QUITAQUE JR. HIGH TEAMS HAVE THREE GAMES LEFT

Quitaque Junior High basketball teams have only three games left to play before winding up their seasons. They are:
Feb. 3 - Silvertown there 6 p. m.
Feb. 6 Matador, here 7 p. m.
Feb. 10 - Silvertown here 6:30
Everyone should make an attempt to turn out and support these teams. You will find that their games are almost as exciting as the high school games.

Mr. and Mrs. Robert Chambliss of Plains visited their daughter and family, Mr. and Mrs. Keith Green and children, Thursday night and Friday of last week.

Earl Lee Woods underwent emergency appendectomy at Plainview Hospital and Clinic Saturday morning. He returned home Monday afternoon and is doing fine.

The State Legislature is now in session in Austin and there will be a bill introduced that makes several drastic changes in the public school systems of Texas. This bill will be a result of a study made by 15 people appointed by Governor Connally in 1965 to make a study of the schools of Texas and have prepared a report by the time the Legislature meets in January 1969 for consideration by that body of lawmakers.

The committee has worked during the past four years and the report has been placed in the hands of members of the Legislature and many other people. The Legislature appropriated \$100,000 in 1966 to help pay for this study and again in 1967 appropriated \$150,000. Several recommendations are included in this report in regard to changing the public school systems of Texas and some of them are good but there are some of the recommendations that seem without doubt to be based on a poor foundation of logic and reason. The two main recommendations that this article will deal with will be the district reorganizations of the schools and the tax provisions that will be enacted to pay for the new educational system.

Let us take a look at the district reorganization plan according to the bill that will be introduced during this session of the Legislature. The number of Average Daily Attendance for the best operation of the ideal school will be 2600 pupils. In order to take care of the absenteeism another five percent must be added to increase the number of pupils to 2700 in membership to achieve an ADA of 2600. The number of 1600 will be allowed provided some standards are met that will be required by the provisions of the Committee's recommendations. We must add another 80 pupils to this number to take care of absenteeism so then we would have 1680 pupils in membership in order to achieve an ADA of 1600. If the above numbers cannot be available for a school district, then a county school district may be created with less than the above-mentioned numbers. There would be one school district in each county that could not qualify for the number of 1600 ADA. A new school board would be appointed to serve until a regular school board election. The new board would determine what would be done with the existing school buildings now in use and also what needs the newly-created district would have for new buildings. This provision would eliminate a large number of schools that are well financed and have adequate personnel and buildings for maintaining a good school even though they might be classified as small by the Governor's committee. The supposition that a large school is a good school is the biggest fallacy that has ever been produced. If this supposition should be true, then New York would have the best schools in the nation, but facts prove they have the worst schools, with armed police walking the halls and patrolling the school grounds to prevent crimes against students and teachers alike.

Should this Committee's Recommendation become law, many

Quitaque Teams Still Unbeaten In District

Quitaque's high school basketball teams remain undefeated in district play after downing the Turks and Turkettes of Turkey High at Turkey Tuesday night. The Pantherettes took the open-

ing game 31-19 and Quitaque won the boys game 74-51.

With starting forward Sally Case sidelined with an ankle injury, Turkettes coach Roddy Seago had his team play a slow-down game, trying for the sure shot or foul shots. However the visitors jumped into a quick 8-1 lead and the Turkettes could not narrow the margin but very little during the entire game. Turkey pulled to within 5 points one time in the early minutes of the third quarter.

Kathy Wedge scored 17 points for the Turkettes and Lanita Farley made one free shot.

Jackie Cheatham dropped in 15 points for the Pantherettes, Sherry Stark hit for 10 and Barbara Chandler made 6 points. The Pantherettes are now 6-0 in district play.

The Turks played the Panthers on even terms in the early minutes of their game, and were down by only 6 points.

Rod Adamson tallied 16 points for the Turk to lead in that department; runnerup in the scoring was Mike King with 14 points, Rod Setliff hit for 11 points, Ike Ferguson made 5 and Junior Munoz made 4 points.

For the Panthers, Lyn Payne won scoring honors for the evening with 20 points; Johnny Pointer hit 18; Roland Hamilton 16; Stan Price 8; David Brunson 6; Perry Brunson 3; Larry Don Price 2 and Gary Chandler 1.

The Panthers are now 6-0 in the district.

The Turkey teams had an open date last Friday night.

Last Friday night Quitaque was at Flomot and won both games, and each game was won by the same margin, 31 points.

The Flomot girls played the Quitaque girls a close game at Quitaque earlier in the season but couldn't match the pace at Flomot Friday night as the Pantherettes won 73-42, Sherry Stark leading

the scoring parade in that game with 30 points. Jackie Cheatham hit for 22 points, Barbara Chandler 12, Glenna Ramsey 6 and Wanda Ramsey 3.

For Flomot Pam Morris scored 24 points, Anita Hunter 10, Susie Gilbert 5, Kay Turbyfill 2 and Lucy Reed 2.

The Panthers won 51-50. Hamilton scored 19 for the Panthers, Pointer 15, David Brunson 12, Payne 11, P. Brunson 10, Larry Price 6, Stan Price and Chandler 4 each.

Calvert led the Longhorn scoring attack with 16, Turner hit 11, Hunter 8, Green 5, and Whitaker, Wells and Lee scored 4 each.

Tuesday night of this week the Flomot teams hosted the teams from Estelline and won them both, the girls taking the Bearettes 38-33 and the boys winning 65-47.

Pam Morris led all scorers in the girls game with 20 points.

Johnny Turner hit for 19 points for the Longhorns.

Quitaque will go to Estelline Friday night to play their next-to-last game before the district tournaments. They will play their last regular game at Matador on Friday night of next week.

Turkey plays Matador there Friday night and will host Estelline Tuesday night of next week.

Flomot has an open date Friday night, and will play Matador Tuesday night at Flomot.

FLOMAT BAPTIST MEN LEAD CHURCH SERVICES

The members of the First Baptist Church of Flomot are proud of their men, and of the services the men arranged and participated in on Baptist Men's Day, Sunday, January 26.

Among those taking part in the services were L. D. Bilberry, Dan Kingston, Herb Martin, Calvin Franks, Warren Merrell, Coy Franks, Everett Shorter, Wayne Hunter, Michial Starkey, Steve Green, Billy Morris and Louis Shorter. A quartet composed of Dan Kingston, Clayton Bond, Wendall Morris and Herb Martin brought the special music in both services. These men and others made up the choir.

WEEKEND REVIVAL

The church is also looking forward to some great services Friday, Saturday and Sunday, January 31 through February 2. This is the time set for a weekend revival with the services to start at 7:00 p. m. daily, and at 11:00 a. m. on Sunday morning.

The revival team is from Plainview, with Bro. Alva Ray Marley preaching, and Bro. Sammy Nichols directing the music.

A fellowship after the Friday services will be in the fellowship hall with light refreshments served.

The church wishes to extend a cordial welcome for everyone to attend any or all of their revival services, as well as all regular services at any time, according to the pastor, Leo W. Cole.

home of Mrs. Willis Walker for a salad supper.

After the supper, Mrs. Robert Sexauer, Santa Rosa District President, of Memphis, presented a very informative program to sixteen club members and a guest, Mrs. Harrison, from Memphis.

Mrs. Bain introduced the speaker. Mrs. Sexauer asked, "Why do we belong to this club?" She answered by stating, "It is to widen our vista of life; to explore and reach out through service and patriotism on the international, national, state and community levels. We want to improve and assist in the good things and voice our objection to certain things that aren't good."

Mrs. Sexauer related many Federation accomplishments of the 11 million women members in the world, and added nine specific projects on which the Federation is working.

On behalf of the club, Mrs. Bain presented the district president with a gift.

Mrs. Harrison made a brief talk on her district office as poet laurette.

Next club meeting will be February 13 in the home of Mrs. Paul Meacham with Mrs. Bert Degan as leader on the subject, "Inter-American Affairs."

VERDEN TO DIRECT 1969 BRISCOE CO. SPELLING BEE

Bill Verden, Principal of the Silverton Elementary School, is the 1969 Spelling Bee Director for Briscoe County. Sometime before April 1, the Briscoe County Bee will be held and the champion will go to Amarillo April 19, 1969, for the annual regional elimination for the National Spelling Bee.

Last year, Joan Cross, daughter of Mr. and Mrs. G. W. Lee, was the Briscoe County Champion and placed tenth in the Regional Bee. The champion was a seventh grade student in Silverton Junior High.

The 1969 Golden Spread Bee will be co-sponsored by West Texas State University and the Amarillo Globe-News. L. J. (Jack) Edmondson, West Texas State University Director of Public Services, will be Bee Director for the Golden Spread. Again there will be a unique secondary contest—the Junior Spelling Bee, open to contestants from the sixth and lower grades.

Jana Cross, also the daughter of Mr. and Mrs. G. W. Lee, was the County Junior Champion for 1968. She was a sixth grade student in the Silverton Schools.

First place winner in the Golden Spread Bee will go to Washington to participate in the National Spelling Bee, scheduled for June 2 through June 7, 1969. The Washington trip includes several sight-seeing trips and entertainment, the annual Bee banquet and presentation of awards. The Golden Spread winner will also receive a traveling plaque, carrying the names of all Regional winners since 1949, to be placed in his or her school.

Other outstanding prizes for top contestants include a Zenith portable television, a 24-volume set of Encyclopaedia Britannica, several copies of the Lincoln Library a Britannica World Atlas and cash prizes.

Each County Champion receives an engraved plaque and gold pin. Each County Junior Champion is given a trophy and a silver pin during the intermission at the Regional Bee (but there is no regional contest among the juniors; they are merely guests of the Globe-News for the annual Spelling Bee luncheon to be held at the Amarillo Country Club.)

In the school contests each winner receives a Paper-Mate pen, inscribed "School Champion."

This will be the 42nd year for the National Spelling Bee, sponsored by newspapers throughout the 50 states, and the 21st sponsored by the Amarillo Globe-News.

"Words of the Champions" may be ordered from Mr. Edmondson, P. O. Box 728, W. T. Station, Canyon, Texas 79015. Price 20-cents each.)

Early Detection Will Help Defeat Cancer

What is cancer?
 All of us are well aware that cancer is a serious health problem, one of the major killers. But how many of us really know what cancer is?

A pamphlet of the American Medical Association explains that during the process of cell division—the basis of normal body growth and repair—cells become differentiated into the specific kinds needed for each organ or body function.

Each kind of cell divides into its own kind, equipped to do the job it was designed to do. Under certain conditions not yet completely understood, some cells do not differentiate in this way. They multiply in irregular and disorderly fashion and compete with normal cells for nutrition and space. These cell masses are called tumors.

Tumors that remain localized are benign tumors and may not be troublesome unless they mechanically interfere with some body function. Tumors that grow rapidly and destroy tissue are known as malignant tumors. These are called cancers.

Cancers may affect any part of the human body. They also attack animals and even plants.

In man (and most animals) the unrestrained growth of cancer cells will infiltrate vital organs and destroy them if not checked.

Cancers spread by infiltrating adjacent tissue, by traveling through the circulatory system and lymphatic system, or by any combination of these.

The cause of cancer in man is not known. If treated promptly and properly, some cancers are highly curable. One-third of all cancers in the United States are being cured today. Cancers are most readily curable before they have spread from their original locations. To be cured, they must be found early.

More than 300,000 persons will die of cancer in this country this year. About one-third of these might have been saved through earlier detection and treatment. 121867

PARENTS SEEKING NEWS OF MISSING DAUGHTER

Redlands, California—Monday, March 18, 1968, began as an ordinary day for Elizabeth Lurene Ernstein when she left home for classes at Moore Junior High in Redlands, California. But this Monday on the 18th of March was not to be an ordinary day.

Elizabeth's school day passed without incident. She attended her last class, then left school at 3:40 p.m. to walk home, a two-mile route through blossoming orange groves. She never arrived home. Somewhere along the lonely street Elizabeth Ernstein vanished.

There are no clues to her whereabouts, or even to what happened to the 14-year-old girl, other than a report from a Redlands businessman who was driving through the area. He thought he saw a girl resembling Elizabeth walking toward the corner of the street on which she lived.

To her parents, Norman and Ruth Ernstein, the months of uncertainty and anxiety over their missing daughter "are the deepest anguish a person can go through. It is a shock so deep you become wooden," the mother explained.

The Ernsteins are appealing nationwide for help in locating their daughter. Ernstein, a chemical engineer at Lockheed in Redlands, and his wife, a psychiatric social worker, have posted a \$5,000 reward for information that will solve the mystery of their daughter's disappearance. They have vowed, "We will not rest until we know."

Neither parent has rested since that first long night when their young daughter failed to come home. They have tracked miles through orange groves, fields, foothills, and canyons in and around the Redlands area. They have followed every lead, no matter how slight, in the search for Elizabeth.

"I can face the daytime better

than the night," the distraught mother said: "At night I find myself saying: 'Is she safe? Is she warm? Is she fed? . . . and finally . . . is she alive?'"

When Elizabeth, nicknamed "Liz" by her friends, left for school that March morning, she had only 25c with her. She was dressed in a blue dress with white flowers, tennis shoes and a dark-olive corduroy coat. Around her neck she wore a small gold chain with a pendant gold and blue star. Enroute home, she carried a red algebra book and a blue looseleaf notebook. Neither has been found.

Elizabeth is five feet, five-inches tall, weighs 105 pounds and had brown hair and brown eyes. She is one of five Ernstein children. The family lost one of these, a son, to polio in 1952.

"This, the second tragedy in our lives, is even greater because of the uncertainty," the desperate father said in his appeal to end the nightmare. "I can accept anything, even the worst, which I'm resigned to, but I must know."

Any information concerning young Liz Ernstein should be reported promptly to this newspaper or to Capt. Charles Callahan, San Bernardino County Sheriff's Office, San Bernardino, California, phone (714) 889-0111.

Visitors with Mrs. Joe David Payne on Friday of last week were Mrs. Charles Daniel of Graham, Mrs. Ben Baker of Follet, Mrs. Carroll Weatherly and Lex of Haskell, and Mrs. Jess Russell of Turkey. That night the Joe David Paynes drove to Turkey and attended a birthday dinner honoring Mrs. Jess Russell in the E. L. Hill home.

Mr. and Mrs. Gene Mayfield and family of Odessa spent the weekend before last with his parents, Mr. and Mrs. Jim Mayfield. This was the weekend between semesters and they came on Thursday and spent the weekend.

Mr. and Mrs. Ronnie Richmond and baby of Anson spent the past weekend with her parents, the Jim Mayfield and with his parents, Mr. and Mrs. E. D. Richmond of Turkey.

Mr. and Mrs. Corby Morris and Celia spent Monday night and Tuesday with his parents, Mr. and Mrs. Buddy Morris.

Mr. and Mrs. Joe David Payne and Lana visited Mr. and Mrs. Stanley Payne in Plainview Monday of this week.

Mr. and Mrs. Archie Payne and Sis of Lockney were guests for lunch Saturday of Mr. and Mrs. Joe David Payne and family.

Mrs. Hubert Dudley was in Plainview Tuesday and visited Mrs. Walter Kelley, Mrs. Roll Tyler and Mrs. Ralph Carter, all patients at Plainview Hospital & Clinic.

Mr. and Mrs. Calvin Franks made a business trip to Amarillo on Friday of last week.

Piercing Your Ears Can Be Dangerous

Do-it-yourself ear piercing, a practice that has recently become fashionable again, is risky, says Today's Health, the family magazine of the American Medical Association.

Piercing performed by an unskilled person increases the chances of infection and the development of scar tissue. The physician will carefully measure and mark the ears before piercing, because both ears may not be exactly alike. After piercing the ears with a sterile needle, he will insert temporary earrings or metallic wires, which are usually worn for three or four weeks until the wounds heal. This is a critical period and your physician's instructions should be followed carefully to prevent infection or closure of the opening.

The small, self-piercing ear-ring loops which are being promoted across the country are not considered safe, says Today's Health.

These devices have sharp points which are supposed to pierce the ears within a few days as they are worn. Infections requiring medical treatment have developed from the use of these self-piercers. Furthermore, it is difficult to be certain that the piercers are evenly placed on the ear lobes.

The physician will not pierce ears having any type of rash or

infection or if small cysts are present in the ear lobe. Persons subject to keloids (scar overgrowth) or who have this tendency in their family, or those who are allergic to nickel or other metals should not have their ears pierced.

A recent article in the Journal of the American Medical Association reported on two public school nurses who were "aghast at the number of girls with irritated, swollen and oozing ear lobes. In a class of 80 sophomores, ten had their ears pierced in the previous three months, and six of them reported inflammation and itching."

Ear piercing is not a very difficult procedure, but it can be risky in the hands of a non-physician. 122567

Johnson-Weigle Vows Exchanged Recently

Mrs. John Clyde Weigle Jr. — nee Shirley Yvonne Johnson

Miss Shirley Yvonne Johnson, daughter of Mr. and Mrs. Eiland Johnson of Turkey, and John Clyde Weigle, Jr., son of Mr. and Mrs. J. Clyde Weigle of York, Pennsylvania, were united in marriage in an impressive candle-light ceremony solemnized at 6:00 p.m. Saturday, January 18, in the Church of Christ at Turkey. Minister Claud L. Woods of Stanton

performed the double ring ceremony. The vows were exchanged before an arch covered with greenery, centered with white wedding bells and white satin bows, flanked by standing baskets of pale pink gladioli and hot pink carnations, with foliage of greenery and white bows. Candelabra on either side of the altar holding

lighted tapers complimented the setting. Garlands of white satin ribbon on lighted aisle candelabra lined each side of the aisle. Prenuptial music was played on the piano by Mrs. A. E. Gragon throughout the lighting of the candles. Larry House of Tullia and Bonnie Jack of Lockney, cousins of the bride, served as candlelighters.

Mrs. Rita Mullin and Mrs. Sandra Fuston sang "Oh, Promise Me" preceding the traditional Bridal Chorus. "Whither Thou Goest" was sung as the couple knelt on a satin covered kneeling bench before the altar. The recessional Wedding March was played at the conclusion of the ceremony.

Mrs. Virginia Kay Wolf of Red Lion, Pennsylvania, sister of the groom, was matron of honor, and Dianna Johnson, sister of the bride, was maid of honor. Each wore identical formal length gowns of pale pink peau de soie styled with an empire waistline, with a bow of folds of self fabric in the back, and a bell shaped skirt, fashioned as the bride's gown. The headpieces were of matching pale pink velvet-looped ribbon and tiered pink tulle. Each wore long white gloves and carried a single American beauty rose.

Bridesmaids were Joan Lyles and Laura Eudy of Turkey. Each wore identical gowns of hot pink peau de soie styled as the matron and maid of honor gowns, and each wore long white gloves and carried a single long-stemmed rose.

Serving as best man was Jay Wolf of Red Lion, Pennsylvania, brother-in-law of the groom. The groomsmen included Leonard Patton and Carl Heilman, both of McKee's Rock, Pennsylvania; Louis Ruzziuto, Reading, Pennsylvania; Gary House, Tullia, cousin of the bride, and Frank Profit, Mt. Carmel, Pennsylvania, served as ushers.

Michael House of Tullia and Christie Jack of Lockney, cousins of the bride, were ring bearers, each carrying a white satin heart-shaped pillow edged in lace with streamers of white satin ribbon knotted with forget-me-nots. Both wore hot pink formal gowns and headpieces identical to the bridesmaids.

Jeanna Mullin was flower girl, wearing a pale pink formal gown and headpiece identical to the ma-

tron and maid of honor. She carried a basket of hot pink carnations and tulle.

Miss Rhenda Gafford of Turkey presided at the registry table at the church and later at the reception. The table was laid with a hot pink cloth overlaid with a light pink net featuring a double ruffle around the bottom. A single rose from the bride's bouquet lay across the registry book.

Escorted by her father to the altar, the bride wore a long formal wedding gown of peau-de-soie in empire styling with a bell-shaped skirt. Jeweled Alencon lace covered in tiny seed pearls outlined the neckline, extending out over the shoulders and at the waist. Tiny covered buttons closed the sleeves and back of the dress. Cut out motifs were applied on the long sleeves and chapel length train which fell from the high waistline. A graceful bow of folds of the fabric was placed at the waist just above the train. The banded outline of the empire waistline was also centered with the same lace medallions. Her elbow length veil of silk illusion was held in place with a double queen's crown made of Alencon lace. The petals were completely outlined in seed pearls.

Little Laura Fuston served as train bearer, wearing a white dress and a headpiece fashioned as the bride's.

The bride carried a cascade of white roses atop a white Bible, a gift from her maternal grandparents as a child. A gold ring belonging to her maternal grandmother was tied in the streamers of the bouquet, serving as the traditional something old and borrowed. Something new was her dress, and she wore a blue garter. Just before the ceremony her sister placed a penny in her shoe.

For her daughter's wedding, Mrs. Eiland Johnson wore a two-piece knit suit of silver grey with darker grey shoes, white gloves and a white beaded evening bag.

Mrs. J. Clyde Weigle wore a suit dress of mauve knit with silver accents, complimented with silver accessories. Both mothers wore corsages of white carnations. Mrs. Beulah Keiser of York, Pennsylvania, grandmother of the groom, and Mrs. Sam Jack of Lockney, grandmother of the bride, wore corsages of white carnations.

Following the wedding ceremony, the bride and groom were honored with a reception held at the Turkey Cafeteria with Mr. and Mrs. Eiland Johnson as host and hostess. The receiving line was composed of the host and hostess, the groom's parents, Mr. and Mrs. J. Clyde Weigle of York, Pennsylvania, sister and brother-in-law of the groom, the honorees and the attendants of the bride and groom.

The guests were served from a table laid with a hot pink cloth under a hand-crocheted table cloth, made by the bride's great-grandmother almost 30 years ago, a family heirloom. The centerpiece was created of American beauty roses, and baskets of gladioli and carnations stood at each end of the table. The four tiered wedding cake was served by Mrs. Jerry Talley of Amarillo, cousin of the bride, and Karen Arnold of Canyon served the punch. Crystal and silver appointments were used throughout.

The bride chose an off white bonded wool knit suit with black accessories, and wore a white rose corsage taken from her bridal bouquet, for a wedding trip to Ruidosa, New Mexico.

Mrs. Weigle is a 1967 graduate of Turkey High School, and is now a Sophomore at West Texas State University, majoring in psychology.

The groom is a 1964 graduate of William Penn Senior High School and is now a Senior at West Texas State University, majoring in physical education.

After the wedding trip, the couple will be at home in the University Apartments in Canyon, Texas.

WEDDING PARTY

Mr. and Mrs. J. Clyde Weigle were host and hostess for a wedding party at the Busy Bee Cafe in Turkey Friday evening before the wedding. Guests included Mr. and Mrs. Eiland Johnson and Dianna, Mrs. Rita Mullin and Jean-

na, Mrs. Wilda Fuston, Channaine and Laura, Mr. and Mrs. Jay Wolf and Jennifer, Mrs. A. E. Gragon, Otho Stubbs, Laura Eudy, Joan Lyles, Leonard Patton, Carl Heilman, Louis Ruzziuto, Frank Profit, Mrs. Sandra Fuston, Mr. and Mrs. Claud Woods, Mr. and Mrs. Elven House, Gary, Larry and Michael of Tullia, Mr. and Mrs. Delton Jack, Regenia, Bonnie and Christie of Lockney, Mrs. Beulah Keiser of York, Pennsylvania, Shirley Johnson and John Weigle, and the host and hostess.

Mr. and Mrs. Scott Bolton were in Plainview Friday of last week for his medical check-up. Mrs. Roy Hunter accompanied them. They visited Mrs. W. R. Tyler, mother of Mrs. F. Payne who fell on Monday of last week at her home and broke her hip. The Boltons and Mrs. Hunter visited Theo Geissler and Mrs. H. J. Bailey at the Heritage Home. They stopped back by Lockney and visited the local folk

at the Convalescent Home there. Mrs. Hunter and Mrs. Bolton visited the Home in Lockney again Thursday of last week.

Mr. and Mrs. Rayburn Morgan of Lubbock visited his mother, Mr. and Mrs. John Boyles, Sunday. Rayburn was in an accident about 3:00 a.m. Saturday morning and had a very narrow escape. He drives a Furr Wood truck and went to sleep just this side of Midland. He hit a sign post and the windshield shattered hitting his face and filling it full of broken chips of glass. His mother told the Tribune staff his face looked like it was perforated with pinholes.

Mr. and Mrs. J. T. Rogers and girls visited the Boyles and their visitors in the afternoon.

Mr. and Mrs. Bonnie Brown and children spent Sunday before last with his sister and family, Mr. and Mrs. D. W. Farley, in Anson.

The Rev. and Mrs. Lemy Pike and daughter, Charlene, moved to Childress Wednesday of last week. Mrs. Hubert Dudley stopped in the Tribune Monday morning and reported she had word from the Pikes that they had already entered fully into the work there. Bro. Pike has been voted by the church as Presbyter of the East Plains District, and Mrs. Pike has been elected W.M.C. president of

the same district. They have a nice, four-bedroom brick parsonage in which to live. They are very enthusiastic about their work.

R. L. Patrick spent Sunday with his son and family, Mr. and Mrs. Eldon Patrick and children, in Amarillo, and he brought his wife home after she had spent last week visiting her son and family.

Kirby Chandler, small son of Mr. and Mrs. Jack Chandler, spent last week with his grandparents, Mr. and Mrs. Jim Stell, in Friona. The Stells brought him home Sunday and visited their daughter and her family.

Mr. and Mrs. Jack Cheatham visited his brother, Bill Cheatham of Brownfield, in the hospital in Lubbock Sunday. He is waiting possible surgery.

Walter Waters, brother-in-law of Mrs. Bruce Gibson of Turkey, died last Friday in the Heritage Home at Plainview. Funeral services and burial were at Silvertown Sunday. Mrs. Gibson attended the funeral.

Mr. and Mrs. Denny Fuston and family of Panhandle visited their parents, Mrs. Hazel Fuston, and Mr. and Mrs. Jack House, over the weekend.

Mrs. Buster Chadwick and daughters, Stephanie, Laqueta and Stachia, and her mother, Mrs. Guy Smith of Turkey, were in Amarillo Saturday to see the eye doctor. They visited Brent Mullin and Boyd Smith in the Northwest Texas Hospital. Brent had an accident while riding a motor scooter a few weeks ago, and Mr. Smith, brother of Guy and Roy Smith, suffered a heart attack recently.

Mr. and Mrs. Buster Chadwick and girls and Mr. and Mrs. Vance Robison and girls were dinner guests Sunday of their parents, Mr. and Mrs. Guy Smith, in Turkey.

QUICK TIPS for Smooth Trips

By Paula Johnson
Woman's Representative
American Oil Company

With one of today's new travel gadgets, you can take a coffee break without leaving the car. (For safety's sake, you should stop driving, though.) The gadget—a kit for heating beverages right in the cup—comes packaged in a zipper bag that slides easily into the glove compartment. In the bag are small plastic mugs; spoons; containers for tea bags, bouillon, or instant coffee, and an electrical heating element that plugs into the cigarette lighter. Hot drink kits—in two- and four-cup sizes—are available in travel or notions sections of most department stores.

Even though you have to wash things out occasionally, taking a minimum of clothing makes travel easier. A compact twisted-elastic clothesline makes the occasional handwashing easier. No clothespins are needed. In your hotel or motel, you simply stretch the line between towel racks, for example, fastening it by its end hooks. Then, by taking at least two corners of each garment you hang and inserting them between "twists," you can arrange your wash so that it stays up by itself until dry. Stretch clotheslines, too, are available at most department stores.

Traveling with a trailer? Be sure it is equipped with a sturdy set of tires.

Most boat and camping-trailer tires are specially designed for the rigors of high-speed highway travel, as well as the jolts of rough, rocky back trails. The toughest tire, though, can suffer from improper care. Correct inflation, especially, is vital to the life of the tires and the safety of your trip.

The right air pressure depends on the load you're carrying, the speed you're traveling, and the size of the tires themselves. Trailer tires need only enough pressure to retain their normal shape, yet they shouldn't be underinflated. Underinflation can cause the trailer to weave, especially at high speeds. Weaving can also occur if the rear tires of your car have too much or too little pressure or if the trailer tongue isn't heavy enough to balance the trailer well. (You can get maintenance pointers for your particular equipment from your tire manufacturer or service station dealer.)

If you're pulling a trailer for the first time, take a short trial run with it—loaded—before your trip. Practice will give you an experienced feel for the added weight and the way it shifts as it follows your car.

Particularly for women and even for men, tire changing is messy business. Now, with a new automatic tire-inflator-and-sealer, the typical flat can be fixed in moments, no packing necessary. The remedy, which can be used on tube or tubeless tires, comes in a hermetically sealed can with a plastic top that flips off for easy application. The spout-nozzle of the can fits onto the valve of the sagging tire and, with slight downward pressure on the can, the sealing compound flows out and into the tire, reinflating it to original size.

The motorist disposes of the empty can, climbs back behind the wheel, and drives away. (Driving the car immediately helps the compound circulate and seal properly.) The inflator/sealer can't be used for blowouts and it doesn't substitute for a professional repair job, but it's the temporary solution to most flat-tire problems: punctures, breaks, tears, or separated treads.

CANCER'S WARNING SIGNALS

- 1 Unusual bleeding or discharge
- 2 A lump or thickening in the breast or elsewhere
- 3 A sore that does not heal
- 4 Change in bowel or bladder habits
- 5 Hoarseness or cough
- 6 Indigestion or difficulty in swallowing
- 7 Change in a wart or mole

These signals do not usually mean cancer, but they are warnings; if one lasts more than two weeks, it is important to go to your doctor.

AMERICAN CANCER SOCIETY

Family Fare by Betty Crocker

A reader writes — "I'm cooking for a family of five and suffering from tired menus. Can you help?" One of the menus we'll share with this friend is printed below. It's a fine meal for a wintry evening. Easy, too. The Ham Loaf can be prepared and refrigerated ahead, then baked at dinnertime. The fruit dumpling dessert is made at the last minute and cooks while the family eats. Other suggestions we like to pass along for family dinners—move to the dining room, bring out your most gay placemats, light the candles. A little showmanship stimulates appetites and conversation. Any more questions, anyone? I'd love to help.

DINNER FOR FIVE

- Ham Loaf
- Peas and Carrots
- Tossed Green Salad
- Sunshine Dessert

HAM LOAF

- ¾ pound ground cooked ham
- ¼ pound ground lean pork
- 1 egg
- ½ cup milk
- ½ cup dry bread crumbs
- ¼ teaspoon pepper

Heat oven to 350°. Mix all ingredients thoroughly. Press mixture into ungreased loaf pan, 9 x 5 x 3 inches. Bake uncovered 50 to 60 minutes. 5 servings.

Easy Horseradish Sauce: In chilled bowl, beat ½ cup chilled whipping cream. Fold in 3 tablespoons well-drained horseradish and ½ teaspoon salt. Makes 1 cup.

SUNSHINE DESSERT

- 1 can (13½ ounces) pineapple tidbits
- 1 can (11 ounces) mandarin orange segments
- 1 can (6 ounces) frozen orange juice concentrate
- 1 cup water
- ¼ cup cornstarch
- 2 cups New Bisquick
- 1 teaspoon cinnamon
- ½ cup milk

In large saucepan, combine fruit (with syrup) and orange juice. Blend water and cornstarch; stir into fruit mixture. Cook, stirring constantly, until mixture thickens and boils. Boil and stir 1 minute. Mix New Bisquick, cinnamon and milk with fork. Drop dough by 10 to 12 spoonfuls onto boiling fruit. Cook uncovered over low heat 10 minutes; cover and cook 10 minutes longer. 5 or 6 servings.

Plant nutrients that must be stepped up to bring about this increase are primarily nitrogen and phosphorus. For Briscoe County, 1,639 tons of nitrogen (N) and 240 tons of phosphorus (P205) were used last year, according to the Texas Feed and Fertilizer Control Service. The survey shows a county need for 3,000 tons of nitrogen and 572 tons of phosphorus.

Considered in the survey are acreages of the major crops, both irrigated and dryland, and the average fertilizer recommendations for each crop based on county soil test data and research proven fertilizer use practices.

Many farmers are using adequate rates, some are using excessive rates and others are using inadequate rates or no fertilizer at all. Here is where soil testing can be a real money saver and a money maker.

According to the survey, there

is an annual need for 480 soil tests in Briscoe County, assuming one sample every third year from each 80-acre field. For the district as a whole, only about 15 - 20 percent of this potential number is presently being tested.

Farmers and fertilizer dealers in Briscoe County are urged to come by my office for a look at this survey. District data is available from the Soil Testing Laboratory.

Farmers are encouraged to take soil samples and to submit them as soon as possible to get the jump on the coming crop year. The two dollars invested in each soil test can mean generous dividends when next year's crops are marketed. Information on sampling and mailing is available in my office also.

Shirttail Sermon

Joe Doe is a member of Blank Community Church. He was reared in a farming community in which no one was considered wealthy. He and the other members of his family worked in the fields alongside their father when possible—after school, on weekends, and during the summer.

Joe, his brothers, his sisters, and his mother attended church regularly. His father attended when a member of the family or a close friend died. "Church and Sunday School are for the women and kids," he was often heard to remark.

Joe graduated from high school and attended Nearby College for two years. At that time, he returned to his home community to farm for himself. Eventually, Joe married and started raising a family. He, like his father before him, decided that "Church and Sunday School is for the women and kids." His responsibility was put-

ting clothes on their backs, food on the table, and a roof over their heads. This seemed to require seven days labor every week. Joe, you see, was a very poor worker and poorer business man. While his neighbors worked six days and made just as much money as Joe, Joe had to work seven days.

When Joe died, as every man must, several questions came to the pastor's mind. Was Joe, at the time he made his vows to the church, a Christian? If so, what happened to turn him against the church? What can I say about Joe? The most pressing question of all was: what can I say to bring comfort to his family?

When you die, what can the preacher say to your family,

Go To Church Sunday

Teentime Partytime by Betty Crocker

When the teenagers are coming, think big. Plot your party refreshments, then double up on quantity. And to please their bottomless appetites, how about a batch of Fun Doughnuts? Or a double batch maybe? With an array of do-it-yourself frostings and toppings, which is what makes Fun Doughnuts fun. The teens frost them themselves while sipping Mulled Apricot Nectar. Real groovy, Mom. The doughnuts you can make ahead, you know. Then cool and freeze in plastic bags. On party day, thaw in freezer wrap. Or if you're in a hurry, remove from wrapper and thaw in 325° oven about 15 minutes. Now let's run through the recipes.

FUN DOUGHNUTS

- 2 cups New Bisquick
- 2 tablespoons sugar
- 1/4 cup milk
- 1 egg
- 1 teaspoon vanilla
- 1/4 teaspoon cinnamon
- 1/4 teaspoon nutmeg

Fun Frills (right)

Heat salad oil (3 to 4 inches) in heavy saucepan or deep fat fryer to 375°. Mix all ingredients except Fun Frills until smooth. Gently smooth dough into a ball on lightly floured cloth-covered board; knead 10 times. Roll 1/4 inch thick. Cut with floured doughnut cutter. Drop rings, 3 or 4 at a time, into hot oil. Fry about 1/2 minute on each side or until golden brown. Lift from oil with fork; drain on paper towels. Makes about 1 dozen.

Fun Frills: Set out several kinds of Betty Crocker Ready-to-Spread Frostings and bowls of chopped peanuts, flaked coconut, chocolate shot and colored sugar. Guests frost and decorate doughnuts as they eat them.

MULLED APRICOT NECTAR

- 1 can (46 ounces) apricot nectar
- 1/2 lemon, thinly sliced
- 2 cinnamon sticks
- 15 whole cloves
- 8 whole allspice

In large saucepan, combine all ingredients; heat to boiling, stirring occasionally. Simmer 5 minutes; remove from heat. Cover and allow to stand 30 minutes. Strain; serve hot. Makes twelve 1/2-cup servings. For munching, serve hot popcorn.

Children Are Natural Born Artists

Anyone who's ever watched a pre-schooler with a box of crayons or finger paints is probably aware that the gift of self expression is instinctive in young children.

A child's first adventures into art generally reflect his own world... his parents, pets, house and favorite toys all make great subjects. But all too often we well-meaning adults stifle this natural creativity with advice such as "the truck should be smaller than the barn". Of course he draws the truck bigger! Those things dearest to him are rarely in proportion. He likes trucks better than barns.

Don't discourage him; let him draw it as he "feels" it.

Any urban youngster's first visit to a farm is almost sure to inspire a "masterpiece" as he seeks to share his excitement with others. His model Farm Set and Pet Mobile by Nylint Steel Toys with their realistic farm animals and dogs will probably be pressed into duty as models while he paints trucks, horses, cows and dogs the way they "really look". (Just expect to find a stake truck and a collie dog bigger than a barn).

Art deserves encouraging. It brings out the best in a child. While it may not become his future career, it's sure to help him to become a happier, more imaginative and self-reliant individual.

Probably be made by the State Board of Education and this seems to be unfair and unreal to place this type of assessment plan upon local people throughout the state. One argument for the new educational plan is that it will cost less. Let us look at the figures: our school program will cost \$840,000,000 in 1968-69 and by 1978-79 under the new proposed plan it will cost \$2,108,000,000. This will probably call for a sales tax, an increase in the gas tax, personal income tax and a corporate income tax. In our area this will certainly be a hardship on farms and ranches since we do not have any industries in our area.

WHAT CAN BE DONE?

The question that is now in the minds of many people is: "What can be done about this new proposal to change our school systems and tax structure for school support?" The bill will be introduced that is for sure, due to the fact that over \$250,000 has been spent in making the study; therefore, everyone should write his or her Senator or Representative and let them know how they feel about these changes. Also write any other member of the Legislature and the new Governor of the state, Preston Smith. Some

suggestions for the most effective letters are as follows:

1. Write your own letter with a ball point, or a plain pencil, on plain paper or stationery.
2. Keep the letters in good taste and worthy of the position that each person occupies even though you do not agree with each other on issues.
3. Keep the letters short as many second pages are never read of letters received by members of the Legislature.

Some recommendations NOT TO DO about letters:

1. Do not send a mimeographed letter with a lot of names signed at the bottom as most members of the Legislature do not appreciate this type of letter.
2. Do not fail to mention the good things the members have done for schools in the past.
3. Do not fail to keep the welfare of the school children uppermost in your requests.

Those representing this area can be reached as follows:

- Honorable Jack Hightower
Texas State Senator
Capitol Station
Austin, Texas
- Honorable Tom Christian
Texas State Representative
Capitol Station
Austin, Texas
- State Representatives Bill Heatreached at the same addresses in ley and Ralph Wayne can also be Austin.
