

"AS I SEE IT"

By Jack McCarty

Seems a shame that hordes of unbalanced individuals in the British Isles should have to shiver in cold, wet weather for 48 hours or more in order to insure themselves of a glimpse of the new Queen, while hordes of hopeful West Texans watch clear, hot skies for a glimpse of a rain cloud...

Actually, though, when one thinks about the stories printed from London and those originating in Washington, it is pretty hard to tell which is the worst. While the British are crowing about how many pearls, diamonds and man hours went into the construction of Her Majesty's coronation attire, we have some national leaders in Washington suggesting that we junk the United Nations and "go it alone" in Korea.

While we cannot condone the actions of the present administration in Washington for "Marking Time" while Sir Winston Churchill was busy in London getting Elizabeth II crowned Queen of what remains of the British Empire, we cannot condone the isolationist idea of "Going it alone" in Korea.

Oil activity in this area continues brisk. The townsite test drilled on the old MKT right-of-way behind Hall's Feed Store here has been placed on the pump and it is thought that it will make a paying producer.

THE BAYOU PHILOSOPHER THINKS ENGLAND GOT QUEEN CROWNIN IDEA FROM READIN AMERICAN NEWSPAPERS

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou takes the cake this week for backwardness, as his letter will reveal.

Dear editor:

I've heard it said by statesmen and students of history that the British Empire has been declinin and shrinkin in recent years, and while I've got nothin against declinin and shrinkin, know lots of folks who've been doin it steadily for years, I had not paid much attention to the claim.

In fact, the way England could still manage to swing a loan, regardless of who was in the White House, Democrats or Republicans, led me to believe she was as mighty as ever, but the last few weeks I've begun to have my doubts.

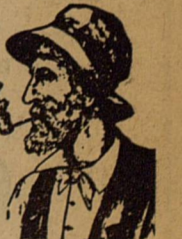

They were brought on by all the excitement and hullabaloo over the crownin of the Queen over there. Now personally I got nothin against the Queen, looks like one of the most level-headed young ladies I ever heard of, but what worries me about England is it looks like that once mighty empire is runnin out of ideas, at least of original ideas. Now she's copyin after America.

Crownin a queen is all right, it brings a big crowd to London, turns lots of tourist dollars loose, but thunder the idea has been used so much in this country it's about as novel as a Fourth of July float. In the last few years a community which ain't crowned some sort of a queen was considered queer, almost unorthodox. A picture of some girl gettin crowned—doesn't make any difference who by, anybody from the governor to a county commissioner to a president of a chamber of commerce to a newspaper editor seems to be equally skillful at the job, in fact, I guess it's one of the few jobs it takes the least trainin at to reach perfection in that's known to man—as I say, a picture of some girl gettin crowned queen is as common a sight in the papers these days as a bathin beauty or a fugitive from justice.

In the last few years I can personally remember havin seen pictures of girls gettin crowned as bathin beauty queens, blackeyed pea queens, watermelon queens, cantalope queens, petroleum queens, wheat queens, rice queens, alfalfa queens, football queens, soil conservation queens, photo queens, better roads queens, in fact, the only two queens I haven't seen pictures of are cumquat queens and blacksmith shop queens, and also Johnson grass queens, and somebody may be workin on them.

England is just runnin out of new ideas, but it didn't seem to make much difference if she did copy an American idea, the crowds sure swarmed in for the crownin.

Yours faithfully, J. A.

# Highlights and Sidelights FROM Your State CAPITOL

**AUSTIN, Tex.** — Before leaving Austin, the legislators said to each other, "Goodbye, see you at the special session."

It is expected that Governor Shivers will call them back when the courts make a final decision on the natural gas tax.

If the tax is upheld, the state will have available the money that has been piling up since the tax was passed by the previous legislature, plus a monthly return of some \$1 million.

Governor Shivers has predicted that the court test will come to an end in the fall.

Reviewing the session, Governor Shivers commended the legislators as a hard working lot who had put through about 75 to 85 percent of the program he requested.

He thus revised upward a previous estimate that only a small fraction of his program was completed.

Lawmakers deserve praise, the governor said, for passing some legislation and for defeating other bills.

It was well, he thought, that no new taxes were passed, no expensive state services were inaugurated, and no punitive measures were taken against either labor or management.

As to legislation passed, the governor thought these measures were good:

Authorizing new tuberculosis hospitals at San Antonio and Harlingen; setting up a stronger water conservation program; establishing a state toll road authority; increasing the pay of state employees \$180 per year; toning down the

auto safety inspection law; providing three-day jail sentences for driving while intoxicated; and taking steps to study and deal with alcoholism.

The chief executive also thought favorably of these proposed constitutional amendments, to be voted on by the people in November next year:

Permitting Texans in the armed services to vote; authorizing use of a surplus in the Confederate Pension fund for state buildings; boosting the ceiling on state welfare expenditures from \$35 million to \$42 million; and permitting women to serve on juries.

There were several of the governor's proposals that the legislature failed to put into effect, including:

Revising the election code; congressional and judicial redistricting; raising the money for road building; financing new buildings at Southwestern Medical School at Dallas, the University of Texas cancer research hospital and dental school, the deaf school and the prison system; and providing public school teachers a salary raise.

Increasing the teachers' pay was the hottest and most controversial issue of the session.

Teachers asked for \$600 per year additional salary—they got nothing, although a compromise, had they accepted it, would have given them \$306.

"It wasn't so much the money," the teachers' spokesmen complained. "It was the principle of the thing."

They said that administration leaders never considered any way of financing the pay increase except by hiking local property taxes.

School people also balked at the administration's insistence that state payments to school superintendents and counselors be eliminated.

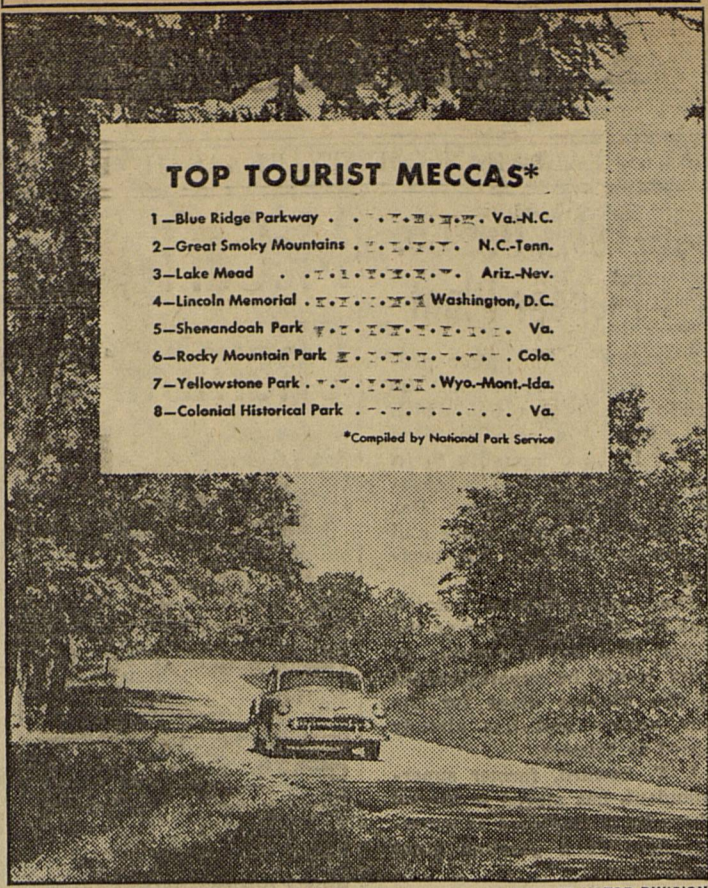

A statement was issued by the Texas State Teachers Association to the effect that it "should not be and not been in the position of being willing to cripple or sacrifice its school program for the conditional promise of a small salary increase when the principles involved were so far-reaching."

The association said it would continue its fight for salary raises at the next session and pointed out that a special session could be called to deal specifically with this problem.

In addition to the proposed constitutional amendments listed above, these additional ones were passed by the Legislature and will be submitted to the people:

Increasing the pay of elected state officials, including members of the Legislature; giving precinct, county, and district officials four year terms instead of two year

More than 40,000,000 people visited national parks last year and the figure is expected to go higher in 1953 as America prepares to spend a whopping nine billion dollars on motoring vacations. As another indication of the tremendous popularity of mobile vacations, 23 states now rank tourist receipts among their three top industries. New Mexico and New Jersey place it first.

### YOUR SENATOR REPORTS

(Senator Lyndon B. Johnson, writing from Washington, gives a weekly report on happenings in the National Capitol as they affect Texas and Texans.)

**VA CUTS:** Many Texas ex-service men are writing me to protest the proposed cut in appropriations for the Veterans Administration. The President's budget calls for a reduction of over \$275,000,000 in VA appropriations.

Veterans hospitals even now are having to let beds stand unused because of lack of funds. Congressman Olin Teague of College Station has compiled figures showing that the 38 VA hospitals in the country are financially unable to use 2,393 of their beds. And 24,834 veterans approved for admission to VA hospitals can't get in because no beds are available. The hospital at Houston has 252 unused beds, that at McKinney 26.

I do not see how anybody can justify neglect of our ex-service-men.

**DEFENSE:** Can we get more defense for less money? Will 120 air wings give us more defense than 143 wings? Secretary of Defense Wilson says no, in defending the proposed cut of over five billion dollars in Air Force appropriations.

Some of us are going to examine the reductions very carefully.

**WHAT'S AHEAD?** Proposals have been made to increase interest rates charged REA cooperatives on Government loans.

Chances of extending excess profits tax beyond June 30, as requested by the President, look slimmer every day.

Some of Texas' surplus wheat will be shipped to Pakistan if Congress approves the President's proposal to lend that country a million bushels, payment to be made later.

Expect the doctor's draft law to be extended, with some easing up on those who have had as much as 12 months of military service.

Majors Field near Greenville and Galveston Air Force Base are victims of the policy of cutting down the Air Force.

**BRICKER AMENDMENT:** I have as yet taken no definite stand on the Bricker Amendment. I support its aims and principals, as they are generally understood. The amendment is now being revised in Committee. It is not yet clear what the amendment's final form will be.

**WATERWAYS PROJECTS:** The new budget cut appropriations for Dallas Floodway from \$2,900,000 to \$750,000. House Appropriations Committee cut out the \$750,000, leaving nothing at all for this flood control project.

The committee cut money for the Texarkana Reservoir to \$5,000,000—from \$7,265,000 in revised budget, \$8,565,000 in original budget. Garza-Little Elm was cut to \$3,250,000 from \$3,635,000 in revised budget, \$4,935,000 in original. Belton Reservoir was cut to \$750,000 from \$900,000 in revised budget, \$1,100,000 in original.

terms; permitting teacher retirement system and state employe retirement system credits to be transferred; forbidding the state to assume any debt on bonds issued to build toll roads; allowing state and local government workers to go under the federal social security plan; and authorize counties under 10,000 population to keep separate tax assessor-collectors by local option.

Some of these issues are controversial—you'll be hearing more about them as election time approaches.

As the session ended, Governor Shivers' desk piled up with bills passed and sent to him for his signature. He signed 25 of them in one day. These included provisions to:

Permit courts to order compulsory hospitalization of those who use narcotics except under a doctor's order.

Give the University of Texas regents power to lease land on the Southwestern Medical School campus to private research agencies.

Hike from \$150 to \$200 per month the Confederate pension of Walter W. Williams and his wife, who live near Franklin. Williams is one of the only two Confederate veterans living in Texas.

Set aside \$30,000 to prosecute the Rio Grande water fess with New Mexico.

Give state and local government workers 15 days annual military leave for National Guard or reserve training without loss of vacation time or salary. Members of the Legislature are excepted.

If Governor Shivers and Lieutenant Governor Ben Ramsey should both leave the state at the same time, the acting governor will be Senator Jimmy Phillips of Angleton.

Phillips was elected president pro tempore ad interim of the Senate. That means he is the presiding officer of the Senate for the time between sessions.

The presiding pro tem is second in line, behind the lieutenant governor, to fill the governor's shoes in his absence.

Phillips holds the modern filibustering record. Two years ago he spoke for 17 hours and 55 minutes against a bill that would have abolished the state hospital board.

Attorney General John Ben Shepperd wants to oust from Texas the "communist dominated" International Fur and Leather Workers Union of the U. S. and Canada.

Shepperd asked for an injunction against the union and its agent, Emanuel Coutlakis, on the grounds that they had not registered with the Texas secretary of state.

Coutlakis, the attorney general said, has been attempting to organize the workers of a tanning company of San Antonio.

In line with Shepperd's request, District Judge Charles O. Betts issued a temporary restraining order.

**RECORD-BREAKING GAS MILEAGE**

for the driving **YOU** do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

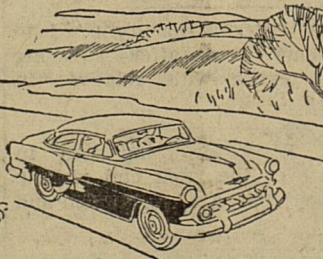

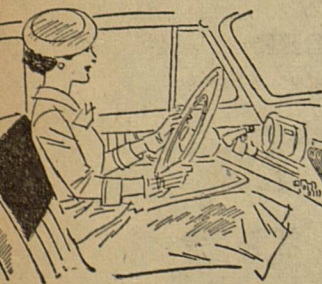

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide\* models—and the advanced 108-h.p. "Thrift-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most—important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

\*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and Bel Air models only.

reported this week, with a deep test being scheduled on the Fred Cutbirth place. A drive through the Cross Cut area Sunday afternoon revealed that at least eight rotary rigs were drilling with a number of new locations being staked daily.

Heard a new fish story this week. In conversation with Clyde Sims, popular go-getter of this city (a go-getter, in case you haven't heard, is a fellow who takes his wife to work in the morning and goes to get her in the afternoon) we learned that he and Steve Foster have been fishing together the past couple of weeks. We asked Clyde if they had caught any fish and he stated that they caught one so big that they couldn't even get it in the boat with them so they took its picture which after it was developed weighed seven pounds. Sounds like one of Dick Montgomery's tales, doesn't it.

Castro County, had a load weighing 758 pounds at \$22.50. B. T. Woodard, Hunt County, had a load of cross-bred Brahman at \$21 that averaged 810 pounds. Common, plain and medium steers and yearlings \$10.00-16.00, some ran-

Fat cows mostly \$9.00-12.00, just a few higher. Scaling V. Ranch, Clay County, had 17 cows at 1,047 pounds at \$13.75, and 20 cows at 1,108 pounds at \$12.50. Odds reached \$14. Cannors and cutters \$6.00-9.00. Bulls \$8.00-14.00, Larkin Benick, Llano County, had top bulls at 1,530 pounds at \$14.

Good and choice fat calves drew \$17. to \$20., with common and medium butchers at \$10.00-15.00. Culls \$8.00-10.00. Good and choice stocker steer calves \$16.00-20.00; good and choice stocker steer yearlings \$15.00-19.00; heifer calves and yearlings \$2 under comparable steers. Fef stocker cows \$10.00-14.00.

Good and choice fat Spring lambs \$24.-26.00; medium to good \$18.00-24.00; cull and common \$12.00-16.00. Stocker and feeder Spring lambs, shorn lambs and yearlings \$12.00-18.00. Cull old crop lambs \$8.00-12.00. Two-year-olds \$10.00-14.00. Old wethers \$8.00-10.50. Fat shorn old crop lambs and yearlings \$17.00-22.00. Ewes \$4.00-6.00. Old bucks around \$4.00.

Charles Mack Holdridge spent the week end here with homefolks.

Mr. and Mrs. W. S. Godwan of Clarksdale, Mississippi, Mr. and Mrs. G. L. Godwan and Audrey of Oklahoma City, Oklahoma and Mr. and Mrs. M. A. Moss of Lampasas visited in the home of their sister, Mrs. B. H. Brown, over the week end. It was the first time the two brothers and two sisters had been together in the past 17 years.

Port Worth. — Swine growers could enjoy a rueful smile Monday as hogs hit the highest peak since november 1948 at Fort Worth. Choice butcher hogs sold at \$25.25 to \$25.75. The joy was tempered by the fact that several years of low prices for hogs had thinned down the hog population to where while the price was good, the numbers were few.

Most hog breeders are frantically trying to restock since a short time ago it was announced that the hog population was smaller than the number of cattle on the nation's farms. The ideal relationship is generally conceded to be 20 percent more than cattle in the Sows and pigs were steady, sows mostly \$20 to \$22 and feeder pigs from \$21 down.

Cattle buyers were highly selective. The fed heaves were scarce and good and choice drylot fed cattle ruled strong. Grassers were weak to lower. Cows ruled steady to 50c lower. Bulls held steady.

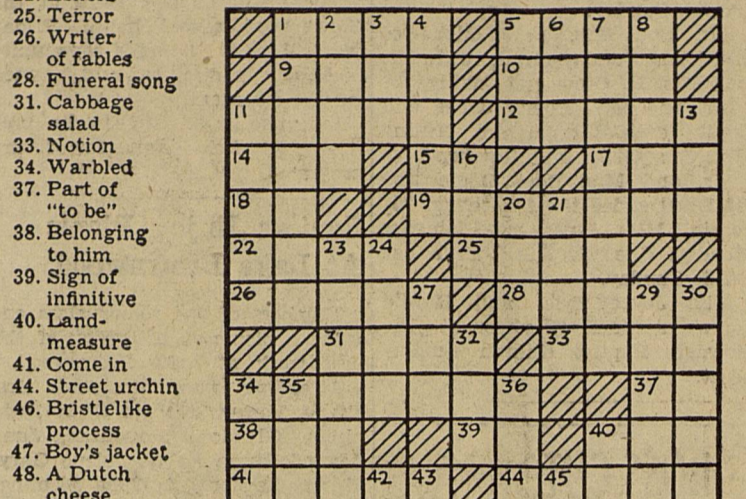

Good and choice fat calves were steady but the common, plain and medium inbetween sorts hold weak to lower. High quality stockers were steady, but others draggy and plain stockers sold mainly for low grade killers. Demand for stocker cows was very narrow.

Good and choice fed steers and yearlings \$18-22.50, I. S. Scott,

### Washington

At this time and for the next several months, hundreds of thousands of people will visit Washington. There are many, many interesting places and the Capitol, of course, is the center point.

To know the history of the Capitol gives inspiration, and there is much to be learned about it. For instance, few of us realize that in the War of 1812 the British occupied the City of Washington and took possession of the Capitol. The British Admiral Cockburn stood on the rostrum of the House of Representatives and shouted, "Shall this harbor of Yankee Democracy be burned? All for it will say Aye." Since the House was occupied by British troops, the voted unanimously to destroy the structure. Chairs, tables, books, and pictures were collected to kindle the fire, and soon the Capitol was in flames. Many historical treasures were lost, even though a downpour of rain came shortly thereafter and extinguished the fire.

President Jackson barely escaped assassination in the Rotunda of the Capitol in 1835 as he headed a funeral procession from the House Chamber. As he stepped up to speak, a man by the name of Lawrence aimed a pistol at him from about eight feet distance, but the pistol misfired. It is said that "Old Hickory" would have knocked his assailant down with his cane, but a young Naval Lieutenant beat him to it.

On the ground floor of the Capitol is a tomb that was built for George Washington, but his family decided not to use it for his resting place. Although George Washington was not buried in the tomb, I occasionally stop by its doors and recall a prayer of the First President. I also think of it on occasions when I have stood by his grave at Mount Vernon, and considered how appropriate is the prayer for our country today. Here is George Washington's prayer:

"Almighty God, who hast given us this good land for our heritage, we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorably industry, sound learning and pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy name we entrust the authority of Government, that there may be peace and justice at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth. In the time of prosperity fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail; all of which we ask through Jesus Christ our Lord. Amen."

Visitors to Washington this past week who came by my office were Mr. and Mrs. Herbert Middleton, and Mrs. Nell Middleton, of Abilene; Colonel and Mrs. Frank Jones, and Frank, Jr., from Mineral Wells; Mr. and Mrs. D.

A. Fudge, their daughter, Patricia, and son David, from Abilene, who are here for the graduation of David from the Naval Academy at Annapolis. Also visiting were Lt. Errol Fry, who is stationed with the Air Force here in Washington, and his brother, John, from Houston, both born and reared in my hometown of Anson, Mr. M. E. Shell and son from Gorman; and Mrs. Joseph M. Perkins, Eastland; Mrs. E. G. Hampton, Clyde; Mrs. L. E. Dudley, Abilene; Miss Eudora Hawkins, Abilene; and Mrs. John J. Perry, Sweetwater, who are in town for the meetings of the American Federation of Women's Clubs being held this past week in Washington.

**Rites to Honor Benefactors of Children's Hospital**

Principal speaker for memorial services of Texas Children's Hospital for Crippled Children in Dallas on June 7, will be Dr. Robert E. Goodrich, Jr., well-known Texas clergyman and pastor of the First Methodist Church in Dallas. Dr. Goodrich is pictured here with three of the little patients, inspecting a monument on which are engraved the names of many women who left bequests to the hospital in their last wills and testaments. These benefactors are honored in the annual memorial services which this year will be broadcast from 2:30 to 3 p.m. by stations of the Texas Quality Network. Children in the picture are Linda Santos, 2½, Dallas; Patsy McKinney, 9, Andrews; and Willie Frank Johnson, 8, Edgewood. The hospital treats children without regard to race, creed or color.

Visitors in the home of Mr. and Mrs. F. R. Anderson over the week end were F. R. Anderson, Jr. and children of Marfa and Mr. and Mrs. Robert Anderson of Lubbock. Byron Anderson remained with his grandparents for a two weeks visit.

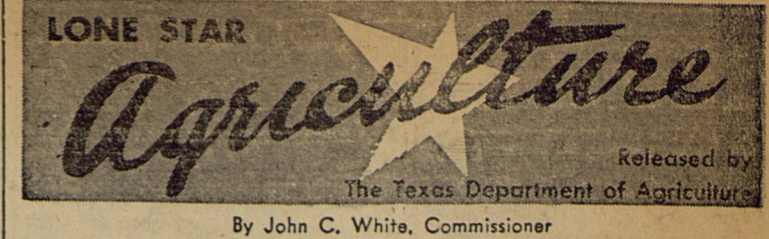

Mrs. Drew Hill returned home Friday after a few days visit in San Angelo with her daughter, Mrs. G. E. Browning and family. Mrs. Browning and daughters accompanied Mrs. Hill home and spent the week end here, returning home Monday morning.

Friends attending funeral services in Brownwood Saturday afternoon for Mrs. Freda Dildy were: Dr. and Mrs. Calvin Gambill, Mr. and Mrs. Bailey Wilson and son, Mmes. Dick Dillard, Buddie King, Ruby Copeland and Exal McMillan, Miss Jean Dillard and Clyde Beeler.

Mr. and Mrs. Edgar Jones spent the week end at Marble Falls, where they enjoyed an outing on the Colorado River. They were joined by their daughter and family, Mr. and Mrs. Harold Smith and son, Lamont, and son and wife, Mr. and Mrs. Leonard Jones and little son, Ricky, all of Houston. They returned to their homes Sunday afternoon.

Mrs. Richard Thompson and Mrs. C. D. Baker of Burkett were in Knapp Saturday and Sunday visiting their children, Mr. and Mrs. Bob Baker. Mr. Baker, who underwent an emergency appendectomy recently, is at home again and doing fine. The Bakers son, who has had been visiting his grandparents here and at Burkett, returned home.

Mr. and Mrs. H. L. Davis and family of Wink were visiting his mother and sister, Mrs. T. M. Davis and Myrtle, over the week end. Visitors in the Davis home Sunday were Miss Ada Clark and Mrs. F. P. Clark of Williams, Mrs. Bertha Newcomb of Brownwood, and Mr. and Mrs. T. C. Boyd and children of Owens. Joylene and Larry Boyd remained for a week's visit with their grandmother.

**POULTRY POINTERS**

Few farms are complete without at least some chickens—both fryers and layers. Even though commercial flocks may not be practical, the few extra pennies earned in egg production or the money saved in raising meat for the frying pan really adds up in a year's time.

In order to successfully raise chickens for home consumption, or for the market, it is important to look after the "little things" as well as the bigger problems. It may pay dividends to spend a few minutes checking on these profit leaks:

Hang up those empty feed sacks or pile them neatly on a rack. This is the best way to keep used bags in good condition. A few pains in opening sacks so as not to tear them will pay off.

Don't allow birds to waste feed. Use feeders that prevent waste and fill them only one-half to two-thirds full.

Make a practice to wipe off light bulbs and reflectors in the pens every so often. It is surprising how much light is lost simply because bulbs and reflectors are filmed over.

Check up on the favorite laying haunts of your chickens. Eggs are lost because birds don't lay them in the nests. Dark corners, under the nests and roosts, should be wired off so birds just can't lay

in those hard to get at places where eggs are either broken or get dirty.

Work out a plan to cull and sell loafers if you are trying for good egg production. Non-laying birds are lost to the market because the farmer didn't get rid of them while they were in good condition.

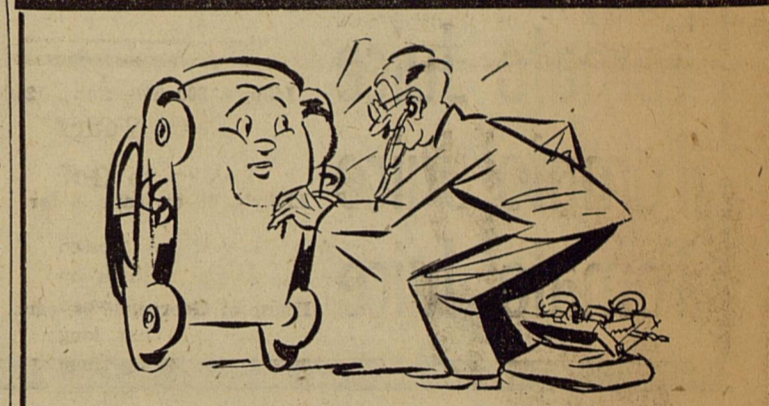

A good poultryman is first of all a good manager. No matter how big or how small an operation he has, mass production can never substitute for good management.

The Texas Department of Agriculture publishes a poultry and egg bulletin each day in Austin. A written request will bring this service to you free of charge. The request should be addressed to: Market News Service, Texas Department of Agriculture, Capitol Station, Austin, Texas.

Miss Lyna Smith of Fort Worth spent the week end here with her father, W. D. Smith, and Mrs. Smith.

Gerald Robertson of El Centro, California visited his mother, Mrs. R. Robertson, and sister, Mrs. Mary Gensley, the first of the week.

Guests in the Chess Barr home Sunday were Mr. and Mrs. Whaley Jackson and daughter, Janice, of Sipe Springs and Mrs. Lee Straley and daughter of Oplin.

**IS YOUR CAR IN SHAPE FOR SUMMER DRIVING?**

The long winter has taken its toll on your car. Your ear alone—listening to the squeaks, grinding, and rattles as you drive—can tell you that some expert attention is needed, and QUICK.

Bring your car in now for a complete summer check-up. We will go over it carefully from bumper to bumper with our scientific testing equipment and report to you exactly what work is needed.

**WARNING:** If you have not had your car changed over to Summer Lubricants, do it TODAY.
