Cross Plains Baked Bread Goes On Sale Here

KREAM KRUST LOAF WILL BE PLACED IN ALL LOCAL STORES

Santa Anna Man Opens Large Well Equipped Plant On South Main Street Here

A new loaf of bread, one baked fresh in Cross Plains every night, goes on sale here Saturday morning. The loaf will be prominently displayed by all local grocery stores, who are urging housewives to support the home town product.

Marvin L. Moore, a baker with more than 30 years experience in that craft, was completing the arrangement of his large, modern plant on South Main Street yesterday, preparatory to "getting underway". The Moore plant will be known as the Good Eats Bakery and bread manufactured in the plant will be under a "Kream Krust" label.

"This fine new industry in our town," says E. V. Tunnell, vice-president of the Citizens State Bank, warrants the support and patronage of each and every one of us. I sincerely hope that people of Cross Plains trade territory will give Mr. Moore and his products a splendid reception.

The Good Eats Bakery is located in the McCord building, just South of the Telephone Company. In addition to its line of bread the firm will manufacture pies, cakes and cookies, which are to also be sold through local retail channels.

Mother of Local Lady Interred In Ranger On Monday

Mrs. Lee Williams, 71, of Ranger, died at the home of her daughter, Mrs. C. F. Hise, in Cross Plains, Sunday night after an illness of some time.

Funeral services were conducted from the Church of Christ in Ranger Monday afternoon with O. G. Lanier, life-long friend of the deceased in charge. He was assisted by minister Mack Straman, of Ranger. Burial was in the Evergreen cemetery.

Survivors include: the one daughter, Mrs. Hise, and two sons, John F. Williams, of New London, Texas, and Terrell Williams, of Baird, as well as two grandchildren, Major Bob Hise, of San Angelo, and Mrs. Melvin Placke of Cross Plains.

SCOUTS INSTRUCTED IN THE MORSE CODE LAST TUESDAY NIGHT

Seventeen members of the local Scout troop met in regular session at the Presbyterian church Tuesday night, at which time Assistant Scoutmaster Lee Glenn gave instruction in the Morse code. The group decided that future meetings would be held in the basement of the Methodist church each Tuesday night at seven o'clock.

Those present at the meeting Tuesday night were: Lewis Fortune, Howard Neeb, Robert Smith, Scoutmaster Melvin Placke, Lee and Lane Glenn, Charles Mack Holdridge, J. C. Anderson, J. C. Hudson, Don Richards, Fred Hill, Everett Watson, Larry Nichols, Richard Illingworth, Jerry Kirk, Keith Coburn, and Harold Baxter.

HOMEMAKING GIRLS TO HAVE HOBBO DAY

The Future Homemaking Club of Cross Plains high school is having a hobbo day Saturday, October 12. Girls will go around our community doing different jobs for small fees in order to pay their club dues and buy needed equipment for the Homemaking cottage. The girls plan to start about 8 o'clock Saturday morning and continue until about four that afternoon.

"Remember ladies, next Saturday is the day to get all those small deeded jobs done," reminds Miss Patty Sue Huntington, reporter for the club.

WILLIAM GIBSON HOME AFTER 14 MONTHS IN PHILIPPINE ISLANDS

Sgt. William Gibson, son of Mr. and Mrs. W. R. Gibson, of Pioneer, and husband of the former Miss Norma Frances King of this city, arrived in San Antonio Sunday for separation from the army.

Sgt. Gibson served 14 months on Luzon in the Philippines. He was assigned to the 5th Replacement Depot, some 10 miles from Manila. He was joined in San Antonio by his wife. They plan to reach Cross Plains and Pioneer for a visit the latter part of this week.

Mrs. Roy Arrowood had as her guest over the week end her mother of Coleman.

MUD AND MAY HOLD BUFFALOES TO TIE LAST FRIDAY NIGHT

Thundering Herd Feels Loss Of 2 Starting Backs But Substitutes Perform Well

Cross Plains high school Buffaloes were held to a scoreless tie in a conference football game with the May Tigers, played at Rising Star Friday night.

Played on a muddy field and amid intermittent showers the game was marked by loose ball handling with Cross Plains losing possession of the pluckin on fumbles four times and May five.

Captain Seth Hughes' boys pushed the Tiger team back into the shadows of the goal posts on four occasions but was never able to muster sufficient strength to cross the double stripe. In the fourth quarter alone, the thundering herd was inside May's 10 yard stripe three times but the Tiger forward wall repelled every touchdown try.

In the second quarter May capitalized on two penalties and a sustained drive to move the leather to Cross Plains seven yard line, however, at this point the Buffalo line stiffened and after four attempts to gain through the line the green shirted boys had lost three yards.

Perhaps the most spectacular play of the game was the very last one just before the final gun. An attempted kick by May was fumbled and recovered on the run by a Buff lineman, who raced all the way to the six yard line before being hauled down from behind. A single block would have meant the difference, however, no Buffalo mates were in position to render the necessary interference and a time keeper's gun ended the contest at this point.

Cross Plains piled up seven first downs to four for May. The Buffaloes amassed a net gain of 119 yards on rushing plays, whereas May's grand total amounted to 15 yards. Only two passes were thrown all evening and both were by May, and neither was good. Cross Plains was penalized two times for a total of 20 yards and May two times for an aggregate of 10.

The absence of three regulars in the Purple and Gold backfield was keenly felt, however, substitutes carried on better than had been expected. Buck Gibson, 14 year old freshman, who filled in for Claude Joy, who was out with an injured leg, proved the most effective ground gainer on the field. Billy Wayne Laminick, who has heretofore, been alternating between a line position and the backfield, filled in for Dock Brown, out of the game because of eligibility difficulties. Dean Tyler started at the backfield for Buddy Sheehan, another Buffalo first stringer. Lane Glenn regular backfield man for the Buffaloes, gave good accounts of himself but was unable to ever really get started on the stinky field.

In the line Charles Coburn again asserted his worth to the Buffalo forward wall. Only once during the entire game did the huge tackle yield yardage over his tackle position, and throughout the game he spilled May running attacks for noticeable losses.

26 Cross Plains F.F.A. Boys Attend the Texas State Fair

Twenty six Cross Plains F.F.A. boys and O. B. Edmondson, agriculture teacher in the local high school, visited the State Fair in Dallas last week end. The group left here Saturday morning at 4:30 on a chartered bus and returned Sunday at noon.

Of particular interest to the Cross Plains boys were livestock exhibits and the judging, which occupied most of Saturday morning. During the afternoon the group visited the general exhibits and entertainment attractions.

Those making the trip were: Edmondson, Billy Wright, Billy Puncake, Vernon Nichols, R. Q. Black, Buck Gibson, Bobby Harris, Bobby Lane, Richard Illingworth, Wade Kelley, Willard Meadow, James Brown, James Paige, Stanley Paige, Jimmy Coffey, Kirk Lackey, Billy Anderson, Edward Ramey, Edgar Ramey, Wayne Freeman, Paul Freeman, Harold Freeman, N. L. Dillard, Jr., Travis Campbell, J. C. Hutson, Lois Davidson, Jr., and Jerry Kirk.

More than 40,000 agriculture students from Texas high schools attended the fair Saturday, according to press reports from Dallas.

Mrs. Green Jeanes Laid To Last Rest At Dressy Tuesday

Funeral services for Mrs. Green Jeanes, 76, were conducted from the First Methodist Church in Cross Plains Tuesday afternoon at two o'clock with Rev. D. L. Barnes, pastor, officiating. Interment was made in the Dressy cemetery, beside the grave of her husband, who died in 1944.

Mrs. Jeanes, who lived in Cross Plains until about two months ago, died Sunday night shortly after nine o'clock at the Overall Hospital in Coleman. She had been making her home with a daughter, Mrs. A. R. Turner in the Rowden area. Mrs. Jeanes had been ill for sometime, however, her condition became critical late Sunday and she was rushed to the Coleman hospital, where she died about two hours later.

Survivors include: two daughters, Mrs. Turner and Miss Ruth Jeanes, one son, Perry Jeanes, of Sipe Springs, a grand daughter, Mrs. Vernon Baird, and two great grandsons as well as a number of relatives and a host of friends.

Funeral services were held at Coleman, Texas, Sunday, October 7, 1946.

BOYD DILLARD OPENS FEED MILL SATURDAY

Boyd Dillard will open his feed mill and seed business in the recently completed building on South Main Street Saturday. The firm is located just across the street North from the local ice plant.

Mr. Dillard purchased the interest of W. W. Ashman and will operate the business himself. On another page of today's issue of the Review appears an advertisement outlining the type of equipment which has been installed at the plant.

P-41 war planes were nicknamed the Black Widows.

Buffaloes Engage Bangs Dragons On Friday Afternoon

Cross Plains Buffaloes go to Bangs Friday afternoon for their third conference football game in as many weeks. Beseet by injuries, the local squad is expected to encounter rugged opposition from the Dragons.

Captain Seth Hughes was planning a revision of his offensive attack, after watching his charges play to a scoreless tie with May at Rising Star Friday night. He is installing a modified single wingback formation, one which Cross Plains fans will remember from the 1933 team here, which went all the way to the Region before being defeated.

The pep squad and a large contingent of fans is expected to accompany the Cross Plains team to Bangs.

BAD NEWS ARRIVES WITH THE GOOD FOR PARENTS AT PIONEER

While rejoicing over the news that their second son, Sgt. William Gibson, had arrived at San Antonio after more than 14 months army duty in the Western Pacific, Mr. and Mrs. Wright R. Gibson, of Pioneer, received word Sunday afternoon that their eldest son, Robert, had suffered a lung ailment at Austin where he is a student in the University of Texas. Robert, a former combat infantryman saw more than two years service in the ITO, is reported to have been stricken Sunday afternoon while playing golf in the state capitol. The extent of his illness was not immediately learned, however, reports received here were to the effect that it was as a result of injuries sustained in combat nearly two years ago.

SCOUTS ENJOY WEINER ROAST AT CADDO PEAK

Cross Plains-troop of Boy Scouts, which is rapidly becoming one of the most aggressive organizations of its kind in this section of Texas, last week took time out from scout instruction to enjoy a weiner roast at Caddo Peak. 30 scouts were accompanied by Scoutmaster Melvin Placke, Harold and Hubert Kelley, C. L. Lackey, Dr. J. L. Glenn and T. T. Nichols.

The popular name of the B-29 war plane is the Superfortress.

CROP ABOUT READY BUT FARMERS HOPE FOR CLEARER SKIES

Hay Too Valuable To Lose If It Can Be Saved By Keeping Moisture Away

Peanut farmers throughout the Cross Plains trade territory have one eye on the sky and the other on their rapidly maturing peanut crop. Already the nuts are ripe for digging but fear of rain is causing the actual harvest to be delayed in the hope that the valuable hay crop may be saved. Water, it is pointed out, damages the hay and greatly reduces revenues from peanuts. At present peanut hay is mated from \$25 to \$30 per ton.

Some few crops have already been harvested in the Cross Plains area, however, threshers don't expect to really get underway for possibly another two or three days. Peanuts and wet weather simply don't go together at harvesting time, one veteran raiser told the Review.

CLYDE GIRL BRIDE OF MERLIN FRANKE

Miss Betty Connel, of Clyde, became the bride of Merlin Franke, of Cross Plains, Saturday, October 5, at the Saint Mary's Catholic Church in Ballinger.

Cleta Vee Wilson, of Abilene, was the bride's attendant, and Robert Essler, of Wichita Falls, served as best man.

The bride is the daughter of Mr. and Mrs. Ralph Connel, prominent Clyde people. The groom is the son of Mr. and Mrs. Alfred Franke, well known Cross Plains people.

The single ring ceremony was solemnized by Rev. Edward Poster. The bride wore a light blue suit with black accessories.

The bridesmaid, a cousin of the groom, wore a brown wool suit with brown accessories.

Parents of both the bride and groom were present.

Following the ceremony Mr. and Mrs. Moscow Wilson were hosts at a wedding supper honoring the couple.

After a short bridal trip the couple will return to Cross Plains to make their home.

CAR WRECK FATAL TO FORMER BURKETT BOY LAST SATURDAY NIGHT

Funeral services were held at the First Baptist Church in Coleman Monday afternoon for Frank Burkett, 18, son of Mr. and Mrs. Arvin Paucum of Coleman, formerly of Burkett, and grandson of Mrs. Emma Golson, of Burkett. He was a second year student at John Tarleton and was killed in an automobile accident near Jacksboro while returning from a football game at Wichita Falls Saturday night.

Survivors are the parents, two brothers and three sisters and a number of relatives, many of whom are residents of this community and a host of friends.

The girl who sinks in his arms often ends up with her arms in his sink.

He is a wise man who leaves his wife alone when a full line of clothes came down in the mud.

Cross Plains Man Is One Of 16 Living Texans Who Fought For The Confederacy

Austin, Oct. 7 of the legions of grey-clad soldiers who battled under the stars and bars of the Confederacy's lost cause there, are now only 16 surviving in Texas.

So rapidly have their ranks been thinning in the past few years, the state-maintained Texas Confederate home has been converted to other uses, even though its doors still remain open to any Confederate veteran who chooses to live there expense free.

None has so chosen for several years.

Instead, the 16 veterans, all of whose ages now surround the century mark, make their homes in 16 widely separated Texas towns.

Pension checks are mailed monthly to each of them from the state comptroller. Thirteen unmarried veterans receive \$100. The three married veterans receive \$150. The pension fund, set up by statute, is filled to overflowing each year by a state ad valorem tax of two cents on each \$100 evaluation.

Texas reunions of Confederate veterans held annually at Camp Ben McCulloch were suspended this year after none of the aging veterans attended their golden jubilee meeting.

The following are Texas' now living soldiers of the Civil War:

John A. Davis, Box 372, Columbus, 95 years old this year, served with the South Carolina command in Company E, 4th Infantry regiment. He enlisted in November, 1864 and was discharged in April, 1865. At the age of 30 he married

to Bastrop county, Texas, and began farming.

James A. Abney, 1905 7th Street, Brownwood, 100 years old, served in Company E, Border's Regiment, Anderson's Brigade. During his 14 months of service from April, 1864 until June, 1865 he was a cavalryman and federal prisoner guard. He was discharged at Navasota after the close of the war.

W. W. Foster, Cross Plains, 101 years old, served from January 1862 until March, 1865, most of the time in Company D, 18th Texas Cavalry. He was captured at Atlanta, Ga., in July, 1864 and was paroled when the war ended.

R. S. Hilburn, box 698, Graham, 99 years of age, served four years in Company H, McIntosh's

regiment. He says he was discharged by being told "the war is over—go home." He served in the cavalry.

T. R. McGuyer, box 404, Cooper, 58, served from January 1865 to the close of the war in the state home guard cavalry.

J. H. Whitsett, Bonham, 97, served in Company E, 2nd Missouri Cavalry from October 1864 to the close of the war. He has lived in Fannin county since 1853.

Samuel M. Ramey, Route 3, Mt. Vernon, 99 years old, served from June, 1862 to May, 1865 in Company C, 34th Tennessee Infantry regiment. He surrendered in May, 1865 in Maryland.

T. B. Iden, 1420 Wrightwood, Houston, 96, served two months before the war ended in the infantry company of D. A. Nunn, Walker's

division.

Jeremiah P. O'Brien, Kirbyville, 102 years of age, surrendered on April 9, 1865, after serving from July 1, 1863, in Company K, 1st Virginia Cavalry.

J. C. Matthews, San Augustine, 100 years of age, served from April 1863 to May, 1865 in Company F, 13th Texas Cavalry.

W. N. Whitton, box 353, Timpson, 99 years old, enlisted after the battle of Galveston in 1863 and served to the war's end in the home guard infantry of Captain Eubank's company organized in Nacogdoches and San Augustine counties.

William Henry James, Grand Saline, 96, served two years before the surrender in 1865. He was in infantry Company B, under a Captain McDonald and Lt. Mays, but

he doesn't recall the remainder of his unit's designation.

Thomas Evans Riddle, Wichita Falls, 98, served 18 months to the end of the war in the 12th Tennessee infantry.

Walter W. Williams, route 5, Franklin, 100 years old, served 11 months before the surrender in cavalry Company C, 5th regiment, Hood's brigade.

Samuel L. Tumbleson, Montague, 100, served from October, 1863 to the end of the war in an artillery unit under General Price and Captain James H. Frazier. He joined in Arkansas.

W. W. McLeod, Wills Point, 100, enlisted in February, 1864 and served to the war's end in Company B, Montgomery's battalion, and in Adam's cavalry brigade.

"Without offense to friends or foes we sketch Cross Plains exactly as it goes."

Rowden News

By Patsy Crow

Katy Swafford spent the week end with Joy Price. She reported a good time.

Mrs. Sterling Odum, Virginia Ann and Nancy Jane visited in the home of Mrs. B. Crow Saturday afternoon.

Some of the folks down here are pulling cotton for 'Gene Mauldin'. Hope he makes a good crop. There's not too much cotton down this way this year though.

Rowden got a heavy shower Friday and some Saturday.

Rev. E. L. Redden, Lyvonia and Ceilia and Flora Swafford and Patsy Crow visited Mr. and Mrs. Gran Bains.

Lorene Sargent gave a party Friday night. There wasn't too many there but everyone had a nice time.

Gene Mauldin is sick, hope he is better by now.

The B.T.U. met Sunday night. There was a big crowd.

The trustees of Bayou school are taking time about driving the school bus. We hope to soon have a bus driver.

Mr. and Mrs. O. J. English and boys, Donnie Ray, Leroy and A. J., visited in the home of Mr. and Mrs. B. Crow Sunday.

Mr. and Mrs. Carlos Swafford and daughter visited Mrs. Lillie Swafford Sunday.

Mrs. Floyd Phillips, who used to live here in the Rowden community,

is bad sick in the Baird hospital. We are hoping she will be much better in a few days.

See you next time with (I hope) more news.

The fresh blush of color that intrigued you so completely you simply "couldn't live without it" (and so you bought the dress) ... the subtly flattering lines ... the exquisiteness of fabric feel you adored—all can be returned to a garment by the finer art of Quality Cleaning.

New demands to end OPA rule are reported from all areas over the country.

The United States Chamber of Commerce reports "a new wave of insistent demands for abolition of OPA."

"OPA efforts to frustrate the workings of supply and demand in the open market are paying off in an artificial cycle of feast and famine in meat, disruption of the huge packing industry and the closing of thousands of butcher shops," according to the statement.

We didn't know about the "feast" part of the cycle mentioned but are well acquainted with the "famine" part of it.

We understand that the midwest who recently held a convention in New York wouldn't even permit a book in camp if it had its jacket on.

YESTERYEAR - - - IN THE OLD HOME TOWN - - -

Interesting items taken from the files of the Review 10 and 20 years ago.

20 Years Ago
Comer Elliott has just completed a six room home for J. A. Moore on his farm.

At the Electric Theatre Tuesday night, R. L. Rogers won the prize in the accordion and whistling contest. Mrs. Stewart of Wolf Valley won in the fiddler's contest. Little O'Le Harlow won the Charleston contest, and Miss Hallingsworth was winner in the concertinist contest.

Up North Main Street a half dozen new homes have just been completed or are under construction. In fact it seems contagious. They are building new homes all over town in all directions.

10 Years Ago
Harlon Lacy, Henderson heights merchant, is either planning to move to Rising Star, or move something from there here. He goes over that way too frequently.

Smart people have been saying that bicycling was coming back, but who would have ever thought that J. G. Perry would ever be the first to introduce the fad into Cross Plains.

He is seen most every day gliding up and down Main street with all ease and poise. If he survives the first several weeks without any serious spills, there may be others of us won to the new mode of travel.

F. O. Jaye Again to Faces Charges in Comanche County

F. O. Jaye, who represented Rising Star and Cross Plains as attorney in the Katy removal case, has been indicted in two cases in Comanche County, according to the following story in the Comanche Chief:

Charges were filed this week in Justice of Peace P. D. Yarborough's court at De Leon against F. O. Jaye, former DeLeon lawyer and Comanche attorney, alleging obtaining money from the Farmers and Merchants National Bank, DeLeon, on false pretense. The complaint continues as follows, "By giving a deed of trust upon land in which he, the said Jaye had no interest or ownership. The complaint was signed by R. R. Harvey, DeLeon banker."

Mr. Jaye was also charged with embezzlement in a complaint signed by Olin W. Jaye, said to be a cousin of the accused.

Charges were filed in Justice of Peace E. A. Williams, Court at Comanche against Attorney Jaye, alleging forgery. The complaint was signed by Fredrick Harmon, DeLeon lawyer.

Jaye, who resigned as County Attorney here several months ago, moved from DeLeon to Austin a few months later and has been serving as an attorney for an oil company.

Mr. Jaye, who was arrested in Austin, was brought to Comanche Tuesday by Constable O. A. Brazell. The accused lawyer was released on bond Wednesday to await action of the grand jury.

Mr. and Mrs. Fred Outbirth spent the past two weeks visiting in New Mexico.

Notes From H. D. Agent LORETA ALLEN

Green Lawns for Winter
If you'd like to see your lawns stay green all through the winter, try planting some of the Italian rye grass.

This is the same rye grass that is grown for winter stock pasture, and it may be planted with Bermuda or any grass that keeps your lawn green in the summer. Just cut the lawn very closely and sow the rye grass, using one pound of seed for each 1000 square feet of lawn. Water immediately after planting, so the seeds will sprout and set in place. The grass stays green all winter and begins to die out just about the time the Bermuda comes up in the spring.

Plant around October first. It will be necessary to plant new rye grass each fall, since it won't produce seed until it reaches a height of 18 inches, and you'll want to keep it mowed. However, the grass will certainly improve the landscape during the winter. Miss Loreta Allen, points out, especially where you have a few evergreen trees.

Seed may be obtained from most any feed store, and many nurseries now also handle it.

Fall Landscape Gardening
Much material will protect roots of flowers and other landscape plants, and enriches the soil when it decays.

Loreta Allen, county home demonstration agent, says, the best mulch for flowers is the decayed material found around oaks, wheat and hay stacks or near feed grinders and trench silos. Leaves in ditches and under trees also makes good mulch.

In applying mulch, it should be spread six to eight inches deep. When that has settled to as low

as a two inch thickness, more should be added.

Many flowers that were killed by heat in August may be replanted now. These are some of the flowers that may be replanted now: Baby's breath, balsam, catenula, candytuft, Chinese forget-me-nots, cornflower, delphinium, larkspur, larkspur, pansy, petunia, phlox, pink, queneira, salvia, snapdragon, stock, strawflower and sweet-william.

We were served a steak day which the chef said piece de resistance. And did resist.

REDDY KILOWATT

REDDY KILOWATT's five year war record stands out as one of the great industrial achievements of all time.

More than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all cards are down.

Mr. Steelman said that higher
prices on all these necessary com-

For eight years now the Texas
Safety Association has been asking
motorists not to kill themselves.
That works with some people, but
others apparently attach little value
to their continued existence on this
earth. To those drivers the Associa-
tion now is offering a mere cold-

the recent San Antonio disaster-
ous floods, wired Governor Coke
Stephenson an offer of the ser-
vices of as many of the Tulsa police

in the rescue and relief work in
that area.

Governor Stephenson said the offer
was a "mighty nice gesture" and
indeed it was, and we are sure
all Texas appreciates the kindly
offer of Tulsa's Chief of Police.

**Quarter Horse At
State Fair First
Time This Year**

The Texas cow pony will join
in the parade of champions at the
State Fair of Texas in Dallas for
the first time this year, according
to Ben E. Cambell, chairman of the
Agricultural and Livestock Com-
mittee. A division has been set up
for a Quarter Horse Show in con-
nection with the livestock depart-
ment he said.

Quarter Horses will be judged
in the showing on October 16 and
special ribbons will be awarded
with the official sanction of the
American Quarter Horse Associa-
tion. A total of 200 entries are ex-
pected.

Raymond D. Hollingworth of
Amarillo, newly appointed execu-
tive secretary of the American
Quarter Horse Association, has been
invited to act as superintendent of
the division and Robert E. Hooper
Jr., of Plainview and Percy W.
Turner, of Water Valley, have been
asked to judge the entries.

REDDY KILOWATT'S

stands out as one of the great industrial
achievements of all time. During this period,
more than eleven million kilowatts of generating
machinery were installed and \$3,000,000,000 was
expended for power stations, transmission lines and
other facilities.

A total of 300,000,000 kilowatt hours of
electric power was generated for war purposes,
of which the business-managed, tax-paying elec-
tric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for
war purposes amounted to \$2,350,000,000 and
almost the same amount, \$2,194,000,000 was paid
in direct federal taxes.

Oh, yes! During this five year period, price of
electric services by business-managed electric
companies was reduced by 11 per cent.

That's freedom of enterprise at work when all
the cards are down.

"DO YOU LOVE ME" IS DUE AT SCREEN HERE SUNDAY AND MONDAY

Hailed as the once in a lifetime, love-time musical romance, "Do You Love Me," 20th Century-Fox's brilliant Technicolor hit starring Maureen O'Hara, Dick Haynes and Harry James which opens Sunday, October 13 at the Plains Theatre.

The song-and-thrill-packed story of a girl who said "Yes" once too often presents Maureen O'Hara as a shy, bespectacled and conservative music school dean who comes to town in search of a guest conductor but becomes "catalyzed" instead.

One thing leads to another when Harry James falls in love with her and Dick Haynes takes the words—and music—right out of his trumpet. With the appearance of Reginald Gardiner as an ingenious cupid and Richard Gaines as her staid but stubborn fiancé, the fast-moving story develops into the screen's wackiest four-sided triangle.

Four new song hits including "I Didn't Mean A Word I Said," "Do You Love Me," "Moonlight Propaganda" and "As If I Didn't Have Enough On My Mind" are introduced by Dick Haynes and Harry James and his Music Makers. The film was directed by Gregory Ratoff and produced by George Jessel.

HEALTH DEPARTMENT EXPLAINS FUNCTION

Dr. Geo. W. Cox, State Health officer, was recently asked to give the duties of the Texas State Department of Health in contrast with those of the general practitioner of medicine.

He stated, "The Health Department is charged with protecting the public health. This it does by education of the people as to how they may secure protection against disease, such as vaccination against smallpox and typhoid fever and immunization against diphtheria; by investigation of sources of outbreaks of disease; by prevention of the spread of diseases; inspection of water supplies; by advocating the production and use of safe milk and to prevent threatened outbreaks of communicable diseases.

"People will become ill and accidents will happen. The cure of sickness and the repair of accidents comes within the scope of the duties of the practitioner of medicine and surgery. The general practitioner of medicine is also engaged in preventive medicine when he advises mothers to have their children protected against diphtheria and smallpox or the family as a whole immunized against typhoid fever before planning travel, such as cross country trips."

The general practitioner and the Health Department alike believe that it is better to remain healthy than it is to get well after becoming ill, but the Department is engaged in the control and prevention of disease as it affects the general population of a community or state.

CHAMPION LAUNDRY TO BE MOVED INTO NEW TILE BUILDING SOON

Construction is now under way on a new tile building on the lot East of the Carl Champion home in the East part of town.

Mr. and Mrs. Champion plan to move their laundry into the new building upon its completion. The building will be twenty by fifty feet and will house twelve washing machines. The building should be completed in about three weeks.

Mr. and Mrs. Hulian Barr and daughter of Baird visited friends and relatives here over the week end.

Local Grocers Predict

LIFT OPA CONTROL AFTER PRESIDENT'S TALK MONDAY NIGHT

Bacon And Scarce Pork Items May Still Be Hard To Get But Other Things Easier

Local grocers Tuesday morning differed in opinion as to whether bacon and other scarce meat products would become more plentiful immediately, however, the consensus was that it would take some time for the supply of these items to equal demands. Pork, it was felt, would continue to be scarcer than beef.

Although people of this section have suffered no deficiencies in diet as a result of the meat shortage, they have been forced to accept less palatable substitutes, and local butchers believe this condition will be slowly alleviated with a general rising in prices for some time. Eventually though, they point out, the old law of supply and demand is expected to regulate the whole turbulent situation.

But he argued that the "risk in the action we are taking in removing meat controls is less than it would otherwise be because production in general is now increasing at a significant rate and national income is "at an all-time high."

Those labor leaders who have proposed the decontrol of meat must be abolished at the same time. In announcing his action, the President emphasized in his radio talk "the close relationship between wages and prices" and said that "price control and wage control are largely dependent upon each other."

Many years ago—in the Fall of 1919—your columnist, then the young editor of a small paper, received a letter from William Jennings Bryan, for whom I had had a lifelong admiration. The letter was written in pen and ink and was in reply to an inquiry as to whether the Great Commoner would seek the presidential nomination in 1920. Because it was a personal letter, it was not printed—but it might be of a little interest now, so many years afterward!

Question—Was not Aaron Moses' younger brother? Answer—He was Moses' son-in-law, three years, see Exodus 7:17. Q.—Revelation 20:10 speaks of a "lake of fire and brimstone." What is brimstone? A.—The word means burning sulfur, and is a name for sulphur.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

Question—Was not Aaron Moses' younger brother? Answer—He was Moses' son-in-law, three years, see Exodus 7:17. Q.—Revelation 20:10 speaks of a "lake of fire and brimstone." What is brimstone? A.—The word means burning sulfur, and is a name for sulphur.

Q.—Is the stone in the coronation chair in England the cornerstone mentioned in the Holy Bible? A.—The "cornerstone" is a figurative name for Christ, Ephesians 2:20-22. "Now therefore ye are no more strangers and foreigners, but fellow-citizens with the saints, and of the household of God; and are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner-stone."
