Hanke Files For Trustee Seat; No City Candidates

Election will be held within the bounds of Cross Plains Independent School District and City of Cross Plains on Saturday, April 3.

Local school trustees officially called the election for that date in a recent meeting noting that terms of Joe E. Hanke, Jr., and Charles Payne will expire in April. The school's directorate panel also appointed Allon E. Hornsby as its election judge. Voting in both the school and city elections will be conducted at the City Hall.

City Secretary Debbie Gosnell will also serve as absentee voting clerk for both the city and school elections this year.

City officials have not yet appointed an election judge.

Terms expiring on the city council are that of Mayor O. B. Edmondson and Aldermen W. G. (Wimpy) McCoy and Ray Purvis. Hanke is the only candidate having announced as of copy deadline time, 10 a.m. Tuesday. He is seeking re-election.

Payne has not made public his intentions.

Mrs. Gosnell stated that there had been no filings for offices in the city election with her, and none of the city officials had made intentions publicly known.

Aspirants for school board membership should file with Hanke, board secretary.

Last day to file with name to be printed on the ballot in either election will be March 3. The following day, March 4, is the final day for persons to register to vote in both or either of the two elections and to submit a transfer of registration from one precinct to another within a county.

Winter Weather Is Still Ruler In Area

Cold, wintry weather continued to hold the Cross Plains area within its grip during the past week.

A cool Wednesday of last week gave way to a colder Thursday with extremely light intermittent snow flurries. During the night Thursday and Friday morning a thin but slick covering of ice fell, making travel hazardous Friday morning.

The ice slowed traffic, making mail delivery into Cross Plains late, arriving here a while before noon, because the delivery truck from Fort Worth to Cisco was late. There was to be no afternoon delivery from here to Cisco, according to official word received here from the U. S. Postal Service. However, road conditions improved so much that afternoon

that local Postmaster Joe E. Hanke, Jr. was notified about 6 p.m. to bring the mail to Cisco as mail runs were going to be made, although late.

Cross Plains Schools attempted to hold classes Friday, but those students who did make it to classes were sent home at 10 a.m.

Although the streets and roadways were extremely slick and hazardous, some melting, wear from use and evaporation improved conditions greatly by late afternoon with most roads being open except for possibly ice patches. Light snow flurries again fell during the morning and early afternoon Friday, but accumulation was slight.

Frigid temperatures prevailed all week, but the coldest reported here was a 5 degree reading early Saturday morning. Temperatures warmed considerably Sunday and Monday, but another cold norther blew in early Tuesday morning. Some ice was visible, primarily on vehicles and steps or porches. There were patches of ice on local streets, also. Again a very light flurry of snow fell here a couple of times Tuesday morning. There was no threat to travel Tuesday.

Forecast calls for a warming trend into mid-week.

The ice and snow amounts were

so light that minimal moisture was received. Therefore officially moisture received this month remains at .40 of an inch which fell here early Tuesday, Feb. 2. Aggregate for the year stands at 1.95 inches, as 1.55 inches of rain and snow moisture were recorded in January.

Additional rainfall could be beneficial to winter pastures and small grain crops in this section of the state.

AARP GAME NIGHT SLATED TUESDAY AT M-P CENTER

Regular monthly A.A.R.P. game night has been scheduled for Tuesday, Feb. 16, at the Cross Plains Multi-Purpose Center. Starting time is 7 p.m.

It was explained by a spokesman that all persons 55 and older are invited and urged to attend the game night festivities.

Eugene Pallette Is Asking Brown Commissioner Post

Eugene Pallette of the May Community has authorized the Cross Plains Review to announce his candidacy for Commissioner of Precinct 2 in Brown County.

Pallette is a farmer and rancher, and is a retired Senior Master Sergeant from the United States Air Force, having served in both the European and Far East Theaters.

He is presently serving as a Lay Leader in the May United Methodist Church, a director of Comanche County Rural Electric Cooperative, director of the Brown County Farm Bureau and of the Amity Cemetery Association. He is also a lifetime Trustee of the Non-Commissioned Officers Association of San Antonio.

Graduated from May High School, he attended Cisco Junior College and the University of Maryland. He is the son of A. C. and Opal Pallette of the Owens Community. He is married to the former Vella Rae Henry, a teacher in the May School System. They have two daughters, Cindy Wood of May and Beth Pendleton of Breckenridge, Texas.

The office of County Commissioner is one of trust, responsibility, authority and honor. Therefore, I pledge myself to be vigorous and hard working in the administration of this office.

Local Students Start TABS Test Monday

Texas State Board of Education has the responsibility to "review periodically the educational needs of the state, adopt or promote plans for meeting these needs, and evaluate the achievement of the educational programs." School districts in Texas are required to conduct a documented student needs assessment as a part of the accreditation procedure.

In May 1979 the Texas Legislature mandated that minimum basic skills competency testing be instituted in the state of Texas. To implement this legislation, a program known as the Texas Assessment of Basic Skills (TABS) was developed.

The TABS tests in Cross Plains ISD school will begin Monday Feb. 15, with all tests to be completed by February 26. The following schedule will be followed in 1982:

Third grade test, February 15-25.

Fifth grade test, Wednesday, Feb. 17.

*Exit level, Monday, Feb. 22. (*Exit level is 9th grade, new students from out of state, and 10th and 11th grade students that have not taken the TABS or have not mastered all three areas of the test.)

Mrs. Bobbie Trammell, local counselor, said that all students should be encouraged to take the tests seriously, however, undue emphasis on the importance of the tests should be avoided so that students will not become anxious.

Conlee, Greg Hutchins, Shelli McCoy, Mary Morris, Randi Morton, Connie Neeb, Leisa Rayburn, Janet Reynolds, Mary Sneed and Carl Sohns.

Peanut Producers Vote Emphatic Quotas Okay

Peanut producers across the state and nation and in Callahan County have emphatically stamped approval of poundage quotas for the crop years 1982 through 1985.

Peanut growers voted by mail during the week of January 25-29 in a referendum through Agricultural Stabilization and Conservation Service Offices.

According to word from Melanie R. Covington, Callahan County ASCS Executive Director, 97 per cent of Callahan producers favored poundage quotas and price supports linked to the quota arrangement. According to an area report, Eastland producers also voted overwhelmingly to retain quotas and supports by just over 95 per cent, 497 to 26. In Comanche County the count was reported at just under 97 per cent favoring the quotas and price supports, on a vote of 895 for and 31 against.

The following statement was issued by the Callahan County ASCS office at Baird on Wednesday of last week, Feb. 3.

"Of the 303 eligible voters, 39 per cent voted in the referendum to determine whether they favored or opposed poundage quotas on the crop years 1982-85. The

eligible voters voted by 97 per cent in favor of quotas; whereas, 3 per cent were opposed.

"Even though quotas were approved in Callahan County, at least two-thirds of the eligible voters must approve the quotas nationwide. Approval would set the national poundage quota for 1982 at 1,200,000 tons, and marketing penalties and price support would be in effect. On the other hand, disapproval of quotas would mean no marketing penalty and no price support.

"The final national results are not known at this time, but should be announced in the near future.

"On Friday the United States Department of Agriculture announced approval of the quota and price supports for peanuts grown in the 1982-85 crop years based on preliminary returns. A spokesman reported the producers who voted favored the quota system by 93.9 per cent, 36,398 ballots for and 2,373 against. Total vote was listed at 38,771 by the ASCS section of the Agriculture Department. Texas producers reportedly favored the proposal by 91.09 per cent.

Approval of at least two-thirds

No Mail, No Money Here Next Monday

Monday, Feb. 15, will be observed as a national holiday under the Monday holiday law. It will be in honor of George Washington's birthday.

Closing for the day in Cross Plains will be the U. S. Postal Service Office, Citizens State Bank and Southern Savings & Loan Association.

The local bank and the savings and loan will be closed on Monday and will offer no service.

The post office will box first class and time value mail at the office. There will, however, be no rural delivery or window service.

Mail delivery will be made to Cross Plains, and the star route carrier will depart at his normal time on Saturday or holidays when mail runs. That is 4:05 p.m. Cross Plains does not now receive mail on Sundays and some holidays reportedly because of a conservation move by the regional office in Fort Worth.

For City Police or Emergency Medical Service phone 725-6668.

Laws For S.S. Card Misuse Stricter

Stricter laws regarding the misuse of Social Security numbers or cards are now in effect, according to Glyn Hammons, manager of the Abilene Social Security office.

A law signed by President Reagan in late December 1981 provides criminal penalties for: (1) using a Social Security card obtained with false information, (2) using someone else's Social Security number, (3) buying, selling, or counterfeiting Social Security cards, or (4) possessing a regular or counterfeit card with intent to sell or alter it.

An unlawful act affecting the Social Security card or number is now considered a felony, rather than a misdemeanor, Hammons added.

Penalties for conviction can be a fine of up to \$5,000 or a prison term of up to five years or both.

According to Hammons, individuals wishing to report misuse of Social Security cards or numbers should call the Social Security office listed in the telephone book or the HHS hot line in Washington, D. C. at (202) 472-4222.

Eugene Pallette of May was a business visitor in Cross Plains one day last week.

St. Valentine's Day is Sunday. Remember the times of your school days. A lot of us made our valentines to give away and some were store bought during our elementary days. Valentines have changed in their appearance over the years, but the sentiment remains the same. The hours spent in selecting those special cards for the classmates and teachers, and getting home and going over and over the ones you received 'til you knew the verse by heart. To think today some of those valentines of yesteryear we finally discarded over the years, are being collected as antiques today. Happy Valentine's Day everyone.

Burkett

By Lovera Strickland

It was a very quiet week in Burkett. Everyone has spent the past week in the house trying to stay warm. Several have colds, coughs and some have the flu. I sure hope the weather warms up some and stays warm.

The Baptist Church didn't have church services Sunday. Bro. Big-ham was sick Sunday morning. We hope he is feeling better by now.

Johnnie Tinney spent the week end with the Jack Stricklands.

Hulan Harris of Big Spring visited his mother, Mrs. Quinn Harris.

Mr. and Mrs. Donald Porter and boys spent Wednesday night in Fort Worth with Mr. and Mrs. Clarence Porter. They attended the Fort Worth Stock Show Thursday. Dale and Bobby showed their calves that day.

Freedra Burkett accompanied her sister, Clairene Edgar of Millersview to Fort Worth last week where they spent several days. Mrs. Edgar's son, Sid Newton had back surgery and they went to be with him. They stayed with Mrs. Sid Newton while they were there.

Mrs. Lillian Brown is going to Temple Tuesday. She is entering the Scott and White hospital for tests.

O. W. Helms returned home after having surgery in the Brown-wood Regional Hospital.

Ruth Boen Funeral Held Last Friday

Funeral was held at 2 p.m. Friday at the First Baptist Church in Baird for Ruth Bower Boen, 73, of Baird, former longtime resident of the Rowden community. Mrs. Boen died at 8:45 a.m. Wednesday at Callahan General Hospital at Baird after a two-month illness.

The Rev. Dan Woodridge, pastor of the First Baptist Church at Baird, officiated the final rites. Burial was in the Belle Plain Cemetery under the direction of Parker Funeral Home at Baird.

Born Feb. 20, 1908, in Mexico, she married Ray J. Boen March 12, 1958, in Abilene. He died in 1971. She lived in Callahan County for 57 years and was in ranching. She was a member of First Baptist Church.

Survivors include a sister, Christine Bower of Abilene; and a number of cousins.

Pallbearers were Clarence Thorton, Alton Thorton, Roy Thorton, William Gardner, Don Price and Roland Long.

Rowden Sector News

By Mrs. N. V. Gibbs

Winter has done it again, starting early in the week with cold temperatures and climaxing with icy snow on Friday. Light rain on Thursday froze on highways making some dangerous travel. Highway 283 into Baird was especially hazardous most of the day Friday. Very little moisture was gained during the week.

Our neighbor and friend, Ruth Boen passed away Wednesday, after an illness of several months. She had been hospitalized in the Baird hospital since undergoing surgery last December in Abilene. Ruth came to this community as a young girl with her parents, Mr. and Mrs. Henry Bowyer and brother, Jesse, and sister, Christine.

The family then moved to Denton Valley for a period of time, but moved back into the community. After her marriage to Ray Boen, the two bought and lived on the Walter Jones place in the northwest part of the community.

She remained in the home after his death, until last summer when she purchased the Vida Hill house in Baird. Remodeling of this house was completed when she came home from the Abilene hospital. We extend our sympathy to Christine because she will be missed greatly.

Some could not attend her funeral because of road conditions and sickness.

Mrs. Gene Mauldin visited Mrs. Barney Gibbs in Baird last Wednesday.

Ellen Reynolds spent the week end in Austin with her friend, Martha Strickland of Baird, who is in school there.

Mr. and Mrs. Roland Mauldin of Denton Valley visited his parents, Mr. and Mrs. Gene Mauldin during the week.

Mrs. N. V. Gibbs was in Clyde last Tuesday visiting Mrs. Jewel Swanzy and Anna Bell Tabor.

Mr. and Mrs. James Reynolds and daughters, Janet and Ellen, attended basketball games be-

tween Cross Plains and Carbon last week in Cross Plains.

Mrs. Russell Dye was in Breckenridge Monday visiting Mr. and Mrs. Ed Sayre and Mrs. Mary Sayre.

Mrs. Weldon Gary visited in the Lizzie Burks home during the week.

On Sunday, Mr. and Mrs. Robert Watson and sons, Robbie and Brad, drove to Haskell to visit the Jerry Hannsz family. On Thursday night the Watsons' visitors were members of the Jim Needham family of Coleman.

Granvel Gibbs returned to his home in Sonora Thursday after making a trip to Houston the first of the week.

Warren Price visited in the Jimmy West home Sunday afternoon.

Mr. and Mrs. Eugene Bell and Christi of Baird visited in the Don Harrell home Sunday.

Mr. and Mrs. Tommy Dye and Douglas spent the week end in Abilene at her parents' apartment. Douglas spent one night with his friend, Russell McDonald, and on Sunday Tommy and Erlene had lunch with Mr. and Mrs. Harlin Turner.

A Boulder APPROACH:
OR how Hoover Gave a DAM.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River. The Hoover administration provided it. 4,400,000 cubic yards' worth. Enough concrete to pave a two-lane highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada. And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada.

The cost: \$385 million. And one of the ways money was generated was by Americans buying government securities and taking stock in America.

Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan.

That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings. So buy Bonds. It's one savings plan that holds water.

Section B Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

WILLING WORKERS STAY AT HOME LAST WEEK

There will be no Willing Workers News Column this week, as the inclement weather kept the members close to their own stoves trying to keep warm. No quilting session was held, and there was therefore, no news to report. Lessie Baum, who pens the column each week, said that if the weather cooperates, the column will return to the Review next week.

File Folders — The Review

State Capital HIGHLIGHTS

By Lyndell Williams

AUSTIN—The deadline for filing in most statewide political races expired Feb. 1, and there were some real surprises as the final line-ups for the Democratic and Republican primaries took shape. The biggest surprise of all had to be the departure of Tyler Sen. Peyton McKnight from the Democratic contest for governor.

McKnight, a millionaire oilman, was the first man to get into the gubernatorial race and some observers considered him the Democrats' best hope for defeating Republican incumbent Bill Clements.

McKnight's wealth was seen as an asset in what is expected to be the most expensive governor's race in Texas history, but McKnight exited the race after spending more than \$1 million saying he had run out of money.

But as one East Texas millionaire bowed out of the contest, another one jumped in.

Railroad Commissioner Arthur "Buddy" Temple of Diboll signed up for the race only about a half hour before the filing deadline. Temple admitted his candidacy was so sudden he hasn't hired a campaign staff or plotted a strategy yet.

The 39-year-old Temple, who is from a wealthy East Texas timber family, will take on Land Commissioner Bob Armstrong, Attorney General Mark White, Donald Ray Beagle of Nederland, San Juan publisher Ray Allen Mayo and former appliance salesman David L. Young in the Democratic primary.

Clements' Opponent

And on the GOP side, Gov. Clements didn't escape without an opponent.

Clements, who previously had to worry only about his Democratic opponent is going to be, now will face San Antonio insurance broker Lowell D. Embs for the Republican nomination.

Republican Eric Samuelson announced his candidacy but never paid the filing fee.

Treasurer's Race

And in the state treasurer's race, incumbent Warren G. Harding got several last minute opponents.

It appeared that Harding, who was originally appointed to that post by former Gov. Dolph Briscoe, would escape without an opponent in the Democratic primary, but the disclosure that a Travis County grand jury was investigating Harding for alleged campaign violations seemed to encourage other Democrats to jump into the race.

Among those vying with Harding for the Democratic nomination will be former Waco Rep. Lane Denton, former Travis County Commissioner Ann Richards and Austin businessman John Cutright.

Millard Neptune, an Austin lawyer and engineer, is the only Republican in the race.

The grand jury has not yet completed its investigation of the matter. Harding says he thinks the grand jury probe is politically motivated.

Redistricting Dispute

Gov. Clements has asked Attorney General White to step down as the state's attorney in the redistricting suits, but White says he won't go along with the governor's wishes.

Clements asked White to authorize the hiring of an outside attorney in the redistricting matter contending that White has a conflict of interest because he was a member of the Legislative Redistricting Board that adopted the Texas House and Senate remap plans.

Those two plans and the congressional redistricting plan passed last year by the Legislature have been thrown out by the Justice Department.

In a letter to Clements, White said he will continue to "represent the state and all officials in presenting a uniform and consistent defense to the validity" of the redistricting plans.

Meanwhile, former Secretary of State George Strake, a GOP candidate for lieutenant governor, says the Legislature should create a new non-partisan or bi-partisan board to draw districts in the future.

Strake said a number of communities have "suffered mightily" at the hands of the LRB, which is composed of five Democrats.

To expect an unbiased plan from that panel is "to expect a miracle," Strake said. The GOP con-

tender's opponent, Lt. Gov. Bill Hobby, happens to be one of those LRB members.

Strake says the new bipartisan panel should be made up of "Texans who do not owe their political future or their business future to anything but the continued respect of their fellow Texans."

Impact Aid Cuts

Officials of the Texas Federation of Teachers, an AFL-CIO affiliate, have been distributing figures that show Texas will lose some \$10.94 million in federal impact aid to local school districts near military and other federal installations because of Reagan administration budget cuts.

Those schools that will be hardest hit are in the Austin, San Antonio, Temple-Killeen and El Paso areas where several Army and Air Force bases are located.

School districts in those communities stand to lose nearly half of the total funds lost by Texas, but dozens of other school districts in rural areas also will be affected by the cuts.

TFT officials say the schools affected are the ones that can least afford the cuts.

The impact aid funds are designed to help local school districts pay for educating children of military personnel and federal employees who often live and shop on the military posts and, therefore, do not pay their share of property and sales taxes, the primary sources of school funds.

LOMA ATWOOD IS PATIENT IN HOSPITAL AT ABILENE

She is not believed to be critically ill, and is expected to be released from the hospital in a few days.

Funeral Friday For Burely A. Young, 76

Funeral service was held at 3 p.m. Friday at Higginbotham Funeral Home Chapel for Burely Arthur Young of Wichita Falls and former longtime resident of Cross Plains.

Mr. Young, 76-year-old retired auto body worker, died at 7:15 p.m. Wednesday at Wichita Falls State Hospital.

Rev. John Swift, pastor of the Evangelical Methodist Church here, officiated the final rites.

Burial was in the Cross Plains Cemetery under direction of Higginbotham Funeral Home of this city.

He was born Jan. 13, 1906, near Hattiesburg, Miss.

He was preceded in death by three brothers, Homer, Charlie, and Scott, and two sisters, Barbara Young and Della Mae White.

Survivors include a sister, Mrs. C. E. (Dottie B.) Woody of Cross Plains; a brother, Robert O. of Chula Vista, Calif.; and a number of nieces, nephews, and cousins.

Pallbearers were Walter Pope, Mike McClure, Allen Woody, Lewis Woody, Bud Ingram and Doug Weiss.

Peanuts

(Continued from Page 1.)

of the producers voting was required for passage of the referendum.

Farm bill now calls for a gradual reduction in national peanut marketing quotas from the 1.2 million tons in 1982 to 1,167,300 in 1983, 1,134,700 in 1984 and 1.1 million tons in 1985. Tied to the vote on the poundage quota system is a guaranteed minimum of 27.5 cents per pound or \$550 per ton in price supports for quota peanuts. The support price was \$455 per ton on quota peanuts in 1981.

Under the new farm legislation passed by Congress no longer limits acreage of peanuts or the number of pounds that can be sold under the new farm legislation. Anyone can grow peanuts in any amount anywhere, but only the crop produced under a farm's quota qualifies for the price support.

Support increases under a specified formula are linked to production costs with maximum set at 6 per cent a year. That could mean supports of \$583 per ton in 1983, \$617.98 in 1984 and \$655.06 in 1985.

Quota peanuts are for domestic edible use. Additional peanuts may be grown but carry a lower support rate and normally can be used only for crushing into oil and meal or sold for export. Exceptions can be made, however, if domestic food demands exceed the supply.

Growers must have marketing

9 Local Exhibitors Are Due At Houston

Nine Cross Plains exhibitors of livestock are scheduled to show nine market steers and one market lamb at the Houston Livestock Show and Rodeo, junior division, February 20 through March 7.

Those expected to show steers are Sheri Anderson, Monty Beard, Richard Clark, Kami Hargrove, Kelli Hargrove, Wesley Hilburn, Jo Jo Koenig, Bobby Winfrey and Curtis Wyatt. Kami Hargrove is also scheduled to show a market lamb.

Billed as the world's largest, this year's show will have some 29,000 entries, most of which are from junior exhibitors. It was explained that the 1982 Houston show will offer in both the open and junior shows more than a half million dollars in prize monies and premium auction prices above market value.

The exhibitors will be supervised by local Vocational Agricultural personnel and parents.

cards issued by ASCS before they can sell peanuts and be eligible for (price support) loans. The card states how many pounds of peanuts growers are allowed to sell for domestic edible use.

Marketing penalties equal to 140 per cent of the quota loan rate will be assessed on marketings of peanuts for domestic edible use that are in excess of a farm's quota, he said.

Junior Cagers Split Final Outings With Rising Star

Cross Plains High School basketball teams divided four contests Monday night with visiting counterparts from Rising Star in final action of the year.

Two seventh grade teams halved a pair of games, and like results were recorded in two eighth grade contests.

Rising Star seventh grade girls team defeated Cross Plains girls 17-4. Deena Cooley and Shelly Horan each counted 2 points for the local unit. Opposing players were not listed.

Seventh grade boys game saw Cross Plains claim a hard fought 12-7 verdict. For the younger Mighty Mites Dale Porter and Troy Harris each scored 4 points. David White tallied all 7 points for Rising Star.

Cross Plains eighth grade girls captured a 27-11 triumph, but score difference belies true picture of the contest. Local led 8-7 at intermission and did not pull away until the final quarter when the hosts outscored Rising Star 15-0.

Suzie McClure paced Cross Plains scoring with 7 points, and Dawn Strength was close behind with 6 markers. Jana Pickett and Staci Weiss each counted 4 points, and Shelli Strength, Kelli Hargrove and Pam Hutchins each added 2 points. Miss Lunceford

was Rising Star's top scorer with 3.

Eighth grade Mighty Mites dropped a 26-24 decision to Rising Star. The loss came in the last few seconds in the game, after leading 10-8 at halftime and 22-18 after the third quarter.

In the good game all the way, Devin Koenig paced Mite scoring with 12 points. Lance Clawson was runner-up with 8 points, and Darby Nichols and Paul Davis had 2 points each.

Leading scorer for Rising Star was Gerald Pannell with 12 points.

Eighth grade girls had the best record on the season of the four junior teams with an 8-6 mark. Eighth grade boys posted a 6-8 record. Seventh grade girls did not win in four outings on the hardwood, but the male seventh grade contingent went 2-2 on the season.

Mobile Home Burns At Koenig Ranch

A nice, modern mobile home was destroyed by fire Friday afternoon at the R. D. (Dick) Koenig place.

The structure was first reported as the Koenig family's home only to quickly inform the fire department as to the location of the fire. The mobile home was located across the road from the Koenig ranch home.

It was occupied by Marshall Eaton who is employed by Koenig and other ranchers and stockmen in this area. He reportedly lost everything in the blaze which is believed to have begun either at the water heater or the furnace. Eaton was not home when the fire erupted, and Cross Plains Rural Fire Department could save nothing upon arrival.

Local firemen also answered a call to a grass fire in a field on the late Aaron Varner place north of Cottonwood Saturday afternoon. Other than loss of grass no damage was reported there.

Garden Club Slates Meeting On Friday

Cross Plains Garden Club will meet for regular monthly session Friday, Feb. 12, beginning at 3 p.m. at the Garden Center.

Topic will be "Anticipating Growth through Propagation." After the Club Collect, roll call will be answered by members revealing "best looking pot plant she has now."

Following the business session, a report from the Flower Show Committee will be given by Mrs. J. P. McCord, chairman.

The program will be entitled "How to Get Free Houseplants" by Mrs. Cole Tillotson.

Door prize will be conducted by Mrs. H. E. Sichlor.

Hostesses for the meeting Friday will be Mrs. Raymond McCowen, chairman, and Mrs. Raymond DeBusk.

All Kiwanians and others who will help, are asked to assemble at the cabin at 1:30 p.m. to begin the task of completing the cabin which has been started several times, but not finished. That is one project the club has scheduled. It is intended to be a place for all local Scout programs, boys and girls.

The work day was called at the meeting Tuesday morning of the club. Sessions are held each Tuesday morning at 6:45 at Odom's Restaurant.

Dan Johnston, president, and Vaughn Pirtle, secretary, have urged that all Kiwanians report for the work day.

Cash Flow

In 1803, America found herself up the river. The Mississippi, that is, valuable goods were being produced in the Midwest, and the mighty Mississippi was our only link to the sea. But the outlet in New Orleans belonged to France.

So President Jefferson sent agents to Paris to negotiate for the addition of New Orleans. Surprisingly, Napoleon offered to sell the entire Louisiana Territory for only \$15,000,000.

And that included what is today Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Louisiana, Oklahoma, most of Minnesota, and parts of Wyoming and Colorado.

Thanks to Americans taking stock in their new country by buying over \$11,000,000 in government securities,

we made the purchase. And doubled our size overnight.

Today, Americans still take stock in their country by buying U.S. Savings Bonds through the Payroll Savings Plan.

They know there's no safer way to save for an education, vacation or retirement. And they know that while they're helping themselves, they're helping America, too.

So buy U.S. Savings Bonds.

And help your cash flow into savings.

Take stock in America.

U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
