### RIBBON CUTTING CEREMONY

— Saturday at noon, members of the Chamber of Commerce, Tim Dill and family members and friends celebrated his official opening of Country Inn Motel and RV Park on East Highway 36. Pictured are Wilmojean Dill (back, from left), Josh Harrell, Betty

Lewis, Susan McNeel and Jim Hattaway; Fred Dill (front, from left), Suma Dill, Tim Dill and Mayor Gene Dillard. Those attending viewed the newly remodeled facility and the only room which was vacant. Refreshments were served and everyone was visiting and snacking.

## School Counselor Wonders

By ANN WATSON

On September 15, 22, and 29 the PTO is sponsoring a parenting seminar. The seminar is called Developing Capable People. It is based on the book, *Raising Self-Reliant Children in a Self-Indulgent World* by H. Stephen Glenn. The first seminar on September 15 is "Barriers and Builders to Our Relationships With Our Children." On September 22 the discussion will be "Developing Responsible Kids" and on September 29 we will hear, "What You Have to Do to Develop Self-Esteem." The seminar will be conducted by Theresa Gilbert, a parent and school board member from De Leon. The meetings will be from 7-8 p.m. in the high school library and is for anyone interested in parenting. You are encouraged to come to one or all of them. Please feel free to dress casually so that you will be comfortable.

I'm excited about having the chance to hear this presentation again. Most of all, I'm pleased to be able to share this with my students' parents. It occurred to me, how could I possibly motivate and encourage parents to come to a seminar when it was all I could do to stay up in the evening

myself? I wonder if it will make a difference if I tell them statistics like:

— Almost half of the USA's teen drug abusers got involved before age 12.

— 65% used drugs a year before parents suspected.

— 70% were introduced to drugs by friends.

— 1 out of every 200 children is severely depressed.

— Suicide is the 3rd leading cause of death for ages 15-19 — about 5,000 per year.

— About 1/3 of all high school students exhibit signs of depression.

— Texas ranks number one in the nation in teenage pregnancies among girls 15 and older.

— 1.5 million Americans may have already been exposed to AIDS.

I wonder if it will make a difference if I tell them that I am a concerned parent, too. I wonder what I can do to make a difference when my 9th grader comes home and I excitedly ask him, "What happened at school today?"

and he says, "Nothing." Football is the most exciting thing in his life. I wonder if his energy and motivation for sports will make him care in the classroom. I want him to have fun and friends. I wonder if he'll make all the right choices when he's with them. I wonder if it will make a difference if I tell parents that I wish that I had heard this seminar when my son was 5 instead of 15. Please join me and other parents on September 15 at 7 p.m. in the high school library. Babysitting will be provided in the Home Economics room.

## Additional \$755 Million For Disaster Assistance Available

**LUBBOCK** — President George Bush announced an additional \$755 million in emergency funds for crop losses incurred in 1990, 1991, and 1992.

This is in addition to the \$955 million disaster assistance for 1990-91 crops announced by Jerry D. Harris, Chairman of the Texas State ASC Committee, January 2.

The application period for disaster claims on fall-seeded program crops planted in 1991 and harvested in 1992 will begin September 8 and end October 2, Harris said.

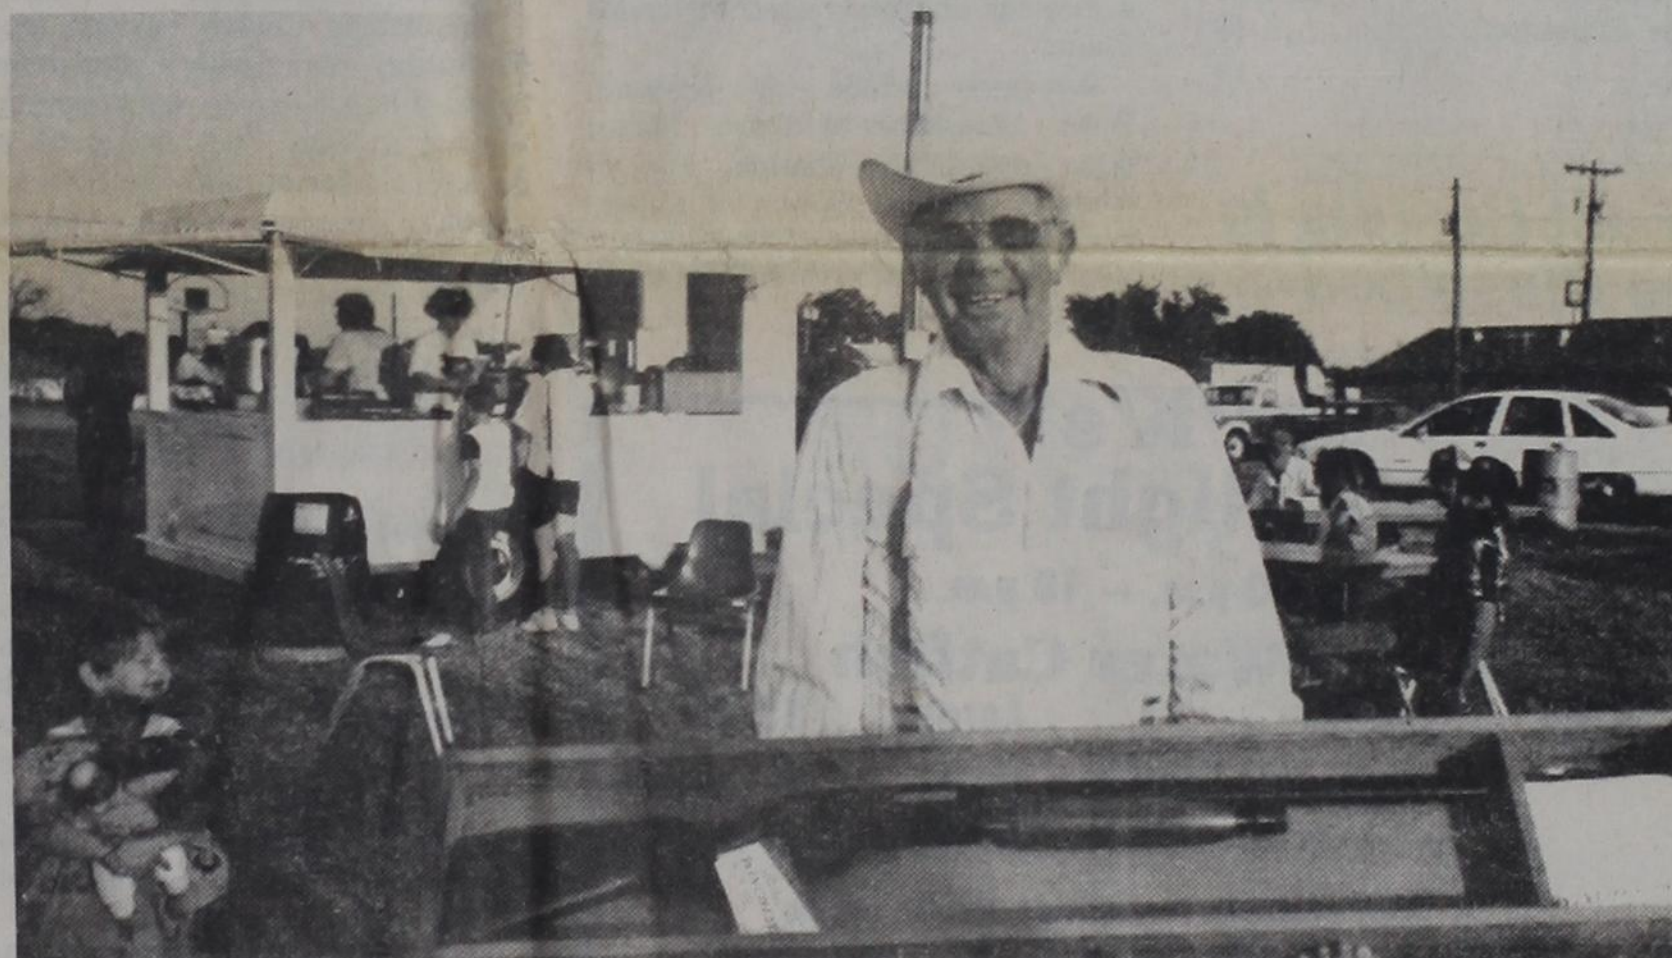

The application period for producers with losses on other 1992 crops, and for producers with losses from 1990 or 1991 crops who did not previously receive disaster payments for those losses, will begin on October 13 and end February 12, 1993.

"Disaster assistance is available on a per-farm basis for any two years of 1990, 1991, or 1992," Harris said. "The original program provided \$955 million for either 1990 or 1991. Now, relief will also be provided for fall-seeded program crops planted in 1991 for harvest in 1992.

"Producers will be eligible to apply for assistance on 1990, 1991 or 1992 crop losses; however, if producers received assistance for any of those years they may not receive further assistance for that crop year. Producers who receive payments for fall-seeded program crops will only be eligible for assistance for 1992 crop losses."

Producers with qualifying gross revenues of less than \$2 million per year may file claims for losses of participating and nonparticipating program and nonprogram crops. "Producers with crop insurance must have had losses greater than 35 percent," Harris said. "Producers without crop insurance must have had losses greater than 40 percent. Producers with 1992 crop losses are required, under certain conditions, to purchase crop insurance for 1993."

Harris said producers intending to file for assistance should begin to assemble their records now, so they will be ready when the official application period opens and they should contact their county Agricultural Stabilization and Conservation Service office for additional information.

Survivors include his wife, Jewel Mobley of Baird; two stepson, Hall Green of Sedona, Ariz., and Ray Green of Abilene; three nephews; five nieces; three grandchildren; and three great-grandchildren.

## Burkett News

By FREEDA BURKETT

Weather has been the top subject of conversation the past few weeks. Our weather has been very nice with showers of rain amounting to a little over two inches the past two or three weeks. August, usually one of our hottest months, was very nice most of the time and got down to 50 degrees one night, breaking an all-time record and continues to be cool thus far into September. It is something to be very grateful for considering the tragedy that has happened in other parts of our country that was hit by Hurricane Andrew. Our sympathy goes to them.

The Baptist Church enjoyed their 5th Sunday dinner with a good attendance, following a very good morning worship service. They had a lot of delicious food and fellowship together. They enjoyed a good singing after lunch. Several members were missed because of illness.

News was received last week from Annie Merle Trent that her husband, H.O., was in the Coleman Hospital for tests and treatment. Get well wishes go to H.O.

D.J. and Lois Turner met their son, Mike and wife, Janice, and her dad, Jim Betts of Clifton, in Brownwood Monday of last week to see Rosy Greer, ex-football player with the L.A. Rams. He spoke at the luncheon at the Coliseum, which was sponsored by Howard Payne University. Greer is a minister and they enjoyed hearing him speak. They had a good day visiting.

Melba Walker and Mildred Lowe were in Brownwood Monday of last week, visiting sick folks in the hospital. They also did some shopping after enjoying a delicious lunch at Underwood's.

Ruby Hunter of Bangs is spending some time with her son and wife, Bill and Shirley Hunter, where she is recuperating from a broken wrist. Shirley's mother, Mrs. Dodson of Coleman, has also been with them, and returned home Tuesday.

Esther Byers returned home today (Tuesday) after spending twelve days at Humana Hospital where she was treated for a heart condition. Get well wishes go to Esther and others that are sick.

Wayne and Vivian Harris of Midland and daughter, Debra Schreiber and her children, Joseph and Jessica of New Braunfels were in Burkett Sunday. They visited their aunt, Birdie Helms, and son, Gil, and attended worship services at the Burkett Church of Christ. Other visitors at the church service were Russell Gould of Abilene. He was song director. He spent Saturday and Sunday with his mother, Lucille Gould.

Tracy and Gayle Brown and children, Tra and Jacob of Dalhart, spent the weekend with their grandmother, Cleo Porter, and attended Church of Christ services with her Sunday.

Birdie Helms celebrated her birthday recently at home.

Mrs. Andrew (Doris) Walker entered Humana Hospital in Abilene over two weeks ago, August 22, for a blocked artery in her left leg. She underwent a "by-pass" surgery Tuesday of last week. I called her today and she expects to be able to come home within a few days. All of her friends and relatives send get well wishes.

Their son, Paul Walker, a trucker enroute to El Paso, stopped by to visit his parents and was with them through

### Submitted by the Cross Plains City Council

September 1, 1992

This was a regular meeting of the Cross Plains City Council. Members present were Mayor Gene Dillard, Ted McKeehan, Gary Childers, Tom Clark, and James Nichols. Joe Holland was absent.

Gary Childers moved to accept the minutes of the last meeting as read. Tom Clark seconded and motion carried.

Jim Cotter, City Auditor, met with the council to go over the audit for the 1991-92 year. Mr. Cotter went over the audit in detail with the council to discuss any questions the council might have. He informed the council that he would be available at any time to answer any questions that might arise.

The council discussed the 1985 police car. By general consent the council agreed to keep the old car for city use by maintenance employees and possibly at a later date, trade for a small pickup.

The council discussed the extra irrigation pipe that the city has on hand now that the sewer farm is in operation and the new line has been laid to the irrigation system. Gary Childers moved to take bids on the extra pipe. Tom Clark seconded and motion carried.

Reconnection fees were discussed for water and sewer services. Gary Childers moved to increase the reconnection fee to \$25.00. Ted McKeehan seconded and motion carried.

Ted McKeehan moved to pay the bills. Gary Childers seconded and motion carried.

Ted McKeehan moved to accept the audit as presented. Tom Clark seconded and motion carried.

Gary Childers moved to go into executive session at 7:35 p.m. Tom Clark seconded and motion carried.

Personnel policies were discussed with employees.

Gary Childers moved to return to open meeting. Ted McKeehan seconded and motion carried.

Gary Childers moved to accept the rules for City Maintenance Employees Effective September 1, 1992. Ted McKeehan seconded and motion carried.

Gary Childers moved to accept the rules for the City Police Department employees. Ted McKeehan seconded and motion carried.

## THE PIONEER PATCHWORK

By IRMA MILLER

The Quilters worked on the Tumbling Blocks and the Jacob's Ladder on Tuesday. They had the first business meeting of the new season with a good attendance, and everyone was glad to be back.

Jean and James Alexander were glad to have their children visit this weekend from Richardson - Jim, Marla, Doss, Jack, Will, and Ashley.

Jewel Foster reported that the 42-84 Game Night Tuesday was successful with 18 present - enough for three tables.

Novilia Barton received her children, Cecil and Mary from Waco. Betty Beggs came to visit, and Mary showed them pictures which she had taken in France.

Visiting Nell and Joe Fleming were Nell's sister, Mary Matthews of Stephenville, who spent the weekend, and Vince and Betty Meiron of Andrews. Tommy Bowden and Brian Fleming of Amarillo visited, as did Novilia Barton on Saturday afternoon.

Frankie and Oliver Smith went to Temple on business Friday, and to Ranger with Jean Fore on Saturday to visit Frankie's father, Mr. Perry Vinson, and her sister, Dorothy Rogers. Saturday night, they all three attended the Sipe Springs musical, and on Sunday night at Pioneer Baptist Church enjoyed the presentation by missionaries, Jerry and Barbara Clower, who showed a film of activity in Taiwan. They are being reassigned to Singapore.

## Personals

Suma Dill's visitors were Janice Niestadt of Iowa, Sandra Toubassi of Dallas, Fred Dill, her son, Johnnie Bland, Erma Floyd, all of the community; Gaylon Duggan of Rising Star, and Joe Howser of Abilene.

Mr. and Mrs. Billy Watson of Richmond spent the weekend holiday with the Roger Watsons and Aunt Pearl.

Mr. and Mrs. J.N. Varner of Clyde visited with J.P. and Nettie Clark on Monday. Alma Lewis of Alabama visited Tuesday morning.

## CROSS PLAINS VOLUNTEER FIRE DEPARTMENT REPORT

By RON BELL  
P.I.O.

The Cross Plains Volunteer Fire Department plays a part with many other departments and within the community and the area. The Fire Department is depended upon for many services, as well as fire protection.

The Cross Plains Fire Department answers these calls for service with 100 percent of professionalism. Like many other fire departments throughout the state and Cross Plains Fire Department are bonded together for two purposes - saving lives and protecting property.

Each year these departments have to file reports on fires that they have battled. These reports are compiled and edited by the Texas Fire Incident Reporting System. Here are the figures for the calendar year of 1991.

To some people these figures might not hold much of a meaning, but to every fire department they are appalling. Along with the lectures on fire safety and pleas for everyone to be careful with matches, cigarette lighters, and other incendiary devices,

## ROWDEN NEWS

By MRS. N.V. GIBBS

The Gibbs gauge measured around 2 and 1/2 inches of much needed rain the first of this week. Farmers are getting fields ready for fertilizing and sowing in a week or so.

Saturday morning, Joyce Odom was in her garden picking backeyed peas, okra and cucumbers.

Don Harrell, Maryanna and Leigh Harrell lost his mother, Justine Harrell, this week. Her funeral was Saturday in Abilene. She had been in bad health for some time. Our sympathy is extended to the family in their loss. Bob and Kathy Dye attended her funeral.

Last weekend Bob and Kathy Dye and their daughter and family of Baird spent the weekend near Mason with Kathy's mother, Anna Dendy, Julie Patterson, and Brian Patterson and children, Justin and Breana. Also, Kathy had two sisters at the family homeplace which they all enjoyed.

Visitors of Gene and Vernie Belle Mauldin this week were Roland and

it still happens.

It's almost as if all the pleas and lectures fall upon deaf ears. When requested to use care, please respond as we have the figures to back up our reasons.

Please be careful.

Faye Mauldin and their son, Kenneth Mauldin, and friend, Crystal Baird of Abilene. Gene and Vernie Belle visited Ima Gibbs in Baird last week.

Cody Watson spent the weekend at home. He is a freshman enrolled at Texas Tech. Cody also celebrated his birthday while home.

This writer had lunch with her cousin, Nila Towler in Baird Monday. Nila is enjoying her yard of flowers. She has a green thumb for growing flocks, crepe myrtle, cannas, and begonias.

Company of this writer Thursday and Friday were Curtis and Velma Springfield of Azle. The group visited the Tony Steele family while here.

## NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$4,683 per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$5,045 per student in state and local revenues.

State law only requires a minimum tax rate of \$0.9398 for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Cross Plains Independent School District hereby gives notice that it is considering the adoption of a tax rate of \$0.1422 that will provide \$5,261 per student in state and local revenues.

Life

(Sweet And Simple)

By GREG TURNER

So many times I hear this remark made by people who evidently never played or coached athletics. As a player I endured many ups and downs, and remember the good times as well as the bad. As a coach I experienced much of the same — "THAT'S LIFE," — but what I've learned about life is that it goes on, so to be a part of life, so we must go on also.

The game against Bronte was filled with many ups and downs. As a spectator I felt many emotions during this game — happiness, sadness, excitement, and disbelief. Being down on the field, as I experienced each emotional feeling, I looked around and saw each player, coach, and fan experiencing the same feelings. So you see we are all in this game together, **THE GAME OF LIFE.**

Young people, I believe life is propelled by **MOTIVES.** This week I challenge you to read in the dictionary the meaning of **MOTIVE** and **MOTIVATE** and apply this to your life in all respects, not only sports but in the classroom also. I believe you will see and feel different about all you do from this day forward.

Roby beware! The Buffaloes have something you haven't got. A **MOTIVE.**

Rough Start For The Buffs

By CAROL ATCHLEY

It was a high school Friday night full of upsets, and Cross Plains was not an exception. Many of the area schools that were predicted to win their first game of the season September 4 were surprised by their opponents.

Cross Plains traveled to Bronte with the prediction and expectation of winning, but Bronte ended up on top 26-6.

The first quarter which was scoreless for both sides, saw some good defensive play from both teams. The Longhorns did have one scoring opportunity cancelled by a penalty. C.P. was attempting a punt from deep within their own territory when Kevin Switzer had the ball sail over his head into the end zone where it was recovered by Bronte. A penalty cost them the 2 point safety, though.

In second quarter action, which was also scoreless until the last 26 seconds, the Buffs did have some promising offensive plays; some nice receptions by Brandon Smith and some good ground gains. At one point, the Buffs got down to about the Longhorn 5 yard line. A good run by Jason Fleming got the ball within the 10 yard line. He carried again for another 2. Then a holding penalty hurt the Buffs. Brock Walker then carried the ball to the 5, then a deflected pass ended the drive for the Buffs.

With 26 seconds left in the 2nd quarter, the Longhorns did manage to score, but they were unable to convert the extra point. The score going into half was 6-0.

With about 8 minutes left in the 3rd quarter, Bronte was able to score again, the point after was good making the score 13-0.

Unfortunately, on the kickoff that score, the Buffs fumbled the ball and Bronte recovered and was able to drive the ball in for another score, point

after was good, making the score 20-0.

The Buffs did get within scoring range again. This time as a result of James Jones carrying the ball to the 15 yard line; Michael Cowan then going to the 8 and then again to about the 5; a penalty against Bronte moved the ball to around the 2 1/2, but on the next play, Walker trying to hang on to a seemingly slippery football fumbled and Bronte recovered, ending the scoring threat.

In the final quarter, with less than a minute into the quarter, C.P.'s Billy Brown recovered a Bronte fumble and with a pass from Walker to Bucky Williams, the Buffs were on the move again, getting to about the Longhorn 15, but after 4 attempts, they were unable to score.

The Buffs' defense held the Longhorns and they were forced to punt. Bronte then had a bad snap on their punt attempt and although they did recover the ball, that was their 4th down and the Buffs took over on about the 2 1/2 yard line. On the 3rd play of the drive, Michael Cowan was able to cross the elusive line for the Buffs' only score. The point after failed, and the score was 20-6. C.P. tried the on-side kick, but Bronte recovered.

After some back and forth defensive play, the Longhorns scored again with about 2 1/2 minutes left in the game. The point after failed, leaving the final score Bronte 26, Buffaloes 6.

The Buffs will play their first home game on Friday, September 11, against Roby, beginning at 8 p.m. Roby played Holliday last Friday night and were defeated 46-0. Make time to come to the recently renovated and freshly painted Buffalo Stadium, and support the football team, band, and cheerleaders.

her surgery. He plans to leave in a day or two. They have been so pleased to have him at their side through her sickness.

Following is a list of latest donations to the Burkett-Adams Cemetery Association: Harold and Audrey Mitchell \$20; Claudia C. George, Thelma Holland, and Zora F. Lico each sent \$5; Jimmy and Faye Gaines \$25; Janie Brown \$15; Mrs. Earl (Janie) Davis \$7; Gary and Kathy Briggs \$10; Ludie (Gould) Cox \$20; and two \$10 anonymous gifts.

These gifts are appreciated so very much for the upkeep of our cemeteries.

We are sorry our Burkett News has been so uncertain the past several weeks. I was "out of pocket" for a few weeks because of sickness in my family and then I had eye surgery five weeks ago, and I have a few more

weeks to go before my sight will be up to par, so I have hardly been able to do much writing. It would be a great help if everyone would send their news items to me. I appreciate those that have been handing their news to me or Lovera.

## MINUTE MUSINGS

By ESTHLOY S. DICKSON

Our editor told me to submit this copy on Tuesday, but here I am preparing it on Monday — force of habit. It will be about as usual — no worse, I hope!

Last Saturday morning, while I was in the post office, a lady came in. She said to me "Esthloy, do you know me? Do you recognize me?" I was embarrassed. I told her her face looked familiar, but I couldn't give her a name.

She told me that I had known her years ago as 'Louise Shockley'. I did know her family, Alec and Barbara. They were active in the local Riding Club, as was our son. In fact, C.V. Sr. and C.V. Jr. rode with the local club. That is why we sold our house in Abilene and moved to Cross Plains — horses and more horses.

Louise said they lived near Abilene. Her daughter, Barbara, was with her. I was delighted to renew our acquaintance.

Lucile Callaway called me this afternoon — well, about 5 p.m. She and her kids spent the holiday weekend at their cabin on Lake Brownwood. They enjoyed being away from the city for awhile. Fortunately, the weather was great for the occasion.

Now, it is Tuesday morning — there is a gentle breeze, and I think we will have a lovely day. I can't recall that we have had much really hot weather this summer — and here it is fall already.

I'm hoping to hear from my kids — all two of them — and their families this week. Surely would love to see them — and now I have a great-grandchild!

The Beggs' family didn't answer on Monday, and they do not answer this morning. I'm sure they are 'celebrating' the holiday off somewhere — maybe at the lake. I'm wishing them only 'happy days'.

Sally Roady stated that they had visited their 'Mom' at the nursing home nearly every day. They visited Mr. Mac Childers in the city one day. Gene Hicks and Nancy and their son, Cliff, were visited in Rising Star one day. They talked to Art and Bertie Roady in Abilene one day.

Lucile Callaway and Doris Ann McBride came out to check on me Tuesday morning to see if I was okay. I appreciated their concern.

To all my neighbors and other friends — I have a stack of nice magazines I would just love to give to someone who can use them. Just let me know that you want them.

**MICROWAVE COOKING**

Microwaves cook food by vibrating water molecules. Moisture near the outside of the food evaporates, leaving the surface cooler than the interior. The air around the food remains cool too (unlike the searing air in a conventional oven) so organisms on the surface tend to survive. Thus, while a hamburger may be steaming hot inside, the edge may remain cool — and contaminated. Remedy: cover food with glass or ceramic — the trapped steam will heat and disinfect the food.

### Lakewood Recreation Center News

By BARBARA MCKOY

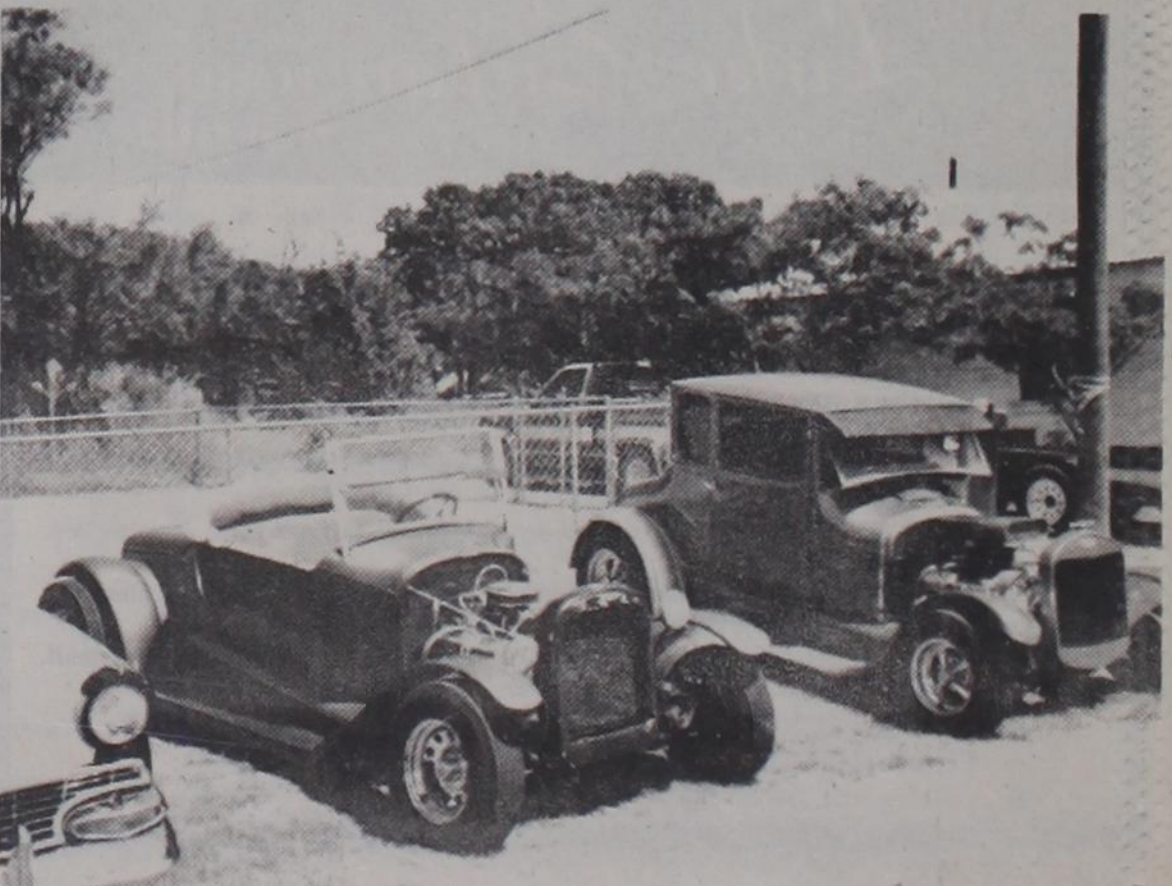

During the board meeting held September 1, the board voted to charge seasonal members a \$100 initiation fee to rejoin the club. A seasonal member is one that drops their membership in the fall and rejoins in the spring. This creates a hardship on the club, as well as members that pay their monthly dues year around. The club's expenses continue throughout the year and it is not fair for members to pay only during the playing season. New members joining for the first time will not be asked to pay the \$100 initiation fee.

### James Reed Training With U.S. Marines

James Reed is currently in boot camp with the Marines in San Diego, California. He will be there until November 13 at which time he will graduate.

James will be home for about 10 days and then return to Camp Pendleton, California for more training. When he has completed it, he will go to Meridian, Mississippi for his M.O.S. school.

He would like all his friends to write him at: Rec James Reed 337-64-1506, PLT 2070 F.Co. 2nd RTBN MCRD, San Diego, CA 92140-5132.

**Farm Bureau Sponsors Clyde Fireman**

David Matheny, volunteer fireman of the Clyde Volunteer Fire Department of Clyde, Texas, attended the 63rd Annual Texas Firemen's Training School, July 19-24. The school, attended by nearly 2,000 students representing about 750 cities from more than 25 states, was held on the Texas A&M University campus.

Firemen could choose their course at the school from a list including Fire Fighting, Fire Department Officer Training, Fire Department Pump Maintenance Specialized Fire Protection, and Disaster Rescue Training.

Fireman Matheny was sponsored by Callahan-Shackelford County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 100 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 100 firemen at the school.

"The Farm Bureau Insurance Companies believe Volunteer Fire Departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President S.M. True, Jr. of Plainview. It is our hope in sponsoring this program that the fireman will help the Clyde Volunteer Department to better serve the residents of Callahan-Shackelford County."

**Gifts To The Pioneer Cemetery**

Gifts to the Pioneer Cemetery since our last report in June have amounted to \$1,108.20, stated Mrs. Irma Miller, Treasurer.

The donors were Lyla L. Smith, Mrs. Cowan Hutton, Maxine Poindexter, Lynn and Ruby Daniel, Irma Miller, Mrs. Cora Harrell, Novilia Barton, John McFerrin, and Lucille Harris.

The Pioneer Historical Association is grateful for all gifts, especially of late, as interest rates have been reduced. We will acknowledge these donations as names and addresses of donors are received. Gifts may be given directly to the Citizens State Bank of Cross Plains or sent to: Pioneer Historical Association (or Pioneer Cemetery Fund), c/o Mrs. Irma Miller, Rt. 1 Box 210A, Rising Star, TX 76471.

**Ten Free Live Oak Trees**

Ten free live oak trees will be given to each person who joins The National Arbor Day Foundation during

September 1992.

The free trees are part of the non-profit Foundation's Trees for America campaign.

"These magnificent wide-spreading trees will be picturesque additions to your landscape," John Rosenow, the Foundation's executive director, said. "They were selected for this campaign because of the shade and special beauty they will give your home. Live oaks grow rapidly when young and may live to be centuries old."

The trees will be shipped postpaid at the right time for planting between October 15 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow or they will be replaced free of charge.

Members also receive a subscription to the Foundation's new magazine, *Arbor Day*, which includes regular features about tree planting and care.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to TEN LIVE OAKS, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1992.

**CLEAN TEXAS 2000**

QUESTIONS TO THE CLEAN TEXAS 2000 HOTLINE: 1-800-458-9796

**Q:** We have fire ants in our back yard. I didn't worry much about them but now we have a baby. What should I do? I've heard that boiling water works.

**A:** Boiling water is one way to rid your yard of fire ants if you have only a few mounds. Be sure to use the water when the mounds are active. It usually takes several gallons of water to reach and kill the queen, the key to fire ant control. Be aware that the boiling water will kill or at least scorch the grass that it touches. If you have more than a few mounds, you should try a bait formula such as Andro or a bait product containing the insect growth regulator fenoxycarb. Follow the label directions carefully and be patient. It may take up to a few weeks to completely rid your yard of fire ants. These products — while relatively low in toxicity — are not non-toxic. You shouldn't let your baby play in the treated area for several days. Some people have had success placing the bait in a plastic milk jug with holes near the bottom. The ants can reach the product and you can move the bait from mound to mound without leaving a residue.

**Q:** What should I do with old books and magazines?

**A:** You should be able to find many willing takers. Small town and school libraries often welcome used books in good condition, along with some recent issue magazines. Hospitals, nursing homes and other institutions are also logical places to try. Many day-care centers would be happy to get magazines for their libraries or art projects. You can also exchange or sell many books through local book shops.

Your newspaper runs this column as a public service in cooperation with the Texas Water Commission. If you have questions about reduction, reuse or recycling of waste, call the Texas Water Commission Environmental and Recycling Information Center at 1-800-458-9796, or write CLEAN TEXAS 2000, P.O.
