Phone Company Notes Free Numbers

New, free-calling numbers to Continental Telephone's Baird Customer Service Center are shown on the first page of phone books just received by local residents and business people. Customers wanting to reach the telephone company are now advised to dial the Baird number direct, like any long distance call. But these calls are free.

Alan Armstrong, eustomer services manager for Continental Telephone, explained that a special computer program at the firm's accounting center rejects billing any calls dialed from Continental exchanges in the telephone company's Baird office. "We provide free calls to the 555-1212 director assistance numbers in the same way," he

Armstrong says that dialing the office direct is faster than the old way of placing "Enterprise" calls with the operator. However, if customers call from a non-Continental exchange they should call collect.

The number listed for reporting emergency telephone troubles after normal business hours

is also a free call. The new phone books contain listings for Continental Telephone customers in Cross Plains, May, and Rising Star with a separate section in the back for numbers in other exchanges. Handy information is also included such as nearby postal zip codes and calendars for 1980, 1981, and 1982.

ELLA DEAN RETURNS HOME AFTER SURGERY

Mrs. Delma (Ella) Dean returned to her home here Friday after recently undergoing ear surgery in Abilene. She spent a few days at the home of her daughter, Mrs. Cowan Hutton, in Pioneer-Sabanno area before coming home.

Mr. and Mrs. W. C. Huchingson of Abilene were recent visitors in Cross Plains.

THANKS, VOTERS

I wish to express my appreciation to those who favored Jimmy Harris, Jared and Joanna, Mrs. Ivon Odom of Cross me with their vote last Saturday in the Cross Plains School Board election. I will do my Mr. and Mrs. Garland Wells have placed in me. If I can be of Baird visited Raymond Gibbs and Mr. and Mrs. Warren Price of service to you, please call

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River.

The Hoover administration provided it. 4,400,000 cubic yards' worth. Enough concrete to pave a two-lane highway between New York and San Francisco.
It was the Hoover Dam at Boulder City, Nevada.

And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada.

The cost: \$385 million.

And one of the ways money was generated was by Americans buying government securities and taking stock in America.

Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan.

That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings.

So buy Bonds. It's one savings plan that holds water.

Series E Bonds pay 6% interest when held to maturity of 5 years (44% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Mrs. Jeff Clark Margaret, Pat and Suz.

CARD OF THANKS

We, the family of Mrs. Ada Miller, wish to express our sincere thanks and appreciation to our many friends and relatives for their kind words of sympathy and love shown in the passing of our beloved mother, grandmother and aunt who meant so much to her family. The flowers, cards, calls and delicious food were appreciated so very much.

A special thanks to Dr. Toby Irwin and Rev. Knox Waggoner for their blessings during our time of sorrow. A special thanks to Dr. Billy Carpenter and the staff of the Cross Plains Nursing Home.

The Family of Mrs. Ada Miller.

FREE HEARING TESTS SET FOR THE BROWNWOOD AREA

Free Electronic Hearing Tests will be given at Brownwood Hearing Aid Center on Monday, Wednesday and Thursday from 9 a.m. to 5 p.m. Please call for appointment. Everyone who has trouble hearing is welcome to have a test using electronic equipment to determine if he has a correctable loss. Everyone should have a hearing test once a year if there is any trouble at all hearing clearly. Most hearing problems gradually get worse. An annual test will help you keep track of a progressible loss. No hearing problem of any consequence should be ignored.

SERVICEMAN

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a

PROPER INSULATION Keeps in the Cool Air You've Paid For

Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 18 in the walls are recommended for this area.

Check Caulking and Weatherstripping

Check all windows and doors, install weatherstripping and caulking where needed. It will save on both heating and cooling costs. An almost invisible 4" gap at the base of a standard 36" outside door is equal to a nine-square-inch hole in the side of your house. There are a number of easyto-install felt and foam rubber products on the market to draft-proof doorways.

Remember REDDY Supplies the energybut only YOU can use it wisely!
