CISCO, TEXAS, THURSDAY, MARCH 18, 1965

NUMBER 60

IN CASE YOU didn't notice, there was quite a drop in the temperature here in a 12-hour period — from 4 p.m. Wednesday to 4 a.m. Thursday. The mercury went from 78 degrees to 28 degrees — a 50-degree spread.

The spring-like weather of the past few days was real delightful. Perhaps the new cold wave will subside without damage to fruit trees and early gardens. It's getting almost too late to freeze, isn't it?

IN CASE YOU hadn't noticed, spring is just around the corner. It will arrive officially at 2:05 p.m. Saturday, March 20. Wasn't it Henry Timrod who wrote: "Spring, with her golden suns and silver rains, is with us once again."

There's nothing nicer than spring when nature's hand is probably most noticeable as tree buds swell and bloom, the lawns and fields turn green and it seems a time for just loafing and enjoying the scents and sounds that are uniquely those of spring.

FISHING IS picking up. A scout reports seeing Grady Hogue of CJC with three huge bass the other day. . . . And Mrs. Austin Flint hooked a five and a half pounder the other afternoon. . . . Mr. E. J. Poe reports that his fishing fever has been rising. . . . And Bill Wells is working on his boat — a new paint job.

Out at Joe Brown's welding shop, the finishing touches are being made on the Mark I — the new fishing barge, of the Winston Heidenheimers. . . . Jake Morgan says you're supposed to plant your Irish potatoes on St. Patrick's Day — March 17th — for the best results.

THE WESLEY Smiths of our town read in The Press before they left for their recent trip to Madison, Wis., to see their son and family about the national junior college basketball tournament March 12-13 in Hutchinson, Kansas. So when they got ready to return home last week, they drove to Hutchinson to see the Wranglers play — not knowing they lost in the Amarillo regional meet. They did see a game or two before getting home Sunday night.

A LETTER TO Mrs. L. A. White of Cisco from her grandson, Captain Larry Waterbury, reports that the war in Viet Nam is getting much worse and that the wounded continue to overflow into the Army hospital he runs at Pleiku, Viet Nam. He has been there since last October. Capt. Waterbury used to visit Cisco occasionally to see his grandmother.

THIS YEAR'S school election (as well as those of the future) will be at the downtown school office. The city election, however, will be at the city hall. March 20 is the date for absentee voting to begin at city hall. . . . E. W. Devoss was in The Press office this week to report that he was moving his family and earth moving machinery from Coleman to Cisco this week. . . . The three sons of the Edgar Pences have a new saddle horse — paid for with money earned by Larry (with his assist from his brothers and his mother) on his Press paper route.

THE FOLKS OUT at Cisco Junior College report that plans have been made and approved to erect a sign board at the foot of college hill — near the road going up — to advertise the college as one of the finest in our state and region.

The sign board will have a picture by Harry Schaefer of a Wrangler aboard a bucking horse. Understand work will start before long.

The college also has acquired a sign board out on the Rising Star highway from Mr. Henry Schaefer, and it will be repainted in the near future.

Mrs. W. E. Austin left Monday for Waurika, Okla., to spend several days with her sister who had undergone surgery.

Final Plans Cancer Crusade To Be Mapped At Friday Meet

The Eastland County Chapter of the American Cancer Society has stepped up plans for the April 1 launching of its annual Crusade to save more lives from cancer through research, education and service.

Final plans for the 1965 drive — business canvass on Monday, April 5 and house-to-house solicitation on Tuesday, April 27 — will be worked out during a county-wide meeting of directors and community leaders Friday night at 7:30 o'clock in the hospitality room of Texas Electric Service Co., Eastland.

An expected 100 volunteers from business, industry and other groups will participate in the Crusade against Cancer.

Mrs. Ann Justice of Eastland, fund-raising chairman, 1965 Crusade "will emphasize a 'Tell Your Neighbor'

theme." Volunteers, in their door-to-door bellingring, will hand out a leaflet containing life-saving facts about cancer and information about the Society's effort to help conquer this dread disease.

Much of the preparation for this year's Crusade, Mrs. Justice said, will be centered on training volunteers to make them the best possible guides to helping save lives from cancer.

The Society appealed for volunteers "who are willing and anxious to do this humanitarian work" to contact their local ACS chairman for additional information.

"Volunteers, the life-blood of the Society's anti-cancer effort, are greatly needed," Mrs. Justice declared. "It is they who saturate the community with life-saving information. It is no exaggeration to say that without them, the

Mr. and Mrs. Reed McKeen are maternal grandparents, and paternal grandparents are Mr. and Mrs. D. M. Carr. Mrs. Frank Hoag is paternal great-grandmother.

Society's program would not be possible." According to the American Cancer Society, 92,000 men and women will die of cancer this year because they did not get to their doctors in time for early diagnosis and prompt treatment.

The goal of "Tell Your Neighbor" is to persuade the American public of the importance of prompt diagnosis and treatment of cancer. "An annual health checkup will mean many thousands of lives saved from the disease," Mrs. Justice said.

The second goal, Mrs. Justice added, will be to raise money for research, education and service. "Our only hope of saving one half of those who now develop cancer is through the results of the research which is occupying an increasing number of scientists each year. Here lies our hope."

PUBLIC ASKED TO HELP IN FEED MILL BURGLARY CASE

The public was asked for help today in identifying an automobile as police continued an investigation of the burglary of Thornton's Feed Mill last Monday night.

Police Chief S. E. Parkinson reported that an auto that was believed to have been used by two men seen running from the mill was parked on the north side of 12th Street — about 50 feet from Avenue E, west of the feed mill.

"We would like to hear from anyone who might have driven in that area from 9:30 to 10:15 p.m. Monday and saw the parked car or the men running toward it," Mr. Parkinson said. "This would be helpful in apprehending the burglars."

Mr. Parkinson said that a check-up revealed that the sum of \$1,700 in cash was taken from the safe. Some \$800 in checks and about \$100 in currency was overlooked or left behind purposely, he added. The loss was partly covered by insurance.

Burglars entered the building through a rear window. The knob was chiseled off the safe to open it.

County officers were assisting city police in the investigation.

Election Is Due In Near Future

An act of the Texas Legislature creating a Hospital District in Precinct Four (the Cisco Area) of Eastland County, providing the people approve the proposition in an election, was signed into law by Governor John Connally in Austin Wednesday.

A bill to authorize the creation of the hospital district was introduced in the Legislature by Senator Tom Creighton and Representative Wayne Gibbens.

Manager Jim Smothers of the Cisco Chamber of Commerce reported that a Dallas bond company, which has been working with the CofC and the City of Cisco in the program, was expected to send a representative here in the next few days to help with detail work.

Plans call for a committee of Cisco area property owners to appear before the Eastland County Commissioner's Court to request an election on creation of the district and for a bond issue and supporting tax. It was understood that the next meeting of the Court will be held Monday.

The Legislative bill named five men — Sutton Crofts, J. B. Hagan, Jay Richardson, J. L. Stafford and R. A. Hammett — as directors of the hospital district to serve until an election is held to name five permanent board members.

Under terms of the bill, a maximum tax of 70 cents per \$100 valuation would be allowed to support the hospital bonds.

Plans call for a 30-bed hospital to cost in the neighborhood of \$450,000 to be financed by a 50-cent tax over a 30-year period. County tax authorities would handle collections on county valuations. Only property owners will be eligible to cast ballots.

Precinct Four area is composed of approximately the northwest one-fourth of Eastland County.

Complete information on the program is expected to be available in the near future.

'CLASS PROPHECY' FOR CHS SENIORS IS READ AT DINNER

By SUE COLLIER
"The Report of a Psychiatrist" was the name of the document that constituted the Class Prophecy of Cisco High School's 1965 graduating seniors. This learned work was read at the recent Junior-Senior banquet.

The prophesy noted that members of the 1965 class had been very much interested in what the future held for them. And the report of noted psychiatrist who checked over the top classmen of Loboland left these notes:

CATHY ABBOTT has the makings of another Ann Landers, whom she will probably replace as an advisor to the

emotionally disturbed. According to Professor Asher - Brillig, ERVIN ADDY cannot possibly be anything but a member of the Harlem Globe Trotters.

LINDA BARTEE is particularly suited to crusading for women's rights in Viet Nam.

TIM BENNIE will have to kick field goals eighty yards from the goal because that's as close to it as S.M.U. will be able to get him.

LEON BINT'S future appears to lie in the writing of a book entitled How to Build Your Own H-Bomb, which will be published in Russian, Chinese, English, and French.

DIANA BROOKS shows tendencies toward becoming Harry Gunner's replacement on the CJC basketball team.

LINDA BROOKS has possibilities of being the secretary for the Conservation of Gila Monsters as Pets Society.

MR. and MRS. JIMMY BROWN are particularly suited to opening a teenage marriage council.

It looks like JOLENE BURNAM'S future leads toward the professional ballet; she will perform "The Swan" for the Swan's Down Cake Company.

BERNADINE CAMPBELL is the future holder of the Miss Universe title, which will come only after she is named Miss Carbon, Miss Cisco High School and Miss Boy Chaser.

CAROLYN CARR shows great promise in becoming a well-known manufacturer of Maynard Cars.

DANNY CLACK appears to be headed for a career as a track coach at A.C.C. and will sign on Larry Nance as the meter man.

LARRY NANCE has the qualities needed for participation in the one meter dash, the twelve inch sprint, and the three feet relay.

CHARLES CLEVELAND'S fortune will be made when, with the number of 007, he wins the Indianapolis 500 in his red-hot Corvair, the Red Derby. This will happen only if LINDA WILSON and SUE NEELY are in the pit crew.

It looks like RICHARD COATS is headed for the posi-

LOBO DIN

By SUE COLLIER

Last week was another one of those weeks. Tension mounted as Student Council elections drew closer. It started bright and early Monday morning when everyone began scrambling for the best places to put posters by 8:00, the walls, lockers, windows, and doors were well plastered with posters of all shapes, sizes, and ideas.

There were so many good ideas. Advertisements seem to be a favorite target among others. Of course, there are catchy rhymes and plays on words. Each day you could see something new up. Ribbons were out by Wednesday, and Thursday brought the last day of campaigning before the big day.

Friday morning, the huge long signs went up in the auditorium, and nerves were nearly "shot!" After the break Friday, everyone went into the auditorium to hear the speeches and see the skits. The order followed was: reporters, treasurers, secretaries, vice president, and president.

The candidates and their campaign managers for reporter were candidate Susan Addy, whose campaign manager was Lynn Jones; Cindy Broyles, whose campaign manager was Genie Damron; and Cherie Meglasson whose campaign manager was Suzy Huffman.

The candidates for treasurer were Beverly Caudle, whose campaign manager was Ann Rutherford; Sue Collier, whose campaign manager was Cathy Abbott; and Eva Ann Wheat, whose cam-

paign manager was Bobby Rains.

The candidates for secretary were Delena Molder, Martha Ferguson, Marilyn Hathaway and Jeanne Bryant whose campaign managers were Anthony Strother, Marlin Marcum, Judi Roach, and Sheri Heyser, respectively.

The candidates for vice president included Bengie Burnam, campaign manager, Ervin Addy; Larry Hargrave, campaign manager, Leon Bint; and Louise Woods, whose campaign manager was Sandra Lane.

The office of president was carrying three candidates: Bobbie Golemon, Jimmy Smith, and Bobbie Smith, whose campaign managers were Mary Webb, Richard Coats, and C. B. Rust, respectively.

Following speeches and skits, the student body went to the polls, where they voted in precincts. The votes were counted after lunch, and during the 4th period, the following results were announced: Reporter: run - off between Cherie Meglasson and Cindy Broyles; Treasurer: run - off Eva Ann Wheat and Sue Collier; Secretary: run - off — Marilyn Hathaway and Jeanne Bryant; Vice President: run - off — Louise Woods and Larry Hargrave; and the 1965-66 President is Bobby Smith. Run-offs will be Monday morning.

This week the Freshmen and Juniors will be taking Achievement Tests in the auditorium. It usually turns out to be not all work, but some fun.

CHS Track Team In Brady Relays

The Cisco High School track team participated in the Brady Bulldog Relays at Brady Saturday, March 13, and came in tenth with a total of 20 points. Nineteen teams were entered in the relays, according to Coach Joe Turner.

Scoring for the Lobos were Billy Westfall, C. B. Rust and Larry Hargrave. Westfall ran the 220-yard dash in 23 seconds flat and came in second. Running the 220 in 23.3 seconds was Larry Hargrave, who was fifth. Westfall was fourth in the 100 yard dash, and Rust threw the discus 139' 11" to place third in that event.

The Lobos will go to Coleman Saturday, March 20, for an all day meet, according to Coach Turner. Participants will be announced later, he said.

There's the incredible GTO with its extra helping of horsepower (360), or the way it comes (335). Or there's the LeMans with a 285-hp V-8, a 250-hp V-8, or a 140-hp six. Either way they're all tigers with bucket seats, carpeting and lots of Oh-you-kid!

WACO — Many veterans whose nonservice-connected disabilities prevent them from buying commercial life insurance at sub-standard rates will have the opportunity to obtain National Service Life Insurance during a one-year period beginning May 1, 1965.
Glyndon Hague, manager of the Veterans Administration Regional Office in Waco, pointed out that these applicants, unacceptable to commercial companies, will be obliged to pay very high premiums.
Nonservice-connected veterans affected are those who had been eligible to purchase insurance between October 7, 1940, and January 1, 1957, but who now hold less than \$10,000 worth or none at all.
These veterans may obtain a general information sheet at any VA regional office. However, veterans are reminded that no application may be made prior to May 1, 1965.
The condition rendering the veteran uninsurable had to be in existence on the date the president signed the bill.

MURDER TRIAL
(Continued From Page 1)
indication of Mrs. Bratton's search for help from the man who had "tormented" her for years.
DA Brown emphasized Mrs. Bratton's testimony of Wednesday in which she said that she had not loved him when she married him, but that he (Mr. Bratton) had loved her deeply. Brown suggested the triangle and the jealousy of her late husband, pointing out the gift of some 300 acres of land to Mrs. Bratton from another man.
Presiding Judge J. Frank Sparks began reading the charge to the jury at 11 a. m., and attorneys went into the noon hour with their arguments.
During testimony by the defense, Wednesday evening, Hart made an impassioned plea for a mistrial, claiming that he had observed DA Brown talking with several witnesses in one of the 91st District Court's outer offices. The motion was denied, as had been a motion by Hart earlier for an instructed verdict of acquittal.
Shoes of the deceased highlighted testimony Wednesday morning as Brown attempted to get entered into evidence a pair of shoes held to be those of the late Mr. Bratton. Several attempts to enter the shoes failed on Judge Sparks' sustaining Hart's objections.
County Clerk Johnson Smith was called to testify about a warranty deed on record from M. L. Woods to Susie M. Bratton.
Tax-Collector Edgar Altom was to be called to the stand at 1:15 to testify to the value of property involved in an apparent attempt to show the value of the "gift" from Mr. Woods to Mrs. Bratton.
The state put on four witnesses in the opening round of testimony which began at 2 p. m. Tuesday, and three of these, all law enforcement officers, quoted Mrs. Bratton as saying she had killed her husband.
Called by District-County Attorney Perry Brown were former Sheriff Lee Horn, Dr. Luther R. Gohlke of Ranger, Highway Patrolman Jack Therwanger and Sheriff L. E. Sublett.
Horn said that Mrs. Bratton came to his office about 8:15 a. m. Sept. 30, 1963 and said: "I have just killed my husband." She had brought the rifle — described as a deer rifle with a telescopic sight, he said.
Defense Attorney Bill Hart objected strongly as he did later when Therwanger testified similarly. Presiding Judge J. Frank Sparks permitted the statement to stand as he did later when Sheriff Sublett (deputy at the time of the shooting) testified that Mrs. Bratton had told him that she had kept him (her former husband) in the rifle scope's sights "until he stopped kicking" (after she had shot him).
Testimony brought out that a door of Mrs. Bratton's house had been damaged — the state contending that it could have been done by anyone or anything and the defense holding that it had been done
Over 10 million yeast cells are found on each ripe grape at the time of harvest.

Dr. Gohlke told how he was called to the scene and determined that the bullet had struck the man in the back and had come out through the right upper chest. He said the cause of death was shock from loss of blood as a result of gunshot wound. Despite repeated questions regarding the entry of the bullet, the physician did not change his contention that the bullet entered from the back.
Court adjourned at 5 Tuesday and resumed at 9 a. m. Wednesday, with the jury held in quarters.

glass, but I slept most of the way. I was on the aisle seat and everything was dark inside as well as out, including the negro soldier seated by me.

When we approached San Francisco, spread out below us was a beautiful patchwork of millions of lights as bright as Christmas. We had an easy landing at 9:30 Western Standard Time (11:30 CST). Bill, my son, met me there and it was interesting to go through the air terminal. It was raining when we started toward Sacramento, but we left the rain behind us.

We went through Oakland Bay Bridge tunnel. It was three miles long and we went on the lower deck. We saw the Golden Gate bridge, the lights of Alcatraz, and the G&H sugar plant, where sugar cane juice from Hawaii is made into sugar.

The fog closed in on us. Bill says that from the air the fog looks like cream gravy in a bowl.

In "Sunny" California I saw one day of sunshine in 21 days. Every morning there is heavy fog.

I went to Sunday School and met a Mrs. Taylor from Abilene, and my teacher was a Mrs. Petree from Ranger.

We went to San Francisco one weekend and rode down the crookedest street in the world, saw Chinatown, large ocean vessels, small sail boats, and the quaintest houses everywhere. We visited Palace where the 1964 Republican Convention was held, the Rose Bowl, and San Quinton prison.

On January 22 we went to the Sierra Nevada Mountains through Eldorado, past Red Coach Inn, through Placeville and Carson City, through country of beautiful pines. We rode through the Ponderosa country, deer country, trout country, up to 7,000 feet. We saw many ravages of the recent flood, land slides, and huge pines washed out and lying across the road, and sheer drops from the roadside and snow-capped mountains. We stopped at a ski resort and let the boys ride on their new sled. We left when it started to snow and heard next day that the roads became blocked by the snow.

We had dinner with Leta Combest, daughter of Paul Moore, one evening.

We went to Los Angeles on February 9, going through the San Fernando Valley. The houses on the mountain side were fascinating. They were split level homes, some stilted. We stayed at the Hollywoodland Motel located in Hollywood overlooking Universal City Studio. We visited the Chinese Theater where we saw the foot prints of the stars. I saw the famous corner of Hollywood and Vine, saw radio and television studios, and the Capitol Record Building, which looks like a gigantic stack of records. I expected to see coconuts any minute on the many palm trees. We also visited the Griffith Observatory and Planetarium.

I visited a sister-in-law with whom I had corresponded for 44 years but had never seen. Then I boarded a Delta Jet to Love Field and enjoyed the fabulous view until sunset.

County Bond Sale Totals \$27,729

January Savings Bonds sales in Eastland County totaled \$27,729. This announcement was made recently by Mr. Guy Parker, chairman of the Eastland Savings Bonds Committee. This represents 67 per cent of the 1965 goal of \$410,000.

During January, 1965 sales of Series E and H Bonds in Texas totaled \$14,311,691 or 9.3 per cent of the state's goal of \$152.8 million.

In announcing the sales figures for the county, Chairman Parker pointed out that the rallying cry of this year's bond campaign is "Practical Patriotism."

"The purchase of U.S. Savings Bonds is 'practical' because it is easy and sure. It is patriotic because the purchase of bonds are a mark in the faith of our country and its future. 'Practical Patriotism' is just good common sense and I urge all the citizens of our county to buy bonds where they work or bank," Chairman Parker said.

Sulphuric acid was first produced in America in 1793 by a young Philadelphia chemist, John Harrison, and sold for 40c a pound.

Three Trustees To Be Elected In April 3 Vote

Three Eastland County School Board members are to be elected at the April 3 election, County Supt. O. L. Stamey has announced.

Announced are Wyatt Jacobs of Rising Star for the Precinct Three post; J. D. Lauderdale of Cisco for the Cisco precinct post; and Melvin Adams of Ranger, for the at-large position.

Holdover trustees are President I. C. Inzer of Eastland and Ross Wilson of Gorman. Trustees Jay Koonce of Rising Star and Frank Coats of Cisco are not seeking re-election this year.

AUCTION REPORT

A total of 508 cattle, 111 hogs, and 50 sheep and goats were sold to 72 buyers at the Eastland Auction sale last Tuesday. There were 156 consignors.

Prices were reported as follows: butcher bulls 14.7 to 17.6 cents; stocker bulls 16 to 21; butcher cows 12 to 14; stocker cows 11 to 17.5; canners and cutters 9 to 13.5; butcher calves 16 to 20.5; stocker calves (Lt. choice) 20 to 24.7; stocker calves (Hvy choice) 17 to 21.7; pairs of cows and calves \$140 to \$190; butcher hogs 16 to 18.3; sows 12 to 15.
