Conservation Nationwide 4-H Project CONSERVATION IS THIS NOT THIS

What is conservation? If 10 people were asked, in all probability there would be 10 different answers.

But if they were asked who is responsible for conservation of the nation's natural resources, they would undoubtedly answer, "Everyone!" And they would be right.

4-Hers Participate

Conservation is everyone's business, even youngsters. Proof of this is in the national 4-H Conservation of Natural Resources program which involves parents, children, educators, and conservation specialists. The 4-H members carry out projects in soil and water conservation, wildlife preservation, reforestation, and anti-pollution.

The farm boy works to prevent soil erosion, water contamination, forest fires, drought and damage to crops and livestock. This boy wants to learn about soil testing, irrigation, land management, weed and insect control to insure profitable farming operations.

Urban 4-Hers are concerned with protecting towns and cities from air and water pollution, blight and deterioration. They want to enjoy fishing and swimming in recreational areas where they can catch a prize fish instead of an old boot, or dive into a clean lake instead of one contaminated with rubbish or harmful bacteria.

Raises Pheasants

Among the nation's leading 4-H conservationists last year was a teenage boy whose project included raising pheasants for the New Jersey State Division of Fish and Game in connection with wildlife preservation. Another lad perfected a conservation demonstration for television viewers in the West Central part of Colorado. Both boys were involved in county-wide conservation activities.

Courtesy National 4-H Service Committee

Awards Offered The 4-H Conservation club members now exceed a quarter million. They are guided and assisted in their individual projects by adult leaders, county extension agents and other qualified persons. Parents often team up with their offspring in tackling the large, long-range projects.

Another participator is John Deere, the 4-H Conservation program sponsor. For the fifth straight year, John Deere has provided funds for county, state and national awards given annually to 4-Hers who have completed the best conservation projects in the three categories of competition.

The highest award is the \$600 national scholarship presented to six national champions. State winners are delegates to the National 4-H Congress in Chicago, and county winners receive the conservation medal.

FLOMOT HD CLUB MET FOR ANNUAL VALENTINE PARTY

The Flomot Home Demonstration Club met for its annual Valentine Party last week.

DEPUTY GRAND MATRON VISITS QUITAQUE OES CHAPTER

Deputy Grand Matron Mrs. Frankie Henson of Clarendon made her official visit to Quitaque Chapter No. 578 Thursday night, February 6. A very delicious salad supper was served to 20 members and five visitors at 6:30, prior to the meeting, which began at 7:00 o'clock.

Secretary pro-tem, Mrs. J. T. Persons read the minutes and correspondence.

The Deputy Grand Matron gave many useful instructions, and commended the local chapter on its activities. The Worthy Matron, Cora Grayson, reported that two more books had been bought and donated to the public school library in memory of Mrs. Margaret Burnett, mother of Mrs. Mary Lou Pailey, and G. T. Sauls, brother of Bill Sauls. Mary Lou and Bill are members of the Quitaque Chapter.

The five visitors present were Deputy Grand Matron Mrs. Frankie Henson, Redell Henson, Mrs. Thelma Bairfield, Grand Committee of Jurisprudence, W. M. Kennedy and Mrs. Anne Kennedy, Grand Committee of Fraternal Visitation, all of Clarendon.

A five dollar money corsage was presented to the Deputy Grand Matron from the local Chapter as a token of appreciation.

Mr. and Mrs. Tom Persons and Tommy Lee of Tullia were dinner guests Sunday before last at the home of his father and wife, Mr. and Mrs. Ray Persons. Ronnie Hutcheson and a friend, Wayne Schrant of Canyon were also present at the Persons home.

A NEW CHURCH FOR A NEW AGE

We turn our attention this week to the age-level coordinators who are members of the local church Council on Ministries.

The Charge Conference shall elect annually a coordinator of children's ministries, a coordinator of youth ministries, and a coordinator of adult ministries. Each of the coordinators shall study the needs of the age group and the goals of the local church ministries and coordinate the planning and implementation of a unified and comprehensive ministry with the age group. He shall serve as liaison with organizations, persons, and resources in and beyond the local church which relate to his age level. He shall represent on the Council of Ministries the concerns of age-level organizations when they are not otherwise represented.

The Charge Conference shall

800,000 people leave the farm each year—* To make a national problem even greater!

The problem is not, "Who will produce the food?" Tremendous technological development, and efficient farming methods, see to that.

Yet their backgrounds fit them for agri-business pursuits, at a time when agri-business jobs, vital to national survival, are going begging.

It is problems like these that the National Farm City committee is helping solve. Encouraging youngsters to pursue agri-business careers is one of its activities. The National Farm-City Committee is a non-profit organization which highlights its annual year of effort with National Farm City Week. This year Farm City Week is November 22-28. Participate in Farm City Week in your community. Help solve the problems of people and their potential.

elect annually a coordinator of family ministries who shall work with the age-level coordinators and the Council on Ministries to develop a family ministry for the local church, taking into consider-

ation the suggestions of the general Church agency and the Annual Conference agency responsible for family life. He shall keep the Council on Ministries aware of resources and activities to be used in planning family activities in the church and home, in the guidance of families in Christian living in the home, in the preparation of youth for marriage, and in helping families find opportunities for service in the community and in the world.

Major concerns of the Church Universal and local church include ecumenical affairs, education, evangelism, missions, social concerns, stewardship, and worship.

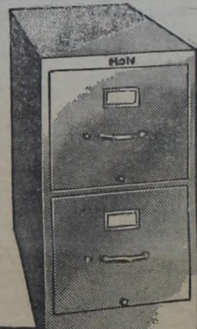

Each work area chairman shall obtain, from the program agencies, guidance materials and study the implications for the work area in the total mission of the Church;

shall interpret and recommend to the Council on Ministries ways of implementing the mission of the Church represented by the area; shall make specific recommendations of the work area for different age groups; shall serve as liaison within and beyond the local church.

When the size of the church and the extent of the program indicates the need, the Council on Ministries may choose one or more work area commissions. The commission shall work under the leadership of the work area chairman to expedite the concerns of the Council on Ministries in the area.

Next week we shall concern ourselves with the program agencies in the local church.

Committee Urges U.S. Fight Reds In Middle East

Formation of a nationwide organization of Americans for Permanent Peace in the Middle East was announced by Nicholas J. Constantine, attorney and business executive of 33 N. LaSalle Street, Chicago.

"Communist Russia is trying to take over the Middle East," warned Constantine. "The Russian alliance with the Arabs presents a serious threat to America. Israel, by protecting her own interests, is guarding America's interest."

He called on the United States to support Israel "until the Arabs agree to sit down with Israel and work out a peace settlement."

Any kind of an imposed peace won't necessarily last," Constantine noted. "As long as there is turbulence in the Middle East, Russia will be there as she is now with soldiers and missiles, threatening America's vital interests in that part of the world."

Constantine said, "Americans for Permanent Peace in the Middle East would sponsor a national advertising program to alert America to the danger and to urge a letter writing campaign to senators and congressmen in support of Israel."

The first ad reads: "You don't have to be Jewish to be concerned about Israel and the Middle East. You have to be an

American and see that Communist Russia is trying to take over the whole area.

The Russians are trying to pull another Cuba in the Middle East. They are setting the stage for putting nuclear missiles in Egypt.

The Russian alliance with the Arabs presents a serious threat to America. Israel, by protecting her own interests, is guarding America's interests.

We cannot let the Communists win that part of the world. And Israel won't let them!

Russians are sending men and giving the Arabs planes, tanks, missiles and munitions — GIVING not selling — more than Two Billion Dollars' worth of war equipment and thousands of soldiers as "advisors."

Israel wants no American soldiers to defend her democracy. Israel wants to BUY the equipment she needs to protect herself until the Arabs agree to sit down with Israel and work out a peace settlement.

The United States must give Israel this encouragement. This small country is the ONLY democratic country in the Middle East. There, Israel is facing our common enemy alone.

Write to your congressman, your senator. Fight communism in the Middle East before it spreads to the rest of the world.

CANCER'S WARNING SIGNALS

- 1 Unusual bleeding or discharge
- 2 A lump or thickening in the breast or elsewhere
- 3 A sore that does not heal
- 4 Change in bowel or bladder habits
- 5 Hoarseness or cough
- 6 Indigestion or difficulty in swallowing
- 7 Change in a wart or mole

These signals do not usually mean cancer, but they are warnings; if one lasts more than two weeks, it is important to go to your doctor.

Travel Trailers Flood Highways

During vacation months, it often seems as if there are only two types of Americans — those who travel from one motel to another and those who travel with trailers. Drivers fighting traffic on the highways during the summer months might feel

trailer and adjust the brakes differently for long, heavily supplied trips, than for short, lightly provisioned trips.

Also available, and growing in popularity, are surge hydraulic brake systems, which are totally self-contained in the trailer and adjust themselves automatically to allow for increased weights and/or hard and soft speed stopping.

These systems work by utilizing the momentum of the trailer. As the driver applies his brakes, the forward motion of the trailer against the hitch automatically applies the brakes through a hydraulic master cylinder similar to the car's system.

Officials of Atwood Vacuum Machine Company, Rockford, Illinois, also point out that because the braking system is totally self-contained, with no direct connection into the car's system, the same trailer can be towed by any number of different vehicles, with no special brake wiring needed.

A patented system also makes it impossible to lock the brakes in a panic stop, thus preventing dangerous skids and jack-knifing, according to Atwood.

Shirrtail Sermon

Today we live in a land in which we are greatly blessed and are able to possess many wonderful things. But we, also as creatures made in the image of God, have other possessions we may use as we please. They are: our lives, our souls, our future or eternal destiny, and our decisions.

In James 4:14, the writer says "For what is your life? It is even a vapour, that appeareth for a little time, and then vanisheth away. Life is short and death is certain. The way that we live in the world will determine where we will live after this life. Are we going to waste our lives, doing nothing for the Lord, and be eternally lost? If we expect to reap eternal life, the Lord expects us to use our lives in service to Him. In Matthew 16:26, Jesus asked,

"For what is a man profited, if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his own soul?" All men are blessed with a soul or spirit, the part of God which is indwelled within us. When men die, they lose their physical existence, but they still have hope of eternal life. But when a man dies spiritually, all hope is gone, and at the judgement he can expect the righteous judge to proclaim, "Depart from me, you cursed, into the eternal fire prepared for the devil and his angels." What a terrible thing it will be to be eternally banished from the presence of God.

Today we live and the future is ahead of us. Our future destiny may be eternal life or everlasting punishment. The decision is ours

to make. Joshua of old advised the people of his day in Joshua 24:14-15 to, "Now therefore fear the Lord, and serve Him in sincerity and in faithfulness . . . And if you be unwilling to serve the Lord, choose this day whom you will serve . . . but as for me and my house, we will serve the Lord."

This is my exhortation to you: obey the Lord's commandments and serve Him faithfully to the end. Then you may have hope of eternal life with God, Christ, and the saints of all ages.

MRS. BOBBY EDWARDS IS COMPLEMENTED WITH SHOWER

The bride of Bobby Edwards of Amarillo, a former resident of Turkey, was honored with a bridal shower, held at the school cafeteria in Turkey, Friday, February 14, from 3 to 4:30 p. m. Her chosen colors of pink and white were used throughout the decorations. The refreshment table was laid

with a pink lace cloth over white and centered with a bouquet of pink roses and flanked on each side with pink candles. Mrs. Jessie Ray Jones presided at the serving table.

The hostesses' gift was a steam iron and an ironing board.

MISS CANDICE WEATHERLY WEDS DAVID L. LEMONS ON FEB. 8 IN CEREMONY AT MEMPHIS

The First Baptist Church at Memphis was the setting for the Saturday evening, February 8 wedding uniting in marriage Miss Candice Weatherly and David L. Lemons. The double ring nuptial vows were read by the Rev. John W. Bobo, pastor of the church.

The bride is the daughter of Mr. and Mrs. James W. Weatherly of 815 South 8th, Memphis, Texas.

Parents of the groom are Mr. and Mrs. Zeno Lemons of Memphis.

The altar of the church was decorated with baskets of white gladioli and chrysanthemums sided by tiered candelabra and fern. Miss Georgia Lipscomb of Plainview, cousin of the bride sang, "Because" and "Whither Thou Goest," accompanied by Mrs. Gerald Knight at the organ.

Candles were lighted by Barry Weatherly, brother of the bride, and Mitchie Lipscomb of Turkey.

Escorted to the altar by her father, the bride wore a formal wedding gown of white bridal satin with re-embroidered and beaded Alencon lace, fashioned with empire waistline, long petal point sleeves and scalloped neckline. The bodice of the gown was of Alencon lace accented with seed pearls. It featured a wateau train of satin which was applied with

Her fingertip veil of lace edged silk illusion fell from a coiffure of chantilly lace, highlighted with pearls and droplets.

She carried a crescent bouquet of white roses, stephanotis and English ivy atop a white Bible. She wore a traditional something old, a necklace from her grandmother, her gown was something new, a blue garter borrowed from Mrs. Gray Birkhead of Tyler, and a sixpence in her shoe.

Miss Candice Tolliver was maid of honor and Miss Pat Morgan was bridesmaid. Both are from Dumas.

Lyn Weatherly of Haskell was flower girl and Rodney Ayers of Colorado Springs, Colo. was ring bearer.

Roger Hargrove of Memphis served as best man, and Patrick Custer of Dallas was groomsman.

The bride's attendants wore dresses of sweetheart red velvet, styled with empire waistline, scooped neckline and elbow-length sleeves. Their headpieces were of matching velvet and silk organza orchids with red illusion veil. They carried colonial bouquets of white baby mums centered with a heart of red carnations.

Mrs. Weatherly chose for her daughter's wedding a three piece alabaster suit with Navy accessories. Her corsage was of red carnations.

Mrs. Lemons, mother of the groom, wore a two-piece pink suit with matching accessories. She wore a white carnation corsage.

Ushers for the occasion were James Lipscomb of Turkey and Robert Maddox of Comanche.

A reception was held following the ceremony in Fellowship Hall of the church.

The serving table was covered with a white lace cloth centered with an arrangement of red ribbon mums.

A three tiered white wedding cake was served with punch, coffee, nuts and mints. Members of the house party were Mmes. Earl Newell, Dodge City, Kan.; Charles Lipscomb, Plainview; James Gardshire, Richard Ensminger, Ft.

Worth; A. J. Goldsmith, Dumas; and O. F. Goldsmith, Amarillo.

The bride chose a black and white checked linen suit for a wedding trip to Oklahoma City. Her corsage was of red rosebuds.

After February 15 the couple is at home on Bridgeport Ave. in Granbury, Texas.

Courtesies honoring the bride included a bridal shower held January 30, in the home of Mrs. Joyce Webster, 713 N. 18th St. in Memphis. The serving table was covered with a white net cloth and centered with red carnations, flanked by red candles.

A bridal shower was also held February 1 in Dumas with Mmes. W. M. Tolliver, Edward Wheeler, Marlin Pierce, George Morgan, James Stidham, Austin Stewart, M. W. Hooper and Ernest Robinson the hostesses.

A rehearsal luncheon honoring the bride party was hosted by Mr. and Mrs. Zeno Lemons Saturday at noon at the O-Bar Dining Room at Memphis. The table was attractively decorated, carrying out the bride's chosen colors, featuring white tapers and an arrangement of red gladioli and white baby mums.

Guests for the dinner included the Rev. John Bobo, Mr. and Mrs. Patrick Custer of Dallas; Mr. and Mrs. Robert Maddox of Comanche; Miss Pat Morgan and Miss Candice Tolliver, Dumas; Miss Georgia Lipscomb, Plainview; Mrs. Gerald Knight, Roger Hargrove, Mr. and Mrs. James Weatherly, Candice Weatherly, David Lemons, and the host and hostess, Mr. and Mrs. Zeno Lemons.

Watershed Studies Now Underway

The Kent Creek Watershed directors met with Soil Conservation Service representatives recently to discuss completion of the Kent Creek Watershed project. SCS agreed to make several studies as a result of the meeting.

Local SCS technicians are making a study of the effectiveness of terraces, diversions, waterways, and grass planting in reducing runoff in the watershed. This study will also determine if more conservation practices are needed within the watershed. SCS engineers will also make a study of the

behavior of the channel improvement without drop structures. Both of these studies are needed to help the Kent Creek WC&ID complete the project.

Kent Creek Directors **Bert Grundy, Odis Reagan, Will Curry,** and **E. J. Hamilton** were present. **O. R. Stark** and **James Bailey** of the Cap Rock Soil Conservation District also attended the meeting. Local District Conservationist **Bob Rauch, Harry Rucker,** Area Conservationist, **Dan Huckabee,** Engineer, and **L. J. Lann,** assistant State Conservationist in charge of Watershed, Temple, Texas, represented the Soil Conservation Service.

U.S. Savings Bonds, new Freedom Shares

"Freedom must be at all times defended, because it is at all times besieged. Not all of us are called to fight on the battlefield. Buying Bonds, regularly, is as important to this nation in the long reach of history as almost anything we can do." President Lyndon B. Johnson.

Our men in Vietnam defend the cause of freedom—and help pay the cost of freedom too, through regular purchase of U.S. Savings Bonds. Would you like to show these men you're with them? Buy Bonds, and new Freedom
