CISCO, TEXAS, SUNDAY, NOVEMBER 9, 1924

Number 190

W. J. EXTENDS OLIVE BRANCH

Bleeding Mexico Is Threatened With Another Rebellion Upon The Retirement Of President Obregon

REPORT OF NOV. 1ST INDICATES 12,816,000 BALES

WASHINGTON, Nov. 8.—The government crop forecast as of November 1, issued by the department of agriculture, was bearish in its nature, as conditions of the crop shows an improvement rather than a deterioration over the last report.

STEPHENVILLE WINS CLASS B CHAMPIONSHIP

Stephenville high school Yellow Jackets won the championship of this district class B division from Merkel by defeating the latter on the Abilene grounds 20-0.

MRS. ALEXANDER HONOREE RANGER REBEKAH LODGE

Friday evening Ranger Rebekah lodge delightfully entertained in honor of Mrs. J. D. Alexander, past president of the Rebekah assembly of Texas.

EL PASO, Nov. 8.—Mexico is threatened today with another military revolt designed to prevent Calles from taking his office unless he gives certain pledges to leading army officers.

DOKEYS TO HOLD CEREMONIALS IN WEST TEX. TOWNS

FORT WORTH, Nov. 8.—Officials of Azotas Temple 175, D. O. K. K. have just returned from trips through Texas and Oklahoma in the interest of the coming fall ceremonials to be staged in the two states.

MORAN SHIPS CAR POULTRY NEW ORLEANS

MORAN, Nov. 8.—Townsend Oyer company recently shipped a car of poultry from Moran which placed \$1,400 new money in the pockets of our farmers.

ALL SPEED RECORDS SMASHED HOUSTON, Nov. 8.—All speed records, whether made on the cinder paths or not, were shattered here when Sappho, lioness with John T. Wortham shows, broke from her cage and roamed at large for a few minutes while the show was being unloaded in the Southern Pacific yards.

TWO CHILDREN BURNED ROCHESTER, N. Y., Nov. 8.—Two children, Enos, 6, Winona, 12, perished when the farm home of their father, Perry Aldridge, was destroyed by fire near here today.

NOCONA—Two cotton gins working overtime to handle crop.

REV. L. A. WEBB OFF THIS WEEK TO CONFERENCE

With the conclusion of his services at the First Methodist church tonight Rev. L. A. Webb will close his pastorate in this city. Coming here one year ago, Mr. Webb has proven a popular pastor to both his flock and the entire citizenship of Cisco.

LOBO QUEENS WIN OPENER FROM PARKS

What the Loboes are in football the Lobo Queens give promise of enjoying the same enviable record in basketball. Friday evening the Queens went over to Parks and engaged the Parks high school basketball team in the opening of the season, where they took the long end of a score of 17 to 14.

At the end of the first quarter Cisco was 8 to Parks 0. Second quarter, Cisco 12, Parks 7. Third quarter ended in a tie. In the fourth quarter the Queens scored two points in the last two minutes, winning the game by a score of 17 to 14.

Features of the game were goal shooting of Stringer and Price, both guards and center lost no time in getting the ball and sending it home. Alberta Parsons saved the day at the last moment by knocking the ball over her opponent. Ruth Huestes and Ann Yarbrough outplayed their opponents. Lucy Hickey and Bessie Swindle, guards, were in the right place all the time. Alene Reed was put in the game in the last quarter and played consistently. It was team work throughout, as every player worked hard and errors were few.

KEELING REPRESENTING TEXAS IN WASHINGTON AUSTIN, Nov. 8.—Attorney General W. A. Keeling will leave tomorrow for Washington, where he has three conferences scheduled during the next two weeks. He will ask that the receiver of the Red river oil lands be directed to pay Texas one-twentieth of one percent of the pipe line tax on oil production. He will also confer with the Oklahoma attorney general on the one hundredth meridian suit, and represent Texas in the New Mexico boundary suit before the supreme court.

ADMISSION TO ARMISTICE DAY GAME IS \$1.25

Admission to the Ranger-Cisco game Tuesday afternoon at Ranger is to be \$1.00 general admission, with 25 cents extra for reserved seat. The expenses of the game are to be paid and the net gate receipts split between Cisco and Ranger on a fifty-fifty basis.

The extra twenty-five cent seat charge was necessitated because of the fact that the American Legion of Ranger, had pulled the bleachers and are paying for them by selling seats at games. The legion at first planned to charge fifty cents for seats, but the Ranger athletic council arranged to pay the legion a flat sum, netting them twenty-five cents, and to handle ticket sales themselves.

Te business men of Ranger and the Ranger chamber of commerce are working in cooperation with Ranger high school to make the day a success. They have set the manner in which Breckenridge handled the big game at Breck, as their goal, and have organized a courtesy committee of leading business men of the town to police the grounds. No one but the pep squads of the schools will be permitted on the field between halves and the squads will go on separately. Every effort will be made to make the day a good will day. Cisco people will be the guests of Ranger that day, according to assurances of Secretary Patterson of the Ranger chamber of commerce.

NO PARDONS THIS YEAR AUSTIN, Nov. 8.—Governor Neff today announced he would abolish the customary Thanksgiving duty of granting certain pardons to those incarcerated in Texas prisons. He declared he would not issue one pardon this year.

THE RETAIL MEN ELECT OFFICERS FRIDAY EVENING

At the meeting of the Retail Merchants association held in the chamber of commerce Friday evening, a board of directors were elected, and later the board elected the officers of the association. This was the first meeting held since the arrival of the new secretary, B. B. Longacre, and considerable pep was injected into the meeting, bespeaking a prosperous season for the business men's organization.

GREENVILLE—Colonial theater, destroyed by fire, to be replaced with \$80,000 structure.

1925 FIREMEN'S MEET IN CISCO TO BE BIG EVENT

"Upon the occasion of the state meeting of the Volunteer Firemen's association of Texas in Cisco, May 12, 13 and 14, 1925, Cisco will entertain the Texas volunteer firemen for the first time," said Chief R. L. Bettis of the Cisco fire department upon his return from Waco, where he was one of the judges of the contests staged at the Cotton Palace.

The firemen stated that the Cisco meet would be one of the largest in point of attendance held in many years. I saw most of those who were at Waco, and we gave out our cards bearing the photo of the great concrete dam, showing the largest inland body of water west of Fort Worth, and it sold Cisco to them without further comment.

The firemen were brought to Waco by the Cotton Palace association as a fair attraction, and this gathering was not an official state meeting. In the hose race Belton won first prize in 22 2-5; Taylor was second with 31 flat, and Brownwood was third, with 31 4-5. Hillsboro and Cameron failed to connect the hose.

Those attending from Cisco were Chief R. L. Bettis, Secretary R. L. Wilson, Mr. and Mrs. H. C. Wippeny, Mr. and Mrs. E. O. Hendricks and Mr. and Mrs. Noah Fowler and children.

CAPITAL STOCK OF CISCO B. & L. WILL BE \$500,000

Pending the securing of a charter for the Cisco Building & Loan association this, Cisco's newest enterprise, is whipping all matters into shape to begin functioning just as soon as the articles of incorporation have been granted. At a recent meeting of the directors the capital stock of the association was placed at \$500,000. B. W. Patterson was selected as the association's attorney, and J. V. Heyser, Guy Dabney and J. M. Williamson were named as the board of appraisers.

POPULAR MAN RETURNED AS M. E. PASTOR

CROSS PLAINS, Nov. 8.—Rev. Brabham, Methodist pastor here, has received his appointment for another year at this place. His work for the past year has been successful, and his effort and pressure brought to bear to retain him as pastor met with success. It is understood that he will proceed right away with the new church building program. Rev. T. H. Davis, who lives just east of town, will pastor the Cottonwood, Burnt Branch and Dressy churches.

La Follette and Wheeler Invited Align With Democrats to Wrest Power From Republicans in 1928

WASHINGTON, Nov. 8.—William Jennings Bryan tonight inaugurated a movement to bring the Democratic and Independent Progressive parties under a single party standard for the campaign of 1928. He extended the olive branch to Senator Robert M. La Follette and Burton K. Wheeler by asking them to come under the Democratic fold that the coalition might be assured of wresting the power from the Republicans in the 1928 general election.

He said the Democratic party remained the only hope of the progressive elements throughout the country. He stated the Progressives must be convinced that it is impossible for a third party to function except by an alliance with the Democratic party, in which event victory would be assured.

GOV. NEFF IS ENROUTE TECH MEET LUBBOCK

AUSTIN, Nov. 8.—Governor Neff departed overland tonight for Lubbock, where he will deliver the principal address at the Tech cornerstone ceremonies, Tuesday. He will also perform some missionary work on his state parks project, speaking at Midland Sunday night and then numerous impromptu speeches from there to Lubbock. From Lubbock he will make a tour of the panhandle in behalf of parks. He expects to be absent from the capitol about ten days.

B. A. TUNNELL T. & P. AGENT GOES RANGER

B. A. Tunnell, local agent for the Texas & Pacific railroad since December 1, 1920, when he was transferred here from a similar position at Eastland, will check out Monday and take up his duties as general agent at Ranger on the following day. At Ranger Mr. Tunnell succeeds S. A. White, formerly chief traveling auditor, who now returns to that position with the T. and P. O. J. Tunnell, brother of B. A. Tunnell and at present local cashier for the T. and P., will check in as the successor of his brother, but whether this is permanent or merely temporary is not known.

B. A. Tunnell has made many warm friends during his residence in Cisco, all of whom will be sorry to learn of his departure from the city, although glad he has received a well-deserved promotion. As a member of four branches of the Masonic order, secretary of the Eastern Star and an earnest worker in the First Methodist church, Mr. Tunnell will be missed in these organizations, as well as among the business men of the city, with whom he came in personal contact daily. In May, 1923, Mr. Tunnell was united in marriage to Miss Venita Daniels, a popular Cisco girl and a daughter of Mr. and Mrs. George Daniels, and his transfer to Ranger also means the loss of this excellent young woman to Cisco social circles.

MRS. FERGUSON LEADING BUTTE 75,000 MAJORITY

DALLAS, Nov. 8.—Mrs. Ferguson's lead leaped to 75,000 tonight when late returns from 157 counties, complete, gave her 297,741 votes against 221,962 for Dr. Butte. This indicates her total majority will be around 121,000. Final returns from her home county showed she carried Bell by 1,133.

ARMISTICE DAY LINE OF MARCH RANGER FIXED

Cisco's big Armistice day parade promises to be one of the unique features of the day. And while the type of floats will not be the same as they have been in the past, yet the decorated automobiles flaunted the national colors, the Lobo colors and the colors of the various city organizations will indeed be attractive. And the fact that the parade will travel a distance of forty miles—to Ranger and back—will make it the first of its kind, perhaps, ever staged in the southwest. And a parade of this kind will give us an excellent opportunity to demonstrate to the rest of the towns in the country the progressiveness of Cisco. Every civic organization in town will be represented. A great many of the business houses will have decorated automobiles. These cars will display the name of the respective stores and business houses. It has been impossible for the parade committee to get in touch with all the owners of private automobiles, but it is urged that these people put some sort of decorations on their cars and join the long procession.

The parade will start at 1 o'clock Tuesday afternoon from the Blease Motor company, corner of Tenth and D avenue. The parade will be led by the American Legion; next will be the band, then will come the Cisco pep squad, then civic organization cars, next the business floats and then the private decorated automobiles. The American Legion, pep squad and band will assemble on Tenth street, between D and E avenues, facing east. The civic organization floats are asked to assemble on E avenue, between Tenth and Eleventh streets, facing north. The business floats are asked to assemble on Eleventh street, between E and F avenues, facing east. The decorated automobiles to assemble on Tenth street, west of E avenue, facing east. All cars are asked to assemble at their respective places at 12:30, enabling the parade to start promptly at 1 o'clock.

D avenue will be cleared of automobiles for the parade, which will march on this street to the Mobley hotel, encircling the square at Union station, coming back on D avenue, parading south on D to Fourteenth street, then on to Eastland. Arrangements have been made with the city authorities at Eastland and Ranger to give the marchers right of way through those towns. And the leader of the parade will have complete instructions as to the line of march through Eastland and Ranger, so there will be no confusion.

The parade will end at Ranger, near the football park, and those desiring to attend the football game will have ample time to get comfortably seated before the game starts. Arrangements have been made for a special section in the bleachers for the Cisco band and pep squad.

SOCIETY'S CRUSH

The limit of the power which can be legitimately exercised by society over the individual is a question that is coming to be discussed more and more.

It is not a new question. In a certain sense, it has divided mankind almost from the remotest ages.

But in old times this contest was between subjects, or some classes of subjects, and the government.

John Stuart Mill, in the introduction of his essay on Liberty, sums it up for you.

By Liberty, in those days, was meant protection against the tyranny of the political rulers. The people were content then to be ruled by a master, on condition of being guaranteed more or less efficaciously against his tyranny.

Then men began to believe that the various magistrates of state should be their delegates, revocable at their pleasure. By degrees, this new demand superseded the previous efforts to limit the power of rulers.

As the struggle proceeded for making the ruling power emanate from the periodical choice of the ruled, some persons began to think that too much importance had been attached to the limitation of power itself.

What was wanted then, as Mill puts it, was that the rulers should be identified with the people; that their interest and will should be the interest and will of the nation. The nation did not need to be protected against its will. There was no fear of its tyrannizing over itself.

The idea was not disturbed by such temporary aberrations as those of the French Revolution, the worst of which, as Mill observes, were the work of an usurping few, and which, in any case, belonged, not to the permanent working of popular institutions, but to a sudden and conclusive outbreak against monarchical and aristocratic despotism.

In time, however, a democratic republic, the United States, came to occupy a large portion of the earth's surface and make itself felt as one of the most powerful members of the community of nations; and elective and responsible government became subject to the observations which wait upon a great existing fact.

"It is now perceived," says Mill, "that such phrases as 'self-government' and 'the power of the people over themselves' do not express the true state of the case.

"The 'people' who exercise the power are not always the same people with those over whom it is exercised, and the 'self-government' spoken of is not the government of each by himself, but each by all the rest.

"The will of the people, moreover, practically means the will of the most numerous or the most active PART of the people; the majority, or those who succeed in making themselves accepted as the majority; the people, consequently may desire to oppress a part of their number; and precautions are as much needed against this as against any other kind of power."

The limitations, therefore, of the power of government over individuals, loses none of its importance when the holders of power are regularly accountable to the community, that is, to the strongest party therein.

HORSES AND MINISTERS

The head of a church board that is trying to raise a fund for its super-annuated ministers remarks that a jockey club recently provided for a veteran race horse a pension as large as any paid for a veteran clergyman. He thinks it isn't fair. And it isn't. Not that horses should get less, but that ministers should get more.

As a matter of fact, there are few horses pensioned, and many ministers. But neither during his active service nor afterwards does the average clergyman get anywhere near as much as he deserves, or as much as he needs to make him most efficient as a pastor and comforter of human souls. If the clergy were paid as men of comparable talent and equipment are in other callings, it would not need to be begging for pension funds.

This last statement may call for some qualification. Ministers as a class are not a thrifty lot. They are always giving away a good part of their small stipend to people worse off than they are. If they were paid more, probably they would just give more away. What are we going to do with men who insist on practicing practical Christianity?

FAVOR THE BANKNOTE

The United States treasury undertook lately to get rid of some of its surplus silver dollars. It used a pile of them for the government payroll in Washington. It urged subtreasuries to work them off among the banks in their various sections and urged the public to make more use of the silver. But the public failed to take the hint and the cartwheels rolled right back into the treasury about as fast as they were distributed.

People simply do not want to carry around heavy money. Even the West, long partial to silver and gold, is coming to favor the light and convenient banknote in preference to coins. Silver dollars are unloaded on merchants and the merchants in turn unload them on banks, and the banks cannot get them back into circulation again without insisting more vigorously than they care to. So Uncle Sam must keep right on with the expensive printing, cleaning and replacing of millions of dollar bills. The suggestion is made that the treasury solve the problem by melting down its dollars and coining them into half-dollars, quarters and dimes, for which there is always a big demand. This is probably what it will have to do.

POWER FROM CHARCOAL GAS

Swedish scientists have produced a gas from charcoal which is being used satisfactorily as motor fuel. It is being used to drive automobiles, boats and even trains, and is said to be manufactured at a fraction of the cost of gasoline or alcohol.

This is interesting as a scientific fact, and also as assurance that the world need not discard the motor engine

when the gasoline supply gives out. It may be doubted, however, whether charcoal gas will be of much practical value in this country, for centuries to come. Our supplies of timber for charcoal-burning are limited and our motor fuel demands are vast. We have a lot of petroleum still untapped, especially in the shale deposits.

Another Swedish experiment is more to the point, as far as America is concerned. A railroad in Sweden is converting its passenger cars to use coal gas, for internal combustion, instead of steam. That is a game America can play, drawing all the gas it needs, for some hundreds of years, from its vast coal deposits when the oil is gone.

Regularly each year we prepare careful inventories of merchandise that is more or less valuable, but how many of us take stock of our physical assets and liabilities?

Premier Mussolini of Italy has decided to erect in Rome the largest and tallest skyscraper in the world. Plans already drawn provide for an 88-floor building towering 1,500 feet and having a frontage of 1,000 feet. It is planned as the center of Roman culture and athletic life. Of course, some Yankee will soon go Mussie a few floors better.

Yes, Cisco is where the sunshine spends most of the winter.

At present Poultryman Lee Poe arouses his White Leghorn hens at 4 o'clock a. m. with a mammoth alarm clock, but when the radio broadcasting station has been erected in Tourist park Mike Fleming can awaken all the hens in Eastland county at one time.

One man, Frank Vernon, established the Cisco public library some thirty years ago. Since 1900 the Twentieth Century club, composed of 25 women, has kept the institution alive and successfully developed it to its present fine usefulness. With more than 3,000 volumes on hand, two good lots and \$1,000 in money, these women are anxious for sufficient cooperation to erect a modern home for the library. What will the answer be, Mr. Cisco Man?

HOSPITALS GET MANY PATIENTS FROM HIGHWAYS

GORMAN, Nov. 8.—Possibly no other cause contributes as many patients in the hospitals of the country as the highways and autos. Gorman recently has become (in)famous for the accidents reported on the highways leading out of this city. This week two crashes were reported.

Thursday while going to the football game at De Leon, Miss Viola Williams had the misfortune to turn the sedan she was driving over. Fortunately no one was injured in the wreck. The car was badly damaged, one wheel being broken down, several glasses smashed and the body was wrenched and scratched. A blow-out in one of the front casings was the immediate cause of the wreck.

On Monday evening while coming in from Carbon Arnold Kirk hit a Ford with his Nash roadster and smashed the Ford pretty badly and tore a wheel and a fender off the Nash. From all reports of this accident one of the cars only had one light and could not see the other. A lady riding in the Ford was badly bruised but there was no serious injuries in the wreck.

On last Saturday night F. H. Gentry of Stephenville, had the misfortune of losing a new touring car from in front of the Blackwell sanitarium where he was visiting relatives who were in the hospital. It was a Ford and was almost new.

NOTICE

I will be at the Eppler House on November 15th, with Nursery Stock. Those desiring shrubs and trees, see me at 1100 Ave. F. E. B. Whisenant.

CARD OF THANKS

We take this means of thanking the many people of Cisco and Eastland for their kindness and for the beautiful flowers sent during Guy's stay at the hospital. Mr. and Mrs. E. N. Strickland.

COURSING MEET IN FORT WORTH NOW UNDER WAY

FORT WORTH, Nov. 8.—When the first pair of fleet dogs begin their race here today, what is probably the most pretentious coursing meet ever staged in Texas will be under way. Eight days of sport will be provided in the running of the Texas futurity, Waterloo and derby stakes, with over two hundred entries in the three events.

In the futurity, about a hundred of the best dogs in the country will compete, while seventy of the top hounds will be entered in the coveted Waterloo stake, with some of the most prominent breeders in the United States represented. The races are to be held on the Lake pike, and at least two hundred dogs are expected to start, among them winners of former state and national events.

MOTHER SHOT WHILE DEFENDING DAUGHTER

CLEVELAND, Nov. 8.—Mrs. Elizabeth Tvaska, 42, while defending her daughter from the undesired courtship of Walter Sabaski, was shot to death today. Sabaski, who was arrested at the depot, confessed by jumping from a window.

WOULD PROHIBIT TRANSFER OF GAMES AFTER SCHEDULE

FORT WORTH, Nov. 8.—The Southwestern athletic council is attempting to introduce a by-law into its constitution to prohibit the transfer of games from one city to another, regardless of the money making advantages of certain transfers. Only in a case of extreme necessity will a transfer be allowed and then only by vote of the conference, either by wire or mail. This proposed change of rules was the outgrowth of an attempt by the Southern Methodist University to have the Mustang-Arkansas game, scheduled to be played at Fayetteville, Ark., transferred to Dallas.

BROWNWOOD SCORES ON COMANCHE

The Comanche Indians removed the last obstacle in their way to the district class A finals by defeating Brownwood 25-13 at Brownwood yesterday. The Indians were in much the same mental condition for the Brownwood game that the Lobos were when they met Breckenridge. Comanche had been keyed to a high frenzy for their game with Breckenridge last week, and were undergoing the natural reaction which sets in following a high tension. Then Brownwood and Comanche are old rivals, and a game between them is always a battle. Brownwood is reported to have shown wonderful improvement since their game here and they showed a world of fight in their game against the Indians. This is the last game the Comanche team will play before the game with the winner of the Cisco-Ranger tilt. The interscholastic league has

NOTICE OF STOCKHOLDERS' MEETING

A regular annual meeting of the stockholders of the Cisco & North-eastern Railway Company will be held at its office in the City of Cisco, at eight o'clock P. M. on the second day of December, 1924, for the election of officers and for the transaction of such other business as may come before the meeting. Immediately upon adjournment of the stockholders' meeting, a meeting of the directors of the company will be held at its office.

A. SPEARS, Secretary. October 29, 1924.

BIRTH AND DEATH ARE ILLUSIONS, SAYS NEW SECT

EDINBURGH, Scotland, Nov. 8.—Birth, life and death are all illusions, according to the teachings of a peculiar Scottish religious sect known as the "Society for Spreading the Knowledge of True Prayer."

"Illness does not exist and never did exist, the society also maintains, thus outdoing the famous Nancy Chamist, Dr. Coue, of "Every Day" fame.

"This material world is a dream," maintains the society's leader, Mrs. Agnes Morrison, known as "The Practitioner." "It is purely hypnotic effect on the material senses. The only reason we have disease, sorrow, want, discord, misfortune, is because we have thought of them.

"Evil will only work as long as people support it by believing in it. Cease believing in evil, cease thinking of it and that is the end of it. "Human birth is an illusion; death is an illusion. All this will stop in a short time, and we will wake up, or apparently wake up, perfect beings in a perfect world, governed by a perfect spirit, which is love."

Most of the adherents of the society, the practitioner admitted are of the female sex.

TED AND TES ARE TWINS' NAMES BORN IN OCT.

In the vital statistics reported to Dr. John Brice, city health officer for Cisco, one pair twins are named, but in this instance the sexes are equal, as a boy and girl came to gladden this household. This pair of youngsters have been christened Ted and Tes by their fond parents.

The report shows eight births, of which six are boys and two are girls. The mortality reported is five. Following are the births and deaths reported for October:

Births—Oct. 21, to Mr. and Mrs. S. P. Miller, Cisco, a boy; Sept. 19, to Mr. and Mrs. Irwin Boyd, Moran, a boy; Oct. 23, to Mr. and Mrs. W. O. Nichols, Cisco, a boy; Oct. 10, to Mr. and Mrs. J. L. Esse, Cisco, a boy; Oct. 13, to Mr. and Mrs. David Jones, Gorman, a boy; Oct. 31, to Mr. and Mrs. Alvie E. Herring, Cisco, a girl; Oct. 21, to Mr. and Mrs. S. E. Roberts, Cisco, twins, a girl and a boy, who have been christened Ted and Tes.

Deaths—Oct. 21, Mrs. Cora E. Cartwright, Cisco, aged 55, asthma; Oct. 14, Forest Dow Wright, Cisco, aged 3 years, 4 months, acute indigestion; Oct. 28, Mrs. Lena Nichols, Cisco, aged 56, senility; Oct. 7, Oliver Eldon Murray, Cisco, aged 2 years, acute indigestion; Oct. 30, Billy Joe Nichols, Cisco, aged two days, congestion.

CIVIL CASES TO BE HEARD IN 88TH COURT NEXT WEEK

Judge Hill of the 88th district court, has set the following cases for hearing during next week of his court, beginning November 10: Mrs. S. E. Reynolds vs. McMann Oil & Gas company et al; C. V. Williams vs. Comanche County Oil company et al; Rockwell Bros. & Co. vs. George Langston; W. R. Ross et al vs. J. E. Brewer; Jose Martinez vs. W. F. R. & F. W. railway company; E. Cunningham vs. Paramount Oil & Gas company et al; J. W. Ray et al vs. Waples-Platter Grocery company et al; Enos Fairchild vs. Independent Torpedo company et al; Ida Fairchild vs. Independent company et al; First State bank, Carbon, vs. J. W. Guy et al; Edward A. Kliever vs. L. C. McFall; C. W. Ayworth et al vs. Sinclair Oil & Gas company; H. L. Gibson et al vs. George Beggs, Jr., et al.

BAYLOR TO PLAY NOTRE DAME DURING NEXT YEAR

WACO, Nov. 8.—The first game of the 1925 season for Notre Dame will be with Baylor University on September 26, 1925, at South Bend, Ind., it was announced here today.

CAN THEY BEAT THIS ON LANDS IN SWISHER CO?

Cisco American correspondent at Ricks tells of Ernest and George Louder trading their farms in Stephens county for a section of land in the Plainview country, and states that George will move his family to Kress next week. Kress is located on the line of Hale and Swisher counties, and it is presumed he is going there to cultivate the land he and his brother have just traded for.

This is not unusual, but one wonders how much they will better their condition after reading what the writer has to say of their success on their Stephens county farm, which is located about 14 miles from Cisco. "This year they irrigated parts of their Stephens county farms, and on three acres of cotton, with rows 160 yards long, they gathered 45 pounds of cotton to the row." The writer does not state how wide the rows were apart, and there is no method of ascertaining how many rows the three acres contained, so it is not stated what the three acres yielded. However, it is hardly possible that they will find their new lands any more productive. "Their large irrigation tank covers about 12 acres," according to the writer, and as there is no land any more productive than the lands in Stephens and Eastland county, it is hardly possible that the Louder boys have improved their condition by this deal. "Their sister, Mrs. Kate Brown, who was married late in the summer to Edgar Brown of Wayland, will remain on the home place until the first of the year," the writer states.

NOTICE I have sold my interest in and severed my connection with the Magnolia Filling Station of Cisco, and am not responsible for any financial obligations incurred after October 31, 1924. c-190 EVERETT LITTLE.

GRAND PRAIRIE—Construction under way on new Methodist church; structure to cost \$26,000.

Married Football Star Father of Three.

HOMER HAZEL It has just been revealed that Homer Hazel, star fullback on the Rutgers College team of New Brunswick, N. J., is twenty-nine years old, married, and the father of three children. He was an end on Walter Camp's All-American team last year. Hazel, whose home is in Marshall, Mich., played on Rutgers in 1916 and then married Miss Marguerite Lorenz, distant relative of Dr. Lorenz. He went to work for the Flint Foundry Co., and worked his way up to manager. There was talk of making him president, and he returned to Rutgers to complete his education before assuming higher duties.

Hall's Catarrh Medicine will do what we claim for it—tid your system of Catarrh or Deafness caused by Catarrh. Sold by druggists for over 40 years. S. J. CHENEY & CO., Toledo, O.

MEN AND WOMEN IN NEWS SPOTLIGHT

Below: MRS. JEAN NASH & MRS. CAROLINE NUTTING. Below: M. MAETERJANCK & CORNELIUS (COLE).

Mrs. Caroline Nutting, wife of William was born Nutting, noted New York yachtsman, expressed confidence that the scout cruiser Trenton, which left Brooklyn for the Arctic, would find her husband and his companions, who attempted to cross the Atlantic in a tiny boat, and who were last heard from in Greenland. Mme. Jean Nash, hailed as the best dressed woman in Paris, said on a visit to New York that it was not hard to be chic if women would keep to straight lines and simple colors. Former United States Senator Cornelius Cole, 102, intimate friend of Abraham Lincoln, and who practiced law until he was 100, is dead at his home in Los Angeles, Cal. Maurice Maeterjank, who announced last year he had quit writing because he would not "debase himself by writing the stuff modern editors want," has a new hobby in Paris. Everywhere he goes he carries with him an instrument for measuring blood pressure, and whenever he meets a friend he insists on taking his blood pressure.

BROADWAY THEATER

Gloria Swanson, in her latest Paramount picture, "Her Love Story," which opens at the Broadway theater today, furnishes ample evidence that Kipling knew what he was talking about when he said: "The Colonel's lady and Judy O'Grady are sisters under the skin." Only in Gloria's case it isn't a colonel's lady but a queen who shows us that under the thin veneer of royalty she is just a woman. "Her Love Story" is based upon Mary Roberts Rinehart's absorbing story, "Her Majesty, the Queen." Gloria has the role of a princess who secretly marries a brave young captain of the king's guards. Her father disregards this marriage which was performed by a gypsy and forces her to marry the king. A son is born to her—the son of her guardsman-lover. She confesses to the king that the child is not his. The result is that she is banished, and the king proclaims the boy as his own.

What Do You Want Washed?

Modern laundry service is as different from the old-time service as night is different from day. Modern machinery, equipment and methods are responsible for the change. Nowadays, it is possible to complete laundry service—washing, ironing and delivery—in only a fraction of the time it used to take.

This makes the up-to-date laundry practically indispensable to the housewife of today. Give us a trial.

APPEALS COURT CONFIRMS THREE FROM EASTLAND

EASTLAND, Nov. 8. — The officials here have just been notified that the criminal court of appeals at Austin has affirmed three cases in which convictions were secured in the 91st and 88th district courts here, it is reported.

A sentence of four years in the state prison, given Roy Holden in the 91st court here about one year ago was affirmed, it is announced. Holden was charged with having taken 32,000 feet of oil field casing from a lease in this county about one and one-half years ago. He was released on bond and later arrested in Young county on a charge of rape. He plead insanity in this case, it is said, and was tried and sent to a state asylum from which he is reported to have escaped after two or three days. He is still at large. The sentence given W. P. Torrans in the 88th district court here about a year ago was also affirmed. Torrans, it is reported, was tried on a charge of assault to murder growing out of a gun fight on the streets of Ranger and was sentenced to two years in the state prison. In the case of Sam Allen, charged with the manufacture of whiskey, tried in the 88th court, a sentence of one year was affirmed.

GROESBECK—Pure Oil company drilling well three miles west of here.

GRIGGS

We surely are having fine weather for gathering the crops. Some are done picking and the rest will soon be done—if the fine weather continues for a few more days.

Mrs. W. H. Lewis and children and L. H. Wagner went to Stephens county Saturday evening to visit Mrs. Lewis' brother, C. D. Griggs.

The Stephenson children are picking cotton for Sid White this week. Mr. and Mrs. J. B. Reed visited Mr. and Mrs. Land Black at Pleasant Hill Sunday.

Our school will open Monday, the 10th. We are hoping for a good school. Frank Gryder is home from New Mexico on a visit with the home folks. Mrs. Daugherty spent one night this week with Mrs. Lewis. Barney Killian is at work in Stephens county. His wife is spending a few weeks with her mother, Mrs. Gryder. Several from here attended the funeral Sunday at Carbon of Mr.

Woods, father of our former teacher, Festus Woods. The family have the sympathy of the entire community. Mrs. E. R. Wagner and children spent Saturday night with Mr. and Mrs. W. H. Wagner. Jack Lewis and Joanne and Cecil Daugherty went to prayer meeting at Romney Wednesday night. Mrs. Lewis and son went to Cisco one day this week.

Electric Starter and Generator Specialists

20TH CENTURY CLUB NURSES LIBRARY 24 YEARS.

TIME OTHER CITIZENS GAVE HELPING HAND

Mrs. J. J. Winston, one of the charter members of the Twentieth Century club, at the request of the Cisco Daily News, gives a bit of interesting history connected with the Cisco library, and speaks of the formation of the Twentieth Century club and how it came to take charge of the library, some 24 years ago. Mrs. Winston says:

"The Twentieth Century club was organized in my home in 1897, and as I recall only five of the charter members are now living in Cisco. These are Mrs. Wm. Reagan, Mrs. J. J. Butts, Mrs. C. H. Fee, Mrs. Geo. Langston and myself. Mrs. G. B. Kelly came near being a charter member, joining soon after the XXth Century club was organized.

"It was in 1900 when the club took over the library, and began to sponsor that institution. The library was first started by Frank Vernon in 1894, who in a modest way began to collect books and periodicals from the people of Cisco, using small boys to solicit volumes, offering a shot gun as a prize to the boy who secured the largest number of books. Jonah Eppler and Warren Taylor were two of the boys that I recall. He kept the library in the building now used by the Coca Cola bottling works. In 1900, when his health began to fail, and just before his departure for El Paso, he called the XXth Century club together and made this club the custodian of the library, with the funds on hand, amounting to about \$200, with the stipulation that should the club disband the library would revert back to him. He had then just recently received a donation from Andrew Carnegie of \$250 to purchase books.

"Since taking over this institution the club has made splendid progress in maintaining a library for Cisco. We acquired the lots on Sixth street, and secured a charter in 1915, and as been previously stated, we have now in the building fund over \$1,000. This can be augmented by selling half of the lots, as half of this property would be ample room for the building. From the time the XXth Century club took over the library it has been the one object of the club to establish a public library in Cisco. The club members feel that they have carried it along nicely, but it has assumed such proportions now that it is becoming rather burdensome for them to carry, as there are but twenty-five members. We have about 3,000 volumes now, with sectional book cases for the most of them. The other books are on shelves. With the present library equipment, and the money and lots we have, it seems that it is about time the public should come to our assistance and help us build a suitable home for the library. Naturally Cisco should have a creditable building, and one so designed that it would contain a club room for the several ladies' clubs, and possibly for the Lions and Rotary clubs. Cisco really needs a meeting place of this character.

"We have a special committee appointed to take the initial step for building the library home, but as most of the personnel of this committee will attend the state federated clubs meeting at Amarillo, nothing will be done until they return. When this committee convenes and formulates the plan I am sure we will have the co-operation of each of the other clubs in the city. In this movement we expect the co-operation of the churches, business men and the men's clubs. With such team work we feel sure that the building will be erected, and the Cisco library

Rich Dula Youth Is Held in Suit.

ROBERT B. DULA, JR.

After an absence from New York of two years, Robert Byron Dula, Jr., son of an immensely wealthy New York family, was arrested and held in \$25,000 bail upon his return in a separation suit brought by his wife, Elsie Hinman Dula. Mrs. Dula asks the tobacco magnate's son to pay her \$2,000 a month alimony and \$10,000 attorney's fees. Another suit for \$250,000 for alleged alienation of affections is pending against his father.

RISING STAR GIRL HURT IN PLAYING BASKETBALL

RISING STAR, Nov. 7.—Recently while playing basketball Miss Violet Tomlinson fell and injured her knee. The injury was thought insignificant, but when it failed to respond to local treatment she was sent to Cisco where the limb was X-rayed, revealing a more serious injury than was thought at the time it occurred. She was sent by train to Temple, where she is receiving surgical treatment at a sanitarium in that city.

EXPECT CANADA TO BUY MORE AMERICAN GOODS

OTTAWA, Ont., Nov. 8.—Return of the Canadian dollar to par will boom the export trade from the United States into the Dominion, according to Hon. Thomas A. Low, federal minister of trade and commerce.

LUFKIN—Lufkin ice plant being improved at cost of \$80,000.

will be housed in a home adequate to present and future needs. There is every reason for building a home for the library, as it has now grown to such proportions that the present location will not serve our purpose. Then, the library should be housed in a fireproof building, where the volumes will be safe from destruction.

"We feel that the XXth Century club has served many deserving people by maintaining the library. One girl whom I recall has a free membership, as she was not able to pay the regular membership fee. She wanted the books, so we gave her the membership. The books have been valuable to her. Every family in Cisco should subscribe for at least one membership. I took a membership in Frank Vernon's library when he first started it, and have had a continuous membership for the past 30 years.

"The XXth Century club feels encouraged since the Daily News has taken up the matter, for I believe that once the people see what we have done, and realize the necessity of a library, they will come to our rescue and build a modern library home."

FORMER RANGER LAWYER BONDED FELONY CHARGE

RANGER, Nov. 8.—Alleging embezzlement growing out of his connection with the Guaranty State bank of Olden and the state banking department as an attorney, the Eastland county grand jury is said to have returned two indictments against L. J. Marks, who now resides in Fort Worth, but was formerly a resident of Ranger. Marks, it is understood, has made bond in the sum of \$1,000 to answer the indictments returned against him, but claims, through his attorneys, that the state banking department is indebted to him more than his alleged embezzlement. He is charged with appropriating \$500 at one time, and \$1,152.26 on another occasion.

RICKS SWITCH

RICKS, Nov. 8.—The Associate Oil company, leased John Watson, Nat Tooles and Mrs. Dee Baggett's land between here and Leeray and are already drilling. Several years ago Mr. Watson had seven wells on his land, but first one thing and another happened until he did not have any. But the present company that is operating has nice new rig and lease houses, going at things in a way to indicate that they expect to find the pay.

Prof. R. C. Gilles of Milsap, and Miss Cecile Black of Ranger are conducting the Gunsight school and are making their home at Mrs. Noel's. There are 41 pupils in attendance. In a matched game of basketball Friday between Gunsight and Wayland, the game went to the latter. With Miss Black's assistance the pupils will present "Mrs. Wiggs of the Cabbage Patch" the latter part of the month, the proceeds of which will go toward securing athletic equipment.

Mrs. Jack Shepard has moved to Cisco to join her husband, who is desk sergeant of the police department. Mr. Shepard is a life long resident of this community and his many friends are glad to see him in this position.

Mesdames and Messrs. Dave White, John Blackburn, John Dye, Eddie Dye and their children, and Miss Myrl Tomlinson, spent Sunday at Lovers' Retreat.

Mr. Gouch, bandmaster at Albany, led several songs in the Sunday night singing.

S. O. Shepard has returned from Lubbock and reports conditions of crops good and the country in a prosperous state. While there he nightwatched at a new gin which

was built in a cotton patch, and by listening in on the radio, he could get the latest news from all over the world.

Mesdames and Messrs. McCluney, John Childs, Wallace, Duncan and Aaron Cox called to see Mrs. Chas. Richardson and to view her yard of pretty roses and shrubbery Sunday afternoon. Mrs. Richardson is to be commended for her beautiful yard. It is an exception, and undoubtedly would take first prize in a contest conducted in any of the nearby cities.

Mrs. A. McDonald, teacher of the Pleasant Hill school in Stephens county, is going to order a Thanksgiving program in order to raise money to buy playground equipment. There will be a pie supper after the program.

Gwendolene Broyles and Graham Dye make fine showings in club work. During the recent poultry show at Breckenridge, out of the eight exhibits by Miss Broyles, six of them took prize ribbons. Her exhibits consisted of a cap, apron, pocket, holder, dress, petticoat, teatowel, all being made of the most inexpensive material obtainable. Master Dye planted one acre to honey drip sugar cane. This yielded 230 gallons of sorghum molasses which he sold at one dollar per ten pounds. The cane patch was irrigated from his father's large 80-acre tank. His favorite way of serving this syrup is with his mother's hot biscuits and butter, or in ginger cookies when made by the following recipe: Two cups of sorghum, 1 cup of sugar, 1 cup of lard, 1 cup of buttermilk, 1 heaping tablespoonful of ginger, 2 tea-spoonfuls of soda.

NIMROD

The weather continues warm and pleasant, everybody seems to be busy and happy. Naturally, folks who are busy attending to their own affairs, and allowing his neighbor the same privilege, have no cause to be blue.

Mr. and Mrs. P. H. Laughlitz, of Carbon, spent Sunday afternoon with friends in this community. Henry Harden, and wife of Ballard were guests of H. H. Harden and family Sunday.

Harold O'Brien and Carl Baird of Cisco visited at the John Allen home Sunday.

Quiet a crowd of young folks has used about \$1,000 worth of this gravel in their paving campaigns. This gravel was loaded on the C. & N. E. cars at Ricks' switch and freighted over that road to Breckenridge. The paving contractor stated from here, enjoyed the Halloween party at the home of Mr. and Mrs. M. E. Lusk at Sabanno Friday night.

Mr. and Mrs. Grady Harrelson, of Romney, were guests at the A. E. Harrelson home Saturday night.

Mr. and Mrs. Bruce Lasater of Pleasant Hill, attended Sunday school here Sunday.

Mr. and Mrs. T. L. Lasater and son Boy, visited friends at Carobn Friday.

CROSS CUT GETS ANOTHER EXTENSION TO ITS TERRAIN

CROSS PLAINS, Nov. 8.—The completion of two more producers this week in the Cross Cut section has added another extension of more than a quarter mile to the producing territory, and brought still further proof of the producing possibilities of the territory to the southeast of the east extension pool of that section.

Early in the week the F. W. Stone Co. test on the Gunn tract picked up the pay at 1197 feet with a sufficient volume of fluid to assure a paying well and opened the new territory. This well has only a small amount of gas and a gauge of its production will not be possible until pumping equipment is installed. Estimates credit it as a 25 barrel well as it now stands. The sand appears unusually hard as compared with the usual wells of this pay level, and the owners are preparing to give it a small shot before installing the pumps. It is generally believed that a shot will raise its production to a considerable higher figure than present estimates.

The other completion is the property of Mendenhall et al on the Newton tract, in the territory of the east extension, and though

a small well is safely in the paying producer class.

The important test of C. C. Moore and E. R. Wilson on the Williams tract a mile east of the south extension pool, is drilling at 450 feet. This well is being drilled with heavy standard tools and will be made a deep test should the shallow pay fail to produce in that section. No deep test has so far been drilled within the entire area of the shallow pay district.

Another new location is reported to the northeast of the east extension pool on the Gafford tract, on a lease recently acquired by Moore and Wilson. This location is to the east of the abandoned test of the Mahlstadt-Mook Oil Co.

drilled on the same tract early in the present year.

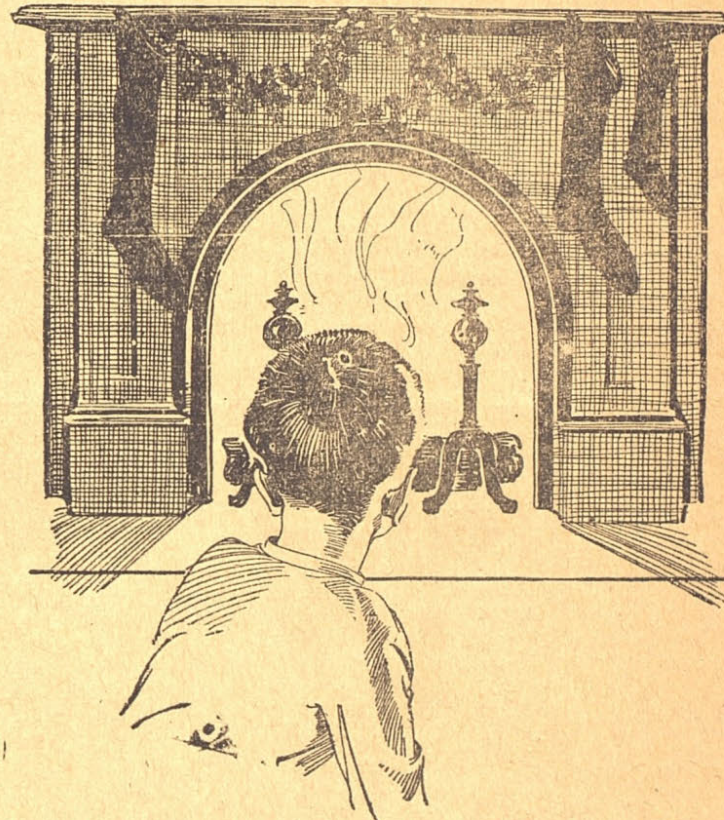

Crabb and McNeal and Bryant of Cross Plains, are reported to have sold their 120 acre lease out of the Kennedy tract in the Putnam shallow field. The sale is being made to the Godley Oil Co. for a consideration slightly above \$100 per acre, though exact figures have not been given out. This lease has one shallow well recently completed in the 500 foot sand, and though no gauge has been had of its production, the hole is standing full of oil and apparently has sufficient pressure to flow if released.

Want ads are read by everyone.

Free Pencil to High School Students

We want to get better acquainted with you, and to do so, will give an artistically colored high school pencil to each high school student who will bring this ad to our store. We are behind every school activity and want to know you better. If we haven't what you want, let us know and we will get it.

POSTOFFICE DRUG STORE Service and Appreciation

No Hurry, No Worry This Christmas!

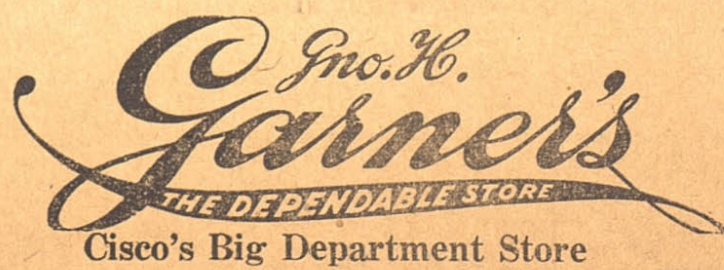

Oh! to sit back with folded hands a week before Christmas and gaze with pride upon countless gifts all ready for Santa! There they are, Christmas packages in all manner of shapes and sizes, each in its wrapper of crisp tissue paper and scarlet ribbon, each sealed and be-decked with sprigs of gay holly. Can you imagine a more delightful feeling? A week before Christmas, and no hustle, no bustle! Too good to be true? Not at all! Start your list today, and begin shopping immediately. With everything fresh and new, and no crowds to hinder, you'll be able to check off every name on your list.

Get the little girl one of these pretty dolls---We will Take care of it 'till Christmas

Avoid a last minute selection of this important item in your little girl's Xmas. By choosing now from our big display of fascinating dolls, you not only save yourself this trouble later, but you are saved the trouble of storing your purchase till Xmas morning. Any doll you choose will be carefully packed, in a dust-proof box and delivered to you Xmas eve.

These dolls are a delight to grown-ups as well as youngsters. From the most life-like little babies with rolling eyes to sophisticated lassies with straight-bobs. Mischievous, romper-clad youngsters and coy little girls in lace party-clothes. NO gift could be more appreciated by a child than one of these cheerful dollies.

Displays of dolls and toys beginning Monday.

For Better Qualities And Lower Prices--- KLEIMAN'S Department Store

Visit Cisco's Poultry Show--- Nov. 10th. & 11th.

PUTNAM PEOPLE HAVE ORGANIZED LUNCHEON CLUB

PUTNAM, Nov. 8.—A luncheon club has been organized in Putnam, which will serve as the town's chamber of commerce, where matters of interest to the community will come up for consideration, and where all Putnam boosters will gather fortnightly for the purpose of transacting any business of community interest. The club was organized by R. A. Highsmith of the West Texas Chamber of Commerce Tuesday evening with W. M. Armistead temporary toastmaster, R. L. Clinton, temporary secretary, and E. E. Gilbert publicity man. At the initial meeting about twenty Putnamers were present.

The next meeting of the club will be held on the evening of Nov. 19 from 7 to 8 o'clock, when the club will be given a name and permanent officers will be elected, and standing committees appointed. All persons interested in the welfare of Putnam are cordially invited to join the club, especially the farmers of the Putnam community.

GAS COMPRESSION UNITS ARE ADDED

ALBANY, Nov. 8.—Active construction has been started on four new units to the Lone Star Gas Compressor Station at Ibex, nine miles east of Albany. The Ibex plant has 12 units on the compressor line to Fort Worth and Dallas, but with the additional ones the plant here will have the largest number of units of Lone Star plants in Texas or Oklahoma. The 16,000,000 feet of gas utilized at present in the large cities of Texas will be increased to nearly 21,000,000 feet per day.

GOVERNMENTAL TRAINING ENDS JUNE 30, 1926

AUSTIN, Nov. 8.—According to the records in the office of the registrar of the University of Texas there are 20 men in training in the university under the supervision of the United States veterans' bureau. These are men, as the records will show, who were injured in the service of the United States during the world war. They received such injuries that wholly unfitted them for returning to their pre-war vocation, and the government is aiding them in rehabilitating themselves so that they may earn a living. Many of these men, as their individual records show, were injured in the line of battle. The time limit of vocational education, as it now stands according to law, is June 30, 1926. All training programs must close by that date. Of the veterans now in the university each is scheduled to receive his degree before that date. Many of them will receive their degree in 1925.

GORMAN POLLED LARGE VOTE FOR DR. GEO. C. BUTTE

Gorman can rightfully claim to be the banner Republican community in Eastland county. Dr. Butte, the Republican nominee, came near leading the Democratic nominee, Mrs. Ferguson, in the elections Tuesday. Of the 504 votes polled in Gorman Mrs. Ferguson received 272 and Dr. Butte polled 212—just 60 votes less than the number polled for the nominee of the Democratic party. The Republican electors polled seventy-five votes, it is stated. Reports from that city was to the effect that 20 ballots were thrown out on account of "technicalities." Possibly these were votes for Butte, which had they been regularly marked would have reduced the lead of Mrs. Ferguson to 40.

KLAN WILL CARRY WALKER LAW TO U. S. SUPREME COURT

BUFFALO, Nov. 8.—Notice that the Walker anti-klan law would be taken to the United States supreme court was given by klan officials today, following the upholding of the new statute by the state supreme court yesterday. The law required the filing of memberships of all secret societies with the secretary of state.

EARTHQUAKE KILLS 19

ALGIERS, Nov. 8.—Nineteen were killed and many buildings destroyed when an earthquake laid low the city. The population is in a panic, fearing further shocks.

SAN ANTONIO—Boy Scouts to have \$50,000 armory.

GORMAN SHIPS OUT TWO CARS DRESSED TURKS

GORMAN, Nov. 8.—J. H. Ballard of this place shipped out two cars of dressed turkeys this week. At first he only contemplated shipping one car, but the many birds offered for shipment induced him to order a second car, and this was loaded out today. When it was reported that the foot and mouth disease had caused a ban to be placed on turkey shipments it seemed that there would be no market, but as soon as the ban was lifted Ballard began making preparations to ship. He was paying farmers 17 cents per pound.

YOUNG NIMROD MATRON BURIED AT SCRANTON

Mrs. E. M. Snoddy of the Nimrod community died at the family home early Friday morning after a lingering illness, and was buried in the Scranton cemetery Friday afternoon at 3 o'clock. Before her marriage she was Miss Frances Rankin and was esteemed by a host of friends, with whom she was quite a favorite. Nature had endowed her with those lovely characteristics of noble womanhood. She is survived by her husband and small son, Marvin Rankin.

GORMAN COTTON RECEIPTS HAVE GONE OVER 3,000

GORMAN, Nov. 8.—According to figures from the gins in this city the number of bales of cotton ginned here this season to date is over 3,000 bales, which is probably the largest amount of cotton ginned by any town in the county. No estimates are made as to the probable receipts for the year, but farmers state there is considerable cotton yet to be picked. At any rate the receipts will be considerably larger this year than last.

CHURCHES

First Baptist

Place of worship, City hall; Place for Sunday school session, West Ward school building; Bible school 9:45 a. m.; West Ward school building; 11:00 a. m. sermon by pastor, city hall; 3:00 p. m., Junior B. Y. P. U., city hall; 6:00 p. m., Intermediate and Senior B. Y. P. U.'s, city hall; 7:00 sermon by pastor, city hall. Remarks: It would be happy if, in our great distress as a church, all our membership would attend church today. The deacons will have a great report to make to the congregation and the pastor's sermon may help. Cordial invitation to friends and the public to worship with us.—C. G. Howard, pastor.

Church of God

T. H. McNeill, pastor; Sunday school 9:45 a. m.; preaching service 11 a. m.; no evening service on account of the revival in Eastland; the church will meet at the tabernacle at 6:30 p. m. to leave for Eastland.

First Christian

E. H. Holmes, minister. Bible

DO YOU LIKE COFFEE?

Then you like good coffee and you like it fresh. Every one knows that coffee loses its strength and flavor when it stands very long after being roasted and ground. We roast our coffee and keep it fresh. The flavor is there when you buy it. We sell coffee, both wholesale and retail and our price is always right. We only change when the market changes. Better buy now as the trend of the market is higher.

CISCO DAILY NEWS

school 9:45 a. m.; preaching 11 a. m., 7:15 p. m. All strangers and visitors are cordially received.

Catholic

Ave. F. and Twelfth street. Sunday school will be held at 9:30 and Mass at 10:30. The sermon for today will be taken from the Gospel of the twenty-first Sunday after Pentecost. Rt. Rev. Brown will officiate.—Rev. R. A. Gerkin, pastor.

Episcopal

There will be no services on Sunday school at the Church of Our Savior today, but all are invited to attend the confirmation services at Eastland this morning at 10:30.

Grace Lutheran Church

16th street and Ave. F.; A. Arndt, pastor. The following services will be held today: Sunday school at 10 o'clock; morning services at 11 o'clock; evening services at 7:30. Holy communion will be celebrated at the morning service. A hearty welcome awaits all at these services.

First Presbyterian

Services morning and night; Sunday school at 9:45; Dr. H. C. Evans of Austin will preach both services; public cordially invited.—Gaines B. Hall, pastor.

WILD ANIMALS FOR PARK

BROWNSVILLE, Nov. 8.—Plans are being made for an improved park site near Barreda station by C. P. Barreda. The plans are to stock the park with wild animals of the valley, and stock the resaca in the site with fish, according to state park commissioner O. L. Williams. Mr. Williams left Brownsville with the men to clear roads to the park, and through the park site, while D. E. Colp, chairman of the state park board, will take landscape engineers to the site to formulate plans for improvements and beautification.

JUNIOR COLLEGE ARMISTICE DAY KING AND QUEEN

After definitely deciding to place a float in the Armistice day parade to be staged by Cisco Nov. 11, the student body of Randolph College has honored two of their fellow students, Melvin Beard and Miss Lorene Meek, by unanimously electing these two popular students as king and queen of the occasion. These newly elected "sovereigns" will have places of honor in the float the students will decorate for the parade.

ROTARY-LIONS CLUBS ARRANGE A GOLF MATCH

Unless one of the teams gets cold feet and backs out, nothing will prevent a match game of golf between members of the Rotary and Lions clubs, next Wednesday afternoon. The contest will start promptly at 2 o'clock, with eight contestants from each of the clubs. Paul Butler is captain of the Lions and Dr. G. Wayne Griswold will direct the golf destinies of the Rotarians. Both are golf experts and as full of the finer points of the game as the Cisco football team is of pep. There will be no admission charge to the first match game of golf ever played in Cisco, and all Lions and Rotarians, whether members of the Country club or not, are invited to witness the struggle.

20th Century Club.
The meeting of the Twentieth Century club Friday afternoon was well attended. Following a business session, the following program was rendered:
Subject—Edith Wharton.
Responses—Mrs. Wharton's international or cosmopolitan views.
Reading Assignment—"The Age of Innocence."
Paper—Mrs. Wharton as a spectator of American Society—Mrs. T. L. Shepard.
Discussion—"The Age of Innocence."
1. To what extent is it a historical novel? How deeply does it enter into the universal attributes of human nature?
2. Comment on the comparative interest portrayed in "The Age of Innocence" and in Galsworthy's "In Chancery."
3. What current literary fashions made this more popular than any of Mrs. Wharton's previous works?
Leader—Mrs. Kean.

Nov. 11-14th. The following Cisco ladies will attend the convention: Mrs. George Langston, state chairman of peace; Mrs. R. Q. Lee, finance chairman of the sixth district; Mrs. Wm. Reagan, president; Mrs. G. B. Kelly, secretary of the sixth district, and Miss Helen Williamson, representing the Junior 20th Century club.
Missionary Society
North Circle of Methodist Missionary society will meet with Mrs. J. J. Godbey, Monday afternoon at 3 o'clock.
The following program will be rendered:
China's Expanding Church—Mrs. J. C. Sherman.
Radio Messages From China—Mrs. Crigler Paschal.
Missionary Publicity—Mrs. Will Triplett.
Solo—Miss Laura Fay Wilson.
Special Music—Director, Mrs. Ben McClinton.
Reading—Bertha Helen Triplett.

Pleasant Dealings—A Feature We Like to Advertise

From 8:30 P. M. To 12:00 Midnight

Lower Rates Are Charged

Lower rates are charged for Station-to-Station calls when placed between the hours of 8:30 p. m. and 12:00 midnight. The rate during that time is about one-half the Station-to-Station day rate, and is known as the Evening Rate.

This class of service is very popular for social calls. The charges cannot be reversed, however, on Station-to-Station calls. Neither is the evening rate effective when the day rate is 25c or less. On such short haul messages, the day rate applies.

Pathe Review

attendance. Mrs. W. J. Armstrong was leader of the program, the subject being "Legislative Problems." Mrs. C. L. Mount gave an interesting paper on women and the ballot. Permanent legislative problems, was the subject during the round table discussion. At the close of the meeting, all were invited into the dining room, where the hostess, assisted by Mrs. G. H. Wells, served a salad course in cafeteria style. Dainty little pink baskets filled with nuts were given as favors.

Honoring Mrs. Neath
Miss Mayme Davis entertained with bridge Thursday evening at her home in Humboldt, honoring Mrs. Jap Neath, who has recently returned from an extended stay in Houston. A variety of the season's flowers furnished the decorations. Mrs. W. J. Armstrong was the winner of the high score prize, which was a hand embroidered buff set. Mrs. E. C. McLelland received a dainty guest towel, the consolation prize. Refreshments of salad, bavarian cream, cake and coffee were served to the following: Mesdames Jap Neath, F. E. Lee, L. C. Halliburton, W. J. Armstrong, H. N. Pardee, E. C. Hitchcock, E. C. McLelland, Walter Hayden, G. M. Simpson, and Phil Keeland.

to her home in Dallas after a short visit with Mrs. C. L. Mount.
M. H. McCamies of route 4 was a business visitor in the city Saturday.
Mrs. E. J. Wende and Mrs. Charles Schaffer left last night for a short visit in Dallas.
Mr. and Mrs. Ralph St. John of Abilene are spending the week end with Mr. and Mrs. R. A. St. John.
Mrs. Joe Lummus and Mrs. Fate Smith of Parks were shopping in Cisco Thursday.
Mrs. Charles Wende of the Word community was shopping in the city Saturday.
Mr. and Mrs. H. C. Wippen have returned from Waco, where they attended the State Firemen's meeting at the Cotton Palace.
E. R. McDaniel left last night for Louisville, Ky., to attend the Bottlers' convention.
N. E. Prescott of Dallas spent Friday in Cisco with friends.
J. J. Smith of Nimrod was in Cisco on business Friday.
A. P. Murrin, formerly of Cisco, has returned to his home in Dallas after a business visit in the city.
Mr. and Mrs. W. A. Dennard and Travis Dennard of Terrell, who spent the past week in the home of R. E. Scott, left Thursday for Dallas.
W. M. Cole, who has been visiting his sister, Mrs. R. E. Scott, left Thursday for his home in Terrell.
Miss Ina Mae Scott accompanied her uncle, W. M. Cole, to Benbrook Thursday to visit relatives a few days before going to Terrell to attend the wedding of her cousin, Miss Faye Boykin.
W. E. Bradshaw of Seranton was in Cisco yesterday on business.
Miss Lillie Thompson who has been attending the Texas Women's College at Fort Worth, is spending the week end with her parents, Rev. and Mrs. Sam G. Thompson.

Rev. Gaines B. Hall left Saturday for Winters, to be at the bedside of his father, who is seriously ill.
Oil Magnate Morris Polsky came in from the oil fields Saturday to remain over Sunday with his family. Besides securing his share of the liquid gold, Mr. Polsky's outdoor life is evidently agreeing with him physically. He is as brown as a berry and as chipper as a young lobo.
Miss Idella Tomlinson spent Friday morning in Eastland with friends.
Mrs. H. D. Fulwiler has returned to her home at Breckenridge, after spending the past week in Cisco with her sister, Mrs. Winter Womack.
Fred Cook of Henryetta, Okla., arrived Friday for a visit with Mr. and Mrs. R. St. John.
Mrs. A. C. McDonald has returned from a visit with her mother, Mrs. J. C. Dyer of Pueblo.
Mr. and Mrs. Ell Ward leave tomorrow for Fort Worth, where they will make their home.
D. J. Moss made a business trip to Ranger Friday.
Miss Nell Parker left this morning for Abilene for a week's visit with friends.
G. E. Bedford left yesterday for Brownwood where he will visit his son, Goodner Bedford.
Misses Helen and Ruth Williamson left this morning for a visit with their sister, Mrs. Walter Sikes of Amarillo.
Miss Patricia Davis has returned

HERE FROM PUTNAM PLEASED WITH PRICES
Among the out of town people trading here Saturday were Mr. and Mrs. John H. Massey and Mrs. B. L. Mitchell from Putnam. They stated they found it profitable to trade with Cisco merchants, as the large and well-selected stocks of merchandise enabled them to get what they desired, "and you know," they stated, "the prices are in many instances more reasonable than the same merchandise can be secured for at Fort Worth."

CALLAHAN COUNTY RANCHMAN IS DEAD
CLYDE, Nov. 8.—M. L. Hays, 64 years old, prominent citizen and pioneer of west Texas, died Thursday.

SEVEN PLANES BURNED TODAY AT CHEYENNE
CHEYENNE, Nov. 8.—Seven government mail planes were destroyed and a hangar wrecked by fire shortly after midnight, resulting from the bursting of an electric light globe over a tank of oil. The total loss was one hundred and fifty thousand dollars. Two mechanics were slightly burned in saving one plane.
EL PASO—Work started on construction of carpenters' union building.

"I feel perfectly 'at home' In the Southwest National"

—Plenty of atmosphere, friendly and courteous, but no "airs."
—A place where business is conducted quickly and efficiently, but at the same, time pleasantly and agreeably as "between friends."
