople, students, pep squad and cheerleaders, band and twirlers, and Mustang Varsity looked on as the torch started the flames for a victory on Friday night.

### DECA Student

by Claudett Lamb

Joe Bilbrey is this week's DECA representative. He is a junior at Shallowater. Joe works at United Supermarket sacking and carrying out groceries. He feels this job is good for teaching him how to get along with people and he enjoys the money and the hours that he works, but he doesn't plan to continue in this line of work after he graduates. Joe says that sacking isn't as easy as it seems; he had to spend several hours learning how to sack the groceries right and be able to get the most amount in the sack without crushing anything.

When asked about his feelings on the worth of DECA, Joe told us that this class was very good for several reasons. It teaches you how to get along with others and how to get along with yourself. DECA teaches you the art of working around people and how to control the business from your point of work. In addition, DECA provides you with the experience you need after you graduate to go out into the business world and survive.

### Mustangs Fall To Farwell

by Steven Wilson

For the first time this season Shallowater failed to score and the result was a loss to Farwell. Farwell not only scored, but they scored well, racking up 41 points. The loss dropped the Mustangs' record to one win, four losses.

Farwell scored in all quarters with the second and third quarters being their biggest with two touchdowns in each. Farwell's first touchdown came on a lucky pass play which started the breaks falling their way. In the first quarter Shallowater played well holding Farwell to just 6 points and almost scoring themselves. From the second quarter on the game was all Farwell, as they cashed in on Mustang turnovers.

The players gave it what they had, but with all the breaks going the other way it is rather hard to come out on top. This Friday the Mustangs play at Frenship against a very tough team. If the breaks do not go totally against us look for Shallowater to come out on top.

### Six Weeks Zoom By

by Alison Terry

The first six weeks of school zipped right along! Freshman have just begun to fit into the groove of high school. Sophomores are enjoying the second year at SHS. Juniors anticipate the junior play in order to raise funds for the Jr.-Sr. Prom. Seniors have only one thought in their mind and that, of course, is GRADUATION!

One sixth of another school year is gone and done with. Report cards will tell the story of what those six weeks produced academically. A 1-4 football record; class elections; club activities; a bonfire; a homecoming queen; and other things tell the rest.

### Hall of Fame

by Steven Wilson

Harold Hance and Tim Reep are the two players featured in this week's article. The two are juniors and both of them play both offense and defense.

Harold Hance, wearing number 66, stands 5 feet 9 inches tall and weighs 180 pounds. He plays on offense and has also been seeing action on defense, in the guard position and outside linebacker position, respectively. Harold is a player that does not quit and he will always give 110 per cent, that little bit extra. He sticks to his job and will not leave it.

Tim Reep is the biggest player in the Mustang line-up and a player to be dealt with. He stands 6 feet 1 inch and weighs in a 260 pounds. Tim has missed action, in the last few weeks, due to a broken bone in his hand. He is ready to get back in action and has been working out with the team. Tim wears number 70 and plays tackle both ways. Tim should see action again soon.

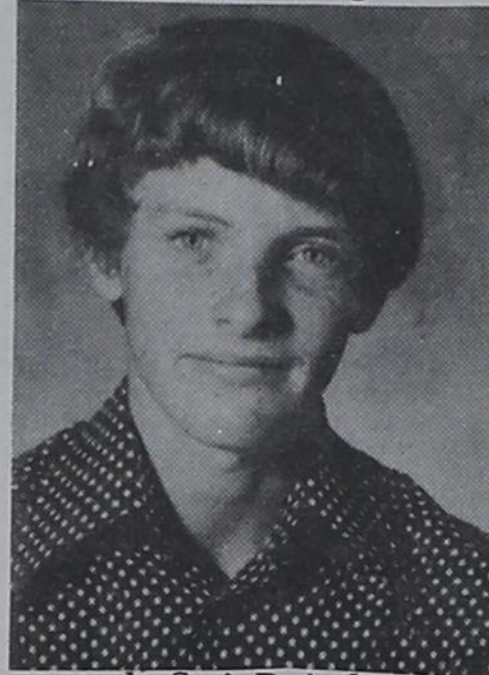

### Ponies Corralled Steers

by Gloria Lara

The 8th grade Ponies corralled the Steers Tuesday night for a winning score of 32-0. The boys played hard and mighty against the Steers. They proved to be in shape and they showed it when Joe Caballero, Marcus Lara, Willie Johnson, and Ronnie Rosas went in for touchdowns. As the boys scored they had plenty of support from the fans which kept them running and playing for a Pony victory. They accomplished what they set their goal to be and that is that makes them true winners.

This week they will be going against the Frenship Tigers. They have set a goal and that is TO WIN. So let's go out and support them. Good Luck Ponies.

### Parade of Bands

by Alison Terry

With a day out of school to attend the fair, homecoming festivities, the Harvest Festival, and COLD weather, who could keep their mind on street marching?

Last Monday, the 27th of September, the Mustang Band pranced down Broadway in the Panhandle South Plains Fair "Parade of Bands." Although most gave their all, the entire band just wasn't able to "put it all together" for a place in the top four bands of the fair parade.

We're still proud of the band from Mustang Country and are looking forward to a fine performance at marching contest Nov. 2nd. The contest will be held at Jones Stadium in Lubbock.

Support the Mighty Mustang Band!

### Judy Waller Is Queen

by Claudett Lamb

The homecoming queen was chosen by the student body from a list of senior girls given to them. This year they didn't choose a girl from each class to form her court. There were three girls chosen to run; the 1976-77 candidates were: Judy Waller, Robbi Mauldin, and Kim Myers. These three girls were again voted on to see who the queen would be.

This wasn't announced until last Friday at the half time presentation. Judy Waller was crowned as Homecoming Queen. It came as quite a shock to her and was a very happy moment, also. She very much appreciated the students choosing her to be their Queen.

### Thanks

The Annual Staff wishes to thank everyone who bought a mum for the Homecoming Game. A total of \$150.00 was collected for the sale of mums. Your continued support will enable us to produce a bigger and better yearbook for 1977.
