## Area Counties Have Much To Offer For An Industry

A group of concerned Briscoe County residents have begun to formulate plans to offer the vast resources of their county to persons throughout the state and beyond. Strategically located astride the majestic Caprock, Briscoe County is graced with the necessary attributes to successfully blend unspoiled nature with a progressive environment. Its expansive, scenic canyons provide unlimited getaway opportunities. Rich farm lands on the plains and in the valley below the Caprock produce diverse crops of food and fiber in abundance. The county is one of the ripest areas for industrial development in the nation. County residents are getting excited as this news spreads.

Personnel at Caprock Canyons State Park, near Quitaque, are prepared to accommodate the 100,000 plus visitors who will come to the park this year. Even more will be going on at the park than ever before. Various entertainment experiences are being put together right now for presentation this summer. Of course, the greatest show of all remains the natural beauty of the canyons and the many species of wild life which frequent the area. Camping, hiking, sightseeing, hunting and fishing opportunities are endless. Whether you come for the day to fish Lake Theo or to camp for a week, you will be refreshed by the unspoiled, pleasant surroundings.

Beautiful Lake Mackenzie is an important source of water and recreation for the area. Surrounded by the

ledges and cliffs of Tule Canyon, the lake is stocked with channel cat, large and smallmouth bass, hybrid striped bass, crappie, walleye, perch and sunfish. One of the most fantastic spots in the Texas Panhandle is right here in Briscoe County. Visitors can move from the Canyons of the Caprock across the plains to Lake Mackenzie in a few minutes.

Tours are being coordinated to permit visitors to experience the excitement of working ranches, folk lore, the only railroad tunnel in Texas, chuck wagon hospitality, and much, much more. The heretofore unopened treasure of a way of life taken for granted by natives and supposed lost by many others, is being offered to those who visit Briscoe County. The heritage of a determined pioneer spirit, a firm handshake, look-you-in--the-eye honesty, freedom to do, is preserved here. Values which are often bypassed in our rapid paced society enable persons to know the invigorating but sedate atmosphere.

Hotel Turkey, located in nearby Turkey, Texas, offers a unique lodging experience. Newly renovated to its 1920's origin, the hotel is authentically decorated and quite comfortable. The Stubbs Museum, housing artifacts from across the years, is located in Turkey. A renowned artist, Otho Stubbs is an authority on the history and lore of the Indians who inhabited this land and the settlers who came. Many people here have a wealth of information to share. Several

Bed and Breakfast opportunities are available for those who can come and stay a while.

Work is now going on to bring all of this together in such a way that visitors may be guided to their particular interests. Local people are being contacted to enlist them for the itinerary. Special events are being planned for several weekends during the summer months. There are now and will continue to be spots where persons can watch an eagle soaring, deer grazing, or quail feeding

## Time For A Change! Daylight Savings Begins April 2

by Ora Lee Frazier  
 At 2:00 a.m. on Sunday, April 2, Daylight Savings Time will begin, and 2 a.m. "springs forward" to 3 a.m.

To avoid being an hour late on April 2, citizens are reminded to set their time pieces ahead one hour before they go to bed Saturday.

With the first day of April falling on Saturday this year, saying "run your clock forward on the last Saturday of the month (March)" does not apply this time.

Daylight Savings Time will end at 2 a.m. the last Sunday in October when 2 a.m. "falls back" to 1 a.m.

**DAYLIGHT SAVINGS TIME STARTS APRIL 2 - 2 AM**

## AREA HAPPENINGS

### Baptist to Host Spring Revival

The Macedonia Baptist Church will host a Spring Revival April 3-7 and April 9. Services will begin at 7:30 p.m. each night. The Sunday service will be at 3 p.m., April 9.

Brother Eugene Gentry of Lubbock will be evangelist for the week. Everyone is invited to attend.

### Cotton Futures Workshop Planned

A Cotton Futures and Options workshop will be held April 11-12, 1989, in Crosby County Library in Crosbyton. The Texas Agricultural Extension Service is sponsoring the two-day workshop. The deadline for registration is April 1, 1989. There will be a registration fee. For more information contact Curtis Preston at the Briscoe County Extension Office in Silverton.

### Methodist Women Host Supper

The Quitaque Methodist Women are sponsoring their annual Mexican Food Supper, Thursday, March 30, 1989, in the Fellowship Hall of the church. The menu will consist of green chili enchiladas, pinto beans, taco salad, chips and hot sauce, cobbler and tea or coffee. Serving time is scheduled for 6 to 7:30 p.m. All proceed will be applied to the parsonage insurance.

### Health Screening Scheduled By Do-Gooders'

The Do-Gooders' group will be sponsoring a health screening at the Flomot Community Center on April 4, 1989, from 9 a.m. til 3 p.m. Texas Department of Health Nurses will be offering

diabetic, hypertension, cancer risk and health risk assessment screening free of charge. A total cholesterol screening will also be available at a minimal charge.

### Youth Specialist To Be Speaker

"Managing Conflict" is the topic of a county-wide program set for Tuesday, April 4, at 7:30 p.m. in the Pioneer Room of First State Bank in Silverton.

Conducted by Dr. Martha Couch, Extension 4-H and Youth Specialist from Lubbock, the program will focus on conflict management styles, problem solving, and communication in groups. Activities will be used to involve participants in resolution of problems. This will be an entertaining as well as an educational program.

All 4-H leaders, parents, youth group leaders, as well as those who work with adult groups are invited to attend. The program is free to the public.

## Interest High In Quitaque City Election

Last Wednesday, March 22, 1989, at 5 p.m. was the deadline for filing for a place on the ballot in the races for City Council in Quitaque and Turkey, and for a place on the Turkey-Quitaque Board of Trustees at Valley.

Three persons have filed for two seats on the Board of Trustees. Lecky Fuston, Ronald Lynn Mullin and Dee Whittington will battle it out at the polls on Saturday, May 6, 1989, for two-three terms being vacated by Mack Seymour and Mike House.

In Turkey, the three incumbents were the only ones to file in the municipal election. Maintaining their positions on the City Council are Arlowene Williams, Lorene Setliff and Steve Farley.

Unlike the voters in Turkey, Quitaque residents will have quite a selection of candidates from which to choose for council seats. Incumbents Larry Don Price, Randy Powell and O.R. Stark will be opposed by Jimmy Davidson, Johnny Griffin, and Gary Chandler at the voting booths. Voters will seat three at the city governmental table.

Todd Washington is running unopposed for the remaining one-year unexpired term, vacated by Danny Mayfield last year.

## 32nd Annual Meeting Set

"A Preview of Things to Come" is how officials are describing the 32nd annual meeting of Plains Cotton Growers, Inc. Registration is set to begin at 9:00 a.m. April 6 in Lubbock Memorial Civic Center in conjunction with the annual meeting and trade show of the Texas Cotton Ginners' Association.

Cooper Evans, Special Agricultural Advisor to President George Bush, will provide an advance look at upcoming farm legislation from the perspective of the current Administration. Hal Lewis, cotton farmer, seed breeder and member of USDA's Cotton Marketing Advisory Committee, will give his assessment of how the advent of Beltwide high volume instrument cotton classification (HVI), spurred by the quality requirements of advanced textile technology, will affect future cotton price determinations and marketing strategies.

## BOOSTER CLUB

The Valley Booster Club will host their annual Volleyball Tournament beginning tonight (Thursday) through Saturday.

The first game is scheduled to begin at 4:30 p.m. at Valley. Games will resume at 4:30 p.m. Friday, and 9 a.m. Saturday. The public is invited to attend. Booster club members will be serving barbecued hamburgers as well as other concessions.

All proceeds will go to pay for the All-Awards Banquet to be held in May at Valley School.

## Calendar Events

- Thurs. Fri. & Sat. Volleyball Tournament at Valley
- Monday, April 3 Quitaque Lions Club Quitaque City Council
- Tuesday, April 4 Turkey Fire Department Farmers Coop Gin
- Thursday, April 6 Quitaque Senior Citizens

## As I See It!

By Thelma Gafford

The city of Graham, Texas has offered a "\$5,000 REWARD" for new industry that will employ at least ten people, for a period of at least 6 months.

To claim the reward money, one must contact the Graham Industrial Association and the Graham Chamber of Commerce with a solid lead on a particular business or industry.

I certainly admire those city officials that are willing to put their money where their mouths are. Those people are really working for their city. Mayor Ed Hinson says, "We will give \$5,000 to anybody and everybody who can provide us with a lead that results in a new industry or business coming to Graham."

They are utilizing all their resources to advertise their city. Here is an excerpt from the article; the city can offer

available manufacturing, warehouses, distribution, office space, acreage for new construction, utilities, a productive labor force, and for new employees, a quality life that features abundant hunting and fishing opportunities. Deer, turkey, quail, duck and dove lure hunters from all over.

Frankly, I don't see that any town has much more to offer than we do, except the sizable reward.

Maybe our community leaders should advertise for new industries, get our names on the list of needed businesses, make someone an offer. I'm not sending this message just to our city leaders, we, the citizens, have to share the responsibility of the load too! If we know of something that might help, we must get the information to our leaders.

**Dear Editor,**  
 We look forward to receiving the Valley Tribune and usually are disappointed at the lack of hometown news.

My wife was raised in Turkey and I was raised in Quitaque so we are interested in news from both communities. We especially would enjoy the comings and goings of the people, (even though this may not be considered journalism!)

When we visit the cemetery, we see folk's graves who didn't even make the obituary. Please give us a paper we can truly enjoy.

while listening to the sounds of solitude. The vastness of this area permits the welcoming of visitors without disturbing the natural treasure.

Silverton, the county seat, is situated on the plains which comprise approximately half of the county land area. Availability of energy sources, land, labor and the resolve of the people here are major factors which are combining to move Silverton and Briscoe County into an era of industrial development. There are few instances in recent history when a particular area has moved forward so dramatically in so many ways while maintaining the firm foundations on which it is built. This area has undergone major challenges during the last several years. The harsh changes in American agriculture have hit this county hard. Years of having one's livelihood threatened by unseem forces takes its toll. Now, in the spirit of their forebearers, the people of Briscoe County are moving toward a new day.

#### Medicine Chest Checklist

It's a healthy idea to make it a habit to check out your medicine cabinet regularly to see that it has all you may need—and to get rid of outdated medications. Here are a few things you should be sure to have:

- A tweezer.
- Adhesive bandages in several sizes.
- Antidiarrhea medication, such as Diarorb®.
- Antiseptic skin cleanser.
- Sterile cotton.
- Aspirin.
- Aspirin substitute.
- Non-prescription cold medication such as aspirin-free Coricidin D® Tablets.
- Rubbing Alcohol.
- A laxative.
- Antacid.

Also, be sure your medicine chest is not accessible to young children.

## CAPROCK SOIL & WATER CONSERVATION DISTRICT NEWS

Applications for emergency farm loans for losses caused by drought conditions are being accepted at the Farmers Home Administration office located in Floydada, Becky Via, County Supervisor said today.

Floyd and Briscoe Counties are two of many counties in Texas recently named by Secretary of Agriculture Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the drought.

Becky D. Via said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business of \$500,000.00, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

"Applications for loans under this emergency designation will be accepted until November 3, 1989 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possible over into the new farming season," Ms. Via said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Floydada is open from 8 to 5 Monday through Friday.

### SOCIAL SECURITY NEWS

The travel schedule for the next few months for the Social Security office has been released.

### Nuevo Study Club

The Nuevo Study Club met in the home of Mrs. Marjorie Bain March 23 for their regular meeting.

The president, Mrs. Virginia Degan opened the meeting by calling on the secretary, Mrs. R.C. Green to read the minutes of the previous meeting. Minutes were approved as read and Mrs. Green also gave the financial report in the absence of the treasurer, Mrs. Dessie Robertson.

Following the business meeting all members present answered roll call by presenting an interesting educational thought and/or item of humor.

Mrs. Baisden presented the topic of study, "The Natchez Pilgrimage," which begins each year March 4 and runs through April 2. Thousands of visitors from across the United States travel to Natchez, Miss. for a tour of the 500 historic buildings which have been restored and which two Garden Club members sponsor in the spring and fall as guided tours. Many of the restored homes date back for two hundred years. Headquarters for the pilgrimage is in the Gay 90's building on the grounds of Stanton Hall, a magnificent landmark which Fredrick Stanton began building in 1851. The construction took six years to complete.

First people to settle Natchez were Natchez Indians who bequeathed their name to the city. We speak of Texas being under six flags; Natchez was under five flags. The flag of France was raised at Fort Rosalie in 1716. The Natchez Indians swooped down on the royal garrison and massacred it almost to a man. In 1764 at the close of the French and Indian War, the Union Jack of Britain was flung to the breeze over Fort Rosalie. Later Spain moved in for a quiet take-over. Then the Confederate Flag flew and was followed by the American Flag.

History is opened through stately mansions as people take guided tours.

Mrs. Baisden concluded her presentation by telling of her weekend spent in the William Harris House built in 1835. Present owners are Mr. and Mrs. C.D. Hollingsworth, who restored the house in 1979. It is beautifully furnished with period antiques. William Harris was an early Natchez business man, civic leader, and father of Confederate general, Nathaniel Harrison Harris. The occasion for Mrs. Baisden's trip was to attend the Hollingsworth family reunion which is held every two years here in Texas, however this time (1984) it was scheduled in Mississippi in a grandson, Charles and Lil Hollingsworth's home. Forty four were present. Charles is a nephew of Mrs. Baisden.

The hostess carried out the Easter theme with her delicious refreshment plate of apple pie, lemonade and coffee. Candy Easter eggs added to the colorful snack which was served to Mmes. Virginia Degan, Ella Colvin, Kathlene Green, Louise Meacham, Sabra Setliff, Lurline Walker and Wilma Wedge.

### Happy April Fools Day

Beware !!!!

*The Lord is my light and my salvation; whom shall I fear?*

-Psalm 27

According to Scripture, not one sparrow falls to the ground without the Father's consent; so concerned is He with every detail of your life that "even the hairs of your head have all been counted." God is not an abstract principle; He lives within each of us. If so, how can we be afraid? Rather, we must say with Paul, "For God, who commanded the light to shine out of darkness hath shined in our hearts to give the light." Learn more about this loving God in the church of your choice.

### Pointers For Parents

Secret fears: Many youngsters have them. Too often, parents seem to think their children will "get over" whatever's troubling them. Child psychologists, however, say that won't happen—not unless children confront their fears and discuss them.

### Lines from Lynda

By Linda Fogerson, Briscoe Co., CEA-HE

Every newspaper and TV broadcast seems to add one more food to the growing list of those which could be "hazardous to your health." Yet food is our body's fuel to keep us healthy. So how do we deal with this dilemma?

First of all, we must use common sense. If we get paranoid and try to remove from our diet every food that has even been accused of "possibly" causing cancer, we could starve to death. It is also not possible for the entire population of the United States to grow their own groceries, tie a cow in their backyard to provide milk and butter, and add a pen of chickens for healthy poultry and eggs.

Second, the U. S. government has many agencies looking out for our health and welfare. Even though some of the procedures they must use and the limited personnel and budget available may hinder some of their work, the Food and Drug Administration, USDA, the Environmental Protection Agency and others probably provide us with a safer food supply than any other country. Of course, sadly there are those who choose to maliciously tamper with our food supply, and we must depend on our protective agencies to always be vigilant in monitoring this.

Third, many of our own health habits and food handling habits could be dangerous as any food we eat. For example, do you always wash your hands before preparing food and wash the produce before eating it? Do you refrigerate leftover food promptly? Do you cook meat, poultry and eggs to the recommended temperature? Do you thoroughly

wash a cutting board after using it to cut up raw meat before cutting up salad vegetables on it?

How about our health habits? Do we monitor our weight, not smoke or consume alcohol in excess, wear seat belts, get medical checkups, and have adequate exercise?

I'm not trying to be sarcastic, but we will die from some disease or accident. Our food supply is just one of many possible hazards associated with living each day. We should take all precautions to have our food as safe as possible when we get it and then make sure that we handle it safely once it is in our home.

We should not live each day fearful of every morsel that does into our mouths. The benefits of healthy, nutritious food far outweigh the harms. We must put our food fears in perspective and balance these concerns with all the other lifestyle habits we practice. Our mental attitude about health can also contribute a great deal to our overall health and well being.

### SBA Loans Available For Hall County

The U.S. Small Business Administration (SBA) has announced that small concerns in Childress and Hall Counties may now be eligible to apply for financial assistance under the Agency's Economic Injury Disaster Loan (EIDL) program.

The SBA has declared numerous Texas counties eligible for the EIDL loans in conjunction with the Secretary of Agriculture's declaration for drought-stricken counties. All counties previously declared, as well as the two declared in this expanded designation, were as a result of drought conditions which occurred January 1 through August 31, 1988 and continuing.

"Since SBA is tied to Farmers Home Administration (FmHA) designations, the filing deadlines for amended designations, such as this one, are different," Fronstin said.

The deadline for submission of all applications under this amended designation is November 13, 1989.

SBA is authorized to accept and process applications for EIDL loans from small business concerns without credit available elsewhere and from agricultural cooperatives without credit from other sources. In addition to the

credit elsewhere factors, Fronstin stressed that the program is available only to small businesses which meet SBA's size standards. "Agricultural enterprises are not eligible to apply for the EIDL loans," Fronstin said.

The interest rate for loans processed under this designation is 4 percent.

"Deadlines for filing applications under this or any EIDL declaration is subject to requirement changes of the Federal budget," Fronstin said.

The interest rate for loans processed under this designation is 4 percent.

"Deadlines for filing applications under this or any EIDL declaration is subject to requirement changes of the Federal budget," Fronstin said.

The EIDL program is intended to assist agriculture-related businesses—such as fertilizer and seed dealers or implement dealers, etc.—who suffer a decrease in sales or other forms of economic injury directly attributable to the crop losses incurred by farmers to whom the dealer usually sells, or to the inability of farmers affected by the disaster to purchase goods and services at their normal levels.

Small business owners seeking more information or requesting loan application forms should contact SBA's Area 3 Disaster Office at 2306 Oak Lane, Suite 110, Grand Prairie, Texas 75051 or call, toll free, 1-800-527-7735.

*O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches.*

— Psalm 104

Spring, with its renewal of nature all about us, leads us to reaffirm our faith. The white of winter has given way to green . . . the dead branches are abloom with new life. No wonder that for many, spring is the loveliest season of all. It is now that we are reminded of the prophet Isaiah's words: "The mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands." Rejoice in the miracle that is spring with neighbors and friends in the church of your choice.

### Citizens Urged To Join Sheriffs' Association

Sheriff Kenny Schull today announced that Hall County citizens who would like to join in the fight against crime are invited to become Associate Members of the Sheriffs' Association of Texas.

The Sheriffs' Association of Texas is a professional and educational organization dedicated to the preservation of peace and protection of the lives and property of the citizens of Texas, according to the Sheriff.

The Associate Membership program was begun to provide citizens with an opportunity to lend their support to more effective law enforcement and to better help local sheriffs protect the lives and property of citizens.

"We are inviting the public to help us better serve them by joining the fight for effective law enforcement," Sheriff Schull said. Hall County residents should soon receive membership application in the mail. "It is difficult to get an application to everyone who might want to join the Sheriffs' Association of Texas as an Associate Member," the Sheriff said. "If you don't receive an application by mail, you can come by the Sheriff's Department, or you can send your name, address, and check - \$20 for individual membership - to the Sheriffs' Association of Texas, P.O. Box 4488, Austin, Texas 78765-4488.

Membership dues are to upgrade, professionalize, and train sheriffs to protect the men, women and children of Texas. All Associate Members will receive a wallet membership card, two window decals, and a subscription to our quarterly publication, "The Texas Lawman."

"I hope that all law-abiding citizens of this country will join me in the fight for good law enforcement by joining the Sheriffs' Association of Texas," Sheriff Schull concluded.

Sitting left to right: Trubert Flowers of Perryton, Billy Don Hughes of Flomot, and Monte Hollar of Clarendon.

### Clarendon College To Present: "Showdown At Rainbow Ranch"

The Clarendon College Theatre department will be presenting its spring theatre production, April 13, 14, 15, and 16 at the Clarendon College theatre. The production will be the old west melodrama, "Showdown At Rainbow Ranch."

Production times are Thursday, Friday, and Saturday nights at 7:00 p.m. each night and Sunday afternoon at 2:00 p.m. Senior Citizens get \$1.00 off ticket price.

Please come and meet Rainbow Heatherton, beautiful heir to the rainbow ranch and the rest of the mysterious characters at the rainbow ranch.

Each night there will be a special ticket price for school or club groups of ten or more. We feel this is a great opportunity for your group to have a spring fling or social close to home.

Regular cost of tickets for this production will be \$3.00 per person. If your club or school makes reservations by April 10, 1989, they will receive their tickets at a half price of \$1.50.

If you would like to bring your group to any of the performances, please make reservations and we will reserve some great seats for you.

Members of the cast include: Trina Zaring of Stinnett as Rainbow Heatherton, Jamie Parker of Amarillo as Hattie, Jeanitta and Stephen Stephens of Silvertown as Becky Mae and Sheriff Bidwell, Billy Don Hughes of Flomot as Toby, Trubert Flowers of Perryton as Mathew, Monte Hollar of Clarendon as Cleaver, Shona Grissom of Memphis as Madame Zorelda. Neighbor ladies include: Dee Dee Laumbach of Hope, New Mexico, and Tracie Ives of Follet. The production crew includes: Deana Rucker of Canadian on sound, Pamela Ehly of Nazareth on publicity. Members of the Sheriff's posse include: Bill McDonald of Perryton, Rusty Shahan of Harmon, Oklahoma and Kyle White of Arnett, Oklahoma.

## Bob Wills Day Expected To Attract Over 10,000

Calls have been coming in about the annual Bob Wills Day Celebration from all over. As always, it will be held the last weekend of April, which will be on the 28th and 29th, this year.

A crowd of over ten thousand will pack into

Turkey from all over the country. Some will come as early as Monday or Tuesday, to visit city residence and/or to assure they get their favorite parking space.

This year, the Texas Wagon Train is planning a return visit. They have reserved a portion of the city park for their wagons.

A new attraction this year will be the horse-shoe throwing contest. It will be held on the grounds at the old Turkey High School, near the Bob Wills Center.

The souvenir shop will also be open on Friday; with t-shirts, as well as other items available.

Two big-top tents are scheduled for the arts and crafts show and sale. Chairman Paulette Lipscomb has been busy taking reservations for tent space since last month, and

promises a bigger turn out of craft items for the show.

The Old Fiddlers Contest, which has grown into quite an attraction in itself, will be held Saturday at noon in the dance room of the Center. Each year adds more talent and draws bigger crowds, so bring your lawn chair, and come early.

Jane Johnson of the Queens Committee has assured us a new queen will be crowned and will be on hand all day Saturday, and for the dance as well.

The Texas Playboys will host an outdoor concert Saturday afternoon at 2:30 p.m., at the Old Turk Stadium near the Center, as well as play for the dance on Friday Night.

The 4-H group will be selling homemade ice-cream again this year, this means we need to get out the o'l freezers and crank up a gallon to donate to them. Ice-cream sales is the only fund raiser the 4-H'ers have. They are the only group allowed to sell food items, outside of the Bob Wills Foundation.

The parade will begin at 10:30 a.m. Saturday. Anyone wishing to enter should call Lorene Setliff or Rita Guest.

The Bob Wills Museum will be opened all week. Movies of Bob Wills will be shown in the Old School Building all day Saturday. Local residents will be serving up barbeque beginning at 11 a.m. in the cafeteria.

### Submarine Veterans Planning Reunion

The Texas Chapter of the U.S. Submarine Veterans of World War II is trying to locate all submarine veterans who served on U.S. Submarines or in submarine relief crews during World War II between December 7, 1941 and December 31, 1946. All submarine Veterans and their families are invited. Anyone knowing the whereabouts of Submarine Veterans is requested to notify them of this reunion.

The reunion will be held in Ennis, Texas, April 14-15, 1989, at the Ennis Inn, commencing with registration on Friday, April 14. A business meeting will be held Saturday morning, April 15, followed by sightseeing tours in the afternoon, and a banquet that night. A memorial service will be held at noon on Saturday at the Veterans Monument.

For more information, inquiries should be directed to Claude Boucher, Rt. 3, Box 96D, Kemp, Texas 75143, or call (214) 432-4073.
