Will The Lobo Fans **Provide a Fund For Disabled** Gridsters?

Some time ago, about the time the Orbie Jacobs benefit game was played. the Citizen suggested that football authorities provide a fund for disabled football players, who, like Jacobs, may become disabled on the gridiron field. chief executive to extend the pardon-The suggestion, it seems to the Citizen, was worthy of consideration. Naturally, the Citizen was gratified in the following manner: with the spontaneous response that met the suggestion that a benefit game be played to relieve Jacobs in his present plight, but it was a source of regret that the gate receipts were as light as they were. Give The Taxpayers An Even Break With **The Criminal Class**

Discussing a recent opinion of the attorney general of Oklahoma, which was adverse to the governor's power to remit penalties in tax delinquencies, while holding the right of a state's ing power to criminals, the Pawnee Courrier-Dispatch handles the subject

If the governor can pardon and forgive the fine assessed against a man who gets drunk and disturbs the peace of the people, we would like to know why he cannot forgive and pardon the poor farmer, and other home owners, who, through no fault of their own, been a blessing to the injured boy, fail to raise the money with which to pay their taxes, the day the law demands payment be made. RECENT ARRIVALS TAKE OVER LAGUNA SERVICE STATION, W. 4th STREET

Mr. and Mrs. H. R. Dupslaff and

five children are recent citizens who have moved to Cisco to make their home. They have taken the Langston residence at 409 West Fifth street, which is situated directly in front of the residence of Mrs. J. W. Howell, and just west of the Lee Owen home. Mr. Dupslaff has taken over the

filling station on West Fourth street, just north of the Laguna hotel, formerly known as the Sinclair service station. But the new owner has changed the name of this popular gasoline dispensary to the Laguna Service Station, and is bidding for a share of the gas and oil business with an advertisement in this issue of the Citizen. There you will find the well known Sinclair products, which are recognized as the best in refinery methods. "Service with a Smile," is the slogan of the Laguna Service Station, and Mr. Dupslaff says this slogan will be observed in their dealings with the public.

Mr. W. C. Fuches accompanied Mr. Dupslaff here, who will be associated with him in the operation of the Laguna station.

The Citizen suggests that you drop in and meet these gentlemen, where you will be greeted with such cor diality that you will be assured they will live up to their slogan.

Suppose a farmer changed from an Mrs. Jaunita Cabaness left Tuesday all-cotton farm system to half cotton and half feed a few years ago. This more, than these received by the allcotton farmer. In addition the diversified farmer is in a much better position than the all-cotton farmer to use the extra feed which the farm can grow under the terms of the cotton and corn-hog contracts.

The corn-hog contract is open to every farmer in the county who produces a surplus of either corn or hogs, and member of another contesting team, who can otherwise qualify, the county agent points out. The rush of the cotton campaign makes a farm-to-farm canvass of farmers in the interest of the corn-hog program an impossibility, but men who may be eligible to sign these contracts should investigate the plan. He decided that there was an a Cisco mercantile establishment with easier life than that of the farmer, and a gold certificate which he tendered a gold certificate which he tendered went to Del Rio to make his fortune and live a life of ease. But he was soon disillused, and returned to his farm, five in payment for some purchase, but his money was handed back to him. The salesman said, it was not negotiable at that time, that he had recently been informed by officials of the bank that the bank could not accept it, nor even handle the gold.
