USPS No. 113780

PROCLAMATION

WHEREAS, the traditional day of Halloween, October 31st, occurs on a Thursday in 1985; and

WHEREAS, the annual Halloween Carnival for the City of Cisco is to be held on the night of Saturday, October 26th; and

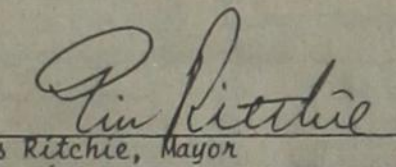

WHEREAS, to eliminate confusion and to avoid conflicts, and in the belief that it is more appropriate for young children to go "Trick or Treating" on a weekend night; now, therefore,

THE CITY COUNCIL OF THE CITY OF CISCO IN COOPERATION WITH THE CISCO INDEPENDENT SCHOOL DISTRICT HEREBY PROCLAIMS THAT:

In the City of Cisco for the year 1985, Halloween shall be celebrated on Saturday, October 26th, and that "Trick or Treating" shall be conducted on that date.

IN WITNESS THEREOF, the Mayor of the City of Cisco, in behalf of the City Council of the City of Cisco, has hereunto set his hand and caused the Seal of the City of Cisco, Texas to be affixed to this Proclamation on this the 8th day of October, 1985.

(SEAL)

Eric Ritchie, Mayor

Western Auto Is Moving Location

Western Auto Associate Store plans to move over the weekend and open for business Monday in the building at 1201 Conrad Hilton Avenue, across the street from Thornton Feed Mill, according to an announcement Friday.

Harold Reich, store owner, reported that the store would be moved from three buildings at 600, 602, and 604 Hilton, where they have been in operations for many years. Mr. Reich purchased the business from Mrs. A.G. Sander two and a half years ago.

Plans call for moving operations to begin at noon Saturday, Oct. 12, and to continue through the weekend. Mr. Reich owns the 1201 Hilton location and operated an automotive business there before purchasing Western Auto.

The new location has undergone extensive remodeling and redecorating and some new fixtures will be added, Mr. Reich said. A customer's parking lot has been prepared in the area back of

the store, which contains 5,700 square feet.

The move will allow Western Auto to offer tire, battery and oil service to customers, Mr. Reich said. They will have auto wheel balancing equipment.

Western Auto is a family business for Mr. and Mrs. Reich and both work full-time at the store, along with two of their three children, Jeanine and Keith.

Mr. Reich reported that the two Sander buildings at

600 and 602 Hilton will be for sale along with the 604 Hilton building that he purchased some time ago.

A formal opening will be held at a later date in the new building, Mr. Reich said.

R.D. Childers, who operated an automotive service in the 1201 Hilton building for some two years, has moved to 1401 Hilton in the former Shirley Garage building. Mr. Childers purchased the Shirley building.

Wranglers In Top 10

Cisco Junior College's Wranglers moved into the top ten of the nation's junior college football teams in polls published last Wednesday. Cisco was ranked No. 6 and was the only Texas Junior College Athletic Conference to make the top ten.

Coach Rick Frazier indicated that the high rating would make Cisco a target as they play the second half of the season, "but we'll enjoy it while it lasts," he added. "I'm proud for our boys who have earned a great deal of respect."

The Wranglers are 5-0 for the first half of their 10-game schedule. They are 2-0 in conference play and go against Tyler JC in official action Saturday night, Oct. 19, at Tyler.

Coach Frazier and his staff presided at a long workout Thursday and turned the team loose for the weekend. It was their first real break since practice sessions began in late August.

Plans call for preparations for Tyler to get underway in workouts starting Monday afternoon.

Coach Frazier and his assistants planned to go to Corsicana Saturday, Oct. 12, to see Tyler and Navarro County Junior College play. Cisco's next two games are with the two schools.

Tyler beat Blinn JC, 26 to 14, last week, and Kilgore won over Navarro, 14-to-13.

Besides leading the conference standings, Cisco also heads up a number of statistical categories. The Wranglers have 89 first downs to their credit and list the loop's best passer in Neal Kemper, a sophomore who's completed 17-of-31 passes for 195 yards and three touchdowns.

Cisco freshman Mark Pilling, rated fifth in the TJCF with 35 completions for 537 yards and seven scores, is the conference's leading

scorer with 42 points. Tyler's Martin Allen again leads the TJCF in rushing.

A sophomore tailback from Wichita Falls, Allen has rushed for 626 yards on 106 carries and scored three

touchdowns. His three TDs came in the Apaches' win over Blinn.

Cisco's David Smith is the TJCF's second-leading rusher with 536 yards and Navarro freshman Terry

Hamilton is third with 342 yards. Next to Kemper in the passing department is Henderson County's Scott Williams with a 47.2 percent completion rate (51-108) which includes four TDs.

Kingdom Kids I and II Will Hold First Session October 8

Kingdom Kids I and II, an interdenominational group sharing Jesus Christ with the boys and girls of Cisco, held its first session of the season on Tuesday, Oct. 8th. Sessions will continue each Tuesday during the school calendar.

Kingdom Kids I, hosting children from four years of age through the third grade, meets from 2:30 to 4:00 p.m. at First United Methodist Church.

Kingdom Kids II hosts students from the fourth grade through the sixth and meets from 3:30 to 5:00 p.m. at Calvary Baptist Church.

Those who have not secured permission slips may pick them up at The Cisco Press or Songs and Psalms Book Store. They will also be available at the various churches this Sunday, Oct. 13th.

Parents desiring the help

20-Voice Choir Presents Lions Club Program

A 20-voice choir from the Cisco Junior College music department presented an entertainment program at the weekly luncheon of the Cisco Lions Club last Wednesday noon at the Colony Restaurant. Lion Wyley Peebles, the choir director and head of the music department, was in charge of the program.

The choir sang a group of choral numbers, folk songs and a Stephen Foster medley. It was their first public appearance of the new school year. Mr. Peebles reported. Steven Zell of the CJC music department accompanied the group at the piano.

Plans for the Friday night fish fry were completed and Chairman Ivan Webb announced committee assignments.

Mr. Webb reported that the club's next project would be completion of the City Park exercise station project. Details of this project will be announced soon, he added.

1st Christian Church Bazaar Set Nov. 1-2

The First Christian Church Bazaar will be held on Friday, November 1, and Saturday, November 2, in the Church Fellowship Hall.

The Ladies of the F.C.C. report, "It's that time again! Come and eat breakfast of hot biscuits, sausage, gravy, jelly and coffee. And also a lunch of stew, cornbread, dessert and drink."

They also said, "Then visit our bake shop, see our handmade articles and crafts and don't miss our Christmas room."

furnish refreshments for Kingdom Kids I may contact Helen Hounshell at 442-1590. Those wishing to furnish refreshments for Kingdom Kids II may contact Kathy

Harris at 442-3814 or Sharon Tynes at 442-1217.

All interested boys and girls of the Cisco area are invited to attend these sessions.

Annual Lord's Acre Is Set October 19th

The Third Annual Lord's Acre will be held on Saturday, October 19, 1985, at the First United Methodist Church in Cisco.

A group of United Methodist Church ladies have been meeting each Monday for a day of learning, sharing and working on crafts of all sorts.

There will be a Bake Shop filled with homemade bakery goods and home canned goods. The Country Store will have many hand craft items, ceramic things, and other items for Christmas shopping.

A Silent Auction will be held this year with items displayed at the Chamber of Commerce. These items will be displayed beginning October 14 thru October 18. Sealed bids will be taken at the Chamber of Commerce office thru Friday, October 18.

Bids will also be taken October 19 at the First United Methodist Church beginning

at 9 a.m. All bids will be opened at 12:30 p.m. at the church.

Lunch will be served from 11:30 a.m. until 1:30 p.m. at the church. Lunch will consist of turkey and dressing and all the trimmings.

The church will also have take out orders for lunch.

Nimrod Club Plans Oct. 14 Stew Supper

The Nimrod Neighbors Progressive Club will be holding a stew supper Monday, October 14, at 7 p.m., in the clubhouse.

Everyone is invited and those wishing to attend are asked to bring a can of vegetables to put in the stew.

Cisco Historical Society Will Meet Monday

The Cisco Historical Society will have a meeting on Monday, October 14, at 7:30 p.m. in the First National Bank Community Room. All interested citizens are invited to attend.

Twelve Cisco Merchants Go To Seminar

Twelve Cisco merchants attended a seminar on "Visual Merchandising" last Tuesday evening at the White Elephant Conference Room. Dr. Fred Cross, community development specialist with Texas A&M Extension Service, was the guest speaker.

Points brought out during the program were that "80 percent of a human's impression of the world is by sight. One picture is worth a thousand words."

Dr. Cross took pictures of merchants windows last week. At the seminar he displayed the photos and pointed out the good and bad points of the businesses.

Another seminar for local retailers will be presented at a later date.

HALF INCH RAIN

Rainfall measuring approximately one-half of an inch fell in the Cisco area as a cold front moved through the region early Thursday. Rain fell intermittently during the morning.

Temperatures early Thursday and early Friday were in the low 50s. Forecasters called for possible thunder showers over the weekend.

HARVEY- Shown left to right in the above photo are Joan Fariello and David Kanady in a rehearsal for the play Harvey to be presented at the Laguna Roof Garden Dinner Theater on October 21-26. In the scene Myrtle (Fariello) dodges away from Wilson (Kanady) when left

alone at the Dowd home. "Just wait around at the sanitarium when you come out to visit.. I'll be there."

(Staff Photo)

'Harvey' Is Story Of A Man's Fantasy

Cisco Junior College's upcoming production of "Harvey" is not only a story about a man's fantasy but also a story about the importance of tolerance and understanding. Whether anyone will admit it or not, everyone probably had an invisible playmate when they were small. The playmate stuck around until they were about eight or nine when life and interests began to change.

Well, not so with Elwood P. Dowd. He led a perfectly normal life until he reached his mid-40s and suddenly then he had an invisible playmate. Actually, that's not so strange in itself. What really complicates the matter is that his playmate is a rabbit six feet tall named Harvey, no less.

It is with this complication that Mary Chase's classic comedy about a man and his loyalty to his friend (albeit invisible) opens. From there, we meet Mr. Dowd's sister and niece, both of whom want to lead a normal life and feel that it is only possible if Elwood is com-

mitted to a sanitarium.

Unfortunately, when Veta, Elwood's sister, tells the staff at the sanitarium of her wishes and the reasons behind it, they think she is the one suffering from hallucinations and proceed to commit her. The ensuing complications and their resolution form the basis for this play.

"Harvey" as presented by the CJC drama department under the direction of Carroll Brown takes into consideration the fact that although this play is a comedy, designed to entertain, it also has some very important things to say about man, life and humanity.

Although this play was written in 1944, there are few aspects of this script that are dated. Elwood's references to the human race - man's ability or inability to "get by" on a day to day basis - "I've wrestled with reality for 40 years and I'm happy to say that I've finally won out over it" are sage and pertinent no matter what the time period.

Both Veta and Elwood in-

HALL OF REMARKS

BY HERREL HALLMARK

LOCAL HUNTERS should be happy to know that the Cisco Gun Club will be sponsoring a "sight-in" for the general public on Saturday, November 2, from 1-4 p.m. at the rifle range.

Gordon Strawn, club member and certified NRA instructor, will be on hand to assist those wanting to sight in their rifles. The club will provide targets.

The club also planned their final gun shoot of the year for Saturday, October 26, at 1 p.m. on the rifle range.

More will be printed about both of these events in the future.

CAMPUS CLIPS

by Julia Worthy

Classes Move To New Area

Siebert's new gymnasium got a workout with the recent showers. The coaches appreciate the facilities to work off the excess energies children seem to have in more abundance on bad days.

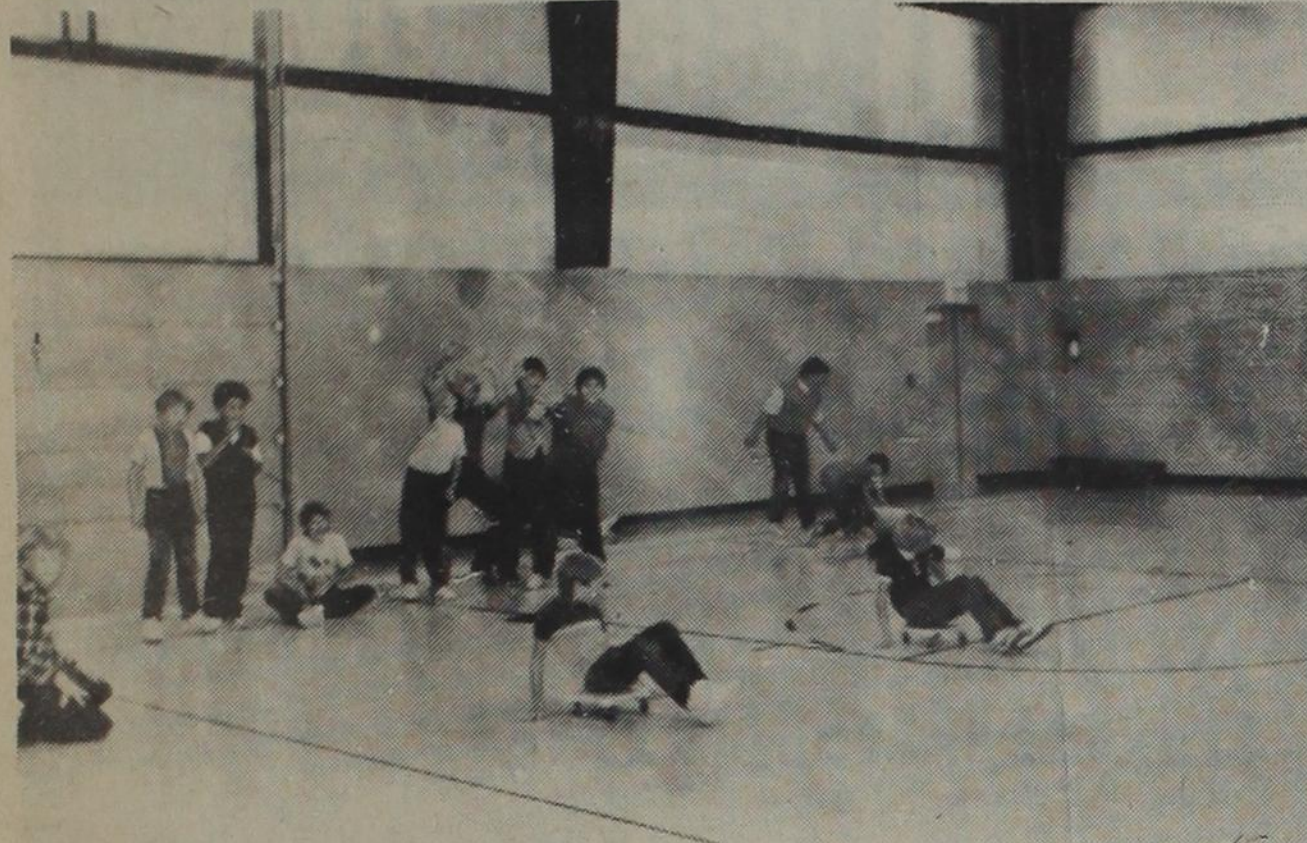

Also appreciative of the classrooms included in the

new facility are the elementary teachers assigned quarters there.

Cindy Foster has elementary physical education classes. Ethel Sparks and aide, Mary Lou Siebert, have a resource area there. Angie Casbeer and aide, Janice Brown, have the early

childhood classes in the new building. Betty Nelms and Jean Harbin with the MRSC group are quartered there, too.

Davene Jeffcoat and all the music classes and activities have more scope for their interests than they did in the cafeteria.

Students and teacher "ham it up" to celebrate new quarters at Siebert.

Juice, Peanut Butter, and Honey Sandwiches, Milk

Salsbury Steak w/Brown Gravy, Mashed Potatoes

"Snowbirds" head south to avoid spending icy winters in our northern states, but they seek the cooler climates as soon as Old Sol turns up the juice on the heat lamp.

Paul Olinger, however, is a permanent Texas snowbird. Paul, principal of Ranger Elementary School, is allergic to cold weather. His South Dakota doctor, who told him he might not live any longer, but he'd certainly be more comfortable, prescribed "South." Paul followed through with "Texas."

Houston always needs teachers so the Olingers (Paul and Mary) went first to Houston. There were places enough, but there was also Houston—so very much of it!

Paul chose to teach math in the Somerset ISD, a satellite of San Antonio, and the Olingers came to Ranger form Somerset.

Though earning his Bachelor of Science degree in math and science and spending some years as a classroom teacher, most of Paul's work in education has been in administration and counseling.

Principal Olinger earned his B.S. degree at South Dakota State University in Brookings. His Master of Education in administration came through SDSU and the University of Minnesota. Texas requirements to transfer certification in administration, counseling,

and teaching were met through a San Antonio university.

The Olingers, who have three children, definitely are an education-oriented family.

Mary's Bachelor of Arts program did not include teacher certification, but she has taught science and in elementary schools.

David Olinger, oldest of Paul and Mary's three, has his master's in journalism and is employed by a newspaper in Concord, New Hampshire. City and state governments usually provide the grist for David's journalistic mill, but the Concord teacher who is to go on the next space flight, is David's special assignment now.

This could lead to sibling rivalry as Shirley Boas is a Concord reporter, too. Shirley is David's sister, has a master's in journalism, too, and is the youngest of the Olinger offspring.

Linda Joan Kuyper, older of the two girls, earned a doctorate in child psychology and teaches in London, Ontario, Canada.

With their children so far from Texas and apparently not allergic to cold weather, it is as well Paul and Mary like to travel. Paul likes to hunt, too.

The Olingers seem to be doing quite well following "doctor's orders," and for what it is worth, it's easier to get Paul Olinger to talk about his children than about himself.

Fire Prevention Emphasized In Cisco School

The winners in Cisco's third grade poster contest for the Fire Prevention Week are: Mrs. Ferguson's Room: 1. Elizabeth Ingram 2. Ben Gary 3. Milissa Riech. Miss Gosnell's Room: 1. Carrie Roark 2. Larry Wende 3. Steven Ingram. Mrs. Johnson's Room: 1. Lillian Lewis 2. Autumn Lind 3. Wendy Blevins.

Special emphasis on Fire Prevention was observed at Cisco Intermediate School with an extra fire drill and a visit from Fire Chief Richard Connell, the firemen and the big, red, fire truck.

Third grades had a poster contest in recognition of the occasion, and the firemen picked three winners from each room.

Elizabeth Ingram won first place, Ben Gary took second, and Milissa Riech

placed third in Mrs. Ferguson's room. Lillian Lewis, Autumn Lind, and Wendy Blevins won the first three places in the order given in Mrs. Johnson's room. Carrie Roark had first honors in Miss Gosnell's class, followed by Larry Wende, second place, and Steven Ingram, third. All of the posters were neat and showed many good ideas from all the students.

Cisco History Robert's Topic

Bill Roberts, Cisco writer and author of "Where the Rails Crossed," spoke on Cisco's history to Mrs. Johnson's third grade class recently.

"Where the Rails Crossed" is a history of Cisco, and the children enjoyed hearing

many things about their hometown that they didn't know.

Guest appearances such as Bill Robert's add enrichment to the school curriculum. This is especially timely as the Texas Sesquicentennial is of interest to so many.

Wednesday, October 16!

What About It?

Indian braves and squaws are scheduled to pitch their teepees on the grounds at Cisco Intermediate on that date.

This is an annual Pow Wow for the fifth grade classes. Ordinarily, it is a day-long gala, but HB 72 has cut down on a number of activities that undoubtedly educational but are relegated to the extra-curricular.

Thanks!

There are many people I'd like to thank for helping with the Fiddler's Contest. First of all there are the musicians, who have given so unselfishly of their time and talents.

Many came a great distance to entertain us. Believe me when I say that you could drive far away, pay a big price, and still not hear anything as good as what was played on Commerce Street under the stars. I meant it fellows, when I said I had never seen a selfish musician.

Then there's Cindy Carlton, fair director, who ought to be designated as a National Treasure or something. She has the rare art of materializing out of thin air when needed. Or maybe she just jumped from one end of the Square to another, like Peter Pan.

Roy Thackerson, as always, gave a great performance, adding much to the event. He drew a crowd even before the contest started.

Tim Webb of Carbon and Rose Webb and Sharlett Webb Bailey of Strawn filled in with their appealing songs while judges looked at scores. This was really appreciated.

How about our Master of Ceremonies, Davis Jones of Stamford? This gracious man, 76 years in age, drove over from Stamford to help us.

I was fortunate to have Davine Jeffcoat, who is also Mr. Jones daughter, serve as my assistant. She was an invaluable source of help and advice.

So was Susan Crozier of Cisco, who was willing to share her experience in such contests. Both Susan and Davine suggested players for the competition.

Without Sherri Webb and

Elthel Collier I couldn't have made it! These lovely young ladies tracked down fiddle players under trees on the courthouse lawn and registered them. And guess who printed those bright numbers the players wore? Julia Worthy of The Pizza House on the Square. We are indebted to The Pizza House, also for furnishing judges a place to sit down under lights and total up scores.

Don't forget the judges! It takes a brave person to judge a contest like this. Doug Fry of Cisco, musician and Municipal Judge, was one of them. Pam Jackson,

musician, was another gallant soul. So was R.D. Weeks, who agreed to judge for the "Under 60's" group.

But speaking of the scoring - all the judges material was duplicated at The Eastland Telegram without

charge. And how can you put a price on the publicity given by the Eastland County Newspapers?

Every violin player knows that half of the sound lies with the guitar player who accompanies him. It takes

plenty of skills to stay with intense, hard-driving music. We had some of the best guitar players anywhere at the contest, and are grateful for it.

It would be a little strange, playing without anyone to listen. So thank you, people, for coming out and being

such a happy and appreciative audience. I'm glad you still believe in life and fun and music.

This fall
thousands of young
people are
learning how to say

“NO”

to drugs

Children today grow up in a world characterized by stress, uncertainty and rapid change. It is not surprising that so many of them respond by abusing drugs and alcohol and becoming involved in other forms of negative behavior.

Concerned about this problem, Lions Clubs International joined with The Quest National Center to develop a bold new program called “**Skills for Adolescence.**” This program helps young people learn how to deal with the challenges of our complex society by offering positive growth experiences and teaching specific coping skills. It places a special emphasis on preventing drug and alcohol abuse and related problems.

“**Skills for Adolescence**” uses a “build-up,” not a “tear-down” approach. It tells kids, “You’re important,” “You’re capable,” “We believe in your ability to make good decisions and act in responsible ways, and we’re going to work on building these responsibilities together.”

This fall, over 25,000 middle school pupils are learning how to say, “No,” to drug and alcohol abuse. Find out more about “**Skills for Adolescence.**” Talk to your Club President or District Governor. Or call toll-free in the U.S.: 800/446-2700

Letter To The Editor

Dear Editor:

When Mr. Green from Gorman phoned to tell me they liked my letters to the editor and watched for same, I was so surprised that I didn't even know how to properly say "Thanks". It was one of the nicest things to brighten my life.

Now this letter is strictly non-political and hardly controversial at all. It concerns the four legged variety of

skunk.

Skunks are great little insectivores when the insects are available, but about this time of year they can become a nuisance. They begin to kill chickens, eat your dog or cat food and if anything excites them, then they cut loose.

I think it was in Mother Earth News that I read a thing about a man who made a skunk trap out of a barrel.

d/b/a Bar-H Construction. Appellee's motion to dismiss. Jones

11-85-193-CV James Gary Dennis v. Julie Louise Seedig Dennis. Appellant's motion for permission to file late transcript. Shackelford
MOTIONS SUBMITTED &

OVERRULED

11-84-267-CV The Atchison, Topeka and Santa Fe Railway Company v. W.D. Standard. Appellant's motion for rehearing. Brown

11-84-273-CV Dora Lynn Roberts v. Carolyn Buck, Individually and as Surviving Parent of Ricky Mack Buck. Appellant's motion for rehearing. Taylor

11-85-050-CR Ignacio Inez Padilla v. State of Texas. Appellant's motion to abate appeal. Brown

11-85-120-CR Joe Salazar v. State of Texas. Appellant's motion to withdraw as counsel. Palo Pinto

He and his wife didn't want to hurt the little animals nor did they want to get skunked. I had tried catching skunk in a wire cage and putting a black plastic cover over it to move him. Take my word for it, that didn't work. As soon as I got close, he fired. The plastic protected me but the area was still perfumed.

When I saw an attractive piece of junk in the city pile, I asked the city manager if he would swap it for a skunk trap which (hopefully) would be safe.

Swap made, I took a 15 gallon grease drum and rigged it with a slide down door. The idea is that a piece of masonite or plywood can be slipped in the slot between the trap door and the drum. Being able to see (from a distance) through the wire door whether you have your neighbors cat or the skunk, you then approach the thing from the side or back where Mr. Skunk can't see and shoot you. If you gently slip the solid door in, it is hoped that even a skunk will be smart enough not to gas himself in such quarters. If he is hyper-excitable he still couldn't get a direct shot at you.

I had intended to test the trap and bring it to city hall with the living proof inside. First the cows tipped it over, then I caught more opossums than I thought there around, several times I caught coon. I believe I caught the same coon more than once, though they say coon are quickly trap-wise. Maybe like people, some don't learn so quick. Anyhow, the generally too plectful skunk eluded me all summer and when I did get one it was on Sunday. So, I deliver trap without "proof".

Having heard what a man said after he believed the lie about it being safe to handle a skunk by grabbing him off his feet by the tail, I make NO GUARANTEE.

Yours truly,
 Gordon S. Clark

church services...

REDEEMER LUTHERAN CHURCH

Our Worship Service begins at 10:30 a.m. Pastor Urban's message is titled, "Living Together as Christians: We Forgive One Another", based on Ephesians 4:32.

"Faith smiles while the whole world frowns," says Dr. Oswald Hoffmann on The Lutheran Hour. "Faith in Christ the living Son of the living God, will not hold still for the goofing off, sloppy workmanship, lack of pride in one's work, and lack of respect for fellow worker that are so often characteristic even among people who consider themselves religious." Hear the broadcast "Faith On The Job" next Sunday on radio station KCLW (900) at 8:00 a.m. and at 12:35 p.m. on KWFT (620).

This afternoon Albany as their Mission Festival.

Tuesday, morning Bible Study is at 9:30 a.m.

Wednesday, Care Center Workshops at 10:00 a.m. Confirmation Class is at 3:45 p.m. Adult Instruction is at 7:30 p.m. Choir practices at 7:30 p.m. also.

Thursday, Jesus Friends meets at 9:30 a.m. and at 2:30 p.m. Christian Fellowship is at 7:30 p.m.

Millions of People **NOW PLAN THEIR FUNERALS IN ADVANCE**

They benefit from:

INFLATION-PROTECTION

Over 6,600,000 pre-planners have frozen their funeral costs forever at today's prices.

PEACE AND SECURITY

People who have pre-planned say it's a good feeling knowing their family won't have to worry about it.

THEIR CHOICE OF SERVICE

They choose the costs, type and extent of service down to the smallest details.

Cisco Funeral Home! 203 W. 7th 442-1503

Senior Citizens Nutrition Menu

Last week we indicated we would talk with you more about high blood pressure, however, we feel all who receive social security should know these facts.

The nation's 30 million medicare recipients will have to pay more of their health costs, starting on January 1, of 1986. The hospital-insurance deductible - the part paid by the patient before federal insurance takes over - rises from \$400 to \$492. Medicare will pay for all remaining covered services during the first 90 days. The deductible for the 61st through the 90th day climbs from \$100 to \$123 per day. Beyond 90 days, patients cost will go up from \$200 to \$246 per day. For posthospital stays in a skilled nursing home between the 21st and the 100th day, the deductible will rise from \$30 to \$61.50 per day. Medicare will pay for the first 20 days.

Programs for the week, Senior Citizens band and choir entertained, Lois Holder, Billie Wood, Bob Bevers, and Ima Thompson played dinner music. Game day was enjoyed with Eastland.

Menus for the coming week:

Monday-- Meat potato burger, vegetable medley, sliced pineapple with cheese, chocolate pudding, bread, butter and milk.

Wednesday-- Sliced ham, deviled eggs, green beans, sweet potatoes & apples, pineapple upside down cake, bread, butter and milk.

Friday-- Fish, tartar sauce, french fries, butter beans, pineapple carrot raisin coleslaw, sliced peach with whipped topping, bread, butter and drink.

We salute the following Ciscoans who will celebrate birthdays this week.

October 13-- Bobby Smith.

October 14-- David Hageman and Jerry Elizaida.

October 15-- Tommy Collier, Kathy Harris and Tony Elizaida.

October 16-- Kathy Phillips and Gary Nichols.

October 17-- No listing.

October 18-- Danny Boyd, Roy Swindle and Sherry Ray.

October 19-- Lloyd McGrew and John McGuire.

'When I Think Back'

By Vera Wheat

When I think back, and call to my mind, the grandeur, and beauty, the friendships, the helping others our little city had, and did, not too many years ago!

Our little rolling hills, little streams of water, our gorgeous lake, filled with the pure drinking water, also for fishing and swimming, our zoo, the picnic area, miniature golf course, the skating rink, our movie theater, that were so grand and lonely. Then, I see that they, are no longer there!

Now and then we saw a deer in our tiny valleys, we were a little city by nature! Our producing farms, our dairy farms, our depot, our

rail roads, the trains, coming in, going out each day, it was majestic grandeur! It was a little city to take roots, to prosper!

When I remember these extraordinary blessings, just a short period ago in my life, I pause! Yes I wonder! Although I know all this to be a fact and reality!

Our church services every made more beautiful through "Faith" hard work and determination. Our schools and our college have come a long way, got a long way to go.

Our citizens pushed forward leaving their imprint in our little city, for us as a pattern for us to leave for our younger generation.

Our ole Mobley Hotel served it's purpose for many transcendent folk, and was a place of splendor with a beautiful tiny park for resting and enjoying the lonely surroundings. Watching the trains coming in and going out at the depot. Bringing in our people, taking others to other cities and other ways of life.

Our country roads were well maneuvered and well managed. Lots of men, made a living for their families, our country sides were well kept and were carpeted with gorgeous wild flowers. There were signs along our highways, inviting travelers to stop and enjoy our little city!

We had a grand hotel erected to house our transcendent people. Some citizens lived in this marvellous hotel.

We built this, survived the great depression, with trust, love, and determination, that holds memories forever.

Our people worked hard, toiled and sacrificed but they survived. The trials of life were many, for our old, our young live and lived with nature!

We no longer use oil lamps or a lot of us don't use fire places or wood stoves for cooking or heating, except we follow the seasons in our fashion.

Our cemetery is filling up both with old and young. It is well kept and holds our loved ones and leaves us with many precious memories!

Now, we are in Autumn season, lots of our citizens are too in their autumn years.

Let us as we think back. How sweet it was, in our little city, just a short period ago in our lives. Let us leave our imprint in our little city for our future generation!

Have "Faith", help their neighbors, work hard, determination and go for a Beautiful Little City tomorrow!

Then when you think back it will be so sweet to remember! The old saying, "Beauty is in the eyes of the beholder." Let us make the beauty for the beholder.

POEM

"HALLOWEEN" By Vera Wheat

Halloween will be coming to our town, Everything will be black and gold, With yellow pumpkins and a yellow moon, And our children will be all around!

When the night is dark, And the big moon is lonely in the sky, The wind will come riding, Howling, and rustling by!

Then Halloween will begin! You may see the spooky long parade of Halloween, You may see the blinking of the pumpkins hollow eyes, Or the black cats, hear them hissing and mewling.

Then will come the witches, laughing, gurgling and flying, On the brooms very high, The little goblins, howling and yelling, "Treat or Treat".

Hoping they can give us a bit of fright! Be careful, watch for our children, keep them safe from harm! When again it will be Halloween night!

births.....

WILLIAM SETH LOPEZ

Jamie and Beth Lopez of Lubbock, are proud to announce the birth of their first child, William Seth Lopez. Born at 9:50 a.m. on September 30, William Seth weighed 6 pounds, 8 ounces and was 21 inches long.

Maternal grandparents are Mr. and Mrs. William J. Bond of Ft. Worth. Paternal grandparents are Mr. and Mrs. S. Lopez of Cisco. This is Mr. and Mrs. Lopez's second grandchild.

County Fair Winner

FAIR WINNER-- Lillian Lewis, 8-year old daughter of Dr. Monty and Susie Lewis is shown in the above photo with the ribbons she won at the Eastland County Fair held earlier in the month. Lillian won a 3rd place in the art division. The 3rd grade student competed against students up to 18-years old. She took classes at the Ceramic Shop on Beech Street in Cisco where she learned to work with ceramics and paints. Lillian won a blue ribbon for ceramics and Best of Show for Underglazing. She also won a blue ribbon for ceramic stains.

Area News Briefs

CISCO

Reports are that the Cisco Beautification and Clean-up Program is progressing very well. Some elementary students have participated in a poster and slogan contest, and their work is on display in store windows. Bruce Stovall is Chairman of the sub-committee on heavy equipment, coordinating work of area contractors. They have volunteered dozers and equipment necessary to remove old buildings and clean up debris when lots cannot be maintained by mowing or shredding. Citizens are urged to call the Chamber office if assistance is needed in hauling off junk, old cars, etc.

Firemen from throughout the region are gathering in Cisco this Saturday, Oct. 12 for the fall Conventio of the North Central Texas Firemen's Association. The program includes Pumper Races at 6 p.m., followed by a business meeting and barbecue dinner at the Country Club. About 100 visiting firemen are expected for the meeting, local firemen report.

The Third Annual Lord's Acre will be held at the First United Methodist Church Saturday, Oct. 19. A Silent Auction will be held with items displayed at the Chamber of Commerce Oct. 14-18. There will be a Bake Shop and Country Store at the Church on Saturday, as well as a delicious lunch from 11:30 a.m. until 1:30 p.m. The public is invited out to enjoy the meal, browse through handicrafts, and take time for fun, and fellowship.

The First Christian Church is planning their annual Bazaar on Friday, Nov. 1 and Saturday, Nov. 2 in the Church Fellowship Hall. Each day there will be a breakfast and

lunch at the Church, which is located on West 8th St. Breakfast will consist of hot biscuits, sausage, gravy, jelly and coffee. Lunch will be stew, cornbread, dessert and drink. There will be a Bake Shop, and handmade articles and crafts.

EASTLAND

The Eastland Jaycees will be sponsoring a Haunted House again this year for Halloween. It will be located at the same place above Saul Pullman's office on the south side of the Courthouse Square. The dates are Oct. 24, 25 and 26, and tickets will be \$1 each. The House will be different this year though some new designs will be tried. Don't miss it!

A prize-winning watercolor by Mrs. Frank (Millie) Sayre is now hanging in the Women's Clubhouse in Eastland. Mrs. Sayre gave the painting to the Eastland Music Club last spring, with the idea that it be sold to raise money for Scholarships. The Music Club, however, decided to raise contributions to keep the painting in Eastland. The Clubhouse Board agreed, and the project was completed several weeks ago. Mrs. Sayre's work is located on the west wall of the building.

RANGER

Ranger's skyline will change a bit after Roaring Ranger Day on Saturday, Oct. 12. Ron McGuffin, noted muralist, is painting a mural of Ranger's 1917 Oil Boom on the side of the Joseph Hotel on Main Street. The picture will be next to the new Mini Park, and will take three or four days to complete. McGuffin's murals, statues and paintings can be found in cities throughout Texas, including San Saba, Goldthwaite, San Antonio and Brownwood.

The 4-H Trail Blazers of Ranger are planning a number of activities for the new season. This week of Oct. 6-12 is National 4-H Week, and the Club is showing appreciation to some of the local people who have helped them out. Gifts will be presented to teachers at the Ranger Schools, residents of the Gholson Hotel, and residents of Western Manor Nursing Home. Last year enrollment in the Ranger Club increased 89%, and this year they hope to top that record.

St. Rita's Catholic Church would like to invite all Catholic students to the next evening meal for students on Sun., Oct. 13, in the Parish Hall at 6 p.m. Those who plan to attend are asked to sing a list in the back of the Church. Plans are underway for a student talent show, according to Father Jim. A list has been posted on the bulletin board for students to sign if they are interested in performing.

RISING STAR

There will be a Rural Fire Department meeting Monday, Oct. 14 8 p.m., at the First State Bank. Firemen and interested persons are invited to come out and learn more about the work of the Department.

The Eastland County Scottish Rite Club will hold their regular meeting Oct. 17 at the Senior Citizens building in Rising Star. A covered dish meal will be served at 7:30 p.m. All Master Masons and wives are invited.

The Saturday Club will meet at the Library on Wednesday, Oct. 18 at 2 p.m. Program coordinators will be Pearl Anderson, Polly Parker and Helen Donham. Dr. Charles Burnes will be the speaker for the Program.

GORMAN

Four Gorman High School students are in Austin this weekend attending a two-day Youth Leadership Conference sponsored by the Texas War on Drugs. The four, Tim Dennis, Kathy Dixon, Christian Henry and Rachael Watson, are members of STAND, Students of Texas Against Narcotics and Drinking. They will be informed of ways of helping their friends and fellow students to lead a drug-free life. Sunbelt Savings and First National Bank are sponsoring this trip.

What would you do if you had a beautiful yard wiped out by hail? That's exactly what happened to Alecia and Durwood Burgess in the Kokomo Community this spring. But they turned around and restored all the plants, shrubs and grass. Everything grew so well that their yard has been named "Yard of the Week" in the Gorman area. Congratulations, Burgess family, for not giving up!

The Texas Department of Health, Region 4, will continue an Immunization Clinic at Gorman ISD on Oct. 16, beginning at 10 a.m. If you have children who will be needing shots for school, bring them to this clinic.

Don't forget the Gorman High School Annual Homecoming Oct. 26 and 27. All Exes and their families from the area are encouraged to come out to this fine program. A large crowd is expected.

Fire Prevention Week

Cisco volunteer firemen took fire trucks and visited the Primary and Intermediate schools here Tuesday, Oct. 8, as a Fire Prevention Week event. Fire Chief Richard Connell and Fire Marshal Billy Rains talked to students, judged fire prevention poster contests and demonstrated fire trucks and equipment. A number of students are shown in the back of two of the fire trucks.

FIRE PREVENTION WEEK-- Cisco volunteer firemen took fire trucks and visited the Primary and Intermediate

People n Things

TWO CISCO ladies will become television personalities at 12:15 p.m. Monday, Oct. 14. They are Mrs. Burnice Gorr and Mrs. Trixie Whatley. They'll be interviewed on Abilene TV KRBC (Channel 5 on the cable) about the annual Lord's Acre Harvest Festival at First United Methodist Church here Saturday, Oct. 19. They'll be accompanied to Abilene by Mrs. Joyce Williams.

Plans for the Festival are coming along nicely. At noon on the 19th, they'll have a big dinner and auction sale. You can buy tickets for the dinner (open to the public) from many members of the church. They're already selling some of the Lord's Acre Festival items and a lot more will be available.

There'll be a Silent Auction at the CoC office on the same day.

A STAINED Glass window at the Methodist Church was damaged by vandals last Monday night, reports Pastor Frank Williams. He discovered it Tuesday. Something apparently was thrown at the window, breaking out a small area of the valuable and beautiful window.

Rev. Williams and others of the church were checking to determine the extent of the damage and on the possibility of repairs.

THE ITEM HERE the other day about the book of poetry for the Texas Sesquicentennial by living Texas poets wasn't complete and we're indebted to Mrs. Lela Lloyd for giving us the rest of the story.

The book has been patterned after "Heads, Hides and Horns," a book written in the early 1800s by Larry V. Barsness of Albany. The poets were asked to write on years or periods or events during the state's growing years.

Dr. Ken Hammes, head of the CJC English department, had written a poem about the devastating tornado that wrecked Wichita Falls some years ago. And this poem is in the book.

Dr. Joe Stamey of McMurry College faculty was asked to write a poem on the civil war years. Dr. Stamey, of course, is the son of Mr. O.L. Stamey and the late Mrs. Stamey of Cisco and he was born and raised in Cisco.

Mr. Weems Dyke of Eastland, a retired Christian church minister, and another poet who was invited to write for the book, wrote a

poem about his student days at TCU in 1945. Nine other Big Country area writers wrote poems for the book.

SPEAKING OF books, let us report that Mr. Bryan Woolley of Dallas, a feature writer for the Times-Herald, is the author of a book printed by the TCU Press. It is entitled "Time and Place" and deals with his teenage years in a small Texas town. The Woolleys grew up at Fort Davis in the Big Bend country.

A reviewer who read the book described Bryan Woolley's writing as "better than 'Catcher in the Rye' and 'The Last Picture Show'."

Bryan's little brother is Dick Woolley, president of our First National Bank.

AND MR. LARRY King, nationally known humorist and writer of such books as "The Best Little Whore House in Texas," has published a new book entitled: "Warning: Writer at Work!" This book, too, was published by the TCU Press.

A reviewer called the book a collection of essays - personal journalism. Mr. King grew up on a "hard scrabble farm near Cisco," the reviewer for the Los Angeles times said.

Mr. King, you know, was born and lived during his childhood years on a farm at Scranton. Later, the family moved to Putnam and then to Midland.

A SEMINAR FOR their community correspondents was held by the Abilene Reporter-News over in Abilene last Saturday. And Mrs. Evelyn Valek, who represents the R-N hereabouts, went over, accompanied by Mrs. Wanda Hallmark, who fills in for Mrs. EV when the latter is out of town.

It was very interesting, we were told. The state editor gave them a lesson in news writing basics - like tell "who, what, when and why and sometimes how in the first paragraph and keep it in 16 words or less."

The reporters were shown through the R-N building and introduced to their new \$5,000,000 multi-color offset press. The seminar ended with the group being guests of the newspaper at lunch.

THE BILL Collinses saw a granddaughter in action last Friday night. They went to Iraan to visit their daughter and family, the Roy Dodds, and their granddaughter is drum major for the IHS band that performed at a football

game half-time. The Collinses, who live out on West 14th Street, went on to the Big Bend National Park for a fall season look at the purple sage in full bloom.

MRS. FAYE Stephenson and Miss Betty Haight, two Cisco RNs who recently returned after spending three months in vacation relief work for RN missionaries in the Gaza area of Israel, are on the program at First Baptist Church Sunday night to tell about their experiences. The service begins at 7 p.m.... Scott Anderson, son of the Freddy Andersons, is a member of the rodeo club at Sam Houston State University in Huntsville where he is a junior student. He graduated from CJC last spring and is an ag major at SHSU.

MR. EARL RAY of the machine shop was due home this weekend after undergoing medical tests and treatment at Hendrick Memorial Hospital in Abilene for several days... Mrs. H.C. (Elaine) Sorrels of Cisco entered HMH last Monday after suffering a heart attack. She was transferred there from E.L. Graham Memorial Hospital and was reported to be progressing... Mrs. C.E. Hailey, who was in the HMH for some time, is now at the home of her daughter, the Owen Kings, and is reported to be doing satisfactorily.

MONDAY, October 14, is Columbus Day and at least three places of business will observe the event as a holiday. The First National Bank, the Cisco Post Office, and Olney Savings have announced that they'll be closed... Mrs. Ed Farley of Cisco entered Hendrick Memorial Hospital in Abilene several days ago to undergo medical tests and possible surgery... Planting the greens to rye for winter play continues at the Cisco Country Club golf course. Temporary greens will be used until the rye grass matures.

OUR SCOUTS at the Church of Christ suggest that it would be timely to offer a tribute to Mr. Ken Parker of the Smith, Verett, and Parker firm for his fine work as director of youth activities at that church. In the absence of a paid director, Mr. Parker has been doing an outstanding job, we were informed.

After Friday night's football game, the Church of Christ held a hayride and weiner roast for young folks. And, of course, Mr. Parker was in on the planning and arranging.

A group of Abilene Christian University youths who

attend the Hamby church is due in Cisco to lead a youth rally during the evening worship service this Sunday. Everyone's invited.

SORRY TO HEAR about the death of Mr. Mallie B. Penn at the home of his daughter in Denver last week. He was the oldest brother of Mr. Johnny Penn of Cisco. Funeral services were held at the Methodist Church in Tarrington, Wyoming, on October 7.

The John Penns were unable to attend for health reasons.

'Harvey' Skit Presented At Rotary Club

A skit from the stage play Harvey that will be presented at the Laguna Dinner Theater by the Cisco Junior College Drama Department Oct. 21-26 was given as the program feature at the weekly luncheon of the Cisco Rotary Club last Thursday.

Fred Mullinaz and Mrs. Carrol Brooks, both members of the CJC faculty and of the Harvey cast, presented the skit that was applauded by Rotarians. Burl Chambers was the program chairman and introduced the Harvey players.

The first three nights of the Harvey program will be without dinner while the final three evenings will include a full meal. Reservations are being accepted by calling the college (442-2567). Rotarians were told. Two nights are already a sell-out.

Rotarian Joe Cooper will be in charge of the program next Thursday.

Reservations Are Now Open For 'Harvey'

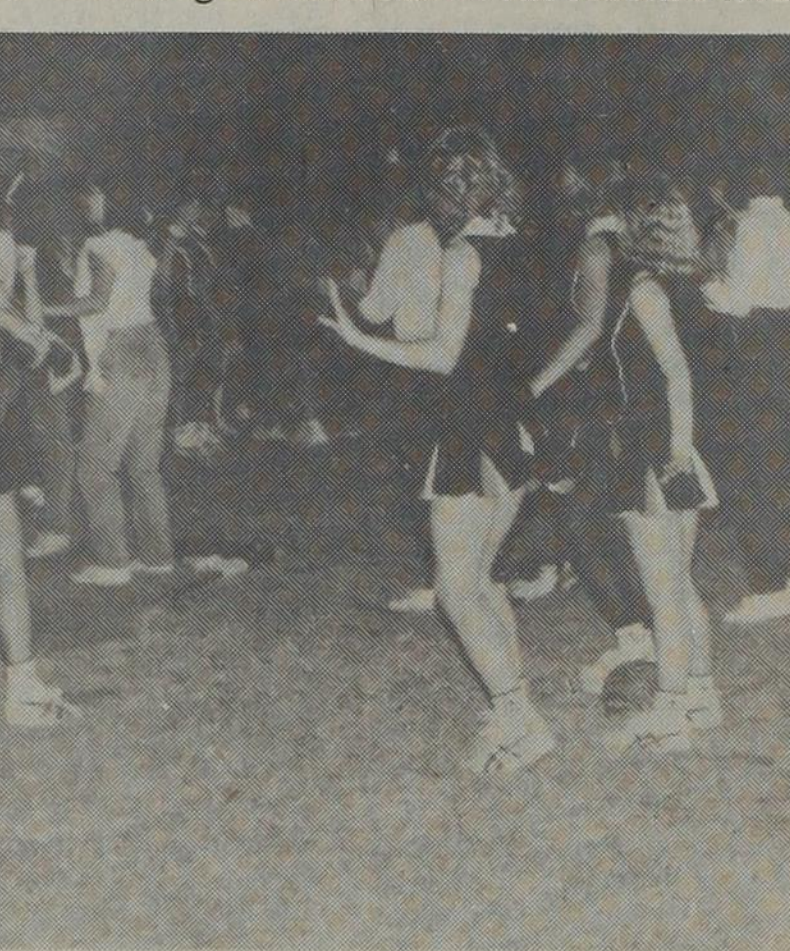

Reservations are now open for "Harvey", the season opener for Cisco Junior College's dinner theatre program. "Harvey" a long running production on Broadway that was made into a popular movie, will run October 24, 25 and 26 at the Roof Garden Theatre in Cisco.

With a cast composed of CJC students and faculty directed by CJC's new drama director, Caroll Brown, "Harvey" will also be offered in preview performances October 21, 22, and 23. For more information call (817) 442-2567 between 8 a.m. and 4 p.m. After hours call (817) 442-2589.

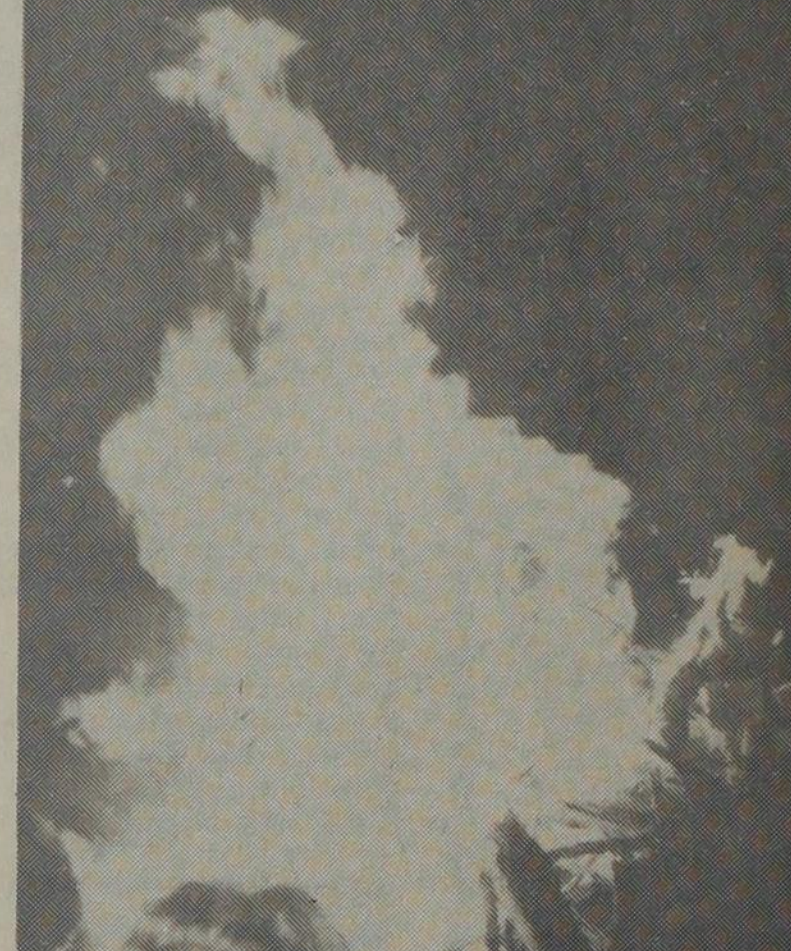

Homecoming Activities

BONFIRE-- Several Cisco High School students gathered wood for the bonfire that was held on Thursday evening for the Cisco-Albany Homecoming Football Game. The students took time from piling wood to pose for the above photo. (Staff Photo)

LEADING CHEERS-- Cisco High School cheerleaders were busy Thursday night, at the Homecoming pep rally and bonfire at the parking lot of Chesley Field, leading the crowd in cheers for the Lobos. Cisco hosted Albany Friday night for the annual homecoming game. Another pep rally was held Friday afternoon in downtown Cisco. (Staff Photo)

HOMECOMING BONFIRE-- A big blaze could be seen in northwest Cisco Thursday night as a pep rally and bonfire were held at the parking lot of Chesley Field in preparation for Friday night's game against Albany. A "Lion" was placed on top of the bonfire and may be seen in the above photo (to the right of the big blaze) just after it caught fire. (Staff Photo)

The Advantages Of A Modern Disposal Plant

A well designed waste processing facility will provide a means to dispose of unusable materials in a controlled and nuisance-free manner. This process can, at the same time, reclaim energy resources that would otherwise have been buried, providing little or no value to the community.

This application addresses the construction and operation of a Type V-Energy Recovery Incinerator by Energy Advancement, Incorporated (E.A.I.). The proposed waste processing facility will meet or exceed the requirements set forth by the Texas Department of Health. All governmental rules, regulations, and guidelines, as well as, local, state, and federal laws, will be strictly adhered to during the construction of the facility and throughout its proposed operational life. E.A.I. will be constantly on the alert to prevent any part of the facility or its operation from causing a nuisance to the surrounding community.

This application is submitted so that E.A.I. may provide a method of solid waste disposal and energy recovery. The feedstock for this project will come from the Municipal Solid Waste Service Area established in this area. The energy recovered (electricity) will be fed into the local power grid and consumed by the residents in the general vicinity of the site.

This energy recovery program is desired for the following reasons:

- Extend the useful life of landfill by a factor of nine.
- The ash by-product is clean and compactable.
- No underground water contamination.
- Open for waste disposal twenty-four hours per day.
- No blown paper, as it is all contained in a building.
- Keep flies, rodents, etc. under control.
- Control obnoxious odors.
- No open burning.
- Garbage trucks are washed and disinfected before leaving the site.
- Truck turn around time is reduced.
- Diversification of electrical generation.
- Saves 72,000 barrels of oil per year.
- Area homeowners can dump free.
- City receives tax revenue from the facility.

SERVICE AREA

This resource recovery and waste disposal facility is designed to provide solid waste management services as required by Section 12 and 37 of the Comprehensive Municipal Solid Waste, Resource Recovery, and Conservation Act, Article 4477-7C, Vernon's Texas Civil Statutes. This plant in conjunction with remote collection and transfer stations will be capable of providing these services to the residents of this area for at least the next twenty years.

TYPES OF WASTE MATERIALS
The proposed energy recovery facility will accept all residential and commercial garbage, rubbish, and brush, as defined by the Texas Department of Health, Municipal Solid Waste Management regulations.

Manifested (regulated) quantities of hazardous and radioactive wastes will not be accepted for disposal at this site. The Texas Department of Health is the primary regulatory agency and has the appropriate administrative and legal power to ensure E.A.I.'s compliance with these provi-

SOLID WASTE GENERATION RATE:

Based on population estimates, the Waste Disposal Service Area has approximately 20,000 persons at the present time. With normal households generating 5 pounds of waste per person per day, this equals approximately 50 tons of waste per day that the plant will need to process.

By 2007 the waste disposal service area will have approximately 25,000 persons resulting in a waste stream of almost 65 tons per day. The plant is designed with sufficient excess capacity to handle this growth.

County Art Association Meeting Thurs. Nov. 7th

The Eastland County Art Association will meet at 7 p.m. Thursday, Nov. 7 in the Texas Electric Reddy Room in Eastland. David and Mary Slade of Southfork, Color. and Kerrville, will present a demonstration.

The Slades will also hold a workshop at the Hubbard Galleries in Rising Star.

Obituaries

Jackie Williams

Jackie Williams, 75, of Eastland, a founder of the Lone Cedar Country Club near Lake Leon, died at 4:40 p.m. Tuesday at the Humans Hospital in Abilene.

Services were held at 2 p.m. Thursday at Edwards Funeral Home in Eastland.

The Rev. Weems Dyke, retired First Christian Church minister, officiated, assisted by the Rev. Wayne Ashlock, pastor of First Christian Church in Eastland. Burial was held at Eastland Cemetery.

Born May 10, 1910, in Flatwood, she married Homer E. Williams Feb. 2, 1931, in Oklahoma.

She and her husband were past founders of the Lone Cedar Country Club at Lake Leon near Eastland. She moved to Eastland in 1946 from Odessa. She was a member of the First Christian Church in Eastland.

She was preceded in death by her husband March 6, 1969, and five brothers, L.B.

Horn, Lee Horn, John Horn, Lon Horn and Carman Horn.

Survivors include a daughter, Wanda L. Blair of Tucson, Ariz.; two sisters, Bertha Webb and Peggy Lee, both of Eastland; three grandchildren, Edwin G. Blair of Carrollton, Stacy D. Blair of Eastland and Stephen L. Blair of Waco; four great-grandchildren; and a number of nieces and nephews.

MINNIE DANLEY

RANGER-Minnie Jewel Danley, 86, of Comanche, formerly of Ranger, died Wednesday morning at Western Hills Nursing Home in Comanche. Graveside services were at 10 a.m. Thursday at Evergreen Cemetery, directed by Edwards Funeral Home in Ranger. In case of rain, services were at Edwards Funeral Home.

The Rev. Carlton Thompson, Methodist Conference District Superintendent of Seymour, officiated.

Born Oct. 20, 1898, in Stephenville, she married Elmer Danley in July 1922 in Hannibal. She was a homemaker and a member

of the First United Methodist in Ranger. She along with her husband farmed and ranched for a number of years north of Ranger.

She was preceded in death by her husband April 12, 1983.

Survivors include a daughter, Mary Sue Fuquay of Comanche; a brother, C.L. Gordon of Huckabay; and two grandsons, Darrell Fuquay and Duane Fuquay, both of Comanche.

Truie N. Doyle

MORAN- Truie Newton Doyle, 69, of Victoria, formerly of Moran, died at 8:15 a.m. Wednesday, October 9, 1985, at Twin Pine Nursing Home in Victoria.

Graveside services were at 10 a.m. Friday, October 11, 1985, at Moran Cemetery, directed by Godfrey Funeral Home of Moran.

The Rev. Jim Smith, pastor of Moran Baptist Church officiated.

She was born Oct. 12, 1915, at Petersburg.

Survivors include two brothers, Travis Doyle of Victoria and Cleve Doyle of Houston; a sister Earline Dalton of Smithville; and numerous nieces and nephews.

Dalworth J. Jobe

CISCO- Dalworth "Dal" Jay Jobe, 67, of Cisco died at 6:55 a.m. Thursday, October 10, 1985, at E.L. Graham Memorial Hospital in Cisco.

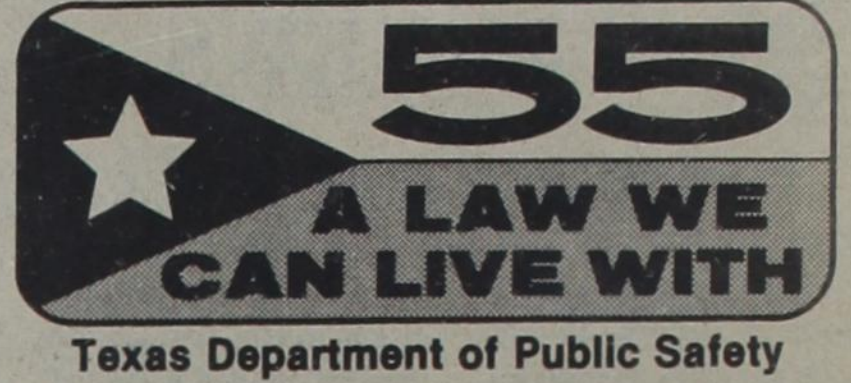

Services were at 2 p.m. Saturday, October 12, 1985, at Cisco Funeral Home.

Cecil Deadman, pastor of East Cisco Baptist Church officiated. Burial was at Scranton Cemetery in Scranton.

Born March 3, 1918, at Scranton, he married Margaret Hageman April 10, 1947, in Fort Worth. He was a World War II veteran and recipient of the Purple Heart and the Bronze Star. He was a member of the Baptist church.

Survivors include his wife of the home; a daughter, Dana Goosen of Cisco; three brothers, LaVerne Jobe of Waco, Don Jobe of Dallas and Dan Jobe of Cisco; a sister, Rosalee Norton of Graford; and two grandchildren.

SPECIAL AWARDS

"Service Awards"

5 yr. - Barbara Long, Tony Long, Ken Lyerla, Sandy Lyerla, Jane Ray, Ricky Whatley.

10 yr. - Sharon Lewis

15 yr. - Don Laminack

20 yr. - Jean Harbin, Keith McDonald, Margaret McDonald.

"Outstanding Adult Leader"

Man: Bobby Little;

Woman: Mary Jane Little "Outstanding Jr. Leader 1984-85" Stephanie Long "Danforth Award" Jerry Long and Amy McDonald "Gold Star Award"

Shane Burgess, Emory Kea, Stephanie Long

All boys and girls, ages third grade level - 19, regardless of race, color, socio-economic level, religion, handicap or national origin are eligible to participate in 4-H club work.

4-H & YOUTH SUB-COMMITTEE

Robert Allen, Shannon Caraway, Ruth Cartee, Jean Harbin, Emory Kea, Bobby Little, Barbara Long, Jerry Long, Lillian Martinez, Amy McDonald, Maxine Perales, Rhona Ray, Artie Turner, Lyndall Underwood.

Amy McDonald recognized as one of the outstanding youth of today in Texas. Amy was awarded the State Fair Honor Award Friday, October 4, at the Dallas

Hilton. She and 28 other 4-Hers were honored with the 11 FHA and 10 FFA State Officers.

The speaker for the 39th Annual Honor Award Dinner was Frederick D. McClure, special assistant to the President of the U.S. for Legislative Affairs.

Amy received a necklace, a beautiful flower arrangement, a corsage, plus all expenses paid for by the State Fair. She is from the Ranger 4-H "Trail Blazers." Amy will serve for one year on the Texas 4-H Council. Her final duty will be in Austin at the 1986 Texas 4-H Congress.

4-H Petting Zoo a big hit!

During the Eastland County Fair the Jr. Leaders Assoc. conducted a petting zoo. Over 300 stopped to pet, cuddle and admire the 4-Hers projects. For many it was their first experience with animals and others it was a re-acquaintance. The youth and adults all enjoyed the zoo and it will be conducted again in March at the County

Stock show.

The stars of the zoo included;

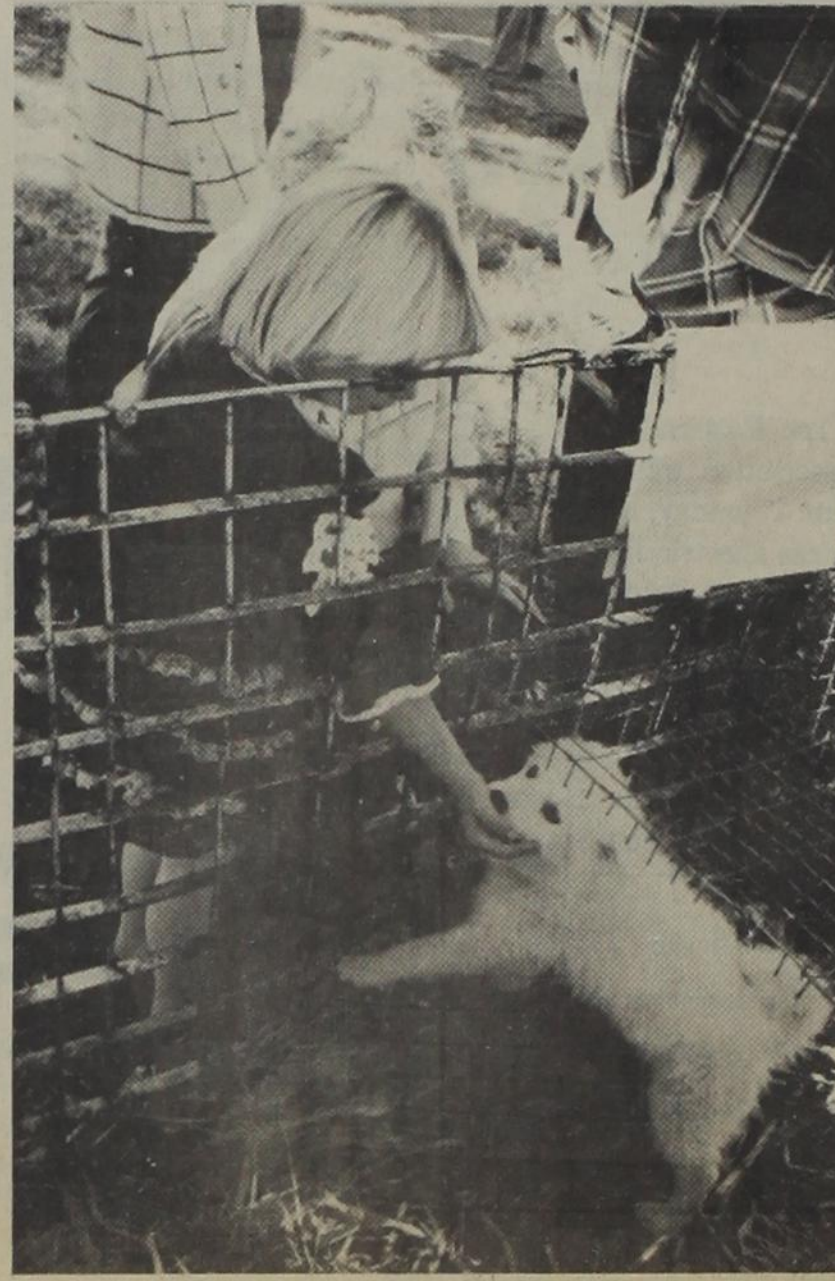

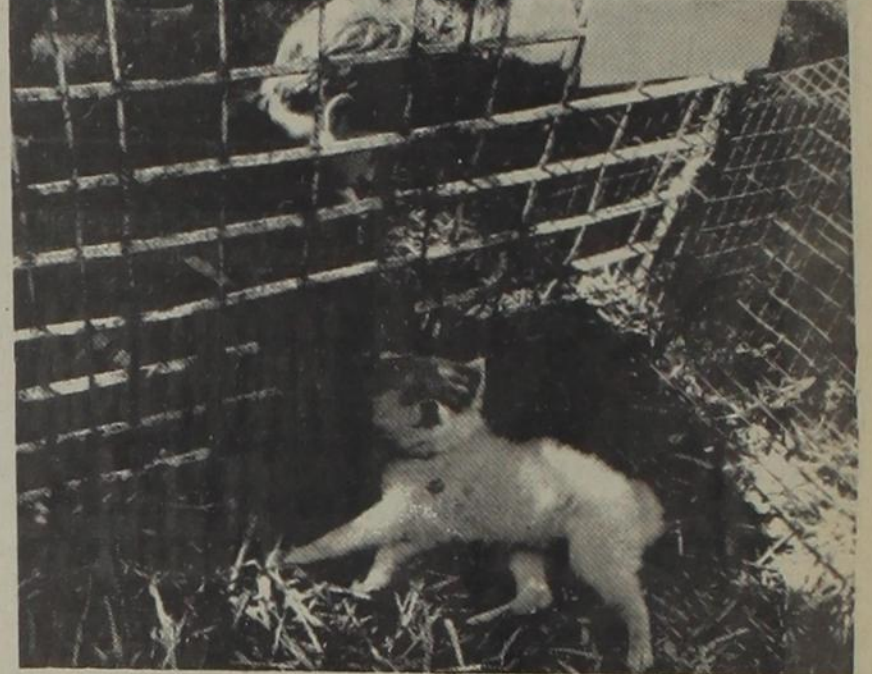

Puppy (Dutches) - Owner LaDawn Little

Kittens - Owner Cathy Thomas

Rabbits - Owner Kelly Ray

Ewe (Sheep) - Owner Emory Kea

Thanks to these 4-Hers, those who worked in the zoo, set it up and Stephanie Long for furnishing the hay for bedding.

FmHA Honors Patricia Butler

Patricia Butler of the Farmers Home Administration in Eastland was recently awarded a certificate of Merit from the FmHA District Director John Wolfe. Mr. Wolf presented the certificate to Mrs. Butler during a recent visit to the Eastland Office.

The certificate was awarded to Mrs. Butler "for outstanding performance of duties over and above that which is expected of a highly efficient county office assistant during the period of January 1, 1985 through August 30, 1985."

Mrs. Butler has been with the FmHA for 8 years. She and her husband, Tommy and their son Donnie live in DeLeon. Tommy is a farmer in Comanche county and Donnie is a sixth grader in DeLeon school.

In presenting the certificate to Mrs. Butler, Mr.

Wolf and Jack Phillips, area supervisor, stated "this award is especially significant since Patricia has demonstrated an excellent job of dealing with farmers during these critical times of financial and economical stress."

"Roaring Ranger"

It was the Ranger Oil Boom that was destined to forever mark our town (Ranger) as the site of one of the miracles of the Industrial age. "Where Pure Gold Flowed Over The Top Of Wooden Constructions in the Form Of Black Smelled Liquid...Called Oil."

The rumor quickly spread that W.K. Gordon, a well known businessman in the area, was planning to prospect for oil in the general territory of Ranger. And it was upon this news that John M. Gholson, Ranger's leading merchant at the time got into his buggy and drove 16 miles east as the crow flies to Thurber. And in those days, the roads were indeed very poorly kept, making a rather short journey nearly as twice as long.

Gholson's idea was to try to interest Gordon, the Superintendent of the Texas Pacific Coal Company, in testing for oil in the vicinity of Ranger. And it was also at this time that a number of citizens became interested and managed to assemble thousands of acres in leases which were turned over to the Oil Company, and thus Gordon began his testing.

The initial tests turned up plenty of gas, which unfortunately at the time, there was no market for gas. The second test, which was on the John McCleskey farm, was abandoned, by the order of the companies main office, because there were no favorable indications found.

But Gordon being the persistent man that he was, persuaded the company president to allow him to continue with his testing. And it was Gordons never fail attitude that found a formation, that was to become world famous as the 'Ranger Sand Well that hit oil' and began the flow of a thousand barrels a day...It was also then that the BOOM WAS BORN!

Fields expanded until derricks had spread to Eastland, beyond to Red Gap, Desdemona, Breckenridge and so on. Each town became a city over-night, but it was Ranger that remained to be wild and woolly and continued to grow into even wilder boom.

The actual beginning of the 'Great Boom' was on October 19, 1917, an historic month for West Texas...It was said that they had found the Pot of Gold at the End of the Rainbow.

Farmers who had barely eaked out a living with their peanuts and livestock, found that their sandy acres were now thousands of dollars.

Prospectors and speculators, businessmen and oilmen, industrialists and corporations were on their doorsteps, begging for leases, sale of land-anything. Everyone wanted in on the boom. And it looked as if there was going to be enough for everyone to get in on the action. Ranger's Pot Of Gold, seemed to be a bottomless pit.

The McCleskey well, which finally hit paydirt, thanks to Gordon's persistence, flowed over the top of the rigging for four weeks before it was brought under control. Holes were gouged

into the ground and dams were thrown up to temporarily hold oil in puddles and pools until sufficient tanks and pipelines could be constructed to handle the flow of oil through the derricks.

Every three days, a million dollars of liquid gold flowed from the gushers and before the boom died, perhaps two-thirds of a billion dollars was spent for leases, drilling and construction.

Some said that the wages that were paid were preposterous, but never the less, waiters, cooks, employees of stores, and office workers were paid a very high sum for their services. The oil field workers, reaped untold wages. A crew consisted of a driller and his helper (a tool dresser) and sometimes a roustabout.

One issue of The Daily Times (June 1, 1919) reported that one company, the Texas Pacific Coal and Oil, was drilling 22 wells. There were eight refineries that were operating or at the time, under construction. Fourteen lumber yards were supplying the much needed materials for the construction of rigs, derricks and pipelines. The city's four banks had \$5,000,000 in deposits. The Ranger Chamber of Commerce predicted that Ranger was going to be the 'Tulsa of Texas.'

One of the biggest wells to produce during the Boom era was the Norwood gusher. 14,000 barrels a day was what paid back its original cost. And they say that another well produced 2,000 barrels in 24 hours--and then went dead and could not be revived.

Within a short time after the McCleskey well was completed that Ranger became a city of 30,000 people. And records show that it was never the same 30,000 people from one day to the next--thousands of wealth seekers lived in shacks and tents. And some converted old oil tanks into living quarters.

The city of Ranger was said to have had a 'Garish Carnival Look' at night, with all the flares. Thousands of hideous, slum looking shacks lined the streets and the country side. The smell of gas was everywhere. Sounds of engines, drills, and the constant throbbing of the earth gave the entire area a hellish, horrible atmosphere. It was called the 'Rainbows End'--but to those that remember being there, it was a mucky, very uncomfortable living conditions.

W.E. (Shorty) Woods said of the boom era--"People were living in oil tanks, under wagon sheets, in tents--everywhere." There were just no homes. Sometimes the oilfield worker would be away from home for 10 days at a time and never under a roof the entire ten days. The weather, which was very rainy most of the time, was ignored by the workers as they wore Army weather-proof clothing and slickers most of the time.

Along with the 'Bitter and Sweet', the boom also had its sensational events, such as

the congregation of the Meriman Baptist Church and their refusal of \$100,600 for an oil lease of its cemetery. The church and its members refused to let anyone disturb the grave sites and to this day it remains a quiet restful, tree-shaded cemetery, with the label of "The Million Dollar Cemetery."

Other notable events were:

The millionaire Gob, a young farmer serving in the Navy in W.W.I when drilling began on his farm and his income increased a \$1,000 a day...The unforgettable Jack Tindall, who was a teaming contractor, who owned 200 head of horses and in a single day supervised the activities of 302 teams. Jack was a rugged six-foot man who wore boots, a pistol in one hand and a roll of thousands of dollars in the other.

The Duke well, that was discovered in Desdemona, caught on fire, was said to have produced such great blaze, that it was said you could read a newspaper by the fires light a mile away...County residents heard greater tales and stories each and every night and millionaires become paupers because of the oil.

Ranger numbered 30,000 during the boom. Desdemona had 16,000, Eastland 10,000; Breckenridge, 10,000. Cisco, DeLeon, Comanche and Gorman also gained thousands of new inhabitants. And the small towns of Caddo, Necessity, Gunsight, Frankell, Jakehamon, Edhobby and Leeray soon soared from towns of 2,000 to 5,000.

Ranger was one case of a boom in labor as well as oil. High wages that were expected in the start of the boom were to become increasingly higher and during this economical period wages proved better than anywhere else.

In Ranger drillers were paid wages of \$25.00 dollars a day but were given a bunk and their meals, and thousands of rig-builders and tool dressers were employed at comparable pay leaving them with a large surplus to spend after the bare necessities had been taken care of.

The Texas Pacific Coal and Oil Company reaped the greatest harvest they say...from the famous boom in Ranger. Before the discovery of petroleum, the company was capitalized at \$3,000,000, with stocks selling at one hundred dollars. When the boom hit and was underway, shares shot up to \$1,900 each and the companies holdings were estimated at \$300,000,000...Ranger was indeed the end of the Rainbow.

A territory of the same size never before saw such an expenditure of money at any given time. Two of the most successful operators in Ranger refused \$7,000,000 for a lease of 160 acres. They estimated that half million dollars a day was being spent in 1919 in developing the northern part of Eastland County and the whole of Stephens Co. with 500 wells underway.

As one hundred wells were being drilled in the southern part of Eastland County and on the edges of Comanche Co., the total was more than \$600,000 every 24 hours--which was a total of nearly one-fourth of a billion dollars annually.

This sum, as staggering as it sounds, did not include the millions of dollars spent for railroads, highways, office buildings, homes, utilities, and construction that produced cities almost over night.

It is interesting to note that building permits at the time, which were to be had in Dallas and only good for one week, were going for the sum of \$136,000 and in Houston \$53,000...but in Eastland, in the midst of the boom, the permits for one week were priced at \$420,000, and Ranger was out building Eastland.

The oil boom by no means was over when the Ranger oilfields settled down to normal capacity production load. On May the 10th, 1922, a test on the Bryson Well near Pioneer came in for 7,200 barrels a day...a week later, the Eakin well-No.4

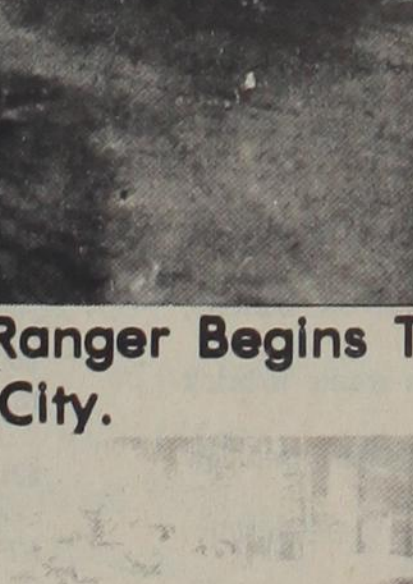

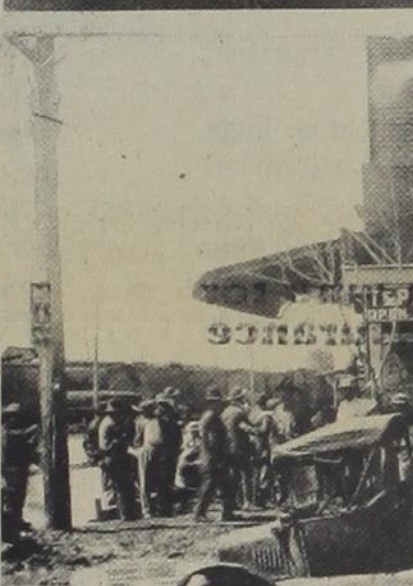

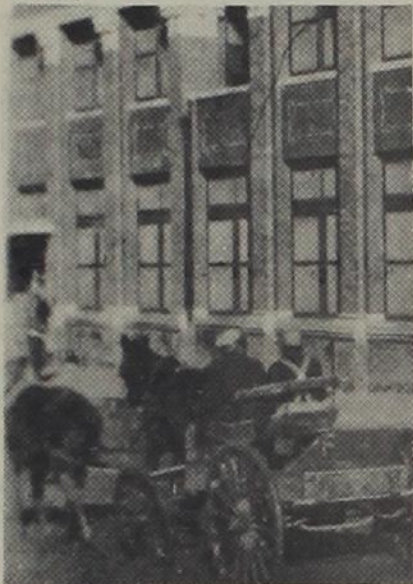

roared in for 18,000 barrels a day with a peak production of 20,000 a day.

The Eakin well far surpassed the production of any well drilled in the county during the height of the boom. The oil drilled in this new boom was of exceptional quality-47 gravity.

The population of Pioneer before the boom was a scant 30, and quickly increased to 5,000 after the oil was discovered.

Today the names of the boom towns in the Ranger Oil Rush that include Ranger, Red Gap, Eastland, Pioneer, Desdemona, Thurber, Carbon, Gorman, and others, conjure many memories for many people. The stories of the mud, money and the thousands of many interesting people that claimed their homes and fortunes in the boom era. Today the stories are still being written and talked about by those who were there and saw first hand and Ranger has settled down to a small quiet community with Livestock, agriculture and some oil activity.

It is true that the boom era is gone forever--except the memories, but the history and the magic of it all still lingers in our town and always will.

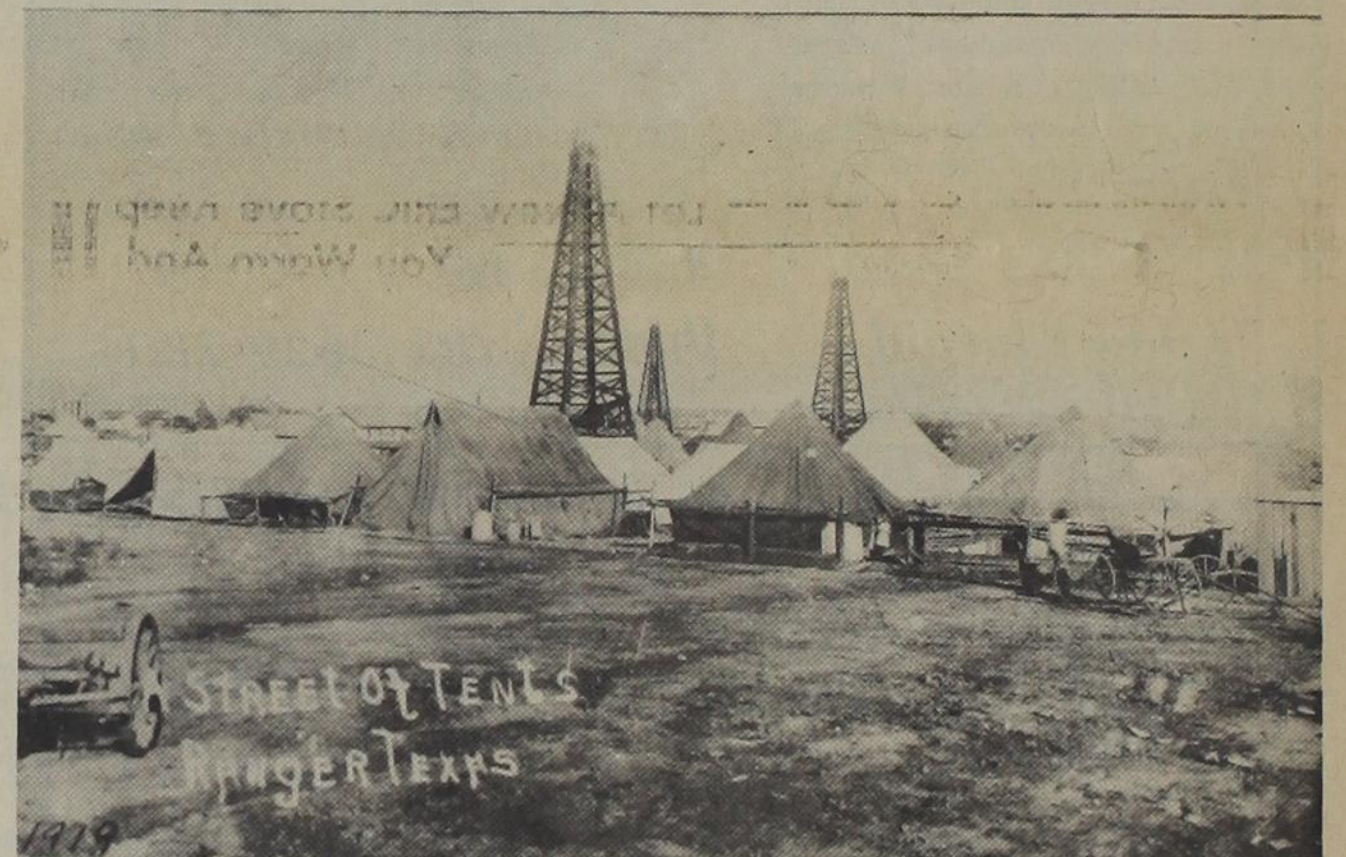

The Building On The Left Is Now The Ranger Lumber Yard.

 BRINGS YOU THESE IMPORTANT TIPS...
YOU AUTO KNOW

★★★★

Two seconds' distance between cars may not be enough to avoid accidents, a German study found. It takes as much as another 2/3 of a second or more to react when you're behind the wheel.

Never use leaded fuel in a car designed for unleaded fuel only. That's likely to ruin your catalytic converter.

If your auto air conditioner isn't putting out the cold you need, the problem's likely to be a refrigerant leak, most probably at fittings where lines are joined or where they meet another component.

Check tire pressure periodically. Too-low pressure increases rolling resistance, with two bad results: tread wear is increased, and gas mileage is DEcreased.

It's smart to have windshield wiper blades changed every 6 to 12 months. Don't wait for streaks that interfere with vision.

New-Used Cars

It's smart to choose a smooth-riding new (or late-model used) car at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636. You'll get a good deal on a super car.

Auto Repairs

It's smart to have your car serviced where the expert mechanics are: at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636.

Body Shops

It's smart to schedule auto body work with the experts at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448. 629-2636. Just ask your insurance agent about our work.

Drilling Bits

The Stephens Flegular Field gained a new producer when Mobil Producing completed the No. 252/S Southeast Breckenridge four miles north-northwest of Parks.

The well indicated ability to pump 102 barrels of oil per day, plus 126 barrels of water. It was taken to a 3,300-ft. bottom, and production will be from Caddo Formation perforations, 3,178 to 3,192 feet into the wellbore.

Drillsite is in a lease in the LAL Survey.

Drillsite has been staked for the No. 1 J.E. Tomlin, a 3,400-ft. developmental well in the Stephens Regular Field. The operation will be located three miles northwest of Parks in a 137-acre lease in the LAL Survey. The operator is Breck Operating of Breckenridge.

The No. 1 F.A. Dean, a 3,939-ft. developmental well, is scheduled to be drilled in Stephens County's Langford Field. De Soto Operating of Abilene is the operator. The well will be spudded in a 160-acre lease in the T&P Survey, three miles southeast of Wayland.

Jackson Oil of Ranger has revealed plans to drill a 1,900-ft. developmental well in the Jackson Field, Stephens County. The operator has 120 acres leased, with drillsite in the T&P Survey. The venture has been designated as the No. 9 Robert Jackson "G". Drillsite is five miles east-northeast of LaCasa.

Plug-and-abandon orders have been issued for the No. 1 Alice Walker, a developmental venture of Echo Production in the Stephens Regular Field. Spudded July 30, the well had reached 4,630-ft. total depth. Drillsite was five miles west-southwest of Crystal Falls in the R.W. Ballentine Survey.

A new producer has been brought on line in Palo Pinto County's Set Ranch Field, with Dallas Production as the operator.

Located four miles east of Brad, the well is in a lease in the T&P Survey. It is designated as the No. 1 Cantey Estate "A".

On a 16/64-in. choke, it flowed 90 barrels of oil per day, along with 42 barrels of water. Tubing pressure registered 720 PSI.

The well bottomed at 3,907 feet. Production will be from a set of perforations in the Conglomerate Formation, 3,373 to 3,426 feet into the wellbore.

Plug-and-abandon orders have been issued for the No. 1 R.L. Bevers, a developmental venture of AVG Exploration in Palo Pinto County's Brazos River Field. Spudded July 29, the well bottomed dry at 4,300 feet. Drillsite was one mile south of Grafrod.

A Meridian-based operator has staked location for the No. 130 McClure, a developmental well to be located three miles north-northwest of Lone Camp, Palo Pinto County. With projected total depth of 4,200 feet, the well will be drilled in a 320-acre lease in the T&P Survey. The operator is Edwin S. Nichols Exploration. The well will be drilled in the Northwest Lone Camp Field.

Thomas Hydrocarbons of Weatherford has filed for permit to drill the No. 6 Million, a 4,700-ft. wildcat well four miles east-northeast of Metcalf Gap, Palo Pinto County. Location will be in a 420-acre lease in the T&P Survey.

Circle Exploration of Odessa has revealed plans to drill four developmental wells in Eastland County's Linde Field.

The Nos. 3-A, 4-A & 5-A

Watkins are located about four miles northwest of Desdemona in a 203-acre lease in the David S. Richardson Survey, A-414. Proposed total depths are 1,900 feet.

With projected total depth of 1,000 feet, the No. 3-A Williams will be located in a 114-acre lease in the McLennan CSL Survey, A-368. Drillsite will be 12 miles east-southeast of Eastland.

The No. 1 D. Dunn "B", a 2,000-ft. developmental well, is scheduled to be drilled in the Eastland Regular Field. Jane Petroleum of Rising Star is the operator. The well will be spudded in a 40-acre lease three miles north-northwest of Rising Star in the ETRR Survey, A-100.

A Lubbock-based operator has staked location for the No. 1 Texaco, a developmental well to be located one mile southeast of Nimrod. With projected total depth of 1,500 feet, the well is in a 172-acre lease in the Eastland Regular Field, H&TC Survey, A-177. The operator is Sand Valley Exploration & Development Co.

Two 1,999-ft. developmental wells are planned by Santex Exploration of San Angelo in the Eastland Regular Field.

The No. 1 Eves will be located one mile northwest of Carbon in a 360-acre lease in the H&TC Survey, A-290.

The No. 1 Poe will be located four miles east-southeast of Romney in a 134-acre lease in the Erath CSL Survey, A-623.

Larb Oil of Big Spring has filed for permit to drill the No. 3 Paul Hodge, a 4,100-ft. developmental well five miles northwest of Eastland. Location is in an 80-acre lease in the Eastland Regular Field, H&TC Survey, A-214.

An unsuccessful developmental venture in the Eastland Regular Field has been written off as a dry hole by Miles Moore. Located two miles northwest of Gorman, the well was

drilled to total depth of 780 feet. The No. 1 Travis Smith will be plugged and abandoned.

At a location ten miles west of Gunsight, Bandera Energy has finished a new oil producer in Stephens County's Manning-O'Conner Field.

The well is designated as the No. 2 Agnell, pumping at the rate of 26 barrels of oil per day.

Location is in the T&P Survey. Bottomed at 4,245 feet, the well will produce from perforations in the Caddo Formation, 3,368 to 3,370 feet into the hole.

A new producer has been brought on line in Stephens County's Northwest Ranger Field, with Vinson Energy as the operator.

Located three miles southeast of LaCasa, the well is in the E. Chambliss Survey.

The No. 1 Candio demonstrated potential for 25 barrels of oil and 200 barrels of water daily. The well bottomed at 3,628 feet and will produce from a per-

forated interval in the Marble Falls Formation, 3,117 to 3,139 feet into the hole.

McBride Production of Wichita Falls has filed for permit to drill the No. 1 Harris-Fambro, a 4,700-ft. developmental well two miles west of Necessity. Location is in the 80-acre lease in the Stephens Regular Field, T&P Survey.

Palo Pinto County's C.B. Long Field gained a new producer when Cayce Enterprises completed the No. 1 Davis three miles northwest of Gordon.

The well indicated ability to flow at the rate of six barrels per day on a 16/64 choke. It was taken to a 3,898-ft. bottom and will produce from a set of perforations in the Marble Falls Formation, 3,112 to 3,117 feet into the wellbore.

The operation is in the T&P Survey.

A 1,000-ft. wildcat well is planned by Thomas Hydrocarbons of Weatherford at a drillsite four miles east-northeast of Metcalf, Palo Pinto County. The loca-

One Thing After Another -
...can and may happen to land titles in the passing of moments. During the time it takes you to read this ad, something could happen to your title that would change your whole financial structure, or indeed it could alter your plans and aspirations for generations to come. The abstracter, in a sense, is your land title guardian, for he keeps the records day by day as you or others make them. Advise with him often about your title.
