DISTRICT SUPERVISOR OF NURSERY SCHOOL MAKES COMPLIMENTARY REPORT

By GERALDINE A. HINES
District Supervisor W.P.A.
Nursery Schools

During the past year the Cisco nursery school has made considerable progress. The interest the community has shown in the school is gratifying.

The nursery school staff and children have enjoyed the continued use of the spacious building furnished by the Cisco Independent school board.

The different church organizations have done many nice things for the school.

The city has been most helpful in the upkeep of the yard and the building and the fire department has, in addition to inspecting the building and fire extinguisher, mended nursery school equipment.

The Cisco high school home economics department has cooperated with the school.

Citizens too numerous to mention have done their part.

Many of the advisory board members have not only served well on the board, but have taken active interest in the school and in the children themselves, and many children who would have had to come to school barefooted and in ragged clothes, have been able to come to school warmly clad because of the untiring efforts of these advisory board members.

Throughout the year the school has had splendid publicity.

From time to time, Dr. W. P. Lee, city health officer, has administered immunizing agents.

Major events held during the year of particular interest were the gala Christmas party on December 20, the Easter egg hunt on April 11, the Open House held May 1, National Child Health Day and the Parent Education meeting observing National Social Hygiene Day on February 5.

Twenty-three parent education meetings have been held, with a total of 400 persons attending.

The Cisco nursery school has been hostess to three countywide and one districtwide training conferences.

Sixty-six new children have been enrolled in the school this year. At the present time the enrollment is forty-eight. The average daily attendance for the year was thirty-three. This was below the minimum requirement of twenty-five, but there is every reason to believe that during the coming year the Cisco nursery school will not only meet in the minimum requirement but exceed it.

The record of the treasurer of the advisory board will show the amount of money raised and expended for the maintenance of the school.

Surplus commodities have been given to the school.

WILD GEESSE IN AUTUMN.

Before the dawn I heard their honking cry.
That prophecy which brings the heart an ache;
heard them hastening down a windy sky,
Southward, before the winter storms should break;
Their gray breasts pressing on the darkened night,
And wild throats straining with that ancient call.
I could but marvel at their eager flight
And that such wisdom filled a bird so small.
And yet the gander's calling always brings
A certain sadness with those whistling wings.

CISCO MAN ADDRESSES OPEN LETTER TO PRICE ADMINISTRATOR HENDERSON, WASHINGTON

October 1, 1941.
Honorable Leon Henderson,
Federal Price Administrator,
Washington, D. C.
Dear Mr. Henderson:

In the past I have been somewhat reluctant in taking up the time of our honorable servants in both state and federal government, knowing that they are very busy men, and I will assure you if I did not think that what I am writing was worthy of your consideration—not only for the benefit of myself, but hundreds and thousands of others—I would not be penning this letter to you.

First, I will state that the bigger portion of my business is as independent producer of oil. I hope that you will bear with me, as I know that this has been a sore spot in Washington for a long time. I own interests, with friends, in a number of wells in several different counties in Texas, the greater portion of which are old wells, and known as stripper wells. Many of these wells do not produce more than a barrel or two or three, and therefore I am in possession of the true knowledge of the cost and maintenance, lifting cost, taxes, etc. There is a possibility that these wells will continue to produce and still be listed as live wells, subject to taxes and a reasonable profit to the owner.

Now, the thing that I am trying to do, is to place the oil situation before you as though it were in some other field of endeavor.

If the farmer of today was confronted with the prices paid for his commodities two years ago, with the rising cost of labor, taxes, and many other things, what hope could he have to fit in the picture of being supporter and taxpayer in a city, county and state, and greatest of all, his national government?

If the cattle raiser of today was confronted with the sale of his cattle at the market price of two years ago, how could he hope to fill his rightful place as a citizen in this nation as an asset and as a taxpayer with a reasonable reward for his labors?

That is the true situation of a great many small independent operators in the oil business; and, in my humble opinion, if they do not receive some assistance, it will only be a short while until thousands of small wells will be plugged; hundreds of thousands of barrels of oil lost beyond recovery, which within itself would be a waste of one of the greatest assets of this nation.

I cannot believe that it is the intention of our great and honorable president, neither the desire or the intention of any of the honorable servants of the people of this nation, to exact from any specific group of its citizenship the degree of destruction of their present or future.

I believe that you will agree with me that in the many small individuals and their endeavors, is the nucleus that creates the strong group of corporations and strong individuals; that we do not live alone, that we must live together, that we must all enjoy alike, that we must all enjoy at the same reasonable degree of the same treatment to keep us strong.

I ask as an humble citizen, and one who can furnish you detailed facts, if necessary, of his own

U. S. HOPES OF AGREEMENT WITH JAPAN DIM

WASHINGTON, Oct. 2.—The United States Government, it was learned on high authority Thursday, virtually has abandoned hope of reaching a general understanding with Japan in the near future.

Unless unforeseen developments occur, the exploratory talks with the Nippon Empire are expected to peter out quietly.

The deadlock reached in the discussions is due to the unwillingness of either the United States or Japan to depart from the fundamental principles of their current foreign policies.

Japan is unwilling to quit the Axis alliance, abandon its policy of expansion in Asia; withdraw from China; or promise to refrain from attacking Russia.

The United States is unwilling to conclude any agreement with Japan at the expense of China; relax the economic blockade against the Nippon Empire as long as it remains an active member of the Axis alliance; or condone any Japanese attack on Russia.

GLENN BOYD OF CISCO IS IN THE SPOTLIGHT

The Texas Tech Red Raider band is in Oklahoma City and will remain there until Sunday. The Raiders will play for the Texas Tech-Oklahoma A. and M. game, Friday night, and will also be featured at several concerts.

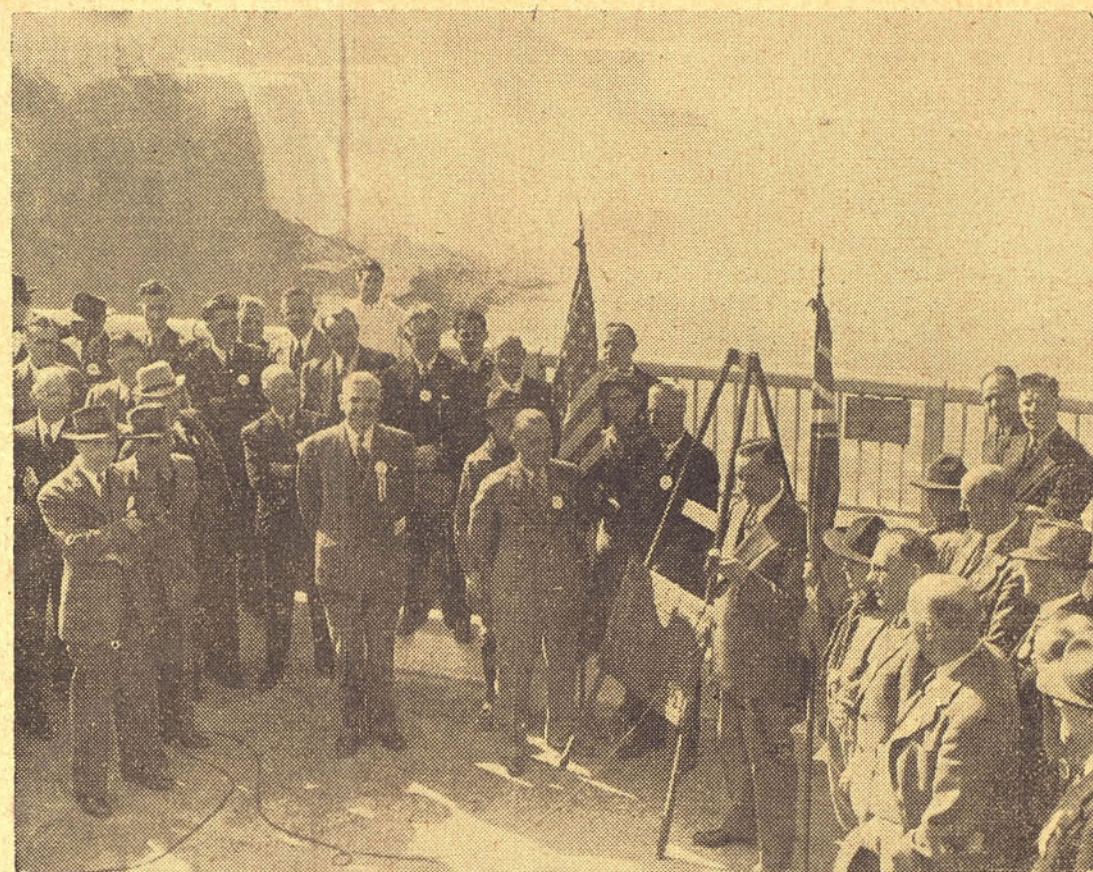

One of those making the trip with the 120-piece band was Glenn Boyd, of Cisco, who will be featured in a twirling exhibition at the Tech-A. and M. game. Young Boyd will also play in a brass quartet which will be a special attraction on the concert programs.

Mr. Boyd is a son of Walter L. Boyd, rural mail carrier out of Cisco.

STEVENSON RETURNS HOME. DALLAS, Oct. 2.—Gov. Coke Stevenson, returning from a Washington conference with President Roosevelt, said home defense was the principal topic they discussed.

business, that if you elect you can make your own investigation and use your better judgment in the protection and the rightful compensation to this particular group of citizens that I have included in this letter to you; and I assure you that I, personally, and many others will ever be grateful and appreciative of whatever efforts time will permit you to give this subject your fair consideration.

Again thanking you, I remain,
Yours truly,
CHARLES J. KLEINER.

GULF CO. LAYS 12 MILES OF 12-INCH PIPE

The Gulf Oil company is laying about 12 miles of 12-inch pipe in this sector to augment the flow of oil from West Texas to Ft. Worth and Port Arthur refineries, according to the local Gulf agent, M. L. Keasler.

Pipe is now being unloaded near the tracks just west of the Lake Cisco highway north of Third street.

The line to be laid is called a loop, leaving the main line at about five miles west of Cisco and re-entering the main line a few miles west of Ranger. These loops are being placed in pipe lines where the pressure is great and will increase oil flow to refineries and hence increase the available for refining.

About 30 regular pipe line workers and a number of local men are employed, Mr. Keasler said. The work will require about three weeks to complete.

NANCE MOTOR READY FOR NEW FORD SHOWING

Nance Motor company has made big preparations for the first showing of the new Ford car which is to be seen by the general public for the first time tomorrow.

New decorations and general refinishing and re-painting of the entire display and shop rooms have been made. The two neon signs have been overhauled and refinished so that the light effect at night is very obvious to the passer-by.

The interior, including the floor of the show room, has been painted and refinished. The offices and furniture have been treated to refinishing programs. The shop department and that office has had a thorough going over. Shop equipment has been repainted. This includes work benches and machinery. A new Quick-Charge battery machine has been added.

The lubrication and washing department has just been treated to new concrete floors, and has been brought to the latest and most modern efficiency.

Mr. Nance says he and his entire force are ready for the new car and its consequent increased demand for service in all lines of work. They stand at attention to show the new Ford and give full service.

One and Three Tenths Rainfall

The rainfall in Cisco Wednesday night and this morning showed 1.3 inches on the rain gauge at the city hall.

The precipitation was only three-tenths this morning, while hard showers fell last night.

JAPS BOMB A MISSION AND KILL U.S. BOY

CHUNGKING, Oct. 2.—The American Southern Baptist Mission at Hsiaoakwan, provincial capital of Kwangtung Province, was wrecked Sept. 29 during a Japanese air raid and the son of an American missionary was killed, the Chinese central news agency said Thursday.

Neither the name of the missionary nor his son was given.

The United States Embassy in Chungking said it had not heard of the incident, but the central news reported the American consul at Canton had protested to Japanese authorities.

Masons Meet in Called Session

Notices are being mailed today to members of Cisco lodge, No. 556, A. F. & A. M. to attend a called session of the lodge Friday evening, Oct. 3, at 7:30 o'clock.

A program has been arranged for the meeting, at the conclusion of which refreshments will be served. All members are urged to attend, says L. D. Wilson, secretary.

BERLIN SAYS JAPS TO HALT RUSSIAN AID

BERLIN, Oct. 2.—Japan will play her part when the time comes in stopping British and American aid to Russia, a Wilhelmstrasse spokesman said Thursday.

"The only practical delivery route is by way of Vladivostok, which is ice-locked in the winter," the spokesman said.

"Japan will have her word to say when the time comes."

CONNALLY WANTS ACTION.

CHICAGO, Oct. 2.—Tom Connally, chairman of the senate foreign relations committee, today called for modifications of the neutrality act that will permit arming of U. S. merchantmen and their use in belligerent waters.

BARBECUE AND RACES FEATURE FIREMEN MEET

A large per cent of the personnel of the Cisco fire department is in Merkel today attending the Mid-West Texas Firemen's convention, which convened at 1 o'clock.

A program has been arranged for the entertainment of the visiting delegates and their wives during their stay in that city. The menu for the feast which has been prepared for the visitors is sufficient guarantee of a pleasurable occasion—barbecued dove and chicken-fried steak being the chief dishes of the repast, with all accessories in order.

The business meeting will engage the delegates at the opening session, to be followed by the races at 3 o'clock, the barbecue supper at 6 o'clock and the dance at 8 o'clock.

The session will come to a close at the conclusion of the dance.

Members of the department, with their wives, who left early today, were Mr. and Mrs. C. L. Tune and daughter, Miss Marie; Mr. and Mrs. Arlen Agnew, Mr. and Mrs. Dick Thackerson, Mr. and Mrs. Buster Hurst and Mr. and Mrs. H. O. Anderson.

Those leaving later today were Chief and Mrs. W. W. Sledge, Mr. and Mrs. Clyde Weathers, Mr. and Mrs. M. B. Osburn and Mr. and Mrs. L. D. Steffy.

CABANESS, AS "DR. I. Q." GUEST OF ROTARIANS

Edward Lee, president, opened today's Rotary meeting and W. W. Fewell, in charge of the day's program, later took over. Mr. Fewell introduced his guest, Haywood Cabaness, as "Dr. I. Q.," and the "doctor" caused much merriment with his usually unanswerable questions.

There was a fair representation of the membership present, with two members of the Ft. Worth Rotary club as visitors—Guy Reid and C. T. Fairchild.

Rotarian Reid, a photographer, made a very generous offer to the club and it was accepted. Reid will photograph each member of the club, individually, and present it in an album and present it to the Cisco club—free of any charge.

Mr. and Mrs. G. W. Sikes of Levelland were visiting in Cisco today, enroute to their home from a trip to Oklahoma, Arkansas and Missouri.

\$4,849 TAXES IN

With only a day and one-half of the tax-paying period of 1941 having expired, City Secretary-Collector Lonnie Shockley reports the collection of 1940 current taxes to be \$2,749.75; plus \$2,000 delinquents, making total collections at noon Thursday \$4,849.75.

The early payers and the amount of their current taxes are as follows:

- West Texas Utilities Co., \$2,500.
- Mrs. Lee Jacobs, \$7.75.
- Earl M. Johnson, \$25.
- Mrs. R. F. Weddington, \$50.25.
- A. Sandhoefer, \$25.
- Ed Huestis, \$95.
- Philip Pettit, \$21.50.
- George T. LaMarr, \$5.25.
- John Baker Prickett, \$24.25.
- American National Insurance Co., \$100.

Secretary Shockley said this total would likely be augmented by other remittances coming in through the mails today.

MORE RAIN IN OFFING AND COOLER

FT. WORTH, Oct. 2.—Heavy rains that drenched much of Texas, including Ft. Worth Wednesday, apparently had subsided Thursday but showers were predicted to continue and much cooler weather was forecast for the Panhandle.

The precipitation neared the five-inch mark in some sections of Texas and brought more moisture to Ft. Worth in six hours than was recorded here during the entire month of September. At the airport weather bureau the rain was measured at 1.41 inches, but the downtown bureau reported 1.80.

Only 1.28 inches fell here during September and in October, 1940, the measurement was only 1.47.

Sections of the Oak Knoll community in Riverside had water standing at a depth of one foot after the downpour there Wednesday afternoon. Except in low spots, however, the water had drained off Thursday morning, residents reported.

Steel workers at the bomber assembly plant, halted Wednesday, still were idle Thursday, but some other work, including ditching and draining, was going on.

The state highway department reported no difficulties for travelers in this area Thursday and even park roads, ordinarily barricaded after heavy rains, were in use.

The rains Wednesday night covered a wide Texas area with spots in practically all sections getting downpours. Mertzon, in Irion county, had 2.04 inches; Abilene had 1.30; Stamford 1.18; Olney 1.25; Austin 2.37; Brownsville 1.15; Kaufman .92; Henrietta 1.54; Seymour 1.29; Weatherford 2.05, and Greenville 2.10.

Other spots reporting rains of one-half inch or more were Wichita Falls, Dallas, Brady, Big Spring, Bridgeport, Brownwood, Ballinger, Dublin, Haskell, Luling, Sherman, Victoria and Waxahachie. Lighter precipitation fell at many other spots.

The cool weather expected in the Panhandle Friday is due to a low pressure area now moving southeastward from Colorado. Maximum temperature here Wednesday was 83 and the low Thursday morning was 67 degrees.

W. C. Welch has returned from an extended visit with relatives in the east.

LEADERS FACE SURE DEATH; REVOLT GROWS

The Red Army, sparked by tanks and armored trains, is reported to be attacking German besiegers of Leningrad.

Meager Berlin and Moscow reports indicated heavy fighting on the fluid Ukraine front.

Sweeping across the Neva river, the Russians routed 15,000 Nazis troops southwest of Leningrad. Berlin, however, said the enemy was turned back after suffering heavy casualties.

On the Ukraine front the Germans reported progress toward the threatened Donets Basin.

Firing squads boosted the total executions in Czechoslovakia to about 200 as Britain and Russia sought to intensify opposition to the Axis in Italy-occupied Europe.

A Greek uprising with machine guns, hand grenades and revolvers in Bulgarian-occupied Macedonia was reported Thursday as German firing squads and public hangings were credited with snuffing out the lives of 300 anti-Nazi conspirators in Hungary, Belgium and old Czechoslovakia.

The Germans asserted that an incipient Czecho revolt in Bohemia-Moldavia was "in hand" as 40 new death sentences were handed down in the Nazi protectorate.

However, two German aviators were reported shot in a dark street in Zagreb, the capital of the old Yugoslav State of Croatia.

A dozen German airmen en route to the airport at Zagreb were fired on when the ty were killed.

Jacksonville Progress: A public man said the word about the new tax bill, "It's not nice, but it's necessary." With a world on fire, taxes for fire engines are like that. We've got to pay to keep the fire out of our street. We might as well make up our minds to it. Does it lower our standard of living? It certainly does—for the duration of the war and for some years into the future. We shall have a few months to get ready for it. Planning a budget in which tax notes figure is one way to ease the pain. But there is no way to disguise the fact that there's going to be pain. What of it? All of us who pay taxes can live on a little less. We don't have to like it, but we have to be reasonably decent about it. And that seems to be that.

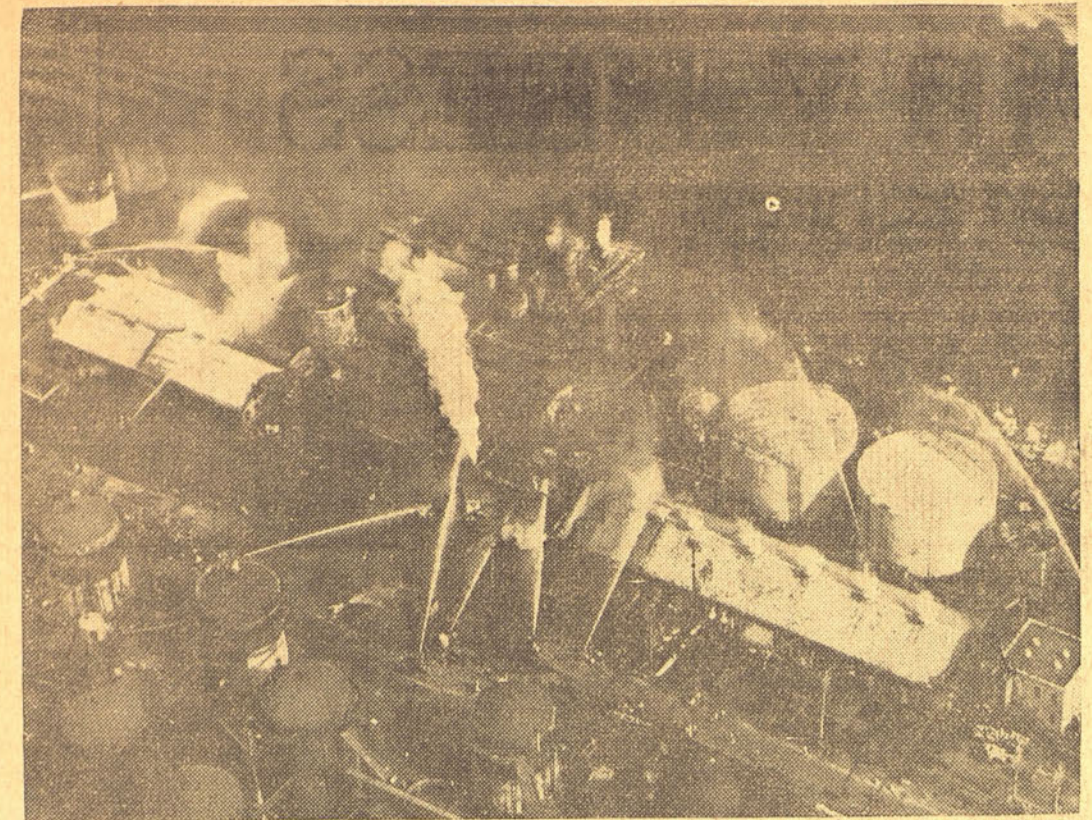

Southard Not Hurt. Vernon Record: Recently the Veterans of Foreign Wars court-martialed Earl Southard, commander of the Illinois branch of the organization, because of his membership in an organization known as Keep America Out of War committee. After threatening to expel Mr. Southard, the national convention voted merely to reprimand him and order him to conduct himself "in a manner of a loyal member of this organization." Mr. Southard refused to accept the reprimand and now threatens to file suit for libel against those who were responsible for what he terms "persecution" of him because he disagreed with the foreign policies of the Roosevelt administration.

DO YOU REMEMBER? (From Files of Daily News, December, 1929.)

The lobby of the Daniels hotel recently was the scene of an unique coincidence—four men whose aggregate age was 334 years, occupying adjoining chairs. The four men were Charley Daniels, 81, owner of the hotel; Edward Byrd, 84, retired oil man; W. H. Kittrell, Sr., 78, and Dr. W. E. Mancill, 91. Quite logically, the "good old times" was the principal subject of conversation. Mr. Daniels, a native of Pennsylvania, has lived in Eastland county 50 years. Mr. Byrd, who is a cousin of Commander Richard Byrd, now on an expedition to the South Pole, and also a cousin of Governor Byrd of Virginia, lives in Cisco for the present. He is a native of Missouri and served four years in the federal army during the Civil war. Dr. Mancill, eldest of the group, is a native of Alabama and served four years in the Confederate army. Mr. Kittrell was the only native Texan of the group. All four are of different religious affiliations, but they enjoy a very harmonious time when they meet as they often do in the same lobby.

Mr. and Mrs. Ollie B. Webb, of New Orleans, arrived in Cisco yesterday in their private railway car en route to El Paso. Mr. Webb is assistant to J. D. Lancaster, president of the T. & P. railroad. While Mr. Webb addressed the

Total cost of the overpass will run in the neighborhood of \$55,000, it was estimated. Preliminary estimates of the cost placed the figure at \$60,000.

NO FREEDOM IN RUSSIA DIES STATES

WASHINGTON, Oct. 2.—President Roosevelt's action in calling attention to the Russian Constitution's guarantee of freedom of religion brought replies that the guarantee meant nothing.

Chairman Martin Dies (Dem.) of Texas of the House committee on un-American activities, sent a letter to the President saying flatly that freedom of religious worship is and always has been nonexistent in the Soviet Union. The Rev. Edmund A. Walsh, S.J., vice-president of Georgetown University, who represented the Holy See at Moscow in 1922 and 1923 in negotiations on religious liberty, issued a statement saying the section of the Russian Constitution in question was nothing but a hollow shell.

Senator Denis Chavez (Dem.) of New Mexico said the question was "not what the Soviet Constitution provides for but what actually happened since the Soviets took over, not only to religion but also to personal freedom."

At Tuesday's press conference Mr. Roosevelt was asked for comment on an announcement that a synagogue for Polish Jews and a church for Polish Catholics, were being established in Moscow. He replied by citing Article 124 of the Soviet Constitution, which, he said, guaranteed free-

PECOS FLOOD WAS WORST IN SIXTY YEARS

ALBUQUERQUE, N. M., Oct. 2.—Floodwaters were on the wane through the deep Southwest last night but in their wake were more than a score of dead or missing and property and livestock losses running into millions. Roswell, in the Pecos Valley, experienced only a slight recession of waters covering much of the city and that flood-weary municipality — inundated twice within a week—did not expect to see all its streets again for another twenty-four hours. Duncan, Ariz., sixty-year-old Mormon community of 800 on the lower Gila River, was re-

habilitating itself block by block after general inundation, Capt. M. E. Curry of the Arizona National Guard reported. A hundred flood-damaged homes were condemned, and sanitation offered the greatest problem there with typhoid serum being administered by a corps of physicians. Captain Curry quoted old-time residents of the Gila Valley as saying it was the worst flood in sixty years. He set Duncan's losses at \$1,000,000. The Gila, its destructive rampage born in the rainswept Mogollon Mountains of New Mexico, receded all along its course, but left behind a welter of drowned livestock, washed from lands and smashed bridges and highways. Two more victims were added to the flood toll. The dead were Ray Lever and his driver, Claude C. Elton. Their truck plunged over an embankment on Highway 70 west of Glencoe after they apparently ignored barriers and warning signs. The United States has 30 per cent of the world's railway mileage.

CONNALLY'S NEW PENSION ACT TO BRING ANOTHER 40,000,000 PERSONS WITHIN ITS BENEFITS

WASHINGTON, Oct. 2.—President Roosevelt's announced intention of seeking legislation to broaden the social security program to bring perhaps another 40,000,000 persons within its benefits and to increase payments to the aged needy, the blind and dependent children, discloses that the latter phase of this program is that proposed by Senator Tom Connolly (Dem.) of Texas in his amendment to the social security act.

Senator Connolly has twice introduced this amendment in the Senate, after it had been given approval of Dr. A. J. Altmeier, chairman of the Social Security Board. The amendment was given extensive hearings in the senate finance committee, of which Connolly is an influential member and was also considered at length by a subcommittee of which Senator Connolly was chairman, appointed to investigate the question of social security.

Senator Connolly pressed the same amendment in the last session of Congress, and in 1939, the bill was passed by the Senate, but was eliminated in conference.

The bill would provide for greater payment by the government to the poorer states in which such benefit payments are most needed. It would provide

for payment of \$2 by the government for each \$1 contributed by the state governments for such purposes.

The present bill has been worked out by the joint efforts of Senator Connolly and the Social Security Board members. The bill does not carry a flat rate to be paid by the Federal Government, but provides a mathematical formula for payments to be made in reverse ratio to the state's per capita income per person. Thus, the state with higher average individual incomes is more able to pay its share of the pension, and the less the Federal Government will contribute, while the poorer the state, the more the Federal Government will contribute. Under the present law, there is considerable discrepancy in the amount paid to the aged in the various states; this bill would tend to bring about a more equal

pay to the old-age pensioner throughout the nation. Heretofore in Texas, monthly old-age pension payments have been a little less than \$14. On that basis, under the Connolly bill, the combined payments would be \$22.50. Under recent enactments of the legislature of Texas, if funds are available, the monthly payments would amount to \$18.50. Under the terms of the Connolly act, with the same state contribution, the monthly payments would amount to \$27.75 to each old-age pensioner. Three thousand or more troops who recently participated in army games in Louisiana will be an attraction at the State Fair of Texas. They will participate in National Defense day, on Sunday, Oct. 13, and will demonstrate all kinds of army equipment on this and other days of the fair. Consumer expenditures in the United States will total 75 billion dollars this year, the department of commerce says. Watch the Want Ads.

REV. HUGH BRADSHAW, FORMER EASTLAND COUNTY BOY, OPENED LA. SYNOD WITH LIVE TOPIC

SHREVEPORT, La., Oct. 2.—Using as his text, "They went forth and preached everywhere," from Mark 16:20, the Rev. Hugh E. Bradshaw, pastor of the Belcher and Dixie churches, preached to the ministers and elders from upward of 100 churches as they had gathered

for the initial meeting of the synod. This service followed an afternoon program on evangelism held in the First Presbyterian church, Shreveport, Tuesday, Sept. 30.

Among other things, the Rev. Mr. Bradshaw said: "The words propaganda and propagandists have in recent years accompanied with international gangsters and cut-throats; and we have learned to avoid the use of the word as we would avoid fellowship with a serpent."

"But originally the word was coined by the church as expressive of missionary zeal of those who had found salvation in a Saviour. It is up to the church

to re-capture and redeem those words.

"The Apostle Paul, before conversion, was a much-hated and despised man. He belonged to the Tribe of Benjamin, whose em-

blem was the ravening wolf. And the path of Paul was strewn with blood of Christian martyrs. He was the personification of the ravening wolf. But after that conversion experience on the road to Damascus, Paul ceased to be destructive in his zeal; and, still the little Wolf Man, albeit a regenerated and redeemed soul, he spent that energy, wolf-like, against the ramparts of heathen religions.

"So must we redeem propaganda and rescue her from her abductors."

Rev. Hugh E. Bradshaw is the son of the late W. E. Bradshaw of Scranton. His mother is now residing in Denton. While attending Daniel Baker college, Brownwood, Hugh decided to answer the call to the gospel ministry.

Accordingly, he placed himself under the care of the session of the First Presbyterian church of Cisco and the Presbytery of Ft. Worth. He is an A.B. graduate of Daniel Baker college.

Entering the Louisville Presbyterian seminary, he was graduated in 1923 from that institution with the B.D. degree. From Louisville Mr. Bradshaw went to Princeton Theological seminary, Princeton, N. J., and after one year of post-graduate work received the Th.M. degree.

Since graduation he has held pastorates in Kentucky and Louisiana. He has served as pastor of the Belcher and Dixie churches in the Presbytery of Red River for the past seven years.

HUMBLE WILL BROADCAST 3 BALL GAMES

Three football games are scheduled to be broadcast by the Humble Oil & Refining company this week-end. The Southwest Conference opener between Texas Christian university and the University of Arkansas tops the list of broadcasts.

Last Saturday TCU showed a sturdy defense and plenty of power in its 6-0 win over a strong Tulsa team, while Arkansas gave warning of its offensive strength with a 56-0 victory over Central Oklahoma State Teachers.

Cy Leland will be at the microphone in Fayetteville, Ark., to handle the play-by-play, and Ves Box will describe the color.

The Humble broadcast begins at 2:20 p. m. and can be heard over KGKO, Ft. Worth; KFDM, Beaumont; KTTA, San Antonio; KXZY, Houston; KRIS, Corpus Christi, and KRGV, Weslaco. These last three stations are scheduled to carry a World Series baseball game on that day, and they will join the Humble broadcast immediately following the World Series game.

The University of Texas Longhorns, fresh from a smashing 34-6 win over Colorado, tackle the Louisiana State Tigers at Austin, in another game to be broadcast by Humble. This broadcast, also starting at 2:20, will have Kern Tips as play-by-play announcer, and Hal Thompson on color. It will be heard over KNOW, Austin; KPRC, Houston; WOAI, San Antonio, and WFAA-WBAP, Dallas-Ft. Worth.

The Humble broadcasts follow Southern Methodist university all the way to New York City to bring back a description of the Mustangs' clash with Fordham's Rams. Dan Riss will be the announcer, and the game will go on the air at 12:50 over KFJZ, Ft. Worth; KABC, San Antonio; KTRM, Temple; WRR, Dallas; KTRH, Houston, and KRLD, Dallas. The first four of these stations listed, scheduled for World Series broadcasts, will join the Humble broadcast immediately at the close of the World Series game.

Without Painful Backache Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

For 1942—a Beautiful New FORD "6" OR "8" IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8. See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines. Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company. Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room. On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort. At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier. In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old. If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before. On Halloween, Drink 'Witch's Brew'

You'll bewitch your guests and warm their hearts if you center your Halloween party around a big bowl of this piping hot fruit punch, made with carbonated beverages for extra zip. To one quart of cider add the juice of six lemons and six oranges. Put in one-half cup of sugar, 12 whole cloves and one stick cinnamon, bring to a boil and let stand 15 minutes. Strain out spices, bring to boil again and add four cups of lemon carbonated beverage or ginger ale (unchilled). Serves 10.

GAS RATE CUT IN DALLAS IS A POSSIBILITY

DALLAS, Oct. 2.—A prediction that the financial position of the Dallas Gas Company will be good enough in 1942 to warrant an automatic reduction in rates was made to City Councilmen Wednesday by Utilities Supervisor Frank R. Schneider.

Schneider did not estimate the amount of the reduction because studies have not been completed, but he said the merger with the County Gas Company enabled the concern to improve its position greatly.

This reduction has no connection with other efforts of the city to obtain a reduction in the gas or wholesale gas rate from the Lone Star Gas Company to its affiliate, the Dallas Gas Company, another move designed to get lower rates. Officials of the Federal Power Commission are making a valuation study of the company preparatory to holding a hearing on the city's petition for assistance.

DALLAS MOVES ON.

DALLAS, Oct. 2.—A special city council conference will be called within a week to consider proposals to sell \$75,500 in park improvement bonds, \$500,000 for schools, \$15,000 for library improvements and sufficient other issues to total \$1,700,000, the full allotment for the new fiscal year, Acting City Manager V. R. Smith-am said Wednesday.

TEXAS FIELD DAY.

AUSTIN, Texas, Oct. 2.—Dripping skies and a forecast for continued showers caused the big tarpaulin to be rolled across Memorial Stadium gridiron Wednesday. The University of Texas Longhorns were doing all in their power to assure a dry field for their clash with Louisiana State's Tigers here Saturday.

The 10,000 head of livestock which will compete for \$100,000 in prize money at the State Fair of Texas have an estimated value of \$1,500,000. The grand champion of the 1940 State Fair's National Hereford show was sold for \$10,100.

Tumbler pigeons, so called because they perform a backward flip, will form one of the numerous displays in the pigeon show at the State Fair of Texas. More than 30 breeds of pigeons have been entered in the show.

ALBANY MAN DEAD.

ALBANY, Oct. 2. — Funeral was held Wednesday afternoon for Dave Thomas Kirby, 67, Albany businessman, who died Tuesday in the Stamford hospital after a long illness. Services were at Rowlett, near Dallas, with burial there. Native of Dallas county, Dave Thomas Kirby was born on Sept. 4, 1874. A machinist by trade, he moved to Taos, N. M., in 1901, operated a shop in California and one in Dallas during the '20s, and moved to Albany in 1929. He had been in the cafe business here for the 12 years of residence. He was a bachelor.

STATE FAIR OF TEXAS WILL OPEN AT DALLAS SATURDAY FOR A RUN OF NINETEEN BUSY DAYS

DALLAS, Oct. 2. — The State Fair of Texas—show window of Texas—will open Saturday. More than 150,000 persons, representing every walk of life and every section of the Lone Star empire, will push through clicking turnstiles to participate in the fifty-third annual premiere of an institution which has become a characteristically Texas as a tangle hat, a booted Ranger, or even the Alamo itself.

Last-minute preparations are in progress on the 190-acre grounds, where \$15,000,000 in physical equipment is being given that final daub of paint—where exhibits and shows and

livestock are being put into place in anticipation of the fair's first surge of humanity. During the sixteen days before the fair closes on October 19, more than 1,250,000 persons will see the amusement and educational features which make the State Fair of Texas the greatest and largest state fair in the world.

Opening day is full of special attractions. A street parade at noon, featuring seventy-five lovely Texas queens, will officially open the fair. That night those queens will compete in a spectacular pageant which will see one crowned as Texas' Queen of Queens by Governor Coke Stevenson. Newspapermen of Texas,

Oklahoma, and Arkansas, accompanied by their wives, will come 1,500 strong to participate in events of Press Day. Hundreds of members of Texas chapters of Future Farmers of America will celebrate their day. Other special days which coincide with opening day are Texas Chamber of Commerce Managers Day, Texas Architects Day, County Auditors Day, Texas Press Women's Association Day.

Highlighting the 1941 State Fair of Texas will be the \$150,000 Livestock Show, in which there will be the National Hereford Show and the National

Aberdeen-Angus Show; a mighty Agricultural Show, presentations daily of the famous musical show, Earl Carroll's Vanities; the Southwest's largest night club, Cafe Esplanade; an independent Midway with fourteen shows; National Defense Day, on Sunday, Oct. 12, when the Southwest's greatest patriotic demonstration is held, and hosts of other attractions.

MARKET STEADY

FT. WORTH, Oct. 2.—A generally steady market prevailed on all classes of cattle and calves at the Ft. Worth stockyards Thursday. Trade was slow on early rounds due to higher asking prices.

Good fat steers and yearlings cashed at \$10 to \$11.25, one load at the latter price. Two loads of steers sold at \$10 and odd head of yearlings at \$12. Common to medium steers and yearlings moved at \$6 to \$9.50.

Good beef cows cashed at \$7 to \$7.75; medium beef cows at \$6.25 to \$7, and canners and cutters at \$3.75 to \$6.25. Bulls bulked at \$6 to \$7.50.

Good fat calves ranged at \$9 to \$10, a few choice calves higher. Plain and medium butcher calves brought \$7 to \$8.75, culls \$6 to \$6.75.

Choice stocker steer calves sold from \$12 down, similar heifers from \$11 down. Common to medium stocker calves cleared at \$6.50 to \$9. Other stockers were scarce.

Hogs were steady to 5 cents higher than Wednesday's average, with best butchers topping at \$11-25. Good and choice 180 to 280-pound butchers moved at \$11.10 to \$11.25, while good and choice 150 to 175-pound averages brought \$10.25 to \$11. Packing sows were mostly 25 cents higher, selling at \$9.75 to \$10. Pigs remained steady at \$10 down.

In the sheep yards fat yearlings were strong to 15 cents higher, and feeder lambs were strong. Other classes of sheep and lambs were scarce and fully steady. Sales included medium to good yearlings at \$8 to \$9.65; a few aged wethers at \$6, and feeder lambs from \$9 down.

University Land Set for Nov. 14

AUSTIN, Oct. 2.—Sale of mineral leases on 80 or more quarter sections of University of Texas lands in West Texas will be held in Austin Nov. 14, the board for leasing lands announced Thursday.

The 80 quarters were definitely listed. They are in Andrews, Crane, Crockett, Ector, Pecos, Reagan and Ward counties. In addition, the board announced it would hold open its advertisement for bids on the land until Oct. 9, in the event some potential purchaser wants some other university-owned area put up for sale.

The lease sales, in conformity with the practice established some years ago, will be at public auction to the highest cash bidder, with a fixed royalty of one-eighth and 50 cents per acre rental for the five-year terms of the leases.

Former Gulf Head At Wichita Dies

Straus had engaged in the oil business as an independent operator from 1918 until his retirement five years ago. He came here in 1912.

Surviving are his widow, a daughter and a son.

Texas Farmers Due Biggest Money Crop

AUSTIN, Oct. 2.—More cash will jingle in the pockets of Texas farmers this year than in any year since prosperous 1929.

This is the prediction of Univer-

sity of Texas statisticians who foresee a 1941 farm income of \$700,000,000 to \$800,000,000, based on a \$40,000,000 gain to Sept. 1 of this year over last year.

DELINQUENT TAX SUIT.

The State of Texas County of Eastland.

To Ethel May Kinsey, a single person, and Leroy Foster, Defendants, and all other proper persons, including all record lien holders, owning or claiming, or both, any interest in the land or lots herein-after described, same being delinquent for taxes to Cisco Independent School District and the City of Cisco, Texas, the County of Eastland and State of Texas, Plaintiffs; taxing units in said State herein impleaded by plaintiffs (and taxing units heretofore having intervened in this suit).

And You Are Hereby Commanded to be and appear before the Honorable 88th District Court of Eastland County, Texas, at the next regular term thereof, to be held at the Courthouse of said County, in the city of Eastland, Texas, on the 1st Monday in November, A. D., 1941, the same being the 3rd day of November, A. D., 1941, to plead and answer plaintiff's petition, (together with pleas of intervention and claims of impleaded parties defendant) filed in said Court in a certain

suit No. 11,702M, and then and there to show cause why judgment should not be rendered against you, and said land and lots sold under foreclosure of lien to satisfy the following taxes being delinquent on the said property, to-wit:

Cisco Independent School District, 1929 to 1940, inc., \$767.18.

The following lots in the City of Cisco, Texas:

First Tract: Beginning in the west boundary line of block 33, 48 ft. in southerly direction from N. W. corner of said block, for the N. W. corner of this tract; thence in an easterly direction and parallel to the N. boundary line of said block 33, 80 ft. to a point for corner; thence at right angles in a southerly direction 67 ft. to the alley; thence at right angles in a westerly direction and parallel to the N. boundary line of said block, 30 feet to point for corner; thence at right angles in a northerly direction, 27 ft. to point for corner; thence at right angles in a westerly direction, 50 ft. to point for corner; thence at right angles in a northerly direction along the W. boundary line of said block, 40 feet to place of beginning.

Second Tract: All of lot 3 and the E. 20 ft. of Lot 4 in Block 33.

Third Tract: The S. half of subdivision, or big Lot 4, Block 115 aggregating Seven Hundred Sixty-Seven and 18-100 — \$767.18— Dollars, together with all interest, penalties and costs allowed by law.

Given under my hand and seal of said Court, at office in Eastland, Texas, in the County of Eastland, this 30th day of September, A. D., 1941.

JNO. F. WHITE, Clerk, District Court, Eastland County, Texas.
