Mayfield Named Head Coach, Athletic Director at WTSU

Gene Mayfield, who went from outstanding quarterback at West Texas State University to greater distinction as a Texas high school coach, was named director of athletics and head football coach at his alma mater last week.

Dr. James P. Cornette, university president, made the announcement at a news conference.

"His period of initial employment extends through December 31, 1975, at an annual salary of \$25,000," Dr. Cornette said.

Mayfield, 43, succeeds Joe Kerbel, 49, who along with his six assistant coaches, resigned Monday of last week after the university's Board of Regents decided their contracts would not be renewed after the present contractual period.

The president said the new coach would appoint his own assistants.

Mayfield, coach at Odessa Permian the last six years, "accepted our invitation extended Tuesday to become the director of athletics and head football coach as soon as convenient with him and the Odessa school system," Dr. Cornette said.

"Both personally and officially I am very happy that Gene and his family are 'coming home' to West Texas State. He is one of the finest men I know and his coaching ability shows from the record," the president added.

Mayfield was graduated by West Texas State with a Bachelor of Science Degree in 1951 and received a Master of Education Degree from the university seven years later.

His wife, the former Mary Jean Hoover, also is a graduate of West Texas State.

Mayfield becomes the 16th head coach since the university hired its first football mentor in 1910 shortly after opening its doors as West Texas State Normal College.

His 17-year head coaching career at three high schools began in 1954 at Littlefield. In four seasons, his teams won 32 and lost 12, with five of the defeats coming in 1955, his second year in coaching.

He moved to Class AAAA Borger High in 1958 and in seven years his teams posted a 62-13 record and never lost more than two games a season.

The Bulldogs had a 13-1 mark in 1962 with the lone setback coming in the state championship game with San Antonio Brackenridge. The 1963, 1960 and 1961 teams lost in bi-district play and finished with 9-2 records.

After an 8-2 mark in his final season at Borger, he took his first Odessa Permian team to the state Class AAAA title in 1965. Permian won 13 of 14 games.

In 1968 and again this past season, Permian advanced to the state championship game only to lose to Austin Reagan on both occasions. Last fall Permian was 14-1 and won 11-4 in 1968.

Odessa won 72 of 82 games in six years under Mayfield and his 17-year record is 166 victories and 35 defeats.

Mayfield enrolled at West Texas State in 1945 and was an end on

Coach W. A. (Gus) Miller's wartime team that won two and lost six.

He went into military service the next September and served in Korea and Japan until March 15, 1948.

He returned to West Texas State that fall and was a forward passing understudy to Cloyce Box, who later became a great pass receiver for the Detroit Lions of the National Football League and now is chairman of the university's Board of Regents.

During his sophomore year under the late Coach Frank Kimbrough, the Buffaloes were 6-5.

In 1949 when the Buffs were 5-4, Mayfield passed for 755 yards and 10 touchdowns. His 54% completion average, coming on 54 receptions in 100 attempts, is one of the highest of records at West Texas State. That year he threw only three interceptions and it is the lowest total of any Buffalo passer attempting 100 or more passes a season.

Mayfield also was the fourth leading rusher in 1949, gaining 174 yards on 70 carries.

His senior year found him setting passing records that stood until the late Hank Washington started breaking them in 1965.

In 1950, Mayfield passed 153 times, completed 78 for 1,359 yards and 11 touchdowns. He had nine interceptions. He also rushed for 207 yards, giving him a total offense of 1,566 yards.

The Buffaloes climaxed a 9-1 season in 1950 by defeating Cincinnati 14-13 in the Sun Bowl at El Paso. It was West Texas State's first post-season bowl appearance and Mayfield threw a 69-yard pass to Bill Cross for the winning touchdown.

Although the records are incomplete, Mayfield is listed as the fourth best passer in West Texas State history with 2,114 yards on 132 completions.

After graduation, Mayfield stayed at the university as a graduate assistant coach in 1951 and the next year he was named backfield coach by Kimbrough. Mayfield went to Littlefield as an assistant coach in 1953.

Mayfield was born at Quitaque on January 31, 1928, and is the son of Mr. and Mrs. J. A. Mayfield, who still live at Quitaque.

He and his wife have three children: Rhonne Elaine, 19; Steven Gene, 15, and Stan Lane, 10.

Mayfield is not the first coach to jump from a high school position directly to a major college head coaching job. Notably among those making a successful transition were Paul Brown and the late Blair Cherry.

FEDERAL LAND BANK REDUCES INTEREST BILLING RATE

Jake B. Watson, manager of the Federal Land Bank Association of Floyddada, received word recently that the Federal Land Bank of Houston has reduced the interest billing rate on variable rate loans to 8%. "This reduction affects more than 90 million dollars of variable rate loans to more than 2800 farmers and ranchers throughout Texas," Watson stated.

The variable rate loan plan which was introduced by the Houston Bank in July 1969 lets the interest rate "float" over the variations in the money market. In large measure, therefore, the rate in any specific year will reflect the changes in prices which the Bank must pay for the money it makes available for farm mortgage loans. Mr. Watson pointed out that this action is in line with the Bank's policy in providing farmers and ranchers credit at the lowest possible cost consistent with sound business practices.

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch lands throughout Texas. On January 1 of this year, the Bank had over \$529 million in volume of loans outstanding.

The local association makes and services loans in Floyddada, Motley, Briscoe and Hall counties. Members of the board of directors are Raymond Rucker of Lockney; Tate Jones and Menard Field, Floyddada; John Irwin and Edgar Lee, Matador; Carroll Garrison, Silverton; and Leon Lane, Turkey.

Basketball for the District 4-B girls is over for this season.

The Hedley Owlettes defeated the Quitaque Pantherettes 34-27 for the district tournament championship last Friday night but since the Lakeview Eaglettes were round robin champions a playoff game was necessary and Lakeview won that game Saturday night for the district championship. Then on Tuesday night of this week Lakeview lost to Lefors in bi-district play.

The district tournament started Thursday night of last week and the opening night saw a pair of upsets as Hedley won over the Turkey Turkettes and Quitaque took a 48-47 victory over the Lakeview Eaglettes.

The Turkey-Hedley game was a close one for three quarters, with Turkey leading 8-7 at the end of the first period and the Owlettes 21-20 at half-time Hedley was ahead 32-30 going in to the final period and out scored the Turkettes 19-8 in the last quarter to win 50-38.

Debbie Lane scored 23 points for Turkey for scoring honors.

The Pantherettes played a real fine game against the Eaglettes and were ahead most of the way. The

Quitaque crew had a 7 point lead going in to the fourth period and had to battle a strong finish by the Eaglettes to preserve the win.

Friday night the Turkettes won a 59-43 victory over Lakeview in the first game of the evening.

The game was close the first period it the Turkettes owning a 11-8 margin at the first rest stop. The Turkettes increased the lead to 16-8 but then the Eaglettes gradually started coming on and tied the score at 20-20. Turkey then started to pull away again and the Lakeview coach then pulled his starters and from then on it was no contest. Turkey led by 14 at half-time. At the three-quarter mark Turkey led 55-25. Before the game was over the Turkettes had lost all six starters. Debbie Lane led the Turkettes in scoring with 25 points although she fouled out early in the third quarter.

In the Quitaque-Hedley game, it was a bit of the same old story for the Pantherettes as they had trouble finding the scoring range for the first two periods and fell too far behind to catch up. The Pantherettes managed to score only 3 points in each of the first two quarters and trailed 17-6 at the halfway point. Quitaque outscored Hedley during the second half but couldn't pull the game out. Wanda Ramsey scored 12 points for high honors for the Pantherettes.

National FFA WEEK February 20-27
involved in America's future

The Texas Association of Future Farmers of America is composed of over 450,000 members with 9,000 chapters in 50 states. During the week of February 21-28, these boys will be celebrating National FFA Week during which time chapters throughout the state will be publicizing and explaining FFA work.

The FFA was organized on a national level during 1928 and in Texas in 1929. It was born of a great need—to assist deserving students to become established in their farming projects, to promote and stimulate agriculture leadership, to develop public interest in vocational agriculture, and to provide prizes and awards for students achieving distinction in various phases of agriculture.

FFA members, through active participation in chapter activities, also learn how to conduct and take part in public meetings, how to speak in public, how to solve their own problems, and how to assume civic responsibilities. The foundation upon which the FFA organization is built includes the development of agriculture leadership, citizenship and cooperation.

The FFA is a non-profit, non-political farm youth organization with voluntary membership. It constitutes one of the most efficient agricultural teaching devices that has been discovered up to the present time. It is 100% American in its outlook, has no outside

Area Business Review

FRIENDLY HOSTESS — Nickie Patrick, who with her husband, Earle Patrick, own and operate the Sportsman Restaurant, is pictured as she draws coffee during a coffee break at the restaurant. Starting

her career as a high school girl of 13, Nickie is thoroughly familiar with the ins and outs of restaurant management, and has a special knack of making diners feel at home.

A nice restaurant is an important asset to any community, and with more and more housewives holding full or part time jobs, they are becoming more important every year.

Restaurant management isn't a skill that is acquired overnight, but from experience in preparing food and serving the public, plus an instinctive knack for making diners

feel comfortable and at home.

Nickie Patrick (Mrs. Earle Patrick), who with her husband operates the Sportsman Restaurant in Quitaque, isn't new to the public food service business. She began her career as a high school student in Lubbock. She came to Quitaque in 1955 to run Nickie's Dog Stand on the east side of town, opposite from where she now operates the Sportsman Restaurant.

The Sportsman is a credit to Quitaque, offering complete restaurant and banquet facilities. Their large private dining room offers comfortable seating and table space for parties, social and civic groups. And pretty often, Nickie pointed out, you'll find ranchers feeding their crews in the dining room.

Nickie is married to Earle Patrick and they have three children, Bruce, Dave and Bena, all of whom participate in operation of the restaurant. Earle divides his attention between the restaurant and his farm north of Quitaque.

The rest of the crew at the Sportsman Restaurant reflect the same friendly hospitality of the owners. Thelma King, Christene Brummett and Susan Clary, who complete the staff at the restaurant, are well trained and ever-willing to make every effort to see that patrons are served promptly and efficiently.

All of which will explain why, whether its coffee break time or lunch time, you'll find The Sportsman crowded with local diners as well as traveling people who have learned of the fine food and service at the Sportsman.

When you want your next meal to be a great adventure in good food and fine service, remember the full menu — steaks, Mexican food, fish and chicken — plus of course the usual assortment of sandwiches. Go there and you're in for a real treat

A SPECIAL SKILL — A skill at serving patrons and a sincere regard for their comfort is being illustrated here for the camera by Susan Clary, local high school student who works part time at the Sportsman Restaurant in Quitaque.

Weekly Schedule of Meetings

SUNDAY: 8:00 P. M.

If ever a man's job became obsolete, it was this fellow's. And what a job it was. He learned everything first, then imparted the news to others. If he had a good memory, he was usually the best informed man in town. Who else read every release and then shouted it all over town? He also was the principal advertising medium for the tradespeople and shopkeepers. He announced their products, services and special sales.

And in most communities the town crier reminded men of the approach of the Sabbath, urging them to be present for worship at the appointed hour in the churches of the community.

The newspaper made the town crier a has-been. It has taken over all his functions and performed them more efficiently. That includes reminding men of the day of worship, and, through advertisements such as this, urging us to worship.

You see one thing hasn't changed. Man's need for God!

Shirttail Sermon

A PREACHER'S CONVERSION
Matthew 18:3
Except ye be converted . . . ye shall not enter into the kingdom of heaven.

A man once asked his rather liberal pastor to preach on the text, "Except ye be converted . . . ye shall not enter into the kingdom of heaven." The preacher readily consented. He thought, how will I divide the sermon into various points? He finally decided on the following outline: What? How? When? and Where? "Well," he said to himself, "conversion must be the turning of the heart to God." And so he elaborated on that point. Then he came to conversion—how? A little perplexed, he thought, how was I converted? Truthfully, he didn't know. He came to the next point: Conversion—When? One may be converted as a child, as a youth, or may be saved in mature years. Then the thought came, "was I saved when I was a youth? No, I'm sure I was not, for I was far away from God and out in the world. Was I converted when I came to more mature years? I really do not re-

call. Suddenly the Holy Spirit drove home the shaft of conviction with tremendous power. "Here I am preaching to other people," he said, "and I don't know when, where, or how I myself was brought to the Lord. In fact, I guess I've never been converted at all!" The young pastor got down on his knees, and told the Lord Jesus that he would trust Him and receive Him as a Savior. That was the beginning of a new life for him and the start of a revitalized ministry!

Dear Reader, have you had a definite salvation experience? Remember, except ye be converted, "ye shall all likewise perish" (Luke 13:3).

ENVIRONMENTAL CONCERNS LISTED IN SOIL AND WATER CONSERVATION

According to Kenneth Grant, administrator of the Soil Conservation Service, there has never been a more significant year in the fields of water planning, use and management. Public concern about the entire environment is at high tide. Some aspect of this new awareness unites the businessman, farmer, sportsman, suburbanite and the college student.

There is growing concern about solid waste disposal, the use of pesticides, automobile and indus-

trial plant emissions and waterways as diverse as Lake Erie and one's neighborhood stream. Newspapers, television programs, car-pool conversations—every facet of formal and informal communication in our complex society this to describe, in shrill or scholarly tones, the present condition of man's habitat.

How well equipped are we to

face this new era of exploding concern for the environment—concern not by an elite group but by a majority of our citizens?

The Soil Conservation Service is trying in all new projects to answer the question "what is best for the overall public interest?"

Let us all work together to make our common environment a high quality one.

She returned home from Houston on Saturday, following open heart surgery ten days before, and had to go into the hospital in Plainview Monday night. She spent all of last week in the hospital. The doctor says this pain follows heart surgery and he was not alarmed about it, but wanted to keep her for comfort for her. She returned home Monday evening and according to her husband Wednesday morning, she was up and feeling pretty good.

CROSSWALK ENTERTAINS AT MASONIC NIGHT
Crosswalk provided the enter-

tainment for the annual Masonic Night at which members of the Eastern Star Chapter entertain members of the Masonic Lodge and their families, on Monday night of this week in Silverton.

The invocation was given by Rev. James Futch, pastor of the United Methodist Church, following a supper of fried chicken, salads and pie. The welcome was extended by Worthy Patron Homer Stephens. The meeting was presided over by Worthy Matron Elaine Forbes.

Crosswalk opened its program with a number the band members wrote at the Ham home on the night of the Quitaque Bank Robbery. Brit Parker, who announced the number, explained, "While Max's daddy was locked in the vault, we were writing this song. We call it the 'burglary song'."

Members of Crosswalk are Scotty Stark, who sings, plays second guitar and bass; Terry Yancey, lead singer and tambourine; Ricky Hester, lead and backup guitar; Max Ham, drums, and Brit Parker, electric bass and lead guitar.

THE VALLEY TRIBUNE — THURSDAY, FEBRUARY 18, 1971

Crosswalk is a year old this month. Scotty has been playing guitar a little more than a year, and Max has been playing drums about a year. Terry has been singing for several years, having sung with pop groups before joining Crosswalk. Ricky has played guitar ever since he was big enough to pick one up. He and Brit have played together for about three years. Brit has played the 6-string guitar five years, and has been playing the bass for seven months.

The original members of Crosswalk were Scotty, Max and Ricky. They had played together for only a week when they were joined by Brit. Terry has been with the group for about four months. Crosswalk has its own light show, and is currently looking for an organist.

Following the musical program, a reading, "St. Peter At The Gate," was given by Associate Matron Mary Ann Sarchet.

Among the guests in attendance were Bill and Bessie Sauls and Ruby Hamilton, all of Quitaque.
