LOCAL SCHOOLS HAVE 24 TEACHERS

The Town Gossip

Sweet potatoes sell for 10¢ per bushel. We're a little story on local groceryman. Sweet potatoes were barely 10¢ per bushel. Several hundred potatoes and find over (tomatoe count) to sell them. After 10 bushels left, and the culls of his crop. Ten home but a few in up drove an inspector. Not particularly the visitor's merchant. He was to dispose of 10 bushels of which I'll trade for in your goods, and potatoes are of some grade you can have only 35 cents per bushel.

There are no two people in the country more famous than Idaho is derived from word meaning "gem of the mountains."

Another hard surfaced road is being put on our town from the north and thereby improving the road to the business district. The street paving soon to be installed, and with houses now more than ever before, Cross Plains is rapidly becoming the little city of its size.

Records are being kept at the Cross Plains school, where more students than ever before. The faculty with 24 teachers, interest is keen. There is a record which is being kept on the fact that there are 100 children in the system, more than ever before. Only two teachers have Miss Inabnet.

Manufacturers are preparing to be six million dollars in value to be spent in clothing in December. The security of men's suits is said to be that they find it more profitable to their factories into care of the ladies, who it is reported are willing to pay more.

Green, President of the Federation of Labor, made the statement in a recent labor's monthly survey: "Workers can best stabilize their wages by helping to increase production which will create more jobs and higher wages."

Welfare is the thing that should be advocated and promoted by group, either capital or labor, permitted to jeopardize the country with strikes by industry or labor.

McGee is missing at Baird. McGee, who underwent surgery recently in a Baird hospital, has been taken to the hospital, Mrs. R. D. McGee. She is reported to be normally.

General Rain Blankets Cross Plains Country

THIRSTY CROPS AND PARCHED PASTURES GET NEEDED DRINK

City Water Situation Is Greatly Improved; All Storage Full To Brink.

Parched pastures and suffering crops throughout the Cross Plains trade territory were rejuvenated this week as a general rain blanketed Callahan and adjacent counties. Precipitations which fell here last week measured slightly less than an inch, and then again Monday morning heavy skies began dripping. S. F. Bond, local weather-observer, had measured an inch more of rain Monday afternoon, and with a wet weather "front" prevailing was predicting even more moisture before the weather breaks.

Peanut crops throughout the Cross Plains trade territory were beginning to suffer appreciably, and another week of dry weather would have spelled ruin for hundreds of acres. It is felt, however, that whatever damage the crop may have suffered will be quickly repaired by this week's rain. Local producers were smiling broadly Monday afternoon, and those who last week were predicting five and 10 bushel yields were much more liberal in their forecasts.

Although the recent rains have not yielded as much stock water as might be desired, they did greatly relieve the situation, and at least five farmers who had been hauling water for 10 days are temporarily at least, relieved of this responsibility.

In Cross Plains the water situation had become dangerously low, however, Monday all storage facilities were filled to the brim and two wells are being pumped to maintain full tanks.

Jean Huntington Wed To Mitchell Inabnet Aug. 25

Miss Norma Jean Huntington, daughter of Mr. and Mrs. J. C. Huntington of Guyton, Okla., became the bride of Mr. Mitchell Inabnet of Evant, Texas Sunday, August 25, in the home of her grandmother, Mrs. A. C. Fore at Pioneer. Reverend Russell Dennis, lifelong friend of the bride's family and the groom's grandparents, read the single ring ceremony in the living room of the home, which was decorated with pink and white gladioli.

For her marriage, the bride chose an aqua blue flat-crepe frock with black accessories. A pink feathered bird charmingly trimmed her black corset hat. She carried a bride's bouquet of pink carnations and for "something borrowed" she wore a pearl necklace and ear screws belonging to Mrs. C. J. Brooks.

Mrs. James Inabnet, dressed in floral crepe and wearing a white carnation corsage, was bride's maid and Mr. James Inabnet acted as best man for his brother.

Following the ceremony a reception was held in the Fore home. Mrs. Pote Fore, aunt of the bride, and Mrs. Carroll Westerman, aunt of the groom, presided at a lavishly covered table centered with a three tiered wedding cake topped with a miniature bride and groom, and flanked on either side with crystal candelabra holding silver tapers. Mrs. Jesse Storts, aunt of the bride and Miss Virginia Inabnet, sister of the groom, were also present.

LOCAL MEN RECEIVE BRUISES IN MISHAP LAST SATURDAY NIGHT

Raymond Murphy and Moody Tension received painful facial bruises and abrasions last Saturday night in an automobile mishap near Lampasas.

The young men had picked up a hitchhiking soldier, reported to be stationed at Camp Bowie, who offered to drive the car, which belonged to Murphy. Near Lampasas the driver failed to negotiate a curve, overturning the car twice. Considerable damage was done to the vehicle, but identity of the soldier driver was not learned.

Lt. Bill Cowan Declared Lost In Action After Missing One Year

After having been reported missing in action for more than a year, Lt. Bill Cowan, son of Mrs. Raymond DeBusk of Cross Plains, was officially listed as lost in action, according to a communication received from the Secretary of Navy this week.

Lt. Cowan, pilot of a Gruman Helicot, was lost on August 10, 1945, while participating in an air raid on the Japanese naval station at Okinawa, on Northern Honshu, Northernmost point of the Japanese homeland. His plane was attached to the carrier Tensenderoga, and Lt. Cowan was one of two pilots lost on the mission.

Bill, as he was affectionately known to friends at Cross Plains and Burkett, entered the service on December 4, 1941. After taking basic training he became a cadet and was commissioned at the Corpus Christi naval station on November 9, 1942. He remained there as Flight Instructor until April 1, 1944. After training shortly in Florida he was transferred to California, from which point he sailed overseas to join the 87th Bombing Fighting Squadron. He entered combat May 19 in the Marshall Islands, later seeing service on Leyte, Okinawa, Ichi, and then over the home islands of Japan.

Awards which Lt. Cowan had won in aerial combat against the Japanese included: the Air Medal for service from May 17 to August 10, 1945, and the Distinguished Service Cross, as well as the Purple Heart.

The citation which accompanied the Distinguished Flying Cross said: "For heroism and extraordinary achievement in aerial flight as a pilot during action against the Japanese Empire area on July 24, 1945, on the mission for which this award was made, the Navy Department reported Lt. Cowan led his division in a bold and aggressive strafing attack upon the enemy and, directing his missiles with extreme accuracy despite the opposing barrage of anti-aircraft fire, scoring two direct hits on an enemy tanker and contributed to the ultimate sinking of the ship. Then striking fiercely at other hostile shipping, he relentlessly pressed home his attack and succeeded in damaging two enemy fighters and destroying several aircraft caught on the ground and in the water."

His wife, Geneva, and 2½ year old son, Phil Ray, live in Houston, where she is employed with the Texas Company, her home is in Shulenburg. Her parents are Mr. and Mrs. J. H. Eyles.

PIONEER MAY GET NEW GYMNASIUM LOCAL GIRL WED TO BURKETT MAN

Trustees for Pioneer school district are studying the possibilities of constructing a gymnasium there to replace the structure destroyed by fire several years ago. They hope to secure necessary lumber from the surplus stocks of the War Assets Administration.

The bride, who wore a grey two-piece wool suit with navy accessories, a grey wool hat with navy veil and a single orchid shoulder corsage, was attended by Miss Wanda Jean Hall, Arthur Boyle, cousin of the groom, also of Burkett, acted as best man.

After a wedding trip to Ft. Worth and Henderson, the couple will take an apartment in the home of Mr. and Mrs. Lloyd Rich here.

Mrs. Boyle is the younger daughter of Mr. and Mrs. J. W. Dunlap. She attended school here, where she would have been a senior this term.

The groom is the son of Mr. and Mrs. Will Boyle of Burkett. As soon as building material becomes available, the couple plan to build a home on acreage near Burkett where he will engage in farming activities.

Mr. and Mrs. Joe B. McAdams and son of Galveston, visited here Sunday in the home of her parents, Mr. and Mrs. Ches. Barr. Mr. McAdams, who has been associated with the Texas Company at Galveston for the past several years, is being transferred to San Antonio on a short vacation.

VERNON BAIRD OPENS COLEMAN BUSINESS

Vernon Baird, former Cross Plains man, opened a general automobile and tractor repair shop in Coleman on September 1.

Released from the Navy in May, Baird served a ten month tour of duty, part of which was spent overseas.

His wife is the former Willie Gay Stacy, daughter of Fred Stacy. Vernon will be well remembered here, having attended the local high school, leaving here in 1938. Before entering the service he was employed with a landward and furniture concern in Coleman and at Lockheed in Dallas. His parents, Mr. and Mrs. C. P. Baird are now living in Juneau.

Oil Activity Increasing; Rowden Gets Deep Test

More leasing and blocking of acreage for oil tests is going on in Callahan county now than in several years, according to reports. Activity is starting as near as fourteen miles to Cross Plains, with a test by the Wichita Falls drilling company getting ready one mile north of Rowden.

Hundreds of shallow tests have been made in the county during the past few years, now oil men are favorably watching tests for deep production.

ago by the Great Lakes Carbon Co. with a contract to drill 5,000 feet. The well is already past 1,000 feet, drilling with a rotary rig.

Another rig has been placed on the Rowden Estate, 11 miles north of Baird, with a 4,500 foot test contract.

Hundreds of shallow tests have been made in the county during the past few years, now oil men are favorably watching tests for deep production.

LEAGUE INSTALLS ITS NEW OFFICERS

New officers were elected and installed Thursday night at a regular meeting of the Tommie Alton American Legion Post. The new officers are: I. H. Hall, Commander; Merlin Frank, first vice-commander; Claude Foster, second vice-commander; Melvin Placke, Adjutant; Junior Ford, secretary; Willie Koenig, Treasurer; Jack Hill, Sergeant at Arms; M. E. Howell, Service Officer, and Ed J. Jones, Bugler.

Bobbie Lou Wooten And Tommy Hinkle Married Saturday

Miss Bobbie Lou Wooten and Tommy Hinkle, both of this city, were united in marriage at Coleman Saturday evening, with a justice of the peace of that city, solemnizing the rites.

The bride is the daughter of Mrs. Fionnie Wooten, of Cross Plains, and was graduated from Cross Plains high school last year. For the past several months she has been employed by the Home Telephone Company of this city and plans to continue in that position after a few days.

The groom, also a former Cross Plains high school student, was recently separated from the service after having served with an infantry regiment in the Pacific. He is the son of Mr. and Mrs. Jimmie Hinkle, of this city.

CLARENCE SMEDLEY GETS RATE PROMOTION AT FORT LEWIS WASH

According to information recently received from Ninth Infantry Headquarters in Fort Lewis, Washington, Clarence O. Smedley has been promoted from Sergeant to Staff Sergeant.

S. Sgt. Smedley lives at Rowden, Texas with his parents, Mr. and Mrs. J. O. Smedley. He entered the Army in January 1944 at Fort Sill, Oklahoma. After being sworn into the army he spent 17 weeks in basic training at Camp Croft, South Carolina.

Overseas with the 26th and 29th Divisions in Germany, he was awarded the Purple Heart for wounds received in action. He also wears the E.T.O. Ribbon with three battle stars, American Theatre Ribbon, World War II Victory Ribbon, Presidential Unit Citation, Good Conduct Medal, German Occupation Ribbon and Combat Infantry Ribbon.

Entering the Ninth Infantry Regiment in April, 1946, he has since been with the Famous Murchie Regiment.

TOWN WORKS ON IN RAIN ON LABOR DAY

Stores and the Citizen's State Bank remained open here Monday, Labor Day, and no particular observance was made, with the exception of general gratitude for abundant rain showers falling throughout the day.

Farmers could be noticed in groups of three or four on Main street discussing benefits to growing crops of peanuts and late feed.

Rain had not fallen in sufficient downpours to fill pasture tanks but moisture otherwise would be described as a down payment on that "Million Dollar Rain."

Rising Star reported 5.55 inch rain there last week, which provided ample stock water and promised a bumper peanut crop.

Mr. and Mrs. R. Blaine Jordan visited in the home of Mr. and Mrs. Henry Jordan at Ft. Worth Sunday.

ENROLLMENT TOPS ALL TIME RECORD FOR '46-'47 YEAR

Teacher Assignments Made Monday Morning; Large Crowd Attends Opening

Assured of an enrollment greater than ever before in history and possibly nearing the 700 mark, Cross Plains schools opened a new term Monday morning and are now rounding out their first week.

Students and patrons thronged the high school auditorium far beyond capacity Monday morning as Superintendent A. J. McCuin highlighted the objective for the coming year and introduced members of his 24 teacher faculty.

Teacher home-room assignments are as follows:

Grammar School: Hubert Kelley, principal; Mrs. S. A. Paige and Mrs. Bernice Nichols, first grade; Mrs. Donald Warren and Mrs. Roy Arkers, second grade; Mrs. John Johnson, third grade; Mrs. Pauline Lawson, fourth grade; Mrs. Opal Ross and Mrs. Clifton Barron, fifth grade; Mrs. Emily Sayles, sixth grade; Mrs. Raymond DeBusk, seventh grade and Parrel Kelley, eighth grade.

High School: A. J. McCuin, superintendent; Mrs. George Fay McNeill, home economics; O. E. Edmondson, vocational agriculture; S. A. Hughes, athletic director; Miss Virginia Shultz, commercial subjects; Mrs. J. T. Foster, English and Speech; Mrs. D. C. Lee, history; Mrs. J. L. Glenn, mathematics; Miss Billie Ruth Loving, English; W. E. Lusk, mathematics.

BUY ARMY TRUCKS IN CAMP HOOD SALE

Camp Hood was the scene of one of the most successful sales of surplus used motor vehicles yet conducted by the Fort Worth Regional office of War Assets Administration.

H. D. Odum and R. O. Pancake, Cross Plains veterans, were listed among the successful purchasers. Odum obtained a 1-1/2 ton 1943 Ford combination stake and platform truck for \$655.00 and Pancake purchased a 1-1/2 ton 1943 Ford combination stake and platform truck for \$754.00. All sales were at fixed prices and veterans attending the sale were served strictly in accordance with their dates of certification, the oldest dated certificate holders being waited on first.

DON TACKETT REJOINS ARMY CAVALRY UNIT

Don Tackett, who operated the East Side Grocery here for several months, has reenlisted in a cavalry division of the Army. He and his wife and Donald Rex left Thursday for Camp Lee, Virginia, where he will be stationed temporarily.

Discharged from the service in April with a First Lieutenant's rank, he reentered at his former rating.

The couple have recently been living in Odessa.

JOHN BIRCHFIELD HERE AFTER BAIRD OPERATIONS

John Birchfield, who has undergone several operations lately in the Baird hospital, was brought to the home of his brother, R. Birchfield, here one day last week.

He is reported in a much improved condition and rapid convalescence is expected.

MRS. RAY PLUMLEE GIVEN BRIDAL SHOWER HERE FRI.

Mrs. Ernest Clark, Misses Bobbie Lou Wooten and Joe Nell Dunlap were hostesses at the home of the latter with a bridal shower last Friday afternoon honoring Mrs. Ray Plumlee, a recent bride.

Mr. and Mrs. Plumlee will leave for Abilene in a few days where both will enter college.

Lewis C. Norman, former Cross Plains high school superintendent visited friends here Thurs. night.

Mr. Norman left Cross Plains in 1941, and after spending four years in the army air corps became associated with a brother-in-law in the wholesale and retail electrical appliance business in Fort Worth.

"Without offense to friends or foes we sketch Cross Plains exactly as it goes."

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

Question—Does the Bible teach foreign missions?

Answer—And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come. Matthew 24:14.

Q.—It is true that ghosts sometimes return to the houses where they used to live?

A.—As the cloud is consumed and vanisheth away; so he that goeth down to the grave shall come up no more. He shall return no more to his house, neither shall his place know him any more. Job 7:9, 10.

Q.—Our preacher says that Jesus Christ helped make the world. What about it?

A.—He told the truth, Hebrews 1:1, 2: "God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets, hath in these last days spoken unto us by His Son, whom He hath appointed heir of all things, by whom also He made the worlds."

Q.—Why does Pilate wash his hands before the crowd when Jesus was on trial? Matthew 27:24.

A.—To show that he had had no more responsibility for what happened. Sometimes people say, "I washed my hands of the whole thing." But Pilate could not escape responsibility. (See Acts 4:27; 1 Timothy 6:13.)

Q.—Since thousands read the Bible Question and Answer Column, won't you please tell us what we need to do to be saved?

A.—Here are the steps: "Believe on the Lord Jesus Christ, and thou shalt be saved." Acts 16:31. Repent—"Except ye repent, ye shall all likewise perish." Luke 13:3. Confess—"That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath risen Him from the dead, thou shalt be saved." Romans 10:9. Be baptised—"And He said unto them, Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptised shall be saved; but he that believeth not shall be damned." Mark 16:15, 16.

'SARATOGA TRUNK' AT PLAINS SUNDAY

A slice out of America's past, rich in color, romance and adventure, springs into lusty life in Warner Bros' newest drama of love and adventure, "Saratoga Trunk," which arrives Sunday, playing for two days only, Sunday and Monday, Sept. 10th and 11th, at the Plains Theatre. Starring Gary Cooper and the year's most talked about actress, Ingrid Bergman, the film tells a turbulent tale of intrigue, ruthlessness and love, set in exotic Creole New Orleans and the bewitching Saratoga of a departed era.

Adapted by Robinson. Prepared for the screen by Casey Robinson from the best-selling novel of the same name by Edna Ferber, "Saratoga Trunk" features an important supporting cast that includes Flora Robson, Jerry Austin, John Warburton, Florence Bates and Curt Bois. Against a lavish picture of America's coming of age in the latter half of the nineteenth century, against the survival struggle among men of vision for power and prestige, for railroads and steel, the film traces the fabulous rise of Texas-born Cliff Marston (Gary Cooper) and his Cleo (Ingrid Bergman), of New Orleans.

Photographed by Ernie Haller, A.S.C., "Saratoga Trunk," a Hal B. Wallis production was directed by Sam Wood.

Pennsylvania means "Penn's woods."

BOYCE HOUSE Gives You Texas

One of the most eloquent speeches in the history of American politics was the speech of James A. Garfield nominating John Sherman for President. An excerpt follows: I have witnessed the extraordinary scenes of this convention with deep solicitude. Nothing touches my heart more quickly than a tribute of honor to a great and noble character; but as I sat in my seat and witnessed this demonstration, this assemblage seemed to me a human ocean in tempest.

I have seen the sea lashed into fury and tossed into spray, and its grandeur moves the soul of the dumbest man; but I remember that it is not the billows, but the calm level of the sea, from which all heights and depths are measured. When the storm has passed and the hour of calm settles on the ocean, when the sunlight bathes its peaceful surface, then the astronomer and surveyor take the level from which they measure all terrestrial heights and depths.

Gentlemen of the convention, your present temper may not mark the healthful pulse of our people. When your enthusiasm has passed, when the emotions of this hour have subsided, we shall find below the storm and passion, that calm level of public opinion from which the thoughts of a mighty people are to be measured and by which final action will be determined.

Not here in this brilliant circle where fifteen thousand men and women are gathered in the destiny of the Republic to be decided for the next four years. Not here where I see the enthusiastic faces of seven hundred and fifty delegates waiting to cast their lots into the urn and determine the choice of the Republic, but by four millions of Republic firesides, where the thoughtful voters are seated, with the calm thoughts inspired by love of home and country, with the history of the past, the hopes of the future, and reverence for the great men who have adorned and blessed our nation in days gone by, burning in their hearts,—there God prepares the verdict which will determine the wisdom of our work tonight. Not in Chicago, in the heat of June, but at the ballot-boxes of the Republic, in the quiet of November, after the silence of deliberate judgment, will this question be settled.

DOMESTIC AIR MAIL REDUCED TO 5 CENTS BEGINNING OCTOBER 1. Postage on domestic air mail will be reduced to five cents an ounce, or fraction thereof, beginning on October 1, announces F. R. Anderson, postmaster. Rate for the past several years has been eight cents.

This action is taken in accordance with an act of Congress which was approved August 14. The five cents rate will apply to air mail sent to or by members of the armed forces stationed outside the Continental United States whose address includes an army postoffice or a fleet post office designation. This rate will also apply to air mail sent to or by civilian personnel authorized to receive mail through Army or Navy post offices. Overseas air mail has been carried on a six cents rate in the past.

YESTERYEAR - - - IN THE OLD HOME TOWN - - -

Interesting happenings of the old home town, taken from files of the Review twenty years ago, under date of Sept. 10, 1912.

A reunion of descendants of Mrs. M. E. Cade, 80, was held August 20 at Sabanno. About 500 people will always remember it as a most enjoyable event.

There were 177 children, grandchildren and great-grandchildren present with about 300 friends. The affair was held in a big grove under a brush arbor, where a big barbecue, with lemonade, coffee, cake, pies etc. was served.

The celebration took place at the old Cade homestead where Clay Cade now resides.

Rev. Collins of this city made an interesting address, reciting history of the Cade family as pioneers, in a march of progress in that community and others where they have lived.

Ye editor had an invitation to attend as a friend of the family and we regret we could not be present on account of a rush of business.

Mr. and Mrs. J. C. Vaughn and Mr. and Mrs. Luther Odum of Sanger are visiting Arel Bertrand and family.

Fred Robertson and family of El Centro, Calif. have been visiting relatives here.

Enraged when a masher accosted her one night recently, a girl took the law into her own hands and with a club "mowed him down." Police found the man unconscious a few minutes later and took him to the hospital, where physicians

and nurses worked over him to restore consciousness. Neighbors saw the man approach the girl and say, "It's good looking."

A moment later they saw her seize a club, knock him flat on the sidewalk and continue on down the street.

Ben and Clyde Durringer are building nice home in the north part of town.

Eighteen small, but peppy, youngsters reported to coach Ed Priest at the first meeting held for football Monday afternoon. Many more are expected to report by the last of the week.

The first practice consisted of lectures by Supt. Haggard, Coach Priest, Pat Murphy, and Buddy Jones of Abilene. The boys took light workouts on the field.

The boys are requested to stop their smoking and be in bed by 10:30 at night.

Pat McNeel has purchased the property of the Coffman estate in the southwest part of town.

The board of trustees of the Cross Plains school gave a social Friday evening at the home of Mr. and Mrs. W. A. Williams, in honor of the teachers.

Short talks from every one present was interspersed with music, followed by delicious brick pie cream and white cake.

About 40 guests were present. The board voted to repeat these socials every six weeks.

The City council passed an ordinance last week making it a fine-

YESTERYEAR - - - - - - IN THE OLD HOME TOWN - - -

Interesting happenings of the old home town, taken from files of the Review twenty years ago, under date of Sept. 10, 1926.

A reunion of descendants of Mrs. M. E. Cade, 86, was held August 20 at Sabanno. About 500 people will always remember it as a most enjoyable event.

There were 177 children, grandchildren and great-grandchildren present with about 300 friends. The affair was held in a big grove under a brush arbor, where a big barbecue, with lemonade, coffee, cake, pies etc. was served.

The celebration took place at the old Cade homestead where Clay Cade now resides.

Rev. Collins of this city made an interesting address, reciting history of the Cade family as pioneers, in a march of progress in that community and others where they have lived.

Ye editor had an invitation to attend as a friend of the family and we regret we could not be present on account of a rush of business.

Mr. and Mrs. J. C. Vaughn and Mr. and Mrs. Luther Odum of Sanger are visiting Arel Bertrand and family.

Fred Robertson and family of El Centro, Calif. have been visiting relatives here.

Enraged when a masher accosted her one night recently, a girl took the law into her own hands and with a club "mowed him down." Police found the man unconscious a few minutes later and took him to the hospital, where physicians

and nurses worked over him to restore consciousness.

Neighbors saw the man approach the girl and say, "Hi, good lookin'!"

A moment later they saw her seize a club, knock him flat on the sidewalk and continue on down the street.

Ben and Clyde Durringer are building nice home in the north part of town.

Eighteen small, but peppy, youngsters reported to coach Ed Priest at the first meeting held for football Monday afternoon. Many more are expected to report by the last of the week.

The first practice consisted of lectures by Supt. Haggard, Coach Priest, Pat Murphy, and Buddy Jones of Abilene. The boys took light workouts on the field.

The boys are requested to stop their smoking and be in bed by 10:30 at night.

Pat McNeel has purchased the property of the Coffman estate in the southwest part of town.

The board of trustees of the Cross Plains school gave a social Friday evening at the home of Mr. and Mrs. W. A. Williams, in honor of the teachers.

Short talks from every one present to close up our places of business and take a rest. Why not call it Rest Day?

About 40 guests were present. The board voted to repeat these socials every six weeks.

The City council passed an ordinance last week making it a crime

able offense for any tent show, carnival or similar performance, given outside of a building, to be presented in Cross Plains corporate limits.

This was done to keep such shows from interfering with schools and other things.

This may not please all the people but the city council are giving much time toward interests of the city as they see it. Many other towns are also passing such ordinances.

The Review is informed that Rosse Porter and Miss Cleo Boyles of Burkett were happily united in marriage Sunday at that place. Congratulations.

Come in and sign up for the Review, every newly married couple here get the Review to start housekeeping.

Miss Effie Starbater and Chas. Cunningham have accepted positions with the Racket store.

C. W. Bringer and wife left for a visit with his father in North Dakota.

Lewis Copping, who stuck his foot with a pitch fork several days back, has not recovered yet.

A. A. Bertrand has purchased the Alamo hotel on Main street. Cross Plains property owned by outsiders is rapidly being taken over by home people.

Monday was Labor day it sounds a little funny to call it labor day—and at the same time we are supposed to close up our places of business and take a rest. Why not call it Rest Day?

Mrs. F. T. Scott of San Angelo is visiting her son, George Scott and family.

Ladies of the Presbyterian church

gave Mrs. Merrill Garrett a kitchen shower Monday evening at the home of Mrs. J. C. Garrett. Many useful and beautiful articles were presented. All enjoyed the evening.

Born to Mr. and Mrs. Drew Baum, a fine boy, Sept. 4.

Born to Mr. and Mrs. Everett Williams August 24, a fine boy.

Doko Westerman has a new coat of paint on his house in the north part of town, which adds greatly to the appearance.

Orlen Williams left this week for Stephenville, where he will attend John Tarleton College.

Miss Novella Adair and Mr. and Mrs. C. M. Wyatt spent the week end at Sipe Springs with relatives.

LEE TWINS AWARDED GOOD CONDUCT MEDAL.

S/Sgt. Tom D. Lee and Sgt. John G. Lee, twin sons of Mr. and Mrs. Tom Lee, have been awarded the Good Conduct Medal, according to word received by their parents.

Stationed in the European Theatre, they will start home in October after serving eighteen months in the army.

GLOVERS ATTEND REUNION AT BUFFALO GAP AUG. 25

Mr. and Mrs. Chester Glover and Mr. and Mrs. Ben Pierce attended a reunion of descendants of the late Mr. and Mrs. J. H. Glover of Pottsville at the Presbyterian encampment grounds in Buffalo Gap, Saturday and Sunday of last week. Seven of the eight living children of the couple were present.

The original family settled in Pottsville in 1875. Relatives of the family live at Buffalo Gap. The reunion will be held annually hereafter at the encampment grounds

VETCH SEED SHOULD BE BOUGHT BY 7TH.

Farmers who wish to purchase vetch seed for Fall planting are reminded that after September 7th, that now being held by the Rising Star Co-op will be thrown on general sale, with none held strictly for local use after that date. Producers planning to plant land to vetch are reminded to make purchases early or suffer the consequences of being unable to buy necessary seed.

Mr. and Mrs. Wilburn Barr and children, of Dodge City, Kansas, arrived here last week for a visit with their parents in Cross Plains and at Burkett. Mr. Barr will return to Dodge City this week, however, Mrs. Barr and the children will visit for a while longer.

News From COUNTY AGENT

Attending the 4-H Round-Up at College Station August 28, 29 and 30 from Callahan county were two adult leaders and two boys and girls accompanied by the County Agent. The boys and girls who were selected to attend were 4-H Boys, Carl Mauldin of Bayou and Lowell Johnson of Oplin; 4-H girls, Doris McClain of Rowden and Charlene Robertson of Oplin.

The adult leaders accompanying the girls was Mrs. Ted Walls and Fred Farmer went with the boys. For the boys and girls to be eligible to attend the Round-Up, they had to be fourteen years old and active in 4-H Club work.

The group left Tuesday morning for the Round-Up at College Station where they will take part in a discussion type program under Mr. J. P. Schmidt, of the Ohio State University, a recognized authority in this field and has a national reputation as a discussion leader.

Grain Smut Treatment
Planting time for winter grain crops will soon be here. Get your seed now and treat it chemically against losses from smut, seed rot and seedling blights.

Stenching smut is the most serious wheat disease. The smut spores on the seed germinate at the same time the wheat does and at heading time the smut forms masses of spores in the grain heads where wheat kernels should be. You can often detect the smut through the foul odor it gives off. The disease does not destroy the chaff, so it may sometimes be hard to notice.

Oats and barley are often affected by loose smut which is easily noticed by the black barren stalks in the field.

To control these winter grain smuts, except loose wheat smut, treat each bushel of seed with one half ounce of Ceresan.

Remember that grain smut causes losses by reducing grain yields and by damage on the market. Treating the seed you plant is good insurance against these losses.

Swine Breeders Directory
An official Texas Swine Breeders Directory will soon be available to hog raisers, farmers, 4-H and FFA boys all over the state.

The Directory, put out by the educational committee of the Texas Swine Breeders Association, will contain a description and brief history of every breed of hog in Texas, plus a list of breeders in the state with the particular type of swine that each raises. In addition the directory will have educational articles on swine breeding, selection and management, written by outstanding authorities.

According to Mr. E. M. Regenbrecht, swine husbandman with the Texas A. & M. College Extension Service and secretary of the Texas Swine Breeders Association, the directory will also be distributed, through educational agencies, in Mexico and South and Central American countries as well as the United States.

The Texas Swine Breeders Association is an educational, non-profit organization devoted to the improvement of the swine industry in Texas. President of the association is Lucien T. Jones of San Antonio. E. D. Heath, Hale Center, is vice-president.

Forty thousand copies of the directory will be printed, says Regenbrecht. It will be a 100-page publication, 40 pages of which will contain educational material.

Mrs. M. L. Hughes of Baird visited her parents, Mr. and Mrs. Earl Smith, last week.

Mrs. Etta Booth and Mrs. A. J. Mathis visited Rev. and Mrs. C. E. Poe at Waco last week end.

Earline Sillix left for College Station on Monday where she has accepted a position in the research laboratory at Texas A. & M.

Mrs. M. J. McDonald, State Commissioner of Agriculture, has announced that a dangerous shortage of cotton planting seed for next planting season in 1947 appears in prospect. Figures just completed indicate that sufficient registered and certified seed will be available to plant only about 1,000,000 acres.

Mr. McDonald suggested that farmers begin now to send in orders for quality seed to cotton breeders and growers.

It is said that Victor Emanuel, former King of Italy, and his wife recently were evicted from their home in Cairo by King Farouk of Egypt. They were given only 24 hours notice.

The King and Queen have been guests of King Farouk in a sumptuous villa but the building was needed during a Pan-Arabic conference and the ex-King and Queen were forced to take refuge with an Italian family living in Egypt.

SCANNING THE HORIZON

From the Christian Herald:—"This country's long and honored tradition of religious freedom is to get a severe test, soon, at the national capitol. The Washington Mosque Foundation Committee plans to build a "million-dollar" Mohammedan mosque at the corner of Massachusetts Ave. and Belmont Road.

The lot has already been purchased with it, is said, the help of the fabulous Aga Khan of India and architects are sketching domes and minarets.

The country may accept it tranquilly, as it has already accepted the building of Buddhist temples in this Christian land. But the locale—Washington—makes us wonder."

It is reported that cholera is still raging in terrible epidemic form in China. More than 1,000 persons have recently died in the province town of Tungfong. The price of coffins in the area are said to be skyrocketing.

Dr. Louis D. Newton, president of the Southern Baptist Conventions, has recently returned from a visit to Russia and while in that country had the opportunity to present a Holy Bible to Mr. Stalin, personally.

Stalin accepted the Bible in which was inscribed the words, "From one Georgian to another." It is said Stalin was born in that part of Russia known as Georgia.

Rexford G. Tagwell, who resigned his post as governor of the Island of Puerto Rico last June 30, is back at the island university. He has been appointed chief of social science investigations at a salary as yet undetermined.

Tagwell will simultaneously discharge his duties as professor of political science at the university of Chicago it was reported.

Two men were becoming abusive in the course of a political quarrel. "I think," cried one of them, "that there is just one thing that saves you from being a bare-faced liar."

"What's that," asked the other. "Your whiskers," was the reply.

Zeke—"Amos, dat woman of mine sho' knows how to kiss." Amos—"I'll say she do."

Zeke—"What's dat you say, Niggah?" Amos—"I said, do she?"

He: "I'm thinking of getting married, but I dread the amount of money it would take." She: "That shouldn't involve any cash."

He: "Are you sure?" She: "Certainly. Just thinking about it won't cost you anything."

Dr. C. E. Krumholz, administrative chairman of Lutheran World Relief Inc., has announced that more than 2,500,000 pounds of relief supplies valued at \$2,044,000 were shipped to six European countries during the first six months of 1946.

Shipments included clothing, bedding, shoes, food, medical supplies, and other articles.

Bridal Shower Honors Mrs. M. Inabnet Aug. 24

Prior to her marriage August 25, Mrs. Mitchell Inabnet, the former Norma Jean Huntington, was honored with a bridal shower Aug. 24 from three to five in the afternoon at the home of Mrs. H. C. Huntington in Pioneer. Misses Ann Alexander, Christine Shrlley, Alona Helen Huntington, Frances Hughes and Helen Plumlee were co-hostesses at the occasion.

Entertaining rooms were attractively decorated with pink and white gladioli and the same color scheme was carried out in refreshments.

From a lace covered table, accented with a center decoration of an arrangement of lavender summer flowers and flanked by crystal candle sticks holding long white tapers, the hostesses, who were dressed formally for the occasion, poured pink fruit punch and served squares of white cake decorated with miniature cupid and bearing the names, "Norma and Mitch."

Among those calling through the afternoon were Mr. and Mrs. L. M. Barron, Mrs. Leeman Underwood, Sr., Mrs. Leeman Underwood, Jr., Mrs. Pat Shirley, Mr. and Mrs. Pete Fore and Mr. and Mrs. John Fore.

Mrs. Herman Harris, Mr. and Mrs. Doss Alexander, Mr. and Mrs. A. F. Harris, Mrs. Ed Powell, Mr. and Mrs. Mark Adair, Mr. and Mrs. F. B. Hughes, Mr. and Mrs. Peyton Smith, Mr. and Mrs. Jack Stout, Mr. and Mrs. W. R. Gibson, Mr. and Mrs. Homer Brown, Mr. and Mrs. Fred Sprawls, Mr. and Mrs. E. I. Vestal, Mr. and Mrs. Claude Mayes, Mrs. John Barr, Rev. and Mrs. Russell Dennis, Mr. and Mrs. Ike Plumlee, Mrs. Ada Alexander and Mr. and Mrs. Minter Hardin.

Bill White, former Cross Plains high school football coach, who has been guiding athletic activities at Baird high school since leaving the service about a year ago, recently accepted a position as high school Principal at Dalhart and has moved to that city.

W. A. Dawkins of Sagerton visited Mr. and Mrs. C. E. Dawkins here last week.

Mr. and Mrs. Jake Huntington of Guymon, Okla., visited friends here last week.

Mr. and Mrs. W. M. Tatom of Putnam visited their sons Alton and Roy Sunday and Monday.

Mr. and Mrs. Statin Maddux and children of Ranger and Mr. and Mrs. Pat Hughes of Baird visited in the home of Tipton Wrinkle Sunday.

Mr. and Mrs. Nathan Foster and boys attended the Baptist meeting at Sabano some last week.

Mr. and Mrs. Harvey Black and Harville of Putnam spent Sunday in the Gus Black home.

Mr. and Mrs. Howard Sims who have been residing on the Jones place have moved to Abilene. Mr. Sims will enter A.C.C. in the fall term.

Lavern Lovelady of Fort Worth spent the week end with homefolks returning Monday.

Those ever-loving gagsters—Bing Crosby and Bob Hope—proved that the "Road to Utopia," which comes to the Lutes Theatre Wednesday and Thursday, September 11th and 12th, is paved with more mileage of coffees than any other "road" they have previously travelled in fabulous cinematic. It's another quick-on-the-heels Paramount picture with the famous ad libbers begging it northward to the gold-studded Yukon accompanied by that pretty baggage of feminine tricks—Dorothy Lamour—all wrapped up in her best fur-lined parka.

The script provided by scenarists Norman Frank and Melvin Panama is chockful of the stuff that laughs are made of and scarcely gives the audience time enough to hold its ribs together. Bob and Bing, who have a riotous knack for getting themselves into celluloid trouble and movie-goers into stitches, brave the Arctic cold and a couple of ruthless characters in order to track down a rich Alaskan mine and rescue a damsel in distress.

Dorothy is the damsel and both boys have a turn at making romantic passes at her while ducking avian and gunshot in the course of their mountain trek. As to who wins the girl—that's a horse of another color, as Bing would say.

Both Bob and Bing are in top form in "Road to Utopia," which is one screaming, funny succession of scenes. They are just about the most prolific laugh-getters in pictures, and in this one they even enter onto themselves.

Director Hal Walker has traveled the "Road to Utopia" in high gear, moving along at a fast tempo. It's a road with all ups and no downs on the laugh-meter; fun for all.

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

This is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.

OLD PAPER ON DISPLAY

(Cont'd. from page 1)

dog story, the New York weather, which was clear and cold and the thermometer down to zero at sunrise; and not a word of happening in Ft. Worth or vicinity. Through- out the six columns, eight pages of it struck with the fruitful thought that even in 1882 merchants were intensely aware that "it pays to advertise".

Bond reveals that in 1882 Fort Worth had a population of 5,000 and the Texas and Pacific Railway had been there only seven years. Dallas, he remarked, had some 10,000 population then and the two cities were continually in rivalry.

Fort Worth maintained that Dallas was "way down east" and Dallas argued that Fort Worth was out in the wilds of West Texas.

Changing quickly from pages of the 1882 Gazette to today's issues of the Star Telegram and Dallas News, one reflects that all progress is not so slow, that in less than three quarters of a century and less than the life span of one citizen, the two cities have grown in population to approximately the one-quarter million mark each.

Notes From H. D. Agent

LORETA ALLEN Preserving Vegetables

Housewives, if you are processing surplus vegetables now, remember that any delay after the vegetables are taken from the garden will result in loss of vitamins and sugars, as well as increase in stringiness, toughness and bitterness.

After you remove the vegetables from the garden, chemical as well as physical changes are going on in the product, and most of these changes are lowering its quality.

High temperatures, dry atmosphere and bruises all reduce the value of the product.

Harvest early in the morning. Use small, clean containers and handle your vegetables carefully to avoid heating, contamination and bruising.

If there is any delay before processing, keep the products in cool and moist storage places.

Remember that actually little can be done in processing vegetables to improve quality, but you will get high quality processed products by proper production, harvesting, processing and storage.

Variety in homemade bread Stretching wheat flour in home baking can bring variety in taste and texture to home baking.

Flour extenders include rye, flour, oat meal or cornmeal, potatoes and sweet potatoes. But Loreta Allen, County Home Demonstration Agent, cautions housewives that for good results they must know the correct amounts to use and the best method of mixing.

Yeast bread may be made entirely from rye flour. The German bread, pumpernickel, is familiar example. All rye bread is darker more moist and heavier than wheat bread.

The Cross CROSS PLAINS, CALLAHAN COUNTY, TEXAS "When The One Gr... The Cross NEW STREET LI Highway Paving M MORE THAN HUNDRED TRUCKS ENGAGED IN TRANSPORTING DIRT Homemaking Display The Paving On North Main Street To Get Underway Soon As Highway Work Is Finished With more than 100 gravel trucks running like busy bees, construction on highway 270, South of town, was moving at a rapid clip yesterday. Present plans call for the job to be completed by mid-September, when the contractor—Roeves & Son—is to begin work on a highway project in Central Texas. Preliminary work is also going forward on the paving to be done on North Main Street by the same contractor. As soon as sufficient gravel has been dumped in the highway road-bed, the trucks will start moving dirt for the paving project. Topping of both the highway contract—that portion from Cross Plains to the Brown County line, and also that to be done on North Main Street—was expected to take less than one week. Work is also going forward on the paving from Brown County line to join up with the pavement at Brownwood Lake. When this section is completed the road will be hard surfaced all the way from Cross Plains to Brownwood, and will provide a much shorter route to Austin from Abilene and other Western points. With the unanimous acclaim for her sensational performance in "Leave Her To Heaven" still ringing in her ears, Gene Tierney has come through with what preview critics consider her greatest dramatic triumph to date in "Dragonwyck". The new 2RE Columbia-Fox hit presented by Darryl F. Zanuck and opening Wednesday and Thursday, September 18 and 19, at the Plains Theatre. In the new film, based on the famous Anya Seton best-seller, Miss Tierney is seen in the role of Miranda, the wistful and sensitive country girl who is gripped in the power of a secret love that leads to rapture and terror. Supporting her in featured roles are Walter Huston as Gene's stern and stubborn father; Vincent Price as the imperious and egomaniacal master of Dragonwyck; and Glenn Langan as the young Dr. Jeff Turner. Her early career marked by a series of foreign portrayals ranging from Arabian to Eurasian, Brooklyn-born, Connecticut-bred Miss Tierney eventually won recognition for her exceptional histrionic ability through her outstanding portrayals in "Laura," "Heaven Can Wait," "A Bell For Adano" and "Leave Her To Heaven." Her unforgettable performance in "Dragonwyck" finds Gene Tierney at the flood-tide of her dramatic prowess. "Dragonwyck" was directed by Joseph L. Mankiewicz, who also wrote its gripping screen play. Other leading performers who appear in the cast of the film include Anne Revere, Spring Byington, Constance Marshall and Henry Morgan. Mr. and Mrs. R. G. Hopson of Fort Worth have been visiting her parents, Mr. and Mrs. W. B. Williams. Mr. and Mrs. Hopson are both enrolled at Baptist Theological Seminary as second year students.
