## EX-SUPERINTENDENT DIES IN WRECK

### J. J. GODBEY'S NECK BROKEN IN COLLISION

PURCELL, Okla., July 6. — Joe J. Godbey, 55, veteran superintendent of schools at Ardmore, was killed Saturday when his automobile collided with a truck and hurled 75 yards into a ditch. Physicians said his neck was broken. The accident occurred on the Lexington highway.

Godbey was formerly superintendent of the public schools at Cisco. David Osborn, 40, Dallas, a companion of Godbey at the time of the accident, was taken to a Norman hospital suffering from broken ribs.

John Rice, 25, Oklahoma City, another companion, was taken to an Oklahoma City hospital with a fractured leg.

Godbey had resigned his position as head of the Ardmore public schools a few weeks ago.

#### GODBEY FORMERLY WAS CISCO SCHOOL HEAD

J. J. Godbey, killed in an automobile accident in Oklahoma, for several years was superintendent of the Cisco public schools.

It was during his administration here that the present high school building was constructed. He was followed by J. W. Morgan.

He resigned here to accept a position as superintendent of schools at Ardmore.

Survivors include his widow, two sons, and a daughter.

### Huey Moves Toward His Dictatorship

BATON ROUGE, July 6.—Senator Huey P. Long's coup to make his dictatorship over Louisiana more absolute—initiated on Independence Day—moved swiftly today toward the foregone conclusion of success.

The state legislature hurried through routine channels the 72 bills designed to bring New Orleans into the Kingfish's grasp. Certain phases of the legislative program also strengthened Long's grip on other matters of state.

### Man Held For Death Of 2 Railroad Men

EL PASO, July 6.—Clarence Hut-ton, 43, was held today for the fatal shooting of Ray Gillespie and H. E. Stevens, railroad employes, at a downtown bar.

Hutton said he shot Stevens "because he broke up my home." Gillespie, he said, was Stevens' bodyguard.

### CISCO SCOUTS TO LEAVE FOR CAMP TUESDAY

Between 25 and 30 Boy Scouts of Troops One and Four here are expected to leave at 5 o'clock Tuesday morning for Camp Billy Gibbons, where they will live for a week.

All boys are to have their boxes packed and at the First Methodist church by 6 p. m. Monday, according to Scoutmaster T. C. Williams.

The annual encampment is held at Camp Billy Gibbons, located at the junction of the San Saba and Brady Creeks.

Each year the boys have gone to camp, studied scouting, roughed it, become good swimmers, hiked, fished, and come home feeling great.

The camp is maintained for scouts of the Comanche Trail Council, G. N. Quiri of Brownwood is scout executive for the council.

The camp will be in two one-week periods, the first of which begins Tuesday.

#### SNAKE ESCAPES

NEW BERN, N. C. — When Capt. J. J. Day jerked his car across the road to run over a snake, the machine rolled down an eight-foot embankment. Day and his wife were bruised and shaken. Their 10-year-old daughter sustained a severe cut. The snake was not injured.

#### WEATHER

West Texas — Generally fair, except probably cloudy and probably showers in extreme west portion.

East Texas — Fair but with some cloudiness on coast.

## Third Dog Here Declared To Have Rabies

### HEAD SENT TO AUSTIN AFTER CHILD BITTEN

The third dog to be so pronounced since the anti-rabies drive started, was declared Saturday to be mad, after police had sent its head to Austin for examination.

The dog, belonging to Bob Scott, had bitten a Scott child before it was killed, police said.

A telegram late Saturday afternoon said that the dog had rabies.

Police Chief M. L. Perdue said Saturday that since the campaign against rabies was started, the police had killed either 76 or 77 dogs, as nearly as he could estimate.

Besides this number, it was said, individuals have killed 23 of the animals.

Mrs. Joe Brown was recently bitten by a pet which was thought merely to be ill but which proved to be rabid. Last week four children were bitten by a dog before it could be killed, it was said also to have bitten a number of other animals.

Police this week declared that they would continue to wage their war against all dogs allowed to roam the streets and warned all persons owning pets to keep them tied or penned.

They particularly urged that dogs be kept tied or away from children during the daytime, when they would have more opportunities to attack human beings.

Dr. W. P. Lee, city health officer, Friday said he believed he might be able to secure rabies vaccine through the state health department either free or at a reduction for persons bitten but unable to pay the regular price.

### Mrs. Anglin To Be Buried at Scranton

Funeral services for Mrs. Mae Ella Anglin, who died early yesterday morning at her Scranton home, will be held at 10 o'clock at the First Methodist church at Scranton.

Mrs. Anglin was the widow of the late D. Anglin, who died a year ago last fall. She was born October 21, 1882. She is survived by three sons and two daughters.

Neil Lane's Funeral Home has charge of the body. Interment will be in the Scranton cemetery.

### Nye Says Senators To Aid Third Party

CHICAGO, July 6.—Senator Gerald P. Nye, rep., N. D., appearing unannounced before a convocation of 250 self-proclaimed radicals today, promised a new "third party of solid foundation" which they have the support of senate liberals.

Nye's appearance at the so-called secret conference of farmer-laborites, progressives, California Utopians, and socialists brought intermittent cheering and heckling.

### Ex-Convict Show In Fight With Police

SAN ANTONIO, July 6.—A man shot to death in San Angelo during an altercation with a policeman was identified by police today through fingerprints as Leland William Holder, 29, alias Leland Hunter.

Police records here show that Holder was sentenced to five years imprisonment in 1926 for theft in Milam county, and he was sentenced to 10 years in 1929 for robbery by assault and burglary and theft in McLennan and Milam counties.

### Great Air Fleet Reviewed by King

MILDENHALL, Eng., July 6.—King George, in the presence of thousands of subjects, today viewed the greatest airplane fleet ever assembled in Great Britain.

On Mildenhall air field, biggest in the country, was drawn up 330 planes of the royal air force, assembled from bases all over the country — war machines for air protection of the British Isles.

The lines of planes, extending five miles, were so long that instead of reviewing them in the usual manner, the king motored past them slowly, occasionally pausing to chat with officers or men.

### Rockefeller Heir Eludes Reporter In Quick Getaway

A girl reporter was suffering from disappointment today. She had missed an interview — and a Rockefeller dime as well.

The worst of it was that she had not been assigned to the interview but had discovered the "scoop" for herself and was trying to do a little more than make good on it.

Discovering that Winthrop Rockefeller was in Cisco, Incognito, she went to a telephone in his hotel and called the desk to ask for confirmation on her discovery. She was told that "the you think is Mr. Rockefeller is in the lobby and wants to talk with you."

When she told him who she was and requested an interview, he said, "Come down into the lobby and I'll give you one of the famous Rockefeller dimes."

She hung up and immediately began to do something about it. She reached a window just in time to see her interview — and her dime — leaving the hotel and town.

Rockefeller had been here looking over the Humble properties.

### TWO PICNICS HERE ALMOST SURE IN 1936

Two large company picnics are practically assured for Cisco in 1936, Johnny Cox, president of the Cisco Boosters, announced today.

A letter from Will C. Grant, director of public relations and advertising for the Lone Star Gas system, to the Boosters expressed appreciation for the welcome received by company employes who attended the recent general safety meeting here and indicated that Lake Cisco is the ideal spot for the 1936 employes picnic.

The letter was in response to an invitation letter received by Grant from the Boosters and Mayor J. T. Berry when he was here for the safety meeting.

A similar letter was also given to Humble Pipe Line company officials who were the guests of Cisco business men at a luncheon arranged by the Cisco Boosters. The Humble officials were here to attend the 1935 company picnic at Lake Cisco.

President Cox is expecting a reply from Humble officials soon and feels sure that Cisco will receive the 1936 picnic designation, he said.

Excerpts from the letter from Grant follow: "The Cisco Boosters and business men of Cisco certainly did a great job in making us feel welcome at our safety meeting June 21. The window cards and the page ad were two of many expressions of your hospitality and we want you and all members of your organization to know that we greatly appreciate this attitude."

"We already have in mind our next year's picnic and it is my opinion that Lake Cisco is the ideal spot in West Texas for this gathering."

BLUE GRASS 4 FEET TALL LENNOX, S. D. — South Dakota is challenging Kentucky's reputation as a "bluegrass" area. Blue grass measuring 50 inches high is growing on a farm near here. The grass is topped by an abundant growth of rye.

### Billy Oldham New Cafe Proprietor

Billy Oldham Saturday afternoon took over operation of the Snappy Service Sandwich shop, 701 D avenue. The cafe was formerly owned by Miss Zelma Curtis.

The new proprietor has been in Cisco for several months, being employed by the Singer Sewing Machine company. He has had a great deal of experience in cafe operation.

### Two Hurt Slightly In Cycle Collision

Joe B. Hall was slightly injured Saturday morning in a motorcycle collision with E. P. Whitaker at the corner of A avenue and E. Fourteenth street. It was reported, Hall and Allen were traveling east and Whitaker west when the crash took place.

The accident was described as unavoidable. Neither machine was damaged.

### Former Resident Of Cisco is Dead

Word has been received here of the death of Mrs. D. R. Reid, formerly of Cisco, who died June 28, at the home of her sister in Kingston, Okla., after an illness of three weeks.

The body was sent to Coahoma, two miles east of Big Spring for burial services, which were held in the home of her mother, Mrs. M. L. Williams. Rev. Melvin J. Wise, Church of Christ minister, held the services.

Besides her husband Mrs. Reid is survived by one son, E. D. Reid of Amarillo; two daughters, Mrs. Jimmie Matthews, Eastland; Mrs. W. M. Hart, Childress; two brothers; five sisters; and her mother.

### Manchukuo Demands Mongol Observance

MOSCOW, July 6.—Manchukuo authorities with Japanese army support, demand the right to post agents in Mongolia to observe conditions, according to official Russian dispatches from Ulan Bator today.

Driscoll urged a large attendance, because of the fact that he was informed weeks ago to have present relief projects in this county in such shape that they possibly could be cancelled instantly in favor of the new program.

Driscoll said, "to proceed at once in arranging to have applications applicable to the new program drawn up, in order that it may be forwarded to Austin for further handling."

Driscoll said, "to proceed at once in arranging to have applications applicable to the new program drawn up, in order that it may be forwarded to Austin for further handling."

### PROJECTS FOR RELIEF SETUP TO BE TALKED

Ways and means of aiding the Eastland county relief board in receiving applications for work relief projects under the newly appointed committee members, county commissioners and judge, and other officials were invited to the meeting.

"Not until late Wednesday evening did this office receive instructions from our Austin headquarters," Driscoll said, "to proceed at once in arranging to have applications applicable to the new program drawn up, in order that it may be forwarded to Austin for further handling."

Driscoll said, "to proceed at once in arranging to have applications applicable to the new program drawn up, in order that it may be forwarded to Austin for further handling."

### 100 Are Hurt as Alaskan Gold Miners Battle Pickets

### U. S. TO MOVE OUT CITIZENS FROM AFRICA

WASHINGTON, July 6.—The United States is taking steps to remove all Americans from Abyssinia in view of the threatened war between that country and Italy, it was learned today.

Officials here said they did not know whether actual instructions had been issued to Americans to leave the country, but said that steps in that direction are being taken and that the nationals of practically every other country had been advised to leave.

Final instructions would be left to American officials on the spot.

### AIR SKILL OF DUCE SAVES PLANE CRASH

SALERNO, Italy, July 6.—The aerial skill of Premier Benito Mussolini, who often flies his own plane on official journeys, was given a severe test today when lightning struck the wireless antenna of his craft.

The premier, enroute here piloted the plane from Ostia through a sharp electrical storm. For 90 miles the electrical discharge frequently rocked the ship.

The tri-motored seaplane was not damaged but the wireless operator fell in a faint when the bolt struck. Mussolini later commented on the incident without emotion. He made a smooth landing.

### MISSING GIRL AND ABDUCTOR ARE LOCATED

WEATHERFORD, July 6.—A search that stretched all over the southwest for 13-year-old Donna Mae Kitterman, missing Sapulpa, Okla., girl, ended here today with her apprehension and the arrest of a man who gave his name as G. M. Fisher, 55-year-old itinerant scissors grinder.

The girl told her rescuer, Sheriff Lester Stewart, and County Attorney Frank Fulgham, that the man enticed her from home Monday on the promise he would buy her pretty clothes and bring her back to her parents.

Fisher was quoted by authorities as stating that the girl was picked up at Sapulpa by two drunken women in an automobile.

He said she him that she escaped from them at Fort Worth and that he found her hitch-hiking along the road near Weatherford. Fisher was found by the sheriff, parked in a truck on the public square, grinding a saw for a Weatherford citizen.

Previously the sheriff had received information that a little girl was with him.

She was found in a decrepit camp on a vacant lot a few minutes later and readily admitted her identity.

This afternoon she was romping at the sheriff's home, following a bath and a change of dress given by Mrs. Stewart.

She said Fisher did not harm her but that for the past two days he had quarreled with her when she cried because he would not take her to her parents.

## Farmers For Continuance of New Deal

Four hundred representative farmers of Texas rallied at Dallas Monday to attend the New Deal's crop curtailment program. These representatives of the agricultural side of activities told a committee of 10 state senators and representatives that the welfare of Texas agriculture depends upon a continuance of New Deal policies. They were given ample support by Cully A. Cobb, director of the cotton division of the agricultural adjustment administration. Pres. Roosevelt was lauded to the skies by the Texas grass rooters "for starting agriculture back toward normal after the Hoover depression." More than 400 farmers most of them wearing tailored linen suits and looking right at home in the hotel ballroom, where the hearing was held, cheered the policies of the administration and proclaimed to the world that "our great president has enabled us to make at least some progress after those years of the depression and the farmers of Texas are in favor of the policies which he uses," declared the chief spokesman of these tillers of the soil who are backing the F. D. R. administration to a loyal finish.

President Roosevelt was at his best under the big dome of the Washington capitol. He was busy, just as busy as the farmers were busy in the city of Dallas. He signed a bill providing for further development of cooperative agricultural extension work and for more complete endowment and support of land grant colleges. This measure would authorize appropriation of \$1,000,000 to \$5,000,000 annually for research by the department of agriculture and agricultural experiment stations into methods of production and new uses and markets for agricultural products.

Away down in Texas the Texas Cotton Cooperative association has announced members of the association had approved charter amendments changing it from a non-capital corporation to a capital stock corporation. Capital was announced as \$3,000,000 divided equally between preferred and common stock. Texas leads all other agricultural states, and the third democratic administration since the close of the war between the states has not overbooked in a single instance the growers of things who produce the food crops as well as other great staples of the commonwealth.

## Japs Invent Cotton Substitute

Japanese scientists are just as wise and just as busy and just as forward looking as those of the Occident. Their latest is a process whereby common rice and straw were converted into a fibre resembling cotton. This has been revealed by the imperial university and its Japanese chemical society. Of course, the job has not been finished as the Japanese scientists say that commercial production of the fibre was a remote possibility since the lowered only if certain important chemical reagents could be lowered only if certain important chemical reagents could be produced synthetically.

Very fast travelers are the Japs. They are at home on the seven seas and their mastery of china appears to be com-

## Behind the Scenes in Washington

BY RODNEY DUTCHER  
NEA Service Staff Correspondent

This is the last of six articles in which Rodney Dutcher explains President Roosevelt's "must" legislation.

WASHINGTON—The transportation phase of the president's "must" program has lagged more than any other. It includes several bills. Some of them probably will be passed by Congress at this session and others will not.

The announced aim of the measures, most of them proposed by Co-ordinator Joseph B. Eastman, is a unified, efficient national transportation system which would use each method of transport to the best advantage, discourage uses in services where they are not best adapted, promote co-operation, and build up a financially and economically sound system furnishing the best possible service.

Especially desired by Roosevelt are the bills which would bring bus and truck and water traffic under regulation of the Interstate Commerce Commission, which now regulates the railroads.

UNREGULATED competition from trucks, buses, ships, and barges has been one of the chief troubles of the railroads, themselves subject to rigorous supervision. In the last 15 years nearly \$20,000,000,000 has been invested in non-rail competition—including highways—as against only \$6,000,000,000 in railroads. The result is an oversupply of transportation facilities and cut-throat competition, which has led to demoralized conditions.

The administration idea is to put the competing agencies on an even terms with the rail carriers.

THE House Interstate commerce committee, under Chairman

### Yes, Yes—Go On!

What has happened to the John Hay "Open Door" to the nations of the earth which was a dream of long ago? Since the passing of the Hay "open door" the Japanese have produced a closed door in rich provinces of old China and have told their competitors where to head in in many of foreign nations including the most powerful of those in the Occident.

## Wagner Labor Bill Becomes Law

Senator Robert Wagner of New York is at peace with the world and all mankind. His labor disputes bill was completed when the senate approved the conference report on the measure and sent it to the White House where the president approved it.

This measure had the backing of the labor organizations of the country and their sympathizers. It was one of the long fought proposals of the key bills on the Roosevelt legislative program. It had been pending two years. Certain house amendments to limit collective bargaining units to employees of a single employer and restating the constitutional injunction for the freedom of the press were eliminated. Why not the freedom of the press? Really, the bill of rights of the federal constitution is the most important safeguard the people have. In this republic the people are the masters when they are sufficiently wise and carefully trained to guard their own rights and remain loyal to constitutional government and all which it represents at the ballot box.

Let others tell about your excellent qualities.

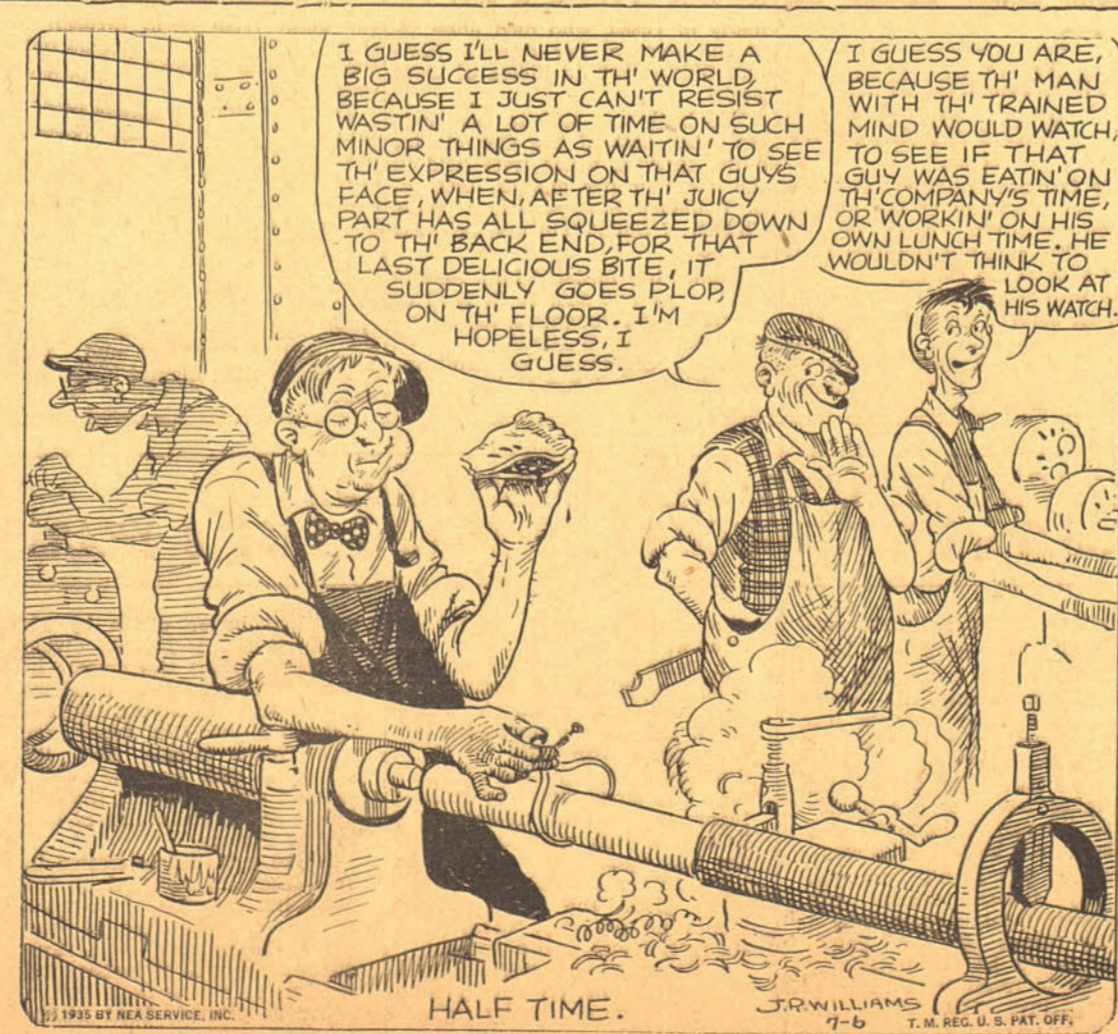

Observing Labor Day is not appropriate if you never labor.

Don't laugh at a person and expect him to like it.

Don't go to college and leave your mind at home.

The poorest boss is he who exhibits the greatest authority.

## OUT OUR WAY

## UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, July 6—Cackling hens and a crowing rooster now are a part of the equipment of the governor's mansion. Mrs. Jo Betsy All-

SHEARER

red is raising chickens to supply eggs for the executive breakfast table. White Leghorns have been installed within the netting that once kept Gov. Don Moody's captive deer from munching the flowers about the governor's residence.

The enterprise has had a propitious start. The hens are laying regularly — so regularly that Gov. Allred is figuring how much he can claim from the AAA if Mrs. Allred gives up the egg industry. "If they paid me for all the hogs I haven't raised," the governor said, "I'd have lots of money."

Tall tales of gulf fishing are being brought to the state capitol by officials.

"If anybody had told me fish would bite like I saw them do, I would have thought it a lie," said Senator J. W. E. H. Beck of De-

Kalb as he returned from Aransas Pass with a ruddy sunburn.

A group from the state comptroller's department reported similar amazing luck.

Beck said—this is his story — that

if the fish were not landed quickly other fish would eat them up. He hooked a jack fish that put up a fight. He had it alongside, ready to scoop in, when shark took jack-fish, line, pole and all.

Gov. James V. Allred dressed the part when he went to the cowboys' reunion at Stamford this week. He wore fancy half boots that were given to him by an admiring cowboy bootmaker. The boots and a saddle from Amarillo fit him out in true rodeo fashion.

Friends predict he will come back from his August trip to Mexico wearing a charro jacket and cart-wheel spurs.

State Senator J. W. E. H. Beck of DeKalb is displaying proudly his commission from President Roosevelt as surgeon in the United States Medical corps with the rank of lieutenant colonel. He already holds a position of equal rank in the national guard.

W. W. Halcomb, former Panhandle newspaper man, has been given the task of amiliarizing the public with the new Texas Securities act (The Sky Law) and the efforts of the Department of State under it to prevent stock swindlers.

Halcomb will be designated "educational director." He is mapping a series of meetings to rouse interest of civic organizations.

Mut reminder of economy and the many recent changes in the state labor department is given those who receive copies of the state's labor laws.

The compilation of them was issued in 1933. The late Jack Flynn, Houston, then was commissioner. Lines were drawn through his name on the cover and that of Commissioner Charles H. Poe rubber stamped on the volumes. Now Poe's name, too, has been crossed off.

The booklets are stamped: "F. E. Nichols."

It would be fantastic for the new state law setting out discounts on taxes paid in advance to come before District Judge Sarah Hughes, Dallas, or the proposed test of its validity. Judge Hughes, as a member of the Texas legislature, was one of the advocates of the law.

The same objections were made in the legislature that recently have been lodged against it by the attorney general's department—that it violates the constitutional provision that taxes shall be equal and uniform.

The proponents answered then that under the law the tax assessments would be the same for everybody. The tax collectors were permitted to grant a discount for early payments. This was to reward the early payers but a penalty is exacted to punish the late payers.

Such an equity is required in contracts carrying penalties for failure to complete work within a given time. They are held invalid unless a similar premium is given for finishing before the specified date.

Chairman Claud Teer of the State Board of control accepts modestly all reports that he is slated for higher things in connection with the National Recovery Administration. "What I want," said Teer, "is reappointment on the state board of control. This place suits me fine."

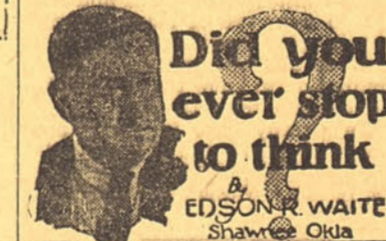

Civil service has been repeatedly rejected by the state but civil service will govern some of the jobs that soon are to be filled.

In authorizing a state re-employment service, the state accepted provisions of the federal Wagner-Peyser act. This requires competitive examinations for the administrative force.

The tests will be conducted by Prof. J. Alton Burdine of the University of Texas.

Texas could have received \$142,000 a year under the federal act for funds were allotted on a population basis.

There was a provision, however, that funds must be matched. Texas appropriated but \$36,000 and will to set up Fort Worth and Dallas districts as starters. Others may be added.

Frank Phillips, president of the Phillips Petroleum company, says: "Advertising might well be called the gasoline which runs the motor of business. At any rate, it is the great accelerating power which speeds up business activity."

"Critics of advertising—and there have been many of them during the past few years—carps at the millions of dollars spent by manufacturers and retailers in telling the public about their products and their services. Such criticism is absurd. If it were not for increased demand stimulated by advertising goods could not be produced economically enough to be generally obtainable. Mass production would not be possible without mass selling and mass selling can only be accomplished by advertising. Because of the economies of volume production advertising has actually lowered the price of merchandise, rather than raised it.

"Another criticism of advertising has been that some of it is untruthful. But just as advertising speeds the good product to the heights, its accelerating effect hastens the death of the inferior product. Obviously, then, untruthful advertising defeats its own purpose and cannot thrive. "Take any widely used product

## GOLD ON FOUR FEET

Not all the wealth of this community comes out of the soil. There is the gold on four feet — in our livestock industry.

We wish to do all we can to encourage and finance this great source of local wealth.

If you need a livestock loan, this bank is the place to come for it. We have plenty of funds, and we want all the good loans of this kind that we can get.

If interested, we invite you to call. You will find us ready to cooperate to the fullest extent possible.

## The Cisco State Bank

THE FRIENDLY BANK

you will — automobiles, radios, electric refrigerators, toothpaste — and you will find an article which could not find its place in the American scene without the low prices made possible by mass production, which, as I have pointed out, has come as a response to the demand created by advertising. Because advertising has made us want the niceties of life and has educated us in how to secure them, the American people enjoy a standard of living undreamed of elsewhere on this earth."

## Family Teaches For Total of 285 Years

RICHMOND, Tex., July 6—The family of the late Col. John Scott, organizer of the Black Horse Cavalry in Gen. Robert E. Lee's army during the Civil war, has taught in Texas schools a total of 285 years. R. E. Scott, 56, the colonel's son who is superintendent of schools here, has taught 37 years. Scott's wife and daughter have taught with him for the past 11 years.

J. M. Scott, R. E.'s brother, is superintendent of schools at Buffalo, Texas, and another brother, W. Y. Scott, is superintendent of schools at Anahua.

Mrs. Jennie Daugherty, the colonel's daughter, teaches near Waco. The colonel himself taught in Robertson county for 51 years prior to his death. R. E. Scott claims a record for his family.

## ADVICE GOES AWRY

GOLD BEACH, Ore. — A smash-up sedan being hauled into a garage sported on its cracked windshield a sticker bearing the words: "Live and Let Live! Drive Carefully! Avoid Accidents!"

## QUEEN HELEN AGAIN REIGNS OVER TENNIS

WIMBLEDON, Eng., July 6.—Helen Wills Moody fought her way back today to the championship she abandoned two years in the face of injury and impending defeat.

Like a woman of destiny, California veteran rallied from apparent defeat in the finals to turn back the president challenge of her long-time tennis foe, Helen Jacobs, in the final round of the All-England championship.

## ALLISON VAN RYN LOSE TO AUSTRALIA

WIMBLEDON, Eng., July 6.—Jack Crawford and Adrian Quist of Australia today won the men's doubles title of the All-England tennis championship by defeating Wilmer Allison of Austin, Tex., and John Van Ryn.

## LOSING LANDMARKS

ST. LOUIS — St. Louis is fast losing many of its old landmarks — mansions, which are being razed to save taxes. Vandeventer Place has given up two — one constructed by the late John D. Perry, banker and railroad president, in 1880. The other was owned by Hugh A. Donnelly.

## NEVER MISSES RUN

CHADRON, O. — Louis Salzer, Chester, has completed his 11th year as a bus driver without missing a run.

### TEXAS POLICE TO GATHER FOR ANNUAL CLASS

COLLEGE STATION, July 6 — Texas peace officers will gather here July 8 for the annual five-day short course on modern criminal methods taught by leading detectives and criminologists of the state.

The short course has been made an annual school held under the sponsorship of Texas A. & M. college and last year attracted 80 officers. More than 400 attendance is expected this year.

Among outstanding officers who will conduct classes are George J. Lacy, Houston, police science; Capt. Roy Rogers, Houston, police department; and Capt. E. B. Smith, Dallas, traffic problems; Henry E. Keller, Houston, superintendent of identification, fingerprints.

U. S. District Attorney Douglas McGregor, Houston, legal procedure; L. L. Cline, San Antonio, firearms; V. A. Leonard, Fort Worth, police administration.

Classes in sociology and criminology and study of methods of training department of Justice operatives will be held.

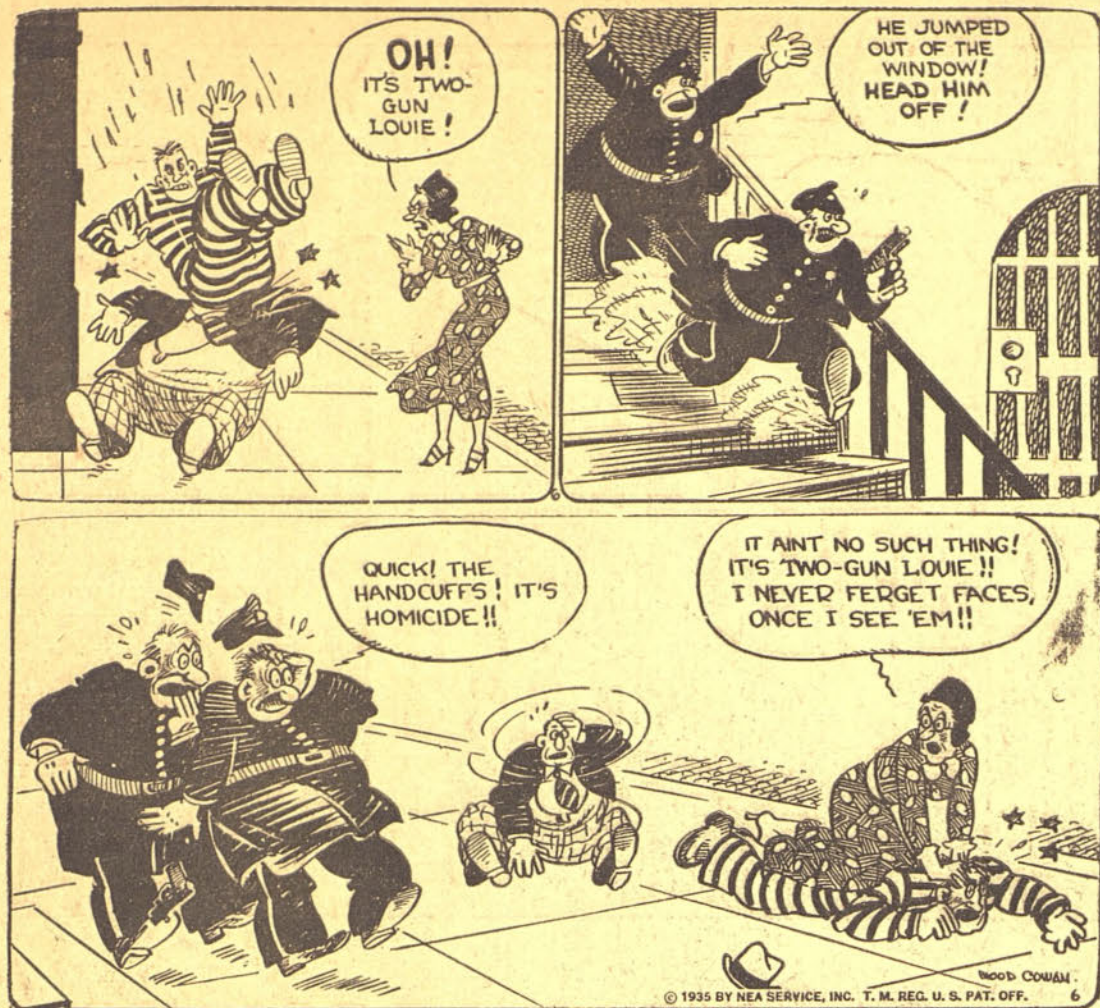

Only charge for the short course is a \$3 registration fee, according to Lacy. Sleeping quarters will be provided by Texas A. and M. college and residents of College Station.

#### FERA LOOMS

SPRINGFIELD, Mo. — Textile manufacturers have another cause for an anti-New Deal attitude since FERA workers here began making spinning wheels and looms. Thirty-five wheels have been made and 65 looms distributed among families on relief rolls.

### THE NEW FANGLES (Mom'n Pop)

By COWAN.

**SHEEP-SHEARER ADEPT**  
MARYSVILLE, O. — Samuel Cunningham, sheep-shearer, took the coats off 5,600 sheep in 70 days. He has sheared as many as 115 sheep in a 10-hour day.

**WHISKEY FAILS DRIVER**  
LOWELL, Mass. — Francis Blond, 46, took a few drinks to gain courage while learning to drive an automobile. He was arrested and fined \$105 for drunken driving.

**GREAT GRANDMOTHER AT 48**  
LOS ANGELES — At 48, Mrs. Lillian Marsico claims to be the country's youngest great-grandmother. Her 17-year-old granddaughter, Mrs. Lillian Marsh, has just given birth to a boy.

### 18-YEAR RULE FOR FOOTBALL GETS PRAISE

AUSTIN, July 6 — Texas high schools long noted for excellent football teams, will undergo a rule change next year designed to put athletics on a more ideal basis.

Texas interscholastic league officials have voted to make youths above 18 years of age ineligible to play on organized teams. The present rule allows 20-year-olds to take part.

Roy B. Henderson, League directors whose sports regulations have won him national recognition thinks the new rule is the "greatest equalizing force ever adopted for Texas high school athletics."

It will, he said, take the premium of ignorance by barring those who fail to graduate before 18 years old. Average high school graduation in Texas is 17.2 years. State aid for pupils also stops at that age.

High school coaches take different views. They have protested the age reduction on grounds that it will eliminate the best class of schoolboy athletes and lower the reputation of Texas teams.

A recent poll of the Texas high school coaches association showed 191 of 349 schools were against the new rule.

Class "A" schools, representing major schools of the state from which the state champion is selected, were the only ones favoring a lower age limit. Fifty-two were for the age limit, 37 against.

Smaller schools of "B" and "C" rank opposed the limitation vigorously.

Opponents believe Texas' school system is not complicated for such a low maximum. Custom in the Southwest is to enter college from high school. Junior colleges and prep schools are few. Age reduction, therefore, will reflect forcibly on college teams, its critics declare.

The new rule becomes effective Sept. 1, 1936.

### Magnolia Company Is Canning Lubrite

DALLAS, July 6 — Introduction of an improved Lubrite Motor Oil to be marketed by Magnolia dealers and stations in refinery sealed cans is announced by Fred M. Lege, Jr., vice president in charge of marketing, Magnolia Petroleum company.

The new Lubrite follows closely upon the introduction of new summer grade Mobiloil, the premium motor lubricant to which Lubrite is a lower-priced companion. Lubrite will be sold at 25 cents a quart, no increase from the former bulk price despite its added lubricating value and increased cost of packaging.

"Mobiloil, the world's largest selling motor oil, will always provide the finest lubrication obtainable, but in this new Lubrite quart can we believe we have produced 'The Biggest Quarter's Worth of Oil in America,'" Mr. Lege said. "The progressive move of canning Lubrite at the refinery is in keeping with other industries who are packaging their merchandise to avoid substitution in the same manner in which we protect Mobiloil, Mobilgreases and our complete line of packaged Mobil Specialties.

"By sealing our motor oils in cans at the refinery we are able to assure the buyer that he will receive what he pays for. It makes it easy to identify the product and assures the purchaser of receiving the right grade and full measure. Mobiloil and Lubrite will continue to be sold in bulk by certified dealers and at Magnolia Stations."

### "WATCH THE FORDS GO BY"

## POWER TO GO AND POWER TO STOP

A SAFE CAR helps to make a safe driver. The Ford Motor Company sees to it that you get a safe car. Unusual power to go is combined with unusual power to stop. Ford brakes are an outstanding feature. They are powerful, efficient and easy to apply—with more braking area per pound of weight than any other car under \$1095.

But Ford safety is more than the safety of good brakes. It is built into every part of the car.

The Ford body is all steel... steel reinforced with steel and electrically welded into a one-piece unit for still greater strength. All Ford body types have Safety Glass throughout at no extra cost.

Three other reasons why you will feel safer in a Ford are ease of handling, stability, and the alert, obedient performance of the V-8 engine.

The Ford is steady on curves. It hugs the road because of correct weight distribution and because its center of gravity is low. You will find that the steady, sure response of the Ford communicates calmness and confidence to those in the car and makes each journey easier and more reposeful.

The Ford thus gives you double safety. The way it drives helps you to avoid danger. The way it is built provides unusual protection in time of emergency.

## FORD V-8

On the Air—FRED WARING and HIS PENNSYLVANIANS and STOOPNAGLE and BUDD... a full hour of music and humor... Presented by Ford Dealers every Tuesday night (instead of Thursday) from 9:30 to 10:30 (E. D. S. T.), all Columbia Stations.

## ISSUES WARNING CHIEF OF POLICE Warns

THE  
HOUSEWIFE

NOT TO PAY CASH IN  
ADVANCE TO PEDD-  
LERS ON ANY ORDER!

## WARNING

To The Citizens And Housewives  
Of Our City

### This Is A Warning

To beware of strangers posing as solicitors  
salesmen or inspectors calling at your home.

They should not be admitted until  
their credentials have been  
checked up and verified

and you are SURE you are dealing with lo-  
cal people or Representatives of Local Firms.

### In Many Cases

STRANGERS WITHOUT RELIABLE CRED-  
ENTIALS have been "spotters" or "locat-  
ers" for professional criminals and according  
to police records lack of caution on the part  
of the householders has often resulted in  
costly property losses and bitter experiences.

**Do Not Pay Cash In Advance  
to a STRANGER on an order—as  
TOO OFTEN THE CUSTOM-  
ERS HAVE NEVER RECEIVED  
ANYTHING FOR THE CASH  
ADVANCED.**

### Do Not Cash Checks

Or Issue Checks to Strangers

on an order. This applies to business firms as  
well as all others. Many times such checks  
have been "altered" and later cashed by an  
innocent party.

### It's Better To Be Safe Than Sorry

—be SURE you know with whom you are  
dealing before allowing admittance to your  
homes.

### In Case You Are Suspicious

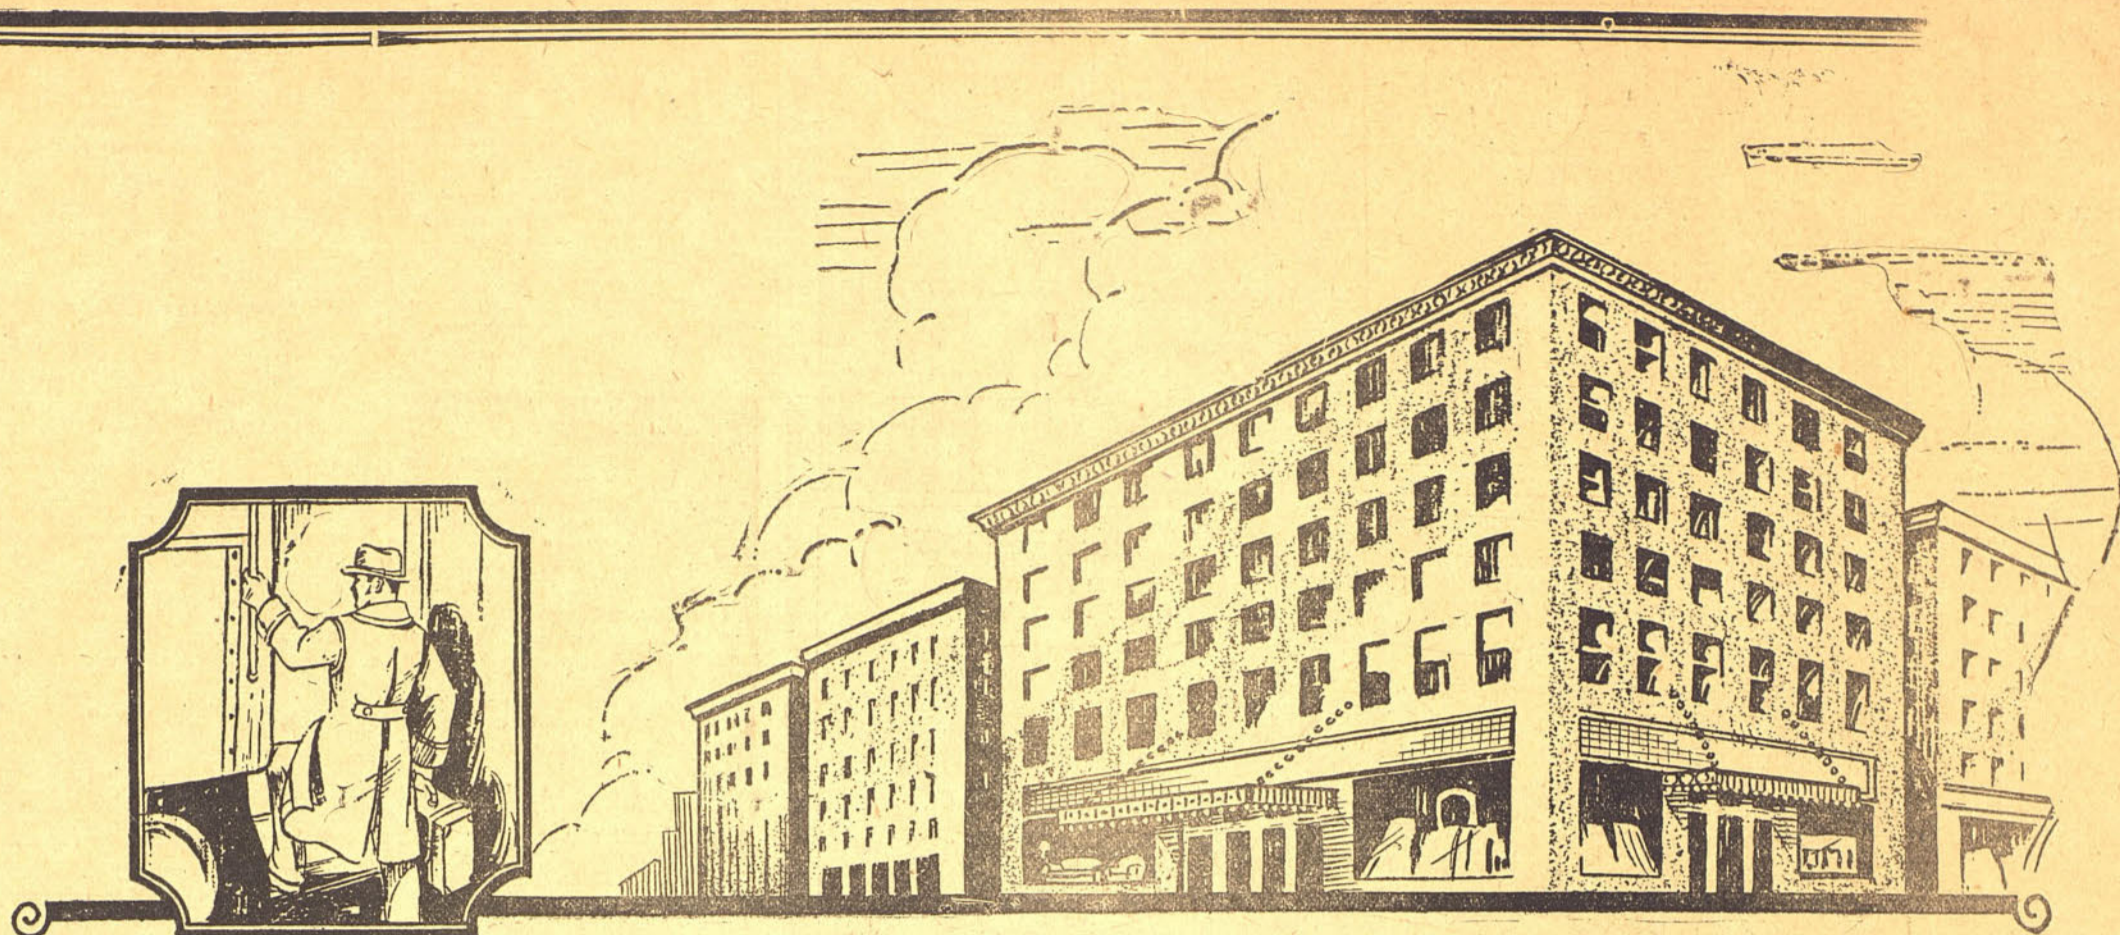

PHONE TO POLICE AT ONCE. DO NOT  
DELAY IN THIS as it will aid the Police  
Department to locate any intruders at once.

### One Need Not Be Afraid

of offering the honest salespeople known  
to you as a citizen or a representative of a  
local business firm as THEY WILL HAVE  
THEIR CREDENTIALS with them. Protect  
yourself—protect your home. ASK FOR  
CREDENTIALS unless you are personally  
acquainted with the party calling.

M. L. PERDUE

Chief of Police, Cisco

# What The American Demands for his dollar is **SERVICE**

Mrs. Housewife---Yes, Mr. Business Man too---Let's

## LOOK AT the **FACTS** As They Really Are---

What Service Does the Peddler Render to You for Your Dollar  
as compared to the **CISCO** Business Man?

### THE PEDDLER OR DOOR BELL RINGER OFFERS

In almost every instance---you buy from small size sample swatches or pictures---and trust  
to luck, after waiting days---sometimes weeks---that your purchase **IF Received**, will  
prove satisfactory.

Sometimes thru high-pressure-methods you are induced to pay a CASH DEPOSIT, on  
an order of this bootleg-merchandise, later finding financial conditions do not permit you  
to complete the contract---Who Loses? **Do You Get Back Your Cash Deposit???**

You are induced to buy in excess of your needs---thru a cleverly prepared sales talk,  
on a **saving of small consequence** to be made thru ordering in quantity lots. The amount  
of the immediate cash deposit seems small and you are tricked into a larger purchase.  
Many times "**Something Free**" is offered you as **BAIT** to secure your larger order.

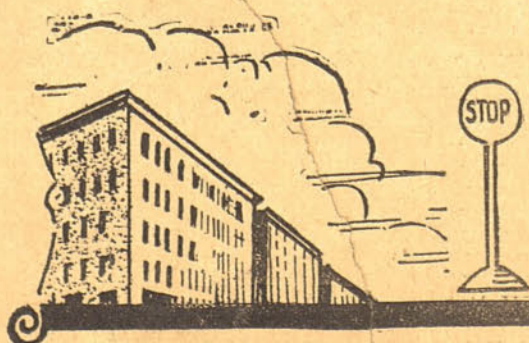

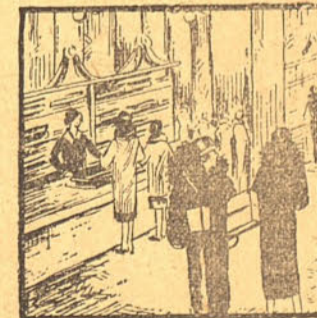

The Peddlers, with their unknown merchandise---questionable bargains and unethical methods of selling can well be classed  
as **bootleggers of merchandise**. Every time you turn over a dollar to a door-to-door canvasser you are speculating on the return  
you will get for your money. Have you ever stopped to **THINK** of the possibility of these Peddlers as carriers of **DIRT** or **DISEASE**?

Yes Even In The Busy Office Will Be Found The **Persistent Pest** who infringes on the employer's time. Haven't you had one  
of those breezy salesmen breeze into your office---and ask for a few minutes of your employer's time (only not always in such a polite  
manner)---and then he proceeds to high pressure you into an order---and in many cases you place an order to rid yourself of the **Pest**.  
This class of Professional Peddler is a slicker and can talk himself into a sale by making indefinite promises as to deliveries on orders,  
as well as to exaggerate, without any effort the quality of the article he is selling. You see him **Only** today.

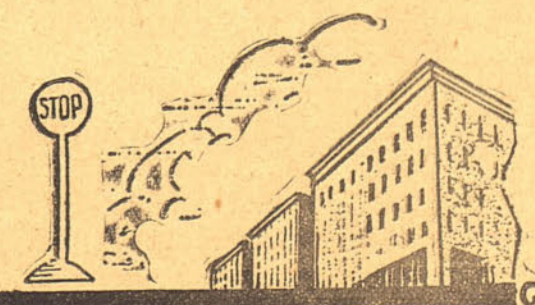

**Your Merchant Offers You** merchandise---which you can  
examine at the time of purchase---yes, you can **TAKE IT WITH YOU NOW**---Why **WAIT**?  
---There is no room for uncertainty. And after you get home and should you find your  
purchase not exactly what you expected you can exchange it with your merchant, and  
you are **NOT** required to wait ten days or two weeks. He has his **stock** of goods in **Your  
City** for **immediate SERVICE**.

Your Merchant can not afford to oversell you thru high pressure methods---because he  
is depending upon you for your future patronage. He expects to stay. The peddler may  
never see you again---in fact in many cases he **hopes he won't**.

Your Merchant offers his Personal Friendship and Acquaintance---which are factors in your business  
relation that can not be contracted with any **long distance manufacturer**.

**Play Safe** See What You Are Buying  
---beware of the Special Authorized Representative  
who tells you He is the **ONLY ONE** selling his  
line who is allowed to **collect in full the cash** on  
your order. Nuff Said.

## FERA Nursery To Be Opened Monday For Summer Term

Sponsors and teachers of the FERA nursery school announce the opening of a two months' summer term starting Monday morning. The school will be held at the Cisco high school as before.

All children of ages 2 to 6 years are urged to enroll immediately. The teachers wish to especially inform parents that their child is not likely to contract diseases at the school because each child undergoes a careful examination by a nurse before joining the other pupils.

The routine for the day is: health inspection, 8 to 8:30; ten minutes for toilet and fountain; exercise and singing, 8:40 to 9; free play, 9 to 10; outside play, 9:30 to 10; The inside play consists of ring games, play, block building, etc. Special observation is given to keep the children from playing too hard and fast. Lunch is prepared at 11 o'clock and served at 11:30; at 12:30 the children are on their cots for rest and sleep until 2:30.

The school is under the supervision of Mrs. John Vernon, Miss Enda Moad, Mrs. L. E. Morris and Miss Josephine Walburn, nurse and cletician.

## Mrs. A. D. Anderson Is Bridge Hostess

Mrs. A. D. Anderson was hostess to members of the Contract club in her lovely Ninth street home Wednesday morning at 9 o'clock.

Games of bridge were enjoyed during the course of the morning. Present were Mesdames Jack Cabares, George Fee, Yancy McCrean, T. P. O'Brien, R. L. Ponsler, J. A. Bearman, F. D. Wright and A. L. Foster.

## Royally Welcomed

Happy at the honor of being listed to sing before the British royal family, Rose Bampton, American opera soprano, flashed this smile before the camera as she touched shore in England recently.

## Social Calendar For Week

### Tuesday

The Woman's Auxiliary of the First Presbyterian church will meet at 4 o'clock at the church for regular Bible study followed by business sessions.

Circle One of the W. M. U. of the First Baptist church will meet in the home of Mrs. Parks Poe 1511 Avenue C.

Circle Two of the First Baptist, W. M. U. will meet in the home of Mrs. Lee Elkins at 701 West Tenth street.

Members of Circle Three of the W. M. U. of the First Baptist church will meet with Mrs. E. B. Kinsey in her home at 501 West Sixth street.

Circle Four of the First Baptist, W. M. U. will meet in the home of Mrs. Davis Fields at 801 West Ninth street.

Mrs. A. M. Swindle will be hostess to members of Circle Five of the W. M. U. of the First Baptist church in her home, 1604 E. avenue.

### Wednesday

Mrs. W. W. Wallace will be hostess to members of the Humble bridge club in the home of Mrs. W. J. Armstrong.

### GETS DIPLOMA AT 73

COLUMBUS, O. — Mrs. Catherine Sheets is 73 years old but only recently received her high school diploma here. She plans to enter Ohio State university in the fall.

### MAYOR BULL-DOGS STEER

BOSTON — Mayor Frederick McDonald of Waltham was driving in Brighton when he saw a steer that had escaped. He jumped from his machine and bull-dogged the animal sitting on it until police arrived.

## C. E. Union To Hold Prohibition Rally Here Monday Night

The Eastland county union of Christian Endeavor societies will hold its monthly meeting at the First Christian church here Monday evening at 8 o'clock. The leaders of the organization have decided to turn the meeting into a prohibition rally for young people of all churches in Eastland county.

Representatives of the Cisco Society will attend meetings of the Young People in Eastland, Ranger, and Cisco, in order to give special invitations to the dry rally on Monday. Cleon Cogswell, president of the local society will lead the meeting. He will be assisted by Roland Hill and Rev. L. B. Gray of Ranger. All Ciscoans who are interested in the dry campaign are invited to meet with the youth of the county in this effort to arouse some enthusiasm for the vote that will come August 24.

## Personals

Mr. and Mrs. S. H. Nance spent Thursday in Brady.

Mrs. H. S. Dossett of Dallas is the guest of relatives here.

D. E. Waters of Brownwood is spending the weekend with his family in Cisco.

Mr. and Mrs. E. O. Elliott were guests of relatives in Cisco this weekend en route to their home in San Angelo from Chicago where Mr. Elliott attended the Abbott Sales Convention there last week.

R. O. Jacobs of Rising Star and Frank Jacobs of Best were visitors in Cisco Saturday.

Miss Mary Fee of Breckenridge is spending the weekend in Cisco with her parents, Mr. and Mrs. George D. Fee.

## Former Royal Pair Of Greece Divorced

BUCHAREST, Rumania, July 6 — The unhappy, childless marriage of two royal pawns of Balkan politics reached its end today when the court of appeals divorced the former king and queen of Greece.

The decree will be reviewed by the supreme court, which is expected to announce an absolute decree within a few weeks. Grounds of the divorce were not made known.

BULL SURVIVES FALL COVER D'ALENE, Ia. — A bull a livestock dealer hauled from Hot Springs, Mont., is a tough customer. The truck left the road plumed over a steep grade and overturned. The bull, hurled 60 feet through the air got to its feet and began to eat grass.

## Utah's Famous 'One-Pound' Baby Now Forty-Two Pounds of Charm

Six years ago Barbara Jean Rowley was a one-pound baby at whom all Utah marveled. Then she could wear a wedding ring for her bracelet, and her face was smaller than a silver dollar. Doctors agreed she wouldn't live, but she fooled 'em. Above, Barbara is shown with her foster father, L. D. Rowley of Provo, when she weighed five pounds; at left, as she is today, 42 pounds of happiness and an accomplished dancer.

## AT THE CHURCHES

### FIRST BAPTIST CHURCH

## About Our Friends

### CONTINUED FROM PAGE ONE

plump...looking over Dr. Griffith's ensemble of suspenders and belt...L. A. Warren, successful oil operator who always has time to speak to and jolly with his friends, getting a hair cut and making the barbers glad he came.

Mrs. Carl Alverson calling our attention to the fact that she is working...just because she wanted to...Now that was really unnecessary we have known for a long time that women never work except when they want to do so.... W. J. Armstrong surrounded by a group of his friends...E. L. Caffrey and J. W. Thomas with other Humble employes, at the fountain getting a drink.

Fred Grist has been visiting with the grain farmers...Many farmers in the northern part of Cisco's trade territory would not know how to get along without the Grist.... They have been implement dealers for many years.

W. E. Brown, of the Home Furniture company, gets more enjoyment per square inch when there is a good joke being told, than any man we know...It is said that no man who laughs heartily can be very bad...Perhaps we'd better investigate this a little further.

## Gloria Graham To Give Recital Here On Tuesday Night

Miss Gloria Graham, daughter of Dr. and Mrs. E. L. Graham, and eight-year-old violin pupil of Miss Wilda Drago, will be presented in recital Tuesday evening at 8:15 o'clock at the First Baptist church.

Miss Graham will be assisted by Miss Gwendolyn Tunnel, nine year old pianist, and the Drago Octette.

The program is as follows: "Concerto" by Reiding, Gloria Graham; "Joy Dance" by Crawford, "Courtly Dance" by Crawford, and "Cinderella" by Lemont, Gwendolyn Tunnel; "Fifth Air Varie" by Daniela, "Souvenir de Wieniawski" by Haesche, Gloria Graham; "By The Waters of Mimmetonka" by Lieurance and "Pizzicato" by Delibes, Drago Octette; "Elves Dance" by Enkinson and "Polish Dance" by Severn, Gloria Graham.

## Road Markets Being Placed on Highways

Highway workers this week have been busy drilling holes in sidewalks along D avenue for road markers pointing out State Highways One and 23 and Federal Highway 80.

When questioned as to why the signs were being placed there when there is a possibility that One and 80 may be rerouted, they replied that Highway 23 would still be over D avenue and it would be necessary only to paint over the other two markers.

## Paving of Leeray Road Begins Soon

Work of paving the Leeray road was expected to begin soon, according to County Commissioner Arch Birt Saturday.

The road is to be an experiment in types of asphalt paving, he said. "We are going to have a mighty good road when it is finished," the commissioner said. "We have been needing it for a good while."

## 4-H Club Boy Makes Profit on 5 Calves

PANHANDLE, July 6. — Walter Britten, 18, 4-H club boy, fed out five calves at \$65.73 profit from each one.

Drought forced him to buy all of his feed. He mixed in a little charcoal for conditioner, molasses and mineral for good growth, and added ground grain an roughage.

HOT OIL FIGHT CONTINUES FOR OVER 4 YEARS

AUSTIN, July 6 - Texas' "hot" oil rebellion continues after four years of battling.

"Hot" oil, in field parlance, is oil produced in excess of that permitted by state regulation. Proration of production began in Texas in 1927 upon discovery of the Yates field in Pecos county which included the world's record well.

"Hot" oil became a problem in East Texas shortly after that field was discovered. Makeshift restriction orders were passed in rapid succession as courts, both state and federal, struck them down.

The first order to be held valid by both courts was issued Oct. 17, 1933.

Since then, new rules have been devised and new laws passed as leaks were discovered through which "hot" oil flowed. Last stop-gap requires truck drivers to display manifests for all oil products that they move out of the big field.

Confiscation This manifest law gives enforcement officers a new weapon. Oil products found moving without a manifest can be confiscated.

This manifest is a shipping certificate. Manifests for products must show the source of the oil from which they were produced.

In addition to its numerous courthouse battles the "hot" oil war has had its actual conflicts, its fortress and soldiers in action.

At Gladewater a well was protected by a concrete dugout with the only means of access to the well through a dwelling protected from invasion by the state constitution.

Hidden pipelines and mismarked valves were more favored plans to outwit the soldiers placed in the field by former Governor Ross S. Sterling.

Again in Courts Lately the courthouses have again become the battlefields of the war. Right of the state to confiscate "hot" oil in contested. Sale prices for confiscated oil are criticized; oil receivers' fees protested.

Strictness of the regulation makes the rebellion long lived. Each of more than 15,000 wells in East Texas is allowed to produce daily in July only 3.3 per cent of what it could produce in one hour.
