NUMBER 188

JAPS HOPE TO DELIVER KNOCK-OUT TO CHINA

BUY POPPIES SATURDAY AND AID DISABLED

EASTER SUNDAY, AFRICA, BE CHERISHED

Saturday of this week being Poppy Day — always a popular occasion in Cisco—local Post No. 3359 of the Veterans of Foreign Wars has appointed committees to cover the business area of the city on that date and supply citizens with this token of the first world war. As usual, proceeds from the sales go to disabled soldiers and their dependents.

Complying with custom, Mayor Edward Lee today issued the following official proclamation:

Whereas, the annual sale of poppies will be conducted in the city of Cisco Saturday, May 29, 1943, under the auspices of Veterans of Foreign Wars, Cisco Post No. 3359.

Whereas, all proceeds from the sale of such poppies by the local post are used for world war disabled soldiers, their children and widows and for such aid to the soldiers and their dependents in the present world war.

Whereas, the purpose served by the annual poppy distribution is patriotic in principle and humanitarian in nature, I therefore, officially proclaim Saturday, May 29, 1943, as Poppy Day in the city of Cisco, and sincerely urge the residents of this city to support the sale of poppies by representatives of the V. F. W., as both a civic and patriotic duty.

Respectfully,
EDWARD LEE, Mayor.

SENIOR CLASS HASKELL HIGH VISITORS HERE

Senior class students of Haskell high school, sponsored by Mr. and Mrs. J. Cleo Scott, spent yesterday and today at Lake Cisco and also inspected Cisco Junior College while here.

They thoroughly enjoyed the big swimming pool and the many other attractions offered by Lake Cisco Amusement company, said Monroe Sweeney, company manager. The visit to Cisco Junior College was also very interesting the visitors said.

Among those in the party were Mary Couch, Gordon Johnson, Lynn Williams, Tommy Davis, Frank Smith, Kenneth Kirby, Billy Tinkle, James Reynolds, Jerry Cahill, James Breedlove, Dan McClintock, Lloyd Tankersley, Roy Everett, Bessie Morrison, Brucille Gardner, Laverne Linville, Robert Curry, Betty Isbell, Kathleen Davis, Marie Adams, Shirley White, Velma Ballard and Frances Barton.

Student of Cisco Junior College, sponsored by C. J. Turner, registrar, also visited the lake and enjoyed the facilities of the Amusement company.

INDICTED—Joseph S. Fay, international vice president of AFL Union of Operating Engineers, who pleaded not guilty in New York court to charge of extortion of \$703,000 from nine contracting syndicates. He is prominent AFL leader in New York.

Lt. George A. Davisson, Jr., former Eastland county legislative representative and now with the 48th squadron of the 14th fighter group AAF, in North Africa, writes a most interesting letter to Miss Pearl Donoway, Cisco public schools teacher. Excerpts from the message are as follows:

Easter Sunday.

Dear Pearl:

This is Easter Sunday and I had the privilege of attending sunrise services in the East Pasture. American resourcefulness came to the front again. The chapel was the wide open spaces. The altar was a piece of equipment and had fastened to it a large piece of white cloth with a picture of Christ painted on it by one of the men. He used a stick with a rag wrapped around it for a brush and some black paint. It was truly a masterpiece and couldn't have been better if the finest materials had been available.

The text of the sermon was "Be Square With Yourself." One can't expect divine help if you are not square with yourself.

For the first, and perhaps the only time in our lives, we had the privilege of attending Easter services at sunrise here in a land, among people and in an atmosphere very similar to that in which actual events occurred which we commemorate.

For the first time, on such event, we saw the burros and camels which Christ used for transportation and the sickly and diseased peoples that He healed. It was an inspiration for those of us present that shall remain among our memories forever.

There really isn't any news that I can write now, but we are hoping this shouldn't last too much longer over here. As ever,
GEORGE.

WALTER KING GETS WINGS ON MAY 28

The public relations office of Columbus army flying school, Columbus, Miss., has forwarded the Daily Press a late photograph of Walter S. King, son of Mrs. J. G. Stuteville, route four, Cisco, which has been added to the office picture gallery.

On May 28 King will graduate from the Columbus flying school and receive the silver wings of a flying officer and a commission as second lieutenant in the army air forces.

The Eastland county boy entered pilot training last August and attended flying schools at Arcadia, Fla., and Bainbridge, Ga., before entering the school at Columbus.

CHURCH OF THE NAZARENE REMODELS, ADDS

The Church of the Nazarene has just completed some remodeling of the interior of the auditorium and has in progress an addition that will form an annex of five Sunday school rooms and a study. The annex will be of native stone veneer to correspond with the main building.

The interior remodeling consists of celotex in variegated colors and sizes, with tile-effect shell-white ceiling. About 12 feet have been added to the auditorium length through these remodelings.

The annex will consist of two Sunday school rooms, 16 x 23 feet, and three rooms 10 x 14 feet. The study will be 8 x 10 feet.

The church recently called their pastor, Rev. L. H. Clegg, for another year. The Cleggs came to Cisco from Borger about two years ago. The membership of the church numbers about 108.

TALKING BACK—British soldier grins as he feeds ammunition to a German machine gun turned against its former owners, during a battle in Tunisia. Members of British 1st Army found it when they captured a ridge held by Nazis.

GOOD EATS!—If there's food in the offing, the viewpoint really doesn't make much difference to the bears at the Bronx Zoo, New York. Here, the bears seem to be visiting the children in a cage, but the reverse is true. School children are visiting the bears —with sweetmeats.

OH, PLENTY OF SCENERY—Coast Guardsmen on patrol duty with the Alaska Defense Command find it a lonely job, but there's plenty of scenery. This Coast Guard cutter is passing the snow-covered slopes of one of the Aleutian Islands.

FAULTY APPLICATION BLANKS SOURCE DELAY

Application blanks for war ration book No. 3, which were mailed out recently, are being returned to the Cisco postoffice, as directed.

However, although directions on the cards are very plain and

easily understood, some fail to observe instructions and will not get their books unless discrepancies are corrected, the postoffice states.

As an example, the Cisco postoffice already has five faulty cards and can do nothing with them unless the ones to whom they were mailed call at the office and furnish the information requested on the blanks.

Some have remailed the blanks without first detaching their identification stub, which is very important. Others have merely

placed a stamp on the application blank and remailed it.

Those who failed to retain their identification stubs or neglected to give the information requested, will do well to call at the Cisco postoffice and ask assistance, which will be cheerfully given.

COMPLETE VICTORY.

WASHINGTON, May 27. — News of the final, complete victory over the Japanese on Attu is expected in the very near future despite the fact that the enemy apparently has dug in for a last-ditch stand.

RUBBER EMPLOYEES RETURN

AKRON, O., May 27.—Less than half of the 18,000 morning shift workers in Akron's four major rubber companies, paralyzed by a general strike for five days, returned to work today but all were expected to obey ultimately President Roosevelt's back-to-work order.

More than 6500 workers responded to the President's ultimatum at the Goodyear Tire and Rubber Co., Firestone Tire and Rubber Co. and General Tire & Rubber Co., but "only hundreds" trickled into the Goodrich plants.

Leaders of the Goodrich local of the United Rubber Workers (CIO) summoned union members to a mass meeting at 10 a. m. and this may account for the small number returning to the plants of that company.

Goodrich unionists, most belligerent of the strikers, indicated they would not go back to work until noon, deadline set by Mr. Roosevelt in his threat to take "all necessary steps" if war production was not resumed at the plants by that time.

Approximately 50 per cent of the 6000 workers on the morning shift at the Firestone Tire and Rubber Co. reported for work and company officials said the response was "satisfactory."

At the General Tire and Rubber Co., where 3000 workers walked out in sympathy with the other strikers, officials said "Tires are coming off the lines now" with the full morning shift of 1000 employees on the job.

None of the plants was patrolled by pickets this morning.

OUTLOOK GOOD FOR COLLEGE SUMMER TERM

Prospects are good for the Cisco Junior college summer school, said Carlos J. Turner, registrar, today. Students are already registering for business administration, typing, shorthand, math, English, social science and chemistry, Mr. Turner stated.

Classes will be taught one and one-half hours daily, six days each week, for a term of five weeks, he added.

NAZIS TRYING HARD.

MOSCOW, May 27.—German troops jabbed at Soviet lines at four strategic points along the southern front during the past 24 hours in the largest scale enemy activity reported in recent weeks, but were repulsed everywhere, the Russians announced today.

STALIN'S ANSWER.

MOSCOW, May 27.—Joseph E. Davies announced today he had received a written and sealed reply from Premier Stalin to the secret letter from President Roosevelt which he delivered at the Kremlin last week. Davies said he was leaving directly for the United States.

INTERNAL TROUBLES.

WASHINGTON, May 27.—The International Association of Machinists with a reputed membership well over 500,000 announced today it is quitting the American Federation of Labor as of May 31 because of a long standing jurisdictional row. The IAM will remain independent, its president said.

The number of cars that keep traveling in spite of gas rationing indicates that people are now getting about 185 miles to the gallon.

YELLOW MEN RUSHING TANKS AND PLANES TO REINFORCE TROOPS ENROUTE CHUNGKING

CHUNGKING, May 27. — The Japanese are rushing up tanks and mechanized units to reinforce troops driving through western Hupeh Province with the aid of airplanes in an offensive aimed at Chungking, a Chinese military spokesman said today.

The spokesman predicted a "huge decisive" battle soon which may determine whether China can save her wartime capital and keep from being knocked out of the war.

"We shall beat them back," the spokesman said. "The Japanese dream will undoubtedly remain a mere dream."

The spokesman said 80,000 to 100,000 men were in the Japanese spearhead approaching the Chinese forts along the Yangtze river west of Ichang, strong point 295 miles east of Chungking.

The enemy objective, he added, was first to destroy the forts and then drive on Chungking itself.

Chinese frontal resistance and sharp blows behind the lines checked the momentum of the enemy drive, which had reached rugged terrain of western Hupeh in the farthest westward penetration of the war.

NONSTOP BOMBING OF ITALY'S ISLAND OUTPOSTS LAY WASTE NEW AREAS SICILY, SARDINIA

NORTH AFRICA, May 27.—Allied air fleets, pressing their non-stop bombardment of Italy's island outposts, laid waste new areas of Sicily, Sardinia and Pantelleria yesterday and wrecked or damaged at least five more ships, it was announced today.

(British-based bombers were idle last night, presumably because of bad weather over the continent, following Tuesday night's 500-plane assault on Dusseldorf, German arms center.)

The day's heaviest attack was carried out by Flying Fortresses of the Northwest African Air Forces on Comiso Airfield, Sicily. Bombs were dropped well in the target area, causing fires and explosions, Gen. Dwight D. Eisenhower's communique reported.

Four enemy planes were destroyed during all yesterday's operations and these, along with one shot down by night fighters Tuesday night, brought the toll for the past eight days to 362. Two Allied planes were lost yesterday for an eight-day total of only 35, a loss ratio of less than one to 10.

Light bombers of the Middle Eastern Command accounted for four of the five ships sunk or damaged yesterday, a Cairo communique disclosed. Swooping down on a concentration of enemy shipping off Cape Malea in southern Greece, the bombers sank a sailing vessel carrying a deck cargo that included fuel drums, left a smaller ship sinking, set a third afire and forced the crew to abandon a fourth.

All Middle-Eastern planes returned without loss. Fighter-bombers of the Northwest African Air Forces set fire to a large supply vessel at Golfo Aranci, Sardinia, Eisenhower's communique reported.

The five ships hit brought the five-day toll of African shipping by African-based bombers to 33.

BEAN JOINS NAVY.

Leonard Bean, 18, son of Mr. and Mrs. J. G. Bean, 700 W. Third street, left this morning for San Diego, Calif., for naval service. The Cisco boy graduated from Cisco high with the class of '42, later took a course in welding and was working in a Houston shipyard before volunteering with the navy.

DEEP WELL.

FT. WORTH, May 27. — The deepest wildcat oil test ever to be sunk in Tarrant county will be drilled by C. Andrade III, Dallas wildcatter, at a location being staked today for an 8500-foot well in the northeast part of the county. Drilling operations will begin in July.

PREMIER—People of Province of Ontario, Canada, elected a farmer for their 13th Premier. He is Harry Corwin Nixon, 52, above, recently chosen party leader by Liberal Party.

Per week, by carrier boy 10c

FOREWARNED.

There is a possibility that this nation may go totalitarian by default. And if that happens, we will see "the beginning of a cycle of tyranny and impoverishment such as other nations have experienced when the individual was superseded by the state." That is the warning of Eric Johnson, president of the United States chamber of commerce.

The danger of America going totalitarian arises from the illusion that government is blessed with an inexhaustible supply of wisdom and cash, which can be drawn on freely without any strings attached to freedom.

It is a dangerous illusion, a warped conception of democracy, the result of which has been a staggering growth of bureaucracy, debt and political domination of private effort.

It must be erased before the future can be approached with confidence.

Our republic became great because it has always been a land of individual enterprise. Its people grew strong because they were free and self reliant.

A man who had a good idea and was willing to work to put it into effect, received encouragement and reward, providing he could actually give people something they needed and wanted.

This industry was built. Hard work by individuals keeps it going.

Our bountiful natural resources—the oil, coal and metal so vital to victory—would still be buried in the ground but for the individuals who were not afraid to take risks and back up those risks with a lot of sweat.

The people of many nations are counting on this country. The men and women of America are literally the last hope for a better civilization.

It is inconceivable that, with the tradition of greatness which is theirs, they will seek to solve their problems by following the same tawdry path of government idolatry that has destroyed civilization in a large part of the world.

FOOD.

Americans get tired being told how much better they fare than do people in other countries. Just the same, it is well to keep it in mind. The food of a Japanese internment camp in Hong Kong, where Americans, British and Dutch are held, includes nine items: rice, white flour, sugar, salt, peanut oil, meat and vegetables. There is dirt in the rice and flour and dried leaves and grass in the cabbage, to increase the weight. The amount of meat is slightly more than a quarter pound. There is no milk to provide calcium, no whole grains, with vitamin B, no fresh fruit for vitamin C. Naturally, illness is frequent and hard to recover from under such circumstances. The Geneva convention requires prisoners to be fed as well as the soldiers of the country which intern them, but it is evident the Japanese do not take this convention very seriously.

Norwegians get a diet which sounds well — meat, skimmed milk, goat cheese, bread, flour, oleomargarine, sugar, potatoes, rutabagas, salt codfish and berries. The deficiencies are in quantity. A quarter-ounce of meat per day is not much.

These rations have been assembled by the department of nutrition at Teachers' College of Columbia University, N. Y., and placed on exhibition there. The daily diet of a WAVE is set against those of the Norwegians and Japanese prisoners. Its big slice of broiled beef liver with all the fixings which go to make up 2,900 calories is really something to look at. But that's America.

FINLAND.

The Finns want to resume paying on their war debt. Finland was long the one European country to recognize and observe this financial obligation. In 1940 it

won a three-year moratorium from congress, which expires on June 15.

Nothing is less likely than its renewal. Whether she can help it or not Finland is today Hitler's supporter and a menace to the safety of Leningrad. The good will she won by her regularity in payment, and by her fight against Russia when that country was at peace with Germany, is now pretty well dissipated. The Finns will be wise to pay the \$168,000 due on June 15 without asking for favors.

INDISPENSABLE.

Employees in no industry are more essential than those in oil. Every engine of war that moves today depends on this product to put life into it.

Unspectacular jobs in the chemical laboratories and refining units of the oil industry are often the ones on which the future of war transportation depends.

Constantly improved high-test gasoline and oils cannot be made by amateurs, any more than can our tanks and planes and ships be operated successfully by untrained men. It would be impossible to say which is the most important, armament or oil, one would be useless without the other.

To illustrate: "If 1,000 two-engined bombers raid only 400 miles into Europe from England, they will use more than 400,000 gallons of aviation fuel, not counting any used by fighter plane escort," according to William R. Boyd, Jr., chairman of the Petroleum Industry War Council.

The oil industry has been able to meet the tremendous load thrown upon it by present abnormal conditions, as part of its day's work.

CORINTH

This community is thankful for the fine rain. Everybody is busy now, picking and canning berries and vegetables.

Mrs. Johnnie Richardson is visiting her daughter and family, Mr. and Mrs. Walter Kurklin. We are sorry to report that Mrs. Del Seabourn is bedfast at this writing.

Little Malla Qua Prickett visited over the weekend with her uncle and aunt, Rev. and Mrs. Lee Fields, Carbon.

Mr. and Mrs. Pierre LeFevre and daughter Dixie of El Paso are visiting their daughter and sister, Mrs. J. H. Kindrick. Those visiting in the Truman Prickett home Sunday were Mr. and Mrs. Lloyd Evans and children, Mrs. J. W. Prickett, Mr. and Mrs. D. T. Dunn and daughter, Cisco.

Rev. and Mrs. H. D. Blair visited in the home of Mr. and Mrs. J. H. Kindrick Wednesday night. While there they enjoyed "homemade strawberry ice cream."

Mrs. V. V. Green of Cisco and her daughter and children, Mrs. Walter Denton of Romney, visited in the home of Mrs. Truman Prickett Monday.

Larry Joe Prickett spent Friday night and Saturday with his cousins, Elizabeth and Burrell Evans.

Mrs. Grady Laws and Edgar Johnson of Cisco visited in the home of Rev. and Mrs. H. D. Blair, Sunday.

DAN HORN

Rev. Lee Fields, pastor of the Mitchell church filled his regular appointments here Sunday morning and evening. Mrs. Fields accompanied him and they were guests of Mr. and Mrs. C. U. Horn.

Mr. and Mrs. Les Lee and daughter Juanita of Friendship community spent Sunday with Mr. and Mrs. J. M. Lambright.

Mmes. Jack Starr and Ethel Starr Bailey are in Austin.

Miss Willie Weed was shopping in Cisco Saturday.

Those visiting in the M. D. Speegle home Sunday were Mr. and Mrs. N. J. Tarver, Mr. and

Mrs. Elbert Ezzell of Cisco, Mr. and Mrs. Sam W. Hull and children.

Mr. and Mrs. J. G. Stuteville and boys, Mrs. W. S. King and son Walter Lee and Bill Lambright spent Saturday with Mr. and Mrs. J. M. Simmons near Putnam.

Mr. and Mrs. Johnson of Putnam have bought the O. M. Abbott farm. They will live in the Beard house until the first of the year.

Mr. and Mrs. Jack Whitehead and daughter of Dothan visited their mother, Mrs. Laura Honea, Monday evening.

Mrs. Robert Douglas and children of Brownfield are here visiting her parents Mr. and Mrs. Warren Jessup.

A number of Dan Horn people went to the senior play at Scranton Monday night. Billy Joe Taylor and Sherman Ervin were graduates this year.

Mr. and Mrs. Will Poe of Cisco attended church here Sunday night.

Mrs. Carrie Hull made a business trip to Cisco Monday.

Dan Horn Home Demonstration

club met Wednesday 19 with Mrs. Arlin Bint. There were nine members present and four visitors. Miss Martin, county agent, was present and demonstrated reseating a chair. Will meet with Mrs. J. M. Lambright the first Wednesday in June.

BETHEL

Church and Sunday school was well attended. Rev. English will preach at Bethel next Sunday morning and night. Sunday school will begin at 10:30 instead of 11:30.

Joe Hale has returned from San Diego, Calif., where he has been employed.

Mrs. D. J. McGough and Mrs. Jayne Freiks attended the school play at Scranton Monday night.

Pvt. Lloyd Freiks of Fort Sill, Ok., visited his wife, Mrs. Jayne Freiks, Saturday and Sunday.

Visitors in the J. M. Boatman home Sunday were Lloyd Freiks, Albatena and Ray Luvé Rogers, Eldon Lee and James Ray Callerman.

Mrs. Elmer Berry and children and Mrs. Clyde Cooper of Cisco visited here Monday.

We are sorry to report that Joe

Hale is suffering from leakage of the heart.

Mr. and Mrs. B. C. McElreath and daughter Clara and Jean Fannin attended the school play at Scranton Monday night.

Maxine Morris of Cisco spent Sunday night with her grandmother, Mrs. G. W. Horn.

Mrs. D. J. McGough and daughter and Mrs. Jayne Freiks visited Miss Addie Mae Horn Sunday night.

Miss Emma Fay Callerman of Fort Worth spent the weekend

with her parents, Mr. and Mrs. E. L. Callerman.

Miss Clara McElreath spent Sunday night with Jean Fannin. Mrs. J. M. Boatman and Mrs. D. J. McGough visited Mrs. L. A. Luttrell Tuesday.

Miss Golda Luttrell of Seattle, Wash., is spending her vacation with her parents, Mr. and Mrs. L. A. Luttrell.

We ask for it. Ration blanks must be complicated to catch the people who put something over if they can.

PICNIC AT LAKE CISCO ENTERTAINED JUNIORS.

The freshmen and faculty of Cisco Junior college entertained the sophomore class Wednesday with a picnic at Lake Cisco. The groups met on the college campus at 9:30 and proceeded to the

lake, where the day was happily spent. Hiking, fencing and skating were enjoyed in the forenoon. About twelve o'clock ravenous appetites became demanding and the picnic lunch was spread in the park. The afternoon diversions were swimming, kodaking, fencing and skating. The tired groups returned to Cisco about 3:30 hailing the day a grand success.

Those participating in events of the day included C. J. Turner, college registrar, Mrs. Minnie Hill, Miss Elizabeth Daniel, Miss Mayme Estes, Joan Altom, Rob-

ert Blackstock, Russell Calhoun, Ed Coppinger, Wimpey Cash, Jack Chambliss, Betty Mae Davis, Freda Fern Erwin, Preston Grisom, Paul Huntington, Ralph Huntington, Vernon Honea, Durward Jacobs, Yvonne Norris, Laura Kate Medford, Jimmie Newberry, Jimmie Starkey, Speedy Threath, Wren Threath, Raymond Thomas, Marjorie Woodruff, Corine Alexander, Totty Threath, Otha Lee Clayborn, Zurlie Paul McCowan, Polly Ann McDaniel and guest, Miss Virginia Ferguson of Eastland.

LOU ANN CORBELL'S BIRTHDAY CELEBRATED.

On Monday afternoon, May 24, a number of friends met at the home of Mr. and Mrs. L. J. Corbell, 1511 D avenue, to help celebrate the fifth birthday of little Miss Lou Ann Corbell.

After arrival of guests, gifts were opened and inspected. A number of outdoor games were played and the birthday cake, topped with five candles, was viewed by the guests. The cake was cut and served with pink ice cream. Favors were presented to each child.

The guest list included Lou Ann Corbell, Billie Daniels, Janet

Turknett, Patsy Calloway, Robert Calloway, Patsy Gardenhire, Jean White, Mary Faye Kinard, Nancy Stroebel, Robert Don Dunning, Sandra Norvell, Vada Lanell Haile, Dickie Corbell, Mrs. Pete Dunning, Mrs. A. M. Stroebel, Mrs. Wilcox, Mrs. H. H. Calloway, Mrs. Chester Norvell and Mrs. Corbell.

SLAUGHTER-DONOVAN WEDDING WEDNESDAY.

Miss Dorothy Dale Slaughter, daughter of Mr. and Mrs. J. W. Slaughter, and Lieut. Richard Donovan, son of Mr. and Mrs. V. L. Donovan, were married Wednesday morning at 11 o'clock in the home of the bride's parents, 705 W. Ninth street. Rev. Leslie W. Seymour officiated in the ring ceremony in the presence of immediate relatives of the families and a few close friends.

The bride wore a becoming brown and white crepe frock with corsage of gardenias. Following the ceremony guests were invited into the dining room where the three-tier wedding cake was cut by the bride and passed to each one present. The cake, topped by miniature bride and groom, stood on a reflector plaque, encircled by a wreath of orange

blossoms. The arrangement centered the table which was covered with a beautiful hand-made lace cloth. Seasonal cut flowers were placed attractively about the rooms.

Mrs. Donovan was reared in Cisco, graduated from Cisco high school and attended John Tarleton college. She will graduate in August from Harris-Memorial school of nursing. Lieutenant Donovan was born and reared in Cisco and also graduated from the local high school. He graduated from A&M college at mid-term this year. He then entered the armed forces and attended officer candidate school at Camp Lee, Va., from which he graduated recently and was commissioned.

The young couple left after the wedding on a short honeymoon trip after which Lieut. Donovan will return to his post and Mrs. Donovan will resume her work at the Fort Worth hospital.

MRS. SHOCKLEY ENTERTAINED GROUP.

First Christian church council group three met Tuesday afternoon in the home of Mrs. Lonnie Shockley for Bible study and business session with Mrs. J. S. Mobley, chairman, presiding. Mrs. C. R. West brought the lesson from "World Call" and conducted the Bible study. A short business session was held and the meeting closed with the missionary benediction.

During the social hour refreshments were passed to Mrs. C. R. West, Mrs. J. S. Mobley, Mrs. J. C. Fletcher, Mrs. Claire Swartz, Mrs. J. R. Wright and Mrs. Shockley.

People who really understand a question can't argue well. They can't be so positive as those who are uninformed.

The only good worker is one who loves his job or one who

needs the job and is afraid of losing it.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster— Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

TIME TO RELAX—On rocky shores of Russell Islands recently taken over by U. S. as strategic Pacific base, American soldiers released from duty find time to relax.

NO TIME TO BE IDLE

This is a time when all in America should be busy . . . No time for anyone to strike or to be wasting their time away.

Now that school is ending every boy and girl should find them a job to do . . . something to help, while the soldiers fight for us.

And whatever comes, we should not complain . . . take our tasks as they fall . . . Be a good soldier.

BRIEFLY TOLD

Mrs. R. F. Gilman was a business visitor in Brownwood today.

Mr. and Mrs. Fulton Largent spent the weekend in the home of Mrs. Largent's parents, Mr. and Mrs. J. W. Slaughter.

Earl E. Frye, son of Harvey Allen Frye, Cisco route two, has been promoted to the rank of first

sergeant. Frye, who enlisted October 27, 1938, is with a service battery at Camp Carson, Col. The young man attended school at Rising Star.

Mrs. O. G. Lawson and daughter, and Mrs. E. D. Anderson and son Mike visited in Ranger Wednesday.

Burkett Huestis, who attended John Tarleton college the past year, is visiting his parents, Mr. and Mrs. W. R. Huestis, before entering naval school.

Mr. and Mrs. Wesley Smith and children Durward and Billy visited in Eastland Wednesday afternoon. They were accompanied by their niece, Miss Betty Pippen.

Mr. and Mrs. S. H. Nance and Garland Nance have returned from Baytown where they have been at the bedside of little Charles Hartman McCall, who was seriously burned at his home there last Saturday morning. Hartman McCall, father of the child, talked to his mother, Mrs.

Bill McCall early today and said the baby's condition was much improved and that he has been removed from the hospital to his home.

Misses Doris Jamison and Polly McDaniel have returned to Cisco from John Tarleton College, to spend the summer vacation in the homes of their parents, Mr. and Mrs. A. E. Jamison and Mr. and Mrs. W. C. McDaniel.

Pvt. and Mrs. Vandal F. Earls are expected Sunday night for a visit in the home of her parents, Mr. and Mrs. Frank Walker. Private Earls, who is stationed at Fort Knox, Ky., and Mrs. Earls, visited a few days this week with his parents at Reagan, Texas.

Mrs. O. W. Hampton and Mrs. Edgar F. Johnson have returned from Corpus Christi where they visited their children, Mr. and Mrs. Tom Stamey and Mr. and Mrs. Wayman Johnson.

Mrs. W. W. Wallace, Red Cross co-chairman of Eastland county, stated today that all finished knitted garments should be brought to the Red Cross work room, 401 W. Ninth street, Friday afternoon. It is imperative that

all finished knitted garments be turned in not later than Monday, as shipment must be made.

Jack Osborne has returned from A&M college for a visit with his family after which he plans to attend the summer college term.

Mr. and Mrs. A. R. Purifoy accompanied their son, Albert Caleb

Purifoy, to Eastland today where he was among the number of draftees who left for Camp Wolters for induction into the army.

Mr. and Mrs. L. B. Norvell and Mrs. Blanche Miller went to Eastland with Elvin Norvell, who was among the young men who left for Camp Wolters today.

Mrs. Joe F. Brenner arrived from Florida Wednesday for an extended visit with her sister, Mrs. Mickey Carroll and with her parents, Mr. and Mrs. Lee Lieske at Lubbock.

WOODS CONVALESCING.

Dr. Paul M. Woods, popular Cisco dentist and recent surgical

patient at Graham Sanitarium, is recovering steadily at his home on W. Fourteenth street. However, Dr. Woods will not return to his dental practice until about July 1. In the meantime his

rooms in the Reynolds building are being redecorated and further modernized.

Civilization: Getting away from natural living and taking pills to overcome the results.

CHICKENS—TURKEYS

Star Sulphurous Compound.

Given in drinking water or feed destroys the intestinal germs and worms that cause most all diseases as they enter the fowl in feed, preventing most all diseases. Also rids them of blood-sucking lice, mites, fleas, blue bugs and red bugs that kill many of your chicks. Cost very little to use. Money back if not satisfied.

Congratulations to THE GRADUATES of 1943

To the Graduates of Cisco Public Schools and of Cisco Junior College!

"MY COUNTRY 'TIS OF THEE, SWEET LAND OF LIBERTY . . ." Thousands of boys and girls — young men and young women — will graduate this month in schools all over the country. Some will look forward to more education . . . some will take up tools . . . others will start careers and professions. Each turning a page in the book of life . . . Each will begin writing in that new page. What will it be?

"WE, THE PEOPLE OF THE UNITED STATES IN ORDER TO FORM A MORE PERFECT UNION . . ." George Washington was a well educated man . . . but high school students of today are presented with vaster fields of learning than were available to anyone in Washington's time. But Washington was great then . . . and would be great today . . . because he could THINK, PERCEIVE, EVALUATE AND ACT! He learned more from life than he did from books. So did Abraham Lincoln . . . a great man without formal education. So can today's graduates . . . that from which they graduate . . . a school . . . is intended to prepare them for learning from life.

WORLD CONDITIONS NECESSITATE AND PRODUCE ACTION AND REACTION, DEFENSE AND OFFENSE, WAR AND PEACE, PROSPERITY AND DEPRESSION . . . Great problems lie before the graduates of 1943. To some, further preparation is necessary before tackling them . . . others find themselves on the long road that leads to future responsibilities . . . in business . . . in government . . . in social activity. There's a challenge for every student . . . a problem to be solved . . . mistakes to be corrected . . . errors to be avoided. There's something that needs licking . . . something that only one person can lick. It may be a personal problem . . . but each personal problem affects a national problem . . . this is a big country . . . there's plenty to do.

Cisco Gas Corporation
