**Flomot News**

Mrs. Leon Cloyd  
 Phone 569 5353

Misses Mary Ellen Burton and Viola Stenson were in Jacksboro over the weekend, deer hunting with a group of friends. They brought back 3 deer.

Mrs. R. C. Giesecke of Matador and Mrs. Tom Ross of Flomot were

In Lubbock Thursday of last week Mrs. Hoyte Paschal of Olton visited last week for a few days at the home of her daughter and family, Mr. and Mrs. Tom Ross.

Mrs. Bud Morris and her daughter, Mrs. Jim Blanchard of Turkey were in Plainview Thursday of last week shopping on a shopping trip.

Aunt Kit Washington is back in Flomot with her daughter, Mrs.

Bud Morris, following a long stay with his son and wife, Mr. and Mrs. Lawrence Washington of Umlinger.

Mr. and Mrs. Bobby Hurt of Tulla spent last Sunday in the home of Mr. and Mrs. L. E. Shorter and Lewis.

Mr. and Mrs. John Speer and his mother, Mrs. J. L. Speer attended the funeral of Mrs. Speer's brother, Tom Shields in Carrizo. N. M. They drove out on Tuesday and came back Wednesday. Also attending the funeral were Mrs. Speer's daughter and husband, Mr. and Mrs. Ray Montoya from Albuquerque, N. M.

Recent guests in the home of Mr. and Mrs. L. E. Shorter were her brother and family, Sgt. and Mrs. Major Claborn and daughter Sue, who have been stationed until recently at Okinawa. Sgt. Claborn is to retire from the Army in a few more months. They were enroute to a new station in Maryland, where he will remain until his retirement. They drove to Lubbock Sunday afternoon taking Mrs. Shorter with them, to visit their sister and family, Mr. and Mrs. James Davis and family, and with another sister and family, Mr. and Mrs. Dee Dunigan. While there the James Davis' celebrated their 25th wedding anniversary with the whole family at home. Mrs. Shorter stayed overnight and had a medical checkup by her doctor on Monday, receiving a very good report. She returned home that afternoon with Mrs. Herb Martin and her daughter, Mrs. Clois Shorter who had been in Lubbock on a shopping trip.

Mr. and Mrs. I. F. Reed were in Amarillo Tuesday of last week for Mr. Reed's medical checkup. He received a good report from the doctor. Their son, George Reed of Amarillo came down last week to work in the peanut harvest and on Friday they took him back to Amarillo and spent the night with him and his family. They visited with another son, Leo and family, who have recently bought a home in Amarillo.

Mr. and Mrs. Reed returned home Saturday.

Sunday guests at the home of Mr. and Mrs. I. F. Reed were Mr. and Mrs. Jud Watson and their son and wife, Mr. and Mrs. Virgil Watson of Quitaque; and Bill McGann of Vernon, a former resident of this community.

Weekend guests at the home of Mrs. Irene Johnson were her grandchildren, Regina, Vickie and Donna Dudley of Floydada.

The Rev. and Mrs. Leo Cole and daughters, Donna and Lori spent the weekend in Liberal, Kan., visiting Rev. Cole's sister, Mrs. Lorinda Johnson and family.

Mr. and Mrs. J. W. Franklin and Mr. and Mrs. Clayton Bond visited Sunday in Lubbock with the family of Mrs. R. Pritchett.

**QUICK KARO NUT SAUCE**  
 1 pint Karo  
 ¼ teaspoon soda  
 ½ cup chopped nuts  
 ¼ teaspoon vanilla  
 Boil Karo 5 minutes rapidly, add the soda, cool a little and stir in the nuts and vanilla. Delicious on fruit cake or spice cake.

A HABIT cannot be tossed out the window; it must be coaxed down the stairs a step at a time. (Mark Twain).

**TEN COMMANDMENTS FOR TEENAGERS**

1. Stop and think before you drink.
2. Don't let your parents down—they brought you up.
3. Be humble enough to obey—You will give orders yourself some day.
4. At the first moment, turn away from unclean thinking.
5. Don't show off when driving—If you want to race, go to Indianapolis.
6. Go to church faithfully—The Creator gives us a week; give Him at least one hour.
7. Choose your companions carefully—You are what they are.
8. Choose a date who would make a good mate.
9. Avoid following the crowd—Be an engine, not a caboose.
10. Recall the original Ten Commandments.

(East Texas Light)

**From The County Agent's Office**

**NATIONAL FARM - CITY WEEK**

The period from November 20-26 is National Farm - City Week, and every citizen has a stake in its observance. Nowhere else in the world do so many depend on so few for their food and fiber needs.

The 5% of our population engaged in agricultural production gives the other 95% food and fiber unsurpassed anywhere. In 1969 we spent only 16.5% of our incomes for food as compared with 24% some 20 years ago and this despite the fact the producer is getting about nine cents less out of every food dollar than he received 20 years ago. Production expenses have continued to rise; thus, keeping the cost-price squeeze a major problem for agricultural producers.

Producers are continually searching for better and more efficient ways to keep the food and fiber lines filled. Today the U. S. farmer produces enough food and fiber for 45 people, about 39 at home and 6 abroad. A decade ago he supplied the agricultural need of only 24 people.

Other problems of common interest to farm and city residents are also cited by President Nixon in his Farm - City Week proclamation. He said, "With two-thirds of our population crowded onto only two percent of the land, many of our people are denied economic opportunities, adequate living space, health, cultural fulfillment, and those spiritual values without which no nation can achieve greatness. The time for action is at hand—for careful plans to be formulated, and for decisions to be made at local government levels, to foster the improved distribution of population and accompanying economic activity needed during the decade of the 1970's and beyond. The Government can provide assistance, but the effort will succeed only as Americans take part in developing a policy of sound national growth."

"In this effort, city dwellers and rural people alike have reason to work together toward common goals. The well-being of urban Americans and the welfare of rural America will increasingly intertwine as our total population expands. Better living in the one depends on better living in the other.

"I request the leaders of agricultural organizations, business groups, labor unions, youth and women's clubs, civic and fraternal associations, schools and others to join in noting not only the interdependent roles of the producers and consumers of America's

agricultural abundance but also their opportunities for cooperation in building for the future." Farm - City Week observances in Texas will follow no set pattern but the objective of all will be the same—to help rural and urban residents understand each other's problems and further develop the appreciation each should have for the other.

**FACT SHEET AVAILABLE AT EXTENSION OFFICE**

With income tax paying time just around the corner, farmers and ranchers should become familiar with the 1969 Tax Reform Act because of the changes made that affect agriculture.

Changes have been numerous and involve many changes from filing dates to a long list of other provisions that vitally affect everyone engaged in farming or ranching.

I have available at my office a Fact Sheet, prepared by Extension Farm Management Specialist Jas. I. Mallet, which gives in brief form important changes that will have a strong bearing on tax management opportunities for farmers and ranchers.

Information contained in the Fact Sheet should be useful to all taxpayers but it should be of particular value to agriculturists in planning tax management strategy prior to the end of the current tax year.

Some 40,000 Texas ranchers and farmers, including a representative number in Briscoe County, will be involved in the 1970 state livestock survey.

During the last half of November survey questionnaires will be mailed to the selected livestock producers by the Texas Crop and Livestock Reporting Service. Each should fill out the questionnaire as soon as possible and return it in the enclosed envelope.

The reports will be used by the state statistician in making an accurate estimate of the cattle, hogs and chickens on the farms and ranches in Texas.

There are many uses, both in and out of Texas, for this information. We use it here in the county in connection with our program building activities and in conducting educational programs involving livestock.

The more questionnaires returned, the more accurate will be the estimates; therefore, it is important that each producer in Briscoe County who receives a questionnaire, complete and return it immediately.

**IMPORTANT FOR MACHINERY TO BE ADJUSTED PROPERLY**  
 Cotton left on the ground, re-

sulting from improper adjustment of picking machinery, can mean the difference between a loss or profit on the crop.

A properly adjusted and operated machine can pick 95% or more of the open bolls, and the machine operator is a mighty important factor.

Approaching the row so the plants enter the center of the picking unit, entering and leaving the row at full speed, staying on the rows during travel and keeping the machine clean are vital factors. One boll missed per plant can result in up to 400 pounds of lost seed cotton per acre.

Adjustment of the machine to fit conditions of the individual field is the responsibility of the operator, and if he knows his job

and machine, very little cotton will be left on the ground or on the plant.

Check the machine completely before the harvest and replace worn parts, lubricate it and make needed adjustments. Make adjustments for maximum machine efficiency. Adjust doffer pads for proper spindle clearance. Check pressure plate settings. Adjust stalk lifters. Check for bent spring fingers and for bent grid bars. Finally, lubricate the machine according to the manufacturer's recommendations.

Proper machine adjustment and operation, provided the machine is in first class condition, can put the cotton in the trailer which otherwise will be left on the ground.

**People who cook with pride cook with GAS. Mrs. Rolan Simpson does.**

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Simpson and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes.

**WALNUT ROLL**

Mrs. Rolan Simpson, 3213 56th St., Lubbock

Brush a jelly-roll pan, 10x15 inches, with oil, line it with wax paper, and oil the paper. Separate 7 eggs. Beat the yolks with ¼ cup sugar until the mixture is pale in color and thick enough to "ribbon." Beat in 1½ cups ground walnuts and 1 teaspoon baking powder. Fold in egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a moderate oven (350 degrees) 15 or 20 minutes or until it is golden. Cool the cake in the pan, cover it with a damp towel and chill it.

Dust the cold cake generously with sifted confectioner sugar and turn it out on a board covered with two overlapping sheets of wax paper. Carefully strip the paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored to taste with sugar and vanilla. Roll up the cake, using the paper as an aid, slide the roll onto a flat serving platter. Sprinkle with more confectioner sugar. (Rum or almond flavoring is also good.)

Bible Study - 7:00

Through every generation — people have looked for peace and security. Hundreds of volumes have been written on the subject and thinkers and writers have devoted their lives to the search.

But of all these books, the Bible is most concerned with peace and security. "Fear not, for I am with you; be not dismayed for I am your God."

No man-made philosophy can banish the worries and troubles of today's complex life. But in the gospel we find assurance of His care.

God loves us. When we go to Him in humility, He cleanses us of sin. Our minds are put at ease. Peace fills our souls.

Go then to the Book for modern man. Through study, prayer and worship we will find that peace which has been granted to millions — in every country — in every age. Discover anew the *life for modern man*.

*The Bennetts live here. That's Grandmother Bennett's Bible on the window sill, and the whole family goes to the church across the snow covered field.*

*John Bennett works in the local bank. Martha, his wife, is president of the PTA, and they have three lovely children. Grandmother Bennett has been living with them for the past couple of years, since she broke her hip. She can't always get to church in wintertime and that's why she calls this her window. When she can't be in church, it helps to be able to see it.*

*To her, the church steeple represents a great many things, and brings back many memories. Her son was married in that church. Her husband was buried from it. Her grandchildren were christened in it.*

*The Church has helped her to bear grief, in hours of sorrow; and it has seemed to put a benediction upon her happiness, in times of joy. Most important of all, whatever the occasion, whatever the crisis . . . the Church has always been there.*

*To Grandmother Bennett, the most comforting thing in the world is knowing that it always will be there.*

Mrs. Leon Cloyd  
Phone 569-5353

(Delayed)

Mrs. Jacot Wells and family of Amarillo visited many friends in

Flomot for a few days last week. The Wells family formerly lived at Flomot and the late Rev. Wells was pastor of the Fairmont Church.

Mr. and Mrs. Dennis Todd of Plainview and the Rev. and Mrs. Martin Lane and son, Chip, were

dinner guests with her family, Mrs. James Monk. Rev. Martin Lane is now pastor of the Fairmont Baptist Church.

Miss Judy Shorter and friend, Richard Rhodes of Lubbock, attended church services and were dinner guests with her family, Mr. and Mrs. L. E. Shorter and Lewis, Sunday.

Mrs. Wilburn Martin and Mrs. Leon Cloyd shopped in Plainview, Lockney and Floydada recently.

Mr. and Mrs. Bob Cole of Plainview spent Sunday with his parents, the Rev. and Mrs. Leo Cole, and sisters Donna and Lori. They also attended church services.

Mrs. Nancy Jane Taylor of Marietta, Okla., has been visiting in the home of her daughter, Mrs. B. F. Hughes for two weeks, and with her grandson and family, Mr. and Mrs. Donald Hughes and boys.

PROCRASTINATION is a fault that most people put off trying to correct. (East Texas Light).

**HOME NOTES**

by Naomi Hunt  
Briscoe County  
Home Demonstration Agent

Red meats, poultry and seafood all taste even better with a tempting helping of whipped potatoes. Serve potatoes often in cloud-like mounds topped with melting butter or boasting a superbly seasoned gravy to complement the meat. Whipped potatoes are magnificent in a host of other serving methods, too.

Acres planted to fall-crop potatoes is about 3% above last year and 7% above 1968. And heavy supplies are moving into the market now.

POTATO PUFF is an interesting way to serve whipped potatoes. Try it while USDA's Consumer and Marketing Service reports plentiful potato supplies.

2 cups hot mashed potatoes  
¾ cup shredded sharp cheese  
½ cup sour cream  
Chopped chives

Salt  
3 eggs, separated

Combine potatoes, cheese, sour cream, a sprinkling of chopped chives and a dash of salt. Beat egg yolks until smooth, add to potato mixture and whip until light. Beat egg whites until stiff, but not moist, fold into potato mixture. Pour into a buttered 1½ quart casserole and bake for one hour at 350°. Makes 4 to 6 servings.

POTATO - FUDGE FROSTING is delicious atop angel food and sponge cakes.

½ cup butter or margarine  
2 squares unsweetened chocolate  
½ cup mashed potatoes  
1½ teaspoon vanilla extract  
Salt

3 cups sifted confectioner's sugar  
2 tablespoons milk

Melt butter and cook until lightly browned. Add chocolate and stir until melted. Stir in potatoes, vanilla and a dash of salt, and mix well. Gradually blend in confectioner's sugar and milk, beating well after each addition. Makes enough frosting to cover the top and sides of a 9-inch tube cake.

**Clean Air Development**

A secretary at Detroit Diesel Engine Division of General Motors holds a cutaway fuel injector which has been improved to substantially reduce exhaust emissions. In combining this latest refinement with other design changes made during the mid-1960's, engines built today emit 90% less hydrocarbon (an element in smog) and 40% less carbon monoxide than engines of 10 years ago.

With the growing concern over pollution, the following facts may prove to be enlightening:

1. Diesels are the source of less than 1% of all U. S. Air pollution by actual survey.
2. In the last 10 years Detroit Diesel has made design improvements which have reduced diesel exhaust smoke by two-thirds and odor intensity has been cut by 75%.
3. Some of the chemicals in air pollution which cause the greatest concern are invisible and odorless.

The smoke and odor from diesel trucks and buses is less serious than it may appear. The engines built by Detroit Diesel today emit amounts of carbon monoxide and hydrocarbon which are up to five times lower than the current most restrictive internal combustion engine standard. More information is in the booklet "CLEARING THE AIR" available by writing: Public Relations, Detroit Diesel Engine Division, General Motors Corporation, 13400 West Outer Drive, Detroit, Michigan 48228.

**CARD OF THANKS**  
I want to thank my friends for their thoughtfulness during my stay in the hospital, for the cards, flowers, gifts, and visits. Then thanks again for your visits, and the food you have brought since I have been home, and especially for your prayers. May God's blessings be with each of you.  
Seney Bogan

**CARD OF THANKS**  
We would like to express our sincere thanks to everyone for their thoughtfulness following the loss of our loved one. We thank you for the flowers, the food, the many expressions of sympathy, and especially for your prayers. Your

**PEACE CORPS MALTA VOLUNTEER**

Gordon B. Neavill, right, is the first Peace Corps Volunteer to go to Malta, one of five countries in which Peace Corps has been invited to serve for the first time in 1970. Neavill is a graduate librarian and will work at the Royal Malta Library, the principal library in Malta with a collection of more than 300,000 works. These include many manuscripts of historical interest and importance. Part of Neavill's duties will be to train a Maltese counterpart in classification and cataloging techniques and practices. With Neavill is Mr. Adrian Mercieca, First Secretary of the Maltese Embassy, Washington, D.C.
