## C. & N. E. ROAD TO IMPROVE PROPERTY

### GREAT DEMAND FOR LEASES NEAR NIMROD

#### D. W. BURLERSON TEST AT SOUTH EDGE OF TOWN IS BEING PUSHED AND PRICE OF ACREAGE GOES UP

Burleson thinks he displayed good judgment in making location, and hopes to prove it soon by bringing in a producer that will make Pioneer sit up and take notice—Offer of \$50 per acre made for land near his well—Putnam Shallow Field Springs a surprise.

A running tower was put to work this morning on the D. W. Burleson test on the E. P. Notgrass tract, just south of the town of Nimrod, and Mr. Burleson announces today that the work will proceed without interruption, and that within a few weeks he hopes that he can prove to the world the good judgment he thinks he used in making location for this test.

The Burleson well was spudded in on the 15th, and it is expected that the pay sand will be reached at about 2450 feet, or at approximately the same depth as in the Pioneer field, to the south.

Mr. Burleson, who is known to his friends as "Turkey," and his associates have under lease 2500 acres in the vicinity of Nimrod. The test now being made is on a tract of 15 acres, leased by Mr. Burleson himself.

Leases in the vicinity of Nimrod are commanding good prices, according to Mr. Burleson. A big company was in the field this morning with an offer of \$25 per acre of good-sized tract, and another party today received a wire offer of \$50 an acre for some land close to the Burleson test.

**PUTNAM SHALLOW FIELD SPRINGS NEW SURPRISE**  
 PUTNAM, March 20.—The Putnam shallow field has sprung another surprise. On the Joe Newman lease in section 8 More & Stebbins are drilling, and very much to the drillers' surprise, at 2411 they have struck a large amount of gas and, drilling seven feet further, they struck a fine, rich oil sand. Operations were temporarily suspended and the drillers are awaiting orders. This looks good for a well one mile south of the field.

John Cunningham closed a deal for a well to be spudded in at once on section 135. This will be east of the big gasser on the Williams tract. Mr. Reilly of Breckenridge will also drill, west of the big gasser.

M. M. Jackson of Fort Worth has closed a contract with John Eisenhower for a well in the town of Putnam.

Dr. Olden and Mr. Martin will spud in their second well on the Eisenhower lease. The second location will be between the old Humble well and the York & Spontz well, both of which were good for 10 barrels.

Mr. Lamer on the Wheeler & Williams ranch are going along nicely. They struck a fresh water well at 75 feet.

The Fleming & Mobley well on the J. J. Clark lease is doing nicely at 200 feet.

Sam Akin, drilling for Cook & Baker, is getting along nicely after having casing trouble.

Big things are to be looked for in the south part of the country as 1650 acres of the Heyser ranch was leased to some of the big companies.

There is a deal on south of Atwell for a deep well to be drilled on the Foster farm.

Charles Denny and Mr. Wettner of Pittsburg have been looking over the field north of town and picked out a location for a deep test on the Williams ranch.

Mr. Nyeberger, drilling on the Pippin lease, is down 200 feet and expects to have a sand at 247 feet.

The Grant well in section 318 is sure due for a gasser or an oil well. Mr. Harlington manager for the Post-City ranch, makes a location for a well to be drilled just north of the town of Putnam.

Charles Dutton in cleaning out the Cathey well, is coming along nicely and will soon have it back to normal and start his offset.

#### GRAND JURY INDICTS TWENTY-EIGHT IN BANK FAILURES AT CLEBURNE

CLEBURNE, March 20.—The grand jury report turned in to Judge I. T. Ward shows a total of 28 indictments in connection with the failure of the National Bank of Cleburne and eight in the Farmers and Traders Bank of Rio Vista, owned by S. B. Norwood, president of the defunct National Bank of Cleburne.

Indictments were returned in connection with "drinking" parties participated in by men and women, some being minors. In this connection a 10 o'clock curfew law was recommended.

The repeal of the suspended sentence law and enactment of more rigid prohibition enforcement laws were recommended.

Clifford F. Stone of Austin, Assistant Attorney General, came here to assist the grand jury in connection with the bank case.

#### SISTER OF J. P. FLYNN DIES IN NEW ORLEANS

J. P. Flynn, general manager of the Cisco and Northwestern railroad, with headquarters in this city, was called to New Orleans last week by the illness of a sister. This morning R. Q. Lee received a telegram from Mr. Flynn informing him that his sister died last night. Mr. Flynn will return to Cisco Thursday.

#### VALISCO SITUATION IS GROWING GRAVE

MEXICO CITY, March 20.—The situation in Jalisco is growing grave as a consequence of the attitude of former Governor Basilio Vadillo, who was unseated recently by the local legislature because of alleged irregularities in office. Vadillo refuses to recognize the decision and is said to be planning the establishment of a new government.

#### SHIREY TRIAL TUESDAY

AUSTIN, March 20.—The examining trial of Dr. Guy O. Shirey, former commander of the American Legion of Texas, against whom embezzlement charges in connection with the Kerrville hospital funds have been made, will be held tomorrow. It is said Shirey will waive trial and await action of the grand jury.

#### KU KLUX PARADE IN LAREDO KNOCKED OUT

LAREDO, March 20.—The Ku Klux Klan did not parade in Laredo last night. More than a hundred officers and special deputies were on duty early today to prevent the parade which had been announced for Sunday night but which the sheriff's department said could not be held. The grand jury resumed its investigation into the Klan today.

#### PLOTS AGAINST EGYPT'S PREMIER

CAIRO, Egypt, March 20.—A plot has been discovered here against the life of H. K. Sarvat Pasha, (since appointed Premier of Egypt) and several students have been arrested. The police seized five bombs which were found in a house.

#### PARRISH CRITICALLY ILL

WICHITA FALLS, March 20.—The condition of Congressman Lucian W. Parrish, thought to be improved since his injury last Wednesday night in an automobile accident, became worse last night, and his condition is considered critical. The doctor report symptoms of cerebral meningitis.

#### GORMAN SCENE OF FIRST K. K. K. COUNTY PARADE

GORMAN, March 20.—Approximately 100 members of the Ku Klux Klan in full regalia paraded the downtown section of Gorman Saturday night shortly after 10 o'clock in full regalia, while 1,500 people who had gathered for the first concert of the newly organized Gorman band lined the streets. The klansmen came from the north section of the town, bearing aloft a fiery cross of small electric bulbs. They were about marching through the line of spectators disappeared in the direction from which they came.

The parade, except for word brought through the business section of the city a few moments before the vanguard of klansmen reached there, was unheralded. There had been rumors of a parade but no talk had been mentioned. No attempt was made by members of the sheriff's department or local officers to interfere, although the sheriff had announced last fall that the Klan would not be permitted to stage parades in Eastland county.

The parade was the first in the county and the second public appearance of the klansmen, the first having taken place at Ranger some time ago when klansmen placed a fiery cross of red carnations on the coffin of a member, as the body was awaiting shipment at the Texas & Pacific depot there.

#### THIRD INTERNATIONALE PROMISES TO AID THE NATIONALIST MOVEMENT

MOSCOW, March 20.—The congress of the Far Eastern Peoples held under the auspices of the Third Internationale was regarded as of minor importance by all connected with it.

Those attending it were for the most part students, the important leaders of the various countries staying at home and sending word that it was useless to attend a conference when Russia was returning to a bourgeois organization.

There was a good deal of loose talk about war and revolution in the Far East but not of a nature to convince the Russians present that it would materialize.

Many of the delegates were picked up right in Moscow and one Chinese socialist of prominence refused to attend. Officially there were 144 delegates, 52 of whom were Koreans, 16 Japanese, 42 Chinese, 22 Mongolians, a Japanese and 2 Kalmucks.

In principle the Third Internationale promises to help the national movements in the countries represented, so that such movements might later be diverted into Marxist labor movements. It is understood by the Third Internationale that so far there is no real Communist movement in China, Japan or Korea but nationalist agitation in the sense that the revolutionists object to existing governments.

The second decision taken, also in principle, was that the Third Internationale would help to prevent the development especially of American influence in China and in general prevent any European powers interfering for capitalistic purposes there. But no money was promised to help revolutionary or nationalist agitation.

It was the impression gained by the Third Internationale that the Japanese Communist or socialist movements are taking the trend of those in England, with the government making concessions when obliged to do so.

#### ONE IS KILLED, ANOTHER HURT WHEN PLANE HITS SMOKESTACK

DALLAS, March 20.—One man was killed and another injured when their airplane crashed into the top of a 110-foot smokestack at the Oak Cliff pumping station today. The man killed was reported named Mahaffey. The man hurt was C. W. Childress. Both are of Fort Worth.

#### Soldiers of Europe Are Paid Bonus With United States Money

WASHINGTON, March 20.—While the United States withheld adjusted compensation from its own ex-service men, it is financing the payment of bonuses by Great Britain, France and other nations to their world war veterans.

Senator McCormick of Illinois made this assertion Saturday in a statement issued in reply to Stephen Laurance, who declared that American bankers and producers profited largely from the French loans. Senator McCormick's statement was another warning to America's European debtors to make haste in cutting down military establishments and balance their budgets.

Referring to the question of financing the bonus, he continued: "Let us consider the question of interest in another light. The British and French governments have paid their soldiers a bonus, or rather we lent them the money so to do when we postponed the payment of interest."

"That is to say the credit of the United States has been used to pay a bonus to foreign soldiers, but not as yet to pay soldiers of the United States. It is not surprising that the American people question the circumstances which attend the upkeep of armies across the Atlantic."

#### Mark Twain's Books Are Still Numbered Among "Best Sellers"

NEW YORK, March 20.—Mark Twain is still a "best seller." In fact, the highest price it is said, ever paid for a single edition of any author's work was recorded when Gabriel Wells, a dealer in rare books, bought from P. F. Collier & Son a new definitive de luxe edition of Mark Twain valued at more than \$200,000.

From this sale alone the Clemens estate will receive more money than the writer of a "best seller" of the day receives from the sale of 100,000 copies. This royalty, added to the returns on popular editions, makes the earnings from Mark Twain's writings the greatest recorded for any author.

#### Miami Bankers Back Bootleggers, Says Col. Nutt

MIAMI, Fla., March 20.—A bootlegger ring has been uncovered here so thoroughly organized that its contracts were backed by some Miami bankers, who were also trustees of funds covering large sales, Colonel Nutt, of the internal bureau, reported to Prohibition Commissioner Haynes.

#### CHILD FATALLY BURNED

COMMANCHE, March 20.—The two-year-old daughter of Mr. and Mrs. W. H. Satterfield was fatally burned here Saturday while attempting to place a stick of wood in the fireplace. She lived only a few hours.

#### RANGER MAN GOES WITH DENISON COMMERCE BODY

DENISON, March 20.—J. E. T. Peters, manager of the Ranger chamber of commerce, was appointed secretary of the Denison chamber of commerce at a meeting of the executive committee Saturday. W. N. King, for nine years secretary of the local chamber of commerce has been appointed general manager of the Jefferson Highway with headquarters in St. Joseph, Mo.

West Texas—Tonight, fair; some what warmer in south portion. Tuesday, fair.  
 East Texas—Tonight, fair; not quite so cold in north portion. Tuesday, fair; rising temperature.

#### RULES OF HOUSE NOT TO BE SENT ASIDE ON BONUS

WASHINGTON, March 20.—Speaker Gillette announced today that he would not entertain a motion to suspend the house rules to put the soldier's bonus bill through the house with a restriction on liberty without an opportunity for amendments.

With Republican House leaders for 9:30 a. m. to discuss the soldier's bonus situation. Because of appointments made before his return from Florida he was unable to grant their request for a conference Sunday.

Representative Mondell, of Wyoming the Republican floor leader, said last night that the whole situation would be laid before the president and the company bank plan would be fully explained. Mr. Mondell would not venture an opinion as to whether the bill would be voted up in the house today under a suspension of the rules, but he appeared to be confident that there would be no development at the White House conference that would cause serious alteration of the plan to put the measure through soon.

"We have a bill quite different from anything the president had expressed an opinion on," said Mr. Mondell "and a bill that lays no more burden on the treasury next year than does the forthcoming road bill, for instance."

We suspended the rules two years ago to pass the first bonus bill and there is good reason to handle the measure that way. There are men who have no responsibility in the matter who would come forward with amendments not for the purpose of improving the bill, but to make trouble. If we have about the best bill we can get there is no reason to allow the minority to embarrass our people.

"We have got the best bill we can get and a very good one, and the sooner we pass it the better."

Soon after Mr. Harding returned here Sunday he had an hour's conference with Secretary Mellon at the White House. There was no official statement as to the conference, but it was understood that the bonus question was discussed.

An attack on the bonus measure was made public Sunday by Representative Treadway of Massachusetts, and Representative Tilson of Connecticut. Republican members of the ways and means committee. They declared their belief that the bill, if enacted in "would do more harm to the people of the country, the veterans themselves and their families included than it would do good to the individual beneficiaries."

The committee centered their attack principally on the bank loan provision of the adjusted service certificate title and the land settlement title. They asserted that the loan scheme "seems to us just about as unsound, economically and unfortunate from every point of view at this particular time as could possibly be devised."

The land settlement title, they said, "offers untold opportunity for reckless expenditure, is dangerous at the worst and uncertain at the best," and they added "that there is a firmly grounded belief in the minds of many that this provision has been saddled upon this bill with the hope and expectation of carrying through congress on the sturdy backs of the veterans so fraught with dangerous possibilities and uncertainties that it would receive scant support if forced to stand alone in the open on its own merits."

Calling attention that the loan provision has been disapproved by high fiscal officers of the government, the committee asserted that "a serious defect" in the bill was "entire lack of amortization, taxation or refunding of anticipated payment of the large sum when the bank loan period would expire and the veterans holding certificates would be authorized to borrow direct from the government. They estimated what a time the Treasury would have to provide \$500,000 for advances to banks on unpaid loans made to veterans and to the veterans themselves."

"Attention is called," says the report, "to the significance of the rate the certificates are to bear, namely Oct. 1, 1922. With a large force of clerks and the best assistance possible, comparative few certificates could be issued by that time, and it would be at least six months before any large number could be paid out. The reason for the date therefore of the operating of the bill is October 1, next, one month prior to election, is very apparent."

In estimating the political effect of the support of this bill," the report continued, "it would seem that a rank injustice is being done the intelligence and patriotism of the ex-service men."

### SHOPS ARE TO BE ERECTED, ROADBED IS TO BE BALLASTED AND ADDITIONS ARE TO BE MADE TO THE EQUIPMENT

#### BLAINE'S DISTRICT IS VOTING TODAY

AUGUSTA, Me., March 20.—The first test of strength between republicans and democrats in the congressional battles of this year will come in the third Maine district today. In this district, once the stronghold of James G. Blaine, a representative is to be chosen to fill the vacancy caused by the resignation of John A. Peters early this year to become a federal district judge for Maine. The candidates are John E. Nelson, republican, and Ernest L. McLean, democrat, both attorneys of Augusta.

The district, comprising the counties of Kennebec, Waldo, Somerset, Hancock and Washington, has always been strongly republican, but the democrats have waged a hard campaign in an effort to swing it their way. Congressman Peters received a margin of 19,257 votes in 1920, when women voted for the first time.

In 1918 he won by 5,363 votes, in 1916 by 3,654 and in 1914, when he was opposed by William R. Pattangall, a state democrat leader, and state and nation went democratic, he was victorious by 1,515 votes.

#### MISSISSIPPI PASSES FLOOD STAGE AT MEMPHIS, TENN.

MEMPHIS, Tenn., March 20.—Flood stage on the Mississippi river at Memphis was passed Sunday when the official gauge registered more than 35 feet. The river was rising rapidly with a stage of 40 feet here and 49 at Helena, Ark., predicted by the United States weather bureau for the latter part of the week.

#### LIFE TERM IS ASKED FOR GEORGE HORNSBY

TEMPLE, March 20.—Sam D. Snodgrass left here for Austin today to present to Governor Neff a petition signed by 6242 Bell county citizens asking that the death sentence of George F. Hornsby be commuted to life imprisonment. Hornsby is to be hanged April 14 for the alleged murder of J. N. Weatherby, an automobile dealer of Brownwood, Oct. 18, 1920. He stoutly maintains his innocence.

#### BALLINGER TO VOTE ON WATERWORKS BOND ISSUE

BALLINGER, March 20.—An election for the issuance of \$25,000 worth of waterworks bonds and \$50,000 worth of street paving bonds was ordered by the City Commission Saturday. The election will be held April 18. The city will use the water bond money or build the two city dams higher and for extending and laying larger water mains. The paying in the business district will be extended with the street bond money. It is believed that both issues will carry with little opposition.

#### TROOPS TO RETURN JULY 1

WASHINGTON, March 20.—Orders directing the return to the United States by July 1 all American troops on the Rhine were issued today by Secretary Weeks.

#### WANTS ALBANY ORPHANAGE

BRECKENRIDGE, March 20.—A move was launched here last week by the local chamber of commerce to bring the Presbyterian orphanage, located at Albany, to Breckenridge. There are several other places contesting for the institution.

#### ARKANSAS OUT OF IT

WASHINGTON, March 20.—The petition of Arkansas to intervene in the boundary dispute between Oklahoma and Texas was denied today by the supreme court.

R. Q. Lee, president of the Cisco & Northeastern Railway, which has its general offices in this city, returned to Cisco Sunday night from Washington, where, he reports, he was successful in his conferences with members of the interstate commerce commission in making loans for the railroad, which operates between this city and Breckenridge.

This money obtained by Mr. Lee is to be used in making additions to the rolling stock, in building railroad shops and in ballasting the roadbed.

Recently there has been rumors afloat that the Cisco & Northeastern was contemplating building an extension of its line from Cisco to the Pioneer oil field. According to Mr. Lee, there is at the present time no foundation for such a report. He stated that he had no doubt such an extension would prove to be a valuable property, and that he would like to see the C. & N. E. get in on such a proposition. But so far as any arrangements having been made, or even being considered, by the road's officials, there was "nothing to do."

For some time the Cisco & Northeastern has been considering plans for an extension into the Hart pool, but nothing is to be done within the next few months in making any extensions, said Mr. Lee. "The railroads have had a pretty hard time of it for the past year or so," said Mr. Lee, "and very little extension work is being done by any of the railroads. It's too hard to get hold of money nowadays to talk seriously about building railroads."

"Both these extensions, the one to the Pioneer field and the one to the Hart pool, would be very desirable for our road," continued Mr. Lee, "but at present they are almost out of the question."

Mr. Lee is confident that the business of the entire country is due to get back to normal very soon. He states that a spirit of optimism prevails in the east, and that preparations are being made for a greatly increased business the coming year. Mr. Lee says that his road is already experiencing a better business than it has for some months past.

Mr. Lee is a booster for Cisco first, last and all the time. He said today that he was proud to be a resident of this city—one which has withstood the ravages of the alleged "hard times" better than any city on the oil belt, one which has gone through without a bank failure, and one which now gives evidence of such an increase in business. More permanent built than any other town in this section of the state, Mr. Lee says it was only natural that Cisco should go through the "tough period" in better shape than the other towns, and he predicts that Cisco will always be just as good a town as it is today, with the chances greatly in its favor of becoming better all the time.

#### ANOTHER LOAN TO TEXAS.

WASHINGTON, March 20.—The approval of \$1 advances for agricultural and livestock purposes was announced by the war finance corporation. The loans included one of \$333,000 to Texas.

#### MEETINGS

A. J. Olson, keeper of records and seals for the Cisco Knights of Pythias, announces a called meeting Tuesday night for the purpose of conferring the second and third ranks. All members are urged to be present at 7:30 o'clock. John Williams Butts Post No. 123, American Legion, will hold an open meeting tonight at the city hall. The proposition of forming a ladies' auxiliary to the local post and other matters of interest are to be taken up and every member of the Legion and every ex-service man in the city is asked to attend tonight's meeting and bring his dues.

# TWELVE DAYS TO CINCH YOUR CHOICE

## Confidence is Keynote to Success in The News' Great \$6000 Gift Distribution

**VALUABLE PRIZES ACTUALLY GOING BEGGING FOR WANT OF ACTIVE WORKERS TO BRISKLY COMPETE FOR THEM.**

The coming twelve days will, beyond question of doubt, prove the most important of the entire News election to the candidates. The greatest vote offer of the entire campaign is now in force and offers the opportune time for candidates, both present and prospective, to get a lead in the race. Those who are wise will get busy at once and gather in the harvest of votes during this period of the biggest vote schedule.

### More Votes Given Now.

Those who have been thinking of entering the big gift distribution campaign and those whose names now appear in the list, but who have as yet not started an active campaign, will find no better time to do so than right now.

With the present big vote schedule in effect, giving a new candidate a chance to pile up votes on the double quick. No one should delay entering the big campaign with determination and earnestness to win this coming week.

### Do You Want \$1,300

The News election is so big that it ought to have the attention of the very biggest men and women in this territory. Here one stands to gain up to \$1,300 with every active candidate guaranteed at the very least 20 per cent of every dollar he or she turns in on subscriptions. There are two cars, bags of gold and silver and other awards. "Everyone Wins something" is the slogan.

It is safe to predict that there will be very few men or women in this territory besides the News prize winners, who will make \$1,300 between now and April 29th. Why, even \$500 in gold is desirable. And the purses of silver too.

### Choose Your Own Gift.

The News' big election offers the people of this territory choice from the greatest and most costly list of gifts ever offered in this part of the state. The beautiful big cars are most desirable models — who wouldn't want a new Essex Touring car. Hundreds of dollars in gold and silver awards stand awaiting you. Yet—

These valuable prizes are simply going begging for lack of active workers to compete for them. While the office has been receiving hundreds of clipped coupons from the paper, for the various candidates, and

## District No 2

District No. 2 includes participants residing outside of the city of Cisco. One of the big automobiles and just as many cash awards as there are active candidates will be distributed in District No. 2.

### The Standing of Contestants as Totaled from All Votes Cast for Publication Up to Friday Noon.

The names of present candidates for District No. 2 follow:

Mrs. Oscar Comer, R. F. D. Cisco	161,400
Mrs. E. L. Carpenter, R. F. D. Cross Plains	173,875
Miss Willia Ervin, Rising Star	175,150
Miss Della May Gresham, R. F. D. Cisco	112,150
Mrs. W. M. Karklin, R. F. D. Cisco	110,300
Mrs. B. G. Lindley, Cross Plains	191,475
Mr. Eual Lieb, Albany	5,000
Mrs. Fay Lockhart, R. F. D. Rising Star	81,200
Miss Mourine Orr, Putnam	177,300
Mr. Maurice Ribbs, Eastland	5,000
Mr. L. J. Reynolds, Parks Camp	165,125
Mr. Earl Strickland, R. F. D. Cisco	101,350
Mr. W. A. Tate, Carbon	17,800
Miss Jewell Hamrick, Gorman	5,000
Mr. P. P. Framuall, Moran	5,000
Miss Lillie Wragg, Harpersville	40,375

a number of our subscribers have come in and renewed their subscriptions, giving their votes to their favorites, only a few candidates have really commenced their campaign in earnest. Frankly, it seems to be more because candidates keep making excuses to themselves for not making the start than for any other reason, that this campaign is making so little headway.

### Subscriptions Will Win.

One couldn't imagine a finer list of candidates. As men and women every person entered lends prestige and standing to this campaign. Admit that. But this is a subscription getting campaign, first. Subscriptions will win. And subscriptions do not come on the wings of the morning without effort. The goal is too big, the objective is too important not to make a supreme effort to produce the subscriptions that make for votes.

This is the time to produce subscriptions—while they count for so many votes. Those who have the foresight to see the tremendous value in votes of subscriptions as compared with the coupons and get their campaigns started while the present big vote schedule is in effect will be well paid for their efforts.

Today is the day to enter and pile up votes on the big vote schedule. Start now in earnest and you will be surprised at what you can accomplish with the assistance of the biggest vote offer of the entire race.

### OPPORTUNITY.

Master of human destinies am I!  
Fame, love, fortune on my footsteps wait  
Cities and fields I walk. I penetrate  
Farms and villages remote, and passing by  
Cottage an doffice and palace-sooner or  
late  
I knock undidden ONCE at every gate!

If sleeping, WAKE—if feasting, rise before I turn away. It is the hour of fate, And they who follow me reach every state  
Mortals can desire, and conquer every foe  
Save death! But those who DOUBT and  
HESITATE.

Condemned to failure, poverty and woe,  
Seek me in vain, and uselessly implore  
I answer not, and RETURN NO MORE  
NOMINATIONS OPEN — CAMPAIGN  
JUST STARTING

Campaign closes and all prizes — Motor Cars and Cash—will be distributed  
APRIL 29TH  
CAN YOU USE CASH?

Now, Let's Go. Let's realize that opportunity is here today. Let's go in and win. Are you a candidate? Are you "electioneering?" What are you doing, now, honestly? Have you any ambition? Have you any pride? Are you willing to go through this campaign with the mute evidence that you can't "carry on?" Are you so well "fixed" that you can't use money?

In these days of financial depression here ought to be many more who could use money.

Well, if you can use it, why don't you get it?

It is here for you. You can have it now. In a few short weeks the opportunity will be gone. Then, maybe, you will see the light. Let's have a little foresight. Let's be up and doing, working for our own interests, enhancing the golden lining to our purse.

What do you say? Let's go!

## Campaign Notes

Mrs. B. G. Lindley was in the office last week and made a substantial subscription remittance which enabled her to take the lead in district No. 2, which place she has held for the past three days.

Through a mistake in the office the name of Mrs. Hattie Fairless was omitted from the list of candidates one day last week. We wish to state, however, that she is very much in the race and is a contender from whom much can be expected.

Candidates should understand that the published vote score is always for votes cast up to noon the previous day. The campaign manager is but human and must have time to record and check the votes.

Mrs. Fay Lockhart of Rising Star sent in her first subscription remittance late last week and took a substantial raise in her vote total. She says in her letter that she is in to win and that she can be expected to poll a large number of votes.

Had the Daily News and Weekly Round-Up put up a small touring car, a cheap diamond ring and an "off-brand" music box it is very probable the results thus far would have been as great, if not greater, as they are now with the large touring cars and liberal cash prizes totaling in all over \$6,000. Some ought to be rubbing their eyes.

Mr. Earl Strickland of District No. 2 has made a considerable jump in his vote totals, going over the 100,000 mark. He says he intends to devote all his time from now on to making an active campaign for votes.

Subscriptions are to be had—poodles of them. When you total up the one or two each candidate brings in you know that it figures up. However, it takes a little effort and candidates can't expect subscriptions to have wings and fly to them. Go after them.

Miss Beatrice Farquhar's vote score today put her well toward the front. She is one of the most regular and consistent producers in the campaign and is getting truly extraordinary support. Her friends have occasion to be real proud of her success.

Subscriptions at the office cannot be expected to keep up for long. Renewals of expirations will eventually run out. And when they do what are some of you candidates going to do? The best way to guarantee your success is to make a real effort of your own.

Friends of Mrs. Frank Harrell, and they seem to be almost without number, are watching her campaign with keen interest. This week will see this popular candidate very active and it is predicted that success will reward her efforts.

A new dream every day—a new rumor here and one there. Such "bunk" you never heard of. First it's this and then it's that and then the other thing. Where or how they start is as great a mystery as old Dame Rumor herself. Wild dreams—candidates and the campaign manager get so used to them that they will all help to break the monotony of the day.

It is the intention of the News to print the photograph of each and every candidate in both districts. Already a number of photographs have been received. Candidates will please consider this a personal invitation to bring or send in their photographs. Please do this without any unnecessary delay. It takes time to have electrotypes made.

Friends of Miss Nova Shelton have kept her well up in the race ever since the first publication of names. It now looks like it was up to her to sort of help herself, too.

The campaign manager, in writing these notes, would like to say something real nice about each and every candidate, but the truth is, after checking up the turn-ins, he isn't in any mood for flattery. The fact is here are some who either are not working or who just haven't the ability to carry on. There should be no quitters, no cowards. Each and every prize offered is positively going to be awarded irrespective of the number of votes cast. If you work—if you stick—YOU WIN.

The name of Miss Jewell Hamrick of Gorman was added to the list of candidates in district No. 2, Saturday. If Miss Hamrick will devote as much time and effort to her campaign as she said she intended to, she will be a candidate that will bear careful watching. Will she do it?

Every day you lose now is a day most vital to your candidacy. Just twelve days more of the big vote period and then the vote values are slashed. If your friends ever intend to help you, if they are not just "stalling" you, tell them to help you now when their help will be worth the maximum votes.

Miss Clova Leeson is a candidate who is really doing some work in an effort to go over 'or the biggest prize! She was all enthused about her work when she came into headquarters Saturday evening. "I'm going to work all the hardest this next week," she said.

No, it is not that candidates are holding back subscriptions that they may be secured. The News would know it right away. It doesn't make any difference if a person has got along without the News up until now—you just let them subscribe and fail to get their paper and you'll see how long it is before they start kicking. They have a right to kick if the paper doesn't come, and the News won't come unless the people subscribe and the turn-in is made by the candidate. No, it is just that candidates haven't really awakened to the fact that they stand to win up to \$1,300 for a little real, honest and consistent effort. They're still picking and pecking, many of them.

There is not a whole lot to say about any candidate today in these campaign notes. The fact is, if turn-ins are any indication, the whole list of candidates have been sleeping on the job, hoping that by some miracle they can annex votes without having to put forth the effort required to actually be "vote-getters."

## District No. 1

District No. 1 includes participants residing in the city of Cisco. One of the big automobiles and as many cash awards as there are active candidates will be distributed in District No. 1. The names up to the present time in District No. 1 follow:

### REDUCED VOTE SCHEDULE.

Contrary to the plan usually followed, the News plan calls for a reduction of votes as the campaign progresses. In the News' campaign the last week is the least important because the subscriptions then count for so few votes. Live contestants who are on the job ought to be able to cinch one of the cars within the next few weeks, before the vote schedule is cut. It can be done. Perhaps you will do it.

DEVOTED TO THE INTERESTS OF CISCO HIGH SCHOOL

VOL. III.

CISCO, TEXAS, MONDAY, MARCH 20, 1922.

NUMBER 26

D. E. Girls Serve Visitors Luncheon

The D. E. H. class has been serving luncheon this week. The entire class prepared the food for each meal. Tuesday Marie Pratt was hostess, Dibon Choate hostess and E. T. Barnes and Mayor Williamson were the guests. The color scheme was yellow and white. The flower was a jonquil. The following menu was served: Cream of asparagus soup, soup sticks, beef roast, beans, potato salad, cornbread sticks, pineapple bavarian cream, and iced tea. Wednesday, Edna Mae Westerfield was hostess, Linouse Campbell, host, and Miss Mary Jane Butts and Mrs. Bob Bettis were the guests. The color scheme was red and white. The following menu was served: Meat loaf, buttered carrots, potato in half shells, buttered hot biscuits, fruit salad, sandwiches, iced grape juice. Thursday, Laura Fay Wilson was hostess, Mollie Caldwell, host, Mrs. A. J. Olson and Mrs. Huey were the guests. The color scheme was green and white, the flowers, white carnations and fern. The following menu was served: Fruit cocktail, cream peas, buttered asparagus, Parker house rolls, chicken salad, lemon ice, cake. These luncheons could not have been successfully carried out, if the Industrial Art club had not contributed to the D. E. department, new salad forks, tea spoons, soup spoons, steam cooker and other utensils for the laboratory.

BEAR GREASE AND VANILLA EXTRACT FURNISH MUCH FUN

On last Thursday noon just before the fifth period classes passed, someone was heard rushing noisily up the stairs. In a few moments a great roar of laughter emerged from the Junior room. Seniors anxiously craned their necks in an effort to see over the top and find the cause of the merriment. At the first opportunity they rushed to the scene of laughter and behold—who was it? They couldn't tell. There stood two boys. Their clothes looked familiar. Something about them made us feel that we had seen them before. They both wore an embarrassed grin and were panting as from some great exertion. And their hair—sleek, oily, perfumed, well combed—was driving the juniors out of the room with its odor. "Who are they?" queried some ambitious girl. "Oh, that's Billy Bacon and Wade Cook. Didn't you know them?" We did not. Such an appearance was unusual. It was evident that some fair one's heart was to be pursued with undying vim that night, and that they had called upon "bear oil and vanilla extract" for aid in the hazardous undertaking.

TRACK MEN BADLY NEEDED.

The track meet is to be held on the last day of this month and the first of next month, but there has been very little interest displayed for the coming meet. Those who are out are working hard, but there are only a few of them. The class track meet showed there was quite a bit of new material. If we want to keep the honor of this school, we have to win this track meet, especially as it is at Cisco this year for the first time in two years. Coaches Turner and Herndon are repeatedly calling for more men. The grounds are all ready at Harroll Park with everything that is necessary to practice for the track, and all we need are the men who will come out and practice hard.

Oh, boy, ain't it a sad and dangerous feeling? Last term "Pups" used to come to school nearly every day and visit the pupils in the various rooms, but now we never see him. "Pups" used to be the mascot of one of us, but now "Spec" Magness is—did "Spec" feed him carbolic acid for jealousy, or did "Pups" run away with a broken heart, because he was cheated out of the mascotship of the H-Y? The Gusher Staff would like the problem to be solved.

BREVETIES

Mrs. Keen in History D: "Does any boy remember the date of Charlemagne's death?" Byron Lovelady: "I didn't think he was dead yet." Miss St. John (in English D): "What do you think the general atmosphere of the first paragraph is?" Fish (in undertone): "I would think it was rather cool." Boyce Strickland was absent Tuesday. Thelma Notgrass was absent Tuesday. Some of the English pupils put on quite a delightful air while they were dramatizing the Bible narrative of "Jacob and Esau." Miss McCarty: Oh, Mr. Turner I can give you a compliment." Mr. Turner: Give it to me quick." Miss McCarty: The other day someone stopped me and said 'Hello, Mr. Turner, how—' (But Mr. Turner did not stay to hear the rest.) Did you ever use a soup spoon for coffee? Marion Olson never did either until the Junior-Senior banquet. Mr. Gaither, at the banquet: "Wade, are you going to serve that?" pointing to Blarney Castle. Brock Magness tried to drown all his troubles the other night at the banquet—by drinking four jars of milk. Wightman Moore drank three caps of coffee. I wonder where he went after the banquet? You get up in the morning feeling fine and dandy, and you eat a good hot breakfast which makes you feel still better; then you go to school and feel mischievous and make a great big fat, juicy spitball and sail it at your neighbor; the teacher sees you and pounces upon you and drags you into Mr. Wells' office. Mr. Wells gives you a lecture upon the subject of "The subject of department" or some such thing. You decide to get even with the teachers by playing hooky that afternoon, but next day Mr. Wells demands an excuse—you haven't one—and you get a pass without an O. K. on it. Then when the month rolls by and your report, you find that the teacher knocked five off your grade.

MANY CITIZENS HONOR G. H. S. BY PAYING VISIT

A number of parents visited the school last week. The majority of them were well pleased with the work that the children and teachers of Cisco high school were doing. They, and many patrons who were unable to attend last week, are cordially invited to visit at any other time they please. Indeed, teachers and students alike thoroughly enjoyed "having company." Only a few people visited on Monday, due to the bad weather. Those who braved the storm to come were S. A. Davis, Mrs. G. C. Burk and A. C. Briden. On Tuesday two former students of the high school registered, Frank A. Smith and Herbert McCallis. On Wednesday halls and classrooms were thronged with visitors. Those who registered were: Mr. and Mrs. H. L. Winchell, Mrs. W. P. Lee, Mrs. George W. Brook, Mrs. J. T. Berry, Mrs. M. M. Lowler, Mrs. J. M. Drown, Mrs. Jas. A. Smith, Mr. N. A. Brown, Mary Jane Butts, Mrs. E. L. Bettis, Mr. W. M. Moore, Mrs. Chas. Yates, Mr. and Mrs. A. J. Dabney, Mrs. O. R. Giggcock, Mr. W. R. Daniel, Mr. O. S. Carroll, Mr. Lola Chool, Mrs. Ollie Harris, Mrs. J. E. Clark, Mrs. L. V. Doyle, Mr. H. S. Dossert, Mr. J. A. Tune, Mr. W. L. Hughes, Mrs. Willis Hampton, Mr. John Guthrie, Mr. W. L. Holmesley, Mrs. George H. Wells, Mrs. J. J. Godbey and Mrs. F. W. Piek. Thursday's guests included E. T. Gunther, J. M. Williamson, James J. Ollins, Mrs. Etta Hart, Mrs. Leonard Imon, Mr. Thomas E. Brownswell, rs. B. S. Huey, Mrs. A. J. Olson, Dr. H. Grate, W. C. Shelton, Mr. C. F. Anderson, Mrs. O. A. Davis, Mrs. G. J. Inston, Mr. J. M. Lane, Mr. W. C. Helton, Mrs. C. F. Stephens, Mr. and Mrs. C. T. Brooks, Mrs. G. W. Carmichael, Mr. Ben F. Young, P. W. Campbell, R. G. Richardson, N. E. Payne, R. E. L. Graham, Mr. Shelton, Mrs. Helen Berman West, Mrs. S. T. Cobb, and Mrs. W. H. Beard. It was peculiarly encouraging to see many on taking active interest in the doings of the school on this day. Many visitors left the building without registering, so this list is only a partial one. The greatest number visiting on any one day came to see us on Friday, among them were Mr. J. D. Barker, Mr. J. A. Tune, Mrs. Jay Warner, Mr. and Mrs. D. S. Rumpff, J. G. Wissett, H. E. Clewell, Mrs. R. E. Mitchell, rs. C. H. Dent, A. Spears, Mrs. E. P. Crawford, Mrs. W. E. Fairness, Mrs. P. R. George, Miss Pernice Sparks, Miss avada Boggs, Mrs. W. E. Bowler, Mrs. J. H. White, Mrs. R. E. Herndon, Mrs. J. A. Clements, Mrs. H. C. Wippen, Mrs. T. G. Lemmelt, Mrs. Frank W. Murphy, Mrs. Edie Brown, Mrs. T. J. Tomlinson, Mrs. A. A. Williamson, Mr. H. T. Carroll, Mr. H. T. Carroll and Mrs. R. G. Moody. It was not difficult to determine which department was most popular with the gentlemen who visited, as many of them were heard to remark that it was inspiring to think how many good cooks were being trained in the Domestic Economy department.

WESTHALL QUARTETTE PROVE EXCELLENT ENTERTAINERS

The fifth number of the Lyceum course was held in the City Hall last Friday evening when the Westhall quartette appeared before an appreciative Cisco audience. Many songs were sung by the happy four and then they played on different instruments, the microphone, piano, guitar and saxophone. Many comical pieces were played and sung. Especially attractive were the sacred songs and the two readings given by one member of the quartette. Everyone who was present can truthfully say that this number was the best one so far that has come with this course. Many people were heard to express the wish that this quartette would come back next year. (Editor's Note: Last week the inquiring reporter asked several representative students to express their idea of what an ideal girl should be. This week he demanded pinions of the new seating arrangement in assembly. Look for the inquiring reporter. If he asks your opinion on a very important question before next Monday consider it a great compliment.) Question: What do you think of the seating arrangement in chapel? The eating arrangement in chapel seems to have a very different aspect to everyone. Of the three people interviewed, the two of them seemed well pleased. The third, however, is very much opposed to it. He must not be sitting with his chosen partner. (Please don't misinterpret.) He expressed himself as follows: "Do the Junior and Seniors need special guardians? It looks like it, judging by the way the seating during chapel exercise is arranged with the seniors and juniors sitting on the front seat as if they could not be trusted anywhere except the front where they ought to be. "The seniors and juniors are old enough to look like to conduct themselves as ladies and gentlemen. If anyone should have privilege it looks as if it should be the upper classmen. The juniors and seniors are marched in like a band of convicts and seated where they are check up to catch the escapees. "But instead of giving the upper classmen a little freedom it is given to the lower classmen. When one comes to chapel, he cannot feel natural, but feels as if his every move were watched. It looks to me as if the lower classmen should be put on the front seat and give proper attention. "Another student, however, expresses himself as follows: "In chapel the students are arranged as follows: Seniors first, Juniors next, Sophomores next and in the back, freshmen. "I think I will be safe in saying that the pupils are all working to get the front seat as soon as possible. This appears to be the best way of arranging them. I shall be proud when I arrive in a front seat. "Yet another student seems to be well pleased. He says: "The arrangement of students in the chapel seems to be better than ever before. The seniors sit on the first two rows, the juniors on the next two, and the students too. The seniors always like to be ahead and the freshmen do not care so you see it is a perfect fit. "The following students contributed opinions this week: Joe Brittan, W. H. Magness and Tommie Pope.

JUNIORS HONOR SENIORS WITH ST. PATRICK'S DAY BANQUET AT LOCAL CAFE

A delightful affair was the Junior-Senior banquet held in the American Cafe with over seventy-five Juniors, Seniors and faculty members present. It is an established custom for each Junior class to give the Seniors a banquet. This year the Junior class gave the Seniors a five course dinner. Everyone assembled in the lobby of the hotel until nine o'clock at which time the banquet commenced. After everyone had found his place, Mr. Williams delivered the invocation. Festivities then began. There were so many people there that some had to sit at the lunch counter. After the first course, Wade Cook, the toastmaster, delivered a short toast "To Our Seniors." Marion Olson gave a witty response. After the next course Sherman Watson, a low Junior, gave a short talk on "Excess Baggage" in which he proved to all hearers that a "hypochondriac" Junior or Senior was absolutely necessary. The next speaker was Bernice Key who gave a fascinating discourse on the subject, "To All the World." Mr. G. H. Wells was the next speaker introduced. The subject for his talk was "Student Leadership." His talk was well punctuated with humor which clearly emphasized his points. While everyone was enjoying his dessert, the toastmaster gave a brief history of the legend of Blarney's stone, which was reproduced in a miniature castle at the head of the table. The first speaker who was endowed with the gift of Blarney was Miss McCarty, who related an Irish joke. Following this, after the laughter had temporarily lulled, Zelia Blanche McClinton, Eugene Smith, Mr. Gaither, Edward Mancill and Mr. Kelley told jokes on Irishmen that thoroughly proved that they all had the gift of Blarney. After the banquet was adjourned, "Fred" Magness led in some amply yells. The table, were delightfully decorated to carry out the effect of Saint Patrick's Day. The place cards were green Saint Patrick's hats on which the names were written in white. Dainty little mint baskets of green crepe held white and green mints for the guests. The whole affair was one round of fun in which everyone in some way took part. It was an occasion which somehow made student and teacher feel closer together.

NOTES FROM THE HIGH SIXTH GRADE OF THE WEST WARD SCHOOL.

Miss Hall: "We will have a test tomorrow." Bryan Gasscock: "Oh, shoot!" Miss Hall: "Oh, please don't shoot." John McNulty: "Let me and Willard and some more boys sing a solo." The Industrial Art club has placed several loads of sand on the West Ward school ground which was badly needed. One day recently Miss Hall was sick and Mrs. Hilgenberg substituted for her. Juanita Grist has been absent from school on account of an operation for appendicitis. "Wouldn't This Jar You?" Mr. La Roque: "Why, Miss Robbins, my dear friend, what has happened to your eye?" Miss Robbins: "Oh, I was arguing with an oak sapling with an axe and some of it flew up and hit my head." Mr. LaRoque: "I have heard of 'sweets to the sweet' but never before of wood to wood." Lula Belle Trigg (in her English note-book): "Tis true, this god did shake," is a good example of an epitaph. Last week was exhibit week, and our first visitors were, Mr. Godbey, Mr. Triplett and Mrs. Olson.

NOBEL PRIZE MONEY WENT FOR TAPESTRIES

STOCKHOLM, March 17. — Anatole France, the French author who won the \$40,000 Nobel Prize for literature last awarded, has just appeared the curiosity of the Swedish public by telling how he spent and invested the money. Most of it is already disposed of, he announced.

"The Nobel Prize awarded me," said M. France, "has given rise to much talk and stipulations. I have spent some of the money for some very beautiful Gobelin tapestries, — exquisite, royal ones. The rest of the money I have invested in French national defense bonds. I consider that an excellent and most comfortable means of investment."

Knut Hansson, the Norwegian novelist, whose "Growth of Soil" helped win for him the Nobel Prize for literature, showed that he was in earnest when he wrote the above mentioned book. He invested most of the Nobel Prize in blood ed stock and other improvements for his farm in Norway.

It will be recalled that Theodore Roosevelt who won the Nobel Peace Prize in 1906 for his efforts in bringing to an end the Russo-Japanese War gave his \$40,000 to the foundation for promoting industrial peace.
