## Briscoe, Hall Voters Choose Seal, Clements

More than 60% of the voters in Briscoe and Hall counties went to the polls Tuesday to give their approval to returning former Governor Bill Clements to office and seeking election of a Democratic United States Congressman, Doug Seal.

The trend to re-elect Clements carried across the state, but Republican incumbent Beau Boulter won back his 13th District Congressional seat over the challenge of the Wellington farmer.

Voting in Briscoe County Precinct 2, gave 141 votes to Seal and 87 to Boulter; 113 to Mark White, 121 to Clements and three to Libertarian candidate Theresa Doyle.

There were 793 Briscoe voters who participated in the election, 48 having voted absentee, 82 in Precinct 1, 246 in Precinct 2, 268 in Precinct 3, 128 in Precinct 4 and 21 in Precinct 5.

Hall County precincts gave Seal a 787-494 lead over Boulter and a 710-688 lead by Clements over incumbent White. In the voting on proposed constitutional amendments, Hall voters were

613-373, No. 1; 683-298, No. 2; 587-383, No. 3; 657-416, No. 4.

In Briscoe County, it was 275-284, No. 1; 315-244, No. 2; 266-287, No. 3; 236-386, No. 4.

There were a lot of split tickets, with Hall-Briscoe voters giving the nod to Republican Clements, Democrat Seal, and helping re-elect all the other Democratic incumbents.

## Back Issue of Tribune Needed

I have all the copies of the newspapers we have printed the past twenty-five, going on twenty-six, years except the first issue. Thanks so much. The editor.

Mr. and Mrs. Jake Lacy of Groom spent the weekend in Turkey visiting with relatives.

## County Has Option To Reduce Advalorem Tax

In the recently-completed special session of the Texas Legislature, House Bill 79 by Representative Stan Schlueter (D-Killeen) was passed which allows counties to levy a sales and use tax for the purpose of reducing local property taxes.

The bill would allow all counties, except those that are located in an area which has a mass transit authority or a regional transit authority, to levy a one-half percent county-wide tax on a local option basis. The bill would also permit homeowners living in small incorporated cities that are not within the boundaries of a rapid transit authority or regional transit authority to levy an additional one-half of one percent sales tax that would result in an even greater property tax savings.

No county with an existing transit tax could adopt a county sales tax. This additional one-half of one percent of the local sales and use tax would be used to reduce the property tax within each county by an amount equal to the additional sales tax revenue. To implement the sales tax, a county commissioners court may call for a local option election themselves or shall call an election if petitioned by at least five percent of the county's registered voters after the effective date of the new law next

year.

Briscoe County could be eligible for advalorem tax reduction of approximately 7% using the 1985 tax base if taxpayers choose to exercise this local sales tax option. Although the state's budget crisis forced the Legislature to increase sales and gasoline taxes, a vast majority of the House and Senate members voted to allow city and county governments the opportunity to reduce the tax burden on local property taxpayers.

With the law now requiring counties to provide indigent health care, expenses for Briscoe County will be going up and this will require additional advalorem tax money. Taxpayers might do well to be thinking now about the advantages of reducing the property tax with an additional sales tax. If citizens choose to go with the additional sales tax option, in effect indigents would be repaying at least a small portion of their health care bill when they pay the additional sales tax. Under the other option, by which the indigent health care money would be raised by a higher advalorem tax, they might not be paying any part of the expense of their health care, and with the ever-narrowing tax base the county's property taxpaying citizens are already being backed into a corner.

## Church Youth to Have Bake Sales

The youth of First Baptist Church in Quitaque will be having some bake sales to raise money for their bus charter for their Bible-Ski Retreat in March.

They plan to have one Saturday, November 22, at Rice's and Merrell Food in Quitaque and at Lacy Dry Goods in Turkey.

There will also be a bake sale on December 20 at the same places and orders may be placed also for this one.

Support our youth and take advantage of these bake sales for your holiday meals.

## Junior Class Is Selling Pecans

and eighth in the string of zip games this season.

Kirk Saul tied the state record for single-season high school touchdown passes by throwing five TD passes in the game. Kirk completed 13 of 22 for a gain of 204 yards. The national record set by Pat Haden in 1970 was broken by an Indiana player last year, according to Coach Steve Adams, Saul has made 30 touchdown passes this season and with six more he can tie the national record and with seven more, he can break it. This puts a great pressure on one man. He has some great receivers, and he has some great blockers. Those who have seen the games say the whole team is very well coordinated. These results thus far show this to be true.

## Baptist Youth to Serve Pancake Supper

The youth of the First Baptist Church in Quitaque are sponsoring a Pancake Supper at the Valley School Cafeteria on November 7, before the Valley-Chillicothe football game. They will be serving from 5:30 until 7:00 p.m.

Children under six will be admitted free. Cost for those six years through adult will be \$3.50. The youth will be selling tickets.

Money earned will be used toward their Bible-Ski Retreat in March.

Bring the family for a night out and eat pancakes and enjoy a good football game. Support our youth in this as they work to earn money for their retreat.

## Drama to Be Presented at Baptist Church in Quitaque Sunday

"The Persecution" will be presented by Reality Inc., a youth group from First Mexican Baptist Church, Plainview, on Sunday night, November 9, at 6:30 p.m. at the First Baptist Church in Quitaque.

This is a very moving drama about some young people and their parents who have been forbidden to meet to worship. What they do and how it affects their lives makes for a very moving and inspirational drama.

Everyone is invited to come and see this presentation.

Mr. and Mrs. Rex Adamson and children of Lubbock visited with the Fustons and Adamsons. Mrs. Bryan Burson of Silverton joined her sister for their visit in the James Fuston home.

was made when Saul hit Myers with an eight-yard pass for a TD, and Scott Saul kicked the extra point.

In the next scoring, Scoggins got away for a 44-yard TD run, and the kick by S. Saul was good.

Barrett took a five-yard TD pass from K. Saul and the kick was good, bringing the total to 21-0 at the end of the first period of play.

Knox City scored on a seven-yard touchdown from Gonzales to Odeums, and the try for extra point failed.

Valley's Rodriguez ran four yards for a TD and S. Saul kicked a good one.

Barrett received a 16-yard pass from Saul and the kick failed.

Myers took a 45-yard pass from Saul and the kick by S. Saul was good.

The score at halftime was 41-6 for Valley as the whistle blew.

In the third quarter of play, Knox City's Gonzales took the ball over from one yard out for a TD, and the extra point try failed.

Valley's Barrett took a 51-yard pass from K. Saul and ran for a TD. The kick failed, and at the end of the third period of play, the score stood at 47-18.

In the last period of play, Rodriguez ran nine yards for a TD and the kick by S. Saul was good, adding another seven points to Valley's score and that was all the scoring in the last period of the game.

Friday night's game put Valley in a playoff berth cinched at least a tie for the District 5-1A North Zone championship. Valley will play the winner of the Aspermont Roscoe game which will be played Friday night.

Statistically, Valley had 17 first downs to 15 for the Greyhounds, 179 yards rushing to 61 for the opponents, 204 yards passing to 232 for KC, and amassed a total offense of 383 yards as compared with 289 for KC. Valley completed 13 of 22 passes while KC completed 15 of 27 attempts. Valley intercepted one pass and KC none. Valley punted three times for 34 yards gain and KC punted four times for a gain of 38 yards. Valley was penalized 90 steps on eight penalties, and KC lost 50 yards by being flagged six times.

The Patriots host Chillicothe Friday night with game time at 7:30 o'clock. The Baptist Church of Quitaque will be serving a pancake supper before the game in the cafeteria. Make plans now to eat with them, then go to the game to cheer the Patriots on as they stand on the brink of entering the state football playoffs.

## CAPROCK SOIL & WATER CONSERVATION DISTRICT ANNUAL REPORT—1986

**CONSERVATION TILLAGE**—More Briscoe County farmers are using minimum and chemical tillage such as planting sorghum into wheat stubble. These practices maintain a continuous soil cover for erosion control.

**TERRACES**—During the past year, 178,243 feet of terraces were installed with assistance through the Caprock SWCD and the Soil Conservation Service. Terraces need regular maintenance to insure erosion protection of cropland, especially during years of heavy rainfall.

**PONDS**—There are many uses for ponds on rangeland such as erosion control, livestock water and recreation, such as for hunting and fishing areas.

## A FARMER'S PRAYER

The following article was sent to the Valley Tribune by Mrs. Cleota [Rogers] Burns of Norwalk, California. She also sent an article from the Los Angeles Times about the scams the farmers are undergoing.

As farmers and ranchers, dear God, give us the patience and wisdom to understand why a pound of steak at \$3.75 is "high," but a three ounce cocktail at \$4.00 is acceptable.

And Lord, help me to understand why a \$5.00 ticket for a movie is "not bad," but \$3.50 for a bushel of wheat that makes 50 loaves of bread is considered unreasonable.

And a \$1.00 Coke at the ballgame is "okay," but a 75c glass of milk for breakfast is inflationary.

Cotton is too "high" at 65c a pound, but a \$30.00 shirt is viewed as a bargain.

And corn is "too steep" at seven cents worth in a box of flakes but the flakes are sold for \$1.00 a serving.

And also, Lord, help me understand why I have to give an easement to the gas company so they can cross my property with gaslines; and before they get it installed, the price of gas has doubled.

And while you're at it, dear God, please help me understand the consumer who drives by my field and raises his eyebrows when he sees me driving a \$75,000 tractor that he helped put together so he could make money and drive down that right-of-way they took from me to build a road so he could go hunting and skiing.

Thank you, God, for your past guidance. I hope you can help me make some sense out of all this and, please God, send some rain.

People once thought it good luck to carry key rings made of stone and horn.
