## PUTNAM FIELD IS PICKING UP IN PAST WEEK

PUTNAM, March 27.—Putnam should have a big change in the next ten days, with the Cathey well about ready to shoot and the Kirk well, five miles south of town, in section 13, about ready to drill in. The Kennedy well, six miles south, should show up this coming week also. This well is on the L. N. Jackson lease.

Mr. Tanner of San Marcos, drilling 2 1-2 miles south of town, will finish up about Wednesday. Fleming & Mobley on the Clark lease should finish about Tuesday. Mr. Seiboldt, north of town, will also bring in another well, probably Tuesday.

Trimble & Head et al have made a location five miles north of town and will spud in Tuesday.

Fred Kinsley's rig is up and he will spud in on the Williams ranch at once, in section 1.

Frank Ezell and Mr. Denny will put down their well on the Williams tract 1000 feet. This well had a good showing of oil and gas at 500 feet.

Henderson & Lane, on the Isehower lease, east of town, are pulling casing and will make another location.

Judge Frost of Eastland has purchased a lease on 1200 acres south of town. Acreage in this section is turning rapidly. In fact, most of the acreage between Putnam and Cross Plains has changed hands in the last ten days and we are surely due for a field in the near future.

Lewis Sheard spudded in on the John Isehower land in the town of Putnam. This well will be watched with great interest and if it comes in a producer, it will mean much to the town.

Sam Yeager is doing fine work on the Cross Plains road and Cisco people will find it to their advantage to go to Pioneer and Cross Plains by way of Putnam.

Mr. Smith, a banker of Jackson, Tenn., who is interested in the Tanager acreage, says that Putnam looks good to him for a sure-enough oil field.

## KU KLUX KLAN IS THREATENED IN A RANGER LETTER

RANGER, March 27.—Declaring that the names, works and actions of the members of the Ku Klux Klan in Eastland county have been betrayed by disguised klansmen, a communication received by the Times signed by the Texas brigade No. 3 Knights of the Visible Empire, Anti Ku Klux Klan, threatens the Ku Klux with dire destruction and promises that "many will fall" if the klansmen attempt to parade the streets in Ranger.

The communication, which is written on plain stationery and bears no seal, is the first public utterance made by the Anti Ku Klux Klan in Texas and so far as is known, is the first intimation of the existence of such an order in the state, although a charter was recently granted the organization in Oklahoma City.

Eighty-four charter members were initiated and officers were elected in the local brigade of anti klansmen on March 14, the communication states, and promises that in the next 30 or 45 days they will have a membership of 1,500 in the county. Ninety-seven agents are now working over the state organizing brigades, it is stated and results are promised in the next 60 days.

Although the anti klansmen, characterizing themselves as the "better class of manhood," organized to "overthrow and destroy the bunch of bigots, take the klansmen to task for their identity," no names are signed to the communication.

## COUNTY AGENT CAN NOW SPRAY TREES ON FARMS

County agent R. H. Bush, with headquarters at Eastland, states that he has the necessary equipment for spraying fruit trees and he will be glad to spray the trees of the farmers, if they will write to him. The only expense for the farmer will be supplying the spraying liquid. Trees should be sprayed two weeks after the petals fall and then six weeks later, said Mr. Bush. It would like for farmers whose trees will be sprayed to notify their neighbors so the event will be in the nature of a demonstration.

He also has the equipment needed for terracing and farmers who are interested are asked to get in touch with him. There is no expense attached to the farmers who wish to have this equipment used in terracing their land.

## JURY IS BEING SELECTED TO TRY NEWT MAHANEY

EASTLAND, March 27.—The work of securing the jury in the case of Newt Mahaney, charged with aggravated assault on L. J. Starkey in Cisco on February 3 last, is being carried on in the 88th district court today. One hundred and fifty special veniremen had been summoned, and from this number it is hoped to be able to select a jury.

Judge E. A. Hill set today as the day for the trial about ten days ago, after overruling the motion of the defense for a change of venue on the ground that the feeling against Mahaney was such that he could not receive a fair trial in Eastland county.

The court room is swarming with people here to attend the Mahaney trial. Attorneys B. W. Patterson and Forrest D. Wright of Cisco are assisting County Attorney Ove Overson in the prosecution of the case. J. D. Barker & Son of Cisco are attorneys for Mahaney.

## ALABAMA MINER TAKEN FROM HOME AND FLOGGED

BIRMINGHAM, Ala., March 27.—Paul Massey, a white miner employed near Bessemer, was taken from his home last night by a party of masked men and carried to a secluded spot, where he was severely whipped. Massey stated he had no idea why he was whipped.

## KU KLUX KLAN VISITS CHURCH AT EASTLAND

EASTLAND, March 27.—The first public appearance of the Eastland Ku Klux Klan was made Sunday evening at the regular services in the First Christian church.

As the minister, the Rev. W. W. Wharton, was announcing the first song to be sung by the congregation, four figures entered the church, walked to the front of the church and one of the number placed on the pulpit a letter. Following this procedure the four masked figures left the church as quietly as they had appeared and disappeared.

The appearance of the robed figures was a complete surprise to the members of the congregation and the minister.

## WALTER POLSKY PLAYS BALL IN COFFEYVILLE

Walter Polsky, well known Cisco boy, son of M. Polsky of the Model Clothing Store, has gone to Coffeyville, Kansas, where he will play second base with the Coffeyville team in the Kansas League. The latest reports from the Kansas town are that Mr. Polsky is more than coming up to the expectations of the management, and that he is sure of a berth. In addition to filling the second base position, Polsky is also a good catcher. He played with the Cisco team when this city was a member of the West Texas League.

## POSTOFFICE LOOT LESS THAN COST OF CHARGES

HOUSTON, March 27.—Burglars at the Houston Heights branch post-office early today failed to get enough reward to pay for the nitroglycerin used. Several charges were used, and all but one small plating on the safe had been blown when persons in the neighborhood were aroused and forced the burglars to retreat.

## CONGRESSMAN PARRISH NOT EXPECTED TO LIVE

WICHITA FALLS, March 27.—Attending physicians report that Congressman Lucian W. Parrish is sinking and is expected to live but a few hours. He suffered from dilation of the heart Sunday and was still unconscious this morning. His temperature is 103.

## JUDGE COBB IS DEAD

CORRICANA, March 27.—Judge L. Cobb, 73, died here last night.

## WEST WARD WAS REALLY WINNER OVER EAST WARD

A recount of the scores made in the literary and track and field meet of the east ward and the west ward schools in this city last Thursday night and Friday discloses the fact that the west ward school really won the meet instead of the east ward, as announced in Saturday's News. In the recount the west ward gained 12 points and the east ward 2. This makes the final result, West Ward, 109; East Ward, 103.

The error in counting up the score, according to school authorities was made in allowing but five points for first, three for second and one for third on essay writing and the declamation contests. Interscholastic League rules provide for 10 points for first, five for second and two for third.

## BOYS ARRESTED FOR ROBBERY OF CANDY FACTORY

Young Mahaney, son of Newt Mahaney, and John Ainsworth, also a Cisco boy, were arrested by Deputy Sheriff C. S. Looney Saturday afternoon, charged with being implicated in the robbery early in February of the Cisco Candy Factory. Louis Mosely, recently arrested in connection with the Powell & Dossett tailor shop robbery in this city, turned state's evidence at Eastland Saturday, it is reported by the sheriff's department, and implicated three Cisco boys in the robbery of the candy factory. The third boy has not yet been arrested.

## MISS BEATRICE FARQUHAR

The Mahaney and Ainsworth boys made bond for \$1000 each. After their arrest Saturday afternoon, the officers state that Young Mahaney returned to Mrs. J. H. Chambliss, wife of the proprietor of the candy factory, a \$250 diamond ring, which was a part of the loot obtained. The money and candy taken at the factory has not been recovered, it is said.

The officers and the sheriff's department believe that within the past week or ten days they have made great strides toward breaking up the organized thieving which has been going on in Cisco for several months. The boys arrested, they believe, are only the tools of older men who are now under surveillance, and it is expected that before many days the persons responsible will be in custody.

## THREE KILLED IN KATY WRECK

MIAMI, Fla., March 27.—The airplane search for the bodies of Mr. and Mrs. August Bulte, Mr. and Mrs. Lawrence Smith, all of Kansas City, and Mrs. J. S. Dickson of Memphis, lost when the flying boat Miss Miami was wrecked at sea Wednesday, has been discontinued but the searcher, Service went out early today in the hope that some of the victims of the tragedy might be found.

## FUNERAL OF J. E. KEOUGH IS LARGELY ATTENDED

The funeral of the late John E. Keough, oil operator and drilling contractor, who died at his home in this city last Thursday night, was held at the Catholic church this morning at 9 o'clock. Requiem high mass was held under the direction of the Rev. Fathers Gerkin and Mollari. The funeral services were largely attended by friends of the deceased from this city and many from a distance. Interment was in the city cemetery.

## THE WEATHER

West Texas.—Tonight, unsettled; colder in Panhandle and west portion; below freezing in Panhandle. Tuesday, probably fair, except colder in south and west portions. East Texas.—Tonight, local thunder-showers; warmer except in north-west portion and on west coast. Tuesday, partly cloudy, local showers in east portion; colder in northwest and north central portions.

## Ah, It's Cigarettes That Gives Us That Craving for Liquor

CHICAGO, March 27.—The week beginning April 23 has been designated as "National Anti-Cigarette Week" by the National Anti-Cigarette League, according to an announcement made today by Miss Lucy Page Gaston, superintendent of the league.

In her announcement Miss Gaston says: "We cannot hope that prohibition of liquor will be a success until the cigarette is eliminated, because cigarette smoking creates a craving which only alcohol can satisfy. Home brew and cigarettes are twin evils, neither of which is likely to be abolished while the other remains with us."

"The National Anti-Cigarette League stands for the complete extermination of the cigarette through education, law enforcement and prohibition legislation, but we are not seeking to prohibit the sale or use of tobacco in other forms except to and by minors."

## TWENTY ROTARY CLUB MEMBERS GO TO THE WELLS

A party of twenty Cisco people left Sunday morning for Mineral Wells to attend the two-day district convention of Rotary Clubs, which opened there this morning. About 2500 delegates are expected to attend this meeting.

Miss Beatrice Farquhar, who takes the lead in District No. 1 today, is a candidate who gives every indication of becoming a winner in the Daily News' campaign.

Miss Farquhar is the popular daughter of Mr. and Mrs. C. O. Farquhar, who are old residents of this city. She has been employed in the office of the Cisco Chamber of Commerce for the past several months and while in this position she has won many friends who are loyally supporting her in her campaign for votes.

## MEDICOS INVITE DOCTOR COOK TO DELIVER SPEECH

Dr. Frederick A. Cook of north pole fame, has been invited to address the semi-annual district convention of the Northwest Texas Medical association which convenes at Ranger on April 11 for a one-day session. The polar explorer has been asked to speak on his dash to the north pole. No reply to the invitation has yet been received from Dr. Cook's offices in Fort Worth.

The convention will be held in the Gholson hotel where the business session will be followed by a 6 o'clock luncheon and late by Dr. Cook's address, if he is able to accept the invitation. About 100 physicians and surgeons are expected to be in attendance.

## MISS BEATRICE FARQUHAR

The clubs from Cisco, Eastland and Ranger were scheduled to descend upon Mineral Wells Sunday evening in a body, and at the convention they will be known as the Oil Field Rotarians. They will take part in the program under that name.

The Cisco party included Mr. and Mrs. B. S. Huey, Mr. and Mrs. G. C. Richardson, Mr. and Mrs. Alex Spears, Mr. and Mrs. E. P. Crawford, Dr. E. L. Graham and Miss Nova Shelton, Elbert Bleasie, J. A. Williams, Mr. and Mrs. P. W. Campbell, Mr. and Mrs. John H. Garner, Mr. and Mrs. R. E. Mitchell, E. R. McDaniel and niece, Miss Maybelle McDaniel.

Ed R. Bentley, president of the McAllen Rotary Club, and a candidate for state superintendent of schools, was in Cisco Sunday and accompanied the Cisco delegation to Mineral Wells.

At Eastland the Cisco party was joined by T. L. Fagg and Mrs. Fagg; Ford Alcus and Mrs. Alcus; Tom W. Crutcher; J. P. Little; Dr. C. H. Carter; Grady Perkins; J. F. Duncan; Scott Kretz; Charles Watson, Senator H. P. Brelsford, R. K. Phillips, Maurice Rubin, Robert Goodman and R. C. Kinnaird.

## EASTLAND HAS ITS FIRST GAME

EASTLAND, March 27.—The first baseball game of the season was played here Sunday afternoon between aspirants for positions on the regular team, which is soon to be selected. The result of the game was a seven inning tie, 7 to 7. The feature of the game was the pitching of young Grimes. He is assured of a place on the team from his work Sunday. In three times to bat he peled out a home run, a two-bagger and a sacrifice hit. Eastland fans are taking a great interest in this year's team.

## MARTIN HILL IS VICTIM OF HEART TROUBLE SUNDAY

EASTLAND, March 27.—Martin Hill, known to all his friends as "Uncle Mart," one of the pioneer residents of Eastland county, died at his home in this city Sunday afternoon. His death came suddenly, as he was seated in a chair at his home, and was due to heart trouble.

## MILLS SEEKS DAMAGES BECAUSE OF EXPLOSION

EASTLAND, March 27.—Alleging that he was permanently injured by an explosion of dynamite at the quarry of the Thurber Earthen Products company on February 11, J. R. Mills, former employee of the company, has filed suit in the 91st district court here to recover \$25,110 damages.

It is set forth in the petition that Mills was injured by a falling oil tank jarred loose from its moorings when 200 pounds of dynamite exploded in the rock 30 feet away from the spot where Mills was attending to his duties at the quarry boiler. Mills claims that he was not warned of the impending blast which blew him some distance.

## TWO ARE KILLED IN TEX. TORNADO

BEAUMONT, March 27.—Hundreds of workmen began today to clear away the wreckage in the devastated sections from the tornado which struck Fannett and Beaumont Saturday.

Mrs. Grace Ashbaugh, division representative of the American Red Cross with headquarters in St. Louis, is visiting the Eastland county chapter. Seen by a representative of the Cisco Daily News, Mrs. Ashbaugh expressed great satisfaction in the fact that the Eastland county is to put on special nutritional work in the near future. "It is splendid," she said, "to know that an attempt is being made to meet the undernourished child in Eastland county. How grave a problem this is in America is shown by the fact that one out of every four children is undernourished.

"The question of what to do is heard on every hand and the responsibility of course, goes back as it always does to the parents. The most difficult problem in bringing about correction of this defect comes from the fact that a discrimination is not made between starvation and undernourishment. Rural districts residents are inclined to believe children brought up under splendid conditions cannot be undernourished, yet a recent careful study reveals the fact that 16 per cent of all country children examined were found to be undernourished while 7 per cent of city children suffer from this cause.

"It has been difficult in some communities to get at the proper correction because such conditions have been thought to have arisen from poverty, while the fact of the matter is that undernourishment is more prevalent among the well to do and the rich than among the poor.

"Undernourishment is simply that the child's body is not properly developed. Before being placed in a child's weight and measured, those thought to be less than 10 per cent or more underweight, are usually examined by physicians to see if some organic trouble underlies the parent is responsible for the condition.

"Generally speaking weight height is a reliable method of finding a child's nutrition. In some slight variations for race and the main weight height index with children who are below normal usually gain rapidly when the cause for the undernourishment is removed. Not every child of country weight and for height is undernourished but it will be found that those children of average of five and ten 10 per cent or more below average weight for race are suffering from undernourishment. Failure to make progress in still more indicative.

"I wonder if mothers recognize outstanding symptom of a child undernourished is one of tiredness; bad position, with the shoulders stooped forward and the weight nearly always on one foot. With such a child one finds listlessness with desire for exercise or play. The opposite type of undernourished child is the nervous and high-strung one. Both will be found to sleep poorly and to have what is known as a 'finicky appetite.' Most people are apt to believe that a child gets enough to eat he will be undernourished, but the truth is that in the child may be getting plenty of food but entirely the wrong kind.

"So it is easily seen that many things are involved in classifying an attempt to make for correct children should have regular meals and on time and as the rules for health clubs which the chapter hopes to establish in all schools in the county, seek to indicate the eating sweets only after meal time. The child has a perfectly natural desire for sweets and this should be met in form of ice cream or candy after meals as desserts. The regular bedtime should not be oversteered and normal some play out of doors, is essential to healthful, as well as happy children.

The value of a contented, happy child is as important in the health life of a child as his mental and moral development. Lack of funds will prevent the better from conducting more than three months' demonstration of work—but with the co-operation of splendid doctors in this county school board and the well trained domestic science teachers it is expected that the health standard of the undernourished child will be raised and housewives will receive instruction in food values which will give growing child proper foods balanced menus. The Junior Cross is hoping to establish health centers and to encourage a milk supply for the increased use of milk for county is to be commended work which is both corrective and preventive in offsetting the American health evil."

NUMBER 2

CISCO TEAMS VICTORIOUS AT ABILENE

The girls' and boys' debating teams went to Abilene Friday afternoon to hold an inter-school debate. They returned Saturday morning with Abilene's scalp, the girls winning 3 to 1 and the boys 2 to 1.

The girls' team debated first, our girls proving that immigration should be prohibited for economic, political and social reasons. The Abilene girls did well on their main speeches but Muriel Bowler and Lela Latch tore their argument to pieces easily in the rebuttal.

After the girls' debate while the boys took their places, the judges rendered their decision.

The boys' debate was then opened by Abilene's first speaker, who proved the prohibition of immigration was necessary from economic and social reasons.

It was continued by Wade Cook, on the negative, who proved that prohibition of immigration was unnecessary from economic and political reasons.

Abilene's second speaker arose and refuted one point and then continued his argument by giving the necessity of prohibition for political reasons and the necessity of having a temporary restrictive policy.

Olsen then proved that it was unnecessary to prohibit immigration for social reasons and because a permanent restrictive measure could be found. He then gave a pounding sum of many which drove home both negative arguments.

In rebuttal Cook and Olson systematically undermined the affirmative points.

The decision was then announced, the girls winning by three to nothing and the boys by two to one.

Mr. Wells acted as chairman of the debate. Mr. Wells and Miss Tucker accompanied the two teams on their trip. Everyone was handsomely entertained by Abilene.

Miss Tucker remained in Abilene to visit friends but the two teams and Mr. Wells returned on the 2:47 train and had the exquisite pleasure of going home in one of the best rains of the season.

INTER-SCHOLASTIC MEET

The annual county interscholastic meet for Eastland county will be held at Cisco on Friday and Saturday, March 31 and April 1. The meet will be conducted by the Cisco people and is expected to be one of the most successful ever held. Cisco high school will win the meet by a large margin. In all track events, debates, declamation contests, spelling and essay writing Cisco is well prepared and has little doubt that she will win.

Shepherd, last year junior star, is expected to take five first prizes in track events. It is not definitely known just yet who will come out on top but among the leading candidates are Elroy McWallace Bateman, Arwin Erwin, Melvin McCannies, Floyd Tomlinson, John Garland Shepherd. In declamation Cisco will be represented by Bert Waters, who made a fine showing in the recent try-out. Kate Richardson will be the girl declaimer, Bessie O. Turner will represent us in spelling and Junior Turner will represent us in debating team respectively. The debating team is composed of Olson and Wade Cook who won three inter-school titles as they defeated Abilene at the last Friday evening. The girls' debating team consists of Lela Latch and Muriel Bowler. The boys' team has not been selected, but it is practically certain that one of the members will be Garland Shepherd. Several candidates are working hard for the tryouts. Cisco's prospects are fine for another victory.

Loving cups will be given in debate, tennis, relay, and volley ball to the highest winner, and to the school having the highest number of points in all events. A gold medal will be given to first place winners in all other events. Admission to the various events will be by tag, which should be purchased when entering the first contest. The tag will cost twenty-

five cents and will entitle the wearer to entrance in this and all other contests.

The following is the program for the meet: Friday, March 31—All literary events. 9:45—General meeting for announcements; high school auditorium. 10:30—Spelling contest, room 10 high school; Essay Writing, room 13 high school; Debate preliminaries, auditorium. 1:00—Tennis singles, Humboldt court; tennis doubles. 3:30—Girls' debate finals, high school auditorium; Junior declamation for boys and girls; rural declamation for boys and girls. 7:30—Boys' debate, city hall; senior declamation for boys and girls. Saturday, April 1—9:45—Junior track events, Harrel park; preliminaries in hurdles and dashes; girls' volley ball. 1:30—Finals in track and field events, Harrel park.

FACULTY NUMBER

This issue of the Gusher has been designated "Faculty Number." Gusher reporters have interviewed the different teachers with the idea of giving to the readers of the Gusher some items of interest that are not known to the students in general. The following articles are the results of the interviews:

Our versatile principal, G. H. Wells, claims no kinship to the eminent English writer H. G. Wells. Mr. Wells was educated at Knox College, Galesburg, Illinois, from which school he received the degree of Bachelor of Science in 1913. He adopted the teaching profession at once, beginning his career as executive superintendent of schools at Loda, Illinois. Being principal of a large high school made so much stronger appeal to him that he accepted that position in the Texarkana high school, where he remained for three years. Remembering Horace Greely's advice to go west and grow up with the country he allowed Chicago to steal him, and is now successfully completing his second year as principal.

MRS. E. R. WILLIAMS

Mr. E. R. Williams, who is the Latin teacher in the Cisco High School, has seen many interesting people and things in his travels in the United States. Mr. Williams was reared in Tennessee, and has visited his home state often since he left there. He attended the University of Chicago and Cumberland University after he graduated from high school. Mr. Williams has taught in Tennessee, Mississippi, Oklahoma and Texas. He came to us from Allen Academy, where he was teaching Latin and mathematics in the high school there.

Mr. Williams has taught for forty years, three years of which have been in Cisco, where he has won many friends among the pupils and citizens of this town.

Minnie E. McCarty

Miss McCarty, head of the English department, is as modest as any young career is marked by unusual activity and achievement. Miss McCarty was editor of the college magazine and made the first team in basketball, besides doing a good deal of teaching. In all class meets at Baylor, Miss McCarty carried off honors in the races. She did quite a bit of amateur dramatic work and gained much experience in this life. Someone has said that a girl's school makes a girl silly, but there are some exceptions, and Miss McCarty is one of them. She is endowed with plenty of good common sense.

After leaving college, Miss McCarty taught two years in Lufkin, Texas, and then two years in El Campo. In these schools she was athletic coach for all girls' athletics. From El Campo she came to Cisco, where she has been for the past three years. Miss McCarty probably deserves more praise than any other individual teacher for the upbuilding of C. H. S. Besides teaching all Junior and Senior English classes, she has been faculty adviser for the Occidental, and it is due to her efforts that the High School

was able to put out such a fine annual both last year and the year before. Miss McCarty has coached practically all the high school plays, and their success is due in large measure to her talent and determination. This year Miss McCarty is coaching declamation, and great things are expected of her pupils in the county, district, and state meets. Miss McCarty has been a leader in almost every outside activity in high school.

Personally, Miss McCarty is distinguished by the presence or absence of her sunny smile. Usually it is present, but some times her worries (Juniors and Seniors are too much for her, and it fades away. Practically every student loves Miss McCarty, and all praise her. We wish that Miss McCarty may be as "successful" in any ball, as she has been in her school career. She has been in C. H. S. since 1913.

MISS ST. JOHN

Miss St. John spent most of her early life in the hills of Arizona amid beautiful and healthful surroundings. She has made several trips into the Great West and knows all about this vast region. She attended Baylor University and later went to the University of Texas. She made good progress there and made a fine record. She has made a trip into the north and eastern parts of the United States. This is her third year in the teaching profession. She taught two successive terms at Moody, Texas. The first year she taught Latin and English and the last year she taught English only. She has viewed some of the world and knows many interesting stories that are of value in English work. The Latin helps the English and the experience in teaching English is sufficient. Altogether she is well qualified as an English teacher in our school and if her students will work, they can learn good English and the work will not be drudgery.

It requires only a short conversation with Mr. Herndon to bring forth the remark, "Now, in Missouri,..." for the Manual Training teacher hails from that state. The hold which Missouri has upon his affections was well demonstrated last summer, when he returned to that state for a better half.

Mr. Herndon's preparation was received in the Normal Training High School and Central State Teachers' College at Warrensburg, Missouri, in both of which institutions he had taught manual training work before coming to Cisco. Besides his work in Manual Training, Mr. Herndon has coached basketball and track during his three years in Cisco High School.

MR. ANNA H. KEAN

Everyone in the high school knows Mrs. Kean, our History teacher, yet on the other hand how many really know her? When she was interviewed for this paper's Faculty Number, she was loath to tell of her experiences. However, she was finally persuaded to tell of her experiences while abroad, particularly of attending the Passion Play at Oberammergau, Bavaria, Germany, in 1910.

She gave a brief history of the Passion Play as an introduction. During the great Thirty Years War, Bavaria and all parts of Europe were razed by a terrible pestilence. The peasants of Oberammergau, who were Catholics, prayed vehemently and earnestly for deliverance from this pestilence. They made a promise to God that if He would save them, they would put on once every decade a reproduction of His life, which was to be sacred to this one body of peasants. They have fulfilled their promise. The play is to be given this year instead of 1920, because of conditions created by the war.

Mrs. Kean then gave an insight into the life and character of the peasants of Oberammergau. The people of Oberammergau are typical peasants. The town is a small compact place considerably smaller than Cisco. It is composed of large rectangular houses of stone, some of which still have the thatched roofs of medieval times. Each house is divided by a stone partition. In one half of the house the peasants live, and in the other part the stock is kept. The whole is kept spotlessly clean. The floors of the house are scrubbed until they are as white as the floors are always bare. The furniture is very simple, most of it home made.

All beds in these homes are single, and bed clothing consists of one thick feather tick and light quilted feather ticks to cover with. Owing to some peculiarity of these people, they keep a carved figure of Christ under each bed.

Next she gave a brief insight into the life of the peasants. The peasants of Oberammergau live simply and unaffectedly by the splendors of the outside world. They live on such simple fare as meat, butter, cheese, and light bread. Mrs. Kean said that the natives seldom eat biscuits. On the morning of her arrival, Mrs. Kean was asked if she wished to see the stables. Upon seeing them, she said that they were spotless in every respect. These peasants, during the period between plays, are very busy making sawdust. They make many beautiful things of wood, such as crucifixes, trays, small boxes, salad forks, and spoons. They sell these things very reasonably, contrary to what would be expected. Mrs. Kean has a salad fork and a spoon of beautifully carved wood on the handles of which are carved acorn leaves. In this village no one pays taxes. All expenses are paid for by the returns of the play, the tickets of which cost in 1910 about \$2.50. The town is situated near Munich, and the two are connected by a small railroad. The village is situated in a small valley among mountains. Upon the evening of her arrival it was drizzling rain. When she awoke in the morning, the mountains were covered with snow.

Everyone who takes part in the play lives the life he is supposed to act. Everyone desires to be the Christ or Mary. The simple life of the people affects them so that they look their parts. Anton Lang is to be the Christ this year; he was the Christ in 1910. The play used to be held out in a field in the past, but now a large wooden stage has been built with dressing rooms built behind it. It is large enough to accommodate a cast of 500 people. A short distance in front of the stage a large shed is built to accommodate the audience. It has elevated seats, but is greatly similar to our garages in appearance.

During the war a great deal of the property for the play was used, such as home-made linens and metal furnishings, thus they are greatly handicapped.

In the scene of the Last Supper, the picture painted by Leonardo Da Vinci is acted throughout, thus making the scene an animated picture.

Miss Clara Tucker, graduated from the Denton High School, attended the North Texas State Normal College at Denton and also the College of Industrial arts at Denton. The first year in college Miss Tucker did Y. W. C. A. work. She was also a reporter of the college paper. The next year she did special work in Chemistry. One year she acted as secretary of the Home Economics Club. She has been teaching in Cisco High School for four years.

MR. LA ROQUE

Mr. La Roque, a graduate and two degree man of University of New York has been teaching for twenty years. He received his A. B. and B. S. degrees at this university and began teaching, specializing in mathematics, science, agriculture, and history. He has been superintendent of many schools in Texas. He was superintendent of schools of Hamlin before he came to Cisco.

Mr. La Roque is a teacher who believes no normal teacher should fall in his studies in high school. He has the friendship of almost all high school students, and has won fame around C. H. S. as a good science teacher.

MR. KELLY

Mr. Kelly went to school at John Tarlton College and graduated at Abilene Christian College. He took a special business course in Simmons College at Abilene and later graduated from Draughn's Business School. He has several years' experience in school work, having served for several years as superintendent of village schools; filled out unexpired term of County Superintendent of Erath county; principal of stenographic department in Dr. Bryant-Draughn College in Fort Worth; did Y. M. C. A. work, training soldiers in business courses during the war; and conducted a private commercial school in Eastland last year. He was offered a position teaching work

in Eastland High School, but preferred teaching in Cisco High School. Mr. Kelly once stopped teaching school, but started again, after spending two years in the oil business in Dallas. Some good mathematician can prove by solving the age of Mr. Kelly.

Verna Soderstrom Although Miss Soderstrom emphatically declared, "I ain't had no history," it developed that she has had experience that would raise her quite a bit above the level with the rest of us unfortunate attain.

When asked what her ambitions were she said that she had two. However, she would tell only one of them. That was that she intended to go to a foreign country to study the people, conditions, and language, and that she preferred Spain saying she has two hobbies, and possibly a third. That two are collecting pictures and other interesting things, "realla," about Spain and studying Indians, not the "fame" kind, but the ones who are "semi-wild." The possible third hobby is giving an abundance of work to her pupils. (Ask them about that.)

Upon being asked where she had been, she spoke of one place in particular. "For nearly a year I lived in northern Arizona, ninety miles from a railroad, and during that whole time I didn't see a railroad. I believe that that year was the most interesting period of my life, for while I was there I rode horseback, danced, and had candy pulls. It was there that I became interested in studying Indians, for Navajo and Hopi Indians lived near there in their natural state."

Miss Soderstrom is ardently in favor of the "Back to Nature" movement. We suspect that it was while she was in Arizona that she learned to love outdoor life. Also she has been accustomed to thinking of her as being a very quiet-tempered, mild young lady, she affirms that she is really, at heart, very "cavewomanish." Since she has made that iron-clad notebook ruling, her pupils may believe this.

We are sure that Miss Soderstrom has had many more experiences of which she could tell us if she so desired. It may be, however, that she will tell us of these at some later date.

Did you ever stop to think that learned and important personages our high school teachers are? There is Mrs. Keyes, the author of "Leaves from English Literature." Mrs. Keyes has taught school in nine different states from the Swannee to the Wabash rivers. Mrs. Keyes was engrossing clerk in the House of Representatives in Tennessee for several years. She was county superintendent in Trousdale county, Tennessee, for a number of years. It was Mrs. Keyes who organized the first boys corn club in Tennessee. Just these few points alone help us to realize how fortunate we are in having Mrs. Keyes as a teacher in this school.

Miss Nichols, who is now teaching some of the classes formerly taught by Mr. Hilgenberg, is one of the youngest teachers in this school. Miss Nichols is a young woman who understands young people, and who is loved by everyone who knows her. Miss Nichols has specialized in playground work. In her future life there is no doubt but what she will accomplish as great things as her mother, Mrs. Keyes.

C. C. Turner complains of a sad life in the long, long ago. He was turned down by a number of pretty girls. My, how sad he must be! Mr. Turner must have been a heartbreaker, but it is most probable that an idle rumor was whispered concerning him, for he is still a bachelor. He says that he will remain that way.

He taught French in Waco High School, but he probably thought that Cisco High School harbored more pretty girls, so he came here and is now teaching algebra.

Mr. Gaither insists that he has not been married or divorced. However, dark his past may have been, he has so far resisted all domestic entanglements. We don't know how old Mr. Gaither is—he won't tell, and we don't want to be unfair to him, so the Guder hazards no guess.

We know absolutely nothing of Mr. Gaither's youth; we are sure he had one, but we have gleaned the fact that he attended High School at Clinton, Missouri, and he has his framed diploma to prove it. Mr. Gaither attended college in the Hoosier state and took a bachelor's degree from De Pauw University, at Greencastle, Indiana. From all we can gather from Mr. Gaither, he is determined to hold on to the "bachelor" part of it, too.

Mr. Gaither has the "gift of gab" but he also has the gift of gabbing on things worth while, and when he "goes on high" at the chapel talk, it is worth listening to.

Although you cannot draw cartoons or write poetry for the "Occidental" you can help by paying your lunch room bill.

Mrs. Kean was absent from school Thursday morning.

"Visit the School Week" proved a very exciting time for the Commercial Department. Just after the Rotary Club had left the room, this sound came from the typewriting room, "I couldn't even find the keyboard, much less the keys."

A revival of the Dramatic Club was held Tuesday evening. This meeting was called for the purpose of making plans for the development of the club the remainder of this term. Although very few members were present, everyone decided to come tomorrow evening and bring some one with him. The girls are asked to bring sandwiches, while what the boys will have in store will be a surprise. A very interesting program will be carried out. Every member of the club is urged to be present.

A lack of attendance has been noted lately among the debating club members. At the last meeting a member who was on the program failed to come. It looks pretty suspicious. The Debating Club needs all the members who can possibly be there, to attend the meetings. All visitors are also very welcome. If you are a high school student, you are urged to join.

Most of the high school bunch must look up to Mr. Wells, but there is one supreme human that Mr. Wells has to look up to, and that is Porter. If you don't believe it, ask some one who is in the study hall the fifth period.

There are too many terms in philosophy for Anell Cagle to keep up with, so he sometimes applies the wrong term to an organ or something else.

We have noticed the vacant chair in Mr. Godby's office, we have missed his always welcome face in assembly, and it is with longing that we look forward to the day when these vacancies shall be filled. The Senior class, especially wishes Mr. Godby a speedy recovery.

Can you imagine it? The Seniors are writing real plays!

Lucy Manning stated in English class one day that Shelley was a very romantic writer. To prove this she said, "We can tell this by the subject of one of his poems, 'Ode to Evening.' New isn't that just romantic?" Now, wouldn't that just jar you? Can you imagine such as that from Lucy?

ADDRESS \_\_\_\_\_ PHONE \_\_\_\_\_

As a candidate in the Daily News "Everybody Wins" Prize Distribution.

NOTE—Only one nomination blank accepted for each candidate.

**NEVER AGAIN AFTER WEDNESDAY CAN YOU ENTER NEWS GIFT DISTRIBUTION AND GET 5000 FREE VOTES; TIME YET TO GET IN.**

Going! Going! Will opportunity be gone for you tomorrow?

Tomorrow, then Wednesday, is the final day for the nomination blank in the News' great \$6,000 "Everybody Wins Something" two automobiles and purses of gold and silver gift distribution.

After Wednesday the nomination blank which has appeared in the News each and every day, without exception, since this truly extraordinary gift distribution was inaugurated will be taken out. It will be a memory.

### Free Votes Go, Too!

With the taking out of the nomination blank also goes the 5,000 free votes with the nomination. Never again after tomorrow will it be possible to enter this mammoth gift distribution and secure 5000 free votes.

If you have been contemplating getting into this election—if you really desire to become a candidate, if you want to participate in the great \$6,000 gift list, which includes two of the newest model Essex Touring Cars.

### Delay No Longer.

You who have been debating as to sharing in the big prize distribution should delay no longer, but must send in your nomination immediately and get busy this week. Time is passing quickly and the biggest vote schedule of the entire campaign is in effect but a few more days—until 10 p. m. Monday night.

You know whether you have it in you to carry on. You know, if you have confidence in yourself, that you can get in and hit the ball right now for real results. You know full well that you can't devote your

## District No 2

District No. 2 includes participants residing outside of the city of Cisco. One of the big automobiles and just as many cash awards as there are active candidates will be distributed in District No. 2.

### The Standing of Contestants as Totaled from All Votes Cast for Publication Up to Yesterday Noon.

The names of present candidates for District No. 2 follow:

Mr. Oscar Comer, R. F. D. Cisco	315,175
Mr. E. L. Carpenter, R. F. D. Cross Plains	319,450
Miss Willie Ervin, Rising Star	312,725
Miss Della May Gresham, R. F. D. Cisco	203,650
Miss Bessie Hilton, Eastland	5,000
Miss Jewell Hamrick, Gorman	201,150
Mr. W. M. Kurklin, R. F. D. Cisco	213,375
Mr. B. G. Lindley, Cross Plains	310,125
Mr. Pay Lockhart, R. F. D. Rising Star	201,375
Mr. Lucy Matthews, Albany	5,000
Miss Maurine Orr, Putnam	317,625
Miss Lena Rose Pettus, Moran	97,350
Mr. L. J. Reynolds, Parks Camp	321,525
Mr. Earl Strickland, R. F. D. Cisco	302,700
Mr. Mamie Townsend, Carbon	5,000
Miss Lillie Wragg, Harpersville	309,450

time and effort these next few weeks to any more profitable advantage. Does \$50 a day mean anything to you? Does \$500 mean anything to you, How about \$200? The real goal, as you know, is over \$1300. There are countless other cash purses and awards. "Everyone Wins Something" is the slogan. You will positively win if you really carry on.

### Is Anybody's Race.

Today IT'S ANYBODY'S RACE and a mighty close and intensely interesting race. A few long term subscriptions would make a big shift in the list of standings of the candidates. Get after the longer term subscriptions—they are the biggest in vote value and RIGHT NOW is the time to get them.

Then there are "second subscriptions" to be had from friends who gave their subscription previously. There are plenty of subscriptions to be had, oodles of them right here in Cisco, and oodles of them in West Texas. Energetic candidates will GO OUT AFTER THEM, and OUT AFTER THEM, and GET them.

Keep in mind, the six-year subscriptions which count up to 660,000 votes. And every \$15 "club" of subscriptions turned in gives you 100,000 EXTRA FREE VOTES in addition to the regular number of votes on each subscription. Turn in as many \$15 "clubs" as you can these next six days—that's the kind of work which will anchor you in first place.

### Go To It Now.

Double up your fists, grit your teeth, roll up your sleeves and GO TO IT! Determine now that the next few days will see you giving your vote score a real boost. BEAR IN MIND there are only six more days in which to "cinch" one of these fine motor cars.

Campaign headquarters at the News office will be open tonight and every night this week until 9 o'clock. Monday night, the closing date for the first and biggest vote period will see the office open until ten p. m., the final hour of the period.

Come in—talk this proposition over if you are at all interested. Opportunity is here for you if you will but grasp it.

Many persons are under the impression that when they pay their subscription in advance to candidates that the carrier boy does not receive the same pay as he did when he was paid directly by the subscriber each week. This is absolutely the wrong idea. Candidates are representatives of the News and are authorized to receipt subscribers for subscriptions. Naturally we would not care to divide our house, and all carrier boys are paid here at the office for delivering your paid in advance subscription to you. The carrier boy benefits, too, because he is not compelled to call on you every week to collect. You, too, save this trouble. Then, also, the boy is saved from loss unpaid accounts. There are always some losses the boy must stand himself by the weekly payment method. Know then, that the boy gets paid and is as much and more responsible now for delivery of your paper than before.

## Campaign Notes

Miss Frances Dorsey continues to advance her standing and improve her opportunities. She will be very active these next few days if her plans carry through.

Mrs. Harley Laws is planning to do much for herself during the last week of the big vote period. She will devote much of her time this week to her campaign.

Friends of L. J. Reynolds of Parks are boosting for him and doing their best to help him over the goal.

Mrs. S. L. France continues to produce the votes. Mrs. France is working hard and is being given excellent support.

Della Mae Gresham reported Saturday. She will do her best this week to bring in the votes.

Have you been thinking of throwing your hat into the ring?? Do it. Get in! If you have energy and will carry on you can do wonders in this campaign. Come down to campaign headquarters tonight or tomorrow and talk it over. It is time NOW to get in.

Miss Beatrice Farquhar Saturday promised the campaign manager that she would report again today. Miss Farquhar has genuine ability as a vote-getter when she applies herself.

Mrs. Frank Harrell's vote score is materially improved today. She has an excellent opportunity this week to make a place for herself.

Mrs. B. G. Lindley's vote score has been showing some genuine advances these past few days. She has hopes of being able to supply the votes to make her score perform some more for her right soon.

Mrs. J. A. Williams plans to make this week count well for her. She has outlined a course of action and will carry it out.

Mrs. L. V. Carroll is taking advantage of every opportunity these days. She is a candidate who is getting along in fine shape.

Mrs. A. E. Baten is keeping right at it every day and is constantly enhancing her vote totals.

Yes, there is a place for you in this election. There is, too, a prize for you, either cars or cash, if you will get in and really carry on. A live wire can do wonders in this election by getting in and carrying on in a real way.

Miss Lola Wild is going to devote every possible minute between now and 10 p. m. next Monday night to the business of vote getting. That means but one thing—more votes and real votes.

It's going to be a real battle of votes and these next few days until Monday at 10 p. m. and candidates who sleep on the job are going to be due for a rather rude awakening.

"I'm going to get after the subscriptions this week," said Mrs. A. A. Williams, when she reported Saturday. "I can see now that it's subscriptions that make the real votes."

Urge those who have promis-

ed you subscriptions to give them to you now while they will really help you. A subscription after 10 p. m. Monday, April 3rd, means considerable less votes.

Saturday was "coupon day." And my, how they did bring them in. Candidates themselves brought in and voted stacks and stacks of coupons and friends brought in more. The mails, too, were full of them. Truly, real interest is being manifested by the general public. It would seem that candidates are sleeping if they do not take advantage of this interest to cash in on their promises these last six days of the big votes. Yes, subscriptions came, too. Candidates who have been slow in reporting were in evidence Saturday. Saturday's coupons and subscriptions are very much in today's vote score.

Coupons bearing expiration date of April 1st must positively be voted not later than 9 o'clock Friday night of this week. This does not mean Saturday or Monday, it means Friday night. Don't bring them in Saturday or Monday and expect to vote them. Saturday and Monday are SUBSCRIPTION DAYS. Monday is the final day of the BIG VOTE PERIOD. Candidates and their friends will all be voting subscriptions Saturday and Monday and the campaign manager will not have time to deal with coupons. Vote your coupons before Friday night at 9 o'clock.

Any number of candidates are close to the 400,000 mark and may be expected to cross the line any time. Truly it is a neck-and-neck race—it is now anybody's race.

Miss Clova Leeson reported in person Saturday. Miss Leeson is proving that there is subscriptions to be had because she is getting them. She proposes to produce every subscription possible these last six big vote days.

Candidates working in Cisco should understand that the postal regulations prohibit delivery of local daily publications by mail carrier in the city. Cisco city subscribers desiring to take the News by mail must either have a postoffice box or get their mail "general delivery." The only way the News can be delivered at store, office or home in Cisco is by carrier boy.

Twelve "city subscriptions" for one year will produce \$16,000 votes—if NEW they will count for 1,116,000 votes. Twelve "mail" subscriptions for one year will count 616,000 votes—if NEW they will count 916,000 votes.

Candidates today appear to be showing greater energy in their campaign for votes. It is to be hoped that this week will be productive for the candidates. Really, with the end of the big vote period just around the corner it is a shame that candidates as a whole have not shown more speed.

Space does not permit as many campaign notes as the campaign manager would like to write today. Everybody is getting down to real work so well the last day or two that he likes to comment on each and every candidate.

### Figure It Out in Time.

If turned in now three clubs of subscriptions have a voting power of a million votes. There is no limit to the number of clubs a candidate may turn in. Ten of them will produce nearly three million votes. Fifteen clubs will produce over four million

It is anybody's race for the big cars and April 3 at 10 p. m. is the final hour of the big votes.

There's not a minute's time to be wasted now—every single moment is of vital importance and should be the means of pushing you that much further to success.

## District No. 1

District No. 1 includes participants residing in the city of Cisco. One of the big automobiles and as many cash awards as there are active candidates will be distributed in District No. 1. The names up to the present time in District No. 1 follow:

### REDUCED VOTE SCHEDULE.

Contrary to the plan usually followed the News plan calls for a reduction of votes as the campaign progresses. In the News' campaign the last week is the least important because the subscriptions then count for so few votes. Live contestants who are on the job ought to be able to cinch one of the cars within the next few weeks, before the vote schedule is cut. It can be done. Perhaps you will do it.

### FREE VOTING COUPON

#### Good for 50 Votes

IN THE CISCO DAILY NEWS AND WEEKLY ROUND-UP I hereby cast 50 FREE VOTES to the credit of

Miss, Mr. or Mrs. \_\_\_\_\_

Address \_\_\_\_\_

This coupon neatly clipped out, name and address of the candidate filled in, and mailed or delivered to the Election Department of the Daily News and Weekly Round-Up, will count as 50 FREE VOTES. It does not cost anything to cast these Coupons for your favorite candidate, and you are not restricted in any sense in voting them. Get all you can and send them in—they will count. Do not roll or fold. Deliver in flat packages. NOTE—This coupon must be voted before April 1st.

### FIRST SUBSCRIPTION COUPON

#### Good For 20,000 Extra Votes

Accompanied by the nomination blank, and your first subscription this coupon will start you in the race for the magnificent Daily News and Weekly Round-Up Prizes, with a grand total of more than 38,000 votes. This coupon may be used only once and is valid only when accompanied by a subscription remittance

Name of Subscriber \_\_\_\_\_

Contestant's Name \_\_\_\_\_

Amount enclosed \$ \_\_\_\_\_

This coupon will count 20,000 free votes when returned to the Campaign Manager, together with the first subscription you obtain. It must be accompanied by the cash, and the subscription must be for a period of one year or longer. The 20,000 free votes are IN ADDITION to the number given on the subscription, as per the regular vote schedule.

TODAY and TOMORROW

WILLIAM FOX presents  
 WILLIAM FARNUM  
**PERJURY**  
 By Ruth Comfort Mitchell  
 Scenario by Mary Murillo  
 Directed by Harry Millarde

MATINEE, 10c, 30c; NIGHT, 10c, 40c.

**RYZON BAKING POWDER**

Not merely baking powder but increased leavening power. The special process of manufacture is the reason.

RYZON is an improvement over old-fashioned powders. It has more raising power, is a slow, steady raiser. It retains its full strength to the last spoonful.

Order it can today. Have rich, brown, fragrant RYZON biscuits for every meal.

**IT IS BETTER TO HAVE IT and not need it—THAN TO NEED IT and not have it.**

SOMEbody's HOME IS BURNING!

While you are reading, this somebody's home and household goods are burning. There are 720 fires in the United States every day—one every two minutes.

Is it good business for you to hope blindly that your home will be spared when somebody's home is sure to burn the very next minute—and every two minutes after that? Protect yourself against loss now by having fire insurance. The cost is small. Consult

**AT THE JUDIA**  
 In "Perjury," the William Fox special will open at the Judia theatre tonight. William Farnum gives a masterly and gripping characterization of a man tormented by suspicion, torn by jealousy, mad with rage, crushed by despair, and finally redeemed by resignation and human sympathy.  
 There are sharp contrasts between the quiet acceptance of the hardships of prison life by Robert Moore and the bitterness of the struggle of his wife in the outer world to save her child from ruin. The reunion between the two is one of the most appealingly pathetic scenes ever presented on the screen.

**BROADWAY**  
 "Indiscretion," with the lure of Hindu mysticism, of romance, with pure love triumphant; rich setting and superb photography, will be shown at the Broadway theatre today and tomorrow.
