#### STONE & McMURRAY EAKIN NO. 2 BROUGHT IN SUNDAY IS THE BEST PRODUCER IN SENSATIONAL FIELD

According to schedule, the Stone & McMurray No. 2 well on the Eakin tract at Pioneer was drilled in Sunday, and it proved to be by far the best well yet brought in in the field. Actual gauge measurements show that the well starts in with an initial flow of 1200 barrels per day. The Stone & McMurray Eakin No. 2 is on the southern edge of the Eakin tract, on which they brought in their No. 1 several months ago. The Eakin No. 1 prior to the bringing in of the No. 2 well yesterday, was the best producer in the Pioneer section. It came in for 700 barrels, was later increased to 900, and Saturday made a run of 465 barrels.

Miller & Malloy of Cisco have leased 260 acres one-half mile southeast of the Rebecca White lease, and will drill. DRURY WELL AT 2800 FEET. Repairs on the rig and on the boiler are being made today on the Luse well of the Drury Petroleum Corporation, at the southern edge of Cisco, and it is thought that drilling will be resumed at 2800 feet by Tuesday morning.

#### SUIT AGAINST STATE IS FILED AT EASTLAND

EASTLAND, April 24.—A suit against Ed Hall, state insurance and banking commissioner, which if successful will result in Eastland county collecting almost a half million dollars from the state guaranty fund, is pending in the 88th district court. Some time ago the school board of the county instituted suit for \$73,000, the amount of school funds on deposit in the Security State Bank when it failed. The signers of the depository bond were named as defendants. A few days ago the trustees filed another suit for the same amount against Banking Commissioner Hall seeking to collect from the guaranty fund in the event the bond is non-collectible. Judge E. H. Hill Saturday ordered continuance in the first case until next month in order to allow attorneys for the plaintiffs to effect a consolidation of the suits. It will then devolve upon the courts to determine whether the bondsmen or the guaranty fund is responsible. Should it be held that the guaranty fund must pay the \$73,000 then it is likely it would have to pay about \$400,000 additional county funds that were in the Security Bank.

AMERICA AND WORLD CHAOS. In the reaction which has developed at the international conference at Genoa there is little that is complimentary to those who have kept the United States out of the world affairs.

When the United States refused to lend its great moral and material influence toward the solution of world war problems, it set an unsavory example for nations like Germany and Russia.

# DETAILS OF THE FINAL COUNT

In order to maintain the utmost secrecy as to the number of subscriptions turned in by each candidate this, the last week of the News' Big Auto Campaign, the race will be brought to a close under sealed Ballot Box. After tomorrow's issue, the standing will not be published.

No subscriptions whatever will be accepted through the campaign department hereafter, but instead, candidates themselves will deposit their final collections in the sealed box—located at the Guaranty State Bank and Trust Co., of this city. By so doing no one, not even the campaign manager, or the publisher can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed, the ballot box has been placed in the Guaranty State Bank and Trust Company, where it will remain until the closing hour of the campaign—10 o'clock Saturday night, April 29th.

When the final hour arrives, the campaign will be declared closed. The judges will break the seals, unlock the box and immediately thereafter, or as soon as votes can be issued on subscriptions contained therein, the last count will begin. The winners will be determined by merely adding the published vote totals, which appear for the last time in today's paper, to reserve votes and those contained in the ballot box. There will be no waiting; no complicated count, but simply a matter of adding the vote totals and announcing the winners.

It is calculated that it will require some time, however, to canvass the findings in the box and to determine the winners. The official results will be published, if at all possible, in the Sunday Morning News.

Read This Page Carefully.

## Out-of-Town Candidates, Attention!

Heretofore out-of-town candidates have had the privilege of mailing their letters containing subscriptions from their home town as late as the closing hour of the various "periods." This will not be permitted the last night of the contest. ALL VOTES AND SUBSCRIPTIONS MUST BE IN THE SEALED BALLOT BOX WHEN THE RACE IS CLOSED AT TEN O'CLOCK SHARP.

Out-of-town candidates should, where it is possible to do so, arrange to deposit their envelopes in person at the bank, but where this cannot be done, letters containing final remittances should be addressed to "Campaign Department," News, Cisco, Texas, and plainly marked: "For sealed ballot box; Not to be opened." Particular care should be taken to post such letters in good time to reach this office before the final hour, and it is advisable that same should be under special delivery stamp.

All subscriptions deposited in the sealed box must be accompanied by cash, money order or certified check for full amount to cover. Personal checks positively will not be accepted. This rule is made in fairness to all candidates and will be strictly adhered to.

## ONLY FIVE DAYS LEFT!

### RACE IS ON HOME STRETCH IN THE NEWS' ELECTION FOR CARS

(Concluded from page one)

forces and marshaling their aids as would a general on the eve of a great battle, preparing with feverish haste to make their final stand for victory before 10 o'clock Saturday night—the last night—while all are waiting, watching, wondering—and hustling for their favorites.

Leading candidates are seething with the hustle of preparation for the final dash and with one accord are fighting valiantly and determinedly to reach the goal where the big automobiles wait.

Eight weeks of hard work and anxiety culminate in the closing scene at 10 o'clock Saturday night, at which time the big automobile campaign comes to an official close and the most successful candidates will claim the magnificent prizes—headed by two big automobiles.

#### TO THE CANDIDATES.

The end of the contest is but a few days away. If you can trust your own judgment as to your competitor's strength based on facts and observations and lay your plans accordingly there is yet time to stem the tide and turn it into a sweeping victory.

Are you going to be one to finish triumphantly with an overwhelming number of votes, or are you going to be content with what you now have and see the efforts of these many weeks go to waste and the rewards of the campaign wrested from your grasp by more enterprising competitors? It is up to you now—will you come out on top or will you let your rivals beat you to the big prize?

Don't try to figure out just how many votes it will take to win for you will very likely fail to get enough. Don't be afraid of having too many votes, for you CANT HAVE TOO MANY. It would be better to win by a million votes or or so too many than to get left by a few thousand.

#### OVERCONFIDENCE IS FATAL.

Overconfidence has lost many battles. Relaxation at this stage of the campaign is suicidal to success. Determination to win, coupled with relentless activity in vote getting, will make any candidate a winner. What is intended to be done must be done now. To temporize is to let some other competitor sweep ahead and claim the prize that would have been yours.

#### NOW FOR REAL SPEED.

Now is the time to double up your fist, grit your teeth, roll up your sleeves and GO TO IT with all the energy you have at your command.

Remember that the long term subscriptions are the most valuable. Get the six-year subscriptions—every one of them you secure THIS week counts you 360,000 votes. Also bear in mind that every \$15 "club" of subscriptions turned in entitles you to 100,000 EXTRA FREE VOTES.

Your work this last week of the campaign can make you the winner of the big prize—you can get the winning votes these last few days.

### Birthday Party.

Last Thursday afternoon from three to five o'clock Mrs. R. Q. Bills entertained a number of little tots in honor of the fifth birthday of her daughter, little Miss Dixie. The rooms were charmingly decorated with ferns and cut flowers, the pink and white colors predominating. The little guests played games and romped on the lawn until five o'clock, when they gathered around the beautifully appointed table, with the large white cake with pink decorations and candles resting on a bed of ferns. By request of the little hostess, Mrs. Gid Roberts cut the cake and served the children with ice cream cones. The favors were candy dolls for the girls and candy pipes for the boys. Many beautiful gifts were received, and the children wished the hostess many returns of the day. Those present were Howard Kemper, Katherine Collins, J. W. Wilson, Bettie Fee and Charles Spears, Van Roberts, Pauline McClinton, Frances Turner, Mary Beth Holmes, Fern Warren, Mary Elizabeth Tompkins, Elmer and Nadine Mayhew, Laverne Purvis, and Callie Lee Ward.

Making a New Maple Cake

KNOWING how well Mrs. Tucker's Shortening works with all cake-making, I am always glad to have a new kind of cake suggested, and this occurred the other day. It was a maple-cake—rather a new-comer to the south.

The cake: One-fourth cup Mrs. Tucker's Shortening, one cup sugar, two eggs, two cups flour, one teaspoon vanilla, three of baking powder, one-half of salt, one cup milk. The filling: One cup maple syrup, whites two eggs.

Beat syrup until it thickens, then beat it in, add beaten whites of eggs until smooth paste. Then spread-between layers and on sides.

Maple is a flavor that is delightful and wholesome, and I would like to see this cake flourish.

Yours Truly  
Mrs. Tucker
