AND ROUND-UP—44TH CONTINUOUS YEAR

VOLUME V.

CISCO, TEXAS, FRIDAY, NOVEMBER 7, 1924

Number 189

POULTRY SHOW OPEN NOV. 10

FETTY BOOTHS DISPLAY WARES AT AUTUMN FETE

The Autumn Fete, being held by the ladies of the First Presbyterian church, in the Eddleman building under the telephone exchange, is really a beautiful scene. The booths are attractively decorated, and each booth is presided over by one of the lady members of the church.

Entering the building where the Autumn Fete is being held one is amazed at the attractions that present themselves. On the left near the entrance is the musical display of the Ray Music Co., presided over by Miss Addie Fee.

Next is the booth of the Gray Hardware Co., with Mrs. Whitfield handling the aluminum ware, toys and Christmas novelties. The City Drug Co.'s booth is presided over by Mrs. Gaines B. Hall with a line of toilet articles and drug sundries.

Guy Strickland, who was seriously injured when a Ford car in which he and four others were riding, turned turtle about ten days ago, has sufficiently recovered to be taken to the home of his parents, Mr. and Mrs. Edgar Strickland at Strickland Lake.

The Randolph Fighting Badgers, the football team of Cisco's junior college, will meet the Sul Ross Normal Armistice day at Alpine. This was definitely decided at a conference of the faculty and Badgers held Wednesday.

THE LEOPARD PETUNIA A NEW FLORAL SPECIES

Caretaker Lamb of the city hall grounds, is particularly fond of his flowers, as well as the shrubbery growing on these premises. The beautiful hedge and well turfed lawns are kept well trimmed and are admired by all.

AUTO VICTIM IS TAKEN TO HOME OF HIS PARENTS

Guy Strickland, who was seriously injured when a Ford car in which he and four others were riding, turned turtle about ten days ago, has sufficiently recovered to be taken to the home of his parents, Mr. and Mrs. Edgar Strickland at Strickland Lake.

BADGERS WILL PLAY SUL ROSS ARMISTICE DAY

The Randolph Fighting Badgers, the football team of Cisco's junior college, will meet the Sul Ross Normal Armistice day at Alpine. This was definitely decided at a conference of the faculty and Badgers held Wednesday.

SCOUT MEETING TONIGHT

Scout Master Anderson requests the Daily News to announce that Troop No. 1, Cisco Boy Scouts, will meet this evening at Scout headquarters at 7:30. All scouts are commanded to report promptly.

CARD OF THANKS

Mrs. R. A. Wright and children wish to express their thanks for the beautiful floral offering and sympathy of friends during the sickness and death of their husband and father. (adv)

R. G. MOODY AND FAMILY LOCATE IN SWEETWATER

R. G. Moody and family left this week to make their home in Sweetwater, where Mr. Moody will establish a garage and machine shop. Last week Moody sold his residence here to Will Hazel, and selected Sweetwater for his new home.

SIRE OF CISCO DOG IS WINNER IN FIELD TRIALS

A. S. Nabors and W. D. Breecheen, Cisco's two bird dog fanciers, attended the state field trials, which were held this week near Comanche. "There were sixty dogs entered in the trials," they stated, "and some of the best work we ever witnessed was shown by the dogs in the contest."

UNSHAVEN AND UNSHORN FOUR SPORTS RETURN

Unshaven and unshorn the quartette of deer hunters who went to the Van Horn country about ten days ago, returned home last night, browned by the outing but feeling perfectly fit. Dr. Hale succeeded in getting his buck, and it was his lucky shot that provided meat for the hunters.

DEFEATED IN ELECTION LAWYER IS A SUICIDE

SHELBYVILLE, Ill., Nov. 7.—After the returns had shown him to be the only member of the Democratic county ticket that was defeated, John Crockett, candidate for state attorney, was found dead in his law office today, apparently a suicide. A letter to his wife is held in confidence, which it is believed holds the secret of his death.

NEARLY THREE BILLION WILL BE APPROPRIATED

WASHINGTON, Nov. 7.—The legislative program closing the session of congress which reconvenes December 1, and ends March 4, is being mapped out today by the leaders of the house. The major matters include the appropriation bills for the next fiscal year of two billions, seven hundred and fifty million dollars, a reduction of freight rates to shippers, especially on agricultural products, amendments to the immigration law permitting admission of select relatives of naturalized aliens and the deportation of undesirable aliens and law breakers.

SNEAK THIEVES TWICE PILFER COLLINS HOME

"It looks as though I am going to have to move, or some one living in my neighborhood will," said Jim Collins this morning. "They have about appropriated all of the clothing in my home. Halloween night, while we were down town watching the youngsters celebrate, some one broke the screens from my residence and came near getting all the wearing apparel of myself and son. An inventory showed the following articles missing: One coat, one hat, two pair trousers, two shirts, one safety razor and all the handkerchiefs I had. They practically cleaned us out, and we thought we had contributed our share to the pilferers, but Monday afternoon while Mrs. Collins was across the street visiting a neighbor, someone walked into the house and carried off her dress that she wore Sunday evening. She had never put it up, but left it lying across a chair. She was not out of the house longer than an hour and a half, but when she returned the dress was gone. "I believe I have the sneak thieves spotted, and will run them down before I quit, but it is certainly annoying to know that we have that kind of people living in Cisco," Mr. Collins stated.

MRS. FERGUSON LEADS BUTTE BY 32,634 IS SHOWN

DALLAS, Nov. 7.—Complete returns from eighty counties today gave Mrs. Ferguson a majority of 32,643. The vote at this hour stood: Ferguson 128,611; Butte 95,977. The bureau is tabulating only complete returns.

TO RUSH CHURCH BUILDING PLANS OF THE BAPTISTS

The Baptist church will rush their building program with all possible dispatch, was gathered from the sentiment expressed at the meeting of the deacons of that church Thursday night. Owing to the fact that a meeting place was not available in their own building since the burning of the church, the deacons were tendered a room in the second story of the Mancill building, which has been prepared for them by R. W. Mancill, owner of the building. Church business was the occasion of the meeting, but the deacons were unanimous in favoring the erection of the new church according to agreed plans, just as soon as it was possible to do so.

MRS. FERGUSON CARRIED STAR NEARLY 3 TO 1

RISING STAR, Nov. 7.—The election passed off very quietly here. Mrs. Ferguson carried the precinct over Butte, the republican candidate, by a vote of 231 to 94, or an almost three to one majority. That there was some scratching done is evidenced by the fact that Coolidge received 32 votes here, which shows that not all who voted for Butte voted the entire republican ticket. A little over 330 votes were polled, which is about 200 short of the vote polled in the August primary. Following is the vote on the different candidates:

Table with 2 columns: Candidate Name and Vote Count. Includes Davis (279), Coolidge (32), La Follette (6), Mrs. Ferguson (231), Dr. Butte (94), For Amendment (113), Against Amendment (43).

POLSKY ET AL DRILL IN THE BEST PRODUCER

Polsky et al, operating in the shallow field west of Cisco, report the bringing in of another nice well on their leases this week. This well is on the Shackelford lease, about twelve miles west of Cisco, where the pay was struck at 600 feet, and it looks good for a 50-barrel well," Mr. Polsky stated. Polsky and associates have several nice little producers on their acreage in this territory, but the others picked up the pay much nearer the surface, and the last is the deepest well they have drilled. The pay was struck in a different and better paying sand than the other wells. With the bringing in of the Shackelford well Polsky and his associates now have eight producers in that field.

O. D. McDONALD REPORTS SALES USED CARS GOOD

O. D. McDonald, who has charge of the used cars department of the Blease Motor Co., reports good business in his line notwithstanding the few dull weeks complained of by some merchants of the city. Last week his department sold 20 used cars. This week will likely exceed the past. He says it is often the case that they sell from four to six cars in a day. This seems to indicate that, although weather conditions have some effect upon the inclinations of prospective purchasers, yet push and proper publicity often counter-balance that inclination, and deal are put over despite those unfavorable conditions. Henry Ford and his agencies, like the car they sell, keep going, regardless of weather or other unfavorable conditions. Consistent effort, newspaper advertising and otherwise—has much to do with it.

WITHOUT HOPE FOR RECOVERY OF SEN. LODGE

BOSTON, Nov. 7.—Senator Henry Cabot Lodge, senior senator from Massachusetts, was still hovering between life and death this morning. The latest bulletin stated that he was still unconscious, and had been without nourishment of any kind for forty-eight hours. His relatives are at his bedside.

MRS. FERGUSON CARRIED STAR NEARLY 3 TO 1

RISING STAR, Nov. 7.—The election passed off very quietly here. Mrs. Ferguson carried the precinct over Butte, the republican candidate, by a vote of 231 to 94, or an almost three to one majority. That there was some scratching done is evidenced by the fact that Coolidge received 32 votes here, which shows that not all who voted for Butte voted the entire republican ticket. A little over 330 votes were polled, which is about 200 short of the vote polled in the August primary. Following is the vote on the different candidates:

Table with 2 columns: Candidate Name and Vote Count. Includes Davis (279), Coolidge (32), La Follette (6), Mrs. Ferguson (231), Dr. Butte (94), For Amendment (113), Against Amendment (43).

Civic Societies, Schools, Private Cars and Business Floats Will Be Decorated in Armistice Day Parade

We have made splendid progress in getting floats entered for the 40 mile parade on Armistice day," said Secretary Richardson of the chamber of commerce this morning. Among the clubs and civic organizations that will be represented in the parade with floats and decorated vehicles are: John William Butts Post American Legion, Twentieth Century club, Junior Twentieth Century club, Industrial Arts club, Cisco band, Delphian society, Women's Federated clubs, Rotary club, Lions Club, Chamber of Commerce, Elks, Public schools, Randolph college, and possibly other organizations.

FATHER GERKEN APPOINTED DEAN OF THE DIOCESE

Rev. Fr. R. A. Gerken, pastor of the Cisco, Ranger, Eastland and other Roman Catholic churches in this section, has been appointed dean of the Dallas diocese and diocesan consultant by the Rt. Rev. Joseph P. Lynch, Roman Catholic bishop of the Dallas diocese. The deanery over which the new dean will preside includes Ranger, Eastland, Cisco, Pioneer, Abilene, Bonmarion, Rhineland and Sweetwater.

THE DEACON FOR BENEFIT OF CISCO B. Y. P. U.

A three-act play entitled "The Deacon Entangled," given in Ranger on October 3rd, by members of the Boethian and Fidelis classes of the Central Baptist church, was such a decided success that it is being brought to Cisco under the auspices of the B. Y. P. U. of the First Baptist church of this city. The action centers around the Deacon, a loyal church member and good husband, who goes to look at some "real estate" with his nephew, Cal Spangler. The Deacon thinks his nephew is coming to Chicago to study for the ministry and is somewhat disappointed when he turns out to be a baseball player. The "real estate" is raided and the Deacon spends the night in jail, simple because he wouldn't "jump." He does some real explaining to his wife the next day. There is quick action and good clean fun all the way through, and good specialties between acts.

BISHOP MOORE OF DALLAS IS GUEST ROTARY

Forty Rotarians and visitors attended the Rotary luncheon Thursday. N. F. Payne was in charge of the program and the principal talk was made by Bishop Harry Moore, of Dallas. Other guests were Mrs. Clark, of Coldwater, Miss. who is visiting her nephew, R. Q. Lee; Miss Lella Wild and Rev. Frank Stedman, pastor of the Episcopal church. Miss Wild gave a most enjoyable piano selection. Bishop Moore, who was formerly a member of the Dallas Rotary club, made a most excellent impression during a brief talk on "The Brotherhood of Man." Following adjournment President Wright presided at a meeting of the directors of the club and the name of Robert W. Mancill was favorably passed on for Rotary membership. Mr. Mancill's classification is that of oil man.

RECOUNT SHOWS BROOKHART HAS SAFE MAJORITY

DES MOINES, Iowa, Nov. 7.—A recount of the vote today showed Senator Brookhart had piled up a lead of one thousand, one hundred and fifty six over Dan Steck. However, the official count will not be known until November 24.

FATHER GERKEN APPOINTED DEAN OF THE DIOCESE

Rev. Fr. R. A. Gerken, pastor of the Cisco, Ranger, Eastland and other Roman Catholic churches in this section, has been appointed dean of the Dallas diocese and diocesan consultant by the Rt. Rev. Joseph P. Lynch, Roman Catholic bishop of the Dallas diocese. The deanery over which the new dean will preside includes Ranger, Eastland, Cisco, Pioneer, Abilene, Bonmarion, Rhineland and Sweetwater.

Following adjournment President Wright presided at a meeting of the directors of the club and the name of Robert W. Mancill was favorably passed on for Rotary membership. Mr. Mancill's classification is that of oil man.

Until other arrangements can be made the Baptists will hold services in the city hall auditorium. Prayer meeting, was held there Wednesday night when Rev. F. M. McConnell of Bonham, who was here to conduct the Baten funeral, led the services.

WHEN LIFE IS WORTH LIVING

Life is always worth living to those who enjoy reading the great book Life is continually writing.

In Tolstoi's War and Peace, the hero, Peter, is supposed to be the richest man in the Russian empire. During the French Revolution he is taken prisoner and dragged through much of the retreat.

Here only, and for the first time, he appreciated, because he was deprived of it, the happiness of eating when he was hungry, of drinking when he was thirsty, of sleeping when he was sleepy, and of talking when he felt the desire to exchange words.

William James observes that the occasion and the experience are nothing. It all depends on the capacity of the soul to be grasped, to have its life currents absorbed by what is given.

Life is always worth living, if one has such responsive sensibilities as Tolstoi's hero.

The reason most of us do not enjoy life equally well, it seemed to James, is that most of us have got far, far away from nature.

We are strained to seek the choice, the rare, the exquisite exclusively, and to overlook the common. We are stuffed with abstract conceptions and glib with verbalities and verbosity; and in the culture of these higher functions the peculiar sources of joy connected with our simpler functions often dry up, and we grow stone-blind and insensible to life's more elementary and general goods and joys.

The remedy under such conditions, as James sees it, is to descend to a more primitive level.

To be imprisoned or shipwrecked or forced into an army would permanently show the good of life to many an overeducated pessimist, he observes.

Living in the open air and on the ground, the lopsided beam of the balance slowly rises to the level line; and the over-sensibility and insensibilities even themselves out. The good of all the artificial schemes and fevers fades and pales; and that of seeing, smelling, tasting, sleeping and daring and doing with one's body grows and grows.

The savages and children of nature, to whom we deem ourselves much superior, certainly are alive where we are often dead, along these lines; and, could they write as glibly as we do, they would read us impressive lectures on our impatience for improvement and on our blindness of the static goods of life.

Ah, my brother, said an Indian chieftain to his white guest, thou wilt never know the happiness of both thinking of nothing and doing nothing. This, next to sleep, is the most enchanting of all things.

Turkey Day—the 27th—is approaching rapidly, and it behooves every red-blooded American to have one or two of these big birds within easy access. They are cheap this year, too.

DESTROYING AIRSHIP FACTORIES

The flight of the ZR-3 across the Atlantic, because of the universal interest it aroused in this country, has given rise to propaganda for the preservation of the Zeppelin works in Friedrichshafen, Germany, where the airship was made.

Dr. Hugo Eckener, who commanded the big dirigible in its flight to the United States, naturally coincides with the view of his countrymen.

The stipulation that the factory be dismantled is most unfair, he says. Its fulfillment will prove a calamity in the development of lighter-than-air craft.

Inasmuch as the United States has nothing to do with the execution of the Versailles treaty, this is a purely academic question as far as Americans are concerned.

Most Americans will be inclined to agree with Dr. Eckener that it is a calamity to destroy any factory capable of producing so remarkable an aircraft and contributing so notably to the art of flying.

They will say that the factory might be devoted to other purposes, and only its machinery of special equipment scrapped. On the other hand, the same Americans may agree that morally, Germany deserves the penalty prescribed, because of the use she made of her Zeppelins in the war, bombing hospitals and defenseless cities without warning, and contrary to international law, and that the Allies are probably justified in destroying the Zeppelin factory as a measure of defense.

It is hard to reconcile the argument for scientific progress with the argument for safety from aggression, in the present stage of human affairs.

DRIVERS MUST HAVE GOOD EYESIGHT

The relation of normal eyesight to safe driving ought to be obvious. That its importance is too often ignored is indicated by the fact that only nine states out of the forty-eight have eyesight requirements for drivers licenses. There seems to be a general awakening toward this need, however.

In Roanoke, Va., the police department is conducting specific tests along this line. Since January 1, 1924, it has ruled that every applicant for a driver's license must have at least one-half normal vision in order to receive a permit to drive.

the vision cannot be brought to one-half normal by any means, the permit is permanently refused.

Out of 4496 applicants, according to report of the Eyesight Conservation Council of America, 124 were refused permits until their distance vision was improved by glasses; three were refused permits unconditionally because their vision could not be brought up to even a half of normal.

It is strange that such a point as this has been neglected so long, but no community should hesitate hereafter to insist that drivers be able to see well.

The National Dental association convention in Dallas next week is a big thing for both the dentists and the people of Texas. Dental surgery is now recognized as one of the most important of the sciences, and the fact that Texas dentists will be given an opportunity to meet and swap information with their fellows from all parts of this and other countries is bound to be of inestimable value to them and, consequently, to the people in general.

The Autumn fete now under way in the Eddleman building is neat and complete and a credit to the women of the First Presbyterian church and the merchants represented. As affairs of this nature are staged from time to time by various organizations of the city it is highly encouraging and decidedly complimentary to Cisco that an unusual degree of skill and artistic ability in the planning and execution is always noted.

No time to worry, no time to fret—the sun is flushing the eastern ways; and we'll take to the road till the sun has set, these glorious days!

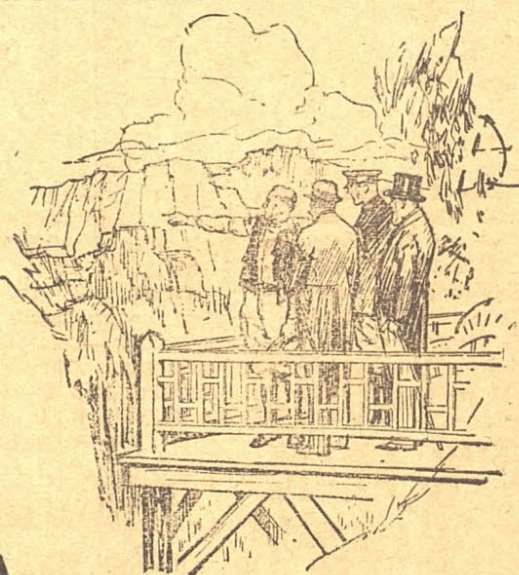

It is the rule of rules and the general law of laws that everyone should observe that of the place where he is.

DINNER STORIES

Hallo, Cauliflower! said a facetious young man to a farmer who was driving along a country road. Give a fellow a lift to Lumtown?

Without waiting for a reply he jumped into the cart. I might as well ride with you as walk.

After two or three miles had been covered the young man paused for a moment in his chatter. It's farther to Lumtown than I supposed, he remarked.

It's a good distance, said the farmer. Another 20 minutes passed and then the young man inquired: About how far is it to Lumtown?

Well, replied the farmer, keepin' straight on the way we're goin' now, I should say 'twould be a matter of several thousand miles, but if you was to get out o' my cart and walk it back, it isn't very much above eight miles.

Horace had been strangely fidgety all the evening. Usually he was content to sit for hours and hours holding his loved one, Edwardina, by the hand and dreaming of the sweet-by-and-by. Several times he glanced at his watch, and at last, at least two hours before his accustomed time, he rose to take his departure.

So soon, Horace, dear! she sighed. Must you really go?

I must, darling, he answered. Though I would sacrifice ten years of my life to stay one more short hour with you.

But why, dear, she begged—why have you got to go so early tonight?

Because, dearest, he replied, it's our lodge meeting, and if I don't go I shall be fined a dollar.

VICTORIA—B. & M. railroad building bridge over Mission river.

TURKEY DINNER The date for the turkey dinner to be given by the ladies of the Christian church has been changed and will be served in the Lions and Rotarian room, Saturday, Nov. 8th. c-189

NOTICE I have sold my interest in and severed my connection with the Magnolia Filling Station of Cisco, and am not responsible for any financial obligations incurred after October 31, 1924. c-190 EVERETT LITTLE.

FOR SALE or TRADE—Residence, vacant lots and brick business property on Main street. Will trade for revenue bearing property or farm. Day phone 16; night phone 691. c-11

NOTICE OF STOCKHOLDERS' MEETING A regular annual meeting of the stockholders of the Cisco & Northwestern Railway Company will be held at its office in the City of Cisco, at eight o'clock P. M. on the second day of December, 1924, for the election of officers and for the transaction of such other business as may come before the meeting.

Immediately upon adjournment of the stockholders' meeting, a meeting of the directors of the company will be held at its office. A. SPEARS, Secretary. October 29, 1924.

### Eastland-Stephens County Lands As Productive As the Valley of The Nile With Proper Irrigation

#### LAST SAD RITES PAID TO MEMORY OF DR. A. E. BATEN

All that was mortal of the lamented Dr. Anderson E. Baten was laid to rest in the City cemetery Wednesday afternoon. The body arrived from the Masonic home at Arlington Tuesday afternoon, and was conveyed to the undertaking parlors of Green & Gray, and Wednesday afternoon was taken to the First Methodist church, where they laid in state from 1 to 3 o'clock in the afternoon. This arrangement was made necessary by the burning of the Baptist church Tuesday night. At 3:30 the funeral services were held in the Methodist church, conducted by Rev. F. M. McConnell, pastor of the First Baptist church of Boham, and long friend of Dr. Baten. Following the religious services the remains were taken in charge by the Cisco Lodge No. 556, A. F. & A. M., and the services at the grave were conducted according to the ritual of the order. The pall bearers were R. A. St. John, Frank Walker, D. Ball, Wm. Reagan, B. W. Patterson and W. P. Caldwell.

At the church the Baptist choir rendered several vocal selections, and a solo was sung by Mrs. Brock. The church was comfortably filled by the large number of friends of the lamented minister, and a large number of Cisco people, and friends from other places followed the remains to the cemetery.

#### SHIP CAR LOT OF TURKEYS IS BUSH'S ADVICE

EASTLAND, Nov. 7.—The shipment of turkeys in car lots is advocated by R. H. Bush, county agent, to the farmers of Eastland county. He said he was doing all he could to assist Eastland county producers of turkeys to find a market and to get the best price for them. He advocated shipping in carload lots where possible and said that if those having turkeys for the market would cooperate with him in the matter he would more than likely be able to get buyers to come to Eastland and possibly other points in the county to buy the turkeys offered for sale.

Mr. Bush said the quarantine that had been placed against Texas by many states because of the hoof and mouth disease reported from some South Texas points had affected the markets, but that New York and a number of other markets had lifted the quarantine and he hoped that all others would do so before long. Dallas buyers, Mr. Bush stated, were quoting prices at this time on turkeys at 18 cents per pound delivered at Dallas in carload lots. A Weatherford buyer was quoted by others as offering 18 cents per pound for turkeys delivered in any quantities.

There are lots of turkeys in Eastland county this season and they are reported to be in splendid condition and very fine.

#### SEVEN HUNDRED MILLION MATCHES STRUCK IN U. S. A.

CHICAGO, Nov. 7.—More than 700,000,000 matches are lighted each day in the United States, and each has the possibility of a life-and-property destroying conflagration, declared Richard E. Kropf, supreme regent of the Royal Arcanum, in a safety address here. He cited statistics of fire underwriters that 486,000 matches are consumed per minute, and that the careless disposal of matches by smokers caused an annual loss of some \$17,000,000.

#### Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be so effective. This is what she wrote:

"Gentlemen: I am so wonderfully happy over my discovery. I feel I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills of the like, never having any permanent relief until I heard of your Krumbled Bran.

Every morning I take two table-spoonfuls before my breakfast—and since the latter part of August I must admit have not experienced one sick spell which I have had for years. I have started my little girl

As an evidence of what a little water will do to make the lands of Eastland and Stephens county, one has only to drive out to John Dye's irrigated farm, on the Cisco-Breckenridge highway, and make a visit to that oasis in what has been deemed a desert. Dye lives like a feudal prince of old, minus the slaves at his beck and call, and a life of idleness, for Dye's is a busy life, but by his industry and enterprise has surrounded himself with all the luxuries of life, and that with a minimum of labor. Dye uses labor-saving devices, and makes water and improved machinery perform the labor for him. His is to direct its operation and enjoy the fruits of his industry.

The Dye farm is no better naturally than thousands of acres adjoining his. But he conceived the idea that his farm, which is about 14 or 15 miles from Cisco, was as productive as that of the Rio Grande Valley or any other country. Water was the only element lacking to make it as productive as the valley of the Nile, and it was up to him to put the water on his land, and see it produce. This was rather a stupendous undertaking, as gravity irrigation was impossible, for his arable lands were more elevated than the basin where he must store his water supply. A siphon irrigation system, or to elevate the water by pumps from the lower to the higher elevation, had to be installed before this water could make his land productive as he knew and believed it would. Those who have had experience with pumping water for irrigation understand something about the stupendousness of the undertaking, and the expense involved in such an enterprise. But this did not deter Dye. With his limited means (for he was practically penniless when he commenced his undertaking) he started in a modest way until at this time he has a home that is the pride of Stephens county, and the admiration of all who see it.

Cisco claims John Dye with Breckenridge, for his farm is located just a few miles over the line, and he buys his merchandise and sells his products in both Cisco and Breckenridge, and cannot supply the local demand at his own prices. His stuff is produced by irrigation, and therefore choice. Being right on the highway and the Cisco & North-eastern railroad, he derives a nice bit of revenue by keeping the railroad tanks filled with water for the C. & N. E. trains.

His farm and the hundreds of growing things are visible as one passes along the highway, and when the earth is brown and bare this oasis is fresh and green the driest part of the summer season. An elegant home with all the conveniences of a city, houses his family in this Eden, and from there the Dye children drive into Breckenridge every morning to attend school, and back home in the evening.

This ideal home is the scene of many juvenile entertainments when the friends of the Dye children drive out from Breckenridge for a moonlight picnic, where boating, bathing, fishing, tennis and other outdoor sports amuse and entertain.

Mrs. Grace B. Shepard, living nearby, tells us further of Mr. Dye and his paradise, in the following sketch:

"When John H. Dye was 18 years of age he was left an orphan with several smaller brothers and a sister to support. They owned a small

#### HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nauseous Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

tract of land, but the house was old, and by working hard and being a good manager, he soon built a good new home. Later he married Miss Mollie McWilliams, and together they established a home that you would have to drive many, many miles in every direction to find one to surpass.

"In 1903, when he commenced his irrigation tank, which now covers 20 acres, it was the general opinion that he was sure to make a failure. But now he has growing on his 149-acre farm thirteen different kinds of fruits, and one or two acres planted to peas, okra, turnips, cane, cotton and sunflowers. In the rose garden there are fifteen varieties of the finest monthly roses, and perhaps a dozen or more other kinds of flowers, hedges of privet and large shade trees.

"Among the conveniences of this home-beautiful is a sorghum mill, arranged so that after the freshly ripened cane stalks are put in the mill, that human hands never touch them except to seal the buckets; a silo cement lined; storage cellars; an electrical system that supplies current for a washer, iron, fan and lights at the low cost of only a few gallons of oil a month. A truck, tractor, thresher, tennis court, several passenger touring car, piano and victrola.

"Such is the home that John Dye has built, who commenced as a penniless boy of eighteen, has surrounded himself with all the luxuries obtainable in an ideal country home, with all the modern conveniences of the city. His irrigated farm is making him independent, and he is his own master. Attractive sums have been refused by Mr. Dye for his irrigated farm and home, and it is not for sale. Why should it be? He

has all the material things that one can desire. Can you wonder why he refuses to sell?

COMMISSIONERS COURT TO CANVASS RETURNS MONDAY

The commissioners court will meet Monday next and canvass the returns of the several voting boxes of the county and announce the nominees of the election held in Eastland county Tuesday last. This action is in accordance with the law governing the canvassing of the election returns.

#### ASSOCIATE CO. DRILLING IN LEERAY FIELD

RICKS, Texas, Nov. 7.—The Associate Oil Company has commenced drilling near this place. This company has leased the lands of John Watson, Nat Tooles and Mrs. Dee Baggett, between this place and Leeray, and it is learned will inaugurate an active drilling campaign on these leaseholds.

Several years ago there were several wells on the Watson land, but the deflation in the price of oil, and other handicaps which has retarded development, caused all of the Watson wells to be shut down, and the rigs moved away. However, the Associate Co. indicates that it means business, as they have already moved in a rig on the leases, erected nice camp houses, and improving the leases like they meant to continue operations until they reach the pay.

#### CAN THEY BEAT THIS ON LANDS IN SWISHER CO?

Cisco American correspondent at Ricks tells of Ernest and George Louder trading their farms in Stephens county for a section of land in the Plainview country, and states that George will move his family to Kress next week. Kress is located on the line of Hale and Swisher counties, and it is presumed he is going there to cultivate the land he and his brother have just traded for.

This is not unusual, but one wonders how much they will better their condition after reading what the writer has to say of their success on their Stephens county farm, which is located about 14 miles from Cisco. "This year they irrigated parts of their Stephens county farms, and on three acres of cotton, with rows 160 yards long, they gathered 45 pounds of cotton to the row." The writer does not state how wide the rows were apart, and there is no method of ascertaining how many rows the three acres contained, so it is not stated what the three acres yielded. However, it is hardly possible that they will find their new lands any more productive. "Their large irrigation tank covers about 12 acres," according to the writer, and as there is no land any more productive than the lands in Stephens and Eastland county, it is hardly possible that the Louder boys have improved their condition by this deal. "Their sister, Mrs. Kate Brown, who was married late in the summer to Edgar Brown of Wayland, will remain on the home place until the first of the year," the writer states.

## Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher* Absolutely Harmless—No Opium. Physicians everywhere recommend it.

## What Do You Want Washed?

Modern laundry service is as different from the old-time service as night is different from day. Modern machinery, equipment and methods are responsible for the change. Nowadays, it is possible to complete laundry service—washing, ironing and delivery—in only a fraction of the time it used to take.

This makes the up-to-date laundry practically indispensable to the housewife of today. Give us a trial.

**Junior XXth Century Club**  
The Junior XXth Century club met Wednesday afternoon at the city hall. Following the reviews of several Italian short stories given by Misses Juanita St. John and Addie Fee, Miss Helen Williamson conducted a parliamentary drill. The following members were present, Messdames G. B. Adams, A. D. Anderson, Jack Kelly, Paul Butler and Misses Juanita St. John, Katherine Pettit, Helen Williamson and Addie and Mary Fee.

**Philathea Class**  
Monday afternoon Mrs. Etta Aycock entertained the Philathea class at the home of Mrs. M. E. Aycock. The rooms were prettily decorated with chrysanthemums and autumn leaves. Three tables were placed for Forty-Two. Plans were discussed for the holidays and the future improvement of the class. After business was disposed of games were played, furnishing much merriment for all participating. Refreshments of coffee and pumpkin pie were served to Messdames G. B. Adams, Hoyt Agnew, L. H. Carrington, Southern, T. B. Smith, Morris, Carroll Michael, Forrest Rambaugh, H. O. Hawkins, M. D. Ford, J. W. Ford, L. E. Vaughn, J. T. Gardner, Dug. Sadler, E. Garrett, Joe Whitten, J. J. Godbey, Jacobs, Will St. John, W. E. Morehart, M. E. Aycock. Visitors, Messdames George Winston, S. P. Ramey and Bruce.

**Federation Organized**  
Mrs. A. J. Olson, district chairman of rural work of the city federation, assisted by Messdames Wm. Reagan, G. B. Kelly and Philip Pettit, organized the Comanche County Federation at Comanche, Thursday.

All clubs of the county had representatives present. Following the business a social hour was enjoyed. Refreshments were served and the Cisco ladies were pleasantly entertained until their departure. They arrived home at 9 o'clock last night.

There will be a program tomorrow night at the Presbyterian Autumn Fete. Readings will be given by Miss Sarah Maude Benham and others. The public is cordially invited to attend.

Mrs. R. L. Perkins and little son, Junior, and Mrs. L. C. Hems of Eastland, were shopping here Wednesday.

Mrs. J. W. Culwell of Putnam, was shopping in Cisco Wednesday. Messdames J. W. Dye, Joe Fry and Mr. and Mrs. J. E. Dye were trading here Wednesday.

Tate Counts of De Leon was a business visitor in the city Wednesday.

Mrs. L. W. Hilgenberg, Spanish teacher at Randolph College, has returned from a visit to Galveston.

Mr. Reed has arrived from Lubbock, and will be in charge of the industrial department at Randolph College.

D. W. Rankin of Big Spring was in Cisco today enroute to Scranton to attend the funeral of his sister, Mrs. E. M. Snoddy.

Mr. and Mrs. T. J. Woodward and children of De Leon were shopping in the city Thursday.

Mr. and Mrs. Edwin Wright of near Breckenridge were business visitors in the city Thursday.

B. A. Tunnell, local agent for the Texas & Pacific, left last night for Dallas on business connected with the company.

John Garrett of Cisco route 2

transacted business in the city Thursday.

Miss Ruby Love is confined to her home today on account of a severe cold.

W. E. Spencer returned last night from Dallas to spend the week end in Cisco with his family.

Little Miss Eloise Boyd, sister of Mrs. C. C. Morse of Humboldt, is on the sick list this week.

Mrs. J. B. Andrews of Cross Plains was shopping in the city yesterday.

Mrs. J. M. Hooks of Abilene spent yesterday with her mother, Mrs. E. Ford.

Mr. and Mrs. A. G. Dabney left Tuesday for a visit in McKinney.

Mrs. Della Heath and Mrs. Kelly, both of Rising Star, spent Thursday afternoon in Cisco.

Fred Rutledge of route 4 was in the city today on business.

Mrs. Everett Davis and baby are visiting relatives in Hamilton.

Hosea Poe of Kansas City is in Cisco this week on business.

Miss Ruth Maxwell has returned from a short visit in Fort Worth.

Mrs. Minter Womack, who recently underwent a minor operation at the Cisco hospital, was moved to her home yesterday and is reported much improved.

Mrs. G. S. Duvall and Mrs. D. L. Zimmerman and daughter, Mary Louise, all of Breckenridge, were shopping in the city Wednesday.

W. P. Ledbetter of Putnam was a business visitor in the city Thursday.

The Twelfth Street Methodist church will entertain with a social tonight for the benefit of the church.

The music club will meet with Mrs. Leon Maner, 1004 West Sixth street, November 8. Choral work and the Fundamentals of Music, by Mrs. Dell King.

Mr. and Mrs. Dave Jones, Mrs. Jim Ray Bucy and Mrs. Joyce, all of Rising Star, were in Cisco Wednesday to attend the funeral of Dr. A. E. Baten.

Mrs. Mary Thomason of Putnam was shopping in the city yesterday.

Mrs. L. F. Threat of Scranton was shopping in the city yesterday.

## VITAL GLANDS

### SAVE LIFE

That the important glands of the human body are necessary to maintain life is a well-established scientific fact. It is stated by Dr. Serge Voronoff, who has devoted years of study and experiment to organotherapy, that every organ of the human body depends upon the glands for proper functioning. Glands that function perfectly are responsible for desired qualities which should exist in every normal man or woman.

Glandogen, the new scientific gland tonic, prepared in tablet form provides a simple method of taking glandular treatment. Glandogen for men and women, is obtainable at the Corner Drug Store.

## Don't Give Up Hope

### Pimples Go Forever

Even if you have about decided that you are destined to have those pimples, blotches, bumps, eczema, rash, scrofula, tetter, "breaking out," etc., the rest of your life you will be surprised that you are mistaken if you will simply begin using the wonderful Black and White Ointment, and Soap.

Black and White Ointment, and Soap, are now selling at the tremendous rate of more than two million packages a year. Any dealer can supply you. Be sure you get Black and White Ointment, and Black and White Soap, because they

are the ones people are depending on to get rid of their skin troubles and worries. The 50c size of the Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.

## Makes Fat People Slim

### New York Physician Perfects Harmless Method of Reducing Weight

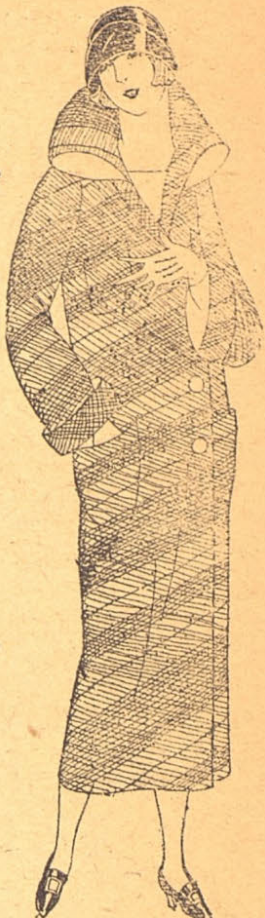

The loss of as much as a pound of excess fat a day with no harmful results is the record made by many patients of Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, who announces that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the doctor's statement that he has successfully treated thousands of patients for fat reduction without change of diet or unnecessary exercise. It is also said that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the doctor has offered to send without charge to anyone who will write to him, a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R 42.

## Are You a Suffering Woman?

Waco, Texas—"I suffered for months and months with severe headaches and awful pains in my side at times, when finally my aunt, having learned of my condition, advised me to take Dr. Pierce's Favorite Prescription. I did so, and before I had taken four bottles I was having no more trouble at all. I gained weight and strength and still enjoy the good health which I regained at that time."—Mrs. N. A. Bailey, 2024 River St. Liquid or tablets.

Obtain this "Prescription" of your nearest dealer, or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg.

## "Cascarets" 10c if Constipated, Dizzy, Bilious

Feel fine! Let "Cascarets" clean your bowels and stimulate your liver. No griping or overacting. Millions of men, women and children take this harmless laxative-cathartic. It doesn't sicken you like pills, oils, calomel and salts. Tastes nice—acts wonderful. 10c, 25c and 50c boxes—any druggist.

## How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night for coughing usually get their full night's rest even after the first doses. It has been very successful, too, for children's spasmodic croup, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for
