FOUR PAGES TODAY

ROTARIANS TELL OF WORLD WIDE SERVICE WHICH ROTARY RENDERS

Thursday of last week marked the seventeenth birthday of Rotary in America. While the membership of Rotary is necessarily limited its service knows no bounds. Since the formation of the first club in Chicago Rotary has spread to the uttermost parts of the earth serving mankind in every clime. In connection with the observance of Rotary by the local club, President F. W. Campbell on this week assigned to each Rotarian the preparation of a short article on Rotary in the various countries where Rotary functions. The Daily News is publishing these articles in two installments, one today and the other tomorrow.

ROTARY IN THE ARGENTINE REPUBLIC

(By Rotarian Joe Goebler.) The Argentine Republic is one of the most progressive states of South America and is second in size to Brazil. Lying as it does between latitude 22 degrees and 55 degrees, almost entirely in the south temperate zone, its climate and products resemble those of the United States more than does those of any other country on that continent. The republic has an area of 1,135,840 square miles, about one-third the size of the U. S., has an indented seaboard on the east and south 2000 miles in length and is touched on the east, north and west by Paraguay, Bolivia, Brazil, Uruguay and Chile.

ROTARY IN WALES

(By Rotarian Alex Spears.) With Apologies to Encyclopedia Britannica. Wales is a principality occupying the extreme middle west of the southern part of the island of Great Britain, bounded on the east by the English counties of Cheshire, Shropshire, Herefordshire and Monmouthshire, south by the Bristol Channel, west by St. Georges Channel and north by the Irish sea. Its area is 7487 square miles. Its total circuit is 540 miles of which 390 miles are coast line. It is a mountainous country, population last census 2,150,712, chief mineral product coal, chief industry stock raising, has four Rotary clubs and was seventh country in the world in point of Rotary organization.

Wales is a principality occupying the extreme middle west of the southern part of the island of Great Britain, bounded on the east by the English counties of Cheshire, Shropshire, Herefordshire and Monmouthshire, south by the Bristol Channel, west by St. Georges Channel and north by the Irish sea. Its area is 7487 square miles. Its total circuit is 540 miles of which 390 miles are coast line. It is a mountainous country, population last census 2,150,712, chief mineral product coal, chief industry stock raising, has four Rotary clubs and was seventh country in the world in point of Rotary organization.

ROTARY IN SOUTH AMERICA

(By Rotarian Frank Harrell.) South America is young in Rotary, there being only two affiliated clubs, Montevideo, Uruguay and Buenos Aires, Argentina, with two clubs organized but not affiliated, Lima, Peru and Rio de Janeiro, Brazil. Argentina, Brazil, Bolivia, Chile and Peru have been approved for the extension of Rotary, and Herbert P. Coates of Uruguay, who is called the Father of Rotary in South America, is superintending the organization of Rotary clubs in that country.

ROTARY IN AUSTRALIA

(By Rotarian Emil Gunther.) About May first, 1921, James Davidson of Calgary, Canada and Colonel Layton Ralston arrived in Australia. In less than three weeks they had organized two Rotary clubs, one in Sydney and one in Melbourne. Sydney is the capital and chief seaport of the state of New South Wales and has a population of 660,000. Melbourne is the capital of the state of Victoria and has a population of 800,000. Both cities are noted for their large numerous wholesale houses, their beautiful public buildings and their wonderful botanical gardens.

They recently entertained public school pupils at the seashore and are establishing playgrounds in all manufacturing districts.

Sydney has taken special interest in municipal reforms, is giving assistance to children of soldiers killed in the world war, has established boys clubs in connection with a kindergarten union. They also have a committee on "Motherhood Endowment and Christmas Cheer."

With several other large cities in Australia it is probable that there will be at least ten clubs in that country within the next year.

ROTARY IN SPAIN

(By Rotarian Minter Womack.) Among the many countries that are being invaded by the work and spirit of Rotary is Spain. At present there is only one club in this country. Rotary was established in Spain and is growing due to the time and successful efforts of Rotarians A. L. Cuesta and Chesley Perry both of U. S. A. The history of Spain dates from 1100 B. C. and its people are illiterate to the extent of 70 per cent of its population. The Spaniards are imaginative, ardent and impulsive on one hand and grave, thoughtful and tenacious on the other. There is a wonderful opportunity for Rotary in Spain and we are all confident that the leaders imbued with the unselfish spirit of Rotary will within a short time effect a marvelous work throughout the country.

ROTARY IN WALES

(By Rotarian Alex Spears.) With Apologies to Encyclopedia Britannica. Wales is a principality occupying the extreme middle west of the southern part of the island of Great Britain, bounded on the east by the English counties of Cheshire, Shropshire, Herefordshire and Monmouthshire, south by the Bristol Channel, west by St. Georges Channel and north by the Irish sea. Its area is 7487 square miles. Its total circuit is 540 miles of which 390 miles are coast line. It is a mountainous country, population last census 2,150,712, chief mineral product coal, chief industry stock raising, has four Rotary clubs and was seventh country in the world in point of Rotary organization.

ROTARY IN SOUTH AMERICA

(By Rotarian Frank Harrell.) South America is young in Rotary, there being only two affiliated clubs, Montevideo, Uruguay and Buenos Aires, Argentina, with two clubs organized but not affiliated, Lima, Peru and Rio de Janeiro, Brazil. Argentina, Brazil, Bolivia, Chile and Peru have been approved for the extension of Rotary, and Herbert P. Coates of Uruguay, who is called the Father of Rotary in South America, is superintending the organization of Rotary clubs in that country.

ROTARY IN AUSTRALIA

(By Rotarian Emil Gunther.) About May first, 1921, James Davidson of Calgary, Canada and Colonel Layton Ralston arrived in Australia. In less than three weeks they had organized two Rotary clubs, one in Sydney and one in Melbourne. Sydney is the capital and chief seaport of the state of New South Wales and has a population of 660,000. Melbourne is the capital of the state of Victoria and has a population of 800,000. Both cities are noted for their large numerous wholesale houses, their beautiful public buildings and their wonderful botanical gardens.

Charity Applicants in El Paso to Leave Their Thumb Prints

EL PASO, Feb. 27. — John Smith (X) his mark. This may be permissible on marriage licenses, but it isn't with county pensioners and other Associated Charity patients in El Paso. Mrs. C. B. Hooper, assistant secretary, carries a little stamp pad with her, which is supplied with indelible ink.

"Sign on the dotted line," says Mrs. Hooper to the applicant and she presses his right thumb on the pad, then on the dotted line. After this is done she has him endorse a check to her in the same manner and pays his cash. The thumb prints are the county's records and are kept on file in the county court house. Mrs. Hooper has been using this system for seven years and finds it infallible, she says.

TEXAS SYSTEM MONEY SPENT ON PRISONS IN

HUNTSVILLE, Feb. 27.—Of interest at this time, when the penitentiary system of Texas is in need of money for maintenance and support and efforts are being made by Governor Pat M. Neff to obtain the necessary funds without calling a special session of the legislature, is a statement of the board of prison commissioners, showing the amount of money expended in the support and maintenance of the system since 1915.

From 1915 to 1920, inclusive, a period of six years, \$66,566,201.06 was expended for the maintenance and operating expenses of the prison system, at an average of \$1,111,033.84 per year, according to J. A. Herring, chairman of the board of prison commissioners. In 1921, there was expended \$999,248.53 for the same purpose, being \$111,054.98 less than any of the previous years, Mr. Herring said.

The total sum disbursed for maintenance from 1915 to 1921, inclusive, was \$7,565,598.60 and in the same period \$3,611,532.35 was expended for lands, livestock, notes and interest on indebtedness incurred prior to 1915, making a total expenditure for all purposes of \$10,827,132.55.

The Texas state penitentiary was established in June of 1849 under Governor Bell's administration. Early in that year ten acres was bought by the state at Huntsville, a wooden building and corral erected as a nucleus to what in all probability is the largest penitentiary system in the United States, according to Mr. Herring.

Fayette county is given credit for the first commitment. In July, 1849, a white man was received for a term of three years for cattle theft. The same man was pardoned in September of 1850 and as far as the records show this pardon was the first ever issued to a convict in the state of Texas. Only three men were received during the first year.

ISSUE MARKET BULLETIN BY RADIOPHONE

Secretary G. C. Richardson of the local chamber of commerce has been notified by Charles Baughman, commissioner of the state department of warehouse and markets, that this department in co-operation with the state department of agriculture, the federal department of agriculture, is planning to issue a wireless telephone market service from the University of Texas radio station every day, and that this news will be disseminated every day to the various chambers of commerce organizations in the state. It will be necessary for the local chamber of commerce to install a receiving set which it is understood is not at all expensive.

Mr. Richardson is awaiting further instructions before any plans are made for installing the receiving set in the chamber of commerce quarters. In connection with the announcement from Austin the following statement is issued:

Plans to install agricultural market news for Texas daily by radiophone, were completed Monday after a three-day conference between officials of the State Department of Agriculture, State Department of Markets and Warehouses, the University of Texas, and the Federal Bureau of Markets and Crop Estimates, Washington.

The necessity for a general diffusion of reliable information fresh from the loom is evidenced by a growing public desire from all trades and professions, manifested in the great number of contestant inquiries and requests received daily by state officials for information.

Since radio news broadcasting has been demonstrated as efficient, economic and instantaneous, it has been decided to put on the service in a moderate practical way and to expedite matters and facilitate the handling of the news reports, the service will be known as the "Texas Radio Market News Service."

The plan being to obtain daily market reports from the central markets of the country through the Kansas City office of the United States Bureau of Markets and Crop Estimates and from other sections of the country through other agencies. The data will be collected by the State Department of Agriculture, compiled by the State Markets and Warehouses Department and disseminated by the University of Texas. The news will be broadcasted through the University high power radio station each day to the various radio receiving stations throughout the state promptly at a given time, which time will be announced later.

It is thought that this service will be of greatest value to farmers, farmers' organizations, distributors of farm products and commercial organizations, but any individual, association or organization may also receive it free of cost by installing a simple radio receiving apparatus which can be had at a very small cost.

Poncho Villa Has New Title — That of "The Rainmaker"

JUAREZ, Chihuahua, Feb. 27.—Enter in the pages of history Poncho Villa, the "rainmaker." This is one of the newest titles of Durango's Robin Hood.

The municipal building of Juarez was the center of a small shower area one morning recently. An inquiring reporter remarked that it was unusual that a sprinkle should be confined to such a small area.

"Oh, that little shower was given us by Poncho Villa," said a police official. "If you will examine the water tank in the corral adjoining the municipal building you will notice a bullet hole near the top. This was made by one of the shots Don Pancho fired when he was last besieging Juarez."

"Every now and then the water level in the tank reaches the level of the hole and then we have a shower spouting forth therefrom."

MARKET NEWS TO BE SECURED BY WIRELESS

AUSTIN, Feb. 27.—Co-operation between chambers of commerce in Texas towns and cities and the state department of markets and warehouse in the spreading of market news to farmers of the state by wireless telephone, or radiophone, is expected by officials of the department here.

With the announcement that plans to install agricultural market news for Texas daily by radiophone had been completed at a conference between officials of the state department of agriculture, markets and warehouse department, University of Texas and Federal Bureau of Crop Estimates and Markets, plans for the co-operation of the chambers of commerce were revealed. Negotiations are said to be under way with the Texas chamber of commerce at Dallas to enlist the aid of members of that organization.

Under the proposal of the marketing officials, the crop and market reports would be sent by radiophone to the different chambers of commerce, which would in turn telephone them to the farmers or have the reports available for the farmers upon call. Thus, it is expected, the service could be made far-reaching and farmers not prepared to receive the reports direct could obtain them with practically no delay.

The plan, as proposed at the conference, is to obtain daily market reports from the central markets of the country through the Kansas City office of the United States Bureau of Markets and Crop Estimates and from other sections of the country through other agencies. The data will be collected by the department of agriculture, compiled by the state markets and warehouse department and disseminated by the radio station at the University of Texas.

INDEPENDENT MATTRESS CO. TO SPREAD OUT

The Independent Mattress company of Cisco which is owned by J. A. Cameron has purchased the Direct Bedding and Mattress Company's plant, equipment and stocks at Olden and is combining this plant with the Independent factory on Eighth street.

Mr. Cameron has been doing a retail business in this section, making three grades of mattresses, his leader being the "Slumber On" mattress. He is converting his business into a strictly wholesale business and plans to extend his operations over a much larger area. Mr. Cameron has been in this business for the greater part of his life, having formerly been connected with one of the largest factories in the state. He has been in Cisco for the last six years and in that time has built up a considerable demand in this immediate section for his product. The added equipment which he is installing in his factory will make it possible for him to produce 75 mattresses a day.

WANTED: CANDIDATES WHO KNOW HOW TO "CARRY ON"

Cisco and this entire section today is all agog over the Daily News' "Everybody Wins" free gift distribution! Everyone is talking. And but few are doing. It is not talk that the News wants. It is candidates. And candidates are slow in getting in.

It is really puzzling to the management. Why are so few contestants taking advantage of this great gift giving campaign. Over \$6,000 in automobiles and cash prizes is offered. Winners will get more for their efforts in the next few weeks than the average family man makes or saves in a year. Yes, considerably more.

Active candidates are wanted—candidates who are real candidates, who will get in and "carry on"—candidates who are big enough that every little flurry will not scare them. Fighters are wanted.

What difference does it make to you, a candidate, what John Jones is doing? You don't win that way. It is what you do yourself that wins for you. Winning is positive, not negative. It is the subscriptions that you turn in that will pile up your vote total.

It takes headwork as well as footwork. It takes foresight as well as hindsight. It takes a "DO" spirit.

All Hate a Coward
If you are in, go get 'em. If you have been considering going after the big prizes, go after them. Everyone hates a coward. And how about a quitter?

Remember that votes are what win. Promises won't get you there. Noise won't win for you. Just votes. One subscription in this big vote period gives you 18,000 votes. Ten subscriptions give you 680,000 votes. Subscriptions will win for you. Only in this first period can you get the biggest votes.

Publish Names Soon
Names of the few candidates that are enrolled will be published soon. There should be at least as many active candidates as there are prizes before the list is published.

But no matter whether there are five candidates or 500, the gifts will absolutely be awarded. That is certain.

You win if you stick. You can't lose. "Everybody Wins" is the slogan. There is no such word as "can't." You "can," but you must will it so.

That's the how of this campaign. There never was and never will be such an opportunity offered you. Think. Realize what this means to you.

Without spending one cent you can win as high as \$1,205.00 in the next few weeks. You can do it in your spare time. You cannot lose.

Means Real Coin
Have you ever been offered a better business proposition? Have you ever cashed your spare time for more real money?

Each and every prize will be given away, absolutely free, to the persons who make the effort to get them and if your name is sent in immediately and included in the list of candidates YOU can win a prize of your choice. But you must ACT NOW. The campaign is an extremely short one and will be "all out and over" in a few short weeks.

How to Enter
To enter your name and share in this big distribution of awards, simply fill out the nomination blank appearing in this paper and send or bring it to the election headquarters of the News office AT ONCE.

You Can Get Votes Easily
Your friends will save all their coupons for you that appear in the Daily News every day and the Round-Up every week, and they will also be glad to pay up their subscription or subscribe for you. Votes pile up mighty fast when you once let your friends know that you have become a candidate in the gift election. You'll get them everywhere by just using a few moments of your spare time.

Valuable Rewards
Think of the value of good hard cash represented in the mammoth list of gifts to be given away absolutely free—remember, too, that these costly prizes are to be distributed simply in exchange for votes.

Two big, beautiful, high powered cars, \$500 in gold and hundreds of dollars in cash awards is certainly substantial pay for old moments of your spare time in gathering votes.

Will you be one of the winners? It's all up to you. The first thing to do is to rush your nomination coupon to the News office at once. That starts you with 5,000 free votes—puts you right in line for one of the biggest prizes.

Will You Get Your Share?
If you wish your share in this gigantic gift distribution, you should see to it that your nomination is in without further delay.

Election headquarters next door to the News office are open from 8 a. m. to 9 p. m. each day to receive nominations and to answer inquiries. Be sure that your nomination is in today, without fail.

COST OF STATE WARDS IS GIVEN

AUSTIN, Feb. 27.—The average cost per capita for maintenance of the eleemosynary institution of Texas for the month of January was \$23.25 and \$22.25 for the last five months, including January, according to figures compiled by the state board of control. The total expenses of all wards for January was \$237,557. Total number of inmates enrolled was 11,483, with 10,218 present; number of employees 1,503, amount of pay roll \$80,850, average salary \$53.97, average inmates to employ 6.80, amount expended for construction \$11,523, number of employees boarding at institutions 1,393.

The average number of inmates present in January, the number of employees of each institution, total expenses of each institution and cost per capita for January follow:
Confederate Home: Attendance 366, employees 76, expenses \$10,031, cost per capita \$27.49.
Confederate Woman's Home: Attendance 74, employees 23, expenses \$3,809, cost per capita \$51.48.
Blind School: Attendance 223, employees 81, expenses \$10,527, cost per capita \$47.21.
Deaf and Dumb School: Attendance 477, employees 128, expenses \$18,602, cost per capita \$29.
Deaf, Dumb and Blind School for Negro Youths: Attendance 164, employees 48, expenses \$5,181, cost per capita \$31.60.
Orphans Home: Attendance 497, employees 48, expenses \$15,645, cost per capita \$31.48.
Girls' Training School: Attendance 67, employees 27, expenses \$5,866, cost per capita \$87.55.
Juvenile Training School: Attendance 882, employees 51, expenses \$19,626, cost per capita \$22.25.
Feeble Minded Colony: Attendance 221, employees 31, expenses \$4,831, cost per capita \$21.86.
East Texas hospital for Insane: Attendance 641, employees 125, expenses \$16,902, cost per capita \$26.37.
North Texas Hospital for Insane: Attendance: 1,917, employees 212, expenses \$30,567, cost per capita \$15.95.
Southwestern Insane Asylum: Attendance 2,008, employees 220, expenses \$28,594, cost per capita \$14.25.
State Lunatic Asylum: Attendance 1,746, employees 201, expenses \$25,210, cost per capita \$14.44.
State Epileptic Colony: Attendance 556, employees 84, expenses \$21,226, cost per capita \$38.
American Legion Memorial Sanatorium: Attendance 62, employees 28, expenses \$5,961, cost per capita \$96.15.
Tuberculosis Sanatorium: Attendance 317, employees 119, expenses \$15,071, cost per capita \$47.54.
Amount expended for construction during January was \$111,523, of which \$74,036 was expended on the American Legion Memorial Sanatorium, \$3,000 at the Negro Deaf, Dumb and Blind Institute, \$5,806 at Orphans' Home, \$7,654 at North Texas Hospital for insane, \$18,526 at State Lunatic Asylum, \$2,500 at State Epileptic Colony.

WACO MAN SHOT; NEGROES HELD

WACO, Feb. 27.—Wesley Crippin, 35 years old was shot twice in "Sandtown" here last night. He is a local sanitarium in a very serious condition. A negro man and his wife are in jail charged with the shooting. The negro man has a long gash in his back, apparently made with a knife.

JUDGE IS COMMENDED FOR HIS ACTION IN REFUSING TO ALLOW GRAND JURY TO MAKE INDICTMENTS IN BANK CASE

OKMULGEE, Feb. 27.—Interest in the situation growing out of the recent dismissal of the grand jury which was investigating the affairs of the defunct Bank of Commerce here by Superior Court Judge Christopher, took a sudden spurt today with the making public of a letter from Governor Robertson which was sent yesterday to Judge Christopher.

In this letter the governor refuses to accept the resignation of Judge Christopher who is thought to be in Chicago. In the letter the governor upheld the action of Judge Christopher in dismissing the jury before any indictments were returned saying that if the grand jury had been allowed to render a report it would have hindered the speedy settlement of the bank's affairs.

SOVIETS TO BE AGREEABLE IF LOAN IS MADE

MOSCOW, Feb. 27.—The Soviet delegation to Genoa will carry instructions to grant all concessions demanded, provided a big reconstruction loan can be obtained. If this loan cannot be arranged for, then, from a Russian point of view the conference has only moral value of recognition from the present government.

TO LIFT MARTIAL LAW

AUSTIN, Feb. 27.—The governor said today that he would issue a proclamation at 6 o'clock this afternoon lifting the martial law at Mexico on March 6, at 6 a. m.

ARE YOU ASLEEP?

DO YOU KNOW that the Cisco Daily News and the Weekly Round-Up will in a few short weeks give away absolutely Free the handsomest and most costly collection of prizes ever offered in Northern Texas—to be given away without a cent of cost, simply as a reward for ambition and a little pleasant, easy effort?

DO YOU REALIZE that the Grand Capital Prizes in this election—two brand new 5-passenger touring cars worth \$1295.00, respectively, each, represent more than the average head of a family earns in a year's time or more than many people save in a lifetime.

COULD YOU use a Purse of \$500.00 in gold, or one of those \$200.00 bags? Or wouldn't a little pin money, 20 per cent commission on every dollar you collect, if you fail to win one of the big prizes, come in handy?

CAN YOU IMAGINE an easier, quicker or more pleasant way to secure a nucleus for a home, a vacation trip or a start in business, than through the offer this paper is making?

THERE'S NO DENYING the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired through your spare time and efforts without one penny of cost.

DO YOU WANT one of the Automobiles or a big bag of gold at the expense of the News, or would you prefer it to be in cash—greenbacks, good old coin-of-the-realm?

DO YOU WANT one of these Grand Prizes? Well, you can have any prize in the list if you will but grasp the opportunity and take immediate action—and you can do it in just a few days of your spare time.

THE DAILY NEWS and THE WEEKLY ROUND-UP are being read by hundreds of people in Cisco and the surrounding territory, but there is no such thing as "good enough;" continual growth and expansion are wanted. To make this growth possible, the participation of live energetic men and women — Married or single — is necessary. And in order to obtain the desired interest in this campaign, the most elaborate list of prizes ever offered by any newspaper in this section of the state has been made ready for distribution among those who participate most heartily.

HERE IS AN OPPORTUNITY, surely, for the man or woman who looks at a thing from a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. There is over \$1,000.00 a month in it for two persons—and additional added income for all others. Does that interest you? How's that for a business proposition during SPARE moments? One hour a day is sufficient time to win the biggest prize offered.

Campaign Just Starting

The competition which is just starting, is now open to any reputable man, woman or child in Cisco and vicinity. All that is necessary to enter the race is to clip the free nomination coupon appearing in this paper, fill in your name and address to the Campaign Department of The Daily News, Cisco, Texas. This coupon entitles you to 5,000 FREE VOTES and gives you a quick, flying start toward success.

UPON RECEIPT OF NOMINATION COUPON, DETAILED INFORMATION, TOGETHER WITH A FREE WORKING OUTFIT, WILL BE SENT; AND A REPRESENTATIVE WILL CALL AND LEND FURTHER ASSISTANCE

SCHEDULE OF VOTES

First Period	Second Period	Third Period	Fourth Period
Up to and including April 3rd the following number of votes will be issued on subscriptions.	From April 4 to April 15 the following number of votes will be issued:	From April 17 to April 22, the following number of votes will be issued:	From April 22 to the close the following number of votes will be issued:
6 months 6,000 votes	6 months 4,000 votes	6 months 3,000 votes	6 months 2,000 votes
1 year 18,000 votes	1 year 15,000 votes	1 year 12,000 votes	1 year 8,000 votes
2 years 40,000 votes	2 years 32,000 votes	2 years 25,000 votes	2 years 20,000 votes
3 years 120,000 votes	3 years 90,000 votes	3 years 70,000 votes	3 years 60,000 votes
4 years 220,000 votes	4 years 180,000 votes	4 years 150,000 votes	4 years 120,000 votes
6 years 360,000 votes	6 years 290,000 votes	6 years 250,000 votes	6 years 160,000 votes

SUBSCRIPTION PRICES

During the time of the gift distribution election the subscription price of the Daily News has been reduced as follows: A six months subscription in Cisco, \$4.25; or \$7.50 per year. Outside of Cisco (by mail) the price will be—six months for \$3.00; or \$5.50 per year. The price of the Weekly Round-Up is \$1.50 per year. Votes will be issued on subscriptions to the Weekly Round-Up in the same proportion as to the Daily News. The above schedule of votes, which is on a declining basis, will positively not be raised during the campaign. A special Vote Ballot good for 100,000 EXTRA votes will be issued with every "club" of \$15.00 in subscriptions turned in. A "club" may be composed of small or large subscriptions totalling \$15.00 worth. No subscriptions for over six years will be accepted from any contestant.

THE WEEKLY GUSHER

DEVOTED TO THE INTERESTS OF CISCO HIGH SCHOOL

VOL. III.

CISCO, TEXAS, MONDAY, FEBRUARY 27, 1922

NUMBER 23

Low Junior.....Wade Cook
High Sophomore.....Melvin Beard
Low Sophomore.....Dibson Choats
High Freshmen.....Chesley Kilborn
Low Freshman.....Pauline Motley

GREAT WAS THE FALL
One day last week Joe Kilborn was going down the steps. Suddenly he seemed to lose his equilibrium, slipped up, and bounced all the way down the stairs. He sprawled out on the floor and then slowly rose and began using such language as:
'X!!! XX!!!'
In a moment Mr. Godbey looked out of his office and on the instant Joe seemed to lose control of his verbal powers and also to forget his hurts, for he immediately made a break for the basement where he stayed for a good while—he must have had stair-fright.

The second bell had rung and the classes were assembling for seventh period classes. Gilbert poked his head in the door, and seeing no familiar faces, asked: "Where is the sixth period?"

WOULDN'T IT BE STRANGE
If Mr. Wells laughed like a girl?
If Mr. Turner would smile during the fourth period?
If we knew when Mrs. Kean was looking at us?
If Mr. Hilgenberg's hair would become straight?
If you could argue with Miss Soderstrom?
If Miss McCarty should let you talk in class?
If Mr. Herndon didn't have a story to tell?
If Miss St. John wouldn't watch the pupils in the southwest corner of the Junior room?
If Mr. Kelly should lead a few popular songs in chapel?
If Mr. Williams didn't have a question to ask in chapel?
If Mr. LaRoque failed to smile?
If Miss Robbins should marry?
If Miss Tucker failed to speak to you?
If Mrs. Keyes should let you talk in the library?
If Mr. Parish failed to sweep the building?
If Mr. Garfield were not laughing?

BREVITIES.
Monday morning at the third period Mr. Gaither informed the study hall that permission to speak did not give permission to hold camp meetings or family reunions.

Wrightman Moore (in history class): "The negroes in Southampton revolted and had one of the biggest, resurrections there ever was." (Now laugh.)

Garland: Are you going to try out for the shot put?
Ivan: What kind of a gun are you going to shoot it in?

MONDAY'S ASSEMBLY.
Chapel period opened Monday morning, with Mr. Wells playing the piano, while many of the Freshmen sat open-mouthed. They didn't know Mr. Wells was an artist at the piano.

He opened chapel with a word of congratulation to the students and teachers on their fine success in the minstrel. He said that he didn't know that the students could make such good "neggers."

Mr. Wells then broached the subject of the coming track meet. He said that the Cisco people would buy the cup and they would want to keep it in Cisco.

"Almost every day now people are sent out getting the track ready for the meet," he said. "They are preparing everything in good shape and there ought to be at least twenty or thirty boys and girls out for training every evening."

It is our duty as hosts and hostesses for the coming track meet to make it a big success.
It is a pleasure to find that you can gain in athletics if you practice.
In college with Mr. Wells there was a sickly, pale-faced boy, who decided that he would be a mile runner in the track meet. By the help of practice and determination he won the race. He was second in a large college in Illinois, and broke the record for his college.

Mr. Wells also announced that there would probably be a class track meet before the real one, to work off the class spirit that seems prevalent. He proposed that the Freshmen should work together, while the Juniors and Sophomores should do the same. That would make it a dual (not dual) meet.

showed the importance of athletics, not only from the standpoint of individual development, but from a national standpoint. America leads in athletics. Out of the 90 points to be won, 37 were made by America; England came second with 26 points. Mr. Godbey said that the world's record in the broad jump, which is twenty-five feet and three inches, was made by a Harvard boy. The boys interested in broad jumping have decided to see how near they can come to the record. A more suitable time for such a talk could not have been found, because it is now that the students are looking forward with enthusiasm to the county track meet to be held here in March.

ECHOES FROM THE DEBATES
Some of Lela's argument sounded almost like grand opera.

Miss Hubbard, of Moran, also almost sang, at times.

After M. Olson leaves the high school debate platform, he can go into vaudeville as a head-wagger.

What figure of speech is this, freshmen? It is cold, cruel, calculating, crime."

FACTORY WINS OVER SENIORS
Those who missed the two basketball games at the Labor Temple Thursday night missed a real treat. They were both good games even though the first one was a comedy.

The first game, the Senior Faculty game, afforded much laughter. It was surprising how difficult it was for the Senior boys to stay on their feet and even Mr. Turner was occasionally seen sliding across the floor. The Senior boys thought that they would have a chance to get even with Mr. Wells for session in room 26 and certain other things but they soon changed their minds when they found out what a good "football" player he was. All most all of the players, however, showed up well for amateurs. The faculty line-up was as follows:
Wells, Turner, Isaacs, Lee, and Herndon.

"Red" Lee felt highly honored because he was allowed to play on the faculty team. (He was played because none of the other teachers were there.) The Senior line-up was:
Hampton, Carruthers, Mancill, LaRoque and Olera.

Bateman substituted for Hampton in the last half. LaRoque carried the future of the throwing two field goals. Carruthers almost made a star shot but after rolling about the goal for a time he got cranky and wouldn't go in. The final score was Faculty, 25, Seniors 4-7.

The second game was played between the American Legion and Cisco High School. The High School outplayed the Legion in every respect except in foot throwing and for a while in the first half it looked as though the High School would put the game on ice when they gained a lead of several points on the Legion. Frank Turner was the star for Cisco in every respect. Every man on the team, however, deserves great praise for his fine work. The Legion line-up was:
Day, Polsky, Sensabaugh, Herring, and McCord.

The High School line-up was: Turner, Herwin, J. Hart, McCord and Herndon. The final score was 42-30 in favor of the Legion. Referee: Wells.

TWO SENIORS HONORED BY C. H. S. STUDENT
The assembly period Friday was devoted to the selection of the most popular boy and the most popular girl in High School. A new and different

system was used in voting this year. Last year a charge of one cent per vote was made and one person could buy as many votes as he wanted to. This year a secret vote was taken without any canvassing or electioneering. Each person was allowed to vote one time for a boy and once for a girl. Slips of paper were passed out by the teachers and taken up by them after the students had voted in order to insure fair play. The votes were so close in the first ballot that it was necessary to hold a second ballot in order to decide definitely who was most popular. Thelma Fairless and Louise Moss got the largest number of votes in the first ballot among the girls and Frank Turner, Paul McCarty and Marion Olson among the boys.

On the second vote Frank Turner was selected the most popular boy and Thelma Fairless the most popular girl. Frank Turner is an old student in C. H. S. having been in high school four years. Frank is a four letter man and has especially distinguished himself in athletics. He has been the outstanding star in football and basketball this year.

Thelma Fairless is a young lady who needs no introduction to the people of Cisco. She counts among her friends almost all the people of Cisco as well as the students of high school. In dramatic work this year she has distinguished herself and has won the reputation of being Cisco High's best amateur actress.

Both of these young people are Seniors and the Senior class is very proud of them. Incidentally this election proved that the Seniors are not so unpopular as some people seem to think.

CISCO UNITS IN DOUBLE HEADER
On Friday night at eight o'clock in the high school assembly hall, Cisco High School met Moran High School in a dual debate. The Moran contestants were accompanied by a large delegation from Moran, who had made the trip in automobiles. In fact, the Moran delegation made up more than half the audience, since, unfortunately, few teachers, and fewer pupils of the local school found time to attend.

The local teams found the Moran debaters a well prepared group. The strength of their opponents plus the fact that through the misunderstanding of a letter, both the boys and the girls of Cisco had prepared on the wrong side of the question, gave all of them "a bad half hour." When, however, the debate had been called, after hurried trips home for speeches on "the other side" the local teams began to show their mettle.

According to inter-scholastic rules, the girls' debate was held first. The Cisco team, comprised of Lela Latch and Muriel Bowler, defended affirmative side of the question. "Resolved: that all immigration to the United States should be prohibited for two years."

Debate was opened for the affirmative by Lela Latch who discussed the difference between the motives of early immigrants and modern immigrants

She said in part, "The modern immigrant comes to our shores seeking G O L D, while the early immigrant came seeking G O D." In discussing the necessity for the two-year period she pointed out that "to allow the tide of immigration to continue while we try to deal with the problem of Americanization, is like trying to bale out a leaking boat without making any attempt to stop the leak."

Miss Ouida Hubbard, of Moran, ably opened the defense of the negative by asserting that a temporary exclusion for Cisco, while third vote, although cast in favor of the Cisco boys, contained an appended note to the effect that the judge really could hardly decide between the two. This took some of the joy out of the decision, for Olson and Cook, both of whom know how to lose gracefully, hardly knew how to accept a victory with a feather plucked out of the wing.

The Cisco debaters took forward with pleasure to their next meet with the Moran contenders, which will take place at Moran on Friday, March 10.

FORGOTTEN CLUBS.
Modest Violet Club.
Last week you were informed of the "Wrigley Club." This week I am going to tell you of another of the "Forgotten Clubs." This club is known by the name of "The Modest Violets." This probably embraces more students than any other organization in the school.

The club is composed of students who are very modest and very meek. They are never heard speaking loudly among crowds of boys and girls, and they all live up to the motto of their club, which is: "Never Say 'I.'" When you hear the names of the members of the "Modest Violet Club," you will agree with me that they are the most unassuming and silent students in the Cisco High school.

Edward Mancill is the idol of all the other members, who hope some day to reach the height of self-effacement which Edward has attained. He is by far the meekest and most modest of all. Paul McCarty is president of this club, and we all know that there is no one else who would be more suited for this office. Joe Kilborn is secretary of the "Modest Violets," and every student in school knows how quiet and modest Joe is. Nellie Mae (Tunc), Eugene Smith, W. H. Magness, Lerma Baten, Forrest Herndon, Gwendolyn Hess, Wesley Sanders, Elroy McCarty, and Floyd Tomlinson are some of the other important members.

A great many students should belong to this club, who do not. This organization is growing rapidly, and is one of the "lives," institutions in the school. To be a member of this society you must never proclaim loudly, or before a large number of students (other than Fish), what you can do and how well you can do it. You must think you are ignorant and try to prove it. If there is anybody who wants to join the "Modest Violets," please see Mr. Turner immediately. (He makes such sweet "Modest Violets" offered by the Moran boys;

while the latter had not even presence of mind to show that Olson and Cook had contradicted each other, one urging that two years postponement of handling the question was a waste of time, while the other stoutly maintained that two years would not be long enough for congress to really accomplish anything.

The decisions of the judges on this debate was most peculiar. One vote was cast for the affirmative, another for Cisco, while third vote, although cast in favor of the Cisco boys, contained an appended note to the effect that the judge really could hardly decide between the two. This took some of the joy out of the decision, for Olson and Cook, both of whom know how to lose gracefully, hardly knew how to accept a victory with a feather plucked out of the wing.

The Cisco debaters took forward with pleasure to their next meet with the Moran contenders, which will take place at Moran on Friday, March 10.

(He makes such sweet "Modest Violets" offered by the Moran boys;

WHAT IS CLASS SPIRIT?
In your personal opinion, what is the right kind of class spirit? Is it a thing to make a goat of so that you can get rid of personal grudges against your neighbor? Or is it a spirit of rivalry between classes?
It should be a rivalry between classes in which each class seeks supremacy over the other in some definite way. It seems that during the past week there was some track practice taken by members of both the Junior and Senior classes. This practice it seems was both ill-timed and unprofitable to all concerned. Neither class received any glory or great victory in these achievements. This was not the right kind of class spirit, because it interfered with studying and only a few from each class were able to participate.

However, there is a solution to this problem of class spirit. The county track meet begins in the latter part of March. Cisco wants winning teams in every line. By combining and holding class contests the classes can work off their spirit. There are opportunities offered for every one. Basketball, track, and field events are put forth for the classes to ascertain which is strongest. This is a definite, practical, and wholesome way of exhibiting the right kind of class spirit.

KEEPING THE CINDER TRACK HOT
Track work has begun and the Cisco track stars are rounding themselves into shape by running, jumping, and throwing the shot. At least a few of the stars are working out. The rest must be figuring on coming out the last week and make the team as some have done in the preceding years. This year however, it will be different, and the track meet will be harder to make, and a member will have to come out right away if he is to make the team. The coaches, Turner, Hilgenberg, and Herndon say that not necessarily the best man will make the team, but the one who practices the most.

The track meet will be held in Cisco this year at the ball park, which is being put into shape rapidly. Cisco cannot afford to lose the meet this year when it is played on our own grounds; but it will take hard work to win as Eastland, Ranger, and the other towns in this county are expecting to have teams far superior to ones of preceding years.

In the history of all the track meets in which Cisco has participated she has lost only one meet and it was played in Eastland, and was lost by only a few points. We have to win this one when Cisco High School is larger in numbers and since Cisco plays on her own field, there should be at least thirty men out every evening, all trying to make the team. On March 10 a class track meet will be held to determine who makes the team.

AMERICAN ATHLETIC RECORD
The Wednesday morning assembly was in charge of Mr. Godbey, who gave a very interesting talk. He

WHEREAS, on the 7th day of February, 1922 a certain tract of land was located out of the District Court of Eastland county, Texas, directed to the Sheriff of Eastland county, Texas, to levy upon and sell according to law certain real property situated in said Eastland county, and

WHEREAS, I, Sam E. Nolley, Sheriff of Eastland county, Texas, as aforesaid, did on the 10th day of February, 1922 levy upon the said property described in said order of sale as the property of the defendant, E. R. Ferguson, in cause No. 354 of the docket of said District Court, in which H. L. Mobley and wife Cassie J. Mobley are plaintiffs and E. R. Ferguson is defendant.

NOTICE IS THEREFORE GIVEN that I, Sam E. Nolley, as Sheriff of Eastland county, Texas, under and by virtue of said order of sale, will, by public auction, sell to the highest bidder, the following described property on the first Tuesday in March, 1922, at the Court House door of Eastland County in the City of Eastland, between the hours of 10 a. m. and 4 p. m.:

First Tract: Part of Lot No. 1, Block R of the City of Cisco, Eastland county, Texas, and described by metes and bounds as follows: beginning at a point 40 feet in a northeast direction and 30 feet in a southeast direction from the northwest corner of said lot No. 1, Thence in a northeasterly direction parallel with the north boundary line of said lot No. 1, 50 feet. Thence at right angles in a northwesterly direction, parallel with the west boundary line of said lot No. 1, 120 feet; Thence at right angles in a southwesterly direction parallel with the north boundary line of said lot No. 1, 60 feet. Thence at right angles in a westerly direction, parallel with the west boundary line of said lot No. 1, 120 feet to the place of beginning, and being a part of the land conveyed to H. L. Mobley by Briggs Owen and wife on the 23rd day of July, 1920, and recorded in Vol. 152, page 543 of the Deed Records of Eastland county, Texas.

Second Tract: Lot No. 3, of Block No. 3, Second Railroad Addition to the City of Cisco, Texas, the same being a subdivision of Block No. 134 in the City of Cisco, Eastland county, Texas. Witness my hand this 10th day of February, 1922.

SAM E. NOLLEY, Sheriff of Eastland County, Texas. By C. S. LOONEY, Deputy. 2-10-17-24 3-3

NOTICE OF SALE
WHEREAS, on the 7th day of February, 1922 an Order of Sale was issued out of the District Court of Eastland

County Texas, in cause No. 8422, wherein the American National Bank of Cisco, Texas is plaintiff and M. L. Showalter is defendant, and directed to the Sheriff of said Eastland county, to levy upon and sell according to law certain real property situated in Eastland County, Texas, and

WHEREAS, I, Sam E. Nolley, Sheriff of Eastland County, Texas, as aforesaid, did on the 10th day of February, 1922 levy upon the property described in said order of sale as the property of the defendant, M. L. Showalter.

NOTICE IS THEREFORE GIVEN that I, Sam E. Nolley, as Sheriff of Eastland County, Texas, under and by virtue of said order of sale, will at public auction, sell to the highest bidder, the following described property on the first Tuesday in March, 1922, at the Court House door of Eastland County in the City of Eastland, between the hours of 10 a. m. and 4 p. m.:

Lot No. 5 of the J. T. Taylor subdivision of Lot No. 2, Block "W" in said City of Cisco, Texas, in Eastland County.

Witness my hand this 10th day of February, 1922.

SAM E. NOLLEY, Sheriff of Eastland County, Texas. By C. S. LOONEY, Deputy. 2-10-17-24 3-3

Society

MRS. C. W. BUCHANAN Phone 815 Social Calendar.

March 1- Mrs. Dick Starr will entertain the Wednesday Bridge Club. March 2- The Tri-K Club will meet. Mrs. Lon L. Smith will give a benefit program for the Civic League at the city hall. March 3- Mrs. O. W. Shepard will entertain the Rosewell Heights Club. The Merry Wives Club will meet. Mrs. Mary Baten will give recital in the city hall. March 4- City Federation will meet in the city hall auditorium. Mrs. Smith's Recital. The Civic League benefit recital which is to be presented the night of March 2, by Mrs. Lon L. Smith carries an admission charge of 25 cents for adults and 15 cents for children under 12 years of age. Twentieth Century Club. Mrs. G. B. Kelly was hostess at the meeting of the Twentieth Century

Club Friday afternoon. Sixteen members and two visitors answered to roll call. The talk on art "Men of the Taos School," Walter Utur was made by Mrs. Dean Sherry, and the opera "Tales of Hoffman" was discussed by Mrs. Guy Debnay. The open forum "Present Day Problems Between United States and Europe" was led by Mrs. E. E. Kean. Two very interesting readings were given by Mrs. H. H. Cartwright of Breckenridge. Mrs. L. B. Platt of Dallas, told of the work that is being done by the Stratford Club in Dallas. H. G. Grant, a community service man, made a very interesting ten minute talk on community work. He is getting this movement before the city clubs to interest them in establishing a community center in Cisco.

The hostess served a delicious salad plate. The guests and members present were: Miss Maybelle McDaniel, Mesdames E. G. Dean, H. H. Cartwright of Breckenridge, L. A. Snoot of Colorado City, Messrs. E. R. McDaniel and Walter Jarrett of Breckenridge, Messrs and Mesdames Owen Baker, S. A. Williams, Dick Lauderdale, L. Q. Simon, and Grace Calloway. Compliments-Visitor. On Saturday afternoon Mrs. G. B. Kelly entertained informally a few friends for Mrs. L. B. Platt, of Dallas. Geraniums and potted plants were used in decorating, and the afternoon was spent in playing "42". The hostess served a splendid course. Mrs. Platt lived in Cisco several years ago, and the invited guests included the following names of her friends: Mesdames R. W. Manell, J. J. Batts, Connie Davis, J. B. Cafe, William Reagan, J. J. Winston, George Langston, C. H. Fee, Henry Benham, W. P. Lee, J. W. Manell, A. A. Websters, W. E. Spencer, J. Alexander, F. E. Harrell and H. L. Winchell.

The Wednesday Bridge Club will meet with Mrs. Dick Starr. Mrs. O. W. Shepard will entertain the Rosewell Heights Club Friday afternoon at the home of Mrs. Ruby Miller, 500 West 15th street. The Methodist Missionary Society will meet in the church Tuesday afternoon at 3 o'clock for a mission study, led by Mrs. George Langston. The Presbyterian Auxiliary will meet at the church Tuesday afternoon for a mission study and a social hour. Circle Two will be hostess. All Methodist ladies who have old, clean, clothing suitable for both grown people and children, are requested to bring it to the church between the hours of 3 and 5 o'clock Tuesday afternoon. This is for the mission box and for the distribution at home. W. J. Foxworth, of Coleman, spent Sunday with relatives here. Mrs. Foxworth, who has been the guest of her sister, Mrs. J. T. Anderson, returned with Mr. Foxworth. Wesley Harrell spent Sunday in Ranger. Miss Mary Yeager, of Eastland, was the guest Sunday of Miss Ruby Kate Richardson. Mr. and Mrs. Charles T. Brockman, of Throckmorton, are visiting her parents. O. W. Shepard, who has been connected with the Humble company here for the past two years, has been transferred to Hanesville, La. He left Saturday to take up his new work, and Mrs. Shepard will follow in a few days. The W. M. U. of the Baptist church will meet in the following circles Tuesday: Circle A with Mrs. John White; Circle B with Mrs. Charles Hale; Circle D with Mrs. O. A. Davis.

THE MERRY JOURNEYS OF MARY JANE Mary Jane and The Seven Little Kittens Mary Jane said: "They were the cutest little kittens you ever saw." ONE day, Mary Jane was out in the barn, and all of a sudden she saw Maria Mitsubshi, their gray cat, moving into her summer home up in the hay mow, with seven little Mitsubshis after her. They were the cutest little kittens you ever saw. Mary Jane said how perfectly lovely they were, and how was their father? And Maria said that one of the neighbors had broken a bottle of catsup over Mr. Tom's head for singing after 12 o'clock at night, and he was in the hospital yet, but expected to be out soon. Mary Jane said she hoped that he'd reform and settle down, now that he had a family to look after. But Maria said she didn't want to build up too much hope on this. Then Mary Jane ran up to the house and brought back a big saucer of milk for Maria and the babies, and a slice of bread spread with Mary Jane Syrup for herself. And they sat there on the floor and ate their lunch. And Maria told Mary Jane that if Tommy Tippetoe, the mouse, didn't behave himself and stop coming around, making trouble in her family she'd have to tell his mother on him. Then Mary Jane went home, and told her mother all about Maria's family. And her mother said "We'll keep the two gray ones. The others will have to get an education, and earn their own canned salmon." Mary Jane thought this was all that could be expected. LOOK FOR the next story about how "Cassie, the Big Fat Goose, Gives Mary Jane Some Advice."
