JR. COLLEGE CORONATION ON MAY 7TH

The Wrangler staff of Cisco Junior college yearbook announces the second coronation ceremonies of the all-college queen for Friday night, May 7, 8:30 o'clock, high school auditorium.

Last year Miss Mildred Kimmell won the college beauty contest sponsored by the press club and was crowned all-college queen in impressive ceremonies.

This year's queen-to-be was selected by students balloting for the six nominees voted by the two classes, on the basis of scholarship and all-round student qualification. The identity of the winner will not be known until the crowning event, when she will knight her escort as prince regnant. The other five girls and their escorts will form the queen's court. Each high school represented in the college student body has been invited to send a duchess and her escort.

Entertainment for the occasion will contrast sharply with the simple dignity of the coronation. In order to raise funds to finance the yearbook, the staff is being assisted by men of the faculty of high school and college and other interested citizens, who will provide enough fun to make the price of admission worthwhile. Tickets go on sale Monday—students 15 cents and adults 25 cents.

A womanless wedding, with William Falls as bride and M. D. Fox as groom, will carry out all the traditional pomp and circumstance usually attending these affairs. Bridal attendants will be announced later.

Mrs. James Moore is directing the proceedings and The Wrangler staff will prepare the stage for the dual ceremonies.

THOROUGH CLEANUP ASSURED

The city cleanup campaign will begin Monday and city trucks will start gathering up trash early Wednesday morning in the south part of the city, working north.

Only one trip will be made to any section of town, so citizens must have all trash gathered and stacked on their front curbs, ready for the trucks when they reach that section, Mayor Edward Lee stated.

Work of the trucks will continue two or three days, as the work may require.

The clubs of the city are sponsoring this drive, with Mrs. Paul Poe working with her committee and Mayor Lee to make it the usual success. The city has been divided into convenient sections and these have been assigned to the various clubs, as follows:

Garden clubs, supervised by Mesdames W. W. Fewell, C. J. Kleiner and Bill Childers—D avenue, west between Twelfth and Nineteenth streets.

CISCO WOMEN APPEALED TO BY RED CROSS

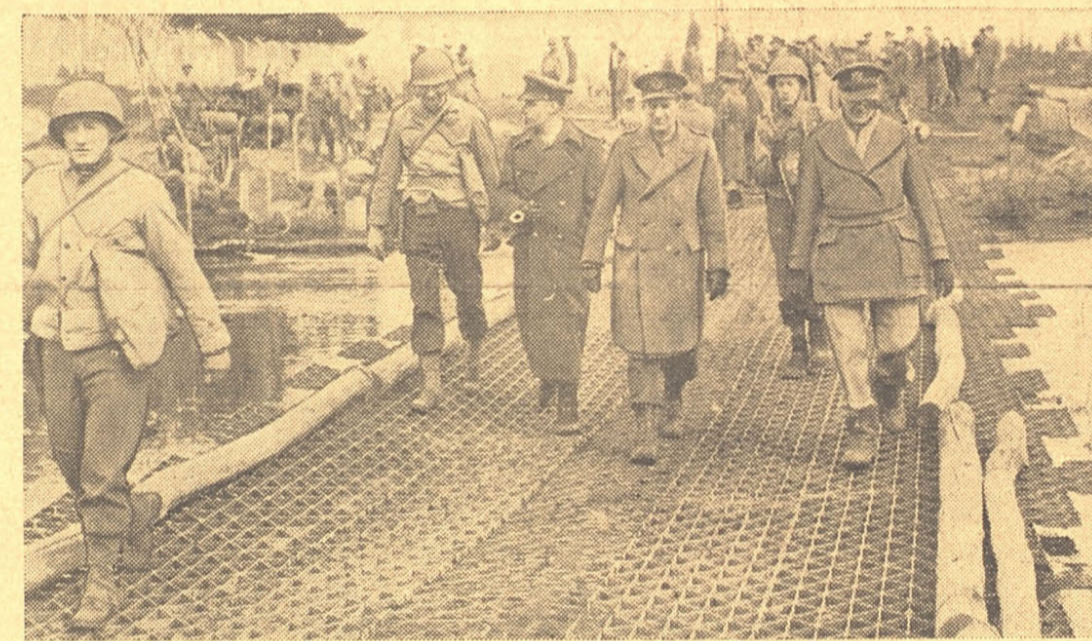

"Response to the call of Red Cross local unit for knitters was not what we had wished," said Mrs. W. W. Wallace, Saturday, "especially when we consider the short time allotted for garments to be finished and turned in for shipment to headquarters.

"We must urge that our women awaken to the needs of the men in uniform. Many of them are doing service in cold, remote regions and will require new, warm garments. They are depending on the women of America to furnish the necessary supply of warm clothing and we cannot afford to fail them.

"Please come and get your share of thread to make a garment or two for some needy boy." The Red Cross work room will be open Monday from 2 to 5 p. m.

MARVIN KELLY OF EASTLAND DROWNED HERE

Marvin H. Kelly, 46, city manager at Eastland for the past six years and a resident of Eastland for 12 years, was drowned at Lake Cisco Saturday afternoon about 3:30 o'clock.

Grappling hooks soon brought the body to the surface, but efforts at resuscitation failed.

The unfortunate man had his motor in his arms when he fell over backwards into the lake near the west end of the boat house. This indicates he had probably quit fishing for the day and intended returning the motor to the boat house.

Ray Judia, game warden at the lake, was called and, on the third cast of the grab hooks, caught the trousers of the man and pulled the body out. Efforts by Judia and a doctor who was called failed to restore respiration.

Mr. Kelly is survived by his wife and a son, Joyce Kelly, University of Texas student, and his parents, who live at Killeen.

Funeral arrangements had not been made at 7 o'clock last night.

CALLED TO DUTY.

J. E. Proctor, Jr., 18-year-old son of Mr. and Mrs. J. E. Proctor, and a naval reservist, has been called to active duty and will report to Camp Perry, Magruder, Va., at once. Proctor is a student at Cisco Junior college and an engineer at the ice plant of the West Texas Utilities company. He was born in Cisco and graduated from Cisco high school in 1942. He will go to Abilene Monday and then proceed to Camp Perry.

FUTURE FARMERS BANQUET

A Father and Son banquet at the First Methodist church Friday night, sponsored by Future Farmers of America, Cisco chapter, was attended by about 85 persons, consisting of students in the agriculture class of Cisco high school, their dads and some invited guests. Mitford Johnston, president of the class, was toastmaster.

The main feature of the program was talks by the students themselves, explaining to their dads the nature of their work and telling of accomplishments during last year. In addition to their work in plant growing, livestock projects are notable features of their study and activities, it was brought out.

M. D. Fox, teacher, was present, but did little talking. He said it was up to the boys to explain their program, and he had no fear but that they were equal to the job in hand.

The talks were made by the officers of the chapter. They are Mitford Johnston, president; Homer Tompkins, vice-president; George White, secretary; Mack Harelson, treasurer; Rex Ram-sower, reporter.

Betty Jean Gallagher and Betty Pippen, class sweethearts, were present and added to the program,

with Miss Gallagher playing the accordion, and Miss Pippen making a short talk.

The banquet room was decorated with the class colors of Blue and Gold.

ELDER OWENS DIED SATURDAY MORNING

Elder J. B. Owens, retired Primitive Baptist minister, died shortly after midnight Saturday morning at his home, 507 E. Seventh street.

Deceased was born April 21, 1881, in Alabama and located in Cisco about eight years ago, coming here from Oklahoma. He married Miss Lillie Ann Winkles in 1901, who, with a son and daughter, are the immediate survivors. The son, Charles E. Owens, is with the armed forces and stationed in Pennsylvania. The daughter, Miss Anna Mae Owens, lives with her mother. Mr. Owens aged mother lives at DeLeon and there are two brothers and two sisters, who live elsewhere in Texas.

The funeral will be held at 2 o'clock Monday afternoon at East Cisco Baptist church, with Rev. O. Strickland of Graham officiating. Ministers are expected to act as pallbearers. Thomas funeral home has charge of the body.

FD. HITS PRICES.

WASHINGTON, May 1.—The administration today counter-attacked organized labor's assault on President Roosevelt's hold-the-line order by preparing a general rollback of "out-of-hand prices" and promising extension of price controls to all important commodities. The prices of meats, fresh and canned vegetables, coffee, among others, will be rolled back.

FISHING SEASON OPENS

A. A. King, Breckenridge, district game warden for seven counties of this area, spent Saturday morning at Lake Cisco, inspecting boats and fishing licenses and making general observations on the opening of the fishing season at this popular recreation resort. Fifteen boats were inspected.

The official was well pleased with his visit and complimented Lake Cisco as a wonderful body of water.

"There are plenty of fish in the lake, judging from the large number of fine bass and crappie caught this morning," Mr. King said.

"However," he added, "they are apparently underfed, since many of those I observed were much thinner than they should have been."

W. J. Armstrong and Monroe Sweeney report nice catches of bass.

Other pleased fishermen present were R. W. McCauley, Karl Armstrong, M. D. Sparks, C. E. Moates, J. F. A. Schlueter, C. F. Swartz, A. W. Triplett, Bob McCrary, R. F. Walton, I. J. Henson, W. D. Johnston and A. B. Cloud, of Cisco; W. P. Edwards, Olden; W. M. Day, Eastland; Justin Hick-ey, J. S. Knudson and G. N. Van Hoosen, Weatherford; J. M. Hick-ey and Dr. L. M. Hall, Brecken-ridge.

Joe Lea has been promoted from pharmacist mate, second class, to mate, first class. He is still located at Norfolk, Va.

Carl Tom, second lieutenant in the air corps, has landed in Alaska, and was met by some of his friends he had known when he formerly spent two years in that section.

RUSSELL DENNIS STARTS FIFTH YEAR

An eight-day spring revival will begin at East Cisco Baptist church today, with Rev. C. E. Poe of Cross Plains as visiting preacher. Music will be under the direction of Don Rupe.

Today is the beginning of the fifth year for Rev. Russell Dennis as pastor of this church, who says they have been happy years of progress. "In spite of the dark war clouds hanging over our country," said Mr. Dennis, "the church is looking forward to greater achievements this year."

The pastor extends a cordial welcome to the public to hear Mr. Poe, one of the outstanding preachers of central Texas.

QUOTA WAS \$628,168, HENCE EXCESS PURCHASE TOTAL IS NEAT SUM OF \$456,680.55

In a statement issued at noon Saturday, Cyrus B. Frost and R. L. Ponsler, co-chairmen of Eastland county's second war bond drive, told the Cisco Daily Press that bond and war stamp purchases reported at that hour totaled the magnificent sum of \$1,084,848.55.

They added that when full reports from several communities have come in, together with employe payroll deductions, the grand total is expected to reach \$1,100,000.

The quota assigned was \$628,168, hence the people of Eastland county have exceeded the government quota in the amount of \$456,680.55.

Especially pleasing to the co-chairmen are the non-bank purchases, which at present total \$334,848.55. The non-bank goal urged by the treasury department is \$355,000, which may yet be attained.

US. Seizes Coal Mines on Presidential Orders

WASHINGTON, May 1.—President Roosevelt Saturday directed Secretary of Interior Ickes to take immediate possession of all coal mines in which a strike or work stoppage has occurred, or is threatened.

At the same time he directed Secretary of War Stimson to take such action, if any, as he may deem necessary or desirable, "to provide protection to all such persons and mines."

The President signed the orders soon after the White House announced he would take the coal strike issue — 250,000 already are idle — to the people in a radio address at 10 p. m. Sunday night in which he will "deal bluntly" with the need for continuing coal production for the war effort.

The order to Ickes, who is fuels co-ordinator, said he shall take immediate possession of the mines "so far as may be necessary or desirable," together with any and all real and personal property, franchises, rights, facilities, funds and other assets used in connection with the operation of such mines. Ickes was directed to operate the mines or arrange for their operation in such manner as he deems necessary "for the successful prosecution of the war."

He also was authorized to do all the things necessary for, or incidental to, the production, sale and distribution of coal.

talities or persons he may designate.

He was directed also to provide protection to all employes resuming work and to all persons seeking employment so far as it may be needed.

The Secretary of War would enter the picture with provision for protection only upon the request of the Secretary of the Interior, the order provided.

YANKS BREAK THROUGH NAZI AFRICAN LINES

NORTH AFRICA, May 1.—In the fiercest fighting since World War I, American infantry has broken through heavy artillery fire on the north Tunisian front to capture three important Nazi positions including strategic Tahent Hill on the road to Mateur Junction.

United States long range artillery began shelling Mateur again immediately after American troops in a surprise attack stormed up Tahent Hill (also known as Hill 609), 13 miles southwest of the key enemy communications center. Other American advance units, within sight of Bizerte, pushed closer to the road running west of Mateur. Bizerte to Mateur, and from there to the sea, is the main supply line of Allied troops.

DOOMED.

Hitler, after losing millions of men in his crazy war against Russia, is now reported as trying to raise an army of 5,000,000 more. He will soon be scraping the bottom of the sack. And if Russia and Britain and America are hard to hold out against him, and Calm Americans find the story of the highly documented cause of the highly documented evidence furnished by Goebbels, The Russian government indignantly denied it and dropped the matter.

Probably Hitler will be shelled first, turning repeated rumor into reality, and the tough old Teuton war lords will resume full command. They are able and resourceful fighters, as tough as any in the world. But they cannot ever keep in mind what they prevail. The powers raised against them, and the latent force of tree men, are too great. The Nazis are doomed, and the intelligent ones know it. The Erthaland based on military power and conquest is doomed with them. Another year or two of tremendous strife and stress and emotionality. Critics insist that it is not right to bring into the British Empire when it was against? The poet's warning to the home dramatized tale of violence, is saved in the end, and virtue triumphs according to the requirements of drama and ethics. It excites the children unduly and gives them bad dreams instead of pleasant slumber.

But if this is legitimate criticism of radio programs, how about the film times to which children are exposed more and more? Physicians and psychiatrists often criticize the practice of taking young children to movie shows, where such horrors are even more effective in the dark-get away with it. And that is what John L. Lewis, chronic peace disturber, has been trying to do in his flat defiance of the War Labor Board.

It doesn't do John himself any good. In fact, if you ask the average good citizen anywhere, you'll find him thoroughly satisfied about the situation, horrible as it is. John L. has created, and wonders why he has not already been taken into custody by the government, he is doing his best to seduce. The miners may have grievances. If so, those grievances should receive proper consideration from the government. But the way to get redress is not for the miners to be placed in an attitude of contempt for their government in war time or any other time. Government, when flouted, has to get tough.

BLANKET-MINDED. "Getting an idea into his mind as like blowing porridge through a blanket." So William Pitt, England's prime minister in the wars against Napoleon, described King George III, to whose stubborn folly this country owes its independence.

Blanket-mindedness did not die with George III. Everyone has an acquaintance like that. England herself was nearly ruined by the blanketed-minded Neville Chamberlain. Of him the question will always be raised whether he harmed his country more by his surreptitious to Hitler before the war, or his ineffective conduct of affairs after war started.
