Valley Manages Only One Win At Motley County Tuesday Night

periods, Motley was ahead 29-20 and at the final buzzer it was "TRIPLE L" CLUB and at the final buzzer it was 38-28. Johnny Cotten scored seven points to lead the Patriots. Mike Rice was next with six points; Randy Clay hit for four points; Shane Parsley, Bruce Setliff, Monty Beavers, Jimmy Lacy, Claude Brittain and Dee Dowd each scored two points and Brum Pinkerton scored one point Dennis Parsley. Everyone sixty years of age and

and still held a 28-20 margin at halftime. The Motley girls came out smokin' to start the second half of play and tied the count at 11 as the third period ended, then went on to score another 21 points in the final quarter while the visitors were only able to manage over the second printing on the second printing of the second printing on the second printing of the in the final quarter while the visitors were only able to manage four points. Tuesday night's game left the Valley girls with one victory and two losses for the new season, having split a pair with Jayton, winning there and losing at home. Sherice Price tallied 28 points against the Matadors, with Joanie Turner getting eight points, Paula Lipscomb, seven, and Laura Fuston, two.

The Valley varsity boys dropped their first game of the season to the Matadors, a close one, 50-45, in which the Patriots outgunned the Matadors from the field but lost at the free throw line. Valley made five of only nine free throw opportunities. Motley made 20 of 29 free shots awarded. The Patriots out-rebounded the Matadors 41-30. In assessing the play of the Patriots, Coach Bob Dvorak his team was a bit ragged in spots and that they made mistakes but he added that it was the first game of the season and most of the mistakes he spotted can be

Kenny Chandler scored 14 points to lead the Patriot shooters. Jon Davidson hit 10 points; Darrell Dowd chipped in with eight points Jesse Ferguson and Larry Curr each scored four points, Kirk Proc for, three, and Greg Ramsey hit a free shot. Don Douglas (whom the coach said did some good re-bounding), Jeff Crump, Rod Car-penter, Dane Cheatham and Terry

The Valley varsity boys and girls are entered in the Estelline of the Turkey-Quitaque Schools, Mr. Eudy taught in the Turkey

The Valley High varsity boys and girls baskethall teams drove to Motley County Tuesday night for a four-game match with the Motley County Matadors and Valley managed to salvage only one win of the four games played. The JV girls, in the first game of the evening, trimmed the Motley JV girls 38-30.

The Valley JV girls were sparked to their win by Jendy Turner with an 18 point output. Jennie Clay chipped in with 12 points, Mary McNary hit five points, Laura Fuston scored two points, Jacqueline Reed scored one point.

HEW Rules Could Padlock Lockney Hospital Sissue to the fact that "the program failed to do the job that

According to Lockney General driving conditions for 10 per cent ospital administrator Gayle Fortorior more of the population provides Hospital administrator Gayle Fortenberry, there is a strong possibility that the local hospital could be closed if guidelines proposed by the U. S. Department of Health and Welfare are imple-mented. The hospital administ-rator warned of the possible shutdown at the Lockney Rotary Club meeting Friday.

Said Mrs. Fortenberry: "Enough people have voiced their opinion so loudly about the spiraling heal-th care costs that DHEW has decided the nation needs a Cost Containment Act. Under this guide they are proposing federal re-gulations regarding State Medical Facilities Plans and National Health Planning Policy Guidelines

"The proposed guidelines will require hospitals to have an occupancy rate of at least 80 per cent overall (Lower average ahnual occupancy rates are often required by small hospitals to maintain empty beds to accomodate normal fluctuation of admissions. normal fluctuation of admissions. In rural areas with significant -small hospitals--fewer than 4,000 admissions per year--an average occupancy rate of less than 80 cent may be justified.)

"Also a hospital must have, in order to maintain obstetrics ser-vices, a minimum of 500 deliveries per year (2,000 in or near cities over 100,000). Hospitals will be required to comply with special restrictions on open heart surgery. cancer therapy, renal dialysis and cardiac diagnostic procedures. In addition, there are geographic restrictions on services that are available to a community within 45 minutes travel time, such as (1) rural areas in which a major-ity of the residents would otherty of the residents would otherwise be more than a 45-minute automobile travel time from a hospital, a bed population ratio of greater than 4 per 1000 persons may be justified; (2) a travel time to obstetrical services in excess of 45 minutes under normal

basis for exception to the 500 minimum and annual deliveries

in sparsely populated areas.
"A part of the stated purpose of these proposed guidelines is to reduce health care cost while improving the care of patients, yet no consideration has been given to the medical needs of the com-

"DHEW will establish ceilings which will deny services to people within their own home area by denying admissions to one in four patients.

"Texas currently has 5.3 hospit-al beds per 1,000 population ac-cording to the State Medical Fac-

cording to the state Medical Fac-lities Plans and within five years they plan to reduce the standard to 3.7 beds per 1,000 population." Mrs. Fortenberry said the hospi-tal sent a letter Wednesday to the President of the South Plains Health Systems Agency, and con-Health Systems Agency, and copies went to the governor, state and U. S. senators and congressmen, DHEW officials, and Texas Department of Public Health officials. Names and addresses of those officials follow:

Weather Modification Vote Fails In Hale County

Near record numbers of Hale County voters braved bitter northby a slim majority, apparently ended weather modification activities over the High Plains.

On the weather modification question, 1416 voters approved the program while 1732 were against with the project being defeated by 55 percent of the voters. Within the proposed 1978 target area, which included all of Hale County after the proposed 1978 target area, which included all of Hale County mediate Plainview area."

County voters braved bitter northerly winds Tuesday of last week to journey to the polls where they, ballots cast in favor of the project and 1517 against.

> le County Citizens for Natural weather, chief opponent of the program, said, "We are elated, happy and proud of how the election turned out, although we are little surprised by the support we received in Plainview and the immediate Plainview area."
>
> Countywide, the weather modification issue failed in nine of 16 between the close to countywide, the weather modification in the countywide, the weather modification is the close to countywide in the le County Citizens for Natural We-

it was meant to do. Much of the support to end weather modification came from people who suf-fered hail damage during during the last seven years. I just want to thank the people of Hale Cou-nty for coming out in our sup-

On the other hand, a spokesman for Plains Weather Improvement Association of Plainview said, "We are disappointed that the cou-nty didn't vote overwhelmingly in favor of the program, but we are not bitter. I guess we just did a poor job of educating the peop-le of Hale County on the bene-fits of weather modification and hall suppression." hail suppression."

He said that PWIA officials will decide whether to continue to pur-sue a 1978 permit at their next meeting. "When you take the entire proposed 1978 target area into account, the vote is really a toss-up."

The proposed target area, in addition to most of Hale County, includes portions of Floyd, Castro, Lamb and Swisher counties. In elections last summer, a majority of those precincts approved the Dan Thompson, president of Ha- continuation of weather modificat-

It's Tim's move, and he is taking a long time thinking it over. In chess, if you're

Strategy

a good player, you don't play quickly. If you do, your opponent may outwit you.

Military strategy, they say, is based on the rules of chess. So are many of the "higher games" in business and finance. Yet, when it comes to life itself, the rules of chess apply in only a limited way. In life, you can't be totally objective. You can't exist on logic

The Church teaches that though we surely need logic in order to live successfully, also need compassion, tolerance, love, understanding, and the strength that comes with faith.

Although life is not a game, we must have the help and strength of the Church to discover those rules that will determine our ultimate destiny.
