By Carolyn Glover

The following came from Gramma's Stories and Rhymes for Little Christians by Margaret A. Lang.

Knock, Knock
Someone came knocking at my heart's door.

I heard it again as I've heard it before.

But this time I opened it, and to my surprise

Jesus came in and opened my eyes. Revelation 3:20

A Year of Blessings
January's white with snow
Aren't you glad God made it so?
February is so cold
To play outdoors, one must be bold.

March winds thaw the frozen ground.
Crocuses bloom all around.

April rains and gentle breeze and blossoms on the apple trees. In May the garden we will sow, God will cause the seeds to grow.

June is heralded with a shout Hurrah! Hurrah! School is out! July, Thank God for sun and rain,
Which helps to grow the summer grain.

In August, it's a general rule, Children go to Bible school.

Warm September days are fun Harvest of crops have begun. October frost and early freeze- Colored leaves fall from the trees.

November, we give God our praise

For blessing us these many days.

December, let us everyone, one,

Thank God for His blessed Son. Copied

God will not allow us to be overwhelmed by temptation, but with it He will provide a way of escape so that we will be able to endure it. 1 Corinthians 10:13.

No Better Gift
How wonderful a friend who shares the past,
Who recalls other friends, events, and days—
Who shares your fervor for a flag full mast,
Who understands your fears, your dreams, odd ways.
Who has a friend to share the past, the now—
He knows the rainbow's end; the pot of gold;
He knows the wealth, the joys, the gods endow,
Such wealth, he knows, cannot be bought or sold.
A lifetime friend—God gave me one and I
Give thanks to Him each time my friend drops by. Copied

Work Force Filled For UF Drive Oct. 5

The United Fund areas have been assigned as listed in last issue of the Cross Plain Review. Charlene Metcalf will be representative for the Coleman Highway and Dressy area. Persons wishing to contribute in the Sabanno area may leave donations with Linda Strickland at her shop, Double SS Art Gallery, or at her home.

Workers will meet at Odom's Cafe at 3:15 a.m. Friday, Oct. 5, for a brief orientation meeting, and the drive will kick off at 8:30 a.m.

Volunteer workers are asked to please turn in collections to Susan McNeel at Citizens State Bank, by drive chairman, Clara Nell Spencer.

Cross Plains Area United Fund

is seeking \$4,600 for charities for the coming year, and Friday, Oct. 5, a house-to-house campaign will be made to raise the bulk of that amount.

United Fund officials are urging local residents and business people to please have donations for as much as possible on hand when the volunteers call.

Jimmie Lee Payne, U.F. President, and Mrs. Spencer said that in the past, people of this community and area have shown great support of the lone sanctioned charitable drive here, and expect that they will do so again.

"A lot of folks other than just us will be genuinely grateful of your support," said Payne and Spencer.

Changes Made On School's Calendar

Changes were made recently in the 1984-85 school calendar. All changes were in holidays on Fridays during the long spring semester.

Holidays remaining unchanged are Thanksgiving, November 22-23, Christmas-New Year's, December 21-January 2, and Callahan County Stock Show, February 15. No classes will be held Monday for teacher's in-service training.

First semester still ends Dec. 20, 1984, and second semester starts Jan. 3, 1985, and ends May 21, 1985. Seniors will be graduated May 17.

24 Local Members At Cisco AARP Parley

Twenty-four of the 57 current members of the local chapter of A.A.R.P. attended the first multipurpose meeting for the district composed of Albany, Cisco, Cross Plains, Eastland, Dublin, Breckenridge convening in Cisco, Tuesday, Sept. 18, in the Senior Citizens Center.

Music from the attending chapters was the morning entertainment, followed by luncheon for some 280 attending members and visitors. Speaking after the luncheon was Pat Middleton, Area VII Vice-President, representing the states of New Mexico, Louisiana, Oklahoma, Arkansas, and Texas.

Theme for the meeting was "Health Care", with Mr. Middleton accenting "Cut the Cost of Health Care". He was introduced by Alice Karthauer, State Director from Brenham, but who was formerly from Eastland, serving as county agent there before entering the Medical Corps of the United States Army as First Lieutenant. Cross Plains members were interested in the fact that she asked about the former Sarah Collins, with whom Mrs. Karthauer attended college.

Perhaps the highlight of the Cross Plains musical presentations, coordinated by Cody Hounshell, was their presentation of "Put on Your Old Gray Bonnet," during which the gray bonnets were daintily perched on each member's head. The bonnets — with their "blue ribbons" — were very attractively made by Peggy Koenig.

Among the honored members who were 90 years old or older was our own Lewis Newton, now of Eastland. One of the "seniors", a 96-year-old sang two spirited numbers! All were given certificates of recognition.

CHURCH OF CHRIST SETS SERVICE AT REST HOME

Services at Colonial Oaks Nursing home will be conducted by the Church of Christ, Sunday, Sept. 30, at 3:30 p.m.

ROPING CLUB MEMBERS REMINDED OF MEETING

All members of the Cross Plains Roping Club are urged to attend a meeting of the organization planned for 7 p.m. at the club's arena.

A date and time for the play day for local youngsters will be determined.

Bufs Host Blanket In District Opener

Cross Plains Buffaloes will play host to the Blanket Tigers in the District 8-A curtain raiser for both teams Friday night.

Local fans are cautioned that kickoff time is 30 minutes earlier in league encounters, making game starting time 7:30 p.m. Same admission, \$3 for adults and \$2 for students, is to be charged.

Cross Plains go into the loop contest still seeking its first victory of the season. Last week host Baird Bears defeated the Herd 21-6 in front of a large homecoming crowd.

A disastrous second period for the Buffaloes gave Baird 21 points. An intercepted pass with a long return led to the first Bear touchdown. The stolen pass was returned to the Buff's 40, and Baird drove in from there with Jody Turnbow covering the final seven yards. Buffalo John Fred McWilliams blocked the kick attempt.

Following a short punt by the Herd, Baird got the ball on the Bison 20, and five plays later Quarterback Mark Harris scored

on the oution from a yard out. Harris then passed to Scott Graham for the two points' and a 14-0 lead.

The combination of Harris to Tight End Graham worked for a 65-yard pass run score a few minutes later, and Howard's kick upped the count to a 21-0 at half-time.

Bisons prevented Baird scoring in the second half and counted a touchdown in the second half. It came on a 41-yard pass from Quarterback Devin Koenig to Split End McWilliams. It was a big gainer on the 60-yard drive. An attempted pass failed on the two-point bonus try.

Tom Sibey, who was praised with a good game both on offense and defense, blocked downfield for McWilliams on his good TD run.

Cross Plains reportedly played real well in second half, and a bright spot in the first half was in the pass interception of a Bear aerial by Troy Harris, Buff free safety.

Friday's District 8-A foes, Blanket Tigers, have a 1-2 record, while Bisons are 0-3. Coach Ren Lankford said the contest, "Figures to be a good game". He also reminded fans that kickoff is 7:30 p.m. this week.

Scouting reports indicate that the Tigers are real aggressive on defense. They don't have a great lot of speed, but are aggressive and play a power game on offense. They don't throw the ball much normally, local coaches indicated.

Last year the Herd bowed to the Tigers 21-14.

WTU Settles Rate Hike Case Prior To Hearing

A settlement agreement providing an increase in base rates and a decrease in fuel costs charges has been reached in the West Texas Utilities Co. rate case now pending before the Public Utility Commission of Texas.

A formal hearing scheduled for this week in Austin was cancelled after WTU, the PUC staff and intervenors on behalf of several cities entered into a negotiated settlement on all issues involved in the rate case. A hearing is set for 3 p.m. Wednesday, Sept. 26, for submission of the written agreement, which must be approved and signed by the cities. The hearing examiner then will make a recommendation to the three-member commission.

Under the agreement, WTU would receive an increase in basic rates of approximately \$12.5 million. It will receive about \$7.1 million less for fuel costs because fuel prices apparently have softened. WTU also will refund to consumers about \$6.1 million in fuel costs over collections during the past year, bringing the total fuel revenue reduction to roughly \$13.3 million. The refunds will be reflected in customer bills throughout the coming year.

The effects on various classes of customers depends on details of the new rate design which were being worked out by company representatives and other interested parties. A new feature for WTU

rates will be a summer-winter differential for residential and commercial customers. This will establish lower rates during the rest of the year, which is the peak usage season.

The new rates will not go into affect until a final order is issued by the three-member commission. In WTU's last case, the hearing was held in September and rates became effective in January.

Mighty Mites Win 2nd Game, Blank Baird 20-0

Cross Plains Junior High School Mighty Mites recorded a second consecutive football victory in home opener last Thursday with a 20-0 win over Baird counterparts.

Home standing Mites counted 12 points in the first half and eight more in the second half for the victory.

Mites first touchdown came on a 37-yard run around left end by Halfback Robbie Wheeler. That came in the first quarter.

In the second quarter a 17-yard pass from Quarterback Terrill Smith to Tight End Darrell Bates struck paydirt. Attempted two-point conversions after both tallies failed.

In the second half Split End Tye Flippin set up the last touchdown with a 38-yard scamper around left end to the Baird one-yard line. On the next play Smith went into the end zone. Tailback James Ames went off right tackle for the two-point conversion and the final 20-0 score.

Coaches Mack McConal and C. E. Carmichael commended the following Mites for outstanding play on both offense and defense: Chris Brown, James Crockett, Tye Flippin, Michael Franke, Glenn Webb, James Ames, Clayton Gilmore, Bill Johnson, Richard Smith, Terrill Smith, Matt Strickland, Casey Williams, Robbie Wheeler, Curtis Wyatt, Chad Bagley, Darrell Bates, Deron Duffey and Cody Odom. Others playing were Robert Hargrove, and Donald Sibley.

Matt Strickland was lost from the squad for the year due to an injury. Coach McConal said, "He was doing an outstanding job for us on both offense and defense, and will be missed during the coming season".

Cross Plains plays Blanket Thursday in the first district contest of the season. McConal said that the Mites will leave here at 4:30 p.m. and play at 6:30 p.m. "We hope to be back here about 9:30 p.m.," the coach stated.

State Capital HIGHLIGHTS

By Lyndell Williams

(Intended for last week)

AUSTIN — Political attention turned away from campaigns last week when news broke that a Port Arthur state senator had been indicted on pornography, promotion of prostitution and perjury charges.

Rumors had barely rippled in this summer during the special session that State Sen. Carl Parker was being investigated, but the waves weren't large enough to keep Parker from heavily influencing the education tax bill which was passed.

As chairman of the Senate Education Committee, Parker and others were instrumental in holding the tax bill hostage until a sales tax hike provision was included with various other increases in the record tax bill.

After the probe became public last week, his hometown defenders accused a local prosecutor of waging a political vendetta against Parker. Parker, himself, issued a statement saying he had committed no crime. Around the state, his colleagues in the Legislature issued statements of surprise and shock.

Business Partner

The charges stemmed from Parker's ownership interest in a building alleged to house a hard pornography marketing operation and a prostitution ring. The perjury charge alleged he had lied to a grand jury during the probe. All indictments came from a state grand jury in Beaumont.

Parker has said he was unaware of the activities being conducted in the building by other interest holders.

A Democrat, Parker is opposed in November for his labor-dominated district. As yet, no write-in candidate has emerged.

School Board Nominees

Public education reform took another step last week when Gov. Mark White was given a committee's list of 45 nominees for the newly created 15-member State Board of Education.

White's appointments from the

list compiled by a legislative nominating panel will replace the 27 elected board members who saw their positions abolish this summer.

The governor said he would try to appoint five minority members to replace the abolished minority members.

Some Convene

Texas Democrats held their state convention in Dallas last week, overwhelmingly re-electing chairman Bob Slagle to his third term.

Slagle, generally regarded as one of the hardest working chairs his party has ever had, spent much time trying to patch up hard feelings in his divided party.

An issue is whether conservative Democrats will stay in the party, or cross over to vote for Pegan and Gramm.

Some Bolt

A couple of days after the Democrats adjourned, some 15 former local and state Democratic officials from Dallas County announced they had joined the Republican Phil Gramm.

Their reasoning is that Gramm's opponent for the U. S. Senate is too liberal, and not really what they call a Texas Democrat.

That opponent, Lloyd Doggett, is busy organizing for a strong push to the Novembers finish line after gambling this summer on strategy. Doggett chose to hold his campaign cash in reserve rather than try to counter Gramm's advertising consultant during the summer weeks.

Gramm recently boasted he has recruited 150 Democratic leaders who worked as county coordinators for Doggett's unsuccessful opponents, Bob Krueger of New Braunfels and Kent Hance of Lubbock. Doggett's personal attacks in the primary campaigns may be backfiring on him now, some observers report.

Texas Prospering

A U.S. Commerce study reports that the per capita incomes in Texas have risen faster than other states. After World War II, Texas ranked 36th, and had pulled to 32nd by 1969.

At last count, 1982, Texas was ranked 16th. Income from agriculture has fallen from 12 percent to less than one percent, and manufacturing has become the largest source of income.

Short Takes

Houston's main post office has been named the Barbara C. Jordan Post Office Building, honoring the former U.S. Representative.

Gov. Mark White has requested drought disaster designations for Brooks, Howard, Limestone, Nolan and Jim Wells counties.

State Treasurer Ann Richards reports the transfer of \$9.8 million in unclaimed property collections to the General Revenue and Available School Funds, meeting her goal of \$10.1 million — an increase of 36.5 percent over last year.

A survey by the UT College of Communication shows alternative long distance telephone services are used by 8.3 percent of residences and 31.7 percent of businesses sampled. The percent ages were 11.3 and 33.9 when limited to areas where alternatives services are available.

12 LOCAL LADIES ENJOY TRIP TO BROWNWOOD

Twelve members of the Esther Sunday School class of First Baptist Church enjoyed an outing on Monday of last week.

The teacher, Mrs. Burlie (Jeri) Taylor, assisted by Mrs. Donald (Polly) Beeler, escorted the ladies to Brownwood. They did some sight-seeing, shopped awhile, and enjoyed lunch at the Senior Citizens Service Center.

Those making the trip with Mrs. Taylor and Mrs. Beeler were Lucy Cade, Ella Deen, Esthloy Dickson, Earl Greenwood, Cora Howland, Rosa Ingram, Lillie McMillan, Ila Mae Marshall, Hattie Morrison, Vera Nix, Emma Riley and Minnie Swann. They all reported "it was a tremendous day together."

Local Folks, Parents Tour Hill Country

Nora Odom, Roger and Rodney, and Dora, Terrill and Brandon Smith joined their parents, Rev. and Mrs. Wright Price, from Earle, for a fun week end in the Hill Country recently. They attended the Kerville Airshow on Saturday featuring hundreds of planes on display and many doing unbelievable stunts in the air. There was a variety of aircraft including hand gliders, biplanes, old and new planes, and experimental planes. Of most interest to the boys were those that appeared and performed like the Star Wars planes. Mr. Price was an excellent guide as he is a pilot and takes the family flying frequently in his airplane. He is teaching his enthusiastic grandsons to fly.

The group camped out at the lovely Lady Bird Johnson Park where they enjoyed swimming, recreation, cooking out, and the cool fresh air.

On Sunday they toured the Admiral Nimitz State Park in Fredericksburg which featured a Museum of the Pacific War, Art Gallery, Japanese Peace Garden, and History Walk. All were in awe of the many relics — planes, guns, boats, tanks, etc from World War II. Mr. Price was also an instructor of pilots during the war, and one of the war planes was like one that he flew. He pointed out unique features, and described how the plane would land on huge ships.

The finale of this refreshing and educational trip was a relaxing dinner on the patio-garden of a famous German restaurant in Fredericksburg.

Granny

In memory of Granny — Myrtle Dee Hounshell, born Jan. 21, 1897; Died Dec. 1, 1978. Sister of Vernie McMillan of Cross Plains. Authored by a grandson, Larry Dee Hounshell.

"Daddy, where is Granny?"
My little boy said to me.
"Granny's up in heaven, son,
Where angels ought to be."
"I sure miss my Granny,"
Tears filled his big brown eyes.
Then he pointed toward the window,
Into the starry skies.
"You mean Granny is way up there, Daddy?
Is she with God now?
Oh, Daddy, I want to see Granny.
Please tell me how."
"Son, some day we will all see Granny, because we
loved her so.
You see, God made a place for Granny, and she
was called to go.
There is a time we all must die and go to the promised
land,
Where the pearly gates will open wide, on streets
of gold we will stand.
No more sickness, pain or worry will we have to bear.
We will have everlasting life, with God, and Granny
when we get up there."
Eyes sparkling, my son sasked, "Daddy, can God
hear me pray?"
"Yes, son, He can hear anything you say."
He turned to the window, tears filled his eyes,
"God, take care of my Granny, way up in your skies.
"And, God, save a place for me and daddy on that
promised land,
Where we can walk down the streets of gold and
hold my Granny's hand."

Cottonwood News

By Beverly Brown

The first day of fall started with overcast skies, which burned off quickly before noon and the temperatures climbed into the 90's. Have you noticed the signs of an early cold winter in store for us? The insects, wasps are swarming to congregate, the acorns are falling off the oak trees, the crows are numerous and noisy and the duck and the geese from northward have been spotted earlier moving southward. We may just go into winter from summer

CARD OF THANKS

We take this means to thank the members of the Cross Plains EMS for responding to our call for help for our niece last Wednesday and taking her to the doctors office and returning her to our house.

They are to be commended for their prompt professional performance of their duties as a team and individually, for taking time from their jobs and using their own transportation.

Again thanks EMS and may God bless you and the work you are doing.

Mr. and Mrs. O. H. Sherrill

CARD OF THANKS

Thank you, Lord, for the soft fragrance of the roses, and to be able to hear the rain falling gently on the roof; the beautiful sunset sliding gently over the city; for the laughter of my grandchildren, and most of all, the smile on my mother's face. Without the prayers of all of you good Christians in Cross Plains, my friends and loved ones I feel I would not have made it to be here and enjoy the rewards of my life here on earth. Don't stop praying now, I still need your love and prayers. I have a long way to go.

Sincerely,
Oleta (Wilson) Templin

Garrett-Harbin Vows Said In San Angelo Church Sept. 22

Kathryn Sue Garrett of San Angelo and Randall Clayton Harbin, also of San Angelo, were united in marriage in double ring ceremonies at the Park Heights Baptist Church at San Angelo Saturday, Sept. 22, at 7:30 p.m.

Officiating the rites was Dr. James Miller.

The bride is the daughter of Mr. and Mrs. James C. Garrett of Cross Plains, and parents of the bridegroom are Mr. and Mrs. Melvin Harbin of Brownwood.

Vows were repeated before an

altar flanked with ferns and ficus plants. Greenery outlined the twelve-branch candelabra which centered the altar with two brass, spiral candelabras on each side.

Given in marriage by her father and mother, the bride wore a formal gown of ivory taffeta, featuring a sheer yoke with pearls on a high neckline and Juliet sleeves. The fitted bodice was adorned with alencon lace, and her full skirt cascaded to a semi-cathedral length train. Her lattice work pictorial hat was highlighted with sea pearls and trimmed with lace. Garrett, Jr., brother of the bride, of Austin, David Masur, brother-in-law of the groom, of San Angelo and Dr. Frey Schulze of Temple. They wore classic black. The groom wore a grey long-tailed Bill Blass tuxedo with matching ascot and boutonniere.

Candle lighter was Candice Duette of San Angelo. She wore a long-sleeve dress made of white and lilac linen with stripes of China blue and lilac down the sleeves. Her skirt was long-waisted and circular.

The organ was played by Terri Harbin of Dallas, sister of the groom, and pianist was Key Kennedy, cousin of the bride, of Rotan. Solos were sung by Vicki Oliver of Carrollton, "You Mean More to Me", and Mills Caraway of San Angelo, "Truly". The two sang a duet, "The Wedding Song". Caraway accompanied with guitar music.

The mother of the bride wore a formal gown of light taupe chifon. Her flowers were royal purple roses with baby's breath.

Boulder APPROACH:

OR how

Hoover Gave a DAM.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River. The Hoover administration provided it. 4,400,000 cubic yards' worth. Enough concrete to pave a two-lane highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada. And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada.

The cost: \$385 million. And one of the ways money was generated was by Americans buying government securities and taking stock in America.

Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan.

That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings.

So buy Bonds. It's one savings plan that holds water.

Take stock in America.

Fall Armyworms Can Cause Heavy Damage

Fall armyworms left uncontrolled can wipe out entire lawns and cause heavy damage to pastures. While fall armyworms have been light this year, the pests often increase following a local or general rain. They prefer to feed on well-fertilized lawns and other lush grasses, says Greg Gerngross, Callahan County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

He suggests frequent and careful inspections to locate infestations before extensive damage occurs. Control measures are most effective against young larvae (worms).

Fall armyworms hatch from eggs laid by ash gray moths with mottled forewings which have irregular white or light gray spots near the extreme tip. Young larvae are white with black heads. They become darker in color as they grow older and can devour forages and lawn grasses, explains Gerngross.

Larvae are about 1-1/2 inches long at maturity and light gray to almost black in color with several light stripes along the body. The front of the worm's head is marked with an inverted "Y".

Worms are full grown in two to three weeks, and then burrow an inch or two into the soil to pupate. Moths emerge 10 days to two weeks later and the cycle repeats. There may be as many as six generations a year, and it's common to find various sizes of larvae infesting pastures at any one time.

Pesticides labeled for control of fall armyworms in lawns are carbaryl (Sevin 80 percent wettable powder and Sevin XLR), malathion and diazinon (Spectracide). Use sufficient water for complete coverage. Also, read the insecticide label for rates and follow all directions, instructions and restrictions, said the Baird based agent.

Janet Harlow Takes Tour Of 8 States

Janet Harlow returned Saturday from a three-week vacation that took her through a total of 8 states, Texas west to California, north to Washington state, south-east back to Texas with stops along the way.

Her first stop was in Lovington, N. M., where she visited with her brother, Jeff Harlow, and his family, Jill, Trey and Ryan. The trip from Lovington took Janet through the southern desert region of New Mexico, Arizona and California. Janet noted that though the posted speed limits were still 55 most people drove 70. "What else can you do in the heat of the desert at noon?" she said.

In Long Beach, Calif., she met her cousin, Rita Bevis, for the first time. Rita is a singer with her own band called "Rescue". Rita took Janet to the Burbank Studio where they watched a segment of "Mike Hammer" and a segment of "T. J. Hooker" being rehearsed. "The best part," Janet commented, "was leaving William Shatner step through the door I was leaning against. I've been a Star Trek fan for years, and to be so close to my hero was one of the highlights of my trip. The other big thrill was going to a night club and listening to my cousin sing. And believe me she can really sing. I could mention other events such as being in Long Beach when they were setting temperature records of 109 with a humidity of 79 percent. Or the earthquake that woke me up at four in the morning. Or being in Burbank during a power outage, but I won't."

The trip up the Pacific Coast all the way through Washington was one of beauty and tranquility. "I was hoping it would be cool in Seattle. I needed it after the heat of Long Beach, but it was 85 degrees in Seattle when I arrived. In fact, there was only one day the whole three weeks that there was rain, and that was in beautiful downtown Burbank," Janet said. She spent four days visiting with friends in Seattle then headed back to her brother's house then returned home with a total of 51,000 miles logged on her father's (Paul Harlow) pickup. Janet said with laughter in her voice, "My father hugged his pickup before he hugged me."
