Loboes Will Kick Off 1985 Football Season Friday

The Cisco High School Lobo varsity will kick off their 1985 season this Friday night when they travel to

DeLeon. The DeLeon-Cisco contest will begin at 8 p.m., in the Bearcats stadium. Friday night's DeLeon

game will be the first of three non-district games facing the Loboes before they start district play September

27 when they host the Col-eman Bluecats, last year's district champions. Lobo squads scrimmaged

Hawley last Thursday night in Hawley. The varsity team seemed to get off to a slow start but they steadily im-

proved throughout the evening. Cisco scored one touchdown in the first and

third series of plays. Hawley also scored one touchdown in each of those two series. Neither team scored in the second series.

passed for 25 to gain a total of 76 yards. Hawley rushed for 13 and did not get any passing yardage for a total of 13 yards.

In the third and final series, Cisco gained 103 yards rushing and no yards passing for a total of 103 yards. Hawley managed 46 yards rushing and 5 yards passing for a total of 51 yards.

Cisco's total yardage for the three-series scrimmage was 278 yards (179 rushing and 99 passing.) Hawley gained 151 total yards (118 rushing and 33 passing.)

Cisco's Nixon completed six out of 12 pass attempts. The Loboes had five penalties for 60 yards and lost three of four fumbles.

In the first series of play Cisco managed 25 yards rushing and 74 yards passing for a total of 99 yards. Hawley gained 59 yards rushing and 28 yards passing for a total of 87 yards.

Cisco rushed for 51 yards in the second series and

Reservations For Mart Bus Needed By Sept. 4

A reserved bus is available for Cisco High School Lobo fans who want to attend the Cisco-Mart game on Friday, September 20, according to Nina Jo Anderson of the local bus stop.

She said in order to keep the reservation of the new Trailways bus, she must have reservations and payment by 5 p.m., Wednesday, September 4. The bus has a capacity of 46 persons and tickets will cost \$20 per person.

If there are not enough spaces reserved to keep the bus, it will be cancelled and the money already paid refunded.

Those wishing to make a reservation may do so at Walton's Electric, 105 W. 9th. The bus will probably leave Cisco for the Mart game at 3:30 p.m.

1985 Cisco Junior College Wranglers

CHS J.V. and CJC Plan Doubleheader

The 1985 football season will open for Cisco fans at Chesley Field here Thursday in a doubleheader program with the Cisco High School Lobo Junior Varsity playing DeLeon JV at 5:30 p.m. and the Wranglers of Cisco Junior College taking on the North Texas State University JV at 8 p.m.

Coach Rick Frazier's Wranglers devoted the entire Labor Day weekend to preparations for their new grid season. They went to Abilene for an 8 a.m. Saturday controlled scrimmage

with McMurry College's Indians; and Saturday night, the Wranglers went to Brownwood for a scrimmage with Howard Payne College.

At Abilene, the Wrangler No. 1 and No. 2 units scored two touchdowns and kicked two field goals for a 20-to-0 advantage. The No. 3 and 4 units, however, scored only once while McMurry's units were crossing the goal line three times.

At Brownwood, the Wranglers lost a 16-to-10 game to the Lone Star Conference team. The HPC

defense prevented touchdowns but the Wrangler defense intercepted one pass and ran it back for a TD and Raymond Hernandez, Wichita Falls sophomore kicker, added a field goal. He kicked the two FGs in the McMurry outing. Hernandez will handle punting as well as PATs and kickoffs this year.

Coach Frazier, in his first year at the helm of the Wranglers, said the coaching staff was "pretty well pleased with our overall play in the two Saturday scrimmages."

The Wranglers also worked out Sunday and Monday to continue preparations for the season's opener.

"We have a squad of 105 players and we're going to field a big, hard-hitting team," the coach said.

The starting quarterback Thursday will be Mark Pilling, a 6-3, 210-pound freshman from Miami, Fla., who was a red shirt at Georgia Tech last year. He is a better-than-average passer and can run, the coach said. He has several good back-ups, including Neal Kemper, who is a sophomore who played at Groveton in 1983.

Running backs will be David Smith, 6-1, 215 pounds, from Dallas Adamson and Randy Rowe, 5-11, 215, Livingston. Split ends are Daryl Grant, 5-11, 190, Miami, Fla., a high school teammate of Pilling, and Phillip Walton, Waco Ritchfield.

Bob Beauchamp, 6-6, 220, of Springtown, will start at tight end. Tackles will be Mark Lazano, 6-5, 300, Edinburg, and William Abernathy, 6-4, 250, Decatur. Guards are slated to be Jeff Copeland, 6-2, 270, South Grand Prairie, and Tim Weisenfels, 6, 255, Lufkin. Starting at center will be Mat McBride, 6-2, 240, Houston Westchester.

Of the offense starters, all are sophomores except Pilling, Rowe and Grant.

Defensive starters will include Mike Johnson, 6-2, 255, Tahoka, Fla., and I'Nell Overshawn, 6-1, 290, with David West, 6-3, 210, Fort Worth Burleson, and John Buesing, 6-4, 215, Vernon, at ends.

Linebackers will be John Matthews, 6, 230, Abilene Cooper, Tory Edwards, 6, 225, Dallas Thomas Jefferson, and Jim Wilson, 6-2, 205, Odessa Permian. Corner backs will be John Booty,

6-1, 170, Carthage, and Kenneth Pryor, 5-11, 180, Houston. Playing safeties will be Clayton Patton, 6, 186, Killeen, and Wayne Hutchinson, 5-11, 190, Knox City. Most of the defensive

starters are sophomores. The Wrangler Band and Belles are due to be out for the opener and are scheduled to perform at half-time.

The Wranglers had an 8-2 record last year, losing the

two games by a total of three points.

Mr. Frazier, who was an assistant CJC coach last year, has a staff of Randy Hodges, Chuck Lawrence and Richard Hoffman.

letters to the editor ...

Scranton Academy Is Not Building Burned

Dear Editor: Friends whose roots in the Scranton Community date back three or four generations have insisted that I, a former teacher and principal in Scranton Consolidated Schools and a more recent faculty member of Cisco Junior College, attempt to clarify the confusion that came about from news reports of the fire which threatened the town of Scranton and the countryside surrounding on Friday, August 23, 1985.

On that date, a grass fire, apparently set accidentally by a construction crew working in the area, swept quickly across an open field, engulfed a large, native-stone building which lay directly in its path, and completely destroyed it and its contents. Had it not been for the valiant efforts of the Cisco and Putnam Fire Departments, the entire town and area would have burned.

Headlines in your paper and in The Cisco Press identified the charred walls left standing after the fire as the remains of the Scranton Academy dormitory. This identification is in error, for the burned-out structure was in reality once the gymnasium-auditorium of the Scranton Consolidated School District.

This gymnasium-auditorium was begun in 1937 as a PWA project and was completed by local volunteer labor when the original funding was exhausted. It was one of the finest and most commodious gyms in the area, and it quickly became a choice site for county and district tournaments and interscholastic play-offs.

It contained an expansive playing court, bleachers seating 500 people, a large stage, flanked on one side by dressing rooms, and on the

other by a large concession area which doubled as the school lunchroom. In the basement were the restrooms and the showers and dressing rooms for players. When used as an auditorium, the seating capacity could be doubled through use of folding chairs placed on the main floor.

The demise of the fine, old structure brings sadness to the scores of former students and community residents who shared so many happy occasions within its walls - sports events, senior plays, homecomings, skating nights, coronations, and graduations - always it was the hub of activity in the community.

After the Scranton schools merged with the Cisco Independent School District in 1964, the gym continued to serve as a gathering place and as the Scranton Community Center. In the early 1970s the high cost of maintenance of the large building prompted the area residents to move the Center to the newer wing of the classroom building vacated when the Scranton schools merged with Cisco. The older part of that building and the gym were subsequently sold to individuals.

Scranton Academy belonged to an earlier era of history, and the last of its buildings was destroyed years ago by a fire started from candles on a Christmas tree. In 1903, thirteen years after the town of Scranton was founded, the community fathers, not satisfied with a rural school which taught only eight grades, raised money by public subscription to build Scranton Academy.

Its completed plant consisted of a large, two-story classroom building, two dormitories, a science laboratory, a library, and an auditorium which seated 500.

Students came from all over the area to take advantage of a curriculum which provided not only an eleventh grade education but also an extensive teacher training program and varied instruction in the fine arts.

Its enrollment grew to 325 by 1910, and from its halls came doctors, lawyers, teachers, and other professionals who dispersed far and wide to practice their chosen professions. The Academy flourished until 1916 when unsettled conditions worldwide occasioned a drop in enrollment.

Meantime, the railroad came to Cisco, and Dr. O.C. Britton, the first president of the Academy, saw the opportunity to continue the good work which he had initiated in the Scranton Academy at a site near the railroad where better transportation facilities would be available. Hence, he founded Britton Training School in Cisco.

This school was doomed to a short life by the eruption of World War I. In 1923, however, the school was reopened by Christian Church of Texas as Randolph College. By 1934 financial problems had become so acute that it, too, was forced to close.

State legislation in 1939 made possible the reopening of the school as state-supported Cisco Junior College. Its growth has been phenomenal, and today it operates at six locations and serves hundreds of students of all ages in both academic and vocational fields.

And what of the Scranton Community? Bereft years ago of its Academy and more recently of its schools and churches, the residents continue the effort of its founders to provide the best for its people. Two active organizations enrich the lives of the people.

One maintains the Scranton Community Center, looking to the welfare and care of neighbors, providing a meeting place for them, and furnishing recreation for all ages. One of their most successful projects has been the first-Saturday-night musicals which attract musicians and fans from a radius of 100 miles or more.

The Scranton Cemetery Association oversees the well-kept, endowed cemetery.

Moreover, Scranton residents have melded into the everyday activities of Cisco and are very supportive of its businesses, schools, and churches. Like many small towns, the pattern of life in Scranton has been alter by changing times. But the spirit, the ideals, and the aspirations of its citizens remain steadfast.

I trust that this letter will alleviate the confusion concerning Scranton Academy, a community-owned institution operating from 1903 to World War I, and its successor, Scranton Consolidated Schools, which at the time of the merger with Cisco in 1964 served the educational needs of the Zion Hill, Haskell, Danhorn, Nimrod, and Scranton Communities.

Respectfully,
Evelyn Bailey

Booster Club Meeting Set Here Wednesday

There will be a meeting of the Booster Club on Wednesday, September 4, at 8:30 p.m., at the high school. All interested persons in the athletic program need to be present.

Book Fair and Sale Set Here

The annual book fair and bake sale sponsored by the E.L. Graham Memorial Hospital Auxiliary will be held in the Laguna Hotel lobby September 20 and 21.

Anyone who has books they would like to donate, is asked to please drop them by the Chamber of Commerce office or call Jo Montgomery at 442-4498. All donations and support will be greatly appreciated.

Meet The Varsity Loboes

SHELBY NIXON
Shelby wears the No. 10 jersey on the Lobo varsity. A 160-lb. junior, Shelby plays quarterback and safety.

STEVE ABBOTT
Steve is a 161-lb. junior on the Lobo varsity. He plays fullback and center, and he wears the No. 24 jersey.

HALL OF REMARKS

BY HERREL HALLMARK

AN OLD newspaper belonging to Joyce Carroll, wife of Weldon Carroll of Cisco, was brought into the Press office one day last week. Joyce is the daughter of W.A. Sanders who used to own a grocery store where Oscar's Barbeque is now located.

The newspaper was dated Saturday, December 29, 1923 and entitled the Rural Minneapolis American. Underneath the newspapers standard was the following motto: "Published weekly for every member of the family."

Current Press customers might be interested to notice that the paper cost 75 cents a year.

A number of the articles in the newspaper bring a chuckle when you read them because of the seriousness in which they were written. Among the more interesting short stories were the following:

WOMAN RACES SNAKES TO GATHER EGGS FROM COOP

Luck, Wis.- "We have so many rattlesnakes that when I hear a hen cackle I have to race to her nest to get the egg before a snake gets there."

Thus declared Mrs. Huston Sowers, who runs a farm near Luck, in appealing to the state for a "snake hunter."

Mrs. Sowers declares that 500 rattlesnakes have been killed on her farm during the last nine years.

The state biological survey has promised to take action.

SKUNK WORE HAT AFTER STEALING JELLY

Plymouth, Mass.- Noticing a skunk with something shiny on its head, Henry Knight killed the animal. He found that its head was encased in a jelly tumbler.

The skunk, in order to get the jelly out of the glass, apparently had put its head in so far that it could not get it out again.

FINGERPRINTS FILED SO KIDNAPED CHILD MAY KNOW SELF LATER

Seattle, Wash.- Finger prints of Fred Boyd Jr., who disappeared from the home of his grandmother, Mrs. Mary Waters, near the Dalles, Ore., have been filed so that he may identify himself later in life. Mrs. Waters said the child, nearly 3 years old, was kidnaped. The finger prints were obtained from a window where the boy often stood with his hands pressed against the pane.

WITH SCHOOL starting its 1985-86 year, everyone is being urged to be especially careful around schools. Drivers are being warned by the police that they will be patrolling school areas to watch for speeders and also to check driver licenses.

Also, while you are driving, be sure and buckle your seat belt. If you don't, you are now breaking the law.

Missing Children

Rachel Hanna Ziselman
 DOB: 09/30/65
 Date Missing: 09/05/77
 From: Pacific Palisades, California
 Age: 19
 Race/Sex: White/Female
 Eyes: Blue
 Hair: Dk. Blonde
 Height: 4'8"
 Weight: 65-70 lbs.

Identifying Marks: Long Hair, High Cheek Bones. She was wearing white T-shirt over yellow/blue/pink bikini bathing suit.

Last Seen: 09/05/77.
 She was walking home from a local supermarket and disappeared.

Investigating Agency:
 Los Angeles Police Dept. Missing Persons,
 Tel: (213) 485-5381.

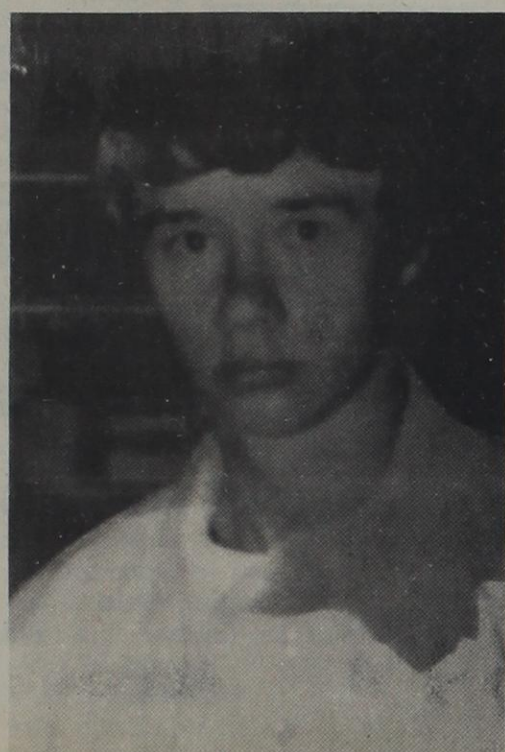

Cinda Leann Pallett
 DOB: 5/13/68
 Date Missing: 9/26/81 at age 13
 From: Oklahoma State Fair
 Age: 15
 Race/Sex: White/Female
 Eyes: Dark Brown
 Hair: Dark Brown
 Height: 5'
 Weight: 80 lbs.

Identifying Marks: Small scar below left eyebrow. Retainer behind lower front teeth. Cinda is part Mexican decent, but is light complected.

Last Seen: 9/26/81.
 Attended the Oklahoma State Fair. Called home saying she and a friend (Charlotte Kinsey) had a job helping unload stuffed toys on fairgrounds, and would call again at 9:00 p.m. Never heard from them again.

Investigating Agency:
 Federal Bureau of Investigation 405-842-7471

Juho Uronen
 DOB: 10/16/63
 Date Missing: 12/09/80
 From: Scarsdale, New York
 Age: 21
 Race/Sex: White/Male
 Eyes: Blue
 Hair: Lt. Brown
 Height: 6'
 Weight: 140 lbs.

Identifying Marks: Wears Contact Lenses

Last Seen: 12/09/80.
 He was an A.F.S. student from Finland, attending Scarsdale High School. He left his host family's home approx. 3 P.M., carrying about \$180.00. Three days later, his wallet was found in Manhattan, between Franklin D. Roosevelt Dr. and the East River at 61st Street. It contained identification, but no money.

Cynthia Lynn Sumpter
 DOB: 07/18/68
 Date Missing: 04/27/74
 From: San Jose, California
 Age: 16
 Race/Sex: White/Female
 Eyes: Blue
 Hair: Blond
 Height: 3'
 Weight: 50 lbs.

Identifying Marks: Cowlick on right side of hairline. Mole on shin and left back.

Last Seen: 04/27/74.

William "Billy" Dale Gunn
REWARD
 for information leading to the safe return of or information leading to the arrest and conviction of the person or persons responsible in the event there has been a crime involved in his disappearance. Billy was last seen in Klamath Falls on June 16, 1984.

Sean Evans
 DOB: 11/25/81
 Race/Sex: Caucasian/Male
 Eyes: Green
 Hair: Blonde
 Height: 2' 11.5"
 Weight: 45 lbs.

Parents Name: Frances W. and Connie F. Evans
 Phone (Leave message): 1-315-788-8448
 910 Water Street, Watertown, NY 13601
 Grandfather: Mr. Lyl (Lyle)? Merritt
 334 Gale St. Watertown NY 13601
 Aunt: Cheryl Goodfriend
 (315) 639-3732; handling all information

Remarks: Last seen playing in yard of home on 5/17/84; mother went to answer phone, leaving Sean and younger brother alone for less than two minutes. When she returned, baby was still in playpen and Sean was gone; family lives near river. Police have done many searches of river and wooded area near home to no avail.

Investigating Agency:
 Watertown Police Department
 Officers: Detectives Cole and Charles E. Morse

Carbon And Equalization

Drilling Bits

By Viola Payne
Equalization.

That's not a very nice word around the Carbon Independent School District these days, for this school has lost a total of \$105,000 in State aid funds during the last two years.

The current year's loss for the 140 pupil 12-grade school, according to Superintendent Kenn Norris, is \$41,783. This was dropped from the local funding due to taxable value and other provisions in House Bill 72.

In addition, Norris says, the local valuation decreased because of a drop in oil revenue.

The Carbon School Board, in a meeting Aug. 19, voted to raise school taxes. They decided to raise them from the current level of 65 cents per \$100 valuation to 69 cents per \$100. This, with State and Federal aid, will cover a budget of \$595,996.

According to the latest Texas Research League Bulletin on State Finance, Carbon was the only school in Eastland County to take a loss in State aid this year. It was certainly not the only one in the area, however. Moran lost \$21,951, and Baird lost \$3,371. In Brown County May and Zephyr lost funds, and Gustine in Comanche County also felt the axe.

Around 500 schools across the state are in a similar situation, with the burden appearing to fall on smaller schools. This is not always the case, however, for some more affluent metropolitan areas lost millions in this massive reshuffling.

House Bill 72 was passed during an emergency session of the 68th Texas Legislature in 1984, and reaffirmed by the 69th Legislature in 1985. When most school officials discuss Bill 72 they talk about difficulty with the academic requirements, or the no-pass-no-play rule applying to athletics.

Not so with Norris. Compliance in these areas was not difficult for Carbon, he mentions.

"We always tried to stay ahead on academics. Our students have always scored well in testing. The athletes, too, always knew they must keep up their academic work. I agree with a number of provisions in Bill 72 dealing with scholastics."

"In addition we've always had a strong vocational program, with a lot of participation in FFA and FHA. In fact, we had a good thing going in Carbon," he says.

The problem for Carbon, he explains, lies with the current formula for computing State aid. Carbon, with the number of students it has, together with oil interest and a sound local tax base, fell into a category to lose aid.

The Texas Public School Finance Plan of H.B. 72 is written in a style which would hardly win prizes in communication. It is so technical, in fact, that school Administrators such as Norris have attended more than one "in service" meeting to hear explanations on how to implement it.

To the average reader the Computation part of the Equalization of HB 72 seems written in language which is convoluted and obscure. It even departs from what is usually called language and goes into algebraic formulas. Letters stand for categories and terms in this alphabetical morass.

The term "Foundation Payments" is used quite a bit in the 86 page booklet of "Explanations and Interpretations" of the Finance Plan in HB 72. In this, the schools are divided into three categories: Category 1 - a school district having a wealth of less than one-half of the statewide average wealth, Category 2, a school district having a wealth of at least one-half of the statewide average, and Category 3, a school district having a wealth of more than the statewide average.

"Wealth", as defined in this publication, means the taxable property values reported by the State Property Tax Board to the commissioner of education under Section 16.252 of the code divided by the number of students in average daily attendance.

The State average of "Wealth" per child is listed at \$256,454. Last year Carbon was listed as \$439,153, and this year \$369,565 per child. It should be noted that these figures always run a year behind.

It doesn't take too many guesses to conclude where the money pulled away from Carbon went!

The implied mingling of local taxation with how much a school "gets" from the state leads into a subject called "Equalization Trans-

tion". The booklet says: "Under this plan 'A school district that receives less state aid per student in average daily attendance in a school year than it received in a previous school year AND THAT RASIED TAXES TO OFFSET THAT LOSS is eligible for state funds to match in part the increased levy.'"

The language seems a bit plainer here. Raise the local taxes and you may get some of it back. No new State taxes, remember?

Raising local school taxes will also qualify a school for "Enrichment Equalization Aid", but that is another subject.

Kenn Norris mentions that some state funding has been cut in Carbon for Special Education and Vocational programs, causing the school to have to raise more of its own money for this too. An extensive remodeling program for the school building was begun two years ago, and this partially completed.

"We intend to go right on building up the school plant and school system here, in spite of any obstacles," the Superintendent says. "The people of the Carbon District have always taken pride in their school and supported it in every way possible. We have virtually everything here that larger schools offer."

The No. 2 Childers has been brought on line in the Eastland Regular Field, with Sol Edad as the operator.

Located one mile northeast of Scranton, the well is in a lease in the H&TC Survey, A-489. It showed ability to flow 125,000 CF gas per day on a three-eighths-in. choke. The absolute open flow rating was 161,000 CFD.

The well bottomed at 400 feet and will produce from a perforated interval in the Cisco Formation, 292 to 322

feet into the wellbore.

Sun Exploration & Production of Abilene has revealed plans to drill three new developmental wells in the Ranger Field, Eastland County.

The Nos. 2604 Northwest Ranger Unit and 3705 Northwest Ranger Unit are to be located in a 2,642-acre lease in the H&TC Survey, A-296.

The No. 2604 well carries permit for 3,950-ft. maximum depth, and the No. 3705 well carries permit for

4,000-ft. total depth.

The No. 1 P.L. Peebles will be drilled in an 80-acre lease in the H&TC Survey, A-296. Total projected depth of the well is 3,900 feet.

All three wells will be located three to four miles north-northeast of Eastland.

Thomas Hydrocarbons has filed first production figures on a new oil well in the Sipe Springs Field, Eastland County. The No. 1 Anderson Brothers showed potential to pump oil at the rate of 20 barrels per day.

The operation is located in the W.H. Hooe Survey, A-320, seven miles south-southeast of Carbon. The well will produce from an interval in the

Marble Falls Formation, 2,614 to 2,630 feet into the wellbore. Total drilling depth was 3,260 feet.

Van Oil of Duncanville is planning to drill two 990-ft. developmental wells in the Eastland Regular Field. Designated as the Nos. 1-B & 1-C.T.T. Fair, the well will be located ten miles southeast of Eastland. Drillsites are in the McLennan CSL Survey, A-368.

PRICE DIFFERENTIAL ADJUSTMENT

Sec. 16.102. PRICE DIFFERENTIAL ADJUSTMENT. (a) The basic allotment for each district is adjusted by multiplying the amount of the basic allotment by an index factor that reflects the geographic variation in resource costs due to factors beyond the control of the school district.

(b) For each school year until a different formula is adopted under Subchapter F of this chapter, the commissioner shall adjust each district's basic allotment by applying the following formula:

$$ADA = (BA \times .75) \times PDI + (BA \times .25)$$

where:

"BA" is the adjusted basic allotment;

"BA" is the basic allotment; and

"PDI" is the price differential index applicable to the district

(c) For each school year until a different price differential index is adopted under Subchapter E of this chapter, the price differential index is calculated in accordance with the following formula, as modified by Subsection (d) of this section:

$$PDI = \frac{(CPTS)}{(CPTS) + (.10 \times DED)}$$

where:

"PDI" is the price differential index applicable to a district;

WANTED: Gas Condensate from gas wells or gas compressor stations. Any amount. Highest price paid. P.O. Box 15155, Fort Worth, Texas 76119

The Talent winner will receive a 1st place ribbon.

The Photogenic winner will receive a 1st place ribbon.

Lights From The Christian World

Josephine Cleveland

Preparing Students For the Demands Of Life

Our schools will soon be opening their doors to the youth of our nation. The concern of Christian parents is the fact that the courts of our land have within a few short years swiftly and completely managed to shut out the teaching of Christian principles from the students of our land. Now the burden of Christian morality, knowing the difference between right and wrong has fallen on the parent and Christian School educators. To them is the task of raising and teaching children to live productive lives that will bring honor to Christ and will meet their inner needs.

Often it is the simple things that confound the wise. Could it be that the humanists find it so simple that they cannot grasp that drug use, crimes, confused youth, rape, and other such problems confronting our students, can be solved by following the teachings of the Lord Jesus Christ? Instead, they search and try many different methods to only find it is compounded instead of improved.

When we think of children and young people, it is important that we keep the long range, full-like perspective in view. Life is like a tapestry. The total picture is not complete until the last threads are finally woven into the work. The early weaving greatly affects the completed picture.

There is much more to the job as the 'molders and shapers' of the next generation that training children in the basics of elementary literacy. Quality academics is important but proficiency in basic skills represents only a few threads in the overall tapestry of life.

Dr. Paul A. Kiendel, Executive Director of the Association of Christian Schools International listed some broader responsibilities

in helping children develop an inner and outer order in their lives. His suggestions should be helpful to the concerned parent and even to the Christian teacher in the public school.

1. Inspire (by your example) youth to follow Jesus Christ. Most often children will receive Christ into their lives as their personal Saviour when they see Christ in their parents and friends. Be a soul winner. Begin by lovingly leading your children. "Hear thou, my son, and be wise, and thine heart in the way. (Proverbs 23:19) Christ is the cornerstone upon which meaningful lives are built.

2. Maintain positive confidence in your children. Not only is this important for parents to follow but it is a good method for teachers to follow. Youngsters and young people assimilate more from us than most of us realize—not the least of which is their own perception of themselves. Too often we major on their shortcomings. We are forever after them about the things that they do wrong—and we need to direct them. But the predominant message they should hear from us is that GOD LOVES THEM AND THAT GOD HAS A UNIQUE PLAN FOR THEIR LIVES. Our ever present verbal support of our children is essential to their confident approach to the future.

MARKET REPORT

The market at Eastland Auction was on a run of 835 head of cattle, 340 hogs, and 66 sheep and goats at its sale according to David Coan reporter.

The market was steady on most all classes but not quite as active as in past weeks.

Butcher calves: choice, 52-60; good, 50-55.

BRINGS YOU THESE IMPORTANT TIPS...
YOU AUTO KNOW

Vapor lock is a nuisance in hot weather. Heat causes gasoline in the fuel lines to boil and vaporize, the fuel pump cannot move the vapor, fuel line pressure drops, and the car stalls. Cool-down is the basic "repair."

If you find oil spots under the rear of the car, it may be a sign that oil-filled shock absorbers are leaking and should be replaced.

Pay extra attention to the performance of a smaller engine. One misfiring spark plug out of 4 can do more damage than that misfiring would among 6 or 8 cylinders.

When wheels are out of alignment, tires wear out faster than they should, and it's harder to steer properly. Check wheel alignment at least once or twice a year...or whenever the car has been subjected to unusually bad road conditions.

You'll save money by spending MORE on maintenance for your car. Lubricate and change oil more often than manuals recommend and your car will last longer.

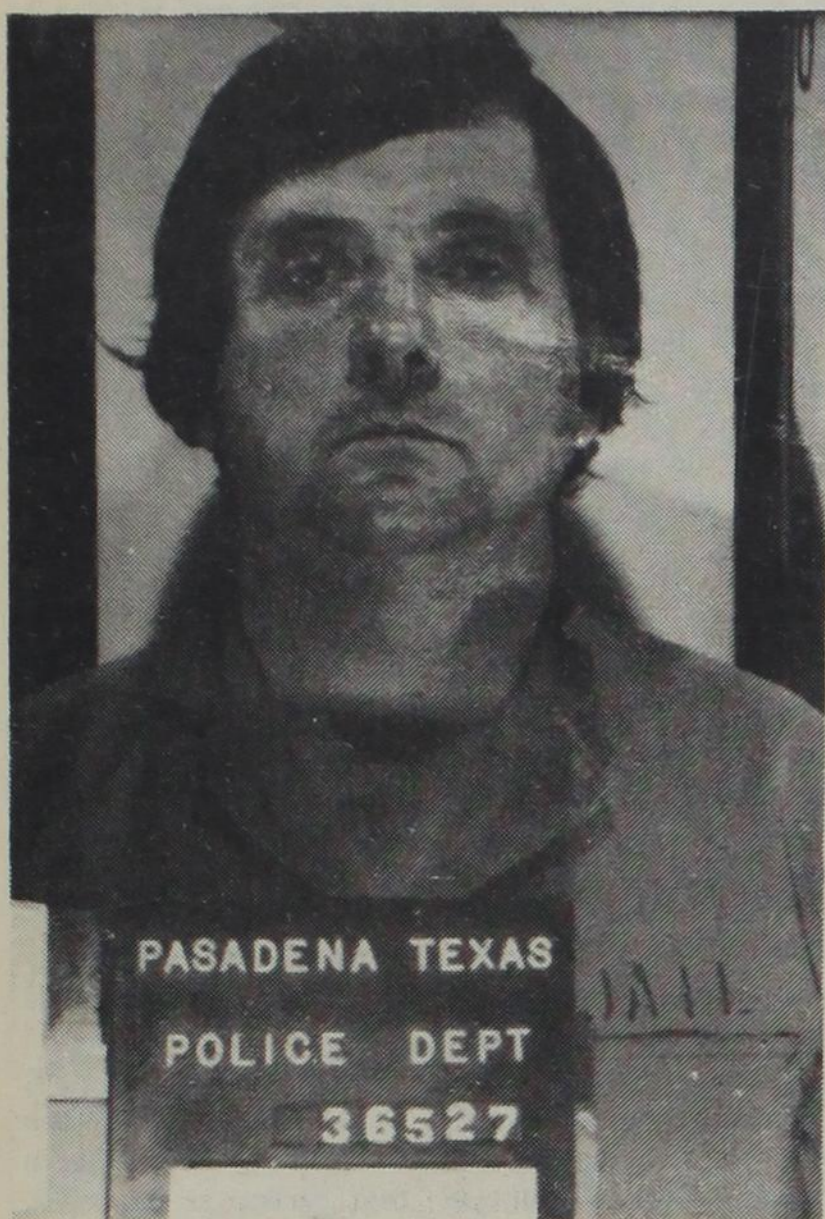

New-Used Cars

Most Wanted List

PASADENA, Texas -- Harold Bell continues to be More than seven years after he allegedly shot and killed a Pasadena man, Edward Bell, who was the first

fugitive selected to the Texas Most Wanted list in January, is once again publicized by the program in hopes that new information might lead to his capture.

As a result of the publicity surrounding Bell when he was first selected to the Most Wanted list, the Texas Crime Stoppers Advisory Council received a large number of calls from citizens throughout the state. Many of the calls involved people who looked very similar to Bell. Ironically, one tip assisted police in the investigation of a rape case in the Amarillo area.

Other tips determined that Bell had apparently been in the Dallas area as recently as one year ago.

A former Diesel mechanic, construction worker and pharmaceutical salesman, Bell is wanted for failure to appear in court on charges of Murder and four counts of Indecency with a Child.

The charges stem from an incident in Pasadena on August 24, 1978. Police reports indicate that a heavy-set white male was exposing himself to children in a residential area in Pasadena.

Larry Dean Dickens, 26, the father of a young girl, was visiting his mother's home and saw the man exposing himself. Dickens went outside and grabbed the keys to the suspect's truck in an effort to detain him for police.

It was a brave act that cost Dickens his life.

Police say the suspect saw Dickens and pulled out a pistol and began shooting at the young man. Dickens staggered into the garage at his mother's home and collapsed on the floor with his wounds. Witnesses say the

offender then pulled a rifle out of his truck, walked into the garage and - ignoring pleas from Dickes's mother that her sons life be spared - shot the young father in the head at close range.

A short time later, police apprehended Edward Harold Bell as he was driving away from the area.

Bell is described as a white male, 5-11, 220 pounds, with Brown hair and Hazel eyes. When he failed to appear in court to stand trial on January 8, 1979, Bell forfeited a \$125,000 bond.

Anyone with information on Bell's possible whereabouts is asked to call the Texas Crime Stoppers Advisory Council toll-free at 1-800-252-8477 or their local Crime Stoppers program. Callers do not have to reveal their identities.

A \$1,000 reward will be paid to anyone whose information leads to Bell's capture.

Texas Most Wanted is a weekly cooperative program between the Department of Public Safety and the Texas Crime Stoppers and is designed to enlist the support of citizens in determining the location of dangerous fugitive felons.

As of August 26, 1985, the Department of Public Safety reported that Edward Howard Bell is wanted on the following warrants:

Murder, Failure to Appear, and Indecency with a Child; 208th District Court, Pasadena, Texas.

The Cisco Press Thursday, September 5, 1985

Fugitive George Walter French Apprehended

Governor Mark White announced and the Texas Crime Stoppers Advisory Council announced that George Walter French, a fugitive who recently had been added to the Texas Most Wanted list, has been arrested by detectives with the Houston Police Department.

French, 51, was wanted on a warrant out of Harris County for Burglary of a Building. He was arrested Monday by detectives of the Houston Police Department's Special Theft's Division.

"The Texas Most Wanted program continues to achieve great success," Governor White said. "Of the fugitives that have been placed on the Texas Most Wanted list, nearly one-third have been arrested."

Police reports indicate that detectives observed a pickup truck with Arkansas license plates parked in a motel parking lot near the Galleria. A computer check revealed that the pickup truck had been stolen from Little Rock, Arkansas.

The detectives observed the stolen vehicle and arrested French and a female companion, Gaye Bonin, as they started to get into the pickup truck.

Investigators say that a quantity of stolen credit cards, buglar tools, and a powdery substance were also seized at the time of French's arrest. The powdery substance is being analyzed to determine if it is

a controlled substance, detectives said.

French is the ninth Texas Most Wanted fugitive arrested since the program began in January, according

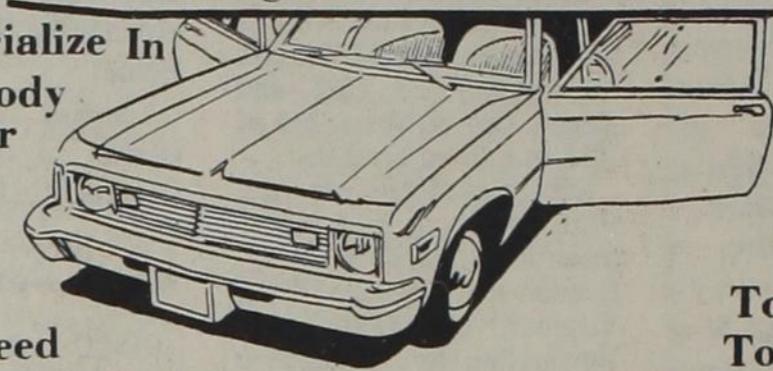

to Greg MacAleese, Program Coordinator for the Texas Crime Stoppers Advisory Council. A total of 30 fugitives have been featured as Texas Most Wanted.

Guest Slot

By Goode Ol Daze
Warning: This story somewhat parallels Alfred Hitchcock's movie of some years ago - "The Birds" - which depicted birds turning vicious, attacking people and pecking them to death. However, this story is not quite as dramatic because no one was killed, though there was at least one injury in which a man's scalp was lacerated by an attacking bird.

This story was told to me by my aunt, and it represents her experience of earlier this summer, at her home in a south central Texas city.

At my aunt's request, I'm being nonspecific about the city as well as a couple of governmental agencies I'll refer to later. I think my aunt is being overcautious, but she is a very private person who doesn't want to become the focal point of some human interest story involving birds and governmental agencies.

A bird problem was prevalent throughout the city, and the local newspaper did a report on the strange phenomenon plaguing the city.

My aunt showed me a newspaper photo of two boys lying face down on the ground, trying to protect themselves against two swooping birds.

She soon discovered that her tall sycamore tree in her backyard had been homesteaded by a couple of these birds. It seems that she was the only homeowner on her block to be so graced by their presence - a residency which soon threatened the delivery of her mail.

The birds were kites - members of the hawk family. They were also a protected species, the factor which prevented their destruction.

My aunt soon found herself running to the alley with her garbage, ducking the assaults of these birds, which screeched loudly as they swooped down at her.

A man, who lived down the street visited my aunt to see these birds he'd been hearing about. When he entered the backyard, he was sent running with his hands covering his head to protect himself from the diving attacks of the birds.

The birds were particularly aggressive toward the mailman. As he neared my aunt home, he'd start running from house to house, seeking the safety of porches which afforded him some protection from the bird's swooping tactics. On one occasion he backed himself against my aunt's front entryway and tried to mace the screeching hawks as they swooped by.

The unnerved mailman told my aunt that the term "birdbrain" was a terrible misnomer. "Lady", he said, "these birds are intelligent. They lay in wait for me, planning their attack."

Finally, my aunt called a State agency. A uniformed officer came out and gave her some literature on kites. He informed her that although kites were not an endangered species, they were a protected species in order to keep them from becoming an endangered species. My aunt was not impressed by the profound reasoning of the State agency.

It was obvious that the man was trying to get my aunt to appreciate the birds a little. However, she informed him that she felt like the endangered species. Furthermore, she felt that she

should have some say as to what occupied her tree. After all, as it was her tree, she could cut it down if she chose.

The problem wasn't resolved.

Later, she got a call from someone at the post office who informed her that the mailman was not obligated to endure the hazard lurking at her house. Therefore, they were going to install cluster boxes on the corner of her street where residents could pick up their mail.

My aunt argued that such a move was unfair, whereupon the caller said he'd try to get a certain federal agency to help out before he made the change.

The federal man arrived. He agreed that the nest should be removed but that he had to get permission first. The next day he returned accompanied by a work crew and a large truck with a crane lift. Before they could drive onto the property, however, my aunt had to sign some papers which legalized this awful deed.

The nest came tumbling down and landing beside it was a fledgling, looking every bit as fierce as its parents. Carefully, with special gloves, the federal man retrieved the clawing kite and took it to the Audubon Society.

My aunt's story having ended, we began to speculate upon our governments' attitudes toward people. While protecting wildlife is commendable, we couldn't help wondering that if the same care and concern were directed toward people - those people as vulnerable as that fledgling - then might not every person in this country have shelter this winter?

Fishing Outdoors

Terry L. Wilson

Al Hillmeyer, one of the best known taxidermists in Texas, and probably one of the best anywhere on mounting largemouth bass, is no longer skinning his mounts.

Any taxidermists can quit skinning fish now. Replicas could become the wave of trophy bass mounts.

You wake a good quality 35 mm color slide of your fish as soon as it comes out of the water send it to Mr. Hillmeyer with length, weight, and girth and this fish will be duplicated. But the real reward will be the joy of watching that lunker swim away to fight again.

The molded acrylic result bares a startling resemblance to a mounted fish, with almost the same detail of texture in the scales and lateral line.

The question is, are anglers ready for replica trophies?

For more information on this new process call (409)760-2645 in Conroe.

Thursday, September 5, at 7:30 p.m. we shall be hosting our regular monthly meeting. All members are urged to attend to assist in finalizing items for our up and coming invitational Sept. 15 on Lake Leon. We hope everyone will plan to attend and bring a friend. Maybe they will get hooked on fishing too.

Large numbers of fish are being taken on Lake Leon at present. During the 3-day weekend, 2 anglers reported boating over 60 fish from one to three and a half pounds. We might mention everyone of these fish were released unharmed, to be caught again. Conservation like this will help insure our fishing

for many years. Lake reports are shaping up slowly, most impoundments were good Thursday, Friday, and Saturday, but slowed when temperatures began climbing Saturday.

Cisco bass fair to 3 pounds on jigs, catfish slow, crappie slow. Proctor bass good to 4 pounds on topwater, crappie excellent, hybrid strippers fair, catfish good. Hubbard Creek, bass fair, crappie good, catfish good. Houston country, bass good, white bass fair, crappie good, catfish fair, Sam Rayburn, black bass good, white bass fair, hybrid strippers fair.

With water temperatures beginning to cool, anglers have the chances once again of catching some real nice stringers. During this time of year fish can be perhaps the hardest, but also produce the largest fish. Cooling temperatures trigger the need to feed more often. The major problem is the bass are normally scattered. Effective baits at this time are spinner baits, topwater, worms, and crankbaits. Most are best worked in shallow water near bends in major creek channels. Why bends? One they usually offer a wash out providing a little deeper water, also at hand there is any easy climbing ladder, (long sloping points) by which the fish can migrate to and from shallow water for feeding, or to retreat if driving by pressure, or weather changes.

Don't forget, next time out take those youngsters, who knows, they could be our big winner in our youth division September 15.

Mrs. Josephine Cleveland Returns From 20-Day Trip To Far East

Josephine Cleveland returned this week from a twenty-day trip to Taipei, Taiwan, Manila, Hong Kong, Canton, China, and Hawaii. After returning to Los Angeles Mrs. Cleveland spent a day with Ruth Willhite of Torrance, California, who accompanied her on the trip. Her husband, Dr. C.M. Cleveland and daughter, Carolyn, met her at Dallas International Airport on her arrival.

Mrs. Willhite and Mrs. Cleveland met the Nora Lam Ministry team at the China Airline terminal in San Francisco. The group flew to Taipei, Taiwan via Tokyo where they conducted five crusade meetings in a large stadium. Several thousands attended these meetings. Mrs. Cleveland also was the invited speaker in a Taiwanese church while there. Throughout the six days they spent in Taipei the team also ministered throughout the city. Approximately 25,000 Bibles were distributed by the group.

The next country visited was the Philippines where they held two night services in the Philippine Plaza. The ball room holds 4,000. Each night the Plaza was overcrowded and many had to stand in the outer rooms. During the day 36 different ministries requested members of the group assist them in their different ministry.

Mrs. Cleveland, for the fourth year, along with five other tour members, accompanied Mrs. Oglia Robinson, who heads the Prison International Ministry in the Philippines, to the Bilbid Prison. This prison is one of the largest in the world.

A request was made to the Warden to visit death row. For the second year Mrs. Cleveland was granted the request to visit and speak to this group of men. Here she spoke to two different groups of inmates, while the other

five members of the team spoke to a group. Approximately sixty men from the group she spoke to responded positively to the gospel.

Later Mrs. Cleveland visited the chapel that was organized within the walls through the 28 years of Mrs. Robinson efforts in working in this prison. Many other groups are now helping in this endeavor.

Mrs. Cleveland remarked, "I have never experienced a more overwhelming sight as I viewed the conditions inside this prison. The men are ill-clad, hungry, and hopeless. No work is given them to do or any organized effort is made to assist them in any way. Each is given a small amount of rice a day, a small piece of raw fish, and one slice of bread. They receive a few sticks and must prepare their own food from a small pan that many use."

"Straw is provided and placed in piles in the dull,

dirty, unpainted building. They make small boxes and other container of pictures from this straw and if fortunate try to sell them to any visitor allowed into the prison. Christian workers try to help them sell their box containers.

"To write a letter they must sell their food or their treasures to buy a stamp. If an outsider sends a package they seldom receive it. It must be sent to someone outside the prison and the sender trust that it reaches them. It is surprising how many request a Bible with reference as they desire to read and study this book."

From Manila the group flew to Hong Kong. Here Mrs. Cleveland visited a long-time friend, Paul Kowk and wife, Vera, who live there permanently. While in Hong Kong the group received instructions for their trip into China via train to Canton, China. For the fourth

year this group has traveled into China. The first year the group visited South China and this year traveled only to Canton. They visited the one protestant church in this city of over a million, and did as much ministry as they could in this country governed by the communistic ideology.

"This year there was an air of friendliness to the Americans not felt previously. Many of the younger Chinese are wearing colorful, western style clothing causing them to stand out against the grey drabness of the old ancient buildings which reveal the utter poverty of the citizens under their form of government," Mrs. Cleveland said.

Returning by train from Canton, the group spent a few days in Hong Kong before traveling to Hawaii for a three day vacation before returning to the States.

National Grandparents Day Scheduled September 8th

America's grandparents have contributed decades of hard work, brainpower and love to our society. Now, with the observation of National Grandparents Day, their contributions are being recognized.

The Texas Department on Aging, in conjunction with the national observation of this holiday on Sept. 8, is providing free certificates of recognition to deserving grandparents all over the

state. These certificates, which are suitable for framing, are signed by Texas Governor Mark White and O.P. (Bob) Bobbitt, the Executive Director of the Texas Department on Aging.

Churches, schools, community organizations, and senior centers can all use the certificates, which are inscribed with the words "An Outstanding Grandparent," in ceremonies honoring

senior citizens in local groups.

Outstanding Grandparent certificates can be ordered only through the Texas Department on Aging (write to P.O. Box 12786 Capitol Station, Austin 78711 or call toll-free 1-800-252-9240). The Department on Aging can also provide additional information on the history of Grandparents Day and suggestions for special recognition activities.

Spotlights and Sidelights

by Julia Worthy

THE REST OF THE Q's and A's

8. Should the newspaper endorse candidates on the local level, such as mayor, alderman, school board?

A. The same kind of influence on public opinion will be felt at the local level as at the national, but repercussions are possible. The best to be heaped for is strictly impartial reporting. Who is to say what is "strictly impartial?" Beats me. But it does seem to be that positively identified editorializing is one of a newspaper's responsibilities.

9. What should this newspaper's unsigned letter policy be?

A. Letters that are unsigned should not be published, no matter if they are Pulitzer Prize material! However, the name may not be printed if the writer requests it. There are kooks who get their jollies writing to complete addresses, so there is no useful purpose in giving them targets. If someone is interested enough to take (or mail) a reply to the paper, the writer of the original letter has a choice.

10. Should editorials carry the name of the writer?

A. Editorials should carry the name of the writer, or so I think. Readers like to know whom to praise or blame, and while editorials should reflect the paper's usual policies, there may be areas that the writer could be more explicit about if allowed the leeway of a name.

11. What topics are not currently being well-covered?

A. My personal interests would include more local short shots: comings and goings, who's news, what's cooking and editing a lot of "news" releases so local items could be used.

12. Should the newspaper cover more schools news?

A. School news: Yes! Emphasize that our chief local asset is our youth. Give youngsters reasons to return after further academic education or vocational training...give them the latter here, on-the-job. After all, there are a couple of junior colleges well within reach so an ambitious young'un could go both the academic and vocational route if local business men are interested in local growth rather than transplants. The newspaper would have a story (and pictures) if Pete Pido explained the fast food business to

homemaking classes in EHS—and to math classes as well. Cooking on the front burner, the back burner, or in the oven doesn't matter much if you don't know how to order supplies, what measures to take, or how to project (estimate) for future plans. There's more to running a service station than, "Check your oil!"

13. Do you believe the newspaper covers both sides of most controversial questions?

A. This touches the impartial stance I favored in endorsing candidates. As far as it goes, the paper presents both sides, but I'd like a little more firmness—maybe I mean more depth of coverage—when there are specific issues.

14. Do you feel the newspaper personnel are approachable, whether it be for a compliment, complaint or possible news item?

A. Yes, but I am not sure my opinion in this area has much validity. In regard to possible news items, I would like to see closer tabs kept on keeping local news items current instead of some of the "news releases" which don't have much time significance.

4-H NEWS
 By Faith Ballard & Paul Brown

"Believe It Or Not I Care," BIONIC date has been set for Saturday, October 19, at Camp Inspiration. The program is sponsored by the Eastland County 4-H & Youth Subcommittee. This is open to all youth and adults in the Eastland County area. Everyone is welcome to attend. The program beings at 3:00 p.m. - 6:00 p.m., following the workshops participants will be invited to a free dance and movie.

Gary Adams of Cisco will be speaking on the daily menu for a good life. How to laugh, love and live a happier, fuller life. It's not easy to say no, but with help we can. Other speakers are professional also in their field. Topics to follow the main program include: How to

tober 19th to find out how to help yourself and others deal with life and enjoy it to its fullest.
 The 4-H & Youth Subcommittee directs the Eastland County 4-H Program. They are a part of the Texas Agricultural Extension Service program building committees. We invite you to become involved and help provide a better tomorrow for youth and America.

Area News Briefs

CISCO

A group headed by Dr. Tim Boersma are now in Honduras working among underprivileged people in a small mountain village. The medical work will pay particular attention to treating children for stomach worm problems. Workers along with Dr. Boersma are from the Calvary Baptist Church, the First Baptist Church, and one person from Hamilton. The group raised \$3,000 to provide medicines before leaving Cisco, and underwrote their own expenses for the trip. The medical team expects to arrive back in Cisco Sept. 7.

City crews have been flushing out water lines to try to remedy the recent problem of dirty water in Cisco. The sporadic cases are being caused by accumulation of silt and rust in water lines - now being knocked loose since the lines are free-flowing throughout the city. City Manager Mike Moore said it will take some time to work all the dirt out of the water, but hopes the flushing of lines will hasten the cleaning. The city recently installed 5 and 8 in. water mains across the city, and replaced 32 old valves which were broken shut.

The Pleasant Hill Community Homecoming will be Sunday, Sept. 8, at the Pleasant Hill Baptist Church south of Cisco. Registration will be at 10 a.m., with Rev. Jim Andrews, Pastor, as Master of Ceremonies. Bro. Cecil McBeth will bring the morning message. Song Director will be Donald Nicholas and Mrs. Charlie Livingston pianist. A basket lunch will be served at noon, with plates, drinks, bread and silverware being furnished. All interested persons are cordially invited.

A reception welcoming Mr. and Mrs. Ray Saunders will be held Sunday, Sept. 8 from 2 until 4 p.m. at the First National Bank Community Room. Mr. Saunders assumed the Superintendency of the Cisco Public Schools last July 1, succeeding James Couch. Saunders has been in the teaching profession for 25 years before coming here. The Saunders are the parents of four daughters, and expect to move their family to Cisco very soon. The public is cordially invited to attend the reception and meeting the Saunders.

Cisco Junior College has a total of 119 employees this year, including faculty members, various department workers, and maintenance staff personnel. The first day of classes was Aug. 30, but registration will continue through Sept. 11. Olin Odom III, Director of Admissions, urges those who wish to take College credit courses to register as soon as possible in order to not miss time in classes.

EASTLAND

The Eastland County Juvenile Board is considering a contract with the Taylor County Juvenile Center in which Eastland County can house up to five juveniles in the Taylor County facility. After Jan. 1, 1986, juveniles can no longer be detained in county jails. The cost of housing each juvenile is projected at \$50 per day. The Eastland County Juvenile Department has budgeted \$15,000 for this expense.

A new business, Eastland Glass, is open for business at 214 West Main. Owners are Debra and Dennis Witt, who have been in business for the past 2½ years in Waco and Tyler.

Eastland Glass offers all types of glass work from mirrors, storm doors, store fronts, plate glass, auto glass, tinted glass for car or home, and also many car and pickup items. The public is invited to stop by and meet the Witts and see their many products.

The Eastland County Art Association will meet Thursday, Sept. 5 at 7 p.m. in the Texas Electric Reddy Room in Eastland. Demonstrator for this meeting will be Sue Mullinax of Cisco Junior College.

A Diabetic Seminar will be held Tuesday, Sept. 10 at 1:30 p.m. in the Eastland National Bank Community Room. Sponsor is the Eastland County Extension Service, and there will be no charge. Seminar speakers will include Nancy Clark, R.N., and Linda Graham Registered Dietician from Hendricks Medical Center in Abilene. Refreshments consisting of diabetic cookies will be provided by Super Duper Deli in Eastland. All are urged to attend.

The Eastland Kiwanis Club will sponsor a Bike-A-Thon for the St. Jude's Children's Hospital on Saturday, Sept. 7 from 8 a.m. until 2 p.m. It will take place in the Colony Addition on South Halbryan Street. The route for the Bike-A-Thon will cover one mile. Riders may pick up their sponsor forms at the Department of Public Safety, KVMX, Edwards Funeral Home, Eastland Telegram and Eastland Office Supply.

There will be a Family Planning Clinic on Wednesday, Sept. 11 at the Multipurpose Center, 204 North Lamar. Hours will be 10 a.m. to 5 p.m. These services will be offered: physical exams, blood work, contraceptives, medical counseling and follow-up. There will be a pay scale based on the client's income.

GORMAN

The Gorman Crimstoppers will meet Thursday, Sept. 5 at 7 p.m. at the Senior Citizens Center. Come out and find out about a program which has been proved to be a real deterrent against all types of crime.

The current "Yard of the Week" in Gorman is the beautiful yard of Coach and Linda Gibbs, which features many plants and trees and a well-care-for lawn. Coach has put in many hours to make the yard attractive, and Linda has put in her share too. The extremely hot dry weather is really taking its toll of local yards, and many are having to keep the sprinklers on to keep plants from drying up.

RANGER

Ranger City Commissioners have adopted a tax rate of 34.5 cents per \$100 evaluation, hoping the increase will generate an additional \$3,800 for the city. The rate had been 30.8 cents per \$100. No bids were received by the city on a jet sewer system, so individual companies will now be contacted.

Norma Mills, Assistant Cashier at the First State Bank in Ranger, retired Aug. 30 after 40 years of employment at the bank. Since 1945 Miss Mills has worked in many areas of the Bank. She was a teller for several years and a Tell Supervisor at the time of her retirement. She plans to rest, relax and then travel during her retirement. The First State declared Friday, Aug. 30 as Norma Mills Day.

The Quality Food Mart, located at 301 West Main in Ranger, will be reopening soon. The new owners are Bob and Margaret Green, and the store will feature free delivery as well as a good line of products. Store hours will be 7 a.m. until 6 p.m. Monday through Saturday. Mose Nantz will supply meats to the store.

CJC News

Cisco Junior College's Director of Admissions, Olin O. Odom, III, reminds area residents that registration is under way and will continue through September 11 at the Cisco campus and all off-campus centers. Though there will be no problem in registering as late as September 11, Mr. Odom urges those who wish to take college credit courses to register now in order to begin attending classes. Classes began on August 30 and a minimum amount of missed time is beneficial to the student.

Mr. Odom said, "Cisco Junior College offers a wide range of opportunities for expanding knowledge. We're anticipating a large enrollment this year, and we invite anyone, college-age or older, to enroll in one of the many programs we offer." Students may register at the main campus in Cisco, at the Clyde Educational Center, or at the Abilene center in Westgate Mall at anytime during regular office hours, 8:00 a.m. to 4:00 p.m., Monday through Friday.

Sheriff Discusses New Wage Rule

The afternoon session of Commissioners Court on Aug. 26 focused mainly on the 1986 Operating Budget and Amendments, and other budgetary matters.

Sheriff Don Underwood appeared before the Court, stating that he had just lost a Jailer due to the new pay scale. This scale had been set by the Commissioners Court in an effort to comply with new Wage and Hour Rulings by the Supreme Court.

The Sheriff suggested that an emergency situation be declared so that he could hire a replacement for the Jail as soon as possible. Judge Bailey replied that the Department could hire someone immediately on a temporary basis, but under present regulations the Department would have to advertise before securing anyone on a permanent basis.

Underwood described how the new rulings have caused the pay to fluctuate. The salary for Jailers, he indicated, should remain around \$1120 per month.

Commissioner Richard Robinson agreed with Underwood about the pay scale. "I think the way they are being paid is rotten," he told the Court.

"I would like to request that you give serious consideration to the new personnel requested in my 1985-86 operating budget," the Sheriff added. He explained that this would give some relief concerning overtime pay, along with improving other matters. "The morale of my people is zilch," he said.

There was some discussion of this proposed budget, which is projected at \$378,633.

Joe Cooper, a Cisco resident who works with the Parents Against Drugs (PAD) organization, spoke to the Court, stating agreement with the need for more money for law enforcement. He presented the Court a letter from the Cisco Chapter of PAD, and attachments

listing what five other similar counties spend on law enforcement. According to these figures, Eastland County spent \$13.66 per citizen on law enforcement last year, while other counties spent around \$22.57.

He said that Eastland County had ample funds to appropriate more money for law enforcement, and stated that \$1.2 million was held by the County at this time.

The Commissioners advised him that certain funds could not be transferred, and other money could be spent only in certain ways.

One Commissioner questioned the Sheriff about a certain prisoner sentenced to Huntsville more than a year ago, but who is still in the Jail.

Underwood replied that the man was a cook - that arrangements had been made between the District Attorney, the previous Sheriff and the prisoner in which the man could stay in Eastland.

Walton, who was in the Courtroom, spoke up. "The prisoner lied. I never made an agreement with a Jail bird."

Underwood answered that he should have checked with him on the matter before believing what he was told.

In other matters, Judge Bailey brought up some of the provisions of HB 128, a recently enacted measure which has set up new regulations under which Fire Departments can leave the cities where they are stationed to fight fires elsewhere.

It was decided to seek legal counsel on preparing contracts so that the Regular and Volunteer Fire Departments may be able to provide the type of service they have offered in the past.

A called meeting of Commissioners Court was set at 10 a.m. Thursday, Aug. 29. At this time the Commissioners hope to firefighting contracts ready for consideration. Another item of business will be the appointment of Election Judges for 1986.

Writers Contest Awards Meeting September 10th

The winners of the Cisco Writers Club 1985 Contest will be announced at an Awards Presentation Tuesday, Sept. 10 at the Texas Room, Maner Learning Center, Cisco Junior College.

The meeting will begin at 7:30 p.m., with Lela Latch Lloyd, Club President, and Voy Wilks, Contest Director, leading out in the program.

There were 67 entries in the contest this year, a record number. They came from various places in Eastland County, from Abilene, the Ft. Worth area, and from as far away as

California.

Judges for the 1985 Contest were from the D/FW Writer's Workshop, a group which includes writers and writing teachers in the Metroplex. All manuscripts have been judged anonymously.

Cash prizes will be presented to winners at the awards meeting, and some winning entries will be read.

The Cisco Writer's Club cordially invites the public to come out and enjoy this interesting evening. Refreshments will be served.

Ray Greens, last week. Hall was on his way to Alaska. Bill and Dorothy Taylor of Weatherford and Mrs. R.B. Taylor attended the reception at the Baird Methodist Church last Sunday afternoon, honoring the Jack Browns who live in the Admiral community.

Evidently Charlie found a new record. We had a nice shower here Tuesday morning and the temperature has not been too bad until today (Friday). Just in the low 90s and the mornings are great!

We had about an inch of rain. Could have used more but thankful for that. Fall is definitely in the air. And have you been over old 80 between Putnam and Cisco and seen the beautiful Purple Thistles? They are gorgeous.

We are glad Bud Fleming is home again and the Billreys are on the job again.

Last week the old gymnasium at the Scranton school site burned. The gym was erected in the '30s and meant a lot to the school. We were sorry to learn of its destruction.

Last Saturday, Carl Bailey of Denver, Colorado, stopped by to visit Mrs. R.B. Taylor. Carl grew up in the Scranton community and attended school there. He was here visiting his mother, Ethel (Starr) Black, who is in an Abilene hospital.

The James Isenhower family spent last Saturday with their grandmother and mother Ollie Burnam.

Don Weathermon and a friend of San Antonio visited the home folks, Sid and Ruby Weatherman, last weekend.

Hall Green visited the homefolks, the I.G. Mobleys, at Baird and brother, the

Bonnie Farmer.

Red and Wilma Stovall of Odessa are spending the holiday weekend with the Milton Donaways and her mother, Mrs. Nettie Speegle, at the nursing home at Baird.

Rotary Club Plans Social Here Thursday

The Cisco Rotary Club will meet at 7 p.m. Thursday, Sept. 5, at the home of President Henry McCullough at College Hill for a club assembly and social, according to an announcement by Dr. McCullough. Club members were asked to bring their wives.

"Please come and help us have a 100 per cent meeting as we plan for a visit of the district governor," Dr. McCullough said. "Louis Pitcock, the governor's representative, will be present to help us plan our activities. I will be looking for you Thursday evening."

The regular noon luncheon Thursday will be held, the announcement said.

Entrants Sought For Parade

The Cross Plains Ex-Student Association is seeking entries for the 1985 Homecoming Parade. Floats, bicycles, three-wheelers, horses, and any other miscellaneous entries are needed.

The parade is scheduled for 2 p.m. Saturday, September 21. All interested persons are asked to contact Roxie Thomas at Citizens State Bank (725-6141) or Leslie Bishop at 725-7631. Deadline for entries will be September 6.

Businesses Support Teams

Starting with this edition of the Cisco Press will be the weekly printing of the football page. This page is paid for by sponsors who support the Cisco Football Teams. These businesses want the 7th and 8th grade teams, the Junior Varsity, The Cisco High School Varsity and the Cisco Junior College Wranglers to know that they are in full support of this sport.

Each week the Cisco Press will highlight a few of these sponsors. If any business would like to be placed on the football page, call the Cisco Press at 442-2244 during regular business hours.

A business that has been in Cisco for over 30 years is Motts, located at 1001 Conrad Hilton. It has always been a staunch supporter of the Lobos and Wranglers. Managed by Ed Clark, Motts

offers a large variety of school supplies, clothes, sewing materials and notions, household hardware and toys.

Guthrie Truck Harbor on West I-20 is managed by Ronnie Eudy. They sell and will mount Goodyear and Cooper tires and will fix flats on all types of tires. They also sell Chevron gas and they offer road service. Other items for sale in the

store at Guthrie Truck Harbor are jeans, shirts, C.B.'s radar detectors and many other items.

Interiors Unlimited, owned by Linda Cozart, is located at 106 West 8th. Their motto is "We can get anything for the interior of a home." They sell and install carpet, vinyl, ceramic tile, quarry tile, mini blinds and woven wood shades. They also have a small line of gift items.

Hargrave Insurance at 1106 Conrad Hilton is the place to get all your insurance needs. They offer all kinds of business, personal, health and life insurance. It

is owned by Wayne and Shirley Hargrave. They opened their business in 1978.

A Tribute To Rodney Lasater

"Tribute to Rodney Lasater" August 19, 1985 By Vera Wheat My brow with fever burned, Beyond human, or friend at hand, to do me good! When hope for life was all but gone

A shining Presence, at my bed side stood- Jesus Himself laid hands upon my head, And said, "My son, I am here,

"Though you may feel comfortless, "I've come to stay, have no fear." His promised Self, the Comforter,

Came in, and instantly, Made all my pain, and suffering depart!

His word, His touch, gave to me, Ever lasting peace and calm.

His joy and love stopped my aching heart- If I had never felt a throb of pain,

If I had never known the midnight hour! How could my Jesus come to me?

With His comfort, love, and His blessed Power, Good Night! Rodney was the grandson of Ruby Lasater.

Senator Glasgow Will Join Cong. Parker In Ranger

Senator Bob Glasgow and Congressman James Parker will be the keynote speakers at the forum on Sexual Child Abuse on September 10th., 1985 at 7:00 P.M. in the Ranger School Cafeteria.

The Forum, sponsored by the Ranger P.T.O., will deal with the existing laws concerning sexual child abuse and strengthening the laws protecting children. A question and answer session will

follow. The panel of speakers will include: Honorable Judge James Wright Honorable Judge Scott Bailey District Attorney Emory Walton Ranger Police Chief John Mackey Department of Resources Representative Alice Prichard.

The Ranger P.T.O. urges all Eastland residents to attend this forum.

This is an opportunity to perhaps change the antiquated laws concerning sexual child abuse. "PLEASE ATTEND."

Parents are urged to not allow children under the age of 12 to attend this program - there will be free baby sitting provided.

Ranger Masonic Lodge Gives Invite

The Ranger Masonic Lodge extends an invitation to all Masons and Visitors to a meeting at the Lodge Hall on Thursday, September 5th., at 7:30 P.M.

A delegation from the Scottish Rite Hospital in Dallas will show a film and answer questions about the medical facility.

The hospital is funded by Masons and others and provides free medical and hospital services to crippled children.

Many other medical services are available to children aged two to eight-

Let's talk.

Information about your changing telephone service from Larry Vernon, Network Services Supervisor.

We've got the Sesquicentennial covered

If you would agree that Ma Ferguson was a famous Texan or that Jose Antonio Navarro brought in the first Texas oil well, you may need a Lone Star history refresher course.

We will have many opportunities to review our state's proud past during 1986, when we celebrate the 150-year birthday, or sesquicentennial, of Texas.

By the way, as history buffs know, Ma Ferguson was the first and only woman governor of Texas and was elected in 1925. In 1836, Jose Antonio Navarro was one of two native-born Hispanic Texans to sign the Texas Declaration of Independence, which he helped draft, and was later elected to the Texas Republic's Senate.

Ma Ferguson and Jose Antonio Navarro, along with other famous Texans and symbols of our state's heritage, will be featured on the cover of about nine million Southwestern Bell phone directories for 1986. To commemorate our state's 150-year birthday, Southwestern Bell Telephone recently conducted a statewide art contest for the Sesquicentennial year directories. We received more than 500 entries.

Statewide contest winner announced
And the winner is... Bill Hall of Arlington. Hall's colorful montage displays the rich texture of Texas. After much head-scratching, the six judges selected Hall's work as the best of many excellent entries.

At the end of 1985, Houston and Austin will be the first cities to receive new directories with the special artwork covers. Then, throughout 1986, the Sesquicentennial directories will be distributed to Southwestern Bell Telephone customers in more than 150 Texas cities.

Delivery of these special directories is just one event Texans may look forward to in 1986. Southwestern Bell Telephone will present a sneak preview of one major statewide Sesquicentennial activity at our exhibit at this year's State Fair of Texas, October 3-20 in Dallas. Hope some of you can pay a visit to our exhibit in the Grand Place (formerly called Women's Building) at Fair Park.

New toll-free service aids Hispanics
Southwestern Bell Telephone recently inaugurated a trial of an important new service for our Spanish-speaking customers throughout the state.

It is a toll-free number to give customers an opportunity to obtain general information and assistance from Spanish-speaking employees. If a customer needs specific information about an account, a bureau employee will call the customer's business office - with the customer on the line - and serve as an interpreter, if necessary.

The Spanish Service Bureau's toll-free number is 1-800-592-7726. If you forget the number, you can get it from an 800 Directory Assistance operator (1-800-555-1212).

Our business offices throughout Texas have always tried to help Spanish-speaking customers as much as possible. Sometimes, however, Spanish-speaking employees were not available. Now, we have specially trained employees dedicated to helping those who call the toll-free bureau.

Also to provide help for our Spanish-speaking customers, we have translated several booklets, including our popular series of Tele-Help (Tele-Ayuda) booklets, into Spanish. Those booklets cover such subjects as establishing local telephone service, using the telephone to make your home more secure, installing home telephone wiring and handling annoying phone calls. To order a Tele-Help booklet, in English or Spanish, customers may call this toll-free number: 1-800-325-2686, extension 86.

Although these booklets answer many questions, sometimes customers need the personal help of our employees. Meeting the telecommunications needs of all our customers is why we're in business. We are hopeful that the new Spanish Service Bureau will help us reach our goal of complete customer satisfaction.

FOR THE BENEFIT of those who may not have had occasion to visit the City Park lately, let us report that the jogging trails that circle in and around the park are in top condition these days. Mr. Frank Young and the City Street Department recently seal-coated the trails and put down a covering of white gravel.

The Cisco Lions Club hopes to get a project off the ground soon to build exercise stations at several points along the jogging trails. At the stations, you'll be given instructions to use the permanent fixtures and equipment to enjoy various physical exercises.

A good crowd was in the park during Labor Day Weekend. And the city swimming pool, also in the park, had a large crowd for Splash Day on Monday.

HOW WOULD YOU like to see the Rev. John Clinton, pastor of First Evangelical Methodist Church, eat lunch next Sunday on the roof of their church building out in West Cisco?

He promised to do just that if 100 people turn out for the Sunday morning service. They're planning a pot luck luncheon after the regular morning service. Mr. Clinton announced from the pulpit last Sunday that if 100 people show up he'll climb to the roof to eat.

The Press will have a photographer present just in case.

AS FAR AS we know, the new deal in store hours - doing away with the Sunday blue law - didn't have any effect in Cisco. The only places we saw open were the usual businesses that operate on Sundays - grocery stores, convenience stores, restaurants and gas stations.

As of Sept. 1, you know, a lot of other laws went into effect in Texas. You're breaking the law these days if you are in the front seat of a moving auto without your seat belt buckled. Police Chief Billy Rains tells us that local police will join DPS

troopers and others in enforcing the seat belt law.

It is our understanding that police will issue warning tickets to folks for not wearing seat belts until Dec. 1 and after that it will cost you \$50. So, like it or not, we don't have any choice except to buckle up.

A lot of other fees started going up Sept. 1, including an auto safety inspection - up from \$5.25 to \$7.50. If you want to get married, a license at the county clerk's office will cost \$25 instead of \$7.50. And it will cost you \$75 instead of \$25 as the fee to file a suit in the courts. You can, if you're at the poverty level financially, take an oath and escape the high fee.

MR. JACK Tollett and family went over to Fort Griffin State Park during the Labor Day weekend. They won the summer fishing contest in the river over there and went to collect their prize... Met up with Mr. Bill Pence, former chief of police here and former county deputy sheriff, and he reports that he's just about back to normal after a bout with shingles for several months. Bill lost several pounds and is real trim. Feeling pretty good, he said... Glen Deitiker, son of the Kenneth Deitikers, left during Labor Day weekend for Austin to resume his studies at the UoT. He's majoring in computer science. He spent the summer working at the Kamon House print shop.

DOVE SEASON arrived Sunday along with the month of September and shooting wasn't too good in our parts. That's the report of several hunters we interviewed. The weather was just too hot for the birds as well as the people. Temperatures were above 100 degrees during the weekend afternoons.

When temperatures cool off a bit, bird hunting should improve. Rainfall has been comparatively plentiful and the food situation is pretty good for birds.

AN INTERESTING

bumper sticker on the automobile of Mrs. Betty Daniels, manager of Dairy Queen, reads:

"A woman has to do twice as much as a man to be considered half as good and, fortunately, it isn't difficult." So there!

MR. D.O. NAYLOR, who operates a used car business out on I-20 road between the Colony and Traditions Restaurants, must be serious about his business. He put up a large metal building during the past week. It must be 30x80 or so in size. He has two other small metal buildings plus a shed for cars.

Mr. Naylor has been in the auto business quite a spell in our town.

OUT AT THE Traditions Restaurant the other morning, Mrs. Phil Culp was waiting tables and a man read from the menu: "I'd like two eggs any style with ham, bacon or sausage," he said.

Phil waited for him to say how he wanted the eggs and whether he'd have ham, bacon or sausage. And when the man didn't speak up, she said: "I'll fix everything like I like it!" and started away.

Phil has a sister named Mike Whitehead who works at First National Bank. She told us that their dad wanted boys and gave them boys' names. They're both attractive young ladies with a lot of personality. Phil has two children, including a six year old, and will be joining the PTA before long.

MRS. JACK Garrett was a patient in a Lubbock hospital when word came that her dad, Mr. A.E. McNeely, passed away here last week. And she was scheduled for surgery on Saturday, the day after the funeral, and wasn't able to be here for the final rites.

Husband Jack Garrett and their three daughters were present. Rev. Garrett is the long-time pastor of the First Christian Church at Brownfield. Mrs. Garrett's surgery went well Saturday and her condition was reported to be satisfactory. Rev. Garrett, you know, is the son of the late H.R. (Pop) and Mrs. Garrett of Cisco.

Mr. McNeely, who passed away at age 92, was a long-time good citizen of our community. A retired railroad man, he had accumulated a very substantial collection of assorted things pertaining to the railroad industry - things that certainly would be a valuable addition to any railroad museum.

Mr. McNeely's contributions to our community included long years as treasurer of the Cisco Girl Scout Association. Certainly, our town is a better place in which to live because he came our way.

Legal notices

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Big Country Disposal, Inc., P.O. 144, Eastland, Texas 76448 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Lake Sand, Allan A. Striegler, Well Number 1. The proposed injection well is located 3 1/2 miles E. of Cisco, in the Eastland County Regular, in Eastland County, Texas. Fluid will be injected into strata in the subsurface depth interval from 3246' to 3258 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the state-wide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373).

Congressman Stenholm Will Sponsor 7th Annual Fun-Day Saturday, Sept. 7

gressmen during the 7th Annual Fun-Day to be held Saturday, September 7 in Stamford. The picnic will begin at 4:30 near the Stenholm farm 12 miles east of Stamford on the grounds of the Bethel Lutheran Church.

At 1:30 a special gathering will be conducted in the high

school auditorium in Stamford for area residents to visit with other visiting congressmen. Everyone is urged to help welcome these men to our area. Those congressmen attending will be:

Congressman Doug Barnard, 10th District of Georgia. He serves on the

House Committees dealing with banking and government operations.

Congressman Bill Gray, 2nd District of Pennsylvania, has been seen almost daily on national television recently as chairman of the budget committee.

Congressman Earl Hutto, 1st District of Florida, serves on armed services.

Congressman Kika de la Garza, 15th District of Texas, is one of the two Texans now serving as a committee chairman in the U.S. House of Representatives. Congressman de la Garza chairs the agriculture committee.

Of the twenty (20) committees of the House, two (2) chairmen will be in attendance at this public forum designed to afford an opportunity for input to national leaders.

These colleagues of Congressman Stenholm will also attend the picnic and fundraiser.

Tickets to the funday are \$10.00 each. The menu will include fried chicken, barbecue beef, and all the trimmings. Cold watermelons will be in abundance.

To add to your comfort, you may want to bring your own chairs.

For ticket or information, call or write: The Stenholm for Congress Committee, P.O. Box 1032, Stamford, Texas 75783 or phone (915) 773-5521.

Reception Planned For The Saunders

A reception welcoming Mr. and Mrs. Ray Saunders to Cisco will be held Sunday, September 8, from 2 until 4

p.m., at First National Bank's Community Room.

Mr. Saunders took over last July 1 as superintendent of Cisco Public Schools, succeeding James Couch who resigned from that post.

A veteran of some 25 years in the teaching profession, Mr. Saunders resigned as superintendent of the school system at Anton to accept the Cisco post. He had been there ten years. He is a native to the Panhandle and his education included studies at the Colorado School of Mines and Texas Tech University.

Mr. and Mrs. Saunders, who recently purchased a home at Avenue M and 14th Street, are the parents of four daughters and expected to move their household to Cisco in early September. They are Presbyterians.

The public is cordially invited to attend the reception and meet Mr. and Mrs. Saunders.

Country Musical

There will be a Country and Western Musical at Scranton Community Center Saturday, September 7, 1985, beginning at 7:00 p.m.

Everyone is invited, especially area musicians.

There will be a concession stand.

Little League Plans Auxiliary

There will be a meeting for the purpose of organizing a Little League Auxiliary. Anyone interested in helping with this organization should meet at Olney Savings at 7 p.m., Monday, Sept. 9.

Commodities Due Sept. 17

Food commodities will be available in Cisco Tuesday, September 17, from 8 a.m.-1 p.m., at the Gas Light Apartments, 806 Conrad Hilton Avenue.

Slaughter Family Plans Reunion

The family of the late Rev. John Slaughter and his wife, Betty, will meet at the Country Club near Lake Cisco Sunday, September 8, for their annual reunion. There will be a covered dish lunch for the family at 12 noon.

A message by Rev. John Smith of Fort Worth will be brought at 11 a.m. There will be a sing-song of old well-remembered hymns led by John Slaughter of Kerrville.

The afternoon will be spent reminiscing and visiting. All friends are invited to come by and visit with the family. This will be the 58th reunion observed.
