## Commissioners Okay Plan Of Baird Hospital Lease

Editor's Note: Following is the story which appeared in Wednesday morning's Abilene Reporter-News, August 18, concerning the leasing of the Callahan General Hospital to a Memphis, Tenn., based company. The article was written by Marilyn Hawk, Reporter-News staff writer.

A Memphis-based hospital management firm initially will make \$24,000 worth of improvements to Callahan General Hospital under a five-year lease proposal approved by commissioners Tuesday.

Ron Hand, regional director for United Hospitals, met with commissioners during a special meeting Tuesday. Commissioners made several minor wording modifications in the proposed contract, such as whether an escrow account would be used for improvements as well as maintenance, but Hand said he expected hospital executives to agree to the change.

Under the lease proposal, scheduled to go into effect Oct. 1, United Hospitals will lease the medical facility from the county for \$2,000 a month, with payments made every six months in a lump sum of \$12,000.

The county will match the first \$12,000, according to the lease proposal, and the \$24,000 will be used to bring the hospital into compliance with federal medicare standards.

After initial improvements are made, United Hospitals will deposit lease payments into an escrow account earmarked for hospital maintenance and improvements. A seven-member advisory committee of United Hospitals members, the hospital administrator and local representatives will oversee the escrow account.

Callahan County commissioners began searching for new hospital management earlier this year after Rural Hospital Management Inc., a subsidiary of Hendrick Medical Center, terminated its lease. Michael Waters, Hendrick president, said the hospital was losing money. Hendrick officials had requested subsidies of \$10,000 to \$12,000 a month to continue operating the hospital.

The subsidiary's lease ends Sept. 15, but Hendrick vice president Bill McKinnon gave tentative approval to continue operating the hospital until Oct. 1. Hand said a certificate-of-need exemption from the Texas Health Facilities Commission required in such a lease change cannot be obtained until at least Oct. 1.

Although the United Hospitals lease does not go into effect until at least Oct. 1, Hand already has discussed performing simple surgery to generate revenue at the financially troubled hospital.

Dr. Laurence Gayao, who leased the hospital before the Hendrick subsidiary took over in September 1981, told commissioners Tuesday that simple surgery could be performed at the medi-

cal facility if personnel were available.

Betty Aldridge, a nurse at the hospital, said earlier that the hiring of three additional registered nurses would allow staff doctors to perform minor surgery at the hospital.

Hand told commissioners hiring area nurses might allow opening of the operating room. Bringing a surgical team from the Goldthwaite hospital, also managed by United Hospitals, is another possibility, he said.

## Hypnotism Subject Of Harlow Talk Friday

Janet Harlow spoke to the Ladies Association of Lakewood Recreation Center Friday on the subject of hypnotism.

Miss Harlow, a graduate of the Hypnotism Training Institute of Washington, explained among other things that hypnotism is not mystical or foreboding, but rather a natural state of mind that each individual person passes through at least twice a day. That hypnotism is a tool to reach the subconscious mind and there by reprogramming a person's life can be made to work the way they want it to work.

The ladies of the association were fascinated, and asked Miss Harlow to return soon to demonstrate and further expand on her knowledge of hypnotism. Miss Harlow is available for hypnosis sessions and may be reached at Lakewood Recreation Center.

# School Enrollment Shows 446 First Day Students

Cross Plains Schools began the 1982-83 school year Monday with a preliminary, first day head count of 446 students.

Initial day's number of students was slightly less than last year's 537, but additional students are expected to enroll during the first week to hopefully swell total count to more than last year's.

The head-count was listed as 314 in kindergarten through eighth grades plus two early childhood students in the special education section for a total of 316, and 130 in high school.

It was pointed out that the slight drop in enrollment came in the elementary grades. The primary reason was the graduation of a 40-member eighth grade into high school, and a mid-20 class in kindergarten. Slow growth can be measured in some other classes. The top four classes recorded a small gain, up to 130 from last year's 126. Both High School Principal Richard Purvis and Elementary Principal Ray Womack were optimistic that several other students would enroll by the end of the week.

First-day counts class by class

as released by Womack in elementary school were kindergarten 24, first grade 35, second grade 33, third grade 35, fourth grade 30, fifth grade 33, sixth grade 53, seventh grade 33, eighth grade 38, and two early childhood students in special education for total of 316.

Students registered first day in high school were listed by Purvis as freshmen 47, sophomores 25, juniors 24 and seniors 34, for a total of 130.

Until this year first day enrollment has shown a slight growth the past four years. Tally

of students the first day in 1978 was 383, count in 1979 was 410, aggregate in 1980 was 428 and last year's first count was 450.

## Pancake Drilling Co. Wins 1st Global Oilpatch Rodeo

"Billed as global in nature, the first International Oilpatch Rodeo may not have quite lived up to its advance billing — unless, of course you call a team of roughnecks from the Pancake Drilling Co. of Cross Plains a bunch of 'furriners'."

wrote Lash Lashbrook, oil/energy writer for the Abilene Reporter-News, in last Sunday morning's edition of the daily paper.

That was explaining that the quartet of roughnecks from the Pancake Drilling Co. had won the championship of the oilpatch rodeo in competition with four other crews last Saturday at Abilene.

The triumphant Pancake crew was composed of Randy Pancake, Ronnie Pancake, Steve Thornton and Robert Clark.

To win the sweepstakes award the local crew won first place in the chain throw and obstacle course competition, timed events, and took second in the tug of war competition.

Lashbrook continued writing about the oilpatch rodeo.

"The event was staged to benefit the West Texas Rehabilitation Center which will receive gate receipts plus one half of the purse from the individual competition

events of the day.

"While the event at the Taylor County Fairgrounds Saturday may have been short in international flavor, one thing it didn't lack was enthusiasm.

"Five, four-man oil-patch crews from Black Gold Well Service, LaJet, McBay Drilling, OFCO Inc. and Pancake Drilling were joined by a team from Bill Reed Distributing Co., the area Coors agent. In addition, five teams of women, the H. W. Lemens, Dennis 2-Way, Royal Mud, Royal Dennis and the Abilene Jayettes made up the field of contestants."

The Pancake Drilling Co. team took home top honors Saturday from the International Oilpatch Rodeo held at the Taylor County Fairgrounds.

Winners in the day's events included:

Sweepstakes: 1. Pancake Drilling Co.; 2. LaJet; 3. Ofco.  
Chain Throw: 1. Pancake; 2. LaJet; 3. Black Gold.  
Ladder Climb: 1. Ofco; 2. LaJet; 3. McBay.

Hammer Stand: 1. Ofco; 2. LaJet; 3. McBay.  
Tug of War: 1. Black Gold; 2. Pancake; 3. LaJet.

Obstacle Course: 1. Pancake; 2. Coors; 3. Black Gold.

## Burglars Strike At 2 Local Firms Sunday

Two Cross Plains firms were victims of burglars late Sunday or early Monday morning.

The Wylie Shamrock Station, operated by Guy Stroud on West Highway 36 sustained an estimated \$500 in damage to a cold drink box and doors to a utility room. Entrance was not gained into the office. "Little money was gotten as we deposit at the end of each day," Stroud said, "main problem is the damages." Stroud added that he may have lost some oil and sodas.

Dairy Bar, also on West Highway 36, had a burglar which took about \$80 in cash. Entrance was gained through a back window, and the air conditioner water line was broken. The business is owned by Tommy and Erlene Dye of the Rowden community.

Cross Plains Deputy Sheriff Frank Thumbsuden is investigating the break-ins.

At the District convention to be held next August in Waco, Sapaugh will be unopposed for the office of Governor of the T-O District and will serve Oct. 1, 1983 to Oct. 1, 1984.

## Cross Plains Buffaloes Try O'Donnell Friday

The Thundering Herd will journey to Roscoe Friday to take on O'Donnell High School in a controlled scrimmage session. Action will get underway at 6:30 p.m., according to Athletic Director-Head Coach Mitchell Atchley.

Last week in the season's first outside competition controlled game-type session, host Abilene Christian High School scored three times while holding the Buffaloes scoreless. The ACHS Panthers tallied on one long pass, one long run and put together a scoring drive.

Coach Atchley said of the Buffs, "The team looked strong in spots and weak in spots." Continuing he stated, "We had our chances, but just didn't score." He added, "I wasn't totally displeased, but wasn't totally satisfied either."

Buffaloes will open the season Saturday, Sept. 4, when they journey to Baird to take on the Bears in their annual homecoming football game.

## Arraignment Of Murder Suspect Pends Tuesday

Bobby Williams, 49, was awaiting arraignment on two counts of murder and one count of attempted murder in Judge Don Lane's 2nd District Court proceedings in Baird Tuesday afternoon.

Williams is charged with the fatal shootings of 32-year-old Linda King and her 5-year-old daughter Nickey, and with the shooting of 17-year-old Michael Haynie,

who is in Hendrick Medical Center after undergoing surgery for a bullet wound to his head. All three shooting victims lived in Dudley, Skinner said, and all were shot with a 22 caliber rifle.

A Callahan County grand jury indicted Williams Thursday, two days after he was arrested for the shootings.

Williams, Ms. King's common law husband, was arrested when he drove past the home he shared with Ms. King and her daughter minutes after the shootings. Haynie, Ms. King's neighbor, apparently was shot as he responded to the sounds of gunfire at the "ing home, Skinner said.

Arraignment was pending Judge Lane's completing calendar for the day, according to Sheriff Bill Skinner.

Williams was still in county jail Tuesday. Bond had been set at \$130,000.

It was reported by Sheriff Skinner that Haynie is in good condition. He also pointed out that Williams is terminally ill, according to records coming now.

## No Fatal Mishaps In County In July

Mathews said that three of the accidents resulted in injury to five individuals and there were 14 property damage accidents. He said no fatal accidents occurred in Callahan County during the month of July.

**State Capital HIGHLIGHTS**

By Lyndell Williams

The debate over the death penalty nearly ended and the state's new death by injection policy put into practice last week when a 26-year-old Houston man came within less than seven hours of being executed.

Charles Bass, who has been sentenced to die for the murder of a Houston city marshal, came closer to being put to death than any other condemned murderer in Texas since the last execution here in 1964.

With a federal judge in Houston turning down a request by Bass' attorneys for a stay of execution, Gov. Bill Clements was set to fly home from a vacation in Taos, N. M., to be on hand to make a last-minute decision on a reprieve.

Both Clements and Lt. Gov. Will Hobby were out of state, leaving Sen. Walter Mengden, president pro tem of the Senate, in charge. But Clements said he did not want to put such a heavy burden on Mengden's shoulders.

However, before the governor's plane ever reached Taos to pick him up, a three-judge panel from the 5th P. C.S. Circuit Court of Appeals granted the stay.

Attorney General Mark White—in what Clements' campaign staff described as a purely political action—went to two U. S. Supreme Court justices seeking to overturn that stay. White is Clements' Democratic opponent in this year's gubernatorial race.

However, the matter eventually was referred to the full court for consideration.

The 5th Circuit Court action means that Bass cannot be executed for at least 30 days because of a state law that grants an automatic 30-day reprieve to any prisoner whose execution is not carried out on schedule.

**Polls and Pals**

How much credibility do voters give to so-called "latest poll results" released by candidates during campaigns?

A recent faux pas on the part of Republican Congressman and U. S. Senate candidate Jim Collins must have caused some perplexity among voters, and it sure-

ly made Gov. Bill Clements steaming mad.

Collins told a press conference last week to release a poll which he said showed him now only 10 percentage points behind incumbent U. S. Senator Lloyd Bentsen . . . but also revealed that his poll showed Clements trailing his opponent Mark White by four points.

The press corps perked up at that information, since Clements claims his own polls show him leading White comfortably.

Clements campaign staffers spent much of the week discrediting Collins' pollster, Arthur Finkelstein of New York.

Finkelstein, the chief pollster for the National Conservative Foundation (NCPAC), also came under fire from Bentsen himself, last week. Bentsen wants the Federal Election Commission to investigate Finkelstein's relationship with NCPAC for alleged impropriety.

While NCPAC in the past has claimed credit for knocking off such liberals as U. S. Senators George McGovern, Frank Church and Birch Bayh, the East Coast group is viewed with suspicion by many Texans as an outsider group . . . and especially hated by Democrats. Republican arch-conservative Clements has avoided the NCPAC aid, but GOP lieutenant governor hopeful George Strake reportedly is using NCPAC help.

The November election may well serve as a litmus revealing whether the Virginia-based NCPAC can bring its style of rough and tumble campaign tactics and survive in rough and tumble Texas politics.

**Comptroller Criticisms**

And while Collins was slipping up, another Republican, comptroller candidate Mike Richards, was making even a bigger blunder.

Richards, a state senator from Houston, called a press conference to disclose allegations that incumbent Bob Bullock was using state employees in his re-election bid.

Richards released a tape recording he said proved that workers in the comptroller's office were searching out information on a computer system for Bullock's campaign.

The first-term legislator, however, must have forgotten to read the Texas Election Code prior to making the accusations because he later found himself in hot water for the methods he used to obtain the tape.

Richards' campaign workers, posing as employees of a computer consulting firm, called the comptroller's office and taped the conversation without revealing their true identities or that the call was being recorded.

Bullock criticized Richards as "sleazy," said he was "getting into a slime pit" and cried that the Republican's tactics amounted to entrapment.

**Vote Tabulation**

On further election issues, Secretary of State David Dean announced that his office definitely will be taking over the chore of adding up the votes this November from the Texas Election Bureau.

Dean praised the bureau for its work in tabulating election results since 1916, but said it was time for the state to assume that function.

The result, Dean said, will be "minimize the opportunity for election fraud" and "maximize the flow of election results" to the public and candidates.

The bureau, a consortium of news media, will continue to assist the secretary of state with the vote count.

**Bell Rates**

The Texas Municipal League has asked the Public Utility Commission to grant Southwestern Bell Telephone Co. less than half of the \$471.5 million rate hike it has requested.

TML officials say that Bell is entitled to no more than \$217.9 million. The league has proposed only a 15.5 per cent rate of return for Bell stockholders, compared to 17.1 per cent requested by the telephone company.

Bell asked for an almost identical increase last year, but only received about half that amount.

CHANGING ATTITUDES ABOUT DWI

Few things in this county have changed as much during the past few years as public attitudes on drunk drivers. It is a change we can all be thankful for.

Most of that change, in my opinion, can be attributed to the organization of Mothers Against Drunk Drivers (MADD), and the attendant publicity and editorial support they have received from our newspapers. They have succeeded, where others have failed, in drawing attention to the tragedy that has claimed the lives of thousands of Texans.

It was not long ago, for instance, when some public officials who ought to lead by example were openly contemptuous of our laws against driving while drunk. Much of this problem started nine years ago when my opponent became Lt. Governor and helped pass the law reducing the legal drinking age from twenty-one to eighteen years of age. Now Mr.

Hobby, feeling the heat of irate parents and loved ones, and perhaps personal remorse, had said he favors tougher drunk driving laws—a another switch from a previous position.

Political promises, however, are easily made. If a politician can't get excited about an issue of this magnitude in nine years, it seems unlikely that he would get excited and pursue corrective legislation in another four years.

So I hope the Mothers Against Drunk Drivers will stick to their guns, and I hope they continue getting support from the people of our state. Their efforts to put an end to this carnage on our highways has my support, and I hope it has yours.

Of one thing we can be reasonably sure: Starting next year we will have a new Lt. Governor, and that will make it easier. If you have thoughts on this subject, please write me at 1213 W. 34th, Austin, 78705.

## Rowden Sector News

By Mrs. N. V. Gibbs

We've all seen the "It's so hot" remarks on TV lately. This writer has one more to add to the list. "It's so hot in midday that eggs would boil in water from the hose."

If winter arrived next week, it wouldn't be too soon and then we'd wish for summer again because humanity is never satisfied.

Remember that Saturday, the 28th, is the regular monthly meeting time at the Center. Come with your supper at 7:30 p.m. and enjoy the fellowship of neighbors and visiting friends.

The Bob Dye family along with the Eugene Bell family spent Sunday at Lake Cisco. On Saturday night the Don Harrell family visited in the Dye home.

Mr. and Mrs. James Reynolds spent the week end in Stephenville with Tan and Janet Flippin.

Mr. and Mrs. Robert Watson are moving their son, Robbie, to Austin where he will enter the University. He had been there earlier to secure an apartment near the school.

Many from the community attended the funerals of Katie Lee Smedley in Baird on Wednesday and Bill Lawrence in Cross Plains Sunday. Sincere sympathy is extended to each family. Mr. and Mrs. Lawrence moved to Cross Plains after having lived in the community many years.

Connie Steele celebrated her 6th birthday Thursday with her family and grandparents present. Mrs. Opal Steele of Clyde and Mr. and Mrs. N. V. Gibbs.

Mr. and Mrs. Don Harrell and daughter Leigh had dinner Sunday with her parents, Mr. and Mrs. Ted Newberry in Abilene.

## Coleman Has Area's First Ranch Rodeo

During "Fiesta de la Paloma" Coleman will hold the first Ranch Rodeo to be held in this area. The first one was held in Wichita Falls in 1981.

It was such a success with the audience and the participants that Alpine included Ranch Rodeo in their centennial celebration. Along with the rodeo Fiddling Frenchie Burke will play for the dance Saturday night. The queen's contest will be held in the afternoon. It will be a full day of fun for all ages.

Ranch cowboys will contest ranch events, included in these will be team roping, saddle bronc riding, team penning, wild cow milking, team branding, and horse catching. Each event will be a timed event. There will be four members to the team. One thousand dollars will be added to the \$200 per team entrance fee for the purse. All cowboys will be in full ranch regalia, boots, spurs, jeans, etc. This causes a few mishaps in the arena since it is a timed event and some events include some running.

Anyone interested in bringing a team or in tickets, call Gloria Haas (915) 625-2329 at the Chamber of Commerce in Coleman.

## Area Persons Urged To Call S.S. Office

People living in Callahan County and the surrounding area should call the Abilene Social Security office to conduct Social Security business.

Using Social Security teleservice, people can conduct most of their business by telephone and save time and money, too, according to Glyn Hammons, district manager.

Unless information or service is needed immediately, it is best to call after the middle of the month. Offices are usually very busy early in the month, and mornings are generally busier than afternoons. But do not delay calling to conduct any business which affects benefit checks.

The Abilene Social Security office is located at 142 S. Pioneer. The telephone number is (915) 698-1360. You may call on (915) 698-2815 to file a new claim or (915) 695-1240 if you are calling about Supplemental Security Income (SSI).

## HINTS FOR ADVERTISERS

When you next call The Review, 725-6111, to place a classified ad, remember that words are your business. Words properly put together in an ad mean more phone calls and more sales for you. Follow the rules below and get more and faster results.

- Put in the address**  
Many out-of-town readers will write you, but will not spend money for a long distance call.
- Put in the phone number**  
Many readers will call you but will not find it convenient to come to your home or business.
- Avoid use of blind boxes**  
Avoid them if possible. They are difficult to answer and people prefer to deal directly.
- Put in the price, by all means**  
Surveys show that many people will not answer an ad unless the price is given.
- Keep the readers from guessing**  
On important details it is better to include them if they are relevant to a sale.
- Be available**  
If you advertise your phone and address, be sure you are not absent when the ad appears so as to accommodate the reader.

Joe and Hope Golson and their grandson Toby, have just returned from a five-state sightseeing vacation. In New Mexico they visited the Valley of Fires State Park; in Arizona the Petrified Forest, Painted Desert, Grand Canyon and the Navajo and Hopi Indian reservations. They visited the Hoover Dam and swam in Lake Mead. Then on to Las Vegas where they walked the strip and Joe and Hope played the slot machines and Toby the computer games. Joe and Hope came home with winnings. The Golsons were to go on to Lake Tahoe and Reno, Nevada, on to Oregon and then to Washington state to visit a friend, Don Long, who once ranched in the Burkett area. But when the temperature rose to 116 in the desert heat they turned east through Utah and headed for the Colorado mountains where they visited Colorado State Monument, the Blue Mesa Lake, watched two and a half miles down the old miners' trail which is called the suspense trail. Toby tested his skill at mountain climbing in the Grand Mountains out side of Canyon, Colo. They visited the town of Buckskin, Colo. which was built back as it once stood. They visited and walked on the Royal Gorge Bridge. Along their vacation in Colorado they enjoyed watching the raft teams on the Arkansas river which ran along the highway. ## Local Lady Attends Gathering Of WACs

Mrs. Don (Midge) McCall of Cross Plains recently attended a "reunion of World War II WACs" held at Goodfellow Air Force Base at San Angelo. She was one of 25 who gathered at the base on August 15 out of more than 46 who worked there during World War II.

Inez Russell, staff writer for the San Angelo Standard-Times, wrote of the gathering, in part, as follows.

"When American boys were sent 'over there' to fight in World War II, thousands of stateside military jobs were vacated. And that's when the girls stepped in, filling jobs that previously were marked for men."

"San Angelo's Goodfellow Air Force Base was no exception, where Women's Army Corps members worked in the motor pool, as cooks, control operators, radio mechanics and on link pilot trainers."

"This week end, nearly 40 years later, 25 of the more than 46 women who worked at Goodfellow during the war years returned to San Angelo for a reunion, as well as something of a celebration."

"The celebration was one of old friends and comrades coming together again — almost as if the forty years had lasted only a day."

"The hotel meeting room was crowded with women, much like the barracks must have been nearly 40 years ago. Only these women sported gray hair and a few more wrinkles than the fresh-faced soldiers they once must have been."

"They were soldiers fighting for their country who ended up proving a point about their gender as well."

## DPS Vows To Remove Dangerous Drivers

Capt. G. J. Matthews, Commander of the Texas Highway Patrol for the Abilene District, said, "The Labor Day holiday period is the time for the last trip of the summer for a lot of Texans. While Texas drivers are planning their activities for the holiday week end, the Texas Department of Public Safety is planning how to remove the dangerous drivers off the highways. The DPS will be striving to prevent traffic accidents and save peoples lives."

The Department of Public Safety will have all available troopers on duty and will be especially watchful for those drivers who are committing accident causing violations. The two major areas of concern for the DPS are speed and driving while intoxicated.

"We are concerned about the safety of all drivers on the highways," Captain Matthews said, "even though some drivers don't show much concern for their own safety much less the safety of someone else." In driving he said, "The one thing to look out for is 'over life.' 'Don't do anything that you could be sorry for later.'"
