## Carolyn's Corner

By Carolyn Glover

For the past two weeks I have chosen to run articles concerning child abuse and will for a few more weeks. Why anyone would want to harm children, I do not know, but it does happen and could be happening in our community. I have been in the dark about child abuse because I just really haven't paid that much attention to it to be truthful. There is something I didn't think of as being abuse to a child. According to the articles from Barbara Evans child abuse comes in several forms and fashions. I found all the articles quite interesting and wishes space would permit the entire article, but since it doesn't, each article will be published in part.

What is "Child Abuse"? It is the repeated mistreatment or neglect of a child.

Child abuse may be:

Physical - shaking, beating, burning; failure to provide adequate food or clothing

Verbal - excessive yelling, teasing, name-calling

Emotional - failure to provide warmth, attention, supervision, normal childhood experiences

Sexual - using a child in or exposing a child to sexual activities without or without the child's consent.

Child abuse is a tragedy that AFFECT US ALL.

All of us can help. If you suspect that a child is being abused or neglected call the Texas Child Abuse Hotline 1-800-252-5400.

Children are most often abused by a parent or someone living in the child's home. The picture of a typical abusive parent often includes these elements: isolated from a social system; lives far from relatives; lonely and has few if any friends; has family stresses from finances, marital trouble, new baby, a recent move; low self-esteem; role reversal by a parent unrealistically expecting to be nurtured by the child; parent abused as a child.

About 90 percent of abusive parents hate themselves for harming their children. They vow to stop, but they don't. They may love their children, but they can't change without outside help. The remaining 10 percent are sadistic and do not believe what they are doing is wrong.

Priority for Investigations In 1979, it became necessary to place a priority on child abuse and neglect reports. Workers needed guidelines for which cases to investigate first. Three categories resulted.

Priority 1 - children in life-endangering situations.

Priority 2 - children in safety or health endangering situations.

Priority 3 - children at high risk of abuse and neglect situations.

All Priority 1 and 2 reports must be investigated. Priority 3 reports are investigated as time permits.

## Kiwanis Club Sponsors Clean-Up, Paint-Up Drive

Although there are more than two months until the Cross Plains' Ex-Student Homecoming takes place, excitement over this event is

already beginning to mount.

At their regular Tuesday meeting this week the members of the Cross Plains Kiwanis Club discussed the

Homecoming and voted unanimously to sponsor a "Clean-Up, Paint-Up" campaign. Details will be given to the public at a later date.

Club President, Donald Strength, congratulated the members of the club for their enthusiasm and interest in this project, which

denotes a great deal of pride in our community.

The club also voted to enter a float in the Homecoming Parade.

The Reverend Jasper Cook, new Methodist minister in Cross Plains, was appointed Publicity Chairman for the club.

## Burkett Church Of Christ Hosts Good News Meeting

Jodie Boren

The Burkett Church of Christ will host a five-day Gospel meeting Sunday through Thursday, July 14-18, according to announcement by church officers.

Speaker for the five-day series of good news lessons will be Jodie Boren of Tuscola in a return appearance at Burkett. According to people of the host Burkett church Mr. Boren is a preacher of the Word, and is one of the greatest artists in this area. He employs art

with the deliverance of his messages.

Services have been scheduled for 7:30 p.m. daily Monday through Thursday, and on opening day, Sunday, worship will be held at 10:45 a.m. and again at 7:30 p.m.

The Burkett church issued a warm welcome to all local residents, those of all denominations, and especially those persons with no church affiliation. "You all will be cheerfully greeted and graciously treated," said a spokesman for the church.

## Baked Foods, Book Sale Set By Library June 17

On Wednesday, July 17, the Cross Plains Public Library will have a bake sale, beginning at 9 a.m. in front of the library. Proceeds will be used for book shelves in the room recently completed. "If you can't bring baked goods for us to sell," said board member Clara Nell Spencer, "just come on down and buy something. We'll have all the specialties that patrons have come to expect."

At the same time books will also be sold. In addition to a wide variety of paperbacks, other books such as those of A.J. Cronin,

Frances P. Keyes, F. Forsyth, Costain, Haily, Herzog, Stephen King, Wouk, Whitney, and Agatha Christie will also be available. These are books in good condition, but duplicates.

Work is going well on the processing of books to fulfill the quota necessary to be in the Big Country Library System. Almost 900 books have been processed in the last 10 months, leaving about 400 to be processed before August 1986. The donation of books for this project has been outstanding. Donating recently are Mrs. Lou Ellen

Morris of Odessa, Sandra Purvis, Abby Simpao, Sandra Crockett, and Randy Cave. Mr. and Mrs. Jerry Huddleston donated new books to be used for prizes in the summer reading program.

Memorials have been given for Frank Ferrell by Mr. and Mrs. Jack Tunnell, Clara Nell Spencer, Alton and Joan McCowen, and Mr. and Mrs. Raymond McCowen. A memorial for L.C. Cash was given by Clara Nell Spencer.

Remember to buy baked goods on July 17!

## Local Methodist Church Salutes Jimmielee Payne Last Sunday

Sunday, June 30, was Appreciation Day for Jimmielee Payne at the First United Methodist Church. The Pastor, Jasper Cook, and members of the congregation honored him for his faithful and devoted service to the church. Special music was provided by his son, James, and daughter, Kathy. Rosalea Bonner, in behalf of the church, presented him with a Bible and many living memorial were given to the church in his honor.

Jimmielee serves as Sunday School Superintendent and has held that position for many years. He is Vice-Chairman of the Administrative Board, member of the Board of Trustees, sings in the choir and drives the church van every Sunday morning. He has held other offices in the past and, then as now, regularly attends the meetings and functions of the church.

Along with his dedication to his church, he is very active in community affairs. Mrs. Maurine McCuin, secretary-treasurer of the Cross Plains Cemetery Association, commented on the hours Jimmielee, president of the association, spends working on drives, and upkeep of the new and old cemetery. A letter from Era Lee Hanke, Executive Director of the Cross Plains Housing Authority, was read by J.L. (Pokey) Bonner in recognition of Jimmielee's service to that organization. Helen Freeman commended him for his help with the United Fund drives. He is chairman of this organization and is called many times to help with dispensing of this fund to the needs of transients and people locally. In the past, he has also served on the Cross Plains City Council.

Making this a very special day for both Jimmielee and

his wife, Virginia, was the presence of all of their children and all their grandchildren but one. They were James and Edith Payne, Dennis and Jennifer, of Fort Stockton; Jerry and Laura Payne of El Paso and his daughter, Lila, of Clyde; Mrs. Jackie (Melissa) Strickland, Dee, Staci and Jacob, of Brenham; and Kevin and Angie, of this city.

Also present were other family members who attended with their mother, Mrs. H.W. Neeb of this city, Jimmielee's sister. They were Howard and Tina Neeb of Windthorst, their son, Chris, and wife, Kathy, and daughter of Wichita Falls; Charles and Cheryl Neeb, Kelly, Phil, and Leslie, of Fort Stockton; Monty and Lou Neeb, Amy, Andrew and Robert, of Stephenville and Bill Spencer, nephew of Virginia, his wife, Sara, and their son, Eddie, of Abilene.

## Methodists Slate Vacation Bible School July 22 - 26

First United Methodist Church in Cross Plains will hold its annual Vacation Bible School Monday through Friday, July 22-26, at the church at North Main and George Scott Streets.

Classes will be held from 6

to 8:30 p.m. daily for all children age 3 through the eighth grade.

Theme of this year's school will be "The Bible Helps Us Live Together", said Terry Nixon, superintendent of the Bible

school. She continued that this year's school centers on guidance for living in and at peace with each other.

She noted that refreshments will be served to those enrolled nightly.

## Baird's Bob Mcneils Win Guys-Dolls Tourney Title

By Jack Scott

Bob and Sue McNeil of Baird emerged as champions in the recent Guys and Dolls golf tournament at Lakewood Recreation Center. They shot 69 over the 18-hole layout to forge one stroke ahead of the two teams, Dorothy Farnsworth and Ralph Glenn of Cisco and Tish and Charles Reeves of Baird. The Cisco pair defeated the Reeveses for second place in a playoff of the cards.

In the first flight Sue and J.W. Caudle of Bronte tied Juakana and Jack Scott of Cross Plains with a card of 70. The Bronte team captured first place in a card playoff. There was a tie for third between the teams of Carol and Billy Watson of Houston and Lou Grider and

Raymond Parrish of Cross Plains. Both teams shot even par 72's but the Houston couple won in a card playoff.

Second flight titlist was the team of Glenda and Tommy Higgins of Baird with a score of 75. Second went to Brenda Dillard of Ozona and her partner Charlie Grider of Cross Plains. Third was won by the team of Minnie Cunningham and Leo Thompson both of Cross Plains.

Third flight was won by a mother and son combination of Frances and Richard Taylor of Cross Plains with a score of 82. Second went to Ruby Daniels of Pioneer and her partner Jim Athens, an overseas workman at home on vacation. Third place was taken by the sister-brother team of Betty Westerman of

Rising Star and Richard King of Cross Plains.

Gene Finley of Baird won an ice chest given by Cross Plains Oil Field Supply for the shot nearest the pin on hole number three. Oliver Smith of Pioneer received a prized golf club contributed by J.D. Green of Cross Plains for being closest to the pin on number eight.

With 39 teams from 10 cities competing - a total of 78 players - the tourney is said to have been the most successful guys and dolls event ever held here. Jan Wright, Lakewood secretary-treasurer, reported a net profit to the club of \$632.

Twenty-one of the competing pairs were local people, from either Cross Plains, Pioneer or Rising Star. Other towns represented included: Abilene, Ozona, Bronte, Houston, Baird, Clyde, Cisco and Brownwood. Ninety-seven persons attended the barbecue supper in the clubhouse Saturday night.

**HEFTY CATCH**—She weighed 34 pounds, the huge yellow catfish held in the above photo by Sherman Traylor of Lake Brownwood, that is. Also proud of the catch is Sherman's wife, Branda. (Carey) Traylor who formerly lived here and is a CPHS graduate. The catch was made June 30 on a trotline baited with dog food in Lake Brownwood water near Lake Shore Lodge, at the bridge on Highway 279. A couple of weeks earlier Sherman landed both a 12 and an 18-pounder from the same trotline. The Traylor's have close Cross Plains ties, and he is employed with Johnston Truck & Supply, and Mrs. Traylor is manager of the Bakery Department at the new Village Market here. Mrs. Traylor said the "funny" thing about the landing of the 34-pounder was that she wondered how it was done in her little 9-foot boat, that how it stayed afloat hold both the big fish and her husband.

**TELE-HELPING**—Barbara Turnbow, assistant manager-residence service center, answers phone questions for Abilene resident J.A. Walker. This Tele-Help display in an Abilene M-System Food Store is one of 17 exhibits Abilene community relations teams displayed in area stores, banks and libraries. This picture and caption appeared in a special Southwestern Bell Telephone Company monthly publication. Barbara Turnbow is known to Cross Plains as Barbara Shocklee.

## WIC Program Holds First Session Today

Visitors in the home of Mrs. Ethel Brown during the past week included Lois Garrett, Lou Grider and Jimmie Payne of Cross Plains, John Miller of Pioneer, Mrs. Frank Rhymes of Gorman and Mrs. Mildred Coggin of Waco.

More low-income women, infants, and children who are at nutritional risk will be receiving food assistance and nutrition education in Cross Plains beginning today (Wednesday, June 10), due to the WIC Program.

Local officials of the Texas Supplemental Food Program for Women, Infants, and Children (WIC) are encouraging those who feel they may be eligible to apply for WIC services. To apply for WIC benefits, please bring the following information: 1. Proof of Identification: For each applicant, can be a driver's license, birth certificate, immunization record, or WIC I.D. 2. Proof

of Residency: Utility bill or rental receipt, (address must appear) will be accepted. 3. Knowledge of all income coming into the household.

Location is Multi-Purpose Center on 8th St. in Cross Plains, phone (817) 725-7698, from 9:30 to 3:30, every Wednesday. No appointments are necessary at this time. You may also contact the Clyde WIC Office, (915) 893-2125, for appointment schedules and/or further information.

WIC participants receive a monthly supply of nutritious foods such as milk, eggs, fruit juice, iron-fortified cereal and iron-fortified infant formula.

Monthly nutrition education classes are also provided so that WIC participants can learn about the relationship between health and

good nutrition and how to buy and prepare nutritious meals.

To receive this assistance, participants must have health or nutrition-related problems and meet specified low-income criteria.

"Eating a nutritious diet is one of the most important things a pregnant woman can do to help assure a healthy baby, but eating a nutritious diet isn't always as easy as it sounds," according to Ms. Catherine Litter, Nutritionist and Chief Administrator of the WIC Program in Texas. That is why she is encouraging low-income pregnant and breastfeeding women, infants, and children up to five years old, who have been found to be the most vulnerable to the effects of malnutrition, to apply for WIC services.

"Some pregnant women simply can't afford a nutritious diet, and some don't know how to plan one," explains Ms. Litter. "The consequences of poor prenatal nutrition can be anemia, toxemia, prematurity, low-birthweight infants, complications in delivery, or other maternal or infant illnesses."

The benefits of good prenatal nutrition, achieved through the WIC Program, has been documented in a study conducted by the Harvard University's School of Public Health. The study found that every \$1 spent to aid pregnant women avoided \$3 in hospital costs that would have been spent for treatment of their babies. The cost to taxpayers is less to prevent complications than to pay costs resulting from complications. Since the program is delivered through local health care agencies, WIC also encourages early and frequent prenatal and child health care.

The ultimate goal is to achieve a positive change in dietary habits that will improve participants' nutritional status. The futuristic nature of the program, training young mothers, who will in turn teach their children good nutritional habits.

## July 15 Final Planting Date For Insured Peanut

GEORGETOWN, TX - July 15 is the final planting date for insured fall southwest spanish peanuts in Callahan County, Texas, according to Ardell Kalmbach, District Representative for the Federal Crop Insurance Corporation (FCIC).

Insured peanuts planted by July 15 must be reported by July 31 in order to receive full crop insurance coverage. The acreage report reflects the actual acreage planted and reported by the farmer.

In order to provide some flexibility on planting dates, a late planting option may be exercised by farmers who find themselves unable to plant their crops on time due to adverse weather. The late planting option provides insurance coverage for the late planted crop, but at a lower guarantee.

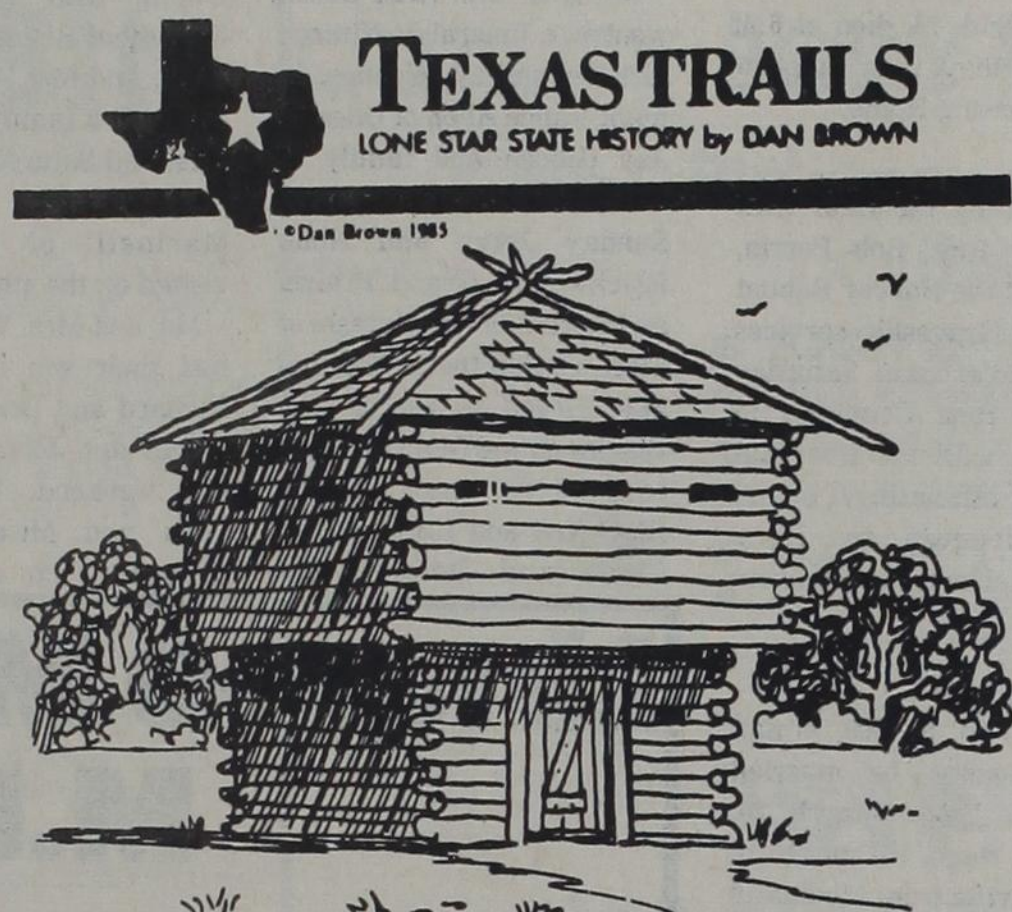

For insured farmers, "Entering into the late planting option is not automatic," Kalmbach said. "Farmers wishing to use the late planting option must sign an agreement prior to the final planting date in order to have coverage under the late planting option."

"Increasingly, our insured producers are discovering that with yield guarantees which reflect production capability, crop insurance establishes a farm income floor. Thus, cash flow and the ability to repay a loan can be more accurately projected," explained Kalmbach.

Farmers wishing to discuss local conditions that may affect planting should contact their local, authorized crop insurance agent.

## Olney Savings Tells Brownwood Location For Area Farmers Market Of Growth

OLNEY, TEXAS- Olney Savings Chairman and Chief Executive Officer Alan D. Myers, Jr. has announced the approval of a new branch office in Wichita Falls.

To be located at Fairway Drive and Bel Aire, Olney Savings purchased the land from Dennis Realty Company of Wichita Falls.

This full-service facility will be in addition to the offices located on 3100 Midwestern Parkway and the new drive-in facility located at the corner of Elmwood Avenue North and Maplewood Avenue.

Construction of the full-service will begin within the next 60 to 90 days.

Myers commented, "the addition of a second full-service branch office is

needed for Olney Savings to continue to expand its services to the city of Wichita Falls. We are happy to be able to grow with the community and meet the needs of the people".

Olney Savings is a \$920 million savings and loan with 31 branch offices located in Albany, Anson, Archer City, Azle, Bowie, Boyd, Bridgeport, Brownwood, Cisco, Coleman, Comanche, Cross Plains, Crowell, Decatur, De Leon, Eastland, Electra, Gainesville, Graham, Holliday, Jacksboro, Mineral Wells, Nocona, Olney, Ranger, Seymour, Stephenville, Throckmorton, Weatherford, Wichita Falls, and Vernon.

The Brownwood Area Farmers Market has been open every Tuesday evening from 5:30 p.m. until sellout (7:30 or 8 p.m.), and Saturday morning from 9 a.m. until sellout (about noon). As many as eleven sellers have set up each market day so far and more are expected as the month progresses. It goes without saying that consumer demand has been good.

The Farmers Market Association met recently and all board members echoed the sentiment that they were extremely pleased so far. It was agreed by all the board members to allow one non-profit organization per market day to set up and sell their products, whether they have a bake sale or other items. Any interested organization should call Market Manager Warren

Clay at (915)748-2371 to sign up or get details. Booths will be allotted on a first come, first serve basis. It was announced that the Association now has 48 members, which shows excellent support from the farming community.

Tomatoes made their debut at the Farmers Market last week and black-eyed peas are also now available. Other vegetables available at the market are squash, pinto beans, cucumbers, zucchini squash, greens, onions, corn, peppers, beets, carrots, cabbage, and new potatoes.

Apricots and peaches are now beginning to be at the market.

The Brownwood Area Farmers Market is a non-profit organization established to provide direction of a local market. All sellers must be members and must grow their own produce. Stall fees are collected from each seller on each market day they sell, and both home gardeners and commercial farmers are encouraged to sell. Applications for membership are available from the market manager, Warren Clay, on each sale day.

**Spider Mites Invade Area**

Numerous gardens in the area are infested with spider mites, according to Greg Gerngross, Callahan County Extension Agent. These spider mites are especially harmful to beans and tomato plants.

Mites pierce leaf tissue and suck sap and larval, nymphal and adult stages. Plants attacked begin to lose color, fading from green to yellow and eventually turning brown and will die unless controlled, advises the Baird-based agent.

These mites are microscopic in size, orange-red in color, wedge shaped and usually feed on the under side of the leaf.

Kelthane is the recommended insecticide for control of the spider mites and should be applied with a pump-up type sprayer to insure that adequate insecticide is applied underneath the leaves. For more information on this problem, contact the County Extension Office at (915) 854-1518.

\* In 1983, over 10.6-million tons of newsprint were consumed in the U. S.—equal to almost 100 pounds for every man, woman and child in this country—an increase of over 16% since 1970.

### \* ADVERTISERS SPEND THE MOST for newspaper ads:

- \$ 5.0 Billion **MORE** than tv
- \$16.0 Billion **MORE** than radio

(Source: National Advertising Bureau, NY)

\* Texas is served by 583 newspapers with a combined circulation of 5,300,000... and each newspaper is read by two or more consumers. A lot of swat for advertisers!
