

Things are really looking up in the ol' home town these days. The Buffalo football squad won their annual grid battle against the Rising Star Wildcats Friday night and the rains came Saturday and virtually everyone you meet on the

the Buffalo football victory because we predicted the win and Mayor S. F. (Fos) Bond is strutting like a peacock and bragging no little because he prophesied the rain and even told this department how much it would rain better than three inches over the week end and the old cuss phoned us at home almost immediately after his gauge passed the three-inch mark.

Old Sol has been shining brightly since Monday and farmers in these parts are hoping to be able to return to their harvest chores soon. Large numbers have been putting in their time this week in getting their mahinery in shape and harvesting and planting will go hand in hand when the soil is dry enough to work. A number of our farmer friends who have already harves of their cotton, castor beans and peanuts report that the yields ar unning higher than they expected and fair grades are being tested.

Other healthy signs in the community are the financial statements school. Bank deposits show a gain of over \$100,000.00 during the last of the rules. quarter and the school report shows a balance on hand Aug. 31, of \$2,948.-63. Our hat is off to Supt. Whitton and the school board for their excellent management in beinging the school into the black from a deficit of approximately \$8,500.00, in this short period of 12 months.

The Buffaloes travel to Santa Anna Friday night. This will be a hard one for us to predict . . . bu we will string along with the Buffs and keep them in the win column by a score of 7-6.

Announce Birth of Son

announcing the birth of a six pound son, October 3, at the Army Post Hospital in Fort Riley, Kansas.

Grandparents are Mr. and Mrs. S. O. Skinner and Mr. and Mrs. L. W. Pancake all of Pioneer.

Visitors in the J. W. Foster home | 6 for 45 . last week were Mrs. C. J. Brooks of 3 Guyman, Okla., former resident of the Pioneer community; Albert Palmer and daughter and his mother of Brownwood; Mrs. L. C. Cash, Baird; Mrs. J. H. Day, Jr., Atlanta, Georgia, and Mrs. W. B. Davis and Vickie Lee of Fort Worth.

Do you know your presidents? If you remember your American his- Humble To Air Six Grid tory, you will have no trouble identifying the Presidents described in the following quiz-questions. Turn to the Classified page for answers.

- 1. The 7th President of the United States came from Tennessee, fought in the War of 1812, was appointed governor of Florida and was defeated by John Qunicy Adams when he first ran for the Presidency. He was elected in 1832. Who was he?
- 2. This big-game hunter became President of the United States upon the assassination of his predecessor. He led the Rough Riders in the Spanish-American War and was responsible for the building of the Panama Canal. Who was
- 3. The 4th President of the United States was a member of the Continental Congress; one of the chief farmers of the Constitution; and one of the authors of the Federalist papers. During his two Presidential terms, the War of 1812 was fought Who was he?
- A The 16th President of the United States had less than one year of formal schooling. He joined the new Republican party in 1856 and was de-Teated as its candidate for The United States Senate after a series of campaign debates with his successful opponent, Stephen A. Douglas. Who was
- 5. This great patriot was the first United States President to be Commander-in-Chief of the U. S. Army. Who was

Buffaloes Trounce Rising Star Wildcats By 12-7 Score; Play Santa Anna Friday Night

trounced the Rising Star Wildcats streets here is in a happy frame of by a score of 12-7 in the Wildcats den last Friday night to rack up their 16th win over their traditional This department was happy over rivals in the 23 games played, not to mention one tie.

After spotting the Wildcats an fumbled on the opening kick-off deep in their own end of the field, the Buffalo forward wall held the we were going to get. He told us that Wildcats and the Buffs then took control of the field.

> While the first period ended within Wildcat territory and early in the second frame, pushed over their first score with Quarterback Homer Robison making the tally on a sneak over center from the two-yard stripe. Bill Sipes try for point failed and the Buffs lead at the half by a score of 6-0.

In the third period, the Buffs scored again after working the pigskin down field to the Wildcat onevard stripe, from which point Halfback Gene Bush crashed over to tally. Sipes' try for point failed and the Buffaloes lead by a score of 12-0, going into the final period.

One of the most thrilling plays of the game came early in the final quarter when Bush skirted end and behind perfect blocking scampered of the Citizens State Bank and the 38 yards to score, only to have it called back because of an infraction

The Wildcats scored their lone tally in the fading minutes of the fracas when Wesley Moore passed to John McDonald for 35 yards and a score. Vernon Walker booted the extra point from placement and the final score read 12-7 in favor of

Coach James Alexander played virtually every boy on the squad on offense during the final period.

Half-Time Activities Both school bands performed on the field during the half-time and drew loud applause from the crowd. After the bands had completed their Cpl. and Mrs. Edward Pancake performances Mayor Walter Smith and a crew of city workmen staged Cpl. and Mrs. Edward Pancake are the crowd's enjoyment.

Occur Over Week End

A series of car accidents occured during the week end near Cross Plains but only one life was lost in the eleven accidents reported by law officers here Monday.

Mrs. Willie C. Willis, 47, of Brownin Brownwood at 9:30 p.m. Sunday, about four hours after the crash of a 1950 pick-up and a 1951 Oldsmobile four miles south of Cross Plains. Mr. and Mrs. Willis were returning to Brownwood from Abilene where they had attended funeral services for his sister when the accident occurred. Mr. Willis is in a critical condition in a Brownwood hospital.

Mr. and Mrs. R. J. Stuteville of Littlefield were riding in the Oldsmobile and suffered lacerations and bruises but their condition was not believed serious. They were moved to a Brownwood hospital after receiving first aid in a local physicians

p.m. in a drizzling rain. The engine was completely knocked out of the Oldsmobile and was on the opposite side of the road from the two cars. Funeral services for Mrs. Willis were held in Brownwood Wednes-

west of Cross Plains on highway 36 in separate accidents Sunday. The accidents cocured only a few hundred vards apart but no one involved California, are visiting in the home in either accident suffered serious injuries. Several minor accidents ocbeing local people their names were not available.

Annual Financial Report Of School District Shows Improvement During Past School Year

In a financial report of the Cross Plains Independent School District, covering receipts and disbursements during the past school year which closed Aug. 31, readers will find that much implywen at his een made in the financial structure of the local schools.

Proving that our schools are big business is the total amount of money handled during the year, which, according to the report, amounted to \$143,002.85, and a cash balance of \$2,948.63 was left on hand at the close of the school year.

While figures do not lie, they

can be misleading and the first item listed in the published report, showing a cash balance on hand of \$2.67 in the local maintenance fund at the close of the school year in 1952, is misleading since there wer wouchers in the amount of approximately \$8,500.00 out against this fund which does not show in the re-

Supt. Paul L. Whitton and the Board of Trustees are to be congratulated for their excellent management in bringing the school funds from the deficit figure to a healthy balance in the period of a year.

The Burfaloes journey to Santa Texas State Fair Opens In Burkett P-TA Meeting

America's greatest fair will open in Dallas Saturday, October 10, with a glittering assortment of shows, exhibits, attractions and special events Boyles, in charge. designed to turn the heads of all the Southwest toward the glamorous 1953 edition of the State Fair of

It is possible that 2,500,000 visitors may crowd the magnificent 187-acre, \$35,000,000 show grounds during the 16 days of the exposition to shatter the national attendance record of 2,387,140 set by the fair last year. Opening day will be one of the biggest, with the traditional Texas-Oklahoma football game in the mammoth Cotton Bowl stadium.

Opening event in the Pan-American Livestock Exposition, which looms as the fair's most successful livestock show, will be quarter horse udging both Saturday and Sunday. Judging in the beef cattle divisions which have attracted a tremendous volume of entries from throughout the nation, will begin Monday as will continue Tuesday for both beef and dairy cattle. Top prize-winners of all breeds will be presented in a spectacular Parade of Champions Thursday night, October 15, with added entertainment by the famous Mexican troubadour, Tito Guizar and his Golden Guitar.

Daily events at the fair include the Ethel Merman Show in the auditorium, Ice Cycles of 1954, the Aut Swenson Thrillcade at the grandstand, free Fashion Shows in the Theatre building, planetarium shows at the Museum of Fine Arts, the free Magnolia Sky Revue on the Midway, "live" television shows which will be telecast from the Science Building, band concerts and many different types of free entertainment presented by exhibitors. The million-dollar Midway featuring the unique "Dancing Waters" will be in continuous operation, of

Bayou Philosopher In Favor Of Paying \$100,000 For A Russian Built Dictator

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou is talking about something he doesn't know anything about this week, international affairs.

I have been thinkin some more about that Russian Mig airplane that flier delivered to the United States for \$100,000 over in Korea, and was wonderin if I had anything out here on my Johnson grass farm the government would be interested in buyin, say my tractor, for example. It might be interestin to study it and see how a piece of equipment in its shape still manages to run. While I ain't quotin any figures, I will take considerably less than \$100,000 for it.

Understand, I'm glad we got the Russian plane, in the long run I believe it's cheaper to buy an enemy plane than it is to send some of ours out to capture it and it's a lot safer, but I was just thinkin, instead and 2,174 feet from the west lines of of offerin \$100,000 for a Russian-built airplane, I believe we'd get more for our money if we offered that much for say a Russian-built dictator.

Now I don't suppose this is legal, I suppose the State Department diplomats would throw a fit over it, but if a bunch of individuals got up a purse of around \$100,000 for every Russian dictator who flew only half-way to the United States - it wouldn't be necessary to fly all the way, some half-way point in the middle of the ocean would be satisfactory - I believe we'd get more for our money.

Another use for our money it seems to me would be a price-support program for Iron Curtain farmers. Offer a reward to the Iron Curtain farmer who grows the smallest amount of wheat per acre, the scrawniest calves per cow,

etc. The farmer over there who succeeds in burning out his tractor's piston rods the greatest number of times in one year, give him a prize. I notice this country is spending a lot of money on radio programs beamed into the Iron Curtain countries, and maybe they do some good, the radio programs we export may be a lot better than the ones we use

for domestic consumption, but notin beats the hard cash when it comes to stirrin up a man's dissatisfaction. In regard to this Mig this country paid \$100,000 for, I'm afraid after the experts get through studyin it they'll find it ain't much different from the airplanes we already got. The secret of the airplane is now pretty generally known all around the globe, and one country tryin to keep it a secret from another is sort of like tryin to keep the principle

of the bicycle a secret. Any country which is aimin to win a war with a secret weapon, well, the only thing it's really keepin secret is reality from itself, which it refuses to come face to face with. Of course you understand I ain't discountin the principle of the improved model. They no doubt are now makin better tractors than the one I've had for years, but I ain't seen a model yet that runs without somebody runnin it.

that the stork had brought a daugh. ter to the home of Mr. and Mrs. Jim Haslum of Phoenix, Arizona, Mr. and Mrs. Delma Dean are the grandparents; and also a son arrived at the home of Mr. and Mrs. Edward Pancake of Fort Riley, Kansas. Grandparents are Mr. and Mrs. L. W. Pancake, and Mr. and Mrs. S. O. Skinner. All are reported to be

Mrs. Edna Kelly of Hamby is here visiting with her brother, E. L. Teson and family for a few days.

Some of the folks here have had few rheumatic aches in their bones during the past week and some were gambling with the weatherman, as they began taking up their peanuts, others with a bunch of hay on the ground ready for the hay press, and a pood portion of the cotton crop well opened. Well the weatherman slowed all these harvest operations when he turned on a rainstorm here last Saturday night that gauged a good five inches late Sunday. Peanuts and hay are the only crops that were damaged to any extent as the rain fell very slow with no heavy downpour, but was steady all

Well, the boys from the Bronks (the Yanks), I think you are to give your centerfielder, Mickie Mantle, a lot of credit for putting the series win on the ice with his slugging at the proper time made it possible for Casey Stangel to walk away with the fifth world series, which I know must require a new hat of greater size. And too, don't forget Billy Martin with his help at a time when it eally counted, and Check Dressen's pinch hitting boy Shotgun Shuba, who layed one over the outfield

Fort Worth - Victoriant of live tock to market at the start of the veek was modera e at Southwestern markets, out neav, at midwest and vestern centers. Denver reported a nuge sheep run, and Omaha had alnost 30,000 cattle on Monday

Prices were stable at Fort Worth Monday. Some interests bid easier prices on cows and bulls, but were unable to get many bought that way. Steers, yearlings and stockers were firm. Some toppy fat calves sold up to \$15. to \$15.50, and a few to \$16 were definitely higher.

Good and choice slaughter steers and yearlings sold from \$17 to \$22, able to \$25 or better, some club Common and medium grassers sold for \$10 to \$15, and cutter grades sold from \$7 to \$9

Fat cows cleared at \$9 to \$11, with ome heiferish kinds to \$12. Canners and cutters drew \$5.50 to \$9, some old shells down to \$5. Bulls drew \$8 to \$12, odd head above and below

Fat calves of good and choice kinds old mainly from \$12.50 to \$15, with some around 500 pounds and over strictly fat kinds to \$15.50 and \$16. Common and medium sorts sold from \$9 to \$12, with culls from \$6

Good and choice stocker steer calves sold from \$12 to \$16, and plainer kinds sold around \$9 to \$11. Stocker and feeder steers and steer yearlings cashed at \$9 to \$15.50. Stocker cows were slow at \$8 to \$12. Many financial backers of stock-

nen are dropping broad hints at this time to the effect that feed bills of the size of those paid last year cannot be financed by them this year.

This situation may result in heavier than planned liquidation of herds in many cases. It surely will result in increased pressure for cheap feed through a government orogram.

Hog prices were 25 cents higher to 25 cents lower at Fort Worth Monday. Shippers and small packers paid the highest prices, while major packers followed the Northern trend into a lower market.

Top hogs sold for \$24 to \$25 at Fort Worth, this compares with a top of \$23 to \$23.50 at Chicago the same day. Sows at Fort Worth drew \$20 to \$22, and were 50 cents off. Lambs climbed 50 cents again at \$19. These lambs came from Brew-Good and choice lambs sold from \$12.

BURKETT NEWS

CITY DRUG STORE

Cross Plains North Main Street

A message to every prospective new car buyer:

You can have

the most popular automatic transmission to be found in any low-priced car Chevrolet's Famous 1953 Powerglide!*

Much fleeter, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!

Much More Economical

Chevrolet's 1953 Powerglide Auto- make it extremely thrifty. matic Transmission*-teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine -brings you entirely new operating economy in city driving and on long trips.

Far Livelier Getaway

Put the selector lever in "DRIVE" position-step on the acceleratorand you move smoothly away from a standing start to legal traffic speed in seconds.

Important New Gas Savings You'll never know how economical Safe Eyes-on-the-Road Driving an automatic transmission can be until you try the 1953 Powerglide.

Various improvements, including a

more efficient use of engine power,

Great New Passing Ability The car picks up pace in traffic or

on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

Smoothest No-Shift Driving at Lowest Cost Driving is almost incredibly easy, changes of speed almost unbeliev-

ably smooth . . . for this transmission gives simplest, smoothest, noshift driving at lowest cost.

Powerglide permits you to concentrate on driving, with hands on the steering wheel and eyes on the road. Full Engine Braking-Power on Hills Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

Rock Out of Trouble

Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

Push-Proof Parking

Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

Time-Proved, Owner-Proved Dependability

Come in. Drive a Chevrolet with this finer, more popular automatic transmission-time-proved by hundreds of thousands of owners in over a billion miles of driving!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

in Baird, Texas. Said plaintiffs petition was filed on the 17th day of September, 1953. The file number of said suit being No. 10864.

The names of the parties in this suit are S. O. Montgomery and L. L. Montgomery as plaintiffs and Violet all of whom are unknown and the B. Decker Sneary, Mary Glassell, Elsie Freeman, Ellen Doggett, Beatrice Tunnard, and Florence Mae Moreland Wigham, and the unknown heirs of said Violet B. Decker Sneary, Mary Glassell, Elsie Freeman, Ellen Doggett, Beatrice Tunnard, and Florence Mae Moreland Wigham, as defendents.

The nature of said suit being substantially, as follows, to-wit: Suit alleging that plaintiffs own certain mineral interest in the land described in Plaintiffs' petition, and that defendants own certain mineral interest in said land, said land beng decribed as follows:

1st Tract: Being 100 acres of land out of the Thos. H. Brown Survey No. 215, Certificate No. 1247 and patented to James F. Johnson by Patent No. 585, Vol. 6, dated May the 20th, 1883, and described by netes and bounds as follows: Beginning at a point 2835 vrs N. of the . E. Cor. of said Survey No. 215; Thence West 996 vrs. to Cor; Thence South 566.8 vrs. to Cor.; Thence E. 996 vrs. parallel to North line to Cor.; Thence North 566.8 vrs. to the place of beginning, containing 100 acres of land, the tract herein described being 100 acres off of the North end of a 384 1-2 tract sold to J. A. Barr by W. T. Beeler and wife by deed dated November 1, 1952, and recorded in Vol. 87, Page 391, Callahan County Deed Records.

2nd Tract: 284 1-2 acres of the Thos. H. Brown Survey No. 215, Abstract No. 19, in Callahan County, Texas, and described as follows: Beginning 654 vrs. N. of the S. E. Corner of said Thos. H. Brown Survey No. 215; Thence North 1614.2 vrs. to Cor.; Thence West 996 vrs. to Cor, Thence S. 1614.2 vrs. to Cor.; Thence E. 996 vrs. to the place of beginning

and containing 284 1-2 acres of land Plaintiff L. L. Montgomery owning the above described tract of 100 acres, and Plaintiff S. O. Montgomery owning the above described second tract of 284 1-2 acres;

And Plaintiffs are seeking the appointment of a Receiver by the Court, with full power and authority to execute and deliver oil, gas and mineral leases or leases covering all of the undivided mineral interests of the defendants in the land described in Plaintiffs' Petition, on such terms and conditions, as may be prescribed by the Court as provided for under Article 2320b of Vernon's Texas Civil Statutes and for such and Mr. and Mrs. Gerald Stephens other and further relief that the plaintiffs may be entitled to either in law or in equity.

If this citation is not served within 90 days after the date of its issuance, it shall be returned un- munity attended the football game

Issued this, the 18th day of Sep-

tember, 1953. Given under my hand and seal of said Court, at office in Baird, Texas, this the 18th day of September, A.

Mrs. Corrie Driskill District Clerk, Callahan County, Texas. (26-4tc)

CARD OF THANKS To my many friends of the community I wish to express my sincere appreciation for the many cards letters, and gifts that I received during my stay in the hospital, and since I've been home. May God richly bless each of you.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

Quality Proves It!

Quality shows up in Pontiac wherever you look: In size-with its long, road-leveling 122-inch wheelbase . . . unmatched at the price! In beauty-with smart Silver Streak styling and surprising luxury. In the unseen quality of engine and chassis-features that reveal themselves in the long, economical life Pontiac cars always deliver.

Performance Proves It!

Simply come in and drive a Pontiac. You'll feel the eager response of America's best-proved high-compression engine. You'll see how Pontiac's power reserve supplies all the pep you'll ever need for town traffic, a velvety smoothness that makes highway driving a pleasure. And with Pontiac dependability, you can go on and on like this-with an absolute minimum of service.

Price Proves It!

All of Pontiac's extra value is yours for just a few dollars more than the smallest, lowest-priced cars! And Pontiac ranks with the leaders year-in and year-out in resale value. That's our final reason why, dollar for dollar, you can't beat a Pontiac. Now come in and let this handsome Pontiac prove it's the best buy for you, too!

Pedestrians To Be Careful "Night must fall, but must countless pedestrians in Texas fall with

That question was asked today by Classified Quizzers about United Col. E. B. Tilley of Houston, presi-States Presidents appearing on page dent of the Texas Safety Associa-

tion, and Services Advisor for the Gulf Oil Corporation as he discussed the importance of the night Traffic Hazards program currently sponsored by the Texas Safety Association and the Texas Department of Public Safety. Col. Tilley said, "that from Oc-

tober through March, one-third of all pedestrian deaths occur between 5 and 8 p.m., hours that are usually dusk or dark during these months. He blamed a combination of darkness and carelessness.

Cross Plains Review published "Unfortunately, we can't change the laws of nature," he said. "Darkness is here to stay. But we can do publisher, editor, managing editor, something as far as human nature is concerned. Many pedestrians meet their deaths in night traffic because of their own thoughtless walk-The known bondholders, morting habits."

gagees, and other security holders He warned pedestrians that it is wning or holding 1 percent or difficult for motorists to see them more of total amount of bonds, at night and urged them to observe the following safe walking rules:

The average number of copies of 1. Always walk on the sidewalk each issue of this publication sold If you must walk on roads that have or distributed, through the mails no sidewalks, walk on the left or otherwise, to paid subscribers shoulder of the road facing traffic. during the 12 months preceding Wear light colored clothing or carry a flashlight or a piece of white or reflectorized material.

2. Always assume that the driver Sworn to and subscribed before can't see you. Never cross a street or highway unless you are absolutely certain you have ample time to reach the other side in complete safety:

"Cyclists are in pretty much the same boat as pedestrians in the night traffic picture," Col. Tilley said. "Like pedestrians, they also are at a great disadvantage in any enounter with a car. So it's just good common sense for them to be constantly on the defensive. Here are some tips for safe cycling at Weldon Stephens made a trip to night:

1. A good headlight and tail' light (or reflector) are musts. Mr. and Mrs. C. T. Hodges, Fort Worth, and L. L. Cutbirth of Clyde

2. Add more visibility by trimming your bike with white stripping or some type of reflectorized material. 3. Wear light colored clothing or something trimmed with reflectorized material.

4. Ride on the right side of the Marcos spent the week end with road, with traffic. 5. Obey all traffic laws.

FRESH FISH

If you want some good Fresh Water Fresh Cat Fish, other fresh fish, why don't you stop at EIMER'S TROPICAL FISH & MARKET, 1/2 block South of Rays Hotel. We are ready to serve you seven days a week, from 6 a.m. to 10 p.m. Have large and small minnows.

Fidelis Matrons Sunday School Class Has Social

Members of the Fidelis Matrons Sunday school class of the Baptist Church enjoyed a social in the home of Mrs. Chester Glover Tuesday evening of last week. Co-hostesses were Mmes. R. E. Edington, Vernon Falkner, Dan Johnston, Tommie Hinkle and Lonnie Dillard.

Mrs. Exal McMillan, president was in charge of the meeting. Mrs. Tom Cox led in prayer and Mrs. Hadden Payne brought the devotional. During the business meeting the following officers were elected: president. Mrs. A. J. McCuin: 1st vice president, Mrs. Exal Mc-Millan; 2nd vice president, Mrs. Norrel Long; secretary - treasurer, Mrs. Chester Glover, and assistant secretary, Mrs. Tom Cox. Mrs. V. I. Hobdy was elected teacher and Mrs. Hadden Payne assistant teach-

The hostesses passed a delicious refreshment plate to Mmes. Lindsey Tyson, Dave Lee, Tom Cox, Norrel Long, Exal McMillan, Otis Purvis, Ralph McNeel, V. L. Hobdy Hadden Payne, Truett Foster, J. P. McCord, A. J. McCuin, and little Bobby Earl Johnston.

Sew And So Club Meets In Westerman Home

Mrs. L. W. Westerman was hostess Thursday afternoon when she entertained the Sew & So Club in her

Each member answered the roll call with a narrative of some famous man. The afternoon was spent in planning, visiting and in doing fancy

At the close of a very pleasant evening the hostess served refreshments to the following members: Mmes. J. W. Carpenter, Craig Mc-Neel, V. C. Walker, Geo. E. Scott, H. A. Young, A. D. Petty, Edwin Neeb, Jess Dunlap, Mack Campbell, Z. W. McClelland and W. A. Payne, and one visitor, Mrs. Lydia.

The next meeting will be with Mrs Carpenter, the third Thursday

was in charge of Bible questions and to organize for fire fighting.

Refreshments were served to Mmes. C. H. Dawson, Sam Janes, Jess Dunlap, Richard Thompson, H. A. Young, Lee Bishop, Ira Hall, and Fred Purvis by the hostesses.

a greater resistance to disease.

Benny Ray Glover Given Birthday Dinner Sunday

Mr. and Mrs. Chester Glover honored their son, Benny Ray, with a dinner Sunday on his sixteenth

Enjoying the dinner were Carl and Charles McCord, Bill Chapman and Marion McMillan. Several friends called during the afternoon.

One Week In 52 Not Enough To Prevent Fires

College Station-The week of October 4-10 has been proclaimed by vention Week in the United States. In his official proclamation he urges all citizens to initiate a year-round campaign in their homes and com-

year caused a loss of about \$133,000,- response and stability. 000 worth of farm property and 3,000 farm people died as the result of ture in the sports car field, Chevfires. Moreover, he adds, approxi- rolet presented the Corvette as the mately 95 percent of these fires first plastic-bodied automobile ever were the result of carelessness and thing which could be prevented.

Eight primary hazards account for a vast majority of farm fires and Martin lists them as carelessness with matches and smoking; dirty and defective heating equipment; the improper storage and use of gasoline and kerosene: overloaded electrical circuits and operating or attempting to operate improperly inequpiment; sparks on flammable roofs; spontaneous combustion of that a European car is a race car. hay; failure to keep trash and rubbush cleaned up and the lack of or improper installation of lighting.

Martin suggests making a careful check of the home and other buildings on the farm for accident and fire hazards and if any are found, he recommends prompt removal or correction. This is a case, he adds, where an ounce of prevention is worth much more than a

Because farms are usually far from organized fire protection, each Mrs. Luke Westerman and Mrs. A. family should make fire prevention a number one family project. But for safety sake, he says, fire extinguishers, ladders, hose and plenty of water, under pressure if possible Mrs. Ira Hall, class president, was should always be available around in charge of the business meeting. farm biuldings. And last but not Mrs. Lee Bishop led in prayer and least, he urges rural communities

Sylvia Rees and Mrs. Leontine de la Houssaye. Mrs. Lona McNamara of Sulphur, Louisiana, another A somewhat underweight adult has sister, joined the Conns in San Ani tonio for the week end.

New Corvette Sport Car

Detroit-The sports car formally joined the ranks of American auto-

Before a group of technical writers, the Chevrolet Motor division put the sleek, low-slung Corvette through its paces at the General Motors Proving Ground and revealed for the first time the company's facilities for the production of revolutionary reinforced plastic bod-

The event was a factory-sponsored demonstration of the car that apmotor shows last Winter. Corvette President Eisenhower as Fire Pre- Manufacturing is now under way with an announced goal of 1,000 a

month early in 1954. In runs at the grounds, the Corvette displayed a superior ability to munities against the needless waste move and maneuver. No sway or of life and property caused by des- roll-over was perceptible in cornering. High power to weight ratios, E. C. Martin, state agricultural low center of gravity and balanced leader for the Texas Extension Serv- | weight distribution combine to proice, points out that farm fires last vide an amazingly quick throttle

In addition to a pioneering venbuilt by mass production methods. neglect. This, says Martin, is a The process, explained at the showstaggering price to pay for some- ing here, involves the molding of mats of fiber glass with resinous compounds. Body parts are "cured' into panels in 61 separate molds. The parts are then bonded and riveted together to form a body shell that has the strength of steel at considerable saving in weight.

At the outset of today's program, T. H. Keating, general manager of Chevrolet, analyzed the Corvette by stalled and defective electrical saying that the vehicle "is not a racing car in the accepted sense "Rather we have built a sports car

in the American tradition." he continued. "It is intended to satisfy the American public's conception of beauty, plus comfort, convenience and performance."

Inspection of the Corvette supports the company's claim that the car combines luxury with sports car design. The roomy two-passenger cockpit is attractively trimmed in Sportsman Red and Polo White, to conform with the exterior finish The Powerglide automatic transmission is used. Spring was especialy designed for comfort. A spacious luggage locker is provided at the rear. The car is equipped for both radio and heater. Windshield washers, turn indicators, electric clock and other conveniences not commonly associated with vehicles of this type are standard equipment.

In appearance the car is fleet and compact. Chassis ground clearance Mr. and Mrs. Paul B. Conn and is six inches and the height at the Buford visited in Pay Antonio the top of the door, 33 inches. Along the past week end with her sisters, Mrs. overall length of 167 inches the chassis has been designed so that the weight on each wheel is virtually equal. The special Chevrolet Blue Flame engine develops 150 horsepower, providing one horsepower to

Washington

From

OMAR BURLESON 17th District

Washington-There is considerable interest and a great deal of discussion on the matter of support prices on cattle. It certainly is understandable that many livestock raisers would favor such a program since they must buy feed which has a support price on it.

The big question arises as to how controls on cattle will be applied. It is practically a foregone conclusion now that when supports are the Government. Without such conentire farm program.

cheap. I asked for such an inquiry more than a year ago. The Agriculture Department and the big packers of meat made an explanation, partment of Agriculture to take some but it was far from satisfactory and was no answer at all.

The following are pertinent parts of a letter written by Congressman Poage of Waco to a ginner at Afton regarding cotton acreage quotas for next year, and the inclusion of acreage prepared but not planted because of the drought:

. . There is no justice in imwho have been the victims of two College Station . to give the Agricultural Depart- County Committee to certify ment the authority to make the needed adjustments. It did give them the authority, but apparently they are not planning to exercise it.

the PMA and the Solicitor of the Cross Plains, Texas Department were before our Committee (The Committee on Agriculture), I asked them in so many words whether they considered the present law gave the Department the authority to make these adjustments . . . Both of them stated for the record that the existing authority was adequate, that the Department could make these adjustments, that it did consider the Holcomb home Saturday. Texas drought as being 'unusual weather conditions', and that it daughter, Helen, of Eastland visited would make adjustments.

There can be no question Lilley, Sunday, but what the representatives of the present Department of Agriculture told the Congress in no uncertain terms that they could and would make the adjustments needed as a result of the Texas drought . . . Mr. McCan, Chairman of the State PMA Hiram Brooks Saturday night. Committee, expressed himself as thoroughly sympathetic with this position . . . He did ask his Cotton provided for any commodity, con- Specialist Assistant, Mr. Marshall, to Lusk trols must be applied. Farm Fire Loss Blamed on Neglect of Easy Rules

Last year fires like this cost American farmers 133 million dollars. Most could have been prevented or kept small. To prevent this kind of disaster on your farm, carry out these simple rules now: 1. When building or remodeling, use non-combustible materials. All-steel structures, such as Quonsets, mize spread of fire. 2. Protect all your buildings (including those of steel) with well-distributed, properly grounded, tightly-connected lightning rods.

3. Make sure electrical wiring is in A-1 shape. 4. Put heating equipment and chimneys in good condition. Make sure that every person who turns on or regulates heating equipment knows how to do it. 5. Take no chances with damp hay. Dry hay properly in field or mow. Check temperature of hay for six weeks. 6. Put fire-fighting equipment in every building and make sure that everybody on the farm knows where d how to use it.

Soil Conservation District News

Fort Worth-A serious shortage of soil moisture still exists in large areas of Arkansas, Oklahoma and Texas, even in many of the places where it has rained recently, Regional Director Louis P. Merrill of the U.S. Soil Conservation Serv-

ice said today. Merrill made the statement after receiving reports from the 41 SCS area conservationists whose combined work areas cover the three

Of the 25 Texas area conservationists reporting to Merrill, only 11 were able to say that there was enough moisture everywhere in their areas for normal farm and ranch operations. None of these 11 areas are in West Texas. Four of the eleven said that more rain must fall very soon if this condition is to

In West Texas and Southwest Texas, reports show that 83 counties and parts of 30 more, do not have sufficient moisture for normal farm and ranch operatoins to be resumed.

In Texas areas, where wind erosion is a problem, a record acreage of cover crops on approximately five provide protection against wind erosion. However, there are also about three and one-half million more acres with no cover or where cover crops will probably not make sufficient growth.

Wind erosion is expected on some Southwest Texas sandy range land due to lack of grass cover as a result of prolonged drought. There is concern, too, everywhere range cover is sparse, that much moisture will be lost from future rains because of run-off from bare soil.

In Oklahoma only five out of nine area conversationists said there was enough moisture for normal operations. These five areas are in the central and eastern part of the state. Three of the five reports, covering the north central and northeastern part of the state, contained the statement that more rain is needed within the month to keep up the moisture supply.

Twenty-three counties, and parts of another ten in Oklahoma, still do not have enough soil moisture. These counties are in the west and central part of the state. Here, as in the Texas wind erosion areas cover crops on some 800,000 acres are expected to provide enough cover to offer protection from wind erosion. There is not much hope for

of six, moisture conditions are quite poor. Only in the extreme southeastern portion of the state has there been sufficient moisture for normal farm and ranch operations.

And even in that area, more rain is

needed soon. "It is going to take a lot more rain to get effective soil moisture. Where the land has even a fair cover of vegetation, it won't take as long as it will where the cover is gone. What is needed now is a series of general, slow, soil-soaking rains," Merrill said.
