Well, maybe not everything!

You know some things can't be answered by better machines. So, wherever we are, we go to church on Sunday. How about you?

Taking a chance

That's a high fence for a young man to walk, but take a good look at his face, and you'll see that he's not only determined to do it, but confident that he can.

Chances are, with this attitude, he won't slip. At least, he'll have far less chance of slipping than if he approached "fence-walking" plagued by self-doubt.

So many of us approach tasks, challenges, opportunities, with a nagging conviction of our own failure, even before we begin. We need more faith in ourselves. Self-faith comes only from a far greater faith! Faith in God.

Face up to your own "fence-walking." In the course of life, we all have to do quite a bit of it. Find the courage to start by listening to what your church has to say to you.

MRS. RICHARD E. HOWARD

Rogers-Howard Wedding Ceremony Directed By Father Of The Groom

College Heights Baptist Church marriage Miss Beverly Joan Rogers was the setting for the Saturday evening nuptials which united in Rogers, Jr., 1900 West 20th, and

Richard Earnest (Ricky) Howard, son of Dr. and Mrs. Fred D. Howard, 1611 Dallas, all of Plainview.

Dr. Howard, head of the Religious Education Department at Wayland Baptist College, directed the recitation of vows. The nuptial area was centered by an arch of candles flanked by baskets of yellow daisy mums and white stock. A wedding candle completed the scene.

Escorted and given in marriage by her father, the bride wore a floor-length gown of crepe fashioned with empire bodice with double rows of lace trimming the waistline. The lace trim was repeated on the wedding ring collar and long Bishop sleeves that gathered to wide cuffs closed by tiny pearl buttons. Her mantilla veil also featured the double row lace trim. She carried white daisy mums with yellow baby's breath and greenery on an engraved white Bible given to her by the groom. For something blue the bride carried a handkerchief carried by her mother in her own wedding and completed the tradition by placing pennies in her shoes coined in the year of the couples' births.

Nuptial music was presented by Donald Ramsey of Quitaque, organist, and Mrs. Weldon Findley of Littlefield, soloist. Candles were lighted by Jonann Rogers, the bride's sister, and Darrell Ramsey of Quitaque.

The bride's only attendant was her sister, Miss Rhonda Rogers. She wore a full-length gown of yellow crepe with fitted empire bodice and A-line skirt. The waistline was marked by white lace run with green velvet ribbon. Full long sleeves gathered to a wide cuff with pearl button trim, and a lace-trimmed wedding ring collar completed the bodice of the dress. She wore a yellow wide-brimmed picture hat and carried a green lace parasol with yellow daisy mums.

Kirk Long served as best man. Guests were seated by David Howard, brother of the groom, and Nick Williams.

Fellowship Hall of the church was the scene of the reception. Assistants were Miss Belinda Howard, sister of the groom. Mrs. P. E. Devers, Mrs. James Maples, Mrs. Walter Taylor of Quitaque and Leslie Burns of Norwalk, California, all aunts of the bride. The bride's table was covered with a green cloth overlaid with beige lace. Twin silver candleholders with yellow tapers completed the decor.

Mr. and Mrs. Howard will live at 1905 8th Avenue in Canyon when they return from their wedding trip to Colorado. Both will attend West Texas State University. The bride is a 1971 graduate of Plainview High School and has been employed at OK Radio and TV. The bridegroom graduated from Plainview High School in 1969 and has been attending West Texas State University.

A rehearsal party was hosted Friday night by the groom's parents in their home.

Out-of-town guests attending included Mr. and Mrs. Walter Taylor, Anna Jean Taylor, Mrs. Glen Roger Taylor, Quitaque; Mrs. Phil Barefield, Hereford; Mr. and Mrs. Doyle Ramsey, Donald and Darrell, Mr. and Mrs. John Rogers, sr. Mr. and Mrs. Bruce Price, Connie and Steve, all of Quitaque; Mr. and Mrs. L. C. Burns, John and Jim, Norwalk, California; Mr. and Mrs. D. M. Springer, Kress; Mr. and Mrs. Weldon Finley, Littlefield; Pam Mitchell, Bryan; and Mrs. Neta Howard of Houston, mother of Dr. Fred Howard.

Mr. and Mrs. C. C. Yates and Russ Yates have been in Oklahoma visiting relatives. They attended a funeral while there.

Mr. and Mrs. E. G. Wheeler left Tuesday for Oklahoma to visit Mr. and Mrs. Oscar Cogburn and Mr. and Mrs. Clifton Cogburn and family.

Mrs. Keith Green is visiting her father, Robert Chambliss, who is a patient in the Yoakum County Hospital in Denver City. Keith was to join her Wednesday. Mr. Chambliss is reported to be doing better.

Mr. and Mrs. Bill Turner and Mrs. M. A. Romines left Wednesday for a trip to Sierra Blanca, Texas. They were joined there by Mr. Romines. They traveled to the Big Bend National Park, returning by way of the Davis Mountains. They visited the Old Fort Davis National Historic Site and the McDonald Observatory. They returned Mr. Romines to Sierra Blanca, where he is working, and returned home Monday afternoon.

State Capital News

by Bill Boykin
Texas Press Association

AUSTIN, Tex.—An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing to the Texas Supreme Court the lower court's decision that the bill's "splitting" of 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long-standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high-placed state attorneys feel that if the Supreme Court upholds the August 2 district court finding, the chore of re-doing the job will fall to a five-member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature fails to do so in the first regular session after publication of each U. S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with these questions:

★Board is directed to meet within 90 days after the Legislature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no final Supreme Court ruling by this constitutional deadline?

★Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

★Since the 1970 census (on which lawmakers base their reapportionment) was published while the 1971 Legislature was meeting, could redistricting really wait until 1973 when the 63rd Legislature convenes?

AG OPINIONS

Attorney General Martin held that a new law requiring certain county officials to report to the county money they receive from operating private business in public property is unconstitutional.

In other recent opinions, Martin concluded: ★Use of automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

★Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

★Motor vehicle tax on rentals is due at the time of payment of rental charges. Legislature did not authorize credit or reimbursement for motor vehicle tax paid on original purchase price, when status of vehicle is changed from lease unit to rental unit.

SOME AUTO INSURANCE CUT

State Insurance Board ordered a 50% reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12% cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the Legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2% already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

TOURISM STRONG

Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to the Texas Tourist Development Agency.

Agency found business up 11% for the January-June period. Thirty-five main Texas tourist attractions, public and private, reported 17.3 million visitors, compared with 15.6 million in the same period in 1970.

HIGHWAY FUND HEARING ASKED

Gov. Preston Smith seeks a formal hearing before the U. S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10% federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED
Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condoning the eleventh-hour appeal though he opposes busing, were hit by U. S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED

Travis County grand jury investigation of profits by state officials in National Bankers Life Insurance Company stock has been delayed until August 17.

Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorio, former NBL president, told newsmen he came up with the idea for two controversial band deposit insurance bills in 1969, and there was no connection between the stock deals and passage of legislation.

SHORT SNORTS

Dr. James H. Perry of Baton Rouge, Louisiana, is new executive director of Southwest Educational Development Laboratory here.

Investigation is on of valuable historical documents stolen from State Archives and Austin area libraries.

Program to vaccinate all horses against Venezuelan equine encephalomyelitis in a six-state area will end August 15 with nearly 1.1 million vaccinated for VEE.

Revenue from cigarette smoking last month increased \$1.2 million over the 1970 figure for July — to \$17.6 million, reports the State Comptroller.

Personal income of Texans rose decisively in June, according to University of Texas Bureau of Business Research.

Texas Parks Department says restoration is underway on five Texas frontier forts — McKavett, Griffin, Lancaster, Richardson and Leaton.

ENJOY VACATION TRIP TO POINTS OF INTEREST IN WEST
Mr. and Mrs. Buddy Morris left Quitaque Saturday, July 10, accompanying Mr. and Mrs. Arthur Gregg to Amarillo where they spent the weekend. They left Amarillo Monday afternoon by plane 1:20 p.m. and arrived at the Los Angeles airport at 2:55 p.m. after making a stop delay in Albuquerque, New Mexico. They were met there by their son, Danny, and his son, Kevin, who drove

them to their home in Fountain Valley, California. They spent that week doing odd jobs and resting. They attended a baseball game between the Los Angeles Angels and the Detroit Tigers. Danny, Kevin and Buddy went to the bull fights in Tijuana, Mexico on July 18. The next week Danny started his vacation so he could visit with his parents and show them around. Danny's other son, Ronnie, is in the Marines, stationed at

San Diego, and having completed "boot camp" he was able to be home with them over the weekends. Danny, Kevin and the Buddy Morris' left Sunday morning for Las Vegas, Nevada, to visit her brother, N. D. (Pete) Witcher, and his wife. They stopped for lunch in San Bernadino, then started across the Mojave Desert where the temperature was 115°, entering Death Valley, where Danny told his parents it was the hottest place in the nation. They were in a nice, air-conditioned car and could not feel how hot it was until they put a hand out the window.

They arrived in Las Vegas at 2:30 and enjoyed barbecued turkey, dressing and all the trimmings. All the group but the Buddy Morris' enjoyed a swim in the Witcher's backyard pool. The Butch Witchers, a son of the Pete Witchers, joined them for a visit that night.

On Monday morning Mrs. Witcher and Mrs. Morris went shopping.

Tuesday the entire group had lunch at the Stardust Hotel in Las Vegas. In the afternoon, Mrs. Witcher, Mr. and Mrs. Buddy Morris and Kevin attended the Circus Circus, seeing beautiful girls perform on the trapeze with great ability, among other attractions. That night they were visited by Mayor Oran Gragson in their home.

The Morris' left Las Vegas Wednesday at 2:30, arriving back in Fountain Valley at 7:00 p.m., reporting a wonderful trip.

Thursday was another day of rest and everyday chores.

Friday at 6:30 p.m. they left for Anaheim to attend a Shriner's football game.

On Sunday they took a trip through the Safari where they saw every kind of animal you could see on an African Safari. The animals were enclosed with one high fence and came right up to the car. People are cautioned to keep their doors and windows closed. There were guards all over the place in Jeeps with iron bars on them.

The following Monday they drove out to see the Queen Mary which is docked in 30' of water just across the bay from Long Beach. They took a two-mile tour through and over it. They saw the 1935 model Daimler, the car which belonged to Queen Mary.

They stayed home and rested Tuesday and Wednesday.

Thursday, they drove to Hemet, California, about a hundred miles from Danny's, to visit a sister-in-law of the Morris', Mrs. Aline Roberts, who they found quite ill.

The next day, Friday, August 6, the BIG DAY finally arrived. Danny took his parents to see the Dallas Cowboys and the Los Angeles Rams football game played in the Los Angeles Memorial Coliseum. There were 87,000 paid admissions to the game, with approximately

Bridge over troubled waters.

It's easy to forget that emergencies *do* happen. And when there is a crisis, you'll need a nest egg to fall back on.

The Payroll Savings Plan is one of the easiest ways to make sure you've something saved for when you need money fast. When you participate in the Payroll Savings Plan where you work, an amount you designate will be set aside from each paycheck and invested in U.S. Savings Bonds. It's an effortless way to build up a reserve.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all

Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

Let's hope there are no troubled waters in your future. But remember, emergencies don't always happen to the other guys.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.

Now Bonds pay a bonus at maturity.
