## Library Friends To Begin Fall Pre-School Program

In their meeting Monday morning, Friends of the Library voted to begin the fall pre-school program next week. This year the program will include children who are 4 and 5 and 3-year-olds who will sit for short films and stories.

For purposes of registration and selection of a day, parents are asked to meet at the library at 10 a.m. on Wednesday, Oct. 10. Those who send children may send a choice between Tuesday and Wednesday.

The group also voted to meet at 9 a.m. Monday, Oct. 8, to continue cataloguing gift books so that they can be counted for the needed quota. Other days will be designated for work until the books are catalogued. Committees reported on plans for repairs and enlarging of space to accommodate the books which are coming in. Juanita Shaw appointed a committee to nominate officers for 1985.

Preparing books for use necessitates many types of work, from sorting, cutting, and pasting, putting on plastic covers, to typing. Anyone wishing to volunteer to help may call the library any afternoon, Monday through Friday.

## Carolyn's Corner

By Carolyn Glover

You know how sometimes in a conversation, you began to talk about your children, sharing accomplishments, discipline and such. Well in a recent conversation with a friend she mentioned a joke she had read in a magazine stating that Thanksgiving was set on the wrong day, it should have been set on the first day of school, therefore being thankful that our children (gifts from God) would be out of our hair, so to speak. She somehow didn't think this joke was funny and I agree with her. I am indeed thankful that our children are healthy, and that they can attend school, but not so I don't have to put up with them. I realize that during summer vacation that the children sometimes tend to get bored and end up at each other's throats and then I began to wish for something for them to do. I really enjoy being with my two daughters and when school time rolls around, I am never ready to send them. The statement was a joke, but I agree with Barbara that children grow up so fast and we should enjoy every minute that we have with them. Show them you love them and plan fun times together with them. Thank you Barbara Albrecht of Cottonwood for your thoughts on this. I, as most mothers that I am around agree with you 100 percent. I have so many mothers who have children who are away at college or married and many miles from home tell me, "You better enjoy them while you can, they will be gone before you know it!" That is good advice and I plan to follow it.

The best way to cheer yourself is to try to cheer somebody else up. Mark Twain

Experiment is a hard teacher because she gives the test first, the lesson afterwards. Vernon Law

Patty Flippin of Eastland contributed the following brief but interesting item.

"Mrs. Winnie Flippin of Pioneer recently told of her grandmother, a Cherokee Indian, born in the year of 1828, who was in the 'Trail of Tears'.

"Exactly 141 years later, she had a grandson born on her birthday. David Thomas Flippin, formerly of Cross Plains, will celebrate his 15th birthday on his great-great-grandmother's birthday, which is October 12."

His divine power has granted us everything concerning life and godliness through the knowledge of Him, who has called us to glory and virtue.

## FIRST FRIDAY MUSICAL AT M-P CENTER CANCELED

The musical scheduled to be held at the Multi-Purpose Center Friday, Oct. 5, has been canceled due to illness of staff members. "We regret having to cancel and hope it will not be an inconvenience to anyone," says Malinda Winfrey, center director. "We hope to see everyone at the musical in November," she said.

## Assembly Of God Slates Revival For Oct. 7-12

The Assembly of God Church at Main and Cypress St. in Cross Plains has scheduled a seven-day revival for Sunday through Saturday, Oct. 7-12. Everyone of all denominations, and especially those of no church affiliation are invited to attend any or all of the nightly services which begin at 7:30, according to Rev. Stephen Lipstraw, pastor of the church. Evangelist for the revival will be Rev. Jim Harcourt of Abilene, who for the past three years has been serving on the pastoral staff of H.S. and Carlton Earp at Baker Heights Assembly of God Church at Abilene, as their youth pastor. Rev. Lipstraw said that the evangelist has been in the ministry for the past nine years, seven of those as a spirit filled minister. For 26 years he was a Roman Catholic of which a couple of years were spent in the seminary studying to be a priest. Rev. Harcourt writes, "I have been married 14½ years to Debbie, and we have two children, Shealon, our daughter who is 9, and Heath, our son who is 6.

## President's Farm Credit Plan Could Help Locally

President Reagan's farm credit initiatives to reschedule portions of loans for some financially stressed Farmers Home Administration (FmHA) borrowers and to guarantee loans of some other borrowers may help farmers in Callahan County, FmHA County Supervisor Jack Phillips said Monday.

Annual reviews of FmHA farm loans will soon begin, Phillips said. A major priority of the reviews will be to determine which farmers in Callahan County will qualify for a rescheduling of part of their loans for up to five years. The President's plan permits up to a five-year deferral, with no interest payments, for as much as 25 percent of a loan, up to \$100,000, for FmHA borrowers who are experiencing severe financial stress and who show promise of success with a temporary economic boost.

Under the new guarantee plan, FmHA will be able to guarantee a loan in severe difficulty if the lender is willing to write off at least 10 percent, up to the amount necessary to give the borrower a positive cash flow. The borrower must meet general eligibility criteria for FmHA farm operating and ownership loans.

GOSPEL MISSION CHANGES EVENING SERVICE TIME It has been announced that time of evening services at the Old Time Gospel Mission in Cross Plains has been changed to 7 p.m. Previously starting time was 7:30 p.m.

## Volunteer Workers Seek \$4,600 Goal

Fifty volunteer workers will canvass Cross Plains and surrounding communities and area Friday, Oct. 5, seeking \$4,600 for the Cross Plains Area United Fund.

The workers are scheduled to meet at Odom's Restaurant at 8:30 a.m. for a brief orientation and to pick up necessary supplies for the drive. They are then to spread over the city and surrounding countryside at 8:30 making house-to-house calls in search of \$4,600, goal for this year's charitable drive. Friday's campaign is the only one for charities sanctioned in Cross Plains.

Clara Nell Spencer, drive chairman who was a hospital patient earlier this week, said before becoming ill that she had witnessed Cross Plains people support of the United Fund Drive in the past, and hoped and believed that it would be a success again although this year's budget is \$600 more than those of previous drives raised.

Jimmie Lee Payne and Mrs. Herbert (Helen) Freeman, who is Mrs. Spencer's assistant, joined together in asking that residents please give all they possibly can and to please have gifts ready for the volunteer workers when they call Friday. It will make their job easier and more pleasant. "We hope each donor will return the worker's friendly smile and greeting with one of their own," Payne and Freeman said.

Workers are being instructed to please turn in donations when collections are completed to Susan McNeel at the Citizens State Bank.

Potential contributors are invited to examine the box attached to this story to see how the budget is divided, and what charities are benefiting from the local United Fund.

Mrs. Spencer listed the volunteers and assigned work areas as follows some weeks ago.

Area 1 — Joyce McCoy and Bobbie Johnston.

Area 2 — Juakana Scott and Zeva Mae Bryant.

Area 3 — Rosalea Bonner and Exa McCord.

Area 4 — Bobbie Edmondson and Lyda Shullis.

Area 5 — Minnie Cunningham and Lois Garrett.

Area 6 — Becky Odom, Lou Grider and Hazel Marsh.

## Mites Record Third Win; Host Lometa Thursday

Mighty Mites of Cross Plains Junior High School rolled to a third consecutive gridiron victory, first in district competition, with a 22-0 shutout of host Blanket last Thursday.

Mites will put their unbeaten and unscored on record on the line against Lometa counterparts here Thursday in a district contest at 6:30 p.m. at Buffalo Stadium.

Cross Plains' first score came after a long drive in which Fullback Chris Brown and Halfback Robbie Wheeler did some fine running. Tailback James Ames scored from five yards out on an off tackle play. Brown went off right tackle for the two-point bonus and an 8-0 lead. The tally came on the Mighty Mites' first possession, and the remainder of the first half was scoreless.

Mites counted next touchdown in the third quarter when Wheeler spurted off left tackle for 22 yards and six points. Quarterback Terrill Smith sneaked into the end zone for the two bonus points and

a 16-0 lead after three quarters.

Third tally came in the final canto when Brown rambled 15 yards off right tackle for the touchdown. Extra point try was not successful. The counter was set up by a 21-yard pass from Smith to Split End Tye Flippin. Coaches Mack McConal and C. E. Carmichael said, "Our offensive line looked super sharp on their blocks and our defense was super tough." They pointed out that the win was the Mites' third shutout.

The following Mites were listed as being outstanding on offense and defense. Casey Williams, Richard Smith, Curtis Wyatt, Robbie Wheeler, Chris Brown, Terrill Smith, Glenn Webb, James Ames, Bill Johnson, Michael Franke, Daryl Bates and Cody Odom.

Others playing good offense and defense were Scott Crockett, Clinton Gilmore, Robert Hargrove, Chad Bagley, Don Sibley, Aaron Pope, Darron Duffy and Clayton Gilmore.

## Begin Now To Protect Lawn, Plants In Winter

To avoid a repeat of the damage many lawns and landscape plants sustained last winter, the following tips, obtained from county agents and Southern Living magazine, are offered.

Healthy lawns and plants can withstand more stress and cold weather so it is advisable to fertilize lawns now with a 2-1-2 analysis fertilizer and keep grass well watered. Some insulation is offered by leaving the grass a little taller than usual when it is mowed for the final time this season. All lawns can benefit from a good winter weed control program. If your lawn was filled with winter weeds last year, now

is the time to think about controlling them. Several herbicides, called pre-emergence types, are effective if applied early to mid-October. For St. Augustine and Bermuda grass lawns, good pre-emergence herbicides include Balan, Betasan, Pro-San, and Dacthal. When you purchase these products, make sure that you buy granular materials and apply in a drop-type spreader according to label directions. If you do not have rain within the next several days after applying, water the lawn thoroughly. This will help the herbicides come into contact with

## Blocked Punt Dooms Herd In District 8-A Opener

A blocked punt in the second quarter led to the downfall of the home standing Buffaloes Friday night in the District 8-A football opener against the Blanket Tigers.

The visitors used the blocked kick to toss a 23-yard aerial for the night's only touchdown. The point after touchdown was successful, and Blanket posted a 7-0 lead which eventually resulted in a victory.

The loss kept the Thundering Herd winless in four outings on the season, while the Tigers improved their record to 2-2.

Bisons blew a scoring threat on the second play of the game. John Fred McWilliams recovered a Tiger fumble on the first play from scrimmage deep in Blanket territory. Cross Plains returned the compliment on the Herd's first offensive attempt by allowing a Tiger to swipe an aerial.

Buff punter Darin Apple ran a fake punt 75 yards for an apparent touchdown, but it was can-

celed by a clipping penalty.

Other than those brief offensive flashes, and a moderate drive by Blanket in the last canto, it was a defensive contest.

Much needed rain which had fallen earlier during the day affected play throughout the game, especially in the opening quarters.

Buffaloes showed defensive strength in rebuffing a challenge by the Tigers in the fourth quarter, turning away a drive inside the Herd's 20 yard line.

Blanket also showed a good defense as Cross Plains gained only a total of 68 yards, but earned just 129 themselves.

The Golden Herd will travel to Lometa Friday for its second District 8-A game at 7:30 p.m.

Buffalo Head Coach Ron Lankford said the Hornets are tough, having posted a 3-1 mark. They have size, and most of last year's team is back. They walloped Rochelle 41-0 last week, he emphasized.

## State Capital HIGHLIGHTS

By Lyndell Williams

(Intended for last week)

**AUSTIN** — The Governor last week launched the major overhaul of the public school system by appointing a new membership of the State Board of Education.

But still unanswered is the question of whether another tax increase will be necessary to pay for those reforms and other items in Texas government.

While Gov. Mark White was naming his 15 appointees to replace the 27-member elected board that was dismantled under the reforms, Texas Comptroller Bob Bullock was predicting that state revenues will be at least \$200 million short of what is needed to maintain services in 1986-87.

Bullock said state legislators won't be able to approve even a no-growth budget if his estimates are correct. And if the Legislature wants to expand state services to make up for inflation and population increases, lawmakers will need to come up with an additional \$1.7 billion.

Speaker of the House Gib Lewis and a key committee chairman, Stan Schlueter of Killeen, promptly vowed to fight any new tax increase in the coming session, explaining that taxpayers could not swallow another tax hike so soon after the record tax bill this summer.

The Governor has not indicated whether he would support another increase this spring.

### Tax Hike Necessary?

The situation will become complicated if oil prices slump and reduce Texas production, or as one lawmaker added, if the federal courts order more vast expenditures in the state prison or mental health systems.

If future revenues don't come in, then the Lone Star State, which has enjoyed budget surpluses for years, will have to indeed bite the bullet and face a second tax hike, because the rainy day money has already been spent, much of it on the education reforms enacted in the Governor's special session this summer.

**Then and Now**  
Schlueter, whose Ways and Means Committee controls the gate for any tax bill, summed up the prospects this way:  
"Last time we had an issue (public education reform) that the people believed in. It had the two ingredients, necessity and public support."

But the coming crunch, "the State may come up with the necessity, but you will not come up with political support."

### Pressure on White

The prospect of advocating another tax increase, especially in the manner in which he led the charge for school reform, cannot be attractive to White, a Democrat, as he thinks about re-election.

For some months now the state has been plastered with billboards bought by the opposition party which remind passerby that White has reneged on one campaign pledge of "no more taxes."

Two tax hikes, one on the heels of another, could only double the amount of political flak that White would surely catch on the '86 campaign trail.

Even if taxes aren't raised again, it remains to be seen whether the new school reforms will be acceptable to the public — whether they will like what they have paid for.

### New Board

With that thought no doubt in mind, White named a new state board with a strong business management background to make sure the reforms don't falter.

He also maintained minority representation on the new board, as he said he would try to do.

The new membership has three Hispanics, two blacks, and five women. Six members are business persons, four are educators, three are lawyers, one physician, one dentist. Only two are holdovers from the abolished elected board.

Before the new board can take action, it must receive clearance from the U. S. Justice Department, which approves all election changes. Sometime in the next session, the appointees must be confirmed by the Texas Senate.

### Land Bids

Texas Land Commissioner Gary Mauro released a list of 80 tracts of state land that have been authorized for resale to the highest bidder by the Veterans Land Board.

Mauro is offering terms of nine and one-quarter percent to veterans on a 30-year assumable fixed rate loan.

A public reading of the bids will be held Oct. 17 after the bids close at 10 a.m.

### Short Takes

Senator John Tower says he will participate in, or perhaps lead, a filibuster to block passage of the Simpson-Mazzoli immigration bill.

State Sen. Bill Sarpolius plans to introduce legislation to raise the drinking age to 21.

Comptroller Bob Bullock says the tax bill passed during the special session covers parking meters, so cities will be required to collect and remit the tax.

The Department of Public Safety says Texas' crime rate dropped 3.7 percent for the first half of 1984.

Texas Democrats re-elected Bob Slagle of Sherman to a third term as party chairman.

the weed seeds.

To reduce the likelihood of freeze damage, especially to evergreen plants, be sure to mulch the root area to prevent low soil temperature. This allows continued uptake of moisture and less chance of dehydration. Do not allow the soil to become excessively dry. Water thoroughly before a freeze, but do not water while ground is frozen.

Many experts believe that fall fertilization is just as important as spring feeding for shrubs and young trees

There are several good reasons for this. The roots of plants continue to grow and develop during fall and winter, storing nutrients that will be the fuel for new foliage growth in the spring. Fall fertilization supplies additional nutrients and the time to store them, resulting in better spring growth. Also the additional potassium helps plants survive the winter.

There is one caution about fertilizing trees and shrubs in fall wait until after the first killing frost. If applied while the weather is still warm, the new growth encouraged by fertilization may be killed by cold weather.

Use the same amount of fertilizer as recommended for spring fertilization, or use the following as a general guide. For newly planted trees and shrubs, use one half cup of 5-10-5 per plant; for established or mature shrubs, increase to one cup per plant.

Cottonwood News

By Beverly BROWN

The Cottonwood Ladies Quilting Club is having a bake sale this Friday in front of Higginbotham's store in Cross Plains. Come by to visit and shop with the girls for your bakery goods.

W. D. and Billie Clark have recently returned from a 17 day-Southern Living Tour in Europe. They flew to London, England, traveling by steamer across the English Channel to France and toured on a special tour bus for their group thru West Germany, Holland, Switzerland and Belgium.

In England the Clarks visited Steeple Morden, where W. D. was stationed for 27 months with the 355th Fighter Squadron during World War II. In 1981 a monument was erected in memorial to the 355th at the site of the priory. They visited historical sites and places in London, Paris, Amsterdam, Brussels and a trip up Stanser Horn in the Alps from where they could view the Matterhorn close by. Billie reported they had a great trip, saw some beautiful country and related many of the interesting things they did and saw while on tour. Folks, this tour travel sounds fantastic and the only way to go. An interpreter, the tour guide on the bus speaks seven languages an dthe driver, a man from Holland stayed with the group through their bus trip. If you get a chance have W. D. and Billie tell you about their tour, fabulous.

A special "thank you" to Bob

Harrell for the new quilting stands he made for the quilting ladies at the Cottonwood Community Center. The girls are proud of these and know you spent some time on this project, Bob. Thanks a lot.

This past week on Thursday, Daisy and Wes Holcomb and Teressa and Joe Martin had dinner with Ethel Anderson. Ethel went over to see Knox and Winona Waggoner Friday evening. Stuart and Barbara Sowell and family visited with her Sunday before church.

Darwin and Wanda Anderson of Abilene came by Sunday, had dinner with his mother, Ethel Anderson and the trio visited with Vanda King, Blandye, Leah and Kyle afterwards.

Correction to last weeks column: Ladies, take notice of the series "Santa Barbara's star — Dane Witherspoon. He is a second cousin of a local lady, Mrs. Ethel Champion.

Sory about that Ethel's. It stated Ethel Anderson, Maybe Ethel Champion will share her cousin with the Anderson family.

R. L. Barnett and granddaughter, Seba Kennedy, had a birthday dinner and party Saturday night at the Barnett's here. A beautiful birthday cake decorated in roses and the theme "Love is Sharing a birthday" was presented to the honorees. Mrs. Carol Kennedy and Paula, Mr. and Mrs. Allen Barnett, Danny, Jeremy and Lindsay, and Billie were on hand for the celebration.

Jesus Talk Report . . .

Well, we had another "you oughta been there" service at the Multi-Purpose Center in Cross Plains Friday, night Sept. 21, with 36 adults and 4 children present. Jesus was certainly there in the midst of His people as He said He would be.

The Bluegrass Gospel singers were there this time and we all did enjoy their performance. Wayne Dennis sang the two bass solos we've been requesting him to sing. Vera Pearl Bunnell accompanied him on the piano which is always perfect. Also, she played for and helped sing in a trio with her sister Ernestine Watson, and Jo Rhodes. She also played for a duet by Connie Kirkham and Peggy Dickson.

Dorothy Reynolds sang the song that everybody loves, "How Great Thou Art." Her singing is a perfect as Vera Pearl's piano playing. And, we gotta hand it to Dot's husband, James, for sharing her with us all in so many different things. God will reward you, James. A lady from Burkett, Christine Long, sang two songs in poem form which the Lord gave her, and we enjoyed that. Yuna

Friends Of Library Host Membership Tea

Friends of the Library hosted a membership tea at the Cross Plains Public Library on Monday afternoon, Sept. 24. Table decorations and refreshments carried out fall colors.

A number of guests were new residents in Cross Plains and/or new members of the library. Special guests from Ranger were Mrs. Alla Ray Kuykendall and her daughter, Mrs. Alla Ray Morris.

In other library news, people are responding well to the call for hard back books. Donors not reported previously include Barbara Black, Dorothy Eubank, Joe Ward, Mrs. Jack Watkins, Linda and Addie Watkins, Nelda Holmes and Becky, and Mrs. Tommy T. Morris.

Memorials not reported include memorials for Mike Kulenovich by Clara Nell Spencer and Mr. and Mrs. Richard Purvis; and for B. A. Moore by Mr. and Mrs. Purvis and Mr. and Mrs. J. O. Williams.

Donations have been made by Mrs. Kuykendall and Mrs. Morris. Zora Mae Bryant and Irma Miller. Membership dues have been paid by Rosalea Bonner, R. T. and Yvonne Peavy, and Mrs. R. C. Ames.

Meetings are held regularly on the first Monday of the month at 10 a.m. in the library. Members are invited to attend to plan the development of the library and its services to the community.

Child Welfare Board Slates Baird Meeting

The Callahan County Child Welfare Board held its monthly meeting September 20th at the Church of Christ in Clvde. With the increase in the amount and severity of the child abuse cases; board members were appreciative to learn that the first P.T.C. meeting of the Clvde School focused on child abuse and neglect. Parents and teachers are the main line of defense in looking for signs of abuse in children and in helping to combat this mounting problem.

Plans for an orientation to foster parenting were formulated, and a tentative date was set for the workshop.

Board members were invited to view the impressive clothing room which has been servicing the county for almost a year. Although the room is in the Church of Christ building, it was stressed that the project is non-demonstrational and the only condition is need. The community has reason to be proud of the people who have been involved in this successful project.

The next meeting of the board will be October 18 at the courthouse in Baird.

Help make our county a happier place for our children to grow up in by reporting any suspected child abuse or neglect. The toll-free number is 1-800-252-5400 or the local office in Baird is (815) 354-1257," a spokesman urged.

### Game Officer Known Locally Wins Award

Terry Joy, formerly of Baird and well known in Cross Plains, has been chosen as the 1984 outstanding officer of the Southeastern Association of Game and Fish Agencies.

The 17-year game warden, who now lives in Llano, was nominated through the regional Texas Parks and Wildlife Department in Brownwood and then was selected by the main office in Austin for the state honor.

He won the association's award over officers from 15 other states. Joy, the son of Mr. and Mrs. M. H. (Bob) Joy, is a 1959 graduate of Baird High School. He is the grandson of Mrs. R. F. Joy of Cross Plains.

"Your many years of outstanding service and dedication to your job and this agency are to be commended," wrote Charles Travis, executive director of the Parks and Wildlife Department. "You have the respect and admiration of the entire department for your outstanding contributions to the people of Texas."

Officer Joy has two sons, Greg, who attends Angelo State University, at San Angelo, and Mark, who attends Tarleton State University at Stephenville.

San Franciscans have voted to prohibit construction of any high-rise building that would cast "significant" shadows over public parks, says the National Wildlife Federation. About 200 parks, playgrounds and squares will be affected by the new law.

The weather is sure nice today. The sun is shining but it was cold this morning. We got 1.30 inches of rain during our rainy spell. We have been burning our fireplace. It sure did feel good. Our visitors this week were Bill and Idella Hollis and Jeff Coker. We went to Brownwood Friday. It sure was a pretty day for shopping.

Mr. and Mrs. Bill Hollis went to Abilene and Eastland shopping and visited his mother and sister, Mary Hollis and Mary B. Sheffy, while in Abilene.

Mr. and Mrs. Truitt Dawkins left Monday and went to Granite Shoals where they visited his brother and sister-in-law. They also fished while they were there. Truitt said fishing was pretty good. They came home Thursday after Truitt caught the bug. He is better now.

Robbie Pector went to Brownwood and Eastland on business this week. Her son and family, David and Martha Evans and Shaun, have moved in with her for the time being. They are both for work in the area. Hope they can find some so we can keep them in our community.

Mr. and Mrs. W. N. Smoot went to Abilene Sunday to visit their son, Bill, and his family.

Mr. and Mrs. Wes Holcomb visited in Gustine Wednesday and Thursday. They were visiting their daughter, Judy Livingston, and family. They visited Ethel Anderson at Cottonwood Friday night.

Mr. and Mrs. Everett Clowers' visitors Friday and Saturday were Dwayne Clower, Dennis and Carol Clower of Brownwood. Dwayne ate lunch with them Fri-

day. Glenn Erwin of San Angelo visited Edwin Erwin Sunday along with Louise Foster and family.

Wanda Blackwell and Inez Shawver visited Mr. and Mrs. Arza Green one night last week. They had a hot game of "Murder" while they were there. Sunday was Nora's birthday so they went to Coleman for lunch and came back by Rowden and visited Leona and Weldon Gary.

Mr. and Mrs. Wayne Gage went to Weatherford where they visited their son, Tony Gage, and family. While they were there, they went to the flea market.

Louell Winkle and Drew Jenkins sent the weekend with Mr. and Mrs. Delmer Fitzgerald while Drew's mother took his brother to be fitted with walking braces.

Mr. and Mrs. Troy Ray Watson and children of Lempasas, Mr. and Mrs. Albert Katady of Rising Star and Mr. and Mrs. Terry Watson of Sabanno were Sunday visitors in the home of Mr. and Mrs. Troy Watson.

Ophelia Lawson is in a hospital at Dallas. Hope she comes home soon. We miss her.

Leeland and Terry Watson were in an accident this last week. Terry is doing pretty good, but Leeland is still in the hospital in Abilene. He has a broken leg, his collar bone is broken in two places, his face is cut plus other bone and joint injuries. We hope both of you are doing better soon.

Remember to pray for our sick.

**DON'T SHOOT AT POWER LINES!**

Never shoot at power lines or the insulators that hold them. A severed line could cause a dangerous power outage, and the downed line itself could also be a very serious safety hazard.

Here are a few other tips on how to live more safely — electrically:

**Keep Children Away from Outlets!**

Don't let small children play near electrical outlets. A child could easily put a finger or some object in an outlet when you're looking away. A wise safety precaution would be to put safety caps in all wall outlets.

**Use Power Tools Wisely!**

Be extra careful when using power tools. Always be sure the wiring is adequate for the job. See to it that there are enough circuits of the right size, and that all circuits are grounded. Also, never use electric tools in the rain or on wet surfaces.

## Pioneer News Items

By Laverne Hutton

I know everyone must be thankful for the rain we have received, even though we still need more. Please excuse me for not being home to write the Pioneer news lately, but I should be here now "for a spell" so please call in your happenings.

Today we hear so much about the "wall of Separation between Church and State," doctrine required by the U.S. Constitution. This phrase isn't found anywhere in our Constitution! The only references to religion are in Art. 6 (3) prohibiting religious test as qualifications for federal office, and the 1st Amendment stating "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof..."

The doctrine of separation of Church and State originated in the answer the U. S. Supreme Court gave in a 1947 decision of *Everson vs. Board of Education*. In defining the First Amendment, the Court said "In the words of Thomas Jefferson, the clause against establishment of religion by law was intended to erect a wall of separation between Church and State." This clause is not found in the Constitution, but is a statement that Jefferson wrote in a private letter when he was President in 1802, where he said, "I contemplate with sovereign reverence that act of the whole American people which declared that their legislature should 'make no law respecting an establishment of religion, or prohibiting the free exercise thereof,' thus building a wall of separation between church and state." Thomas Jefferson wasn't even in the United States when the first amendment was adopted in 1791. He was serving as Ambassador in Paris! "The wall of separation" Jefferson referred to was to prohibit Congress from establishing a State (national) Church.

Our founding fathers believed in a Divine Creator until recent years. Now most members of the Supreme Court have a Humanistic viewpoint and do not believe in the Creator, therefore the decision coming from the Supreme Court today are in complete opposition to what our founding fathers had in mind.

Bible reading and instruction and prayer continued in our nations public schools until Court rulings in 1948-62-63. In 1647 the General Court of Massachusetts ordered every community of fifty families to have a school to teach children to read. The reason given by the court for establishing schools was; "It being the chief project of the old deluder, Satan to keep men from the knowledge of the Scriptures, effort must be made to thwart this old deluder". In 1777 our Continental Congress vetoed an expenditure of \$300,000 to buy copies of the Bible and to distribute them throughout the country.

Nettie and Sally Roady visited Cindy in the Eastland Hospital Sunday. Cindy was to have surgery Monday morning. Nettie and George Mack and Maryanne Taff went to Junction Saturday to visit his sister and husband, Mr. and Mrs. D. C. Summers and his mother, Mrs. Katie Sterling and nieces and nephews. Sunday they visited her parents, Mr. and Mrs. E. F. Starks, in Mason. They also got to visit with her brother, James, Starks, who was there from Midland. They returned home by San Saba and visited the museum there. She said they had a very nice museum for a small town. One day week before last the Taff family went to Katy near Mason to hunt for Topaz. They didn't find any, but had a lot of fun.

Ethel Brown said she has been doing a lot of visiting by telephone. Her recent visitors were Eunice Pointer, Kate Watson, Lou Gridler, Jeanette Purvis, Mable Burchfield, John Purvis and Mable Halsell.
