MILLIONS OF FAMILIES

"I Will Build A Car For The Multitude"

Said Henry Ford in 1903-Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Rurchaso Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car--to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Fords have been placed in the hands of retail customers--more than a million and a half of them within the past twelv months-and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it--father, mother, brothers and sisters each doing a little.

Why not Start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

Not that it will be any better than the Edgeworth you buy in a store, but we want you to have your first Edgeworth smoke at our expense.

You may repay us by finding that Edgeworth just suits your taste. And if it doesn't-for there are some few men to whom Edgeworth is not just the thing-there's no harm done.

We are glad enough to send free samples in the same spirit that we'd hand you our pouch if circumstances permitted. We wish it were possible to save you even the little trouble of writing for Edgeworth.

Edgeworth is a likable smoke. Men who have tried it and found it to be the right tobacco for them never think of smoking other tobaccos. They'll tell you there are many good tobaccos-and there are. And when you offer them your pouch with "stranger" tobacco in it, they may use up a pipeful just to be friendly.

But notice how quickly they get back to their beloved Edgeworth!

Day after day Edgeworth fans write to us. They tell us human little stories, friendly anecdotes centering around Edgeworth. Often it is the number of years they have smoked Edgeworth that prompted them to

"Since taking Tanlac my troubles have left me, and I never tire of telling about it," declares Mrs. Johanna Little, 3032 N. 17th St., Kansas City, "My food often caused me much dis-

ress from gas, sourness and heartburn, and I scarcely ever wanted to eat. Headaches, billiousness and pains in my back kept me in hot water, and I hardly ever got any restful sleep. My nerves were excited and I was so run down it was all I could do to look after my housework "I searched the city for the right

medicine, and consider it fortunate that I found Tanlac. Indigestion, sleeplessness and nervousness never bother me now. I can do my house work like it was play, and am strong and happy. Tanlac is simply grand." Tanlac is for sale by all good druggists. Over 35 million bottles sold .-Advertisement.

for Economical Transportation

Chassis Only

Utility Express is the lowest-priced quality truck in the world capable of fast heavy-duty service. It hauls your heavy loads quickly and economically. It is reliable.

Long grades and deep mud are mastered by it without racing the motor or boiling the water because the 3-speed transmission provides correct gear ratios to meet any condition of load or road.

You get fast, heavy-duty service at the lowest operating and maintenance cost with this truck. It leads in high mileage on gasoline, oil and tires, living up fully to the Chevrolet reputation for unequalled economy.
