**Millions of Visitors Will Leave Millions of Dollars in Texas**

Texas will show their State! Visit:

- will show their interest, admiration, respect for its history and confidence:
- Its future. Some will become citizens. Others will have a heart full:
- love for Texas, its people and its citizenship.

**Statistics show that the influx of visitors shows warrants the statement that the project will show a profit. It is expected that 20,000,000 outside visitors will be attracted to Texas. A conservative estimate of their expenditures is $861,000,000. Probably $250,000,000 in gasoline tax will be collected.**

The State will receive a very large margin of profit on what ever investment is made in the Centennial.

Interest yourself in this coming celebration. From a patriotic standpoint your interest is challenged, and from the standpoint of personal interest you are now called upon to do your part.

**Barbecue Pits Ready For Summer Parties**

Barbecue pits in the city and Lions-Habitat parks at Lake Couch have been reserved and put in condition for the summer picnic season. Street Dept., 2nd Cemetery and Fire Dept. have been supplied with some of the benches and tables at the picnic parks in preparing outdoor meals over the fire beds set.

Access to these parks and use of the utilities provided there is without cost to the public, fires may be started themselves in these facilities.

The Life and Letters of Peter

Illustrious Sunday School Lesson

Classroom Teacher: What is the story that the song is teaching you today? What lesson is it teaching you about God and the Bible?

Peter: It is teaching me that God is always with us, and that even when we fail, He will forgive us if we repent.

Classroom Teacher: That's a great lesson, Peter. It's important to remember that God is always there for us, and that He is merciful and forgiving.

Peter: Yes, that's what the song is about. It's about the forgiven Peter, who was then restored to the church.

Classroom Teacher: What a great lesson! It's important to remember to forgive others as we are forgiven.

Peter: Yes, and to ask for forgiveness when we wrong others.

Classroom Teacher: That's a great point. Thank you for sharing that with us, Peter.

Peter: You're welcome. It's important to remember to always be faithful and true to God.

Classroom Teacher: Absolutely. Thank you for your contribution to our lesson today.
Recommendations Are Presented to School Board

Recommendations presented to the Cisco school board by A. L. Clark of the business department included:

1. Eliminate all rules and regulations that make the schools and make it a permanent plan.
2. Place evening classes in vocational subjects for the benefit of those who work during the day.
3. Increase the number of the schools.
4. Provide additional uses for all school buildings.
5. Extend vocational courses to include all students.
6. Provide separate schools for boys and girls.
7. Provide part-time evening classes in vocational subjects.
8. Provide separate schools for boys and girls.
9. Secure an expression teacher to work with the students.
10. Provide additional vocational courses.
11. Provide separate schools for boys and girls.
12. Give consideration to the employment of full-time teachers.
13. Provide separate schools for boys and girls.
14. Secure an expression teacher to work with the students.
15. Seriously consider introducing a new subject to the curriculum.

The recommendations were considered by the school board and were referred to the superintendent for further action.
