

The Valley Tribune

THURSDAY, SEPTEMBER 26, 1985

VOLUME 26 NUMBER 15

Paymaster Gins First Bale of New Cotton

Joe O'Neal brought in the first bale of cotton to Paymaster Gin in Quitaque on Wednesday, September 18, 1985.

Ronnie Carpenter, manager, told the Valley Tribune that the bale turned out 19.50%. It was

defoliated on Friday, eleven days before. The cotton was brought in from the Hester place which is southwest of Quitaque. The bale was approximately 490 pounds with 950 seed.

The Paymaster Gin ginned the cotton free and will purchase it for 80 cents per pound, Mr. Carpenter states. This is the premium price for the bale. Mr. O'Neal brought in two bales at one time. It is the opinion of Mr. Carpenter that this is the first bale ginned in Briscoe County.

Quitaque Methodists To Have Annual Barbecue Friday Night

The Quitaque Methodist Women will sponsor the annual Chicken Barbecue on Monday, September 30, from 6:30 until 8:30 p.m.

The menu will include chicken, pinto beans, potato salad, cole slaw, cobbler and iced tea. Prices will be \$4.00 for adults, \$3.00 for children six to twelve years, and those under six will be fed free.

Mark the date on your calendar and plan an evening of good food and fellowship.

Valley FFA enters Ag Mechanics Contest At South Plains Fair

Members of the General Agriculture Mechanics Pre-Employment Laboratory class at Valley High built Ag Mechanics projects and participated at the Agricultural Mechanics Contest at the South Plains Fair in Lubbock last Saturday. Dan Meyer, Wesley Farley, Chuck Martin, Rosenda Silva, Will Williams, Bud Ham, Jamie Cox, Roy Beavers and Roger Hughes are the students in the class who built two oxy-acetylene cutting tables that placed third and fourth in their class of large general shop projects. The tables were judged Saturday afternoon, along with approximately 100 other wood and metal projects in the contest. Dan Meyer, Chuck Martin and Wesley Farley were on hand to receive the awards and prize money at the awards ceremony at 4:00 p.m.

The Ag Mechanics class did an excellent job preparing the projects and they're very proud of the results.

Mrs. Clovis (Sue) Hill of Amarillo came Sunday and took her mother, Mrs. A. C. Barrett, to Plainview (out on the town). They had a good time, Mrs. Barrett reports.

New York's first subway line was opened to the public on February 26, 1870. It was operated by a rotary blower which propelled it like "a sailboat before the wind."

Sesquicentennial Committee Announces Activities

The Turkey Sesquicentennial Committee met at the Bob Wills Cafeteria last Tuesday and made plans for some important activities. The first one is to be a Game Night on Saturday, October 12, beginning at 6:00 p.m. in the Bob Wills Cafeteria. The first thing on the agenda that night will be food—chili and stew, cakes and pies. Thelma Gafford is the food chairperson.

Admission will be \$2.00 for children up to 12 and \$3.50 for adults. You are invited to come and eat and then play games, such as "42," "84," Skip-Bo and then some surprises, maybe.

Bingo Night has been set for November 2, and it will be a food night also with casseroles and salads. More about this later.

The Christmas Bazaar was also announced. It will be on Saturday, November 16, in the Senior Citizens Room with the luncheon in the Bob Wills Cafeteria. We hope each one will be working on homemade articles, different types of crafts, baked goods, jellies, etc. for this bazaar. The cooperation of everyone is needed. You are reminded that the proceeds from these projects will all go toward the fence for the cemetery.

It was announced that a marble etching commemorating the Sesquicentennial has been bought by First National Bank in Quitaque and the committee would like to thank them publicly for this. There are a few others for sale. Go by the City Hall to see them.

Many plans were discussed for the Texas Wagon Train and all the activities that will be held when they get here on May 24-25, 1986.

Attending the meeting were Sybil and Byron Young, Marge Bell, Buster Hanna, Virgil and Edna Earl Blakney, Thelma Gafford, Cindy Lane, Jo Lacy, Margie Edwards, Ora Lee King, Marcella Patterson, Mary Beth Adamson, Marjorie Bain, Virginia Degan, Keith Green, Nadine Baisden, Clova Dell Cogdill and Izell Proctor.

Mr. and Mrs. Charlie Grundy visited Mrs. Jessie Hooks at the rest home in Childress Sunday. They report she is doing fine.

The Grundys also visited Dee Pickrel, a former Quitaque resident, who worked here on the railroad. He is in the home there.

Rodney Corgill and wife, Becky, of Midland spent the week-end visiting his grandparents, Mr. and Mrs. Shorty Woods, in Quitaque.

Pharoah Pepi II of Egypt reigned for 90 years.

And The Rains Came!

It began raining early Thursday morning of last week and rained that night and Friday with a total of 3.60 falling in Quitaque proper, according to City Manager James Brunson. This makes a total for the year of 31.75 inches. He states this is probably the most rain that has fallen here within a year since 1950. This has delayed the harvest of cotton and grain, but it has brought up the late-planted wheat.

The farmers are still hoping for a late frost and freeze. In

1957, the cotton was knee-high and pretty loaded, but it came a hard freeze in September and none of it was harvested. The present temperatures have been greatly lowered, but the sun is brightly shining as the new week begins.

Tribune Office Located at Two J's In Turkey

There still seems to be some confusion about certain matters concerning the Turkey office of the Valley Tribune.

It is located at the back on the east side of Two J's China and Gifts. Just go in the front door and go back to the southeast corner. We moved there the last week in April.

Also you can bring in copy or ads after noon on Tuesday. Many people have asked if the deadline is noon Tuesday. If we have to copy or re-write the material we need it before 4:00. The office is open on Mondays and Tuesdays only.

The telephone number is the same, 423-1287.

Turkey Lions Met Tuesday At Bob Wills Cafeteria

Turkey Lions Club met Tuesday, September 24, at the Bob Wills Cafeteria at 12:00 noon with 13 members present and a guest, Elgin Conner. Edna Reyna was a guest of the sweetheart, Karen Clinton.

Lion Melvin Clinton, first vice-president, conducted the meeting and Mr. Conner gave the invocation. David Setliff led the pledge of allegiance and Keith Green won the pot of gold.

After the meal, served by Mrs. Wilma Wedge, a short business session was held at which time plans were made to assist the Quitaque club in serving the hamburger supper on Saturday, October 4, from 5:00 to 7:00 p.m. during homecoming activities at Valley School.

Mrs. Debbie Wellman was in Lubbock Saturday for a checkup with her doctor. He advised her to remain close to the doctor until her baby arrives. She is staying at the home of her in-laws, Mr. and Mrs. Lloyd Wellman, and son, Kenneth, at Shallowater. Jack spent the weekend with his parents and wife, and he and the children, Jamie, Richard and Ryan, returned home. Jamie is in school and the grandparents, Mr. and Mrs. Wendell Farley, and other relatives are helping Jack care for the children.

Quitaque Methodists To Join Turkey Methodists Sunday

The Quitaque United Methodist Church will join services this Sunday with the Turkey United Methodist Church. All Sunday School classes of both churches will meet at 10:00 a.m. at the Turkey UMC. The morning worship will begin at 11:00 o'clock.

Following the morning worship, Dr. Bruce Parks, District Superintendent of the Plainview District of the United Methodist Church, will lead both churches in a charge conference. Lunch will then be served, pot-luck style, in the fellowship hall.

All members and friends of the Quitaque and Turkey Methodist churches are invited and urged to be in attendance for this special worship service at the Turkey United Methodist Church.

Valley Juniors To Sponsor Mexican Supper

The Junior Class of Valley High School will sponsor a Mexican Supper Friday night, September 27, from 6:00 to 7:30 in the school cafeteria. The price will be \$4.00 per plate.

The varsity plays Nazareth here beginning at 8:00 p.m. Make plans to eat with the Juniors, then attend the game.

Sophomores Elect 1985-86 Officers

The Sophomore Class at Valley elected officers for the 1985-86 school year. Brandon Smith was elected president, Kirk Martin, vice president, Amy Hewett, secretary-treasurer, and Melissa Maupin, reporter.

Two members were selected as Student Council representatives, and they are Kelly Patrick and Vickie Ortiz.

Candidates for Mr. and Miss Flame were nominated. They are James Taylor and Shanlee Meyer.

POSTMASTER: SEND ADDRESS CHANGES TO
 THE VALLEY TRIBUNE, BOX 478, QUITAQUE, TEXAS 79255

New Arrival

Robert and Eva Doyle of West, Texas, near Waco, are the proud parents of a son born August 29, 1985. He weighed 7 lbs. 1 oz. and measured 20 inches. His name is Eric Neal.

His mother is the former Eva Cheatham. This is the first child for the Doyles.

Grandparents are Mr. and Mrs. Jack Cheatham of West, Texas.

WITH THE SICK

Mrs. Dick (Opal) Taylor underwent surgery Tuesday on her leg which was broken in a fall on Monday at her home. It was a complicated break, according to reports. The editor has a nephew by marriage in the hospital on the same floor and corridor and his wife (the niece) reported Sunday night that Opal had some fever Sunday. Mrs. Taylor's address is St. Anthony's Hospital, 4th floor, Amarillo, Texas 79107, Ph. (806) 376-4411.

Mrs. Dora Hawkins is in Methodist Hospital Room 406 in Lubbock, Texas 79408.

Windbreak Trees Should Be Ordered Now

The Caprock Soil and Water Conservation District is now taking orders for windbreak trees. Orders should be placed now to be sure your trees are reserved for next spring.

The most popular varieties are in short supply. These include Bur Oak, Pecan, Austrian Pine, Afganistan Pine and Arizona Cypress. If you want any of these varieties, you should order this month if possible.

Pine trees available include Austrian Pine, Afganistan Pine, Ponderosa Pine and Scotch Pine. Evergreens include Arizona Cypress and Eastern Red Cedar. Hardwood trees include Bur Oak, Honeylocust, Pecan and Russian Olive. Bush-type trees are Caragana and Desert Willow.

To order, contact the Soil Conservation Service office in Silvertown at 823-2320. Potted trees are \$1.50 each and bare-rooted trees are 50c each.

Pack 264 News

On August 29, Pack 264 ended its summer activities with a trip to Caprock Canyons State Park. Those making the trip were Kyle Mars, Danny House, JoDee Robinson, Tommy Pinkerton, Vera Pinkerton and Henry McNary. They were joined at 11:00 by David Lane. Following a weiner roast, Danny House presented David with a hunting knife and holder, one the boys had purchased for him with the money placed in the can as each one had extra change. David is moving to Clarendon.

On September 3, Den I met with only Joe Wayne present. We discussed the art, scholar and travel activities for the ensuing year.

On September 10, Den II met with Kyle, Danny and JoDee present. JoDee led the pledge and Kyle the Scout promise. A short story from Childlife, entitled "Jacob's Ladder" was read to the boys and we had a short discussion on how we should treat one another.

Following this discussion, each boy chose a picture and traced it on a piece of wood and did some woodburning.

Any second or third grade student who is a resident of Turkey and is interested in becoming a Cub Scout should call 423-1240. We are planning a Scout Night in October. If you wish to donate aluminum cans, they may be left at the Pinkerton home. A special thanks again to those who are doing this.

It was once considered bad luck to sleep in moonlight.

Senior Citizens Enjoy Musical

The Quitaque Senior Citizens hosted a musical Tuesday night. The band, made up of Bennie Brown, Ronnie Hester, John Francis and Jimmy Burson, accompanied at the piano by Snow Grundy, presented a number of beautiful selections, the group reports. There were approximately 35 present, including Mr. and Mrs. George Seaney and Mrs. Marie Boling of Silvertown.

Refreshments of sandwiches, cookies, coffee and tea were served. Mrs. Elizabeth McDonald, Mrs. Dorothy May, Mrs. Opal Hamilton and Mrs. Lillian White furnished the refreshments.

The next business meeting is Thursday night, October 3, and the monthly luncheon is scheduled for the following Thursday, October 10.

Everyone 55 and over is invited to join and enjoy the fellowship and fun.

in-depth study of God's Word.

Pastors and christian educators from over forty states, plus Great Britian and Canada, attended the recent clinic and Bro. Dennis reported that it was a "spiritually insightful and enriching experience."

In addition to the intensive study time, the Flaughers took time out to enjoy the beautiful scenery of the Wisconsin Dells and some of the interesting attractions in the Madison area.

On Wednesday, October 2, Bro. Dennis will begin the study of the Bethel Bible series at the Quitaque United Methodist Church at 7:00 p.m. If anyone is interested in the in-depth study of God's Word, please contact Bro. Dennis as soon as possible to find out more about this exciting Bible series.

Mr. and Mrs. L. W. Hamilton and daughter, Katie, of Lubbock

spent Wednesday visiting in Quitaque with relatives and friends. Mrs. Hamilton and Katie remained until Saturday and her mother, Mrs. Joe Edd Helms, took them home. They visited Mr. and Mrs. Leroy Hamilton and Mr. and Mrs. Joe Edd Helms while in Quitaque.

Caprock Squares To Host Tulia Club Saturday

The Caprock Squares of Silverton and the Shirts & Skirts of Tulia will square dance Saturday night at 8:00 o'clock in the Rex Tiffin barn.

Hosting the dance will be Robert and Betty McPherson, Fred and Wanda Strange, Bud and Glenda Couch.

Al Curtis of Amarillo will be the caller.

Everyone is invited.

Quitaque Methodist Minister Returns From Wisconsin

Dennis and Jill Flaughter have just returned from an intensive two-week orientation clinic of the Bethel Series, an international Bible study program administered by the Adult Christian Education Foundation. The program first began in 1959 and has now spread to over 5,500 congregations, representing over 45 separate denominations and involving more than one million lay teachers and students in an

Twelve Arrests Made By Officers In August

During the month of August a total of 12 arrests were made by local officers. Of these arrests, six were charged with Driving While Intoxicated. Two are still awaiting trial and four have pled guilty in court, been fined and sentenced. During the same period, two prior DWIs came to trail and were also convicted, fined and sentenced.

Two were arrested for Possession of Marijuana and disposed of in County Court.

Out of the total arrested, four were referred to Justice of the Peace Court with charges of Public Intoxication (two), Theft of Property under \$50.00 (one), and Alcohol Beverage Violation (one).

Extension Highlights

Dirk Aaron
Briscoe County
Extension Agent

The month of September has been one of many worrisome and exciting happenings in Briscoe County. We've all been worried about our moisture situation in regards to our wheat crop, but three inches or more across the county has put some worries to rest. Those who are now to begin or continue planting will be doing just that as soon as it begins to dry.

Our cotton crop is progressing as well as can be expected at this point. We all know that things are winding down due to several nights of 40 degree temperatures.

On Tuesday, October 1, the Briscoe County Extension Crops Committee will be sponsoring the annual Crops Tour and Barbecue. The day's activities will begin at 9:00 a.m. at the County Show Barn and the tour will last until 11:30 a.m. A program will be presented by Extension Specialists at 11:30 a.m. on the following topics: Cotton Response to Herbicide Drift, Wheat Varieties for 1986, Insect Management Tools, and Wheat Rust in 1986.

Following the program, a barbecue meal will be provided by several of our leading chemical dealers from our area. The meal is being cooked and served by our Crops Committee members. The day's activities are open to all who are interested.

Door prizes will be drawn at the noon meal and equipment will be on display at the Show Barn by our local implement dealers. All farmers and ranchers are urged to attend.

Probasco Attends NMLA Meeting

Don Probasco, owner and operator of Pro-Lock Shop and member of the New Mexico Locksmith Association, recently attended the 30th annual state meeting of the NMLA in Las Cruces, New Mexico. During the three-day meeting, Probasco attended a class on the new Ford locking system. Members of the

class learned how to decode a door lock and decode an ignition lock so as to make a key for the car when no key is available. This new type lock is now used on Lincoln, some models of Mercury, Thunderbird, and some other deluxe models of the large Ford automobiles.

The second class attended by Probasco was a class on impressioning. This is the skill whereby a person is able to take a key blank and by correctly notching

it with a file, make a key that will unlock the lock. Some locks of a very high security type as well as General Motors door, trunk and ignition locks do not lend themselves to this method. Almost all other locks do, if the locksmith has the proper training, skill, sight, and most of all—patience! Once the basics of this skill are learned, it must be practiced regularly. Instructor for these two classes was Steve Spiwak of Chicago, locksmith shop owner,

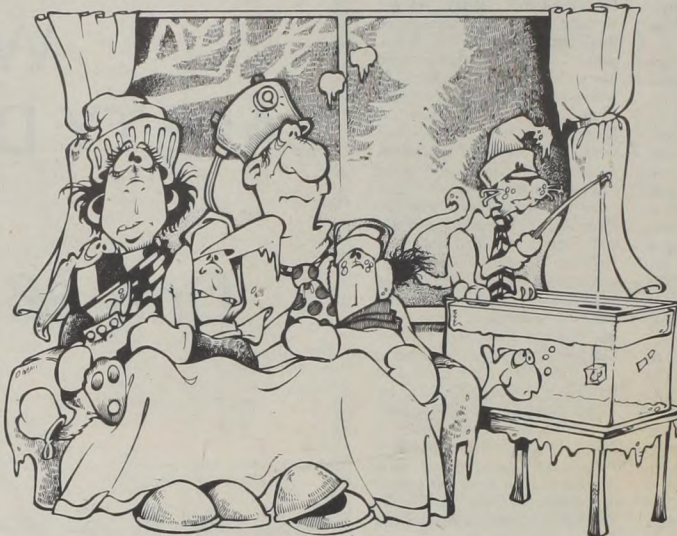

writer and teacher in the locksmith industry.

During the NMLA meeting, wholesale locksmith suppliers displayed their products as well as donating prizes for drawings held during the awards meeting. Some 65 members from western Texas and New Mexico attended and were appreciative of the kindness and hospitality of the people of NMLA who planned the meeting and made it all possible. This industry is one of

the few where fellow tradesmen teach and share knowledge with their competition. With greater knowledge comes better service and better products. The public gains, the locksmith gains, and sloppy, poor quality workmanship loses.

North America was called Turtle Island—the emergent shell, shedding water as the land rose from the sea—by the Delaware Indians.

Was This YOU Last Winter?

Be Ready for Cold Weather This Year with an Electric Heat Pump.

Don't wait for cold weather to set in again to start shopping for a new heating system. Start shopping today, and start with an electric heat pump.

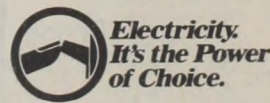

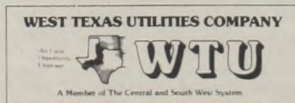

The electric heat pump is the most efficient system for heating and cooling your home. One of the main reasons it is so efficient is because it MOVES heat rather than producing it.

There's heat in the air all the time . . . even in the winter! The electric heat pump pulls heat from the outside air in the winter and pumps it into your home. In the sum-

mer, it reverses the process and pulls the heat OUT of your home, so you get even comfort year round.

You'll not only save money in home energy bills with an electric heat pump, but WTU WILL PAY YOU A CASH BONUS FOR INSTALLING ENERGY EFFICIENT EQUIPMENT that meets the E.S.P. requirements in your home.

For more information on the electric heat pump or the Energy Savings Plan, call your local WTU office or any factory-trained electric heat pump dealer today.

Johnsons Have Guest From Ireland

Visiting in the home of Mr. and Mrs. Clyde R. Johnson were Billy and Dierdre Johnson of Houston and Mrs. James McGuinn of Annyalla, Castleblaney Co. Monaghan, Ireland.

Mrs. McGuinn returned with Celia and Dierdre Johnson after their visit with family in Dublin and Castleblaney, Ireland.

While Celia and Dierdre were visiting the McGuinn family they were taken to many interesting localities.

Localities visited included Glendaloch, the Glen of two lakes, one of the most important sites of monastic ruins in Ireland. Glendaloch was famous throughout Europe as a place of learning and sanctity. Students from far and wide came to study. In circa 800 A.D. an Irish bard named Aengus the Culdee declared, "The Rome of the Western World is multitudinous Glendaloch."

Another interesting tour was of Trinity College to view "The Book of Kells." The Book of Kells is one of the most beautiful illuminated manuscripts in the world. It contains the Latin text of the four Gospels in Insular Majuscule script.

During their stay in Dublin they were also able to see a presentation at the Abbey Thea-

ter. The play, "All the Way Back," is one of Bernard Farrell's witty and incisive looks at everyday Irish life. The Abbey is a magnificent theater known worldwide and is the center of Irish dramatic art.

Another highlight of the trip was being able to attend the concert of "Clannad." Clannad has been at the forefront of Irish music for over ten years. They also wrote the theme for "Miami Vice."

The visit centralized on Dublin, population 566,034, the Republic of Ireland's Capital and largest city in Ireland. It is also the seat of County Dublin. It lies on Ireland's east coast, astride the Liffey River and facing Dublin Bay. Dublin is the focal point of the country's transportation system and has a large International Airport. Celia and Dierdre were also able to participate in one of Dublin's walking tours where they learned that many of Dublin's buildings date to the 18th century. Dublin castle, former home of British Viceroy, now houses government offices.

Many beautiful churches, one being Holy Trinity or Christ Church, founded in 1038, and St. Patrick's Cathedral, founded in 1190, were seen.

The tour guide also mentioned some of Ireland's famous people: Jonathan Swift, George Bernard

Shaw, Thomas Moore, Oscar Wilde, William Butler Yeats and James Joyce.

The guide also pointed out that shopping in Dublin consists of viewing beautiful Irish linen, Beleek China, Waterford crystal, and much, much more. These were in shops along the famous Grafton Street. Among store names were Clerys, Switzers, and the world famous fast-food restaurant McDonald's.

On their visit north to Mrs. McGuinn's home (mother of Dierdre) about 25 miles from Northern Ireland, they were able to see some of their farms and learn more about their farming practices. Their chief products are barley, butter, cabbage, cattle, eggs, hay, hogs, milk, oats, potatoes, poultry, sheep, sugar beets, turnips and wheat. Farms vary in size from about seven acres to 100 acres or more. Most farm families live in white-washed cottages, some with thatched roofs, with one or two barns nearby. All the farms are bordered by beautiful, thick hedges.

The climate was quite cool and rainy—a wonderful change from the 100 degree dry heat. Ireland has a mild climate with much rain. Temperatures average about 40 degrees in winter and 60 degrees in summer. The rainfall averages around 30 inches a year. In the evenings a nice fire was very toasty.

Ireland is indeed a land of wild seacoasts and misty rolling hills—so green that it is understandable why they call Ireland the "Emerald Isle."

Turkey Senior Citizens Elect New Officers

Twenty-nine members were present at the meeting of Turkey Senior Citizens Tuesday night, September 10. Glynn and Betty Christian of Memphis took blood pressures. Oval Cogdill offered the blessing before a bountiful meal.

Following the meal, the president, Buster Hanna, conducted a business meeting. A report from the treasurer was given, followed by the election of officers for 1985-86.

They are Guy Smith, president; J. W. Lancaster, vice president; Kathleen Green, secretary-treasurer; Marcella Patterson, reporter; Ora Lee King, Food Chairperson; R. C. Green, Roy Patterson and Robert Proctor, Room Committee.

It was voted to get the Birthday Calendar again. Games were played for the remainder of the evening.

Our nation's first national monument is Devil's Tower, 865 feet high and located in the Black Hills Region of Wyoming. It became a national monument in 1906.

Valley FFA Elects 1985-86 Officers

The Valley Future Farmers of America chapter met Tuesday night, September 10, at 7:30. There were 34 members present, including eight new members from the Vocational Agriculture class.

The 1985-86 chapter officers elected were Chuck Martin, president; Roy Beavers, vice president; Dan Meyer, secretary; Gary Brannon, treasurer; Roger Hughes, reporter; Kirk Martin, sentinel; Jamie Cox, chaplain; Kirk Saul, parliamentarian; Suzie Farley, historian.

The members elected to serve on the Chapter Executive Committee are Brandon Smith, Craig Setliff, Billy Robison, Jess Little, Scott Saul, Rosendo Silva, Bud

Ham, Wesley Farley, Derek Mullin and Lane Myers.

The motion was made and unanimously passed to change the name of the Robert Johnson Memorial Scholarship Fund to the Robert Johnson-Shane Smith Memorial Scholarship Fund. This action was done upon request of the parents of Robert Johnson, Rex and Dorothy Johnson, and it was accepted by the FFA Chapter members without dissent.

The chapter also passed unanimously the motion to hang only first-place banners from leadership and judging contests in the classroom area.

Some of the upcoming events in which the Valley FFA will be participating include the Ag Mechanics Project Show and Contest at South Plains Fair in

Lubbock on Saturday, and the first Greenbelt District Meeting of the year at Guthrie on Wednesday. Gary Brannon, Greenbelt District President, will be presiding over that meeting and the chapter members will attend.

—Roger Hughes, reporter

Nuevo Study Club Has Installation Of New Officers

Nuevo Study Club had its first meeting of the new club year on Thursday, September 12, at 4:00 p.m. in the home of Mrs. Paul Robertson.

Mrs. R. C. Green was installing officer and used a rainbow theme with ribbons extending from a green styrofoam ball representing the earth. As she called the

name of each new officer, she gave her the end of a ribbon and made appropriate remarks concerning the office of each one.

Mrs. Robertson was installed as president; Mrs. Nadine Baisden, vice president; Mrs. Bert Degan, secretary; Mrs. Paul Meacham, treasurer, and Mrs. Roy Patterson, reporter.

During the business session it was voted to pay \$100 on the new street signs the city has bought to replace damaged ones. Mrs. George Setliff was accepted as a new member of the club. She had been a member for many years but had resigned some time ago, and wanted to be a member again.

Mrs. Robertson gave a brief president's message, and Mrs. Green had charge of the program, giving a brief history of

how the state of Texas was begun. Each member gave an interesting item for roll call.

The hostess served homemade ice cream, cookies and date bars to Mmes. George Gafford, Denver Powell, Ella Colvin, Willis Walker, Gordon Bain, Meacham, Degan, Patterson and Baisden.

Mrs. Gafford passed out the new yearbooks and members expressed appreciation to her for the fine job done in typing them, also to Mrs. Baisden for stapling the books and to Mrs. Robertson for making the covers for the books.

The club adjourned to meet again on September 26 with Mrs. Colvin.

Visitors in the James Kimbell home for the weekend were Mr. and Mrs. Bobby Brunson of Edmonson, Mr. and Mrs. Bennie Cantwell, Kimberly and Justin of Plainview.

On Sunday, Mr. and Mrs. James Lynn Kimbell, Travis and Shorty, and Craig Setliff of Turkey joined the Kimbells and their visitors for lunch.

Monday visitors in the Kimbell home for lunch were Bobby Ivan Brunson and son, Chad, of Plainview, James Lynn Kimbell and son, Shorty, of Turkey, and Mrs. David Setliff of Turkey, who works at First National Bank in Quitaque.

Mr. and Mrs. Ralph Carter spent Friday and Saturday visiting in Lubbock. They spent Friday night with their son and family, Mr. and Mrs. Mel Carter and Melanie. On Saturday, they visited Mr. and Mrs. Clyde Monk. Others visiting there were the Monks' daughter and family, Mr. and Mrs. Monte West and children of Snyder, and a couple from California, Mr. and Mrs. Manuel Billingsley. The Monks and the Carters had visited the Billingsleys one time when they were in California. The Billingsleys are from Hansford, California. The group took a tour of the Ranching Heritage Center, a part of the Texas Tech campus.

John Burt and his sister, Dovie, the former Dovie Burt of Red Bluff, California visited Mr. and Mrs. Ralph Carter one day last week. The John Burts are visiting the Von Tiffins. John took his sister to Amarillo to visit while they visit in Quitaque longer, it is reported.

Mr. and Mrs. Dee Whittington spent a few days last week in Red River, New Mexico.

Mr. and Mrs. A. B. Ramsey spent the weekend in Amarillo visiting their daughter and family, Mr. and Mrs. Johnny Chadwick, Shane and Bradley. They attended the Statler Brothers Show and report they enjoyed it very much.

Mr. and Mrs. Murry Morrison and Joe, Mrs. Ruby Cusbenberry and Tenille Morrison attended a Cousins' Reunion held in Claude Saturday. This was the Thirtieth Annual Reunion. There were sixty present.

Mrs. Era Heckerson and brother, Bailey Eddleman, of Dimmitt returned home with the Morrisons and spent until Monday morning when they returned home.

It's easy-when you know the answers

All of life is not far removed from the classroom. There are truths to be learned every day. And there are questions to be answered.

But some people don't have the answer when they need it. And some people do...

Any teacher will tell you it's a question of preparation. And any preacher will tell you the same.

The people who go to church on Sunday have no more problems than those who stay home. Nor do they expect as a result to have any fewer.

They believe simply in preparation—preparation of the mind, conscience, heart and soul... faith.

This is the preparation God offers men... for the questions that will confront us all tomorrow!

THE CHURCH FOR ALL . . .

. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It's Such a Big World

Some folks say that as we grow older the world grows smaller. Is that because of the wonders of modern communication and transportation? Or is it because when some folks grow older they become preoccupied with their own little orbit of life?

Junior certainly enters life completely preoccupied with himself. But once he begins to walk and talk—gosh how his world balloons!

That's why he needs the religious training our churches provide. His faith must keep pace with his burgeoning world.

And as grown-ups, in worship and Christian devotion, we need likewise the spiritual gifts our churches offer.

For it really is a big world. Full of challenges, opportunities, and promising tomorrows. It always looks that way to a growing soul.

Area Democrats Seek To Change Party

County Democratic Chairman Jackie Mercer said today that a 31st Senatorial District Democratic meeting will be held in Tulia on Saturday, October 5, at the Swisher Memorial Building. The open meeting will start at 10:00 a.m., lasting until 3:00 p.m. with luncheon served.

Statewide and district officials of the Texas Democratic Party have been invited and several are expected to attend. In addition, the Young Democrats Organization (YD) representatives and national, state and district Democratic Party leaders will attend to map out strategy for the upcoming 1986 elections.

It is felt that this district meeting will be very informative, formulating and educational for not only the party activist but also for the general public.

HOW CLOSE TO GRAZE OR MOW PLANTS IS BASIC PROBLEM OF PRODUCERS

A basic problem facing a livestock producer is how close to safely graze or mow plants and still obtain maximum productivity over an extended period. The problem is compounded by varying climatic conditions, growth habits of different plants, and livestock preferences for different plants. The time of year and age of the plant when leaf removal occurs also affects plant growth.

Some people wrongfully assume plants produce food in their roots. True, plants pull water and minerals from the soil, but the food factory is located above ground in the leaves and green stems.

Minerals from the soil make up about 5% of the solid material in plant roots, stems and leaves. Carbon, hydrogen and oxygen from the air and water make up most of the other 95%.

The leaves take in carbon dioxide gas from the air through tiny pores. Using solar energy, the leaves recombine the carbon with oxygen and hydrogen to make sugars and starches. The sugars then combine with minerals from the soil to make fibers, proteins, plant oils and fats. The plant uses these sugars, starches, proteins, oils and fats to grow and reproduce.

The ability of perennial grasses, legumes and forbs to recover quickly after grazing or mowing makes these plants extremely valuable for forage production and soil protection. Removing too many leaves will retard forage production and damage the plant's root system. The plant will eventually die if overharvest of the leaves continues.

Root growth is closely related to forage production. Plants maintain their maximum root vigor and growth when no more than half their leaves are removed by grazing or mowing during the growing season. If the plant's food producing mechanism is deprived, leaf and root growth are reduced accordingly.

In all grasses, the amount of

leaf volume removed has a direct affect on the growth of new roots. Roots are the vital supply lines of moisture and minerals to the leaves. Perennial grass plants store food in the roots after seasonal growth. They use these reserves to live on while dormant, to make the first new growth the next spring, and to start new growth after green leaves and stems are closely grazed at any time during the growing season.

Other factors influence plant growth. Proper or light grazing is usually more beneficial to plants than several years of no grazing. Heavy plant residue depresses growth of many grasses.

All plants have growing points where new cells are developed. The growing points of a grass are

located just above the last completed joints of each stem. Early in the season, the growing points are situated at the base of the plant. As the season progresses, the joints of most species elongate and push upward to produce a seed stalk. At this time, the growing point is elevated and in a vulnerable position. Removal of the point by grazing or mowing forces the plant to send up new leaves from the base of the plant and to start over as if it were spring. This causes additional drain on root reserves and can weaken the plant.

Grazing management schemes can be used to favor the more desirable plants during their reproductive period.

For more information on range management, contact the local

office of the U. S. Department of Agriculture's Soil Conservation Service.

SARPALIUS ENDORSES T.E.C. SEMINAR

State Senator Bill Sarpalius (D-Amarillo) met with Texas Employment Commissioner Mary Scott Nabers recently to discuss upcoming seminars planned for his district and surrounding area. The seminars, scheduled for September 19 in Amarillo and September 20 in Lubbock, are two of a series of 28 T.E.C. sponsored meetings to be held statewide in the months to come. The seminars are aimed at helping employers cut the cost of doing business in Texas.

Employment Commission re-

presentatives will be on hand to discuss unemployment taxes, benefits, the appeals process and fraud control. Commissioner Nabers, the Employer Representative at T.E.C., will highlight ideas for immediate cost reduction.

Sarpalius endorsed the Employer Commissioner's effort saying, "I encourage the employers of my district to attend this seminar to learn how to protect their unemployment tax rate. Programs such as this could help the economic growth of the Panhandle."

Saturday is named for the Roman god Saturn and is the only day of the week named for a Roman god. The Anglo-Saxons called it "Saeter-daeg."

Next week will be a big test week for all Junior class members at Valley High School. At Valley and all across the state of Texas, beginning on Monday, October 1, and continuing on Tuesday, each eligible eleventh grader will be administered the exit-level test. The basic skills test will be given in two blocks of time, three hours each, beginning Monday morning in the school library and then again on Tuesday morning at 8:30. Students will be given at least three hours to complete the test requirements and may take more time if necessary.

Students who fail to demonstrate mastery of the test on language arts and math will retake the exam sometime during May of this year. Two other opportunities to retake the test will be given next year until adequate mastery is demonstrated. Eleventh graders expecting to graduate next year must have mastered the test with a sufficient grade before diplomas can be issued by the school. This year's senior class is not affected by the requirements but all future graduates must have passed the test.

Under certain conditions, handicapped students may be exempted from exit-level test requirements. A handicapped student is one who has been evaluated and determined to have physical, mental, or other impairment which entitles the student to receive special education.

Any student who is absent from school on the days in which the test is administered must wait until the retake date in May to take the test. Monday and Tuesday are the only days at this

time on which the test may be taken. It is essential that all students be present at school Monday and Tuesday.

Normally, Valley School, under the leadership of its cheerleaders, have pep rallies on Fridays before each football game. This year, however, only four pep rallies will be held prior to each home game. This is a condition which has come about due to state rulings controlling the amount of time taken away from class time. According to the rule, only six days each year may be used for shortened days or classes. Included in and affected by the rule are pep rallies, getting out early for holidays or any other non-emergency type early dismissals from class.

Parents of students who are failing a class or near failing, will be receiving notice of this condition through the mail shortly. The school follows this procedure in order that parents may be informed of a failing condition before it becomes too serious and cannot be remedied. Parents are encouraged to visit teachers at any time.

Homework suggestion: Give your child at least an hour to recover after his long day at school before getting down to homework business. Short intervals of 20 to 30 minutes devoted to studying with a short break may be better than long homework sessions.

J. R. Adamson entered St. Mary's Hospital in Lubbock on Thursday of last week. He had surgery on Friday and returned home on Monday, but will go back each week for awhile for treatment, it was reported. Mary Beth accompanied him.

Phyllis Dunn Attends Election Seminar at WT

The Secretary of State presented an Election Seminar last Thursday on the campus of West Texas State University, discussing the 69th Legislature recodification of the Election Code. Among those attending this seminar for Election Officials from across the Texas Panhandle were County Clerk Phyllis Dunn; her Deputy Clerk, Pat Smith, and Sherri Smith from the Tax Collector's Office who handles the Voter Registration procedures.

Phyllis stated that after the first of the year, she will be contacting all Hall County Election Workers, advising them of an Election School that they will be able to attend. This will also be presented by the Secretary of State's Office telling about the changes in the Election Code.

Mr. and Mrs. Tommy Williams of Weatherford visited in Turkey this weekend, spending Saturday and Sunday nights with Mr. and Mrs. Jack Lacy. Mr. Williams, a former minister of the Church of Christ here, preached at morning and evening services.

Chad Calvert Has Knee Surgery in Amarillo

Chad Calvert, a sixth grader at Valley School and son of Ray Beryl and Wanda Calvert, had knee surgery at St. Anthony's Hospital in Amarillo Friday and came home on Saturday.

He will be in a brace for awhile it was reported.

He was injured on the first play in the football game here Thursday night when the Junior High team played Happy.

It was thought he would get to return to school the first of the week.

Mr. and Mrs. Gary Johnson of Paragould, Arkansas spent the weekend with his mother, Mrs. Clema Johnson, making the trip in their plane.

Mr. and Mrs. Michie Maupin were in Silverton Saturday afternoon to watch their grandson, Matthew Mann, play football in the game between Higgins and Smyer. Matthew is the son of Donna and Milton Mann of Higgins.

Mr. and Mrs. Horace McDonald spent the weekend in Lubbock visiting their children and families. They visited Mr. and Mrs. Gerry Hilbers in Idalou, Mr. and Mrs. Lonnie McDonald and family, Mrs. Lynn McDonald and family at Ransom Canyon.

The ladies attended a school Saturday in cutting and fitting patterns and designing clothes, which Mrs. Horace McDonald reports was interesting.

Mr. and Mrs. Wilburn Hamner of Houston are visiting this week in the home of his brother, Mr. and Mrs. Charles Hamner, and his mother, Mrs. C. H. Hamner.

An ancient remedy for a toothache was to eat a mouse.

Several From Turkey Participate In Hall County Art Show

Those participating in the Art Show and Sale in Memphis Saturday, September 21, were Barbara Maupin of Turkey and Lubbock, who had watercolors and painted China; Marjorie Bell, who had oil paintings; Wilma Eudy, who had dry-brushed birds and porcelain dolls; Karen (Eudy) Phillips, who showed discovery Toys. These are educational toys for ages from birth to adulthood. Karen will have a showing at Two J's China and Gifts in October.

Mrs. Eudy reported that she enjoyed the parade Saturday morning. The Convalescent Home had several wheelchairs decorated with surry tops, and their occupants seemed so thrilled to be pushed by a friend in the parade. They also had two flatbed trailers decorated and patients were riding on them. All the ladies had on new slat bonnets and colorful lap throws. You could tell these lovely people were so thrilled to get to do something like this, and be a part of the Hall County Picnic Celebration, Mrs. Eudy said. She said there were many beautiful quilts

on display in shop windows that added to the festivities.

Pvt. Mills Completes Basic Training at Fort Dix

Pvt. Todd Mills is home on a seven-day leave after finishing basic training at Fort Dix, New Jersey. His parents, Don and Beth Mills, drove to New Jersey and brought him home.

He will leave Saturday for his new assignment at Fort Eustis, Virginia.

Visiting in the home of Mr. and Mrs. Paul Robertson this week are Mr. and Mrs. Leon Robertson, Longview, and Mr. and Mrs. Lee M. Robertson, Lakeview.

Mr. and Mrs. E. L. Hill spent the weekend in Amarillo visiting their son and family, Rod, Dianna, Bobby and the new baby, Christopher.

Mr. and Mrs. Gordon Bain and their daughter, Jenna Sue Turner from Lockney, went by plane to Houston Sunday, so Mrs. Bain could have a special treatment for her back. They were scheduled to return Tuesday night.

PUBLIC NOTICES

NONDISCRIMINATION POLICY

Valley Schools offers vocational programs in vocational agriculture and homemaking. Admission to these programs is based on an aptitude for and an interest in vocational education.

It is the policy of Valley Schools not to discriminate on the basis of sex, handicap, race, color, and natural origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 504 and Title VI.

Valley Schools will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator, Wilburn Leeper, at 455-1411 or 423-1348. 15-1tc

CARDS OF THANKS

We want to thank everyone who was so thoughtful to help us in the illness and death of our loved one, VOLLIE HODGES. Thank you for the prayers, phone calls, cards, flowers, food, and the words of comfort. A special thanks to the churches, preachers, the musicians, and those who prepared and served the food. Words are inadequate to express our gratitude and love. May God bless each of you.

England's first zoo was founded by Henry I (1100-1135) in Oxfordshire. It was moved to the Tower of London where it remained until 1834 when the animals were taken to Regent's Park, the home of the present London Zoo.

Edgar Allan Poe was expelled from the U. S. Military Academy at West Point in 1831 for "gross neglect of duty" and "disobedience of orders."

The first letter boxes were erected in Paris in 1653.
