SECOND TRIAL OF BOB MOHLER SET FOR DECEMBER 1

At Eastland Monday Judge Hill of the 88th district court, set the second trial of Bob Mohler to be heard December 1, the same being the first Monday. A special venire has been ordered and the case will very likely go to trial on this date. Mohler's case was reversed by the criminal court of appeals, and sent back to Eastland county for a new trial. The grounds on which the reversal was based was that the trial court erred in not granting Mohler a continuance on the absence of material witnesses. Mohler was convicted and given the death sentence for the murder of Hugh Maples nearly two years ago. Maples was a star route mail carrier, and disappeared at that time. It was ascertained that Mohler had engaged Maples, who operated a service car at intervals, to take him to De Leon to bring his family back to Pioneer. The last seen of Maples alive was with Mohler when they passed through Carbon. Later a body, which was identified as Maples, was found buried in a pasture adjoining the farm of Mohler's brother. Mohler was arrested in the Rio Grande Valley and brought to Eastland, where he was convicted and given the death penalty. One of the sensational incidents of the trial was the charge by Mohler that his brother committed the murder. Since his conviction and pending the appeal, Mohler has been confined in the Tarrant county jail.

LOWDEN SHIES ON TAKING JOB AS FARM SECRETARY OREGON, Ill., Nov. 4.—Frank O. Lowden, former governor of Illinois, today in replying to farm organizations seeking to recommend him to President Coolidge for the post of secretary of agriculture, stated that because he felt he could be of more help to farmers outside the department than as its head, he should, if the position were tendered him, feel it his duty to decline. The former governor, who declined to be the Republican nominee for vice president, even after it had been voted him by the Republican national convention last June, telegraphed his reply to the various organizations who had requested his permission to endorse him for the secretaryship to succeed the late Henry C. Wallace.

NIMROD

The weather continues warm and pleasant, everybody seems to be busy and happy. Naturally, folks who are busy attending to their own affairs, and allowing his neighbor the same privilege, have no cause to be blue. Mr. and Mrs. P. H. Laughlitz, of Carbon, spent Sunday afternoon with friends in this community. Henry Harden, and wife of Ballard were guests of H. H. Harden and family Sunday. Harold O'Brien and Carl Baird of Cisco visited at the John Allen home Sunday. Quiet a crowd of young folks from here, enjoyed the Halloween party at the home of Mr. and Mrs. M. E. Lusk at Sabanno Friday night. Mr. and Mrs. Grady Harrelson, of Romney, were guests at the A. E. Harrelson home Saturday night. Mr. and Mrs. Bruce Lasater of Pleasant Hill, attended Sunday school here Sunday. S. G. Baird went to Cisco Saturday with a load of sweet potatoes and other farm products, which he readily sold. W. A. White and G. Harrelson of Romney, were business visitors here Monday. Miss Lucille Cox made a business trip to Eastland Saturday. Mr. and Mrs. T. L. Lasater and the Boy, visited friends at Carbon Friday.

VISITING I. O. O. F. ENTERTAINED BY LOCAL LODGE

Cisco Odd Fellows were hosts to the Ranger and Eastland degree teams last night when three candidates were initiated. There was a contest between the two visiting lodges, and the Eastland team won by a close margin. After the lodge work was over a nice lunch was served. There was approximately one hundred present, and a most enjoyable time was had by all present. The year 1924 has been the most prosperous year for Cisco Odd Fellowship in its existence. During the past week ten applicants have applied for membership in the Encampment degree. While its members and interest is increasing all the time its finances are in good shape, and it is one of the solid institutions of the city.

DR. COUNCIL IS BACK HOME FROM CONVENTION Dr. Milton Council returned this morning from Waco where he attended the state meeting of the chiropractors, which convened in that city. His reports a great meeting, with about 500 chiropractors in attendance. The convention will be held in Dallas next spring.

TWO RAILROADS ASK FOR TOTAL OF \$7,285,000.00

FORT WORTH, Nov. 4.—The Missouri Pacific railroad has applied for the authority to issue \$4,000,000 worth of trust certificates to purchase fifty locomotives and a thousand freight cars, and the Texas Pacific has asked for \$3,285,000 for 2,000 freight cars and other rolling stock, according to word received today from the interstate commerce commission at Washington. The majority of this equipment is for use in Texas.

HIGH OFFICIAL THREATENED TO BE IMPEACHED

AUSTIN, Nov. 4.—Reports are current in high state government circles today that two prominent state executives will face charges subjecting them to imprisonment and impeachment. Charges of heckling employees to vote for Ferguson with the threat to discharge them if they voted for Butte. A prominent Democrat, supporting Butte is to bring the charges. He says he has affidavits from employees.

ENGLAND ACCEPTS COTTON STANDARDS

WASHINGTON, Nov. 4.—Acceptance of the supplemental universal cotton standard agreement negotiated in London in August by the Ghent Cotton Exchange has been reported to the Department of Agriculture by Edward A. Foley, its commissioner in London. The agreement, which provides for an annual conference at Washington for preparation of key sets of the universal standards as an added safeguard to assure uniformity for arbitration purposes, already has been accepted by the exchanges at Manchester, Bremen, Havre, Milan, Rotterdam and Barcelona.

N. Y. POLICE WASTE LITTLE WITH ROBBERS

NEW YORK, Nov. 4.—Election day bandits were abruptly halted today when police surprised two hold-up men in the act of robbing the G and J restaurant, killing both. One was identified as John Clark, age 22; other unknown.

MEN AND WOMEN IN NEWS SPOTLIGHT.

Mrs. Henry P. Davison, the former Miss Anne Stillman, spending her honeymoon on her mother's estate at Grand Anse, Quebec, Canada, was attacked and badly bitten by some of her mother's Eskimo dogs. Gen. Enoch Crowder, American Minister to Cuba and in charge of the draft in the World War, is ill in Havana. Rev. Lawrence M. Hight, unfrocked Methodist minister of Ina, Ill., who confessed poisoning his wife in order to be free to love Mrs. Elsie Sweetin, who had previously poisoned her husband, entered a plea of not guilty when arraigned at Mt. Vernon. The widow of Ted Rice, famous jockey, killed while riding one of the horses of Charles A. Stonham, owner of the New York Giants, has received \$1,000 as his back salary, and probably will drop her suit for workmen's compensation.

WORLD RECORD VOTE PROBABLY BE CAST TODAY

WASHINGTON, Nov. 4.—A new world's voting record of at least 30,000,000, if not 35,000,000, is anticipated today with ideal weather in all parts of the nation. Party leaders found satisfaction in the probable heavy vote, Butler declaring that the larger the vote the more decisive the victory for Mr. Coolidge.

The fair weather will bring out a great silent vote, which will elect John W. Davis, Democrats said, and LaFollette followers are just as confident that the good weather conditions will allow the farmers and others in remote rural sections of the west to get to the polls and register a triumph for the so-called progressives.

DIRECTORS OF COUNTRY CLUB BUSINESS MEET

The directors of the Cisco Country club met in business session at the club house Monday evening with G. B. Kelly, P. M. Woods, J. T. Berry, Oscar Cliett, R. Q. Lee, J. M. Williamson and G. C. Richardson present. Routine business was transacted, after which Frank Logan and W. B. Chapman were elected members of the club. The directors ordered the outstanding indebtedness of the club paid, but the improvement program heretofore agreed upon was deferred until a later meeting. A general membership meeting will be held the first Tuesday in December.

LOBOES GET 50 PERCENT OF NET RECEIPTS NOV. 11

Cisco high school will fare better financially in the coming game between Ranger and Cisco than they did in the game with Breckenridge. The contract signed with Ranger last year gives the Lobos the right to accept the cash guarantee of \$100, or to take half the net gate receipts. Inasmuch as the receipts will doubtless be as heavy as was the case in the Breckenridge game, the local athletic association elected to take the option. At Breckenridge the gate receipts were above three thousand dollars, of which Cisco received a \$100 cash guarantee plus about \$175, their percentage from the sale of tickets locally. Breckenridge got the remainder and after paying the expenses of the game, paying for the bleachers which cost over two thousand dollars, and paying off all debts of the athletic association, Breckenridge had over five hundred dollars left in their treasury. However, Breckenridge had a different contract with Cisco for that game, which did not provide the option of taking half the net gate receipts.

The game between Cisco and Ranger will be the district semi-final. The only team left beside the two teams who play at Ranger is Comanche, and the Indians will have to be played not later than Nov. 17. The Interscholastic League has notified the local school authorities that the two additional districts because of the muddled situation that has prevailed. No arrangements for playing the final game can be made until the winner of the Cisco-Ranger game is determined. The winner of the Armistice day tilt must negotiate with Comanche for the game, and unless the managements agree on the location, the League rules provide for the toss of a coin to determine where the game shall be played.

Bankhead Poultry Producers Monday Name Board of Directors For Market Department of The Poultry Industry

The initial step in making the Bankhead Poultry Producers association an efficient working body for the prosperity of the oil belt was consummated Monday evening when the members of this association met at Eastland and elected a board of directors to shape the destiny of an organization that has for its objective the putting of the poultry industry of Eastland and Stephens county on a business basis by providing a market for poultry products. This election was deferred until the full quota of hens had been secured which was more than the goal set when the committee reported the additional signers Saturday.

The committee's report revealed that the Bankhead Poultry Producers association had gone over the top in securing the desired quota of hens to make the marketing association a possibility. The minimum quota for a co-operative marketing organization was placed at 25,000 hens, and for a time the number of hens seemed would fall short of this minimum, but with a determination to make the organization a success, other committees were appointed who went out and not only secured the desired quota, but secured over 2,000 hens above the quota, the exact number of hens being 27,265.

When it was ascertained that the Bankhead Poultry Producers association had more than the requisite number of hens assigned a meeting was called of the signers who met at Eastland Monday afternoon and organized a board of directors. Lee Poe represented the Cisco poultry men, at this meeting, and was named as one of the directors. The others were W. A. Blackman and W. W. Byers of Breckenridge, J. B. Eberhard of Rising Star, F. M. Spurlin of Eastland, S. J. Morris of Carbon, C. H. Grow of Gorman, Leslie Hagerman of Ranger.

The directors will meet at an early date and elect the officers of the association, and the Bankhead Poultry Producers will begin to function, which means the inauguration of the business department of the poultry industry in Eastland and Stephens county. This organization is the outgrowth of the Eastland County Poultry Raisers association, which is purely an educational and productive organization. This will be the business or marketing department of the poultry business, and means more for the prosperity of the two counties than anything that has been put over in recent years.

Co-operative marketing of eggs and poultry products means to sell through the organization on the highest markets. By co-operation the poultry men will be able to sell in car lots, and shipments can be made to distant cities of America where the market is best, and not have to depend on local markets and peddlers who go over the county taking up the eggs at such prices as they are disposed to pay. Local merchants will not have to wait for the people to bring in the produce, but instead will place their orders through the association. The opinion is that the local merchants of Cisco, Eastland, Ranger, Breckenridge, Rising Star, Gorman and other towns within the limits of the association will be able to use the entire products at first. These will be supplied before shipments are made, it is understood.

The organization and operation of the Bankhead Poultry Producers association is a step forward that means prosperity where stagnation has prevailed. It is conceded by all that the possibilities of the poultry industry is unlimited, and with an efficient marketing organization there need be no worry about finding a market. When this organization is fully developed the poultry producers will have only to gather their eggs and have them ready, which will be taken up by a truck that will make the rounds every day. Right there the poultry people will get a receipt for their eggs, which will be cashed by the association. But these are mere details which

BAPTIST PASTOR MAY RESIGN HIS POSITION HERE

Rev. C. G. Howard, pastor of the First Baptist church of Cisco for the past five years, will probably resign his pastorate at an early date, according to information furnished the Daily News. In fact, Mr. Howard is said to have intimated as much to his congregation last Sunday. The cause of the resignation is reported to be due indirectly to a difference of opinion among the congregation as to the building program, the pastor having been very anxious in behalf of a handsome, commodious church building to house the membership of more than half a thousand, while others deem the present time as unfavorable for the expenditure of the large sum of money necessary.

During Mr. Howard's residence in Cisco he has been one of the most active ministers here. Two revivals have been held each year and more than 400 new members have been added to the church roll. In the meantime an attractive parsonage has been erected at a cost of about \$9,000, besides the acquisition of approximately \$15,000 for the proposed new church, for which a substantial foundation has already been laid.

Mr. Howard came to Cisco from Marlin, where he had established an enviable reputation as an earnest, God-fearing Christian gentleman. His residence in Cisco has further emphasized this reputation and a very large circle of warm friends will be sorry to learn of his contemplated departure.

YOKOHAMA IS FAST REGAINING POPULATION

TOKYO, Nov. 3.—Yokohama is gradually coming back to its pre-earthquake size in population. This was shown in the census figures for September, which show 340,000 persons now living there. The month after the earthquake, a year ago, the population had dropped to 250,000. Of the former residents many were killed and others departed immediately after the disaster. The present population is within 100,000 of the former mark, and officials believe Yokohama will again be at its normal population, or about, within two years.

POLLS BURNED IN MYSTERIOUS FIRE AT COKER

FORT WORTH, Nov. 4.—With the exception of burning of the polls at Coker, near San Antonio, where a mysterious blaze destroyed the ballot boxes, the election was generally reported quiet over the state today, with indications of one of the heaviest votes in history. The first quarter to be heard from was Houston, where one precinct gave Butte 108, Ferguson 92, and another Butte 35, Ferguson 15. Houston went for Robertson in the primary.

GOVERNOR IN WACO TO CAST HIS VOTE

WACO, Nov. 4.—Governor Pat M. Neff came to his home at Waco, where he will cast his vote in today's election. The governor has not up to this time discussed the Texas situation.

STAYING WITH ONE'S PRINCIPLES

To the Jeffersonian Philosopher: It is the doctrine that makes us a Democrat, and not what a hundred or what a million may do.—George Bailey in Houston Post-Dispatch.

No dispute here, Brother George, on that proposition. When we hear a man say that what the majority does is democratic, we pity him in our inmost soul. Take the Waco convention; it was monarch of all it surveyed—there was none its claims to dispute. But it promulgated a platform repugnant to every true Jeffersonian.

But here's our difference, Brother George. On the one side what is called the Democratic party; on the other side what is called the Republican party—these two, no more. True, there's the La Follette group, but it amounts to nothing, insofar as we down here in Texas are concerned.

Casting in our lot with this Democratic party, and this we do voluntarily, aren't we bound by what it does? He whom you call the Jeffersonian Philosopher is displeased, politically speaking, with some of the nominees of the party; for example, he isn't at all enthusiastic for Morris Sheppard, whom he regards as less a Jeffersonian than several of his senatorial brethren who are set down as Republicans.

But you will tell us, Brother George, that you have only one exception—that you feel in duty bound to vote for the Republican nominee, George C. Butte. But if you can make one exception, Brother George, why might not you make a dozen?

What's the matter with establishing a radio broadcasting station at Tourist park? Wouldn't this be an easy way to tell the whole world about our eggs, schools, churches, paved streets, dam, fine climate and everything?

The Fighting Lobos have the stamina and the skill and in the game with Ranger those so-called bull dogs should not be given a minute's rest. Let's set a pace from the start that is bound to kill their fighting spirit ere the end of the first half.

A COMMON SIN

Be yourself! This is good advice from the vernacular. There is a maxim attributed to Napoleon everyone should take to heart: "Everything that is unnatural is imperfect."

Schopenhauer protested against any and every form of affectation. "It always arouses contempt; in the first place, because it argues deception, and the deception is cowardly, for it is based on fear; and secondly, it argues self-condemnation, because it means that a man is trying to appear what he is not, and therefore something which he thinks better than he actually is."

"To affect a quality, and to plume yourself upon it, is just to confess that you have not got it. "Whether it is courage, or learning, or intellect, or wit, or success with women, or riches, or social position, or whatever else it may be that a man boasts of, you may concede by his boasting about it that that is precisely the direction in which he is rather weak; for if a man

possesses any faculty to the full, it will not occur to him to make a great show of affecting it; he is quite content to know that he has it."

That is the application of the Spanish proverb: "A clattering hoof is a nail gone."

"To be sure," Schopenhauer allows, "no man ought let the reins go quite loose, and show himself just as he is; for there are many evils and bestial sides to our nature which require the negative attitude of dissimulation, but does not justify a positive feigning of qualities which are not there."

"It should be remembered that affectation is recognized at once, even before it is clear that it is being affected."

"And, finally, affectation cannot last very long and one day the mask will fall off."

This is the day when all good men and true should come to the aid of the party.

A good deed is never lost. He who sows courtesy reaps friendship, and he who plants kindness gathers love.

Dr. George Butte didn't promise to have the Republican party disfranchise the negro in case he was elected governor of Democratic Texas, but he came pretty close to it.

Happiness is the inward complacency we find in acting reasonably and virtuously and casting our ballots for the winning candidates.

TOWN CASTS ITS ENTIRE VOTE IN TWENTY MINUTES

NEW ASHFORD, Mass., Nov. 4.—New Ashford was again the first under the polls today with complete returns. The polls opened at 6:00 a. m., and fifteen minutes later the town's twenty-four votes were in. Twenty went to Coolidge and four to Davis. Two voters were ill and four were out of town, comprising the entire voting strength.

WESLEYAN STUDENTS IN FOR ATHLETICS

MIDDLETOWN, Conn., Nov. 4.—Ninety-five percent of Wesleyan University's student body is taking part in outdoor athletics, following a plan put in operation by Dr. Edgar Fauser, head of the Physical Education Department here.

TWO PRODUCERS BROUGHT IN BY C. DUTTON ET AL

Two more good producers were brought in Monday in the Putnam shallow field, though these were semi-deep tests, that revealed there is oil in paying quantities other than the choice shallow pay that is found all over the Cisco oil fields west and north of this city.

The best of these is the Carter No. 1, which came in for 150 barrels, while the Cathey No. 5 is good for 75 barrels. The pay in these two wells, which are located on adjoining leases, was struck in the same sand, at approximately the same depth, around 1,750 feet.

The States Oil Co., drilling on the W. F. Davenport lease five miles north of Eastland, reports indications for a 75-barrel well at a depth of 1,872 feet.

DISFRANCHISED OKLAHOMA CITIZENS WILL VOTE TODAY

TULSA, Okla., Nov. 4.—A federal court injunction which restores the franchise to about 1,100 Carter county citizens and enjoins election officials of that county from interfering or attempting to keep them from voting in today's election, was granted here by Federal Judge Franklin E. Kennamer.

The injunction granted by Judge Kennamer is directed against Arch Clark, county registrar; O. C. Lash, secretary of the county election board, and all other county and precinct officials.

Application in federal court for the injunction is another chapter in the pre-primary fight in Carter county in which the names of the 1,100 citizens were stricken from the registration rolls. They were not allowed to vote in the primary, they allege in their petition, being deprived of their franchise as the result of a Ku Klux Klan plot. The voters claim that they were disfranchised by the Ku Klux Klan officials because they insisted on supporting anti-Klan candidates.

SAYS FLAPPERS WILL MOTHER A HIGHER WOMAN

KANSAS CITY, Nov. 4.—As the butterfly develops from the caterpillar so from today's flapper will come a new and finer type of American woman—one who is fearless and unafraid. So prophesies Mrs. T. G. Winter, former president of the general federation of women's clubs.

GENERAL MOTORS INCOME INCREASES

NEW YORK, Nov. 4.—General Motors Corporation earned net income of \$10,349,423 in the third quarter of 1924, against \$9,480,962 in the same period last year, which left \$8,443,822 for the common stock after deducting preferred dividends, a statement revealed today.

NO RACE SUICIDE IN METROPOLIS OF KANSAS

KANSAS CITY, Kans., Nov. 4.—There's no race suicide in the metropolis of Kansas. With an unofficial population of 135,000, this city has 35,890 children of school age, with nearly 10,000 under six years of age, a board of education census just completed, reveals. Of the 35,890, 18,176 are girls. One school child out of every seven is a negro here, and one out of every six is of foreign born parentage.

FREMONT VOTER WILL VOTE FOR CAL COOLIDGE

WICHITA, Kans., Nov. 4.—Among the Republicans who will go to the polls today and cast a ballot for Coolidge and Dawes, will be Levi H. Gorrell, 104 years old, an inmate of the Masonic Home here. Gorrell claims the distinction of not only being the oldest member of the G. O. P. in Sedgewick county, but the only Republican in Kansas now living who voted for John C. Fremont, the party's first presidential nominee, in 1856, and has continued to "vote 'er straight" every four years since then.

OSARKS BETTER THAN KENTUCKY FOR TOBACCO

WEST PLAINS, Mo., Nov. 4.—Howell county land in the Ozarks is superior to the best Kentucky land for the raising of tobacco. Ben F. Myers, tobacco expert, and manager of the People's Loose Leaf Tobacco warehouse in Horse Cave, Kentucky, declared here today at a meeting of the chamber of commerce. Myers declared that last year when his warehouse had 200,000 pounds of fine Burley tobacco from Kentucky, Tennessee, Indiana and Missouri, the Howell county tobacco topped the market.

da's "Save the Forest" campaign has resulted in a marked decrease in the number of forest fires throughout the Dominion so far this year, according to reports received by the Forestry Branch of the Department of the Interior. The number of fires reported in areas served by the Canadian National railways up to September 20 totaled 375, a decrease of 15 per cent, compared with last year's total. About 300 of these occurred west of Winnipeg, where weather conditions were more favorable to forest fires than in eastern Canada.

34 GOVERNORS IN 34 STATES TO BE ELECTED

While 15 million of enfranchised American women march to the polls today to cast their ballots for their favorite presidential electors, they will also participate in the election of 34 governors of 34 states in the American Union. Those aspiring to be the chief executives of these 34 states are as follows:

- Arizona—Dwight B. Heard, Republican; George W. B. Hunt, Democrat.
- Arkansas—J. W. Grabel, Republican; T. J. Terrill, Democrat.
- Colorado—C. J. Morley, Republican; W. E. Sweet, Democrat.

R. C. Horn, staff writer of the McKinney Examiner, was a recent visitor to Cisco, and was shown some of the achievements of the push and enterprise of this city. When returning home he expressed himself as being surprised and amazed at what he saw. Twenty miles of brick highway was a revelation, and Cisco's million and a quarter dam was the most stupendous undertaking he had ever seen. That a town in Cisco's class could undertake this gigantic enterprise was beyond his comprehension.

Mr. Horn had seen paved streets, but took especial note that the streets in Cisco were better than the streets of most little cities in Cisco's class. Then, too, the magnificent churches was an object of admiration, for in these he visualized the refinement of religious culture. The school buildings denote that Cisco was making ample provision for the education of the boys and girls in the elementary grades and high school work. He saw another evidence of educational progress in the establishment and maintenance of a junior college to properly equip the youth of Cisco for the universities and colleges of the land.

But here is what Mr. Horn has to say about Cisco: "A visit to Cisco and Randolph College has surprised me beyond my power to express. It was my first trip to this part of the state. I had no idea of the oil region and its grand and inspiring scenery. The public spirit manifested by the people of this country as shown by its paved streets and fine public buildings for school and church purposes are a credit to their progressive spirit and would be to much larger cities."

"To ride in a car for twenty miles from Ranger to Cisco over a wide, smooth brick highway was a delight. To visit Cisco lake and cross her wonderful concrete dam of more than three hundred yards fills one with astonishment that such work could be planned and executed by human intellect and skill. It is not in my power to describe it as to give a reader any adequate conception of its grandeur and beauty. Across its immense dam and above its spillway will pass one arm of the great Bankhead highway. My registered name was the 998th visitor in October to date. Over two thousand last month."

"I was not so much interested in the wonderful maerial achievement of man as I was in the intellectual and well equipped school buildings, and much interest manifest in education from a literary standpoint. I also found them alive to Bible school and church work. They are building some of the most modern and substantial church buildings in the state and equipping them for training young and old in spiritual things. Among these mentioned is the First Christian church. This is a large brick building and preacher's home under one roof. The building is 70 by 103 feet and contains a large basement. When finished will afford complete equipment for a large Bible school. The auditorium is large and well arranged for church services. It has the best arranged baptistry that I have seen. The preacher's home contains seven rooms and bath and a hall above and below. It is well ventilated and

Physician's Gland Experiments Astound Scientific World

Wonders have been worked in the rejuvenation of youth and vigor by glandular treatment in one of California's State Institutions. This "Scientific magic" has been performed by the head physician and surgeon who reports success in 90 percent of 1000 cases treated. Hundreds of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Glandogen, the new scientific gland tonic, prepared in tablet form provides a simple method of taking glandular treatment. Glandogen, for men and women, is obtained at Corner Drug Store. Mail orders accepted.

Constipation makes bright children dull—give them relief with Kellogg's Bran

Constipation dulls the youthful mind—makes children backward in their studies—makes them listless—and can lead to serious diseases. Constipation is a dangerous disease.

You cannot afford to take chances in getting relief. You cannot afford to experiment or put off. Kellogg's Bran brings relief—permanent relief if eaten regularly. Even in the most chronic cases of constipation it is guaranteed to bring results. If it fails, your grocer will return your money.

Kellogg's Bran, cooked and krumbled, has brought relief to thousands because it is ALL bran. Remember, only ALL bran can be 100 per cent effective. That is why Kellogg's Bran is recommended by doctors. It sweeps, cleans and purifies the intestine. It causes regular, healthy, normal action. For it works as nature works. It is ALL bran.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the wonderful recipes on every package.

The flavor is delicious—a crisp, nut-like flavor that delights the taste. Different by far from ordinary bran, which are unpalatable.

Begin serving Kellogg's Bran, cooked and krumbled, to your children today. Eat it yourself. The leading hotels and clubs serve it. Made in Battle Creek. It is sold by all grocers.

ENFRANCHISED WOMEN VOTING IN ELECTIONS

NEW YORK, Nov. 4.—Enfranchised American womanhood is marching to the polls today in greater numbers than ever before in history.

Women may not be "interested in politics", as was charged by the anti-suffragists. But they vote. That was proved four years ago when Warren G. Harding was swept into the White House on the crest of the big landslide.

CHAMPION MILK COW HOLDS WORLD'S RECORD

MILWAUKEE, Nov. 4.—Sergis Pieterje Prospect, champion milk cow of the world, on exhibition at the recent National Dairy show here, yields her own weight in milk every eighteen days. The champion of champions is an eleven-year-old Holstein, bred in America. She holds the two highest milk records ever made. Her world's record is 37,381.4 pounds of milk in a year. Her other record is 35,550.4 pounds. For two years Sergis Pieterje Prospect averaged more than forty-seven quarts of milk per day. This is a ton and a half a month, or eighteen tons a year. The queen of dairy animals has her royal residence on a farm near Seattle.

2,000 UNEMPLOYED IN K. C.

KANSAS CITY, Kas., Nov. 3.—As a relief measure to the unemployment situation here, 22,000 feet of water mains which was to have been installed next spring, will be laid this fall, Commissioner C. D. Darnall announced today. He declared that since taking office a month ago more than 2,000 unemployed had visited his office asking for work.

ABANDON POLICE NAVY

KANSAS CITY, Nov. 3.—The police "navy" here, used in recent years for hunting ducks instead of chasing river "pirates" and criminals, is no more. The board of police commissioners recently observed national "navy day" by deciding to dispense with the 26-foot motor launch, the flagship of the "navy." The police duck hunters probably will buy the vessel when it is auctioned.

SHERIFF OPERATES A TELEPHONE EXCHANGE

EDWARDSVILLE, Kans., Nov. 4.—Sheriff Maher has on his hands the telephone exchange here as a result of a replevin suit filed by Max B. Bailey, Kansas City, Mo., a creditor of the local company. The sheriff will continue to operate the exchange until the suit is tried or E. G. Westrope, owner and operator, posts a bond for its release.

WOMEN REGISTRATION LARGER THAN THE MEN

McPHERSON, Kans., Nov. 4.—Women here proved themselves better "vote patriots" than the men with a total of 1176 registrations compared to only 1168 by the "sterner sex." The heaviest vote in McPherson county's history is expected today.

Daily News want ads are good investments.

There are 23,994,580 women of voting age in the United States, according to the last census. If they go to the polls today in the numbers political leaders and observers believe they will, a new American voting record will be established.

For four years the women of the west carried out their citizenship duties more faithfully than did their sisters in other parts of the country, i. e., a greater percentage of them voted.

WOULD JAIL RENT JUMPERS

TULSA, Okla., Nov. 4.—That old joke about the tenant who moved every rent day, will become decidedly passe in Oklahoma, if the real estate board here has its way. The realtors have gone on record in favor of a law making it a felony for a tenant to move without paying any rent due.

West Ward Parent-Teachers Meet

That the West Ward Parent-Teachers association is a growing organization was manifested Monday afternoon by the attendance of about fifty members. A spirit of goodfellowship and co-operation was prevalent throughout the meeting. During the business session, at which Mrs. C. L. Mount presided, Mrs. J. L. Kennedy was elected first vice president, and Mrs. A. I. Skiles was elected secretary. Mrs. P. Pettit gave a splendid talk on the need of a health nurse and physical culture in the Cisco schools. The association adopted as its objective for the coming year "The improvement of the school grounds" of the west ward. Mr. T. C. Williams gave a talk on this subject. Miss Jessie Dockum's room won the flag for the highest attendance of parents, which will be retained until the next meeting. The main feature of the afternoon was an address by Supt. J. J. Godbey, on the value of a P.-T.-A. to the community in general. This address was interesting and helpful and gave a vision of what a P.-T.-A. could be and do. Supt. Godbey ended his address by a heart to heart talk on the responsibilities of parents of this generation, and expressed his confidence in the ability of the young people of today, in a very convincing and understanding manner.

Wedding Announcement

MORAN, Nov. 4.—Mr. and Mrs. Irvine Nicholson announced the marriage of their daughter, Mildred Elizabeth, to Mr. Aubrey B. Fite, on Sunday, October 12, at Cisco, Tex. The young couple spent a few days at Spur visiting relatives. They will be at home on the Shamrock Oil Co. Townsend lease October 20th, Mr. Fite being in the employ of the Shamrock Oil Co. Following the announcement the Moran chapter O. E. Take Your Time In Choosing An Overcoat-- But Start Now!

Now, before weather makes overcoats a necessity, your choice is widest. You've more time to choose carefully—and you'll be ready when Jack Frost arrives.

\$19.85 \$27.50 \$49.50
\$22.50 \$37.50

Our selections are good—the styles are right, value is in the fabrics, and the prices are pleasant. You'll find what you want here, and you'll get careful attention.

It is better to have it and not need it than to need it and not have it—

FIRE—NEXT

You have fought—and one by one you have defeated—the enemies of mankind. The Black Death is no more. Tuberculosis is now controllable. Typhoid is disappearing. Piracy and tyranny, superstition and injustice have been led to the gallows by organized public effort.

LET FIRE BE NEXT

Fire has preyed upon man and his works long enough. It can be checked more easily than tuberculosis, typhoid or tyranny. All that is needed is willing, intelligent co-operation with the scientifically directed efforts of modern fire insurance. We represent the strongest fire insurance companies.
