wana, washington. This was the first to bring tears to my eyes. Realizing how much he enjoyed the 1988 Homecoming makes it all worthwhile. The cute little boy in the picture with Barbara Shocklee was Dickie Chambers. Barbara's mom recognized him and Monday morning I received a call from Dickie's mom, who still takes a subscription to the newspaper. It is fantastic that everyone is looking forward to the 'Memory Recollections' weekly. KEEP WATCHING FOR MORE GOOD OLD DAYS TO COME!!!

"Remember When"

The car radio obliged by playing songs from the 60s. And that's exactly where I was headed. The year was 1988, but I was going back in time to my high school reunion.

Judy Fortune Porter, a classmate from Cross Plains High School, encouraged me to return that year. And ever since that day three years ago I've been anxiously awaiting this year's reunion--especially since the class of 1966 will be celebrating our 25th anniversary.

But to be honest, I was more than a little nervous about going back in 1988. I had not seen most of my classmates since we graduated from CPHS. Most of my classmates still lived in Texas, while I moved to the Pacific Northwest. I had lost touch with those with whom I had shared those important years of life. I flew into Dallas-Fort Worth and began to drive home to Cross Plains. Texas reflected its unique beauty. Oaks on the green hills, fog in the creek bottoms. On the farm-to-market road the solitude is broken by those friendly waves from drivers passing in the opposite direction. Mesquite trees, a country cemetery, an oil pump, prickly pear, road kills (an armadillo and a raccoon), faded ads on the side of an old barn, turkey, vultures--all those things that most Texans take for granted--are welcome signs of home. The anticipation builds as I get closer to Cross Plains. I'm saddened by the demise of the old Pioneer Drive-In, where we occasionally watched a movie. We simply enjoyed being together, even if we had to sneak 'in (crouched in the floorboard of the backseat or crawling through the barbed wire fence). Memories of my first kiss (I won't tell). I drive past the old Pancake's truck stop on the edge of town. More memories of hamburgers and coffee at 2 a.m. If we couldn't afford that, it was coffee, crackers and French dressing. I remain stopped at the blinking stop light far longer than is necessary. Looking back to 1966, I can see Koenig's Humble Station where Oscar Koenig let me charge gas (19.9 cents a gallon; give me a dollar's worth). Now there's a Dairy Queen on the opposite corner. I drove to the school but decided to head back to the Dairy Queen to gain a little courage. I ordered a cup of coffee and saw faces that looked so familiar. But the names were hidden by the years. Then my mind wanders to Jones' Dairy Bar, where we gathered to meet other carloads of kids. From there we'd go to the City Park or maybe some deserted dirt road. A voice brings me back to 1988. "Skipper. Skipper Nichols, is that you?" It was Jerry Strickland. We spent many hours riding a school bus together from Cross Plains to Burkett, not to mention too many miles in my old '55 Chevy. We talked about the those days (and nights) as if they happened last week, not two decades ago. Finally I get enough courage to head to the school to register. I'm still nervous. Now I'm in the midst of faces and voices from 1966. The old school is gone. I'd be lying if I didn't admit that I miss walking down those halls I was so anxious to leave in 1966. Cross Plains Faced Santa Anna In Close Game

By Warren Parson

Last Thursday, September 5, in Santa Anna, the Cross Plains Junior Varsity had their first football game of the season.

In a close game, the JV offense scored 6 points, and the defense gave up only 14 points.

On Friday night, the Varsity took on the Mountaineers at Buffalo Stadium. When the final buzzer rang, the Buffaloes had scored 8 points and the Colby Walker, Kenny Horan, Billy Brown, James Reed, and Michael Cowan each had 2 tackles. Bucky Williams, Jason Fleming, and Earl Meroney each had 1 tackle. Jacob Barron was involved in 6 tackles and Geno Fortune was involved in 5.

The whole defense helped out in gang tackling, blocking passes, causing fumbles, and recovering fumbles. The cheerleaders, Allison McGowen, Courtney Kirkham, Lori Dillard, Glenda Evans, and Amy

Homecoming Meeting Sept. 16

There will be a Homecoming Meeting on September 16 at 7 p.m. at the local Dairy Queen. All exes are cordially invited and

urged to attend.

Robert E. Howard House Open During Homecoming

The Robert E. Howard committee of Project Pride plans to have the Howard House open for Cross Plains High School Exes to visit during the 1991 Homecoming.

Furnishings at this stage are from the 1930-40 period. Some pieces have been donated and others are on loan. A few items are still needed including: a chiffonier (or a chest of drawers with doors) a half bed (preferably iron) and mattress

an old ice box a rocker.

Anyone who might have items to donate or lend may call Billie Loving at (817)725-7432 or 725-7722 or Clara Nell Spencer at 725-6165; or John and Betty Sue Adams at 725-7326. Anyone knowing the whereabouts of any original Howard items are urged to contact any of the above. The cooperation of the community is greatly appreciated by the Project Pride organization.

Mountaineers 14.

Two errors early in the game hurt the Buffs, but they proved they were not quitters and retaliated by shutting down the Mountaineer offense.

In the game, Cross Plains had 9 first downs and Santa Anna had only 4. The Buffs attempted 8 passes with 3 completions for a total of 48 yards.

They were also intercepted once. Santa Anna attempted 5 passes, without an interception, but only 1 was completed for 17 yards.

Out of 44 rushing plays, the Buffaloes ran for 101 yards, while the Mountaineers rushed for 103 yards in 30 rushing plays.

In the punting game, Santa Anna punted 5 times for an average of 38 yards, and Cross Plains punted 4 times for an average of 31 yards.

The Buffaloes had 4 fumbles during the game, while the Moutaineers had only 2.

Cross Plains received 4 penalties for 30 yards and their opponents captured 4 for 45 yards.

times. We were in Vietnam a year after graduation.

Soon it's time for supper and the homecoming game. Jim Brown's son plays a magnificent game. But, as was often the case in 1966, the 1988 Buffaloes lose (actually, the Buffs were 5-5 in '66). And, as in 1966, I spent much of the game talking to friends and can't even remember the final score.

C.P. Medical Center Opening Soon

By now you have noticed the changes at the old City Hall building. The facility has been renovated to accomodate the Cross Plains Medical Center.

The remodeling was done by Ricky Carouth. The doctor's office was completed in a mere five weeks.

The Cross Plains Medical Center has been designed to offer comprehensive outpatient services to the citizens of Cross Plains and rural Callahan, Eastland, Coleman, and Brown counties. The clinic has specialty referral services with the Brownwood Regional Hospital.

Farm And Ranch Safety Week Proclaimed September 15-21

County Judge Bill Johnson has proclaimed September 15-21, 1991, as Farm and Ranch Safety Week in Callahan County at the request of Tom Humber; Callahan-Shackelford County Farm Bureau President. This year marks the 48th annual oberrvance of National Farm Safety Week, cosponsored by the National Safety Council and the U.S. Department of Agriculture; with the theme, "Safety Protects Agriculture's Greatest Resource ... You!"

When you look out your kitchen window and see your land, buildings, machinery and animals, you may smile with justifiable pride. After all,

C.P. Roping Club Elects Officers

New officers were elected for the Cross Plains Roping Club at the monthly meeting held on September 3 at the arena. it's your work, determination and management skills that made it possible. But until you look in the mirror, you haven't seen your most important asset by far - YOU! Safety will help protect you, your family and employed workers:

Protect yourself and others by making safety part of every activity - on the job, at home, at leisure and on the road. Machines are replaceable if damaged or destroyed in an accident. But that's not true for people!

Protect by knowing how to prevent farm injuries and illnesses. Read and follow instructions in manuals and on labels. Note safety and health articles in magazines and newspapers. Read booklets on the subject and pay attention to safety reminders on radio/TV. But just knowing isn't enough, you must act on that knowledge to reduce risk of costly injury and illness.

Protect by inspecting all equipment and facilities for hazards. Then correct them without delay. Learn the proper safety precautions when dealing with hazards that can't be eliminated.

for barbecued brisket. Only in Texas can you get brisket that good. I eat too much and probably would have eaten more but its time for the parade. The years roll by. Classes from the '40s, '50s, '60s. Our class didn't have an entry, but we vow to have one next time.

Next, we head out to James Switzer's house for our class reunion. All those wonderful friends are there. I missed them more than I ever realized. Jackie Hinkle, Jim Freeman, Tommy Cowan, Jay McCuin, Phillip Strength, James Switzer, Ronnie and Donnie Rhodes, Connie Goble Griffith, Christy Chesshir Dallas, Patty Pennell Heffley, Beth Hutchins Arnold, Mary Ruth Coggin, Jim Brown, Donnie Gardner, and Nancy Campbell Rhodes.

Just a few of those special, important people in my life back in 1966. There are laughs, even a few tears. We try to recall those years we spent together. We try to catch up on the years since. Jackie and James and I shared more than just high school

Then, as in 1966, we piled into cars and went to the park. There was dancing. There were more friendships renewed and more memories recalled. So many people I had missed over the years and miles: John Chesshir, Bruce Adams, Lonnie Switzer, Terry Baum, Betty Purvis, Vanda Anderson, Vickie Hickman, and Valeta Edington.

At 2 a.m. I remember I don't have a place to stay. Jay McCuin graciously offers a spot to sleep at his mother's house. As we pull up to the front door, I remember those times we snuck in after staying out too late. Recollections of sleeping in Jay's backyard in the eighth grade and waking up with rolly-polly bugs inside our sleeping bags come to mind, as well.

Suddenly Homecoming 1988 was over. It went too fast, just like those years at CPHS. There were so many other friends, so much more to remember. Our senior trip. Our special friendship with the class of 1967. That's why coming back this year, 25 years after graduation, is so important. **Continued On Page 7**

7th Annual Library Bake, Book And Rummage Sale Homecoming is just around the cor-

ner! But the big Annual Bake, Book and Rummage Sale for the benefit of the Cross Plains Library is upon us. So spruce up the place for Homecoming, clean out those closets and cupboards and donate your "treasures" to this worthy cause. The sale will take furniture, clothes, etc. The sale is scheduled for Friday, September 27, and Saturday, September 28, and will be held at the Robert E. Howard house on Highway

You may bring your donated items to the Library Monday through Friday Continued On Page 8 The 1991-92 officers are President -Mike Winfrey, Vice-President -Tommy Brown, Secretary - Malinda Winfrey, Treasurer - Wade Stephens, Reporter - Tricia Hopkins, and Concessions - Pat Stephens.

The Cross Plains Roping Club is looking forward to another great year and encourage all members to attend the monthly meetings on the first Monday of each month.

The local club is a non-profit organization in the community for children and your participation is important to everyone.

As of September 1 the annual dues are \$15 per family. Please send your current name, address, and phone number with your annual dues to:

Cross Plains Roping Club

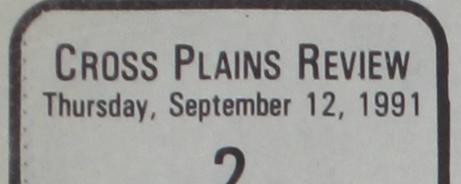

P. O. Box 733

Cross Plains, Texas 76443. If you haven't already joined the club, you are encouraged to do so. Come join in the fun and good times this coming year. Protect by always keeping shields and guards in place, and by stopping machines before servicing or dealing with operating problems. When the job dictates, use appropriate personal protective equipment, gloves, hard hat, safety shoes, respirator, safety goggles, etc., to reduce risks to your health and safety.

Protect at harvest time by training workers and operating all equipment "by the book." Take breaks to fight fatique, especially during hot weather. When hauling harvested products or moving equipment on public roads, drive with care and courtesty.

Proctect by being prepared for each activity. Have the right tools, equipment and/or supplies at hand. Know and respect your limitations as well as your strengths.

Proctect by staying fit and seeking care for health problems. Take some time to do things you enjoy to refresh and relax you and add balance to life.

Velma Mae Cox

Funeral services for Velma Mae Cox, 88, were held August 27 in Caldwell's Chapel of the Valley, with Rev. Elvin Norris officiating. She died August 24, 1991, at Safford Care Center in Safford, Arizona.

Nona Herrington was at the organ with the male quartet of Mark Herrington, Dave Player, Vic Stewart and Bill Griffin singing "Lead Me Gently Home." Norris presented the prayer, life story, message and closing prayer. Interment followed. Serving as casket bearers were Paul Wright, John Figueroa, Dewey Gillespie, Pete Grijalva, Manuel Gaona and Mentloe Huff.

Cox was born September 1, 1902, in Pioneer, Texas, the daughter of Mollie Annie Westerman and Clay Cade. She lived in Pioneer and received her schooling there. She was married and lived in Texas prior to moving to Arizona in 1942. She settled in Morenci where her husband worked for Phelps Dodge. Following his retirement in 1967, they moved to Solomonville.

She was widowed in 1969 and lived the last few years at Safford Care Center. She enjoyed sewing, crocheting, and gardening.

Surviving are a son, Lawrence T. Cox of San Jose; a daughter, Paula Mitchell of Globe; a brother, Marvin Cade of Cross Plains, who is the only surviving sibling of cight children; eight grandchildren; and six greatgrandchildren.

Arrangements were under the direction of the Caldwell Funeral Home of Safford.

Green Thumb enrollees also find fulfillment from their community service work experience - from helping others to live better lives. They often enjoy improved attitudes and health, and as a result, maintain their independence and dignity. As one enrollee wrote:

"Green Thumb has given me the advantage of capitalizing on my hidden talents, which have lay hidden for a long time. Green Thumb has turned my life around."

By using their talents, skills and abilities, Green Thumb enrollees help change negative stereotypes about aging and older people. They demonstrate the value of seniors as full participants in our nation's workforce - a workforce that will increasingly depend on them to fill its labor needs as the 'baby boom' generation becomes the 'senior boom'. And, by their positive example, Green Thumb enrollees open doors for other seniors to continue working and learning.

HOST AGENCIES also benefit from the Green Thumb program. Green Thumb enables them to provide new or additional services to their communities while giving enrollees meaningful employment and training opportunities. Many host agencies would not be in business or would not be able to offer necessary services, without the assistance of Green Thumb enrollees. As one host agency wrote :

for providing our township with workers. They have been hardworking, dedicated and dependable and having them has made it possible for us to provide services which could not have otherwise been provided.

Green Thumb is proud to contribute to the dignity, well-being and independence of its enrollees, the older workers of America, and the people and communities they serve.

Older Americans Program is sponsored by the National Farmers Union and funded through the Department of Labor. Cross Plains Green Thumb, Inc. enrollees are Billie Barnett, employed at the Cross Plains Multi-Purpose Center, and Jaunita Thornton, employed at the Cross Plains Public Library.

Visiting in the home of Mr. and Mrs. Cecil Goble Sunday, September 8, for Grandparents Day were their four children and spouses, ten grandchildren, and thirteen greatgrandchildren. Also Mrs. Goble's mother and her sister, Violet of Cisco were in attendance. There were five generations present for the occasion. Two grandchildren and three greatgrandchildren were unable to attend. The family noted a very enjoyable day for everyone, especially for Cecil and Delilah, and they express their love to their family and praise God for all of them.

FACT SHEET

+ Locally Owned.

Independent banks are owned primarily by individuals who live, work and pay taxes in the same community as their customers. They have a vested interest in the economic health of their bank and their community. An important partnership exists between the bank and its customers, an alliance for a prosperous future. They are both investing in the economic health of their community: the customer, by supporting an important local business, and the bank, by reinvesting in the growth and development of that community.

Geographically Dispersed.

The Independent Bankers Association network includes some 1,570 bank locations located in 245 Texas counties.

Well Capitalized.

Texas' community banks are better capitalized than their out-of-state competitors. Equity capital to average assets has averaged 7.53% in independent banks compared to 4.88% in competitors during the periods of 1988, 1989 and 1990.

Service Oriented.

More than 30,000 employees service approximately 5.25 million account holders statewide and over \$70.1 billion in deposits.

Decisions Made Locally.

Decision-making authority is handled locally rather than through some large outof-state corporate structure. Customers have direct access to officers and directors of the independent community bank.

Diversified Lending Practices.

Independent banks carry diversified loan portfolios, specializing in small business, agriculture, car, home and other home-based interests. Conservative practices, the ability to be flexible, and knowing the borrower insure a more stable investment program.

(1) to improve the social and economic condition of older Americans by promoting employment and training opportunities for older workers, and (2) to provide essential community services, particularly in rural areas.

Twenty-five years of service

This year, we invite you to join Green Thumb in celebrating 25 years of service to seniors and their communities. Green Thumb was founded in 1965 as part of President Lyndon Johnson's "War on Poverty" by the National Farmers Union, a national farm organization dedicated to preserving family farm and improving rural America. Beginning with only 280 participants in four states. Green Thumb was originally designed to put into service the "green thumbs" of older, rural Americans to beautify our nation's parks and highways.

Today, Green Thumb serves more than 18,000 enrollees in 44 states and Puerto Rico. Green Thumb enrollees perform almost every kind of work imaginable. They operate computers, tutor students, teach skilled trades and crafts, provide home health and day care, prepare and deliver meals for homebound persons, care for disabled, work as clerks, mechanics and laboreres - and much, much more.

### Supports the Local Community.

Money invested in a community bank is "recycled" back into the community in the form of local business and personal loans. For over 150 years community banks have been the foundation for economic growth in their neighborhoods.

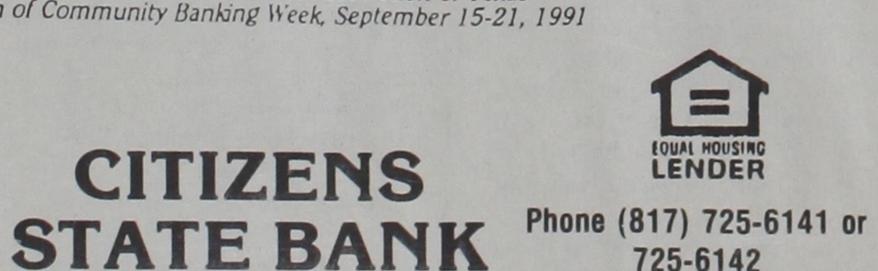

### Good Neighbors.

Independent community banks are not only good business for the community, they are good neighbors. Bank employees are involved in a wide range of civic activities and, banks often contribute time and money to a number of worthy causes.

**ENROLLEES** and HOST AGEN-CIES are the primary participants in the Green Thumb program. An ENROLLEE is an older American, 55 years of age or older, who meets certain income guidelines and who has been assigned to work part-time for a qualified government or nonprofit agency, called a HOST AGENCY. While enrollees receive training, supervision, and work experience directly from their host agencies, their wages and fringe benefits are paid by Green Thumb.

What are the benefits of participating in green thumb?

ENROLLEES are provided training, work experience, educational opportunities, counseling and information that will help them find and keep a job. Green Thumb's ultimate goal is to help all enrollees to obtain better jobs off the program. Enrollees and host agencies are responsible for working with Green Thumb staff to achieve this goal.

Pioneer Baptist Church had a meeting Monday with the congregation at Seep Springs, where a revival is in progress this week.

Jim and Marla Alexander and their boys and daughter, Ashley, were holiday guests of Jean and James Alexander. Jean and May Jones spent Friday visiting with Jo Cullars in Breckenridge.

May and D. P. Jones took his mother, Mrs. Pate Huffman, home to Marshall.

Over the holiday weekend, John and Irma Miller attended their family reunion at the Kendrick Diarama near Eastland.

Jean Fore returned Monday from her family reunion in New Mexico. Microwaves cook food by vibrating water molecules. Moisture near the outside of the food evaporates, leaving the surface cooler than the interior. The air around the food remains cool too (unlike the searing air of the conventional oven) so organisms on the surface tend to survive. Thus, while a hamburger may be steaming hot inside, the edge may remain cool — and contaminated. Remedy: cover food with glass or ceramic — the trapped steam will heat and disinfect the food.

Your better health is our concern.

# **4-H Foods And Nutrition Project** To **Begin Soon**

The 4-H Foods and Nutrition Project will begin in late September and all 4-H'ers or potential 4-H'ers who would like to participate in this project are asked to sign up by September 16. 4-H members in the Food-Nutrition program gain a better understanding of nutritious foods that can contribute to healthful living, says Greg Gerngross, County Extension Agent. Specific objectives of the 4-H Food Nutrition program are these: --Learn the importance of including foods from each of the basic food groups in the daily diet. --Understand the principles of nutrition as they relate to health, physical fitness and appearance. --Learn about the wide variety of foods which may be included in the diet.

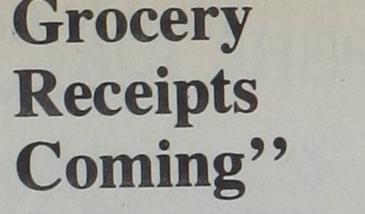

--Understand the scientific principles of nutrition.

--Acquire and demonstrate skills in planning, purchasing, preparing and serving tasty, attractive and nutritious meals and snacks.

In addition to gaining lifelong learning experiences regarding a nutrition diet, 4-H members who complete the project can participate in the County. Food Show. Winners in the various age groups at county will compete at the District Food Show in San Angelo.

4-H'ers can sign up at their first 4-H meeting or they can call the County Extension office at (915)854-1518.

# **Out-Of-School** Examinee

By Renetha Carouth

The Cross Plains School Program to collect cash register receipts from the Village Market in Cross Plains is still going very strong. According to a local teacher, Debi Strickler, who is in charge of collecting the receipts, there has been a total of \$103,000 in receipts accumulated. That translates into \$1,030 that may be used by the school to buy needed equipment.

As of yet, the school has not purchased any items, but at this rate, the total money available is accumulating quickly.

Mrs. Strickler said that the program will be continuing all year and encourages everyone to save their grocery store receipts. Please bring them by the school or send them with one of the students. There are boxes in the primary, elementary, and high school buildings.

1934 SECOND GRADE CLASS -You Match the Names to Faces! First row - Magnese girl, Leta Pearl Scott, Lotiff girl, Elden Ray Erwin; Second row - Wanda Ruth Atwood, Doris Marie Hall, Rosa May Havens, Evelyn McMillan, Betty Jo Youngblood, Mary Ann Helms, Neal

# Registration **Packets**

Individuals no longer enrolled in Texas public schools who wish to register to take the exit level TEAMS or TAAS tests may pick up a registration packet at any high school campus, district central office, or education service center. Registration forms must be completed and returned in the pre-addressed envelope and must be received in Iowa City, Iowa; no later than 5:00 p.m., September 18, 1991. The Texas Education Agency and National Computer Systems will not be responsible for registration forms that are delayed or lost in the mail. It is suggested that individuals registering for the test make arrangements with the appropriate postal agent for a proof of delivery notice. Questions concerning out-of-school examinee testing should be directed to the Texas Education Agency, Division of Student Assessment, (512) 463-9536.

#### **DEFENSIVE BUFF ACTION**

# WHO WON!!!

#### By Greg Turner

There are 4 plays that stand out in my mind about the football game Friday night against Santa Anna. Three of which came in the first minute and a half of the game. On our first possession, the first play of the quarter, we fumbled and Santa Anna recovered.

On the second play from Santa Anna's line of scrimmage, they scored a touchdown from about 25 yards out.

The third play, our next possession, the ball was intercepted by the Mountaineers and carried across the goal line for their second touchdown. Ladies and gentlemen, to be honest, I thought, "It's going to be a long night."

For the next 461/2 minutes I was very impressed with the outcome. A defensive struggle dominated this time period.

All the guys on the team acted as if something clicked and things began to

### **Early Injuries Could Hamper Buffaloes**

happen for them. They realized they

were able to determine the outcome by playing not only on ability, but from the heart; which had to be as big as a mountain to come back like they did.

The 4th play happened late in the game when we received a clipping call on Santa Anna's 15 yard line, which brought it back to the 40 yard line. The Buffs couldn't get it in after that.

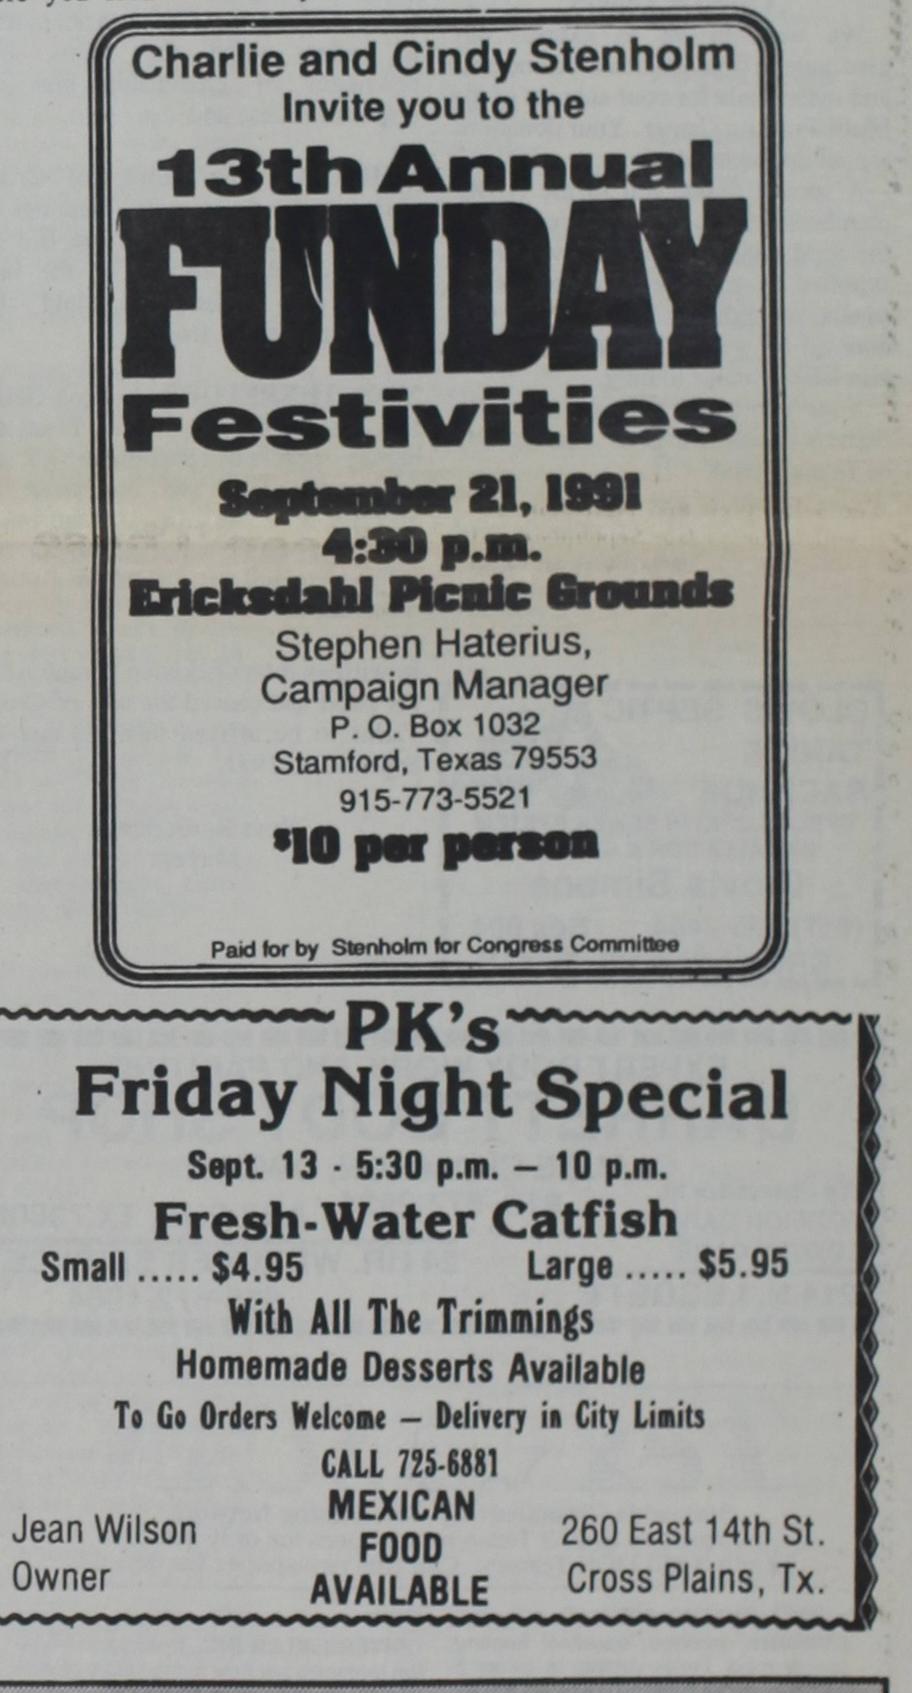

So "Who Won?" It depends on where you look for Victory - the

score board or in the HEART and

MINDS of the players, coaches, and fans. As a fan, we won the victory, but lost the game.

Although the football season is still relatively young (two scrimmages and one game,) the Cross Plains football team is already having to contend with major injuries to two of the Senior ball players.

Jody Brown, the intended fullback, hurt his right knee during the scrimmage with Hawley. According to Jody, as he was cutting back to the right, someone fell on his knee and pushed it to the inside.

He has been attended by Dr. Holloway in Abilene, who told him that he badly strained the "MCL" ligament on the inside of the knee. Although Jody will be missing a couple of games, he is using weights and going to therapy. When asked if he thought the injury would affect his playing, he said, "It won't."

Chris Key was not injured until the second scrimmage which was against Albany. Chris said he hurt his knee while chasing an opponent down the sideline to prevent him from making a touchdown. Chris said that the player stopped suddenly and jerked him which caused him to stop suddenly, also and his knee popped out, and "messed up."

Chris is also seeing Dr. Holloway, who drained blood from his knee. According to Chris, the doctor said something is torn and he will have to have a cat scan in order to determine whether or not surgery is going to be

#### required. He will have the test by Monday, September 9.

He does not know how long he will be out, but he is currently using a knee brace. When he was asked how it will affect his playing, he replied, "Terribly, but I will still be at all the games to back the Buffaloes."

ROWDEN NEWS

#### By Mrs. N. V. Gibbs

Some residents of the community have gauged 4 inches of rain Saturday. The Mauldin gauge before Saturday had .9 of an inch. Water is everywhere and mostly in the bar ditches along the highway. I can hear a frog expressing joy over all the water now. Also this week the Monarch butterflies are on their annual trip to the south. They have been feeding on Lantana plants. They are beautiful to watch.

Nancy and Charles Palmer of Clyde visited Joyce Odom last Sunday.

Gene and Vernie Belle Mauldin had dinner on Labor Day with Roland and Faye Mauldin near Denton Valley. When they got home they had company. Morris Mauldin, Gene's brother and his wife, Verda Mae, and Morris' daughter, Linda, visited in the home. They went on to Fort Worth to visit other Mauldin kin. They met his daughter from Kansas there. On the way back home they were involved in a car wreck, but no serious injuries.

Fred Rabe of Rising Star visited Emma Johnson and Lizzie Burks during the week.

### **Abilene Social Security Office Notes New Hours**

The Abilene Social Security Office is changing the hours that it is open to the public. "Effective Monday, September 9, the office will be open from 9 a.m. to 4 p.m.," said Glyn Hammons, district manager. "The phones will be answered beginning at 9 a.m. also," Hammons added.

The prior office hours were 8:30 a.m. to 4 p.m. Closing the additional 30 minutes, from 8:30 a.m. to 9 a.m., will allow workers to process claims that have already been taken and to allow more time for training. "This will provide better service to the Big Country residents," Hammons concluded.

The Abilene Social Security Office is open during the noon hour.

# Tillotson-Sakanowski Marriage Announced

Mr. and Mrs. Cole Tillotson are announcing the marriage of their daughter, Colene Tillotson, to Alan Sakanowski on August 18 at Sidney, Ohio. The ceremony took place in a beautiful outdoor setting and was attended by eighty relatives from eleven states who had gathered for a family reunion.

Both Colene and Alan are residents of Big Bear Lake, California. He is manager of a Thrifty Drug Store and Colene is employed in photo finishing. Colene's immediate family in attendance besides her parents were Mr. and Mrs. John Burleson of Cross Plains, Mr. and Mrs. Ronnie Hutchins, Clinton and Katharine of Potosi, Texas, Bill Burleson of Houston, and Matthew Burleson of Ocean Springs, Mississippi.

# Lane Family Reunes

The descendants and friends of Robert M. and Maggie Bell Lane met at the Cross Plains Community Center on Sunday, August 18. Everyone reported enjoying a day of visiting and catching up on previous year's events.

The fifty-two in attendance were Paul and Carolyn Lane and Deana Lane of Stephenville; Don and Brenda Lane, Tom and LaQuita Lane, Tonia, Keith and Sarah and Nila Jones of Cisco; Jimmy and Carol Cook of Azle; V. A. and Jimmie Montgomery, Fred and Lynette Lane, Brandon, Whitney, Steven and Lindsay and Lindsay and Glenda and Rusty Farina of Burleson; Larry and Beth Lane of San Angelo; Mark and Traci Evatt and Tyler of Coleman; Clayton and Linda Lane, Jodie and Jamie of Sugarland; Opal Lane, Sandy Lane, Wesley and Travis, Louis and Peggie Pecchioni, Alex Korzenewski, J. D. Lane and Steve and Debbie Smith, Bryan and Greg, all of Abilene; Roland and Dorris Lane and Maggie Ferguson of Clyde; Virginia Childers of Potosi; Myrtle Burkett, Ora Bell Webb, Reba

Lane, and Michael Ingram all of Cross Plains.

I am horrified by the thought that someone so uncaring and thoughtless could torture my families dear pets by trapping and poisoning them.

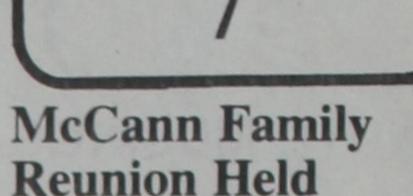

No one will ever know the grief and devastation that I felt as I picked up the pawsless bodies of my lifeless cats.

It astounds me to know that there are people in this wonderful community who would stoop to the level of destroying preciously loved pets by making them suffer a prolonged death through the cruel use of poisons and traps.

After suffering through a traumatic event like this, I hope and pray that no one else's pets will fall victim to such a disturbed individual as my pet did.

**CROSS PLAINS REVIEW** Thursday, September 12, 1991

On Labor Day weekend the family of W. S. and Maude McCann gathered at the recreational building in Cross Plains for a family reunion.

Those present were: Pauline Mc-Cann Brummett and children and grandchildren; Benny McCann and family; Vida McCann Scott and her family and grandchildren; Irene Mc-Cann Kidd family including grandchildren, Clyde McCann's son, Ted with daughters and grandchild (having come from Oregon); Wilford and Vivian McCann; and Cora Howland, a cousin of the family.

Cora is approaching her 101st birthday, and her presence was a highlight of the occasion.

Several were not able to attend, but there were still 35 people there. Some made a driving tour out to Sabanno, and all who were present enjoyed visiting and reminiscing.

### PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION **NOVEMBER 5, 1991**

#### **PROPOSITION NO. 1 ON THE BALLOT**

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

#### **PROPOSITION NO. 2 ON THE BALLOT**

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

tion institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

not be exceeded and may not be re- on dissolution, the assets remaining newed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

#### **PROPOSITION NO. 9 ON THE BALLOT**

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991. and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land. or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be stateowned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January

after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

#### **PROPOSITION NO. 11 ON THE BALLOT**

House Joint Resolution 8 proposes constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

#### **PROPOSITION NO. 12 ON THE BALLOT**

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

#### **PROPOSITION NO. 3 ON THE BALLOT**

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Vetpenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

#### **PROPOSITION NO. 5 ON THE BALLOT**

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprize zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprize zone" means an area that (1) has been designated as such by a state agency responsible for economerans' Land Board for the benefit ic development, and (2) has perof the Veterans' Housing Assistance vasive poverty, unemployment, and Fund, the making of home mor- economic distress. The term "qualitgage loans, or the payment of ex- fied business" means a business that meets the qualification established by general law. and requires that the qualified business is actively engaged in a new business in the enterprize zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

#### **PROPOSITION NO. 7 ON THE BALLOT**

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

#### **PROPOSITION NO. 13 ON THE BALLOT**

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds J. # **MINUTE MUSINGS**

#### By Esthloy S. Dickson

This is the second Monday in September, and it is starting off in a beautiful manner--sunshine and a cool breeze.

My weekend was highlighted by a call from my dearest friend in Abilene. Just the sound of her sweet voice gives me a lift. Her musings are always memorable to me. We had such a close relationship when C. V. Sr. and I lived in Abilene.

I enjoyed my visit with Penny Neal in church on Sunday morning. She and Ike are two of my favorite friends in this area.

The J. T. Beggs family didn't answer their telephone this morning; however, they were in church Sunday

cle, Pauline and Donald Newsom from Plymouth, California, spent a couple of nights with them the past week.

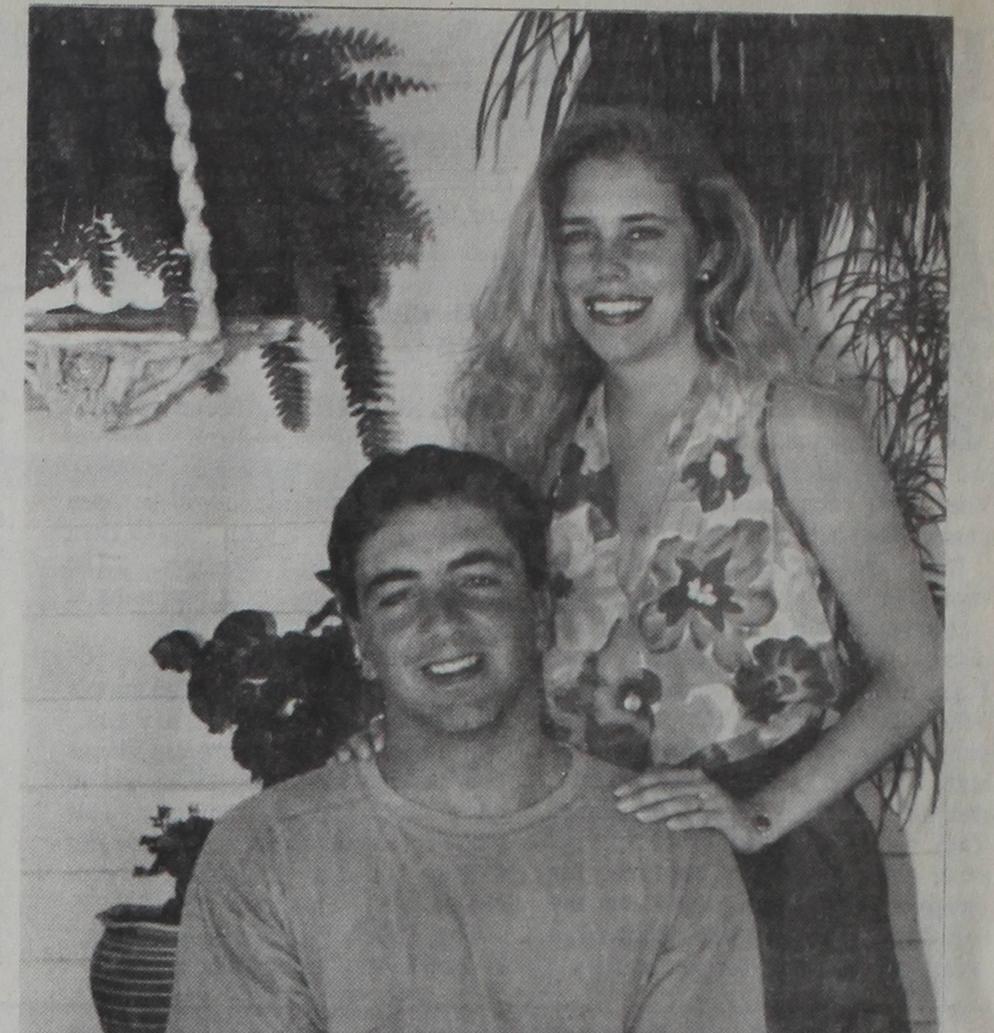

I appreciate Marianne Taff's calling me. On Tuesday she attended an Art Club meeting in Cross Plains. She went to Abilene on Wednesday and visited with a niece, Marie Pierson. Vanessa Taff of Brownwood visited them one day and they attended the West Texas Fair in Abilene. George Mack took the grandchildren to a football game on Friday evening.

I've just had a nice chat with Lucile Callaway. I always enjoy talking to her, it's just like talking to my family. I picked up my pears off the ground this week and made a batch of preserves. They are really tasty. I hope some pears stay on the tree until they are ripe, but I won't let any of them go to waste. The birds and squirrels ruin many of them.

morning. I hope they are all well.

I enjoyed my chat with Sally Roady. She is such a lovely lady. They visit Mrs. Nettie at the Nursing Home nearly every day. Their son, George, called from Dallas about three time during the week. Their daughter, Cindy, called them from different ports during the week. Bobby's aunt and un-
