

SHERIFF'S POSSE PURCHASES GROUNDS FOR ANNUAL RODEO

Callahan County Sheriff's Posse last week purchased fifteen acres of land on the East outskirts of Baird which will be designated as rodeo grounds and annual performances will be held there. Equipment of the organization, which produced the Baird rodeo this year on the high school football field, will be moved to the new location and erected on the permanent site.

Working to forget is much better than forgetting to work.

One great trouble with a checkered career is that it's always your move.

The Bermuda onion harvest in the Laredo district here in Texas is said to have been one of the largest in history and has just been brought to a satisfactory ending. The fine crop of cantaloupes in this same region is now attracting attention as the new market for them comes into full swing.

It is said two carloads of cantaloupes by train moved from Laredo on May 24. The melons are said to be of good size and very delicious in quality.

LOCAL TEACHERS LEAVING TO ATTEND SUMMER SCHOOL

Eleven teachers in the Cross Plains school system will leave this week to enroll for summer school training in colleges at Denton, Abilene and Brownwood.

Among those going to Denton are Hubert and Herrell Kelley, who will work on a master's degree at North Texas State College; Misses Betty Jean Browning, Vera Adams, and Mrs. Bernice Nichols, who will attend Texas State College for Women.

Mrs. Opal Ross, Mrs. Clifton Barron and Mrs. Travis Foster will enroll at Howard Payne at Brownwood; Mrs. Garland Austin in McMurry at Abilene and Mmes. S. E. Paige and Fred Smith in Hardin-Simmons at Abilene.

Pellagra is not contagious and can be prevented entirely by including the right kinds of foods in our daily diet.

These foods are milk, fresh meat, whole wheat products, salmon, tomatoes and other fresh fruits and vegetables.

The people of Texas not only raise fine onions and cantaloupes but have planted a very large acreage to rice this year and expect a fine yield from that.

In Harris county best estimates place the 1948 rice acreage at 35,000 for an increase of around 10,000 acres more than last year.

From H. I. Phillip's column in the Severy County Times: "We take publishers pretty much for granted. We like to throw dead cats at them. It is habit to squawk about your falling. What would a newspaper mean to a guy who didn't feel that he could pick it to pieces? But we know what our newspapers mean to us and to free government. We know a free press was never more important than today."

Women's clothes have "that new look"—but my clothes get "that old look", just as soon as I put 'em on.

A suit looks good on the dummy in the window but not on me. On me, the suit doesn't hang right; it just hangs.

And my knees are knobby, so at once the suit bags at the knees.

Or take a hat—Other men can buy light gray, or even white, hats and they stay spick-and-span for months. But, regardless of what I pay, my hat gets spotted right away and side of the brim flops.

And ties—mine wrinkle after the third wearing, except when they wrinkle after the second wearing.

And even as little a thing in the direction of neatness as a shoe shine—within 10 minutes after I get one, somebody steps on my foot in an elevator.

There ain't no justice.

The law says that an alien, convicted of two crimes, shall be deported. But a decision of the United States Supreme Court says you can't convict him of two crimes in a row; no, it can't be that simple; you must convict him of one and then he must go out and commit another and then be convicted of that before he can be deported.

Why doesn't Congress change the law so that, if an alien is convicted of one crime, he shall be deported?

Another thing: We have aliens in this country who are Communists, which means they favor overthrowing our form of government but we can't get rid of them because the country they came from won't take them back. Why doesn't Congress change the law so that those countries who are willing to take them back—and when a country refuses to take one of these undesirable back, we admit no more visitors from that country?

Henry George, the economist, once cynically remarked that if the multiplication table stood between some men and a profit, you'd find "authorities" who would attack the correctness of the statement that two times two is four.

An exchange advises the following: To remove face powder from a velvet or satin dress, wipe lightly with a white woolen cloth; the same procedure holds good for felt and broadcloth, also. By doing this, every particle of powder will be removed, something any amount of brushing will not accomplish.

It is reported that Russian experts are now working on color television. An article in Izvestia, organ of the Supreme Council of the Soviet Union, was said to be the authority for the statement made recently.

Settle Installs New Filtering Equipment At Tailor Shop Here

To assure more than 99 per cent proof sanitation in the cleaning of garments of all types of material, a new filtering system was installed this week at the Jim Settle Tailoring Plant on East 9th Street. The new device filters cleaning solvent electronically, keeping the fluid virtually 100 per cent pure at all times.

In addition to the filtering equipment which was installed at an expenditure in excess of \$500, the Settle plant has also recently added electric pumping equipment for the boiler return system, new puff and steam irons for the finishing of delicate garments.

Mr. and Mrs. Theodore Nordyke, Mrs. Bailey Wilson and son, Dwayne, were in Fort Worth one day last week.

It is reported that the Oklahoma Baptist University will offer a course in the Russian language at its summer session this year.

The course will be taught by Dr. Robert Laessig, according to the report, who was educated in Berlin, Germany and taught Russian in an internment camp during World War II.

"Well," confided the mailman, "my wife has four neices and a nephew getting married in June."

"What in the world will you do for wedding gifts?" asked the policeman.

"My wife," sighed the letter carrier, "has already solved the problem. She opened a new charge account for the purpose just yesterday."

Advertising Doesn't Cost, It Pays

Health Facts

THE CAUSE AND EFFECT OF CONSTIPATION

Constipation or sluggishness of the bowels is one of the most common irregularities and its effects upon the body are very harmful because the bowel contents are constantly being absorbed through the walls of the intestines. If the bowels are not evacuated frequently, their contents undergo chemical changes in which substances are formed which, when absorbed and carried all over the body by the blood stream, produce all the disturbances of impure blood. Good health depends on drainage from the tissues of the waste products which are always being formed by the activity of the cells, and these wastes can be carried off only when the blood is in good order. Constipation makes the blood impure so that it can not do its work of draining tissues, but deposits its impurities from the bowels in the tissues and thus produces general poisoning throughout the body.

Bowel movements depend on a series of contractions and relaxations in the bowel walls which

keep the contents always on the move. These muscular motions are known as peristalsis, and scientific experiment has shown that they are dependent on nervous control. When the lower part of the spinal cord is severed, peristalsis ceases, because nerve control is cut off. Pressure upon nerves interferes with nerve control to a lesser degree and produces insufficient peristalsis which in turn means sluggish bowels. Therefore, pressure of the cases of constipation is the only way to obtain permanent relief is to remove the cause, the nerve pressure. It is useless to expect more than temporary relief from any method of treating the condition, if the cause remains unchanged.

The Chiropractor does not treat effects. He is trained to locate and adjust vertebrae in the spine when they are out of alignment and pressing upon nerves, thereby removing the cause and restoring normal bowel action.

Ward Closet Catastrophe

Clothes moths feed upon animal hair, fur, feathers and articles made from these materials, according to Mary Routh, extension clothing specialist of Texas A&M College. Woolen lint and hair, which accumulated in floor cracks, under the quarter-round and baseboard, and other hard to reach places are often fertile breeding grounds. The batch of dog and cat hair may yield a supply of moths.

After cleaning the clothes closets in spring, apply a DDT spray to the walls, woodwork, baseboards and shelves as a protection against clothes moths for the warm weather season, Miss Routh advises. Approximately one half pint DDT spray is necessary for an average closet. An oil spray is preferred because it does not leave a white deposit as a water spray does.

The best DDT spray for this purpose is a residual spray, rather than one of the "aerosol bomb" or "fog" spray type, if it is to be effective over a period of months in killing insects which come into contact with the closet surfaces. The aerosol spray is fine for killing flying insects, or those which happen to be exposed at the time, but it does not have the lasting effect because it does not leave a

residue. DDT solutions may also be sprayed lightly on wood clothes without injuring the fabric. Too much of the solution, however, may show up in whitish traces on dark clothes, but these can be removed by brushing or dry cleaning. DDT spraying is useful for protecting clothes hanging in closets, while the more familiar moth flakes or crystals are advised for clothes stored in tight bags, trunks or other containers where a fumigating effect is desired. Added protection may be given stored clothes by spraying them and their container with DDT.

All woolen clothing, of course, should be treated before storing in either treated closets or tight containers, says Miss Routh.

4-H Girls Attend District Camp

Three 4-H club girls, Barbara Nell Knudsen, Oplin; Deaun Harrell, Cross Plains; and Wilma Ruth Armor, Denton, attended the District 4-H Encampment at Camp Louis Farr near Merton on May 25, 26, and 27. These girls were selected on their achievements and leadership ability. They received training in handicraft, camp cookery, and recreation which they will use in leading their county encampment on July 29 and 30 at Kendrick Park near Denton. The girls were accompanied by Mrs. Lawson Armor, 4-H leader, and Evelyn Wieland county home demonstration agent.

"Madame, what do you mean by letting your child snatch off my wig?"

"Sir, if it is only your wig, think nothing of it. I was afraid the little devil had really scalped you."

This from an exchange: Mrs. Edgar Butler hasn't had a servant problem since Lizzie Smith came to work for her thirty four years ago. Lizzie has just celebrated her 75 birthday. The Butler's offered to pension her but Lizzie, still a good cook, wants to stay in the kitchen.

Personals

Mrs. Luke Westerman was a visitor in Cisco Monday.

Frank Pool of San Angelo was a business visitor here Monday.

Mrs. W. B. Overstreet was in Houston early this week where she attended the funeral of an uncle.

Rev. and Mrs. H. T. Dennis, of Houston, visited briefly with relatives and friends here last week.

Tommy Minton, of Houston, visited friends and relatives in and near Cross Plains last week.

Mr. and Mrs. T. R. (Dick) Montgomery spent the past week end in San Angelo.

Mr. and Mrs. Wesley Peel of College Station visited Miss Alice Bryson last week. Mrs. Peel is the former Miss Earline Sillix.

Mr. and Mrs. Jim McGowan of Odessa are visiting friends and relatives here and at Cottonwood this week.

As part of its campaign against tuberculosis, Spain is to spend \$60,000,000 on building and improving sanitoriums this year it was announced.

In America, Panama is said to be planning 500 new buildings, costing \$10 million and all to be erected in Panama City this year.

CARD OF THANKS

My father, R. J. Edwards, of San Saba, and I take this opportunity to thank our many friends in Cross Plains for the lovely cards and words of encouragement sent him since he has been ill at San Saba and unable to get about.

Each card was read again and again and sincerely appreciated.

Mrs. Earl Pyle

It's a sign of prosperity when men's pants bag at the pockets instead of the knees.

"DONT'S" LISTED ON CHILD LABOR

Some of the important "dонт's" for employers of this state on the employment of minors during the summer vacation period were listed by William J. Rogers, regional director of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, in the five Southwestern states. He advised employers subject to the Fair Labor Standards Act (Federal wage and hour law):

Don't permit children 14 and 15 years old to work more than 40 hours a week when school is not in session, or more than three hours a day and 18 hours a week when school is in session.

Don't permit children 14 and 15 years old to work between 7 p.m. and 7 a.m.

Don't permit children 14 and 15 years old to work in manufacturing, mining or processing operations, including occupations requiring the performance of any duties in workrooms or work places where goods are manufactured, mined or otherwise processed.

Don't permit children 16 and 17 years old to work in occupations held to be hazardous—in plants manufacturing explosives; as motor vehicle drivers or helpers; in coal mines; in logging or sawmill occupations; around power-driven wood-working machinery; power-driven hoisting apparatus, including elevators, and in jobs where they are exposed to radioactive substances.

Don't forget to get employment and age certificates and keep them on file.

Don't forget to pay minor employees at least the minimum wage set by law, and time and a half for overtime after 40 hours in any workweek.

If the firm is working on a contract under the Walsh-Healey Act, he further advised:

Don't hire boys under 16 years or girls under 18 years to work on such contracts, or pay them less than the minimum wage and overtime.

The senior "Up and At It" 4-H Club met Friday, June 4, at the local American Legion hall when requirements for Gold Star girl from Callahan county was discussed. Ice cream was made and pasteurization of milk studied.

A picnic lunch was served to 27 members and mothers. The meeting was adjourned with plans to meet on July 2 at the same place when personal grooming will be theme of the study hour. Catherine Smoot is assistant reporter for the group.

Veterans' News

Most of the 45000 World War II veterans taking institutional on-farm training under federal veteran's training programs in Texas, Louisiana, and Mississippi may qualify for increased subsistence benefits due to changes in ceilings, rates and number of dependents. The Veterans Administration reported.

The increases were authorized by Public Law 512, signed May 4, 1948, by President Truman. The law raises pay ceilings, establishes new criteria for computing income from productive labor, and provides for partial increases in subsistence allowances for part time school training and for combination school and job training programs such as institutional on-farm training.

Under the new ceilings for GI Bill farm trainees, earned income plus subsistence may not exceed \$210 a month for a veteran without dependents, \$270 for a veteran with one dependent, and \$290 for a veteran with more than one dependent. Previous limits were \$175 for a veteran without dependents and \$200 for a veteran with one or more dependents.

Another provision of the new law gives additional increases to veterans training as employees on other persons farms. Only wages for the standard work week, exclusive of overtime pay, are considered earned income in computing subsistence under the raised ceilings. Previously, veterans included pay for all regularly scheduled overtime work in reporting their earned incomes.

Veterans taking institutional on-farm training under the GI Bill and Public Law 16 may be paid subsistence increases for that time they devote to institutional school training. The increases are based on the percentage of a full-time course of institutional training that their school work represents. No increases will be allowed for veterans whose institutional school work is not the equivalent of at least one-fourth of a full-time course.

The first adjustments will probably be in the August 1 checks, retroactive to April 1.

We're getting closer to the time when America will be famous for articles made in America.

VETERANS Question Box

I attend summer sessions at college where I am enrolled. The education benefits of the GI Bill do I need a supplemental certificate of eligibility.

The only time you need a supplemental certificate of eligibility is to attend summer school is you transfer to another school for the summer term.

Am a U. S. citizen and have war service gratuity and cash payment of credit benefits from the Canadian Government. Am entitled to loan benefits under the G-I Bill?

Veterans Administration has that the loan benefits under Servicemen's Readjustment Act either the same nor similar "war service gratuity" and "reestablishment credit" applied paid you in cash by the Government. Therefore, you are entitled to a loan guaranty are otherwise qualified.

Five of us veterans of World War I have incorporated and are doing a business. Can each of us claim for readjustment benefits as self employed?

No. A Veterans Administration decision held that none of the connected with a corporation can be regarded as self-employed within the meaning of Pub. Law 346 (G-I Bill).

My husband is receiving a war pension of \$90 monthly. We were married two years ago. Would like to know if I will be a pension at his death?

Under existing law, you are not eligible because your marriage took place after Dec. 31, 1917.

Turkey Creek Quilters Hosts At Cream Party

Members of the Turkey Creek Quilting Club were hosts at an ice cream supper in the home of Mr. and Mrs. J. H. Coats Thursday night of last week when they complimented Mr. and Mrs. Arthur Burton, who are moving to Cross Plains to make their home. Mr. Burton has accepted employment with the water department of City Utilities of that city.

Among those present were Mr. and Mrs. Cecil Goble, Mr. and Mrs. Richard Goble and family, Mr. and Mrs. Shirley and grandson of Baird, Mr. and Mrs. McWilliams, Miss Sallie Dalton, G. W. Webb, Mrs. E. D. Sligh and son of San Angelo, Mr. and Mrs. Albrecht and family, Leonard Coats of Fort Stockton, Mr. and Mrs. Truett Holley, Lynn Davidson of Abilene, Jackie Tye of Paducah and A. A. Holley.

A nice time was reported by those present.

Mr. and Mrs. Theodore Nordyke, Mrs. Bailey Wilson and son, Dwayne, were in Fort Worth one day last week.

Henry George, the economist, once cynically remarked that if the multiplication table stood between some men and a profit, you'd find "authorities" who would attack the correctness of the statement that two times two is four.

An exchange advises the following: To remove face powder from a velvet or satin dress, wipe lightly with a white woolen cloth; the same procedure holds good for felt and broadcloth, also. By doing this, every particle of powder will be removed, something any amount of brushing will not accomplish.

It is reported that Russian experts are now working on color television. An article in Izvestia, organ of the Supreme Council of the Soviet Union, was said to be the authority for the statement made recently.

THE AMERICAN WAY

Even the Hobo Can't Be Fooled!

County Agent's Column

By A. R. Grote, Jr.

State Department of Agriculture, but assumes no responsibility for the accuracy of the sample in representing the seed actually for sale. That responsibility must be assumed by the individual or firm affixing the labels or tags, as is provided for in the Texas Seed Law.

The results of tests of the Vetch Seed Testing Laboratory may be used by growers in securing official tested seed labels. Application for such labels may be made direct to the Seed Laboratory Division, State Dept. of Agriculture, Austin, Texas, upon application forms furnished by that division. Tags are furnished at one cent each.

The Texas Seed Act requires that official tags or labels be attached to each container or bag of agricultural seed weighing 100 pounds or fraction thereof offered or exposed for sale in Texas. Such labeling, however, is not required when one farmer sells to another farmer seed grown on his own farm when such seed is not advertised in the public press outside of the vendor's home county and not shipped by common carrier.

No matter how accurately the seed analysis is made, it can show only the quality of the sample submitted; therefore, every effort should be made to insure that the sample furnished represents the bulk of the seed to be tested. Unless the sample or samples of seed are representative of the seed to be sold or used, the tests will be of no real value to the seller or buyer. For information on sampling, the grower is directed to see B. B. McPherson, County AAA Office; O. B. Edmondson, Cross Plains VA teacher; or your county agent. It is advisable to have samples taken after the seed has been separated and cleaned and at the place of separation.

Atwood Family Holds Reunion Here Sunday

All the children of Mrs. C. E. Atwood met in reunion with her at her home here on South Ave. D Sunday, June 6. Twenty-one grandchildren, other relatives and a number of friends were present at the noon banquet meal as well as others calling throughout the afternoon.

Children attending were Howard Atwood and family of Littlefield, Truman, Cecil, and Buster Atwood and Mrs. Beulah Mae McGary and families, all of Kermit; Mrs. Hazel Clark and family of Odessa, Ben Atwood and family, Mrs. Doris Nichols and family, all of Cross Plains and Mrs. Moselle Stephenson and family of Van Nuys, Calif. Miss Patsy Dixon of Kermit, Mr. and Mrs. Bluford Webb of Burkett, Mrs. T. D. Little, Miss Joan Hall, Mr. and Mrs. Chess Barr and Mrs. Jackie Davidson were among friends and relatives present to enjoy reminiscences with the family.

The senior "Up and At It" 4-H Club met Friday, June 4, at the local American Legion hall when requirements for Gold Star girl from Calahan county was discussed. Ice cream was made and pasteurization of milk studied.

A picnic lunch was served to 27 members and mothers. The meeting was adjourned with plans to meet on July 2 at the same place when personal grooming will be theme of the study hour. Catherine Smoot is assistant reporter for the group.

W.A.A. News

A long-standing priority, that of the Reconstruction Finance Corporation, has been removed from future disposals of surplus property. Heretofore, the RFC had preference rights in the purchase for resale to small business just under World War II veterans in all personal property sales and below government agencies in disposals of real property. In recent months this priority group has been active in securing camp buildings and other real property from War Assets Administration for resale. But congress' new RFC act, passed May 25, 1948, repeals this agency's authority to function in the surplus property activities. However, War Assets Administration will continue to encourage the development of small business and will maintain the present priority accorded to dealers and businessmen who are World War II veterans.

South Texas will be the scene of considerable disposal activity during the latter part of June. Two sites at Orange, Texas, will be cleared of about \$75,000 worth of surplus June 21 to June 23. Mattresses, laundry equipment, hose, tubing, motors and pipe located at the Orange Naval Air Station and the Orange EFPA project will go under the high bid hammer. Veterans, dealers and the public are invited to attend the informal bidding at the naval station beginning at 10 a.m. June 23. Another disposal on the heels of this will occur at Hitchcock, Texas, June 24 and 25. Two sites, also housing -75,000 worth of surplus, galley equipment, hospital supplies, warehouse equipment and miscelaneous, are the Hitchcock Naval Air Station and Camp Wallace. Bids will be taken at the naval station June 25 at 1 p.m.

Two industrial plants were moved into the ranks of private industry by disposal action this week. The Sunray Carbon Black plant, which has been operated under lease since 1944 by the Continental Carbon Company of Amarillo, was sold to that company for \$1,100,000. The government-owned toluene plant of Ponca City went to the Continental Oil Company of that Oklahoma City for \$175,000. This company plans to convert the facility to oil refining.

First two months of the WAA's new donation program witnessed a total of \$137,669.99 worth of government surplus turned over to Texan and other state educational institutions without cost. Most unique donation was 52 South American flags given to the City of New Orleans. Other items included obsolete aircraft and radio parts, telephone switchboards and about 13,000 volumes of textbooks, fiction and non-fiction books, many of which went to veteran hospitals and schools. The program is being

administered by the priority claimants division of the Grand Prairie regional office.

The latter part of June, during which the WAA Southwestern region will lose more than a fourth of its present working force, will also be marked by a number of small sales of war surplus to veterans and other buyers. Because of WAA's rush to finish these disposals before it loses some of its sales people, customary advance notice to the public may not always be given. Local newspapers, however, will be advised of the sales several days in advance. Additional information will also be furnished by contacting the WAA Customer Service Center, Grand Prairie, Texas.

In the U. S. influenza epidemic of 1918, young people were ill far more frequently than older people; only about two per cent of the patients being more than 55 years old and 80 per cent being under 40.

Working to forget is much better than forgetting to work.

It is reported that the Oklahoma Baptist University will offer a course in the Russian language at its summer session this year.

The course will be taught by Dr. Robert Laessig, according to the report, who was educated in Berlin, Germany and taught Russian in an internment camp during World War II.

BABY CHICK INSURANCE!
Poultry experts endorse Acid-Dextrose treatments for Coccidiosis and Diarrhea in young chicks and turkeys, so why risk losses when DURHAM'S COCCI-DINE in feed and water gives you real insurance. COCCI-DINE combines a fine acid-dextrose treatment—a powerful germicide and an astringent all in one solution. A 3-way treatment which costs you 50% less than most acid-treatments alone. And remember—COCCI-DINE is guaranteed—it must save your chicks and it saves you money.

CROSS PLAINS PRESS

erroneous reflection upon character, standing or reputation of any person, will gladly be corrected if brought to the attention of the editor personally at the Eighth Street, Cross Plains, Texas.

Second class mail at the Postoffice at Cross Plains, Texas, April 2, 1909, under March 3, 1879.

Resolution of church and any kind of church entertainments where an admission fee is assessed will be discontinued for at our regular line minimum 50c.

Ado Peak News

By Myrtle Bibbs

Too late for last week)

community was favored by good rains the past week and crops are looking fine.

and Mrs. Willie Champion stays in the C. Woody home Sunday.

and Mrs. A. L. Breeding at church at Cottonwood Sunday.

Mr. Fulon, grandson of Mr. Mrs. Virgil Fulon, will spend summer with them.

Nelda Woody has been on the list the past week.

and Mrs. Freddie Crites Sunday in the home of his Mrs. E. E. Crites.

and Mrs. Bud Webb and son of Abilene were recent in the C. C. Coggin home Cross Plains.

There are having trouble getting stand of peanuts, some have had twice already.

and Mrs. Homer Ray and Mrs. Cecil Crawford spent day fishing on Brownwood lake.

getting through the orchards it appears there will be good peaches this year, trees are crowded, therefore fruit, appears, and peaches will be baring hail storms or pests.

at Butler of Cyril, Oklahoma in Cross Plains last week, he sold property.

Jack Pool, of San Angelo, conducted business here over the end.

Yesteryear....

.. In The Old Home Town ..

Items of interest taken from the files of the Review 10 and 20 years ago.

20 Years Ago June 22, 1928

Contract has been awarded to erect a new six story hotel at Cisco. The structure is due to cost \$40,000. The hotel will be located diagonally Southwest of the Mobley hotel.

W. Homer Shanks of Clyde, formerly of Cottonwood, has announced his candidacy for congressman from the 17th district.

Congressman Thomas L. Blanton, candidate for the U. S. Senate, is scheduled to speak at Baird Saturday night, June 23.

Lee Barr has leased the Tate Service Station on North Main Street and the name has been changed to Cross Plains Service Station. Barr took charge Wednesday of this week and is handling Conoco products.

Last Friday evening the senior Epworth League enjoyed a "Hobo Party". Invitations were sent out on brown paper asking that they call at the back door of the Methodist parsonage for hand-outs, assuring them they would be clear of cops. At six o'clock nearly 60 young people had gathered for an evening of tramping and fun.

The "Hoboes" were told to call at the back door of the V. C. Walker and Dr. John Tyon homes where they received a hand-out and proceeded to the city park where a weiner roast was enjoyed. Games were played until a late hour, when the gang was told they would have to "move on".

Announcement has been made of the marriage of Miss Dorothy Irene Norris and Brooke K. Eubank, who will make their home in Houston.

The bride is the daughter of Dr. and Mrs. F. A. Norris of Okene, Oklahoma and a graduate of Oklahoma University. Mr. Eubank is the son of Mr. and Mrs. R. O. Eubank of Dressy. He is a graduate of A & M College and has recently been named as head of the geophysics department of the Moody Oil Corp.

The story of the Eastland horned frog has spread all over the United States. Recently, when H. A. Young, manager of Cree & Co., was to return to his home in West Virginia, he was asked by a relative there

to bring along a couple of famous specimens. Word has been received here that Mr. Young and the two frogs have arrived there safely.

Mrs. Ralph Chandler and Mrs. W. C. Wilkinson entertained a number of friends Tuesday at Lake Cisco with a bathing party. After a delightful plunge, good food was spread and eaten.

Those included in the enjoyable affair were Mmes. Huckaby, Kelly, Bledsoe, Murphy, Baum, Neeb, Walker, Kennon, Welch, Butler, Sipes, Long and others whose names we failed to get.

Mont Jones, Cross Plains oldest citizen from a standpoint of continuous residence, had a perfect view of the Clyde storm, which hit there last Friday, as he was in a bus to Abilene which stopped on a hill near Clyde and viewed the twister.

A trade between Porter J. Davis and Tom Cox was made Monday whereby the latter purchased the building now occupied by Cox Produce Company on North Main St.

Alton Barr, director of the Cross Plains municipal band, has extended his teaching efforts to Rising Star where he is conducting a summer training course for high school bandmen. He is giving private lessons on Tuesday and Thursday afternoons and rehearsing public appearances of the band in the evening of these days.

Mr. and Mrs. J. P. McCord of this place are the proud parents of a nine pound baby boy born Friday night at ten thirty. Both mother and baby are reported doing nicely.

Word was received here this week that Miss Mary Moragne of El Campo and formerly of Cross Plains, will be married Sunday to Mr. Jewel Jones Evans.

The Moragne family left Cross Plains about 12 years ago. He was employed here with the MK&T railway.

Donnel Clark and Billy Anderson have returned here from Texas Tech to spend the summer.

Mrs. E. E. Weaver of Cottonwood, who has been hospitalized in Baird several weeks, was returned to her home last week in a Higginbotham ambulance.

Mr. and Mrs. Joe Weiler had as their guests over the week end, Mr. and Mrs. C. J. Myers and Captain and Mrs. Dale Dixon and two children of Shreveport, Louisiana and Mrs. Della Haver of Baltimore, Maryland.

Mack Martin Sentence Affirmed By Action Of Criminal Appeal Court

Prison sentences given Mack Martin in Callahan and Brown counties and F. L. King in Brown county growing out of swindle charges in the two counties were affirmed last week by the court of criminal appeals at Austin.

Martin, who was assessed five years in Brown county in connection with a deal in which he received a check from the late Vernon Barclay, was convicted on a similar charge in Callahan county, and reported given two years, in a case involving money belonging to the late Joe B. Sharrock of Cross Plains.

King was convicted and given two years in connection with a car purchase deal with a Brownwood car dealer, in which King gave a dealer a check for \$1,100.

Bond Of \$4,000. Is Set For Putnam Barber On Charges Made Recently

A \$4,000. bond was set last week for C. C. King, 55 year old Putnam barber, by Justice of Peace G. H. Corn of Baird, on charges of assault with intent to rape a 14 year old Putnam girl. At last reports, King had failed to post the bond and was in jail at Baird awaiting action of the 42nd district grand jury, which was to convene Monday.

King was arrested by county officers as he stepped from a bus after the alleged offense was committed May 24. He had supposedly been to Cisco.

W. J. (Son) Sipes spent the week end in Ranger, where he played in the annual invitation golf tournament held in that city.

HARLEY SADLER
for the
STATE SENATE
24th SENATORIAL DISTRICT
Your Vote and Influence Appreciated

Mr. and Mrs. Donald White of Hobbs, N. M. spent a week end with relatives here recently.

Fall in love with yourself and you won't have any rivals.

Mr. and Mrs. Oral Ray and children and Mrs. Viola Tyler spent the past week end in Hamlin with Mr. and Mrs. Jack Robbins.
