POSTMASTER EXPLAINS RATE INCREASE PROPOSAL

An "inherited" postal deficit of \$1.2 billion is responsible for the proposals to raise the postage bill for residents of Quitaque, Post-

master Jarrell Rice said today. Jarrell said he had been advised by Postmaster General Winton M. Blount in Washington, D. C. that the record \$1.2 billion 1970 deficit compelled President Nixon

to seek postage rate increases. Without higher rates the Department will be left with a staggering deficit that would become an added public tax burden.

In addition to increasing letter mail from six to seven cents, as proposed by the Johnson Administration, President Nixon also asked that second and third-class mailers help reduce the large postal deficit which would otherwise be paid by taxpayers, the Postmaster said.

For bulk third-class mail and most magazines and newspapers, the rates would be increased 16 to 20 percent above today's levels, he noted. These percentages include rate hikes already scheduled by previous action of Congress.

The President's recommended increases will reduce the 1970 postal deficit by more than \$60 million.

The Postmaster listed these other details on the proposed increases:

First-class mail: Letters and post cards would be increased one cent, to seven cents an ounce and six cents a piece, respectively, on July 1, 1969. Airmail postage would remain at ten cents. This would yield \$557.2 million in new revenues.

Second-class mail: A handling charge of 3/10 of a cent per piece for circulation outside home counties would become effective July 1, 1969. This would yield \$15.3 million annually and would represent a 12 percent increase in addition to the eight percent rise scheduled to take effect January 1, 1970.

Third-class mail: For single pieces, rates would be increased one cent per piece. This would yield \$12.4 million. For regular bulk third-class, the minimum would be increased to a uniform rate of 4.2 cents January 1, 1970, as contrasted with the present rate of 3.6 cents. The 1970 increase would lift revenues by \$46.8 million annually.

Billy Joe Pinkerton spent the weekend fishing at Lake Brownwood.

Mrs. Jim Majors and Mrs. W. A. Majors spent Tuesday in Paducah.

Mr. and Mrs. Albert Christian accompanied Mr. and Mrs. Glenn Christian of Memphis to Amarillo Saturday. The Albert Christians visited the Jack Christians, the Larry Christians, and the Mack Christians. The Glenn Christians drove to Dumas to visit her parents, Mr. and Mrs. Bill Srygley.

Mr. and Mrs. Arville Setliff and family, and Mr. and Mrs. J. R. Adamson and Rex were in Austin the past weekend to attend the state tennis tournament, along with Mr. Denton, and Dennis and the champs, Rod Setliff and Rod Adamson.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER FIVE ON THE BALLOT (SJR8)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

(3) Needy blind persons;

(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year.

"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for those purposes.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition:

"The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy disabled, and the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

Shirttail Sermon

"How can a person feel closer to God?" is a question that is often asked. The person who has just found God and Christ asks it but it is also asked by many who have been believers in God and followers of Christ for several years.

In order to answer this question we must realize that God is real, an actual Being. He loves people, hates sin, desires certain things, feels loneliness, feels sorrow just as any other being. When we have realized and accepted these facts about God we then understand that we are a lot like Him.

If we want to feel closer to anyone, we must communicate with that person. This is true of God. We must greet Him every day just as we greet our other acquaintances. It need not be a long conver-

sation: just a cheerful "Good Morning" is sufficient at first.

As we become more familiar with Him and feel more at ease in His Presence, we can talk with Him more freely. We can discuss our daily work with all its ups and downs much as we do with our next door neighbor or fellow worker.

One mistake that too many of us make is that of trying to make a servant of God, communicating with Him only when we want something, feel sad, or feel that everything is going wrong for us. This does not make good conversation with either our neighbor or with God. We should tell Him our joys as well as our sorrows, our good fortunes as well as our misfortunes.

Before long we will know Him as Friend as well as God if we fol-

low these simple rules of communication.

MRS. ERICKSON HONORED WITH BRIDAL SHOWER

Mrs. Arden Erickson, nee Shelia Schrivner, was honored with a bridal shower Thursday, April 19, in the home of Mrs. Tom Eudy from 3:00 until 4:30 in the afternoon.

The bride's chosen colors of blue and white were used throughout the decorations.

Miss Laura Eudy greeted the guests as they arrived. Miss Ruth Reed registered them.

Miss Reed and Miss Eudy also presided at the refreshment table.

Hostesses were Meses. Jack Barnhill, Gordon Bain, Winfred Cooper, Keith Green, Gilbert Wedge, Preston Jouett, Red Williams, Jimmy Roberson, Linous Young, Michie Maupin, Jack House, Travis Lyles, Boyd Lane, Euman Lyles, Tom Eudy, Trilby Beck and Kate Reed. Their gift to the bride was an ironing board, card table and canister set.

Mr. and Mrs. Sid Bogan drove to Richardson a couple of weeks ago to visit their son, S. T. and his family. The visit was interrupted when Sid had trouble with his eyes and which made it necessary to see a doctor. They did not get to visit all of his children as they had planned when they left home. They had a nice visit with S. T. and his family. S. T. took off a couple of days from work to visit with Sid and Seney, and he and his wife showed them around Big D. Sid said one thing he enjoyed (a trip Seney and S. T.'s wife did not take) was a ride to the 50th floor of the First National Bank building. This building has a look-out all around the building from where it is possible to see all of Dallas and on a clear day, it is possible to see Fort Worth also. The day they were there it was cloudy, but Sid said you could see plenty. Another place of interest visited was Love Field, which has many things of interest to see, as well as people from almost everywhere. There were comfortable seats where one can sit and watch the big jet planes take off and land every few minutes. Sid said

he had never seen so many airplanes.

They had planned to attend church services at Cockrell Hills Baptist Church on Sunday, April 27, but his son-in-law, Jerrell Gaddy, had resigned as pastor of the church and he and his family were in the process of moving. After talking with his daughter, Mrs. Betty Gaddy, they decided to drive over and see the new home the Gaddys have recently purchased. Mrs. Gaddy and Sherrie were the only ones there but they enjoyed the visit with them and seeing the new home. Jerrell has been back to school taking some extra work and he has decided to go into full-time counselling and will remain in Dallas. Sid and Seney attended church with the S. T. Bogans Sunday morning, and in the afternoon had a visit with Mr. and Mrs. Clarence Taylor. They drove to Denton Monday for a short visit with Mrs. Claude Withrow, widow of a former pastor of the Quitaque Baptist Church. The Bogans returned home Tuesday.
