### HITSON - JUDIA ORCHESTRA AS LIONS FEATURE

Lion Paul M. Culp brought the program at the luncheon today and since they were late it looked as if he would have to substitute a classification talk—in fact he was just warming up for the speech when Rotarian Ernest Hitson and Ray Judia walked in as the program personnel.  
These men were greeted with the usual Lions wild cheer, but Culp is still wondering if the enthusiastic reception was one of appreciation or just one of relief.  
Mr. Hitson performed on the violin with Mr. Judia at the piano. Judia played several piano solos, one of which was his own composition.  
The program seemed to be at its best when members joined in with their vocalization on Wild Irish Rose and Beautiful Texas.  
Secretary Bruce Younger announced the zone meeting for Friday night at Breckenridge to which Cisco Lions and their wives and sweethearts were invited. About ten signified their intentions to attend.

### WINDY, COLDER IS WHAT TEXAS WILL GET SOON

FT. WORTH, Nov. 5.—A cold front moving swiftly into Texas from the Central Rockies brought scattered showers and cooler weather to much of the State Wednesday and gave promise of freezing temperatures in the Panhandle by nightfall.  
Extending as far as San Antonio by early morning, the cold air sent the mercury to 53 degrees there. In Fort Worth the low mark was 52; Amarillo had 41 and Pampa, the cold spot, reported 37 degrees.  
Rain amounting to .05 of an inch was recorded here by 9 a. m. when the sun appeared. At Eagle Mountain Lake the fall was slightly greater. The lake level rose 2 of a foot and a fourth spillway valve was to be opened with the level at 4.2 feet under the spillway.  
Temperatures here Wednesday night is predicted to be near 40 degrees with the high Thursday forecast to be 60. Somewhat colder weather is due in East Texas and frost is forecast for the Pecos Valley and in the vicinity of El Paso.

### SUB MENACE GROWS.

TORONTO, Canada, Nov. 5.—Submarines are operating off the coast of Newfoundland "actually within sight of shore," Navy Minister Angus MacDonald said today. "Naturally, we are attacking them whenever we can find them," he said. "And so are the planes of the air force coastal command."

There will be a special meeting of the Cisco chamber of commerce at 7:30 o'clock Thursday night, says J. D. Lauderdale, president. Mr. Lauderdale urges all Cisco merchants to be present on this occasion and assist in working out plans for a Christmas-trade program.  
The chamber has mapped out a general plan, but this is subject to any change merchants and citizens may see fit to suggest.  
Full attendance by merchants and citizens will be very helpful, says the president.  
"We will appreciate your presence, even though you do not have suggestions to make," the chamber official concluded.

### CISCO POSTAL RECEIPTS OFF \$168.71, OCTOBER

Receipts of the Cisco postoffice for October, 1941, as compared with the receipts for the corresponding month of 1940, show a decrease of \$168.71, according to data furnished the Cisco Daily Press by Postmaster Luther H. McCrea.  
Receipts for October, 1941, were \$2,009.50; the receipts for the same month of 1940 were \$2,178.21.

### MRS. GORMAN TO BE POPPY DAY CHAIRMAN

Plans for the observance of Poppy Day—Saturday, November 8—are being completed by the John William Butts unit of the American Legion auxiliary, under the leadership of Mrs. D. J. Gorman, Poppy Day chairman.  
"This year, with the threatening shadow of a new World War falling across America, the memorial poppy has an added significance," said the chairman.  
"It shows that America still remembers and honors those who fell and those who suffered in its defense 23 years ago; that Americans still believe their free way of life is worth any sacrifice and that the spirit of patriotism still burns strongly in American hearts."  
"The poppies the auxiliary will distribute in Cisco territory have been made by disabled veterans at the Kerrville hospital. All Poppy Day workers will serve as volunteers and all money paid them for the flowers will go into the welfare funds of the auxiliary to carry forward the auxiliary's work for the disabled, their families and the families of the dead during the year ahead."

### FAIRY LYNN HUDDLESTON.

Fairy Lynn Huddleston, daughter of Mr. and Mrs. G. T. Huddleston, is resting well today in the family home, 303 W. Fourteenth street, after minor surgery in Graham hospital Tuesday afternoon.  
Mrs. Paul Moore returned this week from a month's visit with relatives in Leadville, Pa. She was accompanied on her return to Cisco by her mother, Mrs. F. W. Kimmey, who will spend the winter here.

### JAPAN IN PEACE ROLE

Japan began her "last effort" to avoid an armed showdown in the Pacific today as the Axis armies in Russia pounded, but without gaining, at the defenses of Moscow and battled the stubborn Red army in Crimea.  
Saburo Kurusu, a moderate nationalist and skilled diplomat, left Tokyo by airplane for Hongkong to catch a clipper for Washington, where it is officially stated he will seek to determine whether a settlement with the United States is possible in connection with Japan's program of expansion in the Far East.  
Danger to the Soviet capital and to the Caucasus gateway at Rostov continues to be acute, but Berlin is virtually silent in regard to operations on both fronts, and dispatches from Russian and British sources said there was little change in positions, despite heavy fighting.

### COULEE DAM COST LOTS OF MONEY, TIME

COULEE DAM, Wash., Nov. 5.—Giant Grand Coulee dam, now more than 99 per cent completed, is the product of 152,000,000 man-hours of labor—equal to the employment of 38 men on a 40-hour week since the birth of Christ.  
The bureau of reclamation estimates further that the total so far is only a third of the labor that ultimately will be employed to develop fully the power and irrigation aspects of the vast Columbia basin project.  
On the site of the dam itself, 56,000,000 man-hours have been expended. The remainder was employed in mines and factories and in transporting their products to Grand Coulee.  
Bureau and contractor employes have earned more than \$52,000,000 in wages since the project was started eight years ago, with the total expenditure for labor, material and equipment reaching \$138,000,000.  
The bureau figures that the completed Columbia basin project will have provided 476,257,000 man-hours of employment—175,165,000 at the dam site and 301,092,000 elsewhere.

### SAM RUSSELL INTRODUCES BILL IN HOUSE TO MAKE FOMENTING OF DEFENSE STRIKES TREASON

(From N. Y. Times.)  
WASHINGTON, Oct. 30.—Denouncing John L. Lewis as a traitor for calling the captive coal mine strike during the national defense emergency, Representative Sam Russell of Texas introduced a bill today to make the fomenting of defense strikes a treasonable offense.  
Mr. Russell took the floor during a short house session to declare that he thought Mr. Lewis was a "miserable traitor to the cause which he pretends to represent" and that "he committed treason when he called some 53,000 miners and workers on strike four days ago in defiance of the pleas of the president and the will of the working men and women of the United States."  
Representative Hoffman of Michigan said he thought that the real cause of labor trouble was the closed shop, the aim of Mr. Lewis in the captive mine strike. He called attention to a bill he introduced several months ago to do away with the closed shop.  
He also introduced today a bill providing that those who strike must offer themselves for induction into the army and navy and if found unfit for combat service must be assigned to work on defense contracts.  
Russell Pictures Nazi Joy.  
"I don't like what his actions show him to stand for," Russell said. "The people I represent believe as I believe, that dictatorship at home should be expelled before we become polluted with the slimy doctrines of power politics."  
"We don't have any use for a man who stoops so low as to sabotage national defense in order that he can gain and wield more power towards the realization of his filthy ambition—committing his people to the Nazi idea of one-man servitude with himself at the head."  
"We believe Lewis should be deposited among his European pals across the sea where he can work with them constantly and get full cooperation in his drive to rule by force."  
"Adolf Hitler must have chuckled when he was informed (swiftly I'm sure) that the American defense program was in danger of being suspended because of a coal shortage in one of the great coal producing countries of the world."  
"Joseph Goebbels probably announced through his network of controlled Nazi propaganda that the 'Americans are arguing whether it is practical to spend their billions on defense or tribute.'"  
"I imagine each of these monsters get a great 'kick' each time

### DEFENSE BOND SALES IN OCT. SHOW DECLINE

U. S. defense bond sales in Cisco for October show a decline at both the First National bank and the postoffice.  
During the past month Cisco postoffice sales totaled but \$318.75, says Postmaster McCrea. Total bond sales by postoffice for the past six months, \$12,393.75.  
First National bank bond sales for October totaled \$500. Total bond sales by bank for six months, \$16,900.  
Total sales for Cisco for the six months, \$29,295.75.  
CORRECTION FOR PTA.  
The West Ward Parent-Teacher association, in thanking those who made donations to the carnival last week, omitted the names of three firms, says Mrs. Paul Poe, president of the organization.  
At her request we publish the names of these firms: J. H. Hyatt for donation of crackers, Barq's Bottling company for case of orange drinks; Edwards cafe for two meal tickets.

### LOS ANGELES MEN DEMANDED TO LONDON IN TEN HOURS INCREASE OF 30 PER CENT

LOS ANGELES, Nov. 5.—The sleek, twin-engined fighting planes rolling off American production lines today are the forerunners of future commercial air-liners that eventually will fly from Los Angeles to London in 10 hours, according to Thomas A. Corpe, executive of the Lockheed Aircraft Corporation.  
The airliners of the not-too-distant future, Corpe said, will fly non-stop from Los Angeles to New York in six hours and from Los Angeles to Honolulu in the same time.  
The giant planes will be multi-motored luxury liners that will travel 100 miles, and possibly 200 miles an hour, faster than present day transports, he predicted.  
"The technological progress we are making," he said, "is bringing us very near to the production of commercial and private airplanes that will give us a new conception of time, space and distance."  
Greater Things To Come.  
"As marvelous as have been the developments in aircraft production in the past few years, they are only the forerunners of the great things to come."  
Corpe pointed out that the high speeds attained by today's military planes were unheard of 10 years ago and he disclosed that bombing planes are being built that are expected to exceed 400 miles an hour and will be capable of easily flying 30,000 feet.  
Unlike most "predictors of things to come," Corpe has a concrete example of what the planes of tomorrow will be like. They will resemble a super-transport shop now being constructed. The plane is the Lockheed Constellation, which the government has authorized the corporation to build because of its conversion value as a troop transport as well as a passenger craft.

Has Pressure Cabin.  
The Constellation, Corpe reports, is a pressure cabin plane, whose landing gear folds into the wing and fuselage during flight. It is powered with four 2,200-horsepower engines and will have a top speed estimated at more than 350 miles an hour and a non-stop cruising range of at least 4,000 miles. It will fly during 1942.  
"This plane marks the first attempt to combine speed and size and is the predecessor of greater planes in the future," Corpe said.  
"Some day an automobile highway will be completed to South America, but long before that we will be flying from Los Angeles to Rio de Janeiro in the time it took to fly to New York a few years ago. Good neighbors will become close neighbors and continents and oceans will lose their vastness."  
More Freight Be Flown.  
"Departures of clipper ships will be stepped up in the future from one a week to one, two or three a day. Freight, as well as express, will be carried by air. . . in fact, a company already has been organized to handle nothing but air freight."  
Corpe predicts that airplanes will permit the average man to live farther from his work, in communities not yet built . . . to roam farther during week-ends and maintain closer contact with distant friends.  
But this great future in the air, Corpe said, will be a direct result of the rapid expansion of American aircraft industries during the national defense program. The planes of tomorrow will be constructed sooner than even the most fantastic dreamers imagined . . . due to the advances of the present aircraft program.

### LOUIS LE VEAUX BETTER.

The condition of Louis le Veaux of El Paso, who recently underwent an emergency operation in that city, is now improved, stated his sister, Mrs. Lily Baugh, Tuesday. He is a former Ciscoan and son of Mrs. Elizabeth le Veaux.

WASHINGTON, Nov. 5.—An emergency board established by President Roosevelt to adjust a wage dispute in the nation's railroad industry today recommended wage increases for some 1,150,000 workers.  
However, the increases would be much less than the men requested.  
The board recommended that about 350,000 men of "Big Five" operating Brotherhoods receive wage increases of 7 1-2 per cent, against the demand by these brotherhoods for pay hikes of at least 30 per cent.  
For 800,000 employes, represented by 14 cooperating railroad labor organizations, the board recommended an additional 9 cents per hour.  
This would be equivalent to an average increase of 13 1-2 per cent.

### F. D. R. ASKS QUICK ACTION ON SHIP BILL

WASHINGTON, Nov. 5.—President Roosevelt today emphasized to legislative leaders his desire for speedy approval of the pending senate bill to repeal all neutrality act shipping restrictions.  
Calling congressional lieutenants to a white house conference after his return from Hyde park, the president made clear his approval of the senate foreign relations committee's action in enlarging the house bill, which was limited to arming merchant ships, conferees reported.  
Chairman Sol Bloom, New York, of the house foreign affairs committee, said he had assured Mr. Roosevelt of adequate house votes to pass the senate version of the bill.

### BRITAIN WILL MAKE BIG AIR DRIVE FOR REDS

WASHINGTON, Nov. 5.—Well informed government officials said today that Great Britain is preparing for a large scale aerial offensive against Germans on the Russian front.  
That will be the British government's reply to demands by the British public for direct military aid to the Russians, these officials stated.

HATE FOR HITLER.

Harry Hopkins, who visited Moscow recently, tells impressively of the deadly hate that Stalin feels for Adolf Hitler. It is far more than the personal or patriotic grudge that might be felt for an ordinary antagonist.

"I hope I shall never be hated as Stalin hates Hitler," he says. When the Russian leader spoke of the Nazi leader, "his manner was more eloquent than words. His body grew tense. He didn't raise his voice; rather it went as cold as his eyes, and the harshness of it became gratifying. It was far more than the anger he would necessarily have felt for a man who had double-crossed him. It was implacable. Stalin's huge hands were half-clenched. I think he would have liked nothing better at that moment than to have Hitler sitting where I sat. Germany would have needed a new chancellor."

It is not an isolated case. There must be millions, even hundreds of millions of people in the world today who hate Hitler in that way. Indeed, it is quite possible that Hitler is hated more than any other man who ever lived.

And if so, he is getting what he deserves. Surely no man in our time, no man in modern times, has sowed so much hatred in the world. He himself seems to be concentrated hatred. Month by month and year by year he spreads his own poison wider and deeper, until our whole modern civilization seems in danger of being poisoned to death.

TWO WEEKS HENCE?

John L. Lewis, powerful head of the United Mine Workers and ambitious to extend his power, has graciously agreed to let his miners go back to work and resume digging coal for national defense during the next two weeks.

The question now is, what's going to happen at the end of these two weeks? The nation is going to need just as much coal then as it does now—for national defense, and to carry on normal activities, and to keep our home fires burning and our people warm.

John L. isn't saying anything just now. But a good many million people are talking and thinking about it. And from what we see and hear, Americans in general are not at all thrilled by the idea of their national defense and their personal comfort and health being in the hands of one man.

Such power, such authority, they think, should be spread far more widely. If it must be centered anywhere, they say, it should be centered in federal control, which represents all of us and itself is subject to popular control.

ON SEA AND LAND.

The sinking of the Reuben James, a tragic climax to the growing Nazi aggression, seems to leave no doubt about the war situation. The warship was sunk in "our ocean," that is, on our side of the Atlantic, not on Germany's. It was sunk without warning by a warship whose captain undoubtedly knew what he was doing. He must have had orders to do it. It was virtually a declaration of war by Hitler.

So we are definitely in a "shooting war." Presumably there will no pussy-footing now in that area on either

side. And not much in any other area.

Our navy, Americans feel, is adequate for the situation. The nation expects every sailor to do his duty—and they will.

Attention now turns back home to the factories where we build the ships and make the munitions that we must count on for our national safety. Our sailors are doing their duty; our workmen whose lives are not endangered can do no less.

Scottish Rite News Bureau: In point of accomplishment, few Masonic meetings have borne greater fruit than the biennial session of the Supreme Council, 33rd degree, A. & A. S. R., Southern Jurisdiction, U. S. A., held at the House of the Temple, Washington, D. C., Oct. 20-24, 1941.

By its action in appropriating \$1,000,000 for the relief not only of Masons, their families and friends, but of those victims of dictators wherever they may be, the Supreme Council recognized its Masonic and humanitarian duty. In taking this step, the Supreme Council extended its powers to provide assistance for the suffering and persecuted, and to support strong endeavors aimed at the elimination of Nazism, Fascism and like movements from the world.

Grand Commander John H. Cowles, 33rd degree, will administer the fund, in consultation with the Supreme Council finance committee, composed of William P. Filmer, 33rd degree, of San Francisco, Calif.; Frank C. Patton, 33rd degree, of Omaha, Neb., and Charles F. Buck, Jr., 33rd degree, of New Orleans, La.

The stirring indictment of the dictators contained in the report of the committee on foreign relations, was enthusiastically adopted. Recognizing the ever-present threat of totalitarianism, it called upon all Scottish Rite Masons of the southern jurisdiction to back the president's foreign policy of all-out aid to any nation fighting Hitler and his partners.

The report of the committee on education adopted by the Supreme Council reaffirmed the traditional stand of this body calling for the complete separation of church and state. It warned of the vigorous action now being taken by those minorities which seek to divert public moneys to the use of private or parochial institutions, and commended those states which have refused to prostitute the clear intent of their constitutions and have remained steadfast in their refusal to divert such funds.

The report also commended the American Legion in its fight to rid the public schools of subversive textbooks, and strongly opposed the enactment of laws allowing pupils to be given time off from regular school hours for religious instruction. It contended that this was the field of the home and church, and should remain so.

## Plan Now To Light Up For Christmas

### Home Becomes a Thing of Beauty When Festive Lighting Is Tastefully Applied

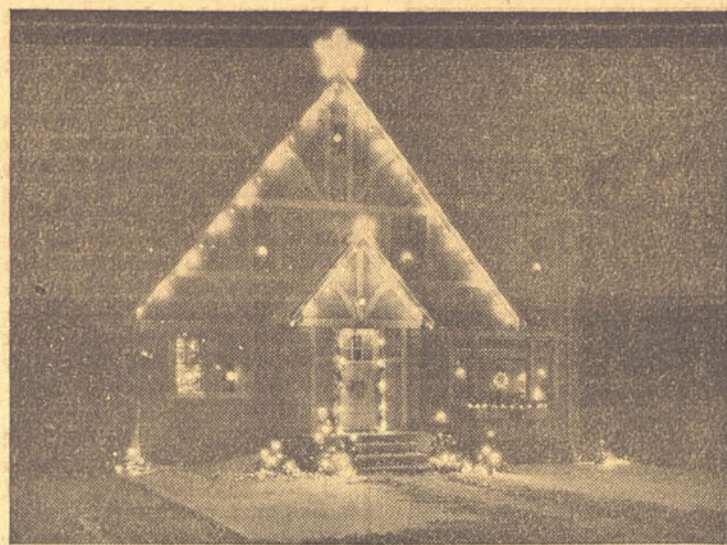

By Jean Prentice

Now is the best time to plan that outdoor Christmas lighting display. Begun in time, your lighted outdoor "greeting card" can be a source of much joy and real satisfaction. So let's not put it off until tomorrow or next week. Else your display may reflect your last-minute scramble for ideas, your search for strings of colored lights in the attic, or vain dash down to the corner store. Dealers' stocks of Christmas-tree lamps, you know, sometimes do run low.

The beautiful truly-American custom of lighting front yards, doorways, and outlining eaves with jewel-like incandescents during the holiday season has been growing at an amazing rate. In these times of so little peace on earth, chances are you too may be groping for more effective and convincing ways to express a sincere hope of universal understanding and good will toward men. And what more appropriate medium for this expression than cheerful arrangements of colorful Christmas-tree lamps outdoors where all may see and share.

Secret Is Time

Many of the best displays to thrill me last year sprang from ideas born early in December. That, at least, is what the proud owners of the displays told me when I inquired. Secret of these not-too-fancy and inexpensive decorations seems to have been the ample time to dream up a lighting

This Charming Christmas Display Is the Result of Early Planning, Early Gathering of Lighting Material, and Careful Installation.

theme, time to discuss possibilities with your electrical dealer, and time to experiment.

The charming outdoor Christmas lighting shown above is the result of calmly planning the work—if work it is—and then working the plan. Not all homes will respond to the evening-lighting treatment pictured. But if the angles are pleasing to the eye such as these inverted "V's", then outlining with colored lights and a luminous star to top off the display is recommended.

The well-rounded home decorations include at least one soft light in each window, illuminated ivy trailing around the front entrance, and a generous sprinkling of varicolored "star dust"—

outdoor Christmas-tree lamps—over the nearby shrubbery.

Southern homes without benefit of a mantle of snow to add to the dreaminess of the scene can obtain a similar effect through hidden projector-type lamps. These all-glass spot and flood lights combine reflector, lens, and filament in one sealed unit. Trained on the house, these units project a light of snowy whiteness wherever desired, adding an ethereal quality to your home display.

But like gift-giving, it is not the size of the lighted display that matters. It's the spirit of the thing. And only a single string deftly placed outdoors is not too small to illuminate the sincerest Merry Christmas ever wished.

### Mrs. George P. Fee Entertains Circle

Mrs. Geo. P. Fee was hostess to Presbyterian auxiliary circle one which met in her home on Breckenridge highway Tuesday afternoon, with Mrs. W. W. Wallace presiding. Routine business matters were transacted. In deference to Armistice day the circle voted to omit the weekly meeting of next Tuesday. Mrs. Pearl Lyle Ward then brought the devotional, after which the afternoon program was given. The topic discussed was "Presbyterian mission work for Texans in Texas." Participating were Mrs. W. P. Lee, Mrs. C. H. Fee and Mrs. W. W. Wallace. The hostess passed refreshments at the conclusion of the meeting.

Those present were a visitor, Miss Hattie Earl of Fort Scott, Kan., guest of Mrs. Geo. P. Fee; Mrs. W. W. Wallace, Mrs. W. P. Lee, Mrs. C. H. Fee, Mrs. J. E. Coleman, Mrs. B. S. Huey, Mrs. G. R. Brogdon, Mrs. J. G. Rupe, Mrs. Pearl Lyle Ward and Miss Willie Ward.

### Report Given Tuesday Night Of State Meet

The regular meeting of Cisco Eastern Star convened in Masonic hall Tuesday evening, with Worthy Matron Anna D. Watson presiding. Two out-of-state visitors were in attendance and all officers' stations were filled. Geo. T. La Marr filled the place of secretary for Mrs. Brown, who is ill. The meeting opened in regular form.

An interesting detailed report of the state Grand Chapter meeting held in Amarillo last week, was given by Worthy Matron Mrs. Anna D. Watson. Talks were made by the visitors, after which the meeting was closed in regular form.

Two visitors, Mrs. Kimmey of Leadville, Pa., and Mrs. Kennedy of Iowa, and approximately 25 members were present.

### Woodmen Team Visit Stephenville Camp

Cisco W. O. W. and Woodmen circle members, a mixed team of the two orders, motored to Stephenville Monday night where they were guests of the Stephenville lodge. The degree team exemplified the floor work of the order. A moving picture of the celebration of the 50th anniversary of Woodcraft at Omaha in 1940 was shown.

The visitors were welcomed in an appropriate address by the consul commander of the Stephenville camp, and an address by a Dallas man.

Those going from Cisco were Mr. and Mrs. C. B. Hill, Mr. and Mrs. Earl Mayhew, Mr. and Mrs. Roy Farley, Mmes. Jesse McCannell, W. C. Clements, Leah Bates, Grace Farnsworth, Ida Duncan and Miss Frances Hill; Messrs. Chick Bailey, Lefty Sublett, Floyd Rains and E. C. McClelland. Others accompanying the team were Miss Joyce Rainbolt, pianist for the team; Mrs. Millie McCannell; Mrs. G. P. Rainbolt, Mrs. Mary Abbott and J. P. McCannell.

### Council Holds General Meet In Church Tues.

The Christian church council held a general meeting at the church Tuesday afternoon. In the absence of the council president, Mrs. Elkins, the meeting was in charge of Mrs. J. S. Mobley.

After the opening hymn, "Take Time to Be Holy," prayer was led by Mrs. L. D. Wilson. Mrs. J. E. Elkins brought a splendid devotional. Mrs. C. R. West gave a talk on "The Bible Is Good Reading." A special prayer was led by Mrs. J. R. Wright for Mrs. Hattie Tune, a member, who is quite ill at the home of her daughter in Dallas.

During the business session the council decided to serve the annual turkey dinner in the basement of the church on Tuesday, Nov. 25. The price of 50 cents will be charged. Routine business followed. The meeting was then dismissed with the missionary benediction. The council will meet in the several homes next week.

Twenty-one members were in attendance at the meeting.

### MISCELLANEOUS SHOWER.

The Christian Women's council is sponsoring a miscellaneous shower honoring Miss Mary Olive Garrett to be given in the home of Mrs. W. R. Winston, Thursday evening at 8 o'clock. All members of the council are expected to be present.

### "Bundle Day" Is Designated As November 13

When the regular meeting of the Cisco Charity and Welfare Board was held this morning, plans were made for "Bundle Day" on Thursday, November 13. Everybody in town is requested to gather old clothes, shoes, household articles and broken or discarded toys and place them in bundles and leave them on the front porch by 9 o'clock in the morning. Anything can be used in some way.

It was decided to have a Christmas tree for under-privileged children. All toys will be repaired and painted by Boy Scout troops. A special room has been

set aside in the Huey building for this work. Any toys or material will be greatly appreciated.

Any question can be answered by the committee. The town will be divided into zones and there will be a different committee to pick up bundles in each zone.

The committee for "Bundle Day" is composed of Mrs. B. S. Huey, Mrs. Yancy McCrea and Mrs. W. W. Wallace.

### Mrs. Homer Slicker Is Circle Hostess

Circle three of the First Presbyterian auxiliary met in the home of the auxiliary president, Mrs. Homer Slicker, Tuesday afternoon. The meeting was called to order by the chairman, Mrs. Elizabeth McCracken, who requested all to join in repeating the Lord's prayer.

The circle was much pleased to have Miss McDurmond, education director of Fort Worth and Brownwood Presbyteries, as a visitor.

After a short business session Mrs. S. E. Hittson taught an interesting lesson from the 1st Epistle of Peter.

At the close of the lesson Mrs. Slicker served refreshments to Miss McDurmond, Mrs. Elizabeth McCracken, Mrs. John Garrett, Mrs. H. C. Henderson, Mrs. S. E. Hittson, Mrs. J. E. Walter, Mrs. W. L. Jones, Mrs. J. A. Jensen, Mrs. Willie Bogan Dunne, Mrs. John Jones and small son.

### QUAIL BE PUT ON FARMS NEAR RISING STAR

Intensive investigation and experimental quail management are to be undertaken in a few weeks on approximately 1,000 acres of farmland located two miles north-east of Rising Star, according to F. S. Henika, regional game manager, Lubbock. Five years hence the biologists conducting the studies plan to have worked out and put to actual test methods for increasing quail populations in the post oak-mesquite type of farming section, of which Eastland county is a part. At present quail are found on certain areas and in small numbers where cover and food are most abundant and where protection is best. It is the aim of the state game department to demonstrate to interested farmers and sportsmen practical methods which will increase quail numbers and at the same time work hand-in-hand with good land use practices.

The research area will be posted with large boundary signs and no quail hunting will be permitted for the first few years. Later, however, when quail populations

on the project area have been built up to a satisfactory level, controlled experimental quail hunting will be permitted. The state game commission will determine how many quail should be shot and the landowners cooperating in the project will decide who does the hunting. Permission to conduct studies and experimental management on their lands have been given the game department by the following landowners: Fulton Reynolds, J. C. Smith, Bernard Watkins, J. D. Morrow, Ray Agnew, B. F. Keele, C. M. Cox and Marvin Tyson. Plans are underway for signing up additional lands adjoining these farms so that approximately 1,000 acres will be blocked into the project.

DESDEMONA

Tommy Ervin, Earl Parks and Jack Powers who are attending John Tarleton college at Stephenville, spent the week-end here with their parents.

Gid Tarpley, Scout master, and Harrell Kelley, assistant master, drove down to Dallas on Tuesday of last week and attended a meeting of officials of the Boy Scouts of Region 9 which includes Oklahoma, New Mexico and Texas. The Desdemona Scouts were organized about two months ago and have been engaged in various activities, the latest being the collection of old newspapers, magazines and pasteboard boxes which they will sell. Any one having old papers are requested to give them to some of the Scouts.

A large crowd gathered at the high school on Thursday night and enjoyed the various features of the hallowe'en carnival which was sponsored by the P. T. A. It was held on Thursday night on account of a ball game on Friday night. The weather was cold and rainy but every one enjoyed the games that were provided for the entertainment. The P. T. A. is sponsoring the W. P. A. lunch room at the school which furnishes wholesome, hot lunches for the pupils.

Miss Oma Mae McClelland spent the week-end with her parents at Loving, near Graham.

Mr. and Mrs. Frank Leazer and baby, of Houston, came Thursday for a visit with her parents, Mr. and Mrs. John Arnold. Miss Jolene Arnold, who had been visiting them, came home with them.

Mrs. Claud Pair, who lives a few miles beyond Victor, was hostess on Wednesday to the women's Society of Christian Service of the Desdemona-Victor Methodist churches. The program, led by Miss Olga Smith, was a part of the observance of the annual week of prayer. The literature that was used in the program gave information in regard to the objects for which the offerings will be used. At noon a covered dish luncheon was enjoyed by the members: Misses Olga

Smith, Mollie O'Rear; Mmes. S. E. Snodgrass, Charles Lee, H. B. Clark, W. C. Bedford, Bell Smith, Albert Duke, and the hostess, Mrs. Pair. At the luncheon Rev. H. B. Clark and Claud Pair were guests.

Mrs. Denny Moss drove down to Brownwood on business Tuesday. She was accompanied by Mrs. Style McEntire and baby son, John.

Miss Ava Grindstaff who has been our efficient teacher of home economics for almost two years, resigned two weeks ago and left on last Monday for Dummitt where she assumed her duties as home demonstration agent for Castro county in the western part of the Panhandle of Texas. Her many friends and pupils regret to see Miss Grindstaff leave but congratulate her on getting a promotion.

Mrs. Gordie Dunn and little son, of Milburn, spent the week-end here with her sister, Mrs. C. A. Skipping, and family.

Members of the Baptist W. M. U. met at the church, Monday, and quilted a quilt for Buckner's Orphans' Home. A covered dish luncheon was served at noon.

On Tuesday night of last week the Desdemona basket-ball team defeated the Lingleville team by a large score. Harrell Kelley is coach of our team.

Mrs. Eula Jones went to Eastland, Monday, to visit her daughter for a week, after which she will go to East Texas to visit one of her sons.

W. M. "Tip" Henry came in Saturday from West Texas where he had been working for some time. He had to quit on account of rainy weather.

Rev. Roy Langston, of Cisco, who is District Superintendent of the Methodist churches of the Cisco district, came down Sunday afternoon and presided over the 4th quarterly conference of Desdemona circuit. Besides the Desdemona people there were some from Victor and some from Salem at the conference.

On Tuesday night of last week a very pleasant party was held by members of the Ladies' Bible class of which Mrs. C. A. Skipping is the teacher. It was held at the Baptist church and Mrs. Howard Williams and Mrs. Jesse Sparkman had charge of the refreshments of cake and hot chocolate. The winning side, with Mrs. Agnes Dickson captain, were entertained by the losers in attendance contest. Besides those mentioned, others present were Mmes. Odell Powell, Essie Roberts, Eva Hogg, Clayton Williams, Frank Gee, Ford Reid, Gordon Tate and Miss Laura Mae Eaves.

Sunday was a day of unusual interest at our local Baptist church of which Rev. Arvill Richardson is pastor. Rev. H. B. Blair, district missionary, of Cisco, preached an inspirational and helpful sermon at 11 o'clock. Then from 2:30 to 4:30 an ordination service was held and Gid Tarpley was ordained a deacon. Besides the pastor and district missionary, others who took part in the ceremony were Rev. Price from Gorman and Rev. Graves from DeLeon. A large crowd attended the ordination.

Miss Delia Wall accompanied by Miss Edith Creighton, drove down to Saint Jo, Sunday afternoon and attended a singing. The Women's Society of Christian Service met at the church Monday afternoon and had the 2nd chapter of the book "Christian Imperatives." Mrs. Charles Lee led the program and had prepared several interesting outside assignments.

Mrs. H. B. Anderson enjoyed a visit Thursday from Mrs. Swede

Anderson, Mrs. Gracey (84 years old) and Mrs. Hadley Foster, all of Caddo, and Mrs. G. W. Bowlin, of Menard, mother of Mrs. Foster and our former citizen, Mrs. R. V. Nabers, of Pecos. They phoned that they were coming and were bringing their lunch with them.

CATTLE MARKET

Choice steers and yearlings ruled steady on the Ft. Worth market Wednesday but other classes were mostly weak and irregularly lower for the week, with the majority of sales carrying prices fully 25c below last week's close. Cows were draggy and mostly 15c to 25c down for the three days; slaughter calves fully 25c off with spots 50c lower; and stocker cattle and calves around 25c down with some medium grades 50c below this time last week.

Hogs sold around steady at a top of \$10.50.

Fat lambs and wethers ruled steady.

Good to choice steers and yearlings cashed at \$10 to \$12.50, a package of yearlings averaging 845 pounds bringing the top figure. Common to medium steers and yearlings brought \$6 to \$9.25.

Most fat cows cashed at \$7 to \$7.50. Two loads of horned cows from Clay county averaged 1,157 pounds and cashed at \$7.75. Butcher cows sold at \$6 to \$6.75 and canners and cutters at \$3.50 to \$6. Bull prices ranged from \$6 to \$7.35 with odd head higher.

Good to choice fat calves sold at

\$9 to \$10; plain and medium slaughter calves at \$6.75 to \$8.75; and culls at \$6 to \$6.50.

Good to choice stocker steer calves cashed at \$9 to \$11 with a few light weights higher. Similar grades of heifers brought \$10.75 down. Common calves went at prices down to \$6.50.
