"Dramatic Events In Kurdistan"

By PAUL SMITH

Before Operation Desert Storm, I hardly knew a Kurd-from a whey, but after seeing TV reports of Kurdish refugees in Turkey and Iran in the spring of 1991, I recalled having heard the name "Kurdistan" somewhere — probably fifty years ago in a Cross Plains High School geography class! Those TV reports touched my heart, and I began going out of my way to get acquainted with some of the Kurds living in the Dallas area. That was the beginning of an unforgettable adventure for me.

Nearly every Kurd I met quoted their most famous proverb: "The Kurds have no friends!" The proverb reflects harsh political realities over a period of many centuries. But I quickly found that to gain a real friend, one only has to be willing to listen to a bit of Kurdish history and show a little understanding of the way Kurds feel. I also learned that the Kurds are prominent in the Old Testament — only there they are called "the Medes."

After the successful end of Operation Desert Storm, President Bush encouraged the Kurds to rise up against Saddam Hussein. Kurdish freedom fighters (the peshmerga, "those who face death") responded immediately and captured 120,000 Iraqi soldiers in a whirlwind three-hour sweep across northern Iraq. In the process, they also captured vast quantities of Iraqi secret documents detailing Saddam Hussein's brutal genocide against the Kurds. But when Saddam's planes, helicopters and tanks counterattacked,

the Kurds, armed only with assault rifles and a few light machine guns, had to flee with their families to neighboring countries. Hundreds perished on the way and in wilderness camps, where they suffered from cold, hunger and disease until the U.S. government and private agencies came to their aid.

Only when the U.S. and her allies forced the Iraqis to withdraw to below the 36th parallel were the Kurds able to return to their homes, which by then had been plundered by Iraqi soldiers. Gone were cars, household appliances, personal effects — anything of value.

Last August I had the privilege of traveling with some Kurdish friends from Dallas to Kurdistan of Iraq. I met many peshmerga, including two "generals," talked with members of the newly elected Kurdish parliament, and enjoyed the hospitality of a Kurdish family for one week in the city of Dahuk, 25 miles from the Turkish border — 36 miles from the ruins of the Biblical city of Nineveh. I was not able to visit Nineveh, as it was controlled by Iraqi military forces, but I did get to see the ancient Kurdish city of Aqra, as well as Irbil, where the new parliament has its headquarters.

I was fascinated to learn that the Kurds control the generating plant that sends electric power to Baghdad. "Why don't you turn off Saddam's lights?" I said. "We can't do that," a man said, "because Saddam controls our electricity from a plant in central Iraq! We turn off his lights, he turns off our lights."

Kurdistan of Iraq surprises the first-time visitor with the beauty of its mountains, (as high as 7,000 feet above sea level) lakes, rivers and crystal clear springs. Unfortunately, the mountains have been deforested by Saddam as part of his long campaign against the Kurds.

Varsity Buffs Defang The Rattlers

By CAROL ATCHLEY

Interceptions and fumbles can certainly cost a team the game. This time, though, it was the Cross Plains Buffaloes that benefited from the mishaps. In their second district game, the Herd came away winners. The Buffs scored once in the 1st quarter and once in the 4th quarter to beat the Tolar Rattlers 15-6 in a game played at Tolar (in rather pleasant weather) on Friday, October 9.

The CP defense held Tolar to their one score about half way through the 3rd quarter. They also forced 5 Tolar turnovers, 3 interceptions, and 2 fumbles. Tolar also had to punt the ball 4 times due to the strength and determination of the CP defense.

The Buff offense had 13 offensive series, scored on 2, punted 4 times, and threw 1 interception, had 1 fumble. Tolar had 11 offensive series.

The Buffs' first scoring drive began at the Tolar 43 as a result of a Tolar punt after a quarterback sack by Buffalo #75 Bucky Williams (sorry about last week's mistake). The 57 yard drive included 3 first downs, runs by Kevin Switzer, Michael Cowan, and Jason Fleming, a fumble and recovery by quarterback Fleming, an 8 yard pass reception by Cowan and capped off with an 8 1/2 yard keeper by Fleming for the TD. The kick by Switzer was good for the extra point, making the score 7-0. It remained that way until the third quarter when Tolar scored.

The second Buffalo score came with just 1:07 left in the game. After Tolar was forced to punt, the Buffs took over at the CP 32. This drive included a keeper by the now quarterback, Brock Walker, 4 carries by Switzer, 2 by Cowan, 2 by Fleming, and a pass reception by Brandon Smith. The TD came on one of their more interesting plays. Walker hands to Fleming who throws to Cowan. This was a 10 yard

reception by a wide-open Cowan in the end zone. Freshman Donnie Dillard easily caught the pass for the 2 extra points, giving the Buffs the 15-6 score.

Quarter by quarter action was as follows:

1st Quarter
The Buffs kicked off, Tolar had to punt.
CP takes over at the Tolar 46. They lost the ball on downs at the Tolar 28. Tolar had to punt, CP takes over at Tolar 43.

Buff's first scoring drive.
Tolar's drive ends with an interception by Earl Meroney at the CP 39.

2nd Quarter
Buff's start at CP 39 after interception. Bad snap on a punt, and Tolar takes over at CP 31.

Tolar unable to score, Buffs take over at CP 10.

CP forced to punt, Tolar takes it at CP 40.

Tolar throws first interception, taken by Fleming who returns it to Tolar 29.

Buff's unable to score, are forced to punt. (Ball goes into end zone.)

Tolar takes over at their own 20.

Tolar forced to punt, CP takes over at CP 35. End of quarter.

3rd Quarter
Buff's receive kickoff at CP 26. CP throws interception, Tolar takes over at CP 30.

Tolar scores on a short pass, PAT unsuccessful.

CP receives kick at CP 38, forced to punt.

Tolar starts at their 31. Smith saves a TD on a last-man tackle on a 25 yard Tolar pass reception. Tolar gives up the ball when Fleming recovers a Rattler fumble.

CP takes the ball at the CP 10, but is forced to punt.

4th Quarter

COWBOY AND INDIAN — Colby Walker, a member of the Hardin-Simmons University football team, and Courtney Kirkham, a McMurry University cheerleader, represented both colleges in a game held at

Shotwell Stadium in Abilene Saturday afternoon. Both students are 1992 graduates of Cross Plains High School. Many local residents attended the game in support of the youths.

Mediplex Reports Many Items Of Interest

By VANDA KING
Editor

The Professional Advisory Committee for Mediplex Home Health Services at Cross Plains met on Wednesday, October 7, for a noon luncheon at the Community Center. The Garden Club catered the meal.

Pat Hudson was introduced as the new registered nurse for the local facility. She is a 1990 graduate of Angelo State University and has worked in the Progressive Care Unit at Hendrick Medical Center for 2 1/2 years.

Mrs. Hudson has been employed by Mediplex since June 1, 1991 and recently began duties as the Cross Plains Branch.

Her husband, Donald Hudson, is an employee at the State School in Abilene and the couple have two children. Their daughter is an L.V.N. and has two children, and their son is a student at Angelo State University.

A brief update on the local office was given, and the announcement of the new opening of Mediplex at the Coleman County Medical Center. The Coleman Branch will be working closely with Cross Plains to insure the best of care for patients in the Cross Plains, Coleman, Lake Brownwood, Rising Star, Cisco, Baird, and Putnam area.

Physical therapist, Rick Gilisson, will be treating Mediplex patients, as well as providing an out-patient service. He was a physical therapist for Terry Anderson, following his release from Lebanon.

The training program for hospice volunteers is now available. The program instructs volunteers in dealing with terminal patients, including the death and bereavement process.

Mediplex Hospice has received a very generous donation, which will help provide counseling for up to one year for families whose loved ones are in the hospice program. A portion of the therapy includes the presentation of a tree to be planted at the discretion of the family in memory of their relatives. A name plate bearing the deceased's identification will be placed on the tree. At the end of one year the tree will be visited to note the

growth as an expression of the end of the bereavement period.

Wade Turner is the Hospice Foundation Chairman and he will be responsible for the expression and development of the program and Class A census.

The 1992 I.A.H.A. National Championships Andalusian Horse Show will be held October 30, 31 and November 1 in Abilene at the Expo Center of Taylor County. Exhibitions of Medieval Times, Class Competitions, and heritage costume exhibitions are highlights of the show.

Friday will feature the Pre-Championship Show and evening Special Medieval Times High School Exhibition; Saturday — National Championship Show; and Sunday 10:30 a.m. Completion of National Championships.

There will be no admission to the Horse Show. There will be auctions, booths, and more! Anyone who would like to contribute arts, crafts, or any item for auction may do so. All proceeds will benefit the Mediplex Hospice Foundation.

This is the first time the I.A.H.A. National Championships have been held in Texas. Everyone is invited to attend.

United Fund Short Of Goal

The United Fund reported collecting \$2,976.70 at their recent drive. This represents 65.4 percent of the set goal for this year, which is short at this time.

Anyone who was overlooked or would like to contribute to the United Fund may do so by making a donation at the Citizens State Bank or mailing contributions to: Cross Plains United Fund, Citizens State Bank, P.O. Box 699, Cross Plains, TX 76443.

Dannes Turner, treasurer, stated that the generosity of all who contributed was greatly appreciated, and it is hopeful that the goal will be met.

Cody Winfrey Has Liver Transplant — Doing Good

By VANDA KING
Editor

Cody Winfrey underwent liver transplant surgery on Wednesday, October 7, at Texas Children's Hospital in Houston. A team from the hospital flew to Michigan to pick up the donor liver and surgery began at 3:45 a.m.

Following fourteen hours of surgery and 31 units of blood, he is reported by his aunt, Malinda Winfrey, to be doing good.

Cody was still in the Intensive Care Unit as of Tuesday, but was expected to be moved to a room on Wednesday.

The first seven days is the time period most critical for rejection to the liver, but everything was working smoothly. He has been sitting up and walking around his bed.

His physicians are happy with his progress. They reported to his family that his original problem of hemorrhaging no longer exists, as all his blood vessels have returned to normal size.

Cody will be hospitalized for four weeks and an additional two week period as an out-patient. His spirits are high and he is determined to get well and return home.

His parents, Tony and Paula, and

grandparents, Glenn and Peggy Winfrey and Anna Mae Wright, have been with him during his hospital stay. Emily has been staying with Mike and Malinda and sons.

Relatives and friends have visited and the telephone lines were loaded with calls from well-wishers. KTAB television station in Abilene checked on him several times and the concern shown has been overwhelming, according to relatives.

Cody and his family want to convey their appreciation for all the thoughtfulness and especially the prayers in his behalf. They know the prayers have strengthened him.

With the positive attitude this young man has, he can be an example to everyone. "How is Cody doing?" has been a popular question around our community over the past week, and I know you will all be glad to know of his well being.

If you would like to send him a card or letter, this address may be used:

GET WELL SOON, CODY!!!

Jeremy Tennison Improving

Jeremy Tennison is commuting to Dallas every two weeks for medical treatment and has been reported improving. He will have surgery on his knee in November. He is receiving school instructions

in his home. Cards, letters, and telephone calls would be helpful during his recuperation.

Jeremy's address is: Rt. 1 Box 3EA, Cross Plains, TX 76443.

Stenholm To Visit Cross Plains

Congressman Charles Stenholm will be traveling to Cross Plains by bus campaigning for re-election on Thursday, October 22. He will be at the Citizens State Bank in Cross Plains at 10:50 a.m. for a brief visit. The campaign tour begins the day in Eastland

County and ends the day with a rally in Granbury. Charlie invites you to meet him at one of the stops.

Congressman Stenholm, joined by a group of friends and supporters, will stop in more than 65 towns on four separate bus tours in the 17th District over a period of two weeks. The 17th District, about the size as the state of Maine, has thirty-two counties and stretches from Wise County (north of Fort Worth) to Dawson County (south of Lubbock) to Tom Green County (San Angelo).

Stenholm, a Conservative Democrat from Stamford, believes we need a balanced budget and has vowed to continue his fight for fiscal responsibility by the government.

EARLY OUT FOR SCHOOL WEDNESDAY

Students at the Cross Plains School will be dismissed early on Wednesday, October 21, at 2:45 p.m. and buses will run at that time. A staff development meeting will be held for faculty members.

Benefit Calf Roping School Sunday, Oct. 18

A Benefit Calf Roping School will be held on Sunday, October 18, at the Cross Plains Roping Club Arena on West Highway 36 from 12:30 p.m. until 7:30 p.m.

The all-day school (includes use of cattle) will be available for \$40. Jeff Bacon and Terry Kitchens will be the instructors.

There will be ground work for children without horses.

You may mail your entries to Jeff Bacon, Route 2 Box 38, Rising Star, Texas 76471 or call (817) 643-3152 for more information.

A concession stand will be provided and hamburgers will be served. Everyone is welcome to attend.

All proceeds will benefit Lori Dillard, United States Cheerleading Representative from Texas. Lori was selected All-Star Cheerleader at cheerleading camp at Hardin-Simmons University in Abilene this past summer.

She will perform in the New Year's Day Parade in London, England. This is also the parade the Cisco Junior College Wrangler Belles and Band will appear in.

Lori is a Junior at Cross Plains High School, and is the daughter of Mr. and Mrs. Donnie Dillard.

Cross Plains Beautification Month

The Chamber of Commerce and Project Pride have declared October as Cross Plains Beautification Month.

Both organizations are joining efforts to make Cross Plains the Pride of the Big Country.

All business and property owners are encouraged to CLEANUP AND PAINT all store fronts and lawns in the Central Business District. This includes all of Main Street and Highway 36. It is a must that our city is presented during the coming holidays in a way that attracts more business

Chicken and dumplings, sandwiches, and pies will be served. Area musicians are invited to participate.

Everyone is welcome to attend and there is no admission fee.

City Council Minutes

Submitted by the
Cross Plains City Council

October 6, 1992

This was a regular meeting of the Cross Plains City Council. Members present were Ted McKeehan, Gene Dillard, Tom Clark, Gary Childers, and James Nichols.

Ted McKeehan moved to accept the minutes of the previous meeting as read with the following exception of September 26, 1992 meeting: To change members present to read Gene Dillard once and Gary Childers also present. Tom Clark seconded and motion carried.

Minnie Martin met with the council to discuss the Callahan County Nutrition Project. Minnie informed the council that the Cross Plains Center is doing very well. She informed the council that it was time for the Council to appoint two new members to the nutrition board and she asked for

continued support that the council had provided in the past. Ms. Martin thanked the council for their time. Ted McKeehan moved to provide the \$4,000.00 cash, pay the utilities, insurance and upkeep on the building. Gary Childers seconded and motion carried.

Don Dooley with the Brownwood TV Cable met with the council to inform the council that negotiations with the franchise are being conducted and it may be 4-6 months before an agreement is reached, therefore delaying the addition of new channels to the Cross Plains area.

Bob Harrell, fire chief, met with the council to discuss the quarterly report for the fire department. He informed the council that he did not have the necessary information and would get back with the council on the next meeting.

The council discussed the vacancy on the City Council and the appointment of someone to that seat. Ted McKeehan stated that he felt that the council should continue to do what they had in the past, and ask the person receiving the next highest amount of votes in the last election and if they aren't interested in the position, then approach the next in line and so on. Gary Childers stated that he felt the same. James Nichols stated that he felt that we should wait until the next election. After lengthy discussion, Ted McKeehan moved to ask Betty Lewis to take the position and if she's not interested to move down the list. Gary Childers seconded and motion failed with James Nichols, Tom Clark, and Gene Dillard voting nay. James Nichols moved to wait until the next regular election and leave the seat vacant until then. Tom Clark seconded and motion failed with Ted McKeehan, Gary Childers and Gene Dillard voting nay. James Nichols moved to have a special election to elect the new council member. Tom Clark seconded and motion carried with Ted McKeehan and Gary Childers voting nay.

Gary Childers moved to start taking bids on demolition project at the old landfill site. Ted McKeehan seconded and motion carried.

James Nichols moved to pay the bills. Tom Clark seconded and motion carried.

Tom Clark moved to go into executive session to discuss personnel issues. Gary Childers seconded and motion carried.

Gary Childers moved to return to open meeting. Ted McKeehan seconded and motion carried.

James Nichols moved to appoint Tom Clark and Gary Childers to the Callahan County Nutrition Project Board. Ted McKeehan seconded and motion carried.

Tom Clark moved to adjourn. Gary Childers seconded and motion carried.

Child Welfare Board Reports Success

Wow!!! What a day we had at the Octoberfest!!! Everyone seemed to be having a good time. The Callahan County Child Welfare Board members were up early fixing their booths for the day and the team work really paid off.

Some forty cakes of various flavors found good homes that day and with the other activities, we netted the board over \$300 to help our area children.

We wish to say THANK YOU! to everyone who came by our booth and purchased a cake or other goodies, bought a craft, had their face painted, or played the fish bowl game for giving us such a great day.

Thank you board members and friends for supplying the cakes, and other goodies and building us such a swell booth.

A special THANK YOU to Geraldene Brumbaugh of the Baird Dairy Queen for letting us borrow the fish bowl and supplying us the tokens.

Remember the next meeting October 15 at 7 p.m. in the Human Services building in Baird. Public welcome.

Weight Loss Surprises Researchers

WASHINGTON — A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tablet would help erase world hunger problems, until a study revealed that one of the ingredients could cause significant weight loss.

Although other studies and scientists may not agree, researchers in Europe found that the ingredient, a natural plant colloid, actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious *British Journal of Nutrition*. Researchers in an earlier study had speculated that the weight loss was due to a decrease in the intestinal absorption of calories.

While the project of National Dietary Research, aptly named Food Source One, would not be used to successfully fulfill its original goal, the formula which has since been improved with other natural colloids has been a windfall for some overweight people. A Metairie, Louisiana nurse lost 71 pounds. She stated "I never had to sacrifice the foods I dearly crave!" "Food Source One is very easy and anyone could do it," says a Niagara Falls, New York woman who lost 26 pounds and 15 inches. "The results are great," she added.

Food Source One tablets are part of National Dietary Research's comprehensive plan to bring a rapid end to obesity in this country. A variety of nutritionally sound diet plans, specially prepared by NDR, accompany each bottle and provide a natural, drug free alternative for confronting the problem of obesity.

Local ASCS Meets Counsellor

LUBBOCK — Clayton Yeutter, Counsellor to the President for Domestic Policy, met with local employees of the Agricultural Stabilization and Conservation Service and agriculture leaders from across Texas. Mr. Yeutter coordinates all domestic policy activities for the President through the operations of a new Policy Coordinating Group (PCG). The PCG is the domestic equivalent of the National Security Council. Prior to coming to the PCG, Yeutter served as Secretary of Agriculture. While at Agriculture he was actively involved in farm legislation and in negotiations to open export markets for American farm products throughout the world.

Secretary Yeutter met with the group at the Texas State Conference of the Agricultural Stabilization and Conservation Service recently held in Lubbock, Texas. The training conference was designed to train local employees in program administration and to improve the effectiveness of the farmer-elected County Committee System.

The Cross Plains Fire Department would like to say Thank You to the Coleman, Santa Anna, and Lake Brownwood Fire Departments, as well as the many other volunteers who helped battle a pasture fire on the Jim Burkett property in Coleman County southwest of the Burkett community. Without these fine people the fire, which was brought under control after three hours of hard firefighting, could have become major.

Turning to the lighter side, the Fire Department was able to show off its equipment. On Wednesday, October 7, the Fire Department held a tour of the station for Girl Scout Troop #214, under the leadership of Patricia Cook and Jill Winters. Thank you, girls, it was a pleasure.

On Thursday, October 8, the Fire Department had the pleasure of exhibiting our equipment and instructing the students of Cross Plains Elementary, Kindergarten to the third grade, concerning fire prevention. We also want to thank the elementary principal and all the teachers for their assistance.

Special thanks to my counterpart, fireman Scott Bland, for his help.

C.P.J.H. FOOTBALL TEAM — Remain undefeated in District play.

Junior High Buffs Routed The Rattlers

By CA

For the second week in a row, the Cross Plains Junior High football team has wrecked havoc on their opponents. This week, as last, they sped to a 52-0 victory; the Tolar Rattlers were the victims.

The total yardage for the two teams tells the story...CP's Junior High Buffs gained approximately 318 yards...that averages out to 9.9 yards per minute in the 32 minute game. Tolar, on the other hand, was held to less than 30 total yards.

There were 15 Buffalo players suited out, and Sean Jones on his crutches, and the ever-busy manager, John Cheshir, on the side line for the home game played on Thursday, October 8. Every player got a chance for good playing time and contributed to the victory.

With the help of the extra effort by the CP defense...2 blocked punts, recovered fumbles, a pass interception, and their just plain stinginess in giving up any ground, the offense dominated the game.

The scoring by quarter was as follows:

1st Quarter	
Cross Plains:	24
Tolar:	0
2nd Quarter	
Cross Plains:	14
Tolar:	0
3rd Quarter	
Cross Plains:	6
Tolar:	0
4th Quarter

Tolar:	0

CROSS PLAINS REVIEW
Thursday, Oct. 15, 1992

The drives went like this:
1st Quarter: The Buffs scored twice before Tolar ever got the ball.

On the first play of the game, Justin Richey recovered the football as Tolar fumbled CP's kickoff. Starting on Tolar's 39 yard line and with runs by Kevin Nickerson and Jody Fortune to set up the TD, quarterback Jeremy Barnett pulled a good fake, handed the ball to Richey who went over for the first 6 of his 30 points. Fortune ran successfully for the extra 2, and the Buffs had the game won at that point, 8-0.

The Buffs went for the on-side kick and it worked. Joseph Hopkins recovered the ball and CP's second drive started at the Tolar 38. This time the drive went Fortune, Barnett, Nickerson, Fortune and then Richey sprinted the 26 yards left to the goal line. Barnett kept the ball for the extra 2, the score now 16-0.

The third score was with 33 seconds left in the quarter. Tolar punted, CP took over at the Buff 40. After taking a 5 yard penalty, going back to the 35, Barnett handed off to Richey again, he geared up and took off down the sideline, just staying out of Rattler reach and went the 65 yards for the TD. Barnett again on the keeper made the 2 points. End of quarter...CP 24 Tolar 0.

2nd Quarter: Rickey took a breather and only scored twice. The quarter started when he (Richey) caught the Tolar punt, fumbled the ball, recovered the fumble and after a Buff penalty and a run by Nickerson, he stretched out another 65 yard TD run. Nickerson took the ball in for the 2, the score now 32-0.

In Tolar's offensive series, a pass attempt was deflected by Richey and caught by Fortune, giving the Buffs the ball at Tolar's 35. The drive included runs by Barnett, Nickerson, Barnett, Fortune, and Richey darted the remaining 26 for the score. A pass attempt from Barnett to Chris Wood was unsuccessful for the 2 and the score was now 38-0.

Tolar's next drive was ended with a good blocked punt by Wood as he

towered over the Tolar kicker. The loose ball was recovered by Tolar, but that was the end of the first half.

3rd Quarter: The Buffs took the kickoff, headed down field, but they came up empty when they had their own turnover, a fumble at the Tolar 19.

Tolar managed 3 plays before having to punt again. Wood, for the second time, shot through the Tolar line in time to reach out and block another punt. This time Hugo Mauricio alertly covered the ball for the Buffs and CP started another drive, this time at the Tolar 25.

Barnett on a keeper and Fortune on a 20 yard run made the successful TD. The PAT failed, but the score with 10 seconds left in the 3rd was 44-0.

The quarter ended with Barnett recovering a Tolar fumble on the Rattler 25.

4th Quarter: Nickerson topped this 25 yard drive (the shortest for CP) when he muscled his way 7 yards straight through the Tolar defensive line. The TD run was set up by runs by Richey, Nickerson, Fortune, and Barnett. The PAT was good on Fortune's run, and that was the Buffs' final score.

The Junior High Buffs' defense was even tougher than last week, as they didn't allow the Rattlers to even slither past their own 45 yard line. Joseph Hopkins and Benji Blackstock teamed up several times to stop Tolar runners. Scott Brame, Nathaniel Swift, Nick Graves, and Mauricio were also involved in many of the 2, 3, and 4 man tackles. The CP defense also managed several sacks. Barnett was responsible for 3 himself. Wood, Nickerson, and Blackstock also were in on a couple of sacks.

The Junior High team will be traveling to Gorman on Thursday, October 15. Game time is 6:30. Come watch this energetic, enthusiastic bunch of kids and be a part of the crowd showing spirit with the cheerleaders.

PLANNING FUTURES — A group of the juniors and seniors who went to Career Day at Cisco Junior College.

Educational And Career Opportunities Explored

By CAROL ATCHLEY

As a junior or senior in high school most students begin the process of trying to decide what type of work they want to do, or what type of school they

would like to attend once they graduate from high school. Not an easy decision. To help along those lines, Cross Plains school counselor, Mrs. Ann Watson, arranged for all of the juniors and seniors to go to Cisco Junior College for "Career Day" on Monday, October 12, from 9-11 a.m.

Eight other schools from the area also attended the annual event, which was set up in a large gym. Many different schools were represented, along with the different branches of the service. Both colleges and technical schools had representatives available.

The students had an opportunity to talk with representatives of schools who interested them and to obtain information they needed or wanted.

Mrs. Watson also had the opportunity to talk with reps from several schools and is making plans for either student visits to the schools (TSTC in Brownwood for example), or having the reps visit in the school here.

All in all, she said the trip was good exposure for the students and gave them a unique opportunity to visit with many different schools.

Spanish Students Discover A New Culture

By CAROL ATCHLEY

It was Wednesday, October 7, the halls sure seemed empty, and some classes had so few students that it was impossible to have class. Where was everyone? Cross Plains' energetic and brave high school Spanish teacher, Mrs. Robbye Fullen, loaded up 55 of her Spanish students (just less than half of the high school) and took them to Stephenville where they had the good fortune of being able to see the performance of "Alejandra Dondines Dancers of the Americas."

These dancers performed an "authentic panorama of the music and dance of South America and the Caribbean." The students were able to see 8 different musical numbers performed and were able to join in the singing in two of them.

The dance troupe is headed by Alejandra Dondines who is an internationally recognized dancer and choreographer. She has performed in Argentina, Peru, Mexico, and the United States.

In addition to being able to see the fast-paced and intense dancing from the Latin American countries, the beautiful, colorful costumes provided excitement for the eyes as well, as the dancers wore the native costumes from the countries their dances represented. The program lasted approximately 2 hours and in talking with many of the students who were able to go, they very much enjoyed the program and glad they had the opportunity to go.

The buses were just a bit late getting back from the trip at the end of the day, causing a minor delay in the after-school bus run, but when you have a load of hungry students and reservation problems at the restaurant (they ate Mexican food at Jose's what else?) those things happen. All in all, Mrs. Fullen said it was a good trip.

Cross Country Results

By CAROL ATCHLEY

It was the first Cross Country competition that I have attended, and have I been missing something! There were kids running around everywhere, some warming up, some in competition. There were parents, spectators, and the workers, but it was all under control.

Cross Plains had 12 competitors in the races held at Lakewood Recreation Center in Pioneer on Saturday, October 10. This was the second competition that CP has hosted this year and everything went smoothly.

The Junior High Boys CC Team is having a superb season. For the third time this year, the 5 member team took a first place trophy. There were 26 7th and 8th grade boys in the race, which was laid out over a mile course of up and down terrain covering mostly the back part of the golf course. The toughest part coming at the end with a fairly steep uphill grade for a hundred yards or so just before coming to the finish line.

The boys finished as follows...it earned them enough points for the team trophy.

Justin Richey...1st place...time: 5:16
Chris Wood...3rd place...time: 5:39
Hugo Mauricio...5th place...time: 5:51
Jason Carey...6th place...time: 6:04
Lee Wayne Wheeler...12th place...time: 6:47

The Junior High girls have 3 team members, and they, too, finished strongly, but would need 5 members in order to qualify for a team trophy. The results of their division were:

Morgan Pendleton 1st placetime: 5:53
Amanda McGuire 3rd placetime: 6:11
Natasha Webb...35th place...time: 7:50

A note on Webb's run. She showed

tremendous personal effort and determination in that she improved her finish by moving up a full 30 spots from her last competition. There were 80 girls competing in this race.

Freshman Jodi Dallas and Junior Connie Steele competed in the high school division of the races, in a field with 88. These girls run two laps around the course and both finished in the top 20.

Connie Steele...2nd place...time: 12:45
Jodi Dallas...16th place...time: 14:24
Representing CP in the high school boys division were Bill Steele and Carlile Albrecht. Their race is a grueling 3 laps around the mile course. Both of them turned in some of their best times of the year.

Carlile Albrecht...5th place...17:47
Bill Steele...6th place...17:48
With the competition winding down to just a few more meets, they will be heading to Abilene Christian University on Saturday, October 17, for a large meet. The races will begin at 9:30.

Cross Country coach, Mac McConal again extends his gratitude to the people of Cross Plains who gave of their time and helped at the meet at Lakewood; without them, the meet would not be possible. The staff at Lakewood has been a tremendous help in preparing the course and doing everything possible to make spectators and runners feel right at home. "A big thanks to Lakewood directors for the use of the golf course," adds Coach McConal.

The Mountain Top!!!

By GREG TURNER

I hope our young men will never forget the thrill of victory, even when things happen all through life. It is the strive for victory that molds our lives to be winners.

The ups and downs in life are best expressed by mountain tops and the valleys below. What I see now is a Pike's Peak Adventure. Don't forget the feeling!

Our opponent this week is the Panthers of Gorman. This game will be a defensive battle. Gorman had a tough time against Baird last week. What the Buffaloes need to do is spur the offense into action and put a few more points on the board. I believe this week it will happen.

To the fans of Cross Plains — it is time to fill the stands and show support for the Buffaloes, 2 and 0 in District play. A big game this week and guess what, it's at home!!

Guys, sorry about the pictures this week. I guess we didn't put enough tape on the camera and the flash didn't work properly.

See you at the games!

Comanche County Electric Cooperative Award Winners

Comanche County Electric Cooperative has received two awards for their safety and health performances during 1991. They received these awards from the National Safety Council and the Electric Power Utilities Training Division of Texas A&M. The award letter says: "Congratulations on your award-winning safety and health performance during 1991. Your achievement of a remarkable number of employee-hours without an injury or illness involving days away from work, has set an outstanding example for other organizations in your industry to follow. Teamwork, as you have shown, is the key to accomplishing our goal of a safer workplace. The Council and I are very appreciative of your efforts to reduce the nation's accidental death and injury statistics. I commend each of you for this exemplary team performance. Best wishes for continued process and success in the prevention of accidents and occupational illness in the workplace."

According to the National Safety Council, the Comanche County Electric Cooperative has worked 198,063 hours without injury or illness resulting in time loss, as of December 31, 1991. And, through September 30, 1992, they have worked 275,480 hours without loss. These hours represent 30 months of work with 48 employees without a loss of time accident.

The Buffaloes will be home on Friday, October 16, to face Gorman in a tough third district game. Be sure and be here as the team goes for its third district win. Let's fill the stands with cheerleading fans and show support for the Band, the Cheerleaders, and the Herd.

The Kurds are from Indo-European ethnic stock — not Arabic. Originally, they were light-complexioned and blue-eyed. Now, through centuries of intermarriage, many have swarthy skin and black hair. However, I saw a number of blondes who could easily pass for Americans!

Many Kurds shared their fears and concerns with me. First of all, they were afraid of what Saddam would do to them if the U.N. ceased guaranteeing their safety. According to one informant, the Iraqis have hidden chemical weapons near the 36th parallel. An American army Colonel told me the Iraqis have 67,000 soldiers poised outside of Irbil, ready to capture the Kurdish capital whenever they feel they can get away with it.

Kurdistan currently suffers under the burden of two embargoes. The embargo imposed by the U.N. against Saddam Hussein also prevents the Kurds from importing critical equipment and commodities. In addition to this, Saddam has imposed his own strict embargo against Kurdistan. He even refuses to allow Iraqis to buy fresh produce from the Kurds, robbing the Kurds of needed income, and creating shortages of fruit and vegetables for his own people. "Sell your apples to George Bush," he told the Kurds. While I was in Iraq, fruit was being thrown away because the people had no practical way to preserve it for the winter.

There is some hope that the U.N. embargo may soon be removed from Kurdistan, but without massive efforts from foreign relief agencies, the Kurds face a cold and hungry winter. Last winter many Kurdish schools held classes in unheated classrooms with outside temperatures below freezing.

"Pardon us for asking you such hard questions," said a member of the Society of Kurdish Writers, "but why aren't American relief agencies sending us more help? All the aid seems to be coming from Europe."

It was a hard question, all right, and all I knew to say was, "Europeans are closer to Kurdistan and are better informed about your situation. If Americans knew more about your plight, they would want to help."

In spite of being disappointed over some U.S. government policies toward them, the Kurds repeatedly expressed to me their eternal gratitude to America for coming to their rescue when many were suffering and dying in the refugee camps last year, and to the American forces for liberating their cities from Iraqi occupation.

I'll never forget my fantastic trip to Kurdistan, nor the generous, wonderful new friends I met over there.

I suppose most Americans are as ignorant about the Kurds as I was eighteen months ago. I am still learning about this unique populace, and I hope that by sharing my Kurdistan experiences, more Americans will want to become friends of the Kurds, the self-styled "people who have no friends."

Workers are asked to meet at 9 a.m. on October 17 under the old Bishop awning. For more information call (817) 725-7251 or Tim Dill 725-6119.

Those who plan to assist in Saturday's Cleanup project, are asked to please bring their lawn mowers, weed eaters, cleaning and painting equipment. You do not have to be a member of the Chamber of Commerce or Project Pride to participate. The cooperation of the entire community will be appreciated in the promotion of Cross Plains.

Lunch will be served for all workers at 12 noon across from the Senior Citizens Center.

Please contact the Chamber of Commerce at 725-7251 if you are physically unable to participate but would like volunteers to work on your property.

UNLOADING LUMBER — Keith Clowers (from left) and Danny Barnett, store employees, fill the new bins with lumber. The addition to Higginbotham's may be viewed at Avenue E, between Cross Plains Frozen Foods and the U.S. Post Office.

HIGGINBOTHAM'S LUMBER YARD COMPLETED — Construction on the local lumber yard has been finished by Reed Construction, and the new facility improves the appearance of the community. Jim Hataway, manager, stated that your construction needs can be met at Higginbotham's.

Senior Citizens Stats

By MARIE HORTON

We had nice Texas weather last week, with a nice Indian summer, until Wednesday, then a cold front (cool nights and warm days). I, for one, like the cool days. Tuesday of this week was our site council meeting. Our president, Arnold Horton, says this is your Center and he hopes each and everyone will take part in these meetings, as we all need to work together.

Paula, we hope you are feeling better and can be back with us this week or real soon. And Vernie, we hope your son, Bill, is doing better.

Our prayers are with Cody Winfrey and his family. The report we have is he is doing real good.

Addean, we sure miss you at the Center. Come on and enjoy the fellowship and food with us. Dick and Mickey were gone last week. I know they enjoyed Inks Lake. It is so pretty around that area.

Lerlene took Johnnie and Judy, her two daughters, and our Monday volunteers to Brownwood for their birthday lunch.

Vicki, Chuck and Elva visited with Marvin and Allie. We all miss them and hope they can join us again real soon.

Pauline and O.B. are trying to get settled in their new home. It takes time and hard work, so take your time and don't over do. We're glad you take time out to come eat with us.

Hazel is looking forward to Saturday as Roy, Ray and Keith are coming for a visit.

Don't forget Friday and come for bingo at 10:30, and plan on staying for games after a lunch of chicken fried steak, cream gravy, buttered potatoes, vegetable medley, pineapple tidbits, bread, butter, milk, coffee, or tea. We look forward to seeing you there.

Oh yes, Claudia has moved into town, close to the Center. We are happy for her.

Also, Roy has moved into town. We are happy to see them get settled in before winter.

Our site council meeting will be the second Tuesday of each month, starting at 10:30 a.m. See you next week. Have a good week and come out to the Center for good food and fun!

Three 17th District Hospitals To Receive Health Care Grants

WASHINGTON, D.C. — Congressman Charles Stenholm is pleased to announce that three hospitals in the 17th Congressional District have been authorized to receive rural grants from the Rural Health Care Transition Grant Program.

The Olney Hamilton Hospital District in Olney and the Concho County Hospital in Eden have each been authorized to receive \$50,000. Hamilton Hospital will use their grant to establish a rural health clinic in Archer City, while the Concho County Hospital will use the funds to expand access to medical care by employing an additional physician.

Eastland Memorial Hospital in Eastland will receive \$49,098 to renovate their intensive care unit.

The Rural Health Care Transition Grant Program is in its fourth year of funding, and is one of the early initiatives of the House Rural Health Care Coalition (RHCC), of which Stenholm is the Co-Chairman.

"One of my goals is to keep rural hospitals in operation, and I have been pleased with the success of this grant program in the 17th District," Stenholm said. "I believe it will continue to enable hospitals to expand their services and to remain open for business."

The program is administered by the Health Care Financing Administration (HCFA).

CARD OF THANKS

Card Of Thanks

My special thanks to all my family and friends for the lovely flowers, get well cards, telephone calls, prayers, and just being concerned during and after my hospital stay in Austin.

I am so fortunate to have such wonderful people around me.

Esther Wood Kerr

Card Of Thanks

We would like to thank everyone for the prayers, calls, and concern since Jeremy's illness. A special thank you to everyone that has donated their time and money for the Spaghetti Supper and donated to the Love Fund. Knowing there are caring people makes it a little easier to handle our problems. Once again, thanks to everyone.

ROWDEN NEWS

By N.V. GIBBS

The coldest morning of the year was Wednesday when the thermometer went down to 40 degrees. This writer was out picking up tree twigs and leaves that Monday's wind blew in and realized how cold it was without gloves. The dry weather continues with no sign of rain in this area.

Dorothy Reynolds was in Clyde during the week and visited her friend, Annie Mae Bartlett.

Bob Dye is on a business trip to Michigan this week.

Joyce Odom and this writer attended the AARP meeting in Cross Plains Monday. County Judge Bill Johnson was the guest speaker.

The Robert Watson family was well represented at the Baird-Gorman football game Friday night. Besides Robert and Dorothy, those attending were Robbie, Brad and Michal of Arlington, and Cody of Texas Tech. Baird won the game and the family had a good visit. Their son, Wyatt,

played on the Baird team.

Kenneth Mauldin of Stephenville visited his grandparents, Gene and Vernie Belle Mauldin, during the week.

Vernie Belle Mauldin visited Ima Gibbs in Baird one day this week.

Velma Springfield of Azle called to say her husband, Curtis Springfield, was improving after undergoing knee surgery last Monday. Velma is a daughter-in-law of the late Walter and Esther Rose who lived in Cross Plains.

Edna Dye attended church in Eastland with her brother and sister-in-law Sunday. The group ate out and visited.

Vaccines Offered In Clyde October 16

The Texas Department of Health will be offering flu, pneumonia and tetanus diphtheria vaccines for people in Callahan County on Friday, October 16.

The vaccines will be given in an immunization clinic at the Clyde Senior Citizens building on October 16 from 9:00 a.m. until 11:30 a.m. and from 1:30 p.m. until 3:30 p.m.

Vaccines will be given to people in the following high risk categories:

*Persons 55 years of age and older.

*Adults and children with chronic heart or lung disorders, including children with asthma.

*People under medical care for chronic metabolic diseases, kidney or blood problems or weakened immune systems.

*Children 18 and younger who are receiving long-term aspirin therapy and therefore may be at risk of developing Reye Syndrome after influenza.

The charge for these services are based on a sliding scale, based on income and family size. The amounts will be either: \$0.00, \$4.00 or \$15.00. No one will be denied service.

THE PIONEER PATCHWORK

By IRMA MILLER

The Quilting Club had three quilts in the frames to work on Tuesday: An Improved Nine Patch, a Fan, and a Wedding Ring, which was up last Tuesday and should have been mentioned in this column. We also had a visitor — Dorothy Zedlitz — who is not really a visitor.

Frankie and Oliver Smith and Jean Fore went to Ranger Friday and saw Frankie's daddy, visiting also with her sister, Dorothy Rogers. Saturday night they attended the Nimrod Musical and church fellowship.

Jewel Foster's visitors were her son, Billy Wayne, and his grandson, Chris Linley (Jewel's great-grandson), who spent the night so they had a nice visit.

Novilia Barton's son and daughter-in-law from Waco were here. Her daughter-in-law, Mary, taught an art class in Cross Plains (a workshop). Nell Fleming visited Novilia on Friday.

Barbara and Bob Powell have guests from Illinois — her daughter and granddaughter, Joy and Coty Priesman of Sheridan, Illinois, who are staying for a few days.

Laverne and Cowan entertained the whole family, who gathered at their home for a sandwich supper Saturday. Warren Parson, a grandson, who is stationed at Dyess, Tamara Hutton, and Robert Hutton had lunch on Sunday with their grandparents. Sunday Cowan and Laverne visited with her mother in Cross Plains for a little while.

The community was saddened by the death of Madie (Underwood) Fortney, whose funeral was on Saturday. We extend our heartfelt condolences to the family.

Visiting Joe and Nell Fleming were their son and daughter-in-law, Jim and Charlene, who had lunch with them Saturday. JoVeda and Bill Watson of Byrds Store and Alan Fleming of Rising Star had lunch with them Sunday. Eva and Sam Fleming of Cross Plains visited Sunday afternoon.

Wheat And Stocker Cattle Meeting Tuesday, Oct. 20

A wheat and stocker cattle meeting will be held on Tuesday, October 20, at the Display Building, located on the Taylor County Fairgrounds. Starting time will be 10 a.m. Gerald Hobson, Dupont Chemical Co. Representative, will present information on winter weed control in wheat and Stan Beaver, Extension Economist, from the Vernon Research and Extension Center will present information in regard to stocker cattle outlook and marketing.

A noon meal will be provided by a Chemical Co. and all producers who plan to attend are asked to call the Extension Office at (915) 854-1518 or the Taylor County Extension Office at (915) 674-1321 prior to noon on Monday, October 19.

All wheat producers are invited to attend.

IRS Reaches Out To Bring Nonfilers Back Into The Tax System

If you haven't filed a Federal tax return for a couple of years, you probably think the IRS is the last place you want to go. Right? Wrong.

The IRS wants you back in the tax system and has special plans to help you help yourself. The IRS is reaching out to as many as ten million individuals and business taxpayers who have not filed tax returns for 1990 and is inviting them back into the system. The IRS is taking a comprehensive approach to solving the nonfiler problem, offering specialized assistance and education to those who want to get right with their government. The IRS will also employ traditional enforcement steps for those who refuse to comply with the law.

The problem of nonfiling is costly to everyone. The IRS estimates that more than \$7 billion in tax revenue is lost annually due to nonfiling. And the cost to the nonfiler is more than they may think. Interest and penalties continue to accrue on amounts they may owe, and many nonfilers could be due refunds.

"We recognize that taxpayers may have run into problems that caused them to drop out of the tax system," said IRS Commissioner Shirley D. Peterson. "We are gearing our education and assistance efforts towards helping them return to compliance. We believe that the vast majority of this country's citizens want to comply with the law. Our goal is to help them and, ultimately to improve compliance for the long term."

"We also realize that, in some cases, enforcement will be necessary to gain compliance," she continued, "and we are ready to handle these situations, too. We will focus our enforcement resources on those taxpayers who willfully, repeatedly refuse to comply with the law."

"It is never too late to get right with your government," Commissioner Peterson emphasized. "The time to do so is now, not because this is a limited time offer but because we are offering to help people put this problem behind them so they can get on with their lives." Peterson said that the goal of the IRS' efforts goes beyond just collecting delinquent returns. "We want to improve tax compliance across the board and the best way to start is to get

everyone who is required to file a return to do so. This approach — combining assistance and education efforts with direct enforcement — marks a new way of doing business at the IRS," she concluded.

IRS research indicates that many people fail to file because of a personal problem, such as a divorce or death in the family, or a business reversal. In a pilot test of the nonfiler program, the IRS found that more than 60 percent of nonfilers were self-employed people who dealt in cash or were wage earners who had little tax withheld from their wages.

The IRS also finds that after not filing for one year, the nonfilers' problem compounds because fear of detection or the inability to pay causes nonfiling to continue. To allay these concerns, the IRS intends to review the facts in each nonfiler case to determine if the taxpayer is entitled to a waiver from penalties for failure to file and pay on time.

Also the IRS will work with taxpayers to set up installment payment schedules when the situation warrants. IRS policies for installment agreements and other collection procedures, such as offers in compromise of the tax debt, were recently reviewed and streamlined. These procedures will provide viable alternatives to resolve nonfiler's delinquent accounts if the taxpayer cannot pay in full.

Failing to file a return can cost taxpayers in other ways. They could lose out on some refunds. The IRS points out that refunds must be claimed within three years from the time the return was due or the refund is lost. Also, many of those taxpayers who are self-employed don't realize that the failure to file and pay self-employment tax could cause them to be ineligible for Social Security retirement or disability benefits.

Over the past few months the IRS has made preparation to offer assistance tailored to problems encountered by nonfilers. Local IRS offices have copies of prior year tax returns and IRS employees have been trained to help taxpayers reconstruct old records, such as income statements, needed to prepare the old returns. Working with local tax practitioner organizations and other volunteers, the IRS is offering assistance at convenient community locations.

The IRS also has reviewed its records to identify nonfilers and is reassigning 2,000 examining agents — around 10 percent of the examination staff — to begin contacting them.

While the IRS stressed that this new approach to dealing with nonfilers is not a blanket exoneration, taxpayers who come forward voluntarily to file their delinquent returns should not fear criminal prosecution. "The IRS will not recommend criminal prosecution of any taxpayer who comes forward, makes a true voluntary disclosure, and files an accurate tax return," Commissioner Peterson said. "We want to encourage people to come forward voluntarily and get right with the government."

Additional information concerning assistance for nonfilers can be obtained by calling the IRS at 1-800-829-1040.

Congressman Stenholm Accepting Applications For Appointments To U.S. Academies

WASHINGTON, D.C. — Congressman Charles W. Stenholm is currently accepting applications from young men and women in the 17th Congressional District who are interested in attending one of the nation's service academies.

This December Congressman Stenholm will have the opportunity to nominate area citizens for appointments to the four U.S. academies: the Air Force Academy in Colorado Springs, Co.; the Military Academy in West Point, N.Y.; the Naval Academy in Annapolis, Md.; and the Merchant Marine Academy in Kings Point, N.Y.

Persons interested in the possible

nominations should contact the Congressman's Stamford office as soon as possible. The deadline for completed application files is December 1, 1992.

To be eligible for an appointment, the applicant must meet certain requirements. The requirements are: American citizenship; good SAT or ACT scores; outstanding high school record; and good physical condition, including excellent eyesight. There is a very limited number of waivers for non-pilot candidates whose eyesight is less than 20/20.

Aside from academic achievement, emphasis is also placed on character, church and community involvement, extra-curricular activities and/or part-time employment. Applicants must be single with no dependents and at least 17 years of age, but not past their 22nd birthday upon admission into the academy on July 1, 1993.

Additional information may be obtained from high school guidance counselors or by contacting Jayne Schoonmaker in Congressman Stenholm's Stamford office at (915) 773-3623 or (915) 672-1322 or by writing P.O. Box 1237, Stamford, Texas 79553.

Fire Safety For Brownie Sake

By PATRICIA COOK

Brownie Troop #214 celebrated Fire Prevention Week, courtesy of the Cross Plains Volunteer Fire Department.

Girls watched a film on the three stages of fires, a very graphic demonstration of the rescue "Jaws of Life," types of fire trucks and protective fire wear. Each were allowed to sample the air mask supervised by Volunteer Fireman Ron Bell. Refreshments were served courtesy of the firefighters.

Those participating in the safety field trip were: Falon Bass, Ashley Cook, Marissa Black, Michelle Martin, Kim Mosier, Sheila Bell, Laci Koenig, Tessa Winters, Andrea Purvis, Amanda Kitchens, Keali Eppard, Rick Ann Winters, Marian Reed, Kaci Shields, Marlena Branham, Rebecca Tennison, and Brittany Apple. Honorary assistants were: Heath Jones, J.D. Cook, Macayla Cook, and Josh Purvis. Leaders attending were: Jamie Apple, Patricia Cook, Sandra Purvis, and Jill Winters.

Cottonwood News

By BEVERLY BROWN

The Cottonwood Musical will be Friday, October 16, at the Cottonwood Community Center starting at 6:30 p.m. with Smokey Callaway as emcee. No admission fee is charged and plenty of parking space is available.

The Cottonwood Quilting Club members will be serving chicken and dumplings, sandwiches, cake or pie, plus lemonade, coffee, and iced tea. Serving time commences at 5:30 p.m. Local and area country western musicians are cordially invited to participate on the evening program.

Former students attending homecoming at their schools over the weekend of October 2 and 3 from the community were: Geneva Sowell and Mr. and Mrs. John Purvis and Mr. and Mrs. Glenn Champion, sons, Calvin and Glenn Champion Jr., and Cassidy of Potosi went with their parents. The Roscoe High School banquet for all the graduating classes was held at Holiday Inn in Sweetwater.

Cassidy and Caleb Champion of Potosi spent from last Sunday through several days this week with their grandparents, Mr. and Mrs. Glenn Champion.

Mr. and Mrs. Robbie Wheeler and Robert Allen of Abilene were at his parents, Mr. and Mrs. Charles Wheeler, and visited with their grandmother, Mrs. Bertha Wheeler, the first weekend of October.

Mr. Donny Anderson of Corpus Christi spent Thursday night and Friday morning of October 2 visiting with his grandmother, Mrs. Blanche Moore.

Recently, Mrs. Geneva Sowell and Mrs. Blanche Moore visited Mrs. Dixie Coffey at the nursing home in Cisco.

The Cottonwood Quilting Club will be starting to work on their quilt for the Rehab Telethon for 1993 in January. All ladies wishing to lend a hand in the quilting are cordially invited to attend. Quilting time will be from 10 a.m. until 4 p.m. A covered dish lunch will be served.

Mr. and Mrs. Turner Simpson were taken to Nashville, Tennessee to celebrate their 59th anniversary. Mr. and Mrs. Marion Simpson of Abilene and Mr. and Mrs. Vernon Simpson of Giddings accompanied their parents. They visited the Grand Ole Opry where they saw Roy Acuff, Bill Monroe, and Little Jimmy Dickens of the old timers; the Opryland and the gardens at the Opryland Hotel. They left last Tuesday and returned home Sunday evening, the fourth.

Turner Simpson was admitted to the Humana Hospital on Tuesday afternoon where he underwent test and treatment. He returned home Friday afternoon and is doing better.

Mr. and Mrs. Wayne Brown visited with their niece and children, Mrs. Ben Kaikala, Brenden and Bryce of Albuquerque, New Mexico at the home of Mr. and Mrs. James Brown in Abilene last week.

Social Security — 57 Years And Going Strong

By M. GLYN HAMMONS
District Manager

Fifty-seven years ago, this country was gripped by the Great Depression. Everywhere, people stood in breadlines and scavenged city dumps. Families lived in tents along roads; freight trains carried vagabond men boys wandering in search of steady work. One out of five children in New York City was malnourished. One out of every four men nationwide lacked a job.

The depression had an even more devastating impact on the elderly. Unemployment among older workers was estimated at 30 percent. Fewer than 18 people out of a hundred were covered by pension plans. Businesses were bankrupt; savings institutions had folded. Agricultural prices fell. States lacked the resources to cope. Families and charities found it a heavy burden to provide for older people.

For the first time in our history, American workers were almost totally dependent on factors beyond their individual control for their economic security. This contrasted markedly to the pre-industrial age, when more than half the Nation's adult workers were farmers.

A number of national solutions were proposed, most notably that of Dr. Francis E. Townsend, a Long Beach, California physician. He advanced a program of giving people over age 60 \$200 a month on the condition they quit working and spend each month's pension within 30 days. Millions of frustrated older people rallied in support of Townsend's plan and, though it was dismissed, political leaders took careful note of the support it had received.

In 1934, President Roosevelt appointed the Committee on Economic Security to study the long-term problems that had been highlighted by the Depression.

What followed was this country's first major Federal government program to deal directly with the economic security of its citizens. Signed on August 14, 1935, the Social Security Act provides "for the general welfare by establishing a system of Federal old-age benefits and by enabling the several States to make more adequate provision...." The programs were thus introduced on a national scale:

— A Federal system of old-age benefits for retired workers who had been employed in industry and commerce;

— A Federal-State system of unemployment insurance.

The choice of old age and unemployment as the risks to be covered by social insurance was a natural development, since the depression had wiped out much of the lifetime savings of the aged and had reduced opportunities for employment.

By January 1940, the new Federal system was ready to pay its first retirement benefits. Mrs. Ida Fuller, the first recipient, received \$22.54 that month. She had paid \$24 in FICA taxes to qualify for benefits. She received checks every month for several years until her death.

Today, Social Security pays more than just retirement benefits. Through amendments to the Act over the years, the program now provides a package of protection for America's workers and families of all ages. Cash benefits are available in the event of a severe, long lasting disability. Benefits are paid to young families when a breadwinner dies. And, of course, older widows and widowers are also eligible.

Over 40 million people — one in every 6 Americans — is receiving some type of Social Security benefits, financed with payroll taxes that are paid each year by 132 million workers. Social Security provides a floor of protection against the serious problems of economic insecurity.

Thanks to the wisdom of its founders 57 years ago, the Social Security program ranks as one of the most successful social insurance systems in the world.

Health Awareness Screening To Benefit MDA

ABILENE — Healthcheck, Inc. is offering a lifecheck blood analysis to benefit the Muscular Dystrophy Association, November 2-6 and November 9-13, 8 a.m. — 12 p.m.

This certified laboratory analysis from medical reference labs is accepted by physicians and is the preferred method of determining coronary risk as it reflects total cholesterol, HDL, LDL and triglycerides. Additionally, 40 vital categories of potential health conditions are screened, and each person receives a complete explanation that is easy to read and understand. A 12 hour fast is required. The cost is only \$35, with partial proceeds to benefit MDA. Medicare not accepted.

Testing is Monday through Friday at the following sites in Abilene, Texas: Laboratory, 1150 N. 18th Street, from 7:30 a.m. to 12 noon; Laboratory, 598 Westwood Street (behind pharmacy), from 7:30 a.m. to 12 noon; and Laboratory, 1665 Antilley Road, Suite #140, from 8 a.m. to 12 noon. No appointment necessary.

WRITE IN RANDY PANCAKE for Callahan County Sheriff

TO THE CITIZENS OF CALLAHAN COUNTY:

I am not one of the ORIGINAL Candidates in this race for Callahan County Sheriff, but, not being an ORIGINAL candidate does not make me a lesser man. Many people ask why I did not run in the primary earlier in the year. I have four reasons, those being my wife and three children, whom I love and care for and support by being a peace officer. I have no other jobs that will take time away from me being a full time sheriff for Callahan County, which the job is a fulltime occupation, no exceptions.

As for making pledges and promises I have none to make, this being based on the facts that I have already been doing the job that others pledge and promise. I have been fighting crime, drugs and alcohol. I have been working with the drug task force and have made several arrests and drug seizures. I have worked with surrounding city and county law enforcement agencies. I have been to numerous law enforcement training schools, such as crime prevention, child abuse, jail operations and clandestine laboratories. In 1991 I did attempt to implement the D.A.R.E. (Drug Abuse Resistance Education) Program into Callahan County. As a deputy I was unable to accomplish this, but as Sheriff I will have the program for the children of Callahan County. I do not believe that I am a better man than any of my opponents, for I believe that all men are created equal, but because of my experience in law enforcement, (all in Callahan County), and being a certified peace officer, this has helped me to know what is required and expected of a man to be Sheriff, and this will help me be the best man for the job of Callahan County Sheriff.

October Garden Club Meeting

The country home of Rolan Jones was the setting for the October 9 Cross Plains Garden Club meeting. President Pauniece Oglesby called the meeting to order at 9 a.m. Fourteen members answered roll call by naming their favorite birdhouse. The group voted to give a donation to Meals-on-Wheels. A collection of canned goods for the Food Bank was taken.

Following the business meeting, brunch was served by hostesses Pauniece Oglesby, chairman, Sarah Brashear, and Claribel Gibbs.

The group moved outside for the program. Maurine McCuin was in charge. Specimens of various berries and seeds that birds favor were shown by members. Rolan Jones had a large display of very unusual birdhouses. He showed how to prepare a gourd by cutting a hole and cleaning out the seed cavity. They must be sanded to remove the natural glaze, then can be painted if desired. It was a very interesting meeting, the setting was beautiful, and everyone enjoyed the sunshine and breeze.

- We have the **RIGHT** to put criminals in tent camps until new prisons are built, but not the **GUTS!** I will sponsor legislation to keep convicts in prison for a minimum of **75%** of the sentence before allowing them before a parole board.

State Personal Income Tax....

- **—NO—**. We have to learn to cut spending. Instead we budget for everything we **WANT**, not the things we **NEED**. Taxpayers are getting nothing in return -- unless more crime, more taxes, and less education are what they want.
- What is happening to the lottery proceeds which were supposed to go to the school fund? (The liberal hogs are rooting around with blood in their eyes - they just can't wait for the next session to start spending it for anything but its' original purpose.) **PLEASE NOTE:** On August 5, 1991, an Amendment to HJR-8 (the legislation passed to allow the votes to approve or reject a state lottery) would have allowed the voters to prohibit law makers from imposing a State **INCOME TAX** while a state lottery was operational. My opponent, John Cook, voted against the amendment. (Vote #125, House Journal P. 688.) Now, how do you think he will vote if he makes it back to Austin?

Health Tip
OLIVE OIL

Mediterranean peoples who traditionally consume olive oil in their diet have had less heart disease than upper Europeans or North Americans. Now, research by Stanford U Disease Foundation Center correlates the consumption of olive oil (monounsaturated fat) and a lowering of blood pressure among 78 men aged 30 to 55. Olive oil seems to reduce the blood level of 'bad' LDL-cholesterol that tends to clog arteries, while retaining the 'good' HDL-cholesterol that helps to avoid heart disease.

Texas Farmers And Ranchers Benefit From USDA Program

TEMPLE — Neal Sox Johnson, 6tate Sirector of the United States Department of Agriculture (USDA) Texas Farmers Home Administration (FmHA), said today, "I am pleased to announce another successful year for the Farmer Programs Division of the Texas FmHA."

Texas FmHA made 1,877 direct operating loans totaling more than 91.7 million dollars to farmers and ranchers in Texas to finance operating and living expenses. In addition, the agency also guaranteed 1,021 farmer program operating loans made by private lenders totaling over 125 million dollars.

In excess of 4.2 million dollars in direct farm ownership and more than 13.3 million dollars in guaranteed loans were granted. Funds from these loans were used to purchase and improve farm and ranch land in Texas.

As result of Texas FmHA programs in fiscal year 1992, 3,015 farm and ranch families continued to work in the ranching business or to become owner/operators of family farms.

President Bush's budget for fiscal year 1993, as recently approved by Congress, has authorized 3.3 billion dollars nationally to continue to meet the needs of our nation's farmers and ranchers. "Texas FmHA looks forward to an allocation of approximately 250 million dollars to assist eligible Texas farmers and ranchers in fiscal year 1993," Johnson said.

The Farm rs Home Administration assists rural America by guaranteeing private sector loans and by providing temporary, supervised direct loans to farm and housing borrowers who have a reasonable chance for success, and whose current needs cannot be met at reasonable rates and terms by commercial sources. The Agency is committed to excellence in providing its services.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

According to the calendar, today is 'Columbus Day,' a legal holiday. Only a few will observe it as a legal holiday — but some will welcome a longer weekend.

The weather is beautiful and I'm looking forward to a good Monday, doing the things I usually do on Monday. I called my son on Saturday. I sent him some money as my gifts to three birthdays in that family — Karen, Chesley and D.J.. I do hope they have many more happy birthdays.

My dearest friend, Elvia in Abilene, called me on Sunday afternoon. It is always good to hear from her. We have been close friends for many years. I hope I will be able to visit her sometime soon.

Those two fawns (baby deer) spent the night in my front yard. They are too small to drink from my birdbath, so they went on somewhere else early this morning. They are so cute!

As I mentioned before, I have a lot of 'stove wood' out here on my lawn. I hope somebody needs it and will come pick it up.

My good neighbor, Sally Roady, sounded great this morning. They talk to Cindy and Charlie on the telephone often. During this weekend, they went to Lubbock to visit a 'close' cousin who is in the hospital there. They visit his mother, Nettie, who is in the nursing home, often — nearly every day.

Betty and J.T. are happy over a new great-granddaughter who was born last Friday. J.T. went to Temple on Friday for his checkup. He received a really good report. Their son, Rex, went with them to Temple.

Mr. and Mrs. Mack Taff attended a junior high football game on Thursday. On Friday they went to Abilene on business. During the weekend, they went to Mason to visit her parents, the E.F. Starks.

For our friends who know my sisters, they both are doing really well, for which we all are grateful!

VLB Lowers Housing And Home Improvement Rates

The Texas Veterans Land Board (VLB) has reduced the interest rate on veterans home loans made through participating VLB lenders to 6.99 percent interest — the lowest rate offered by the board since the home loan program began in 1984.

"Lowering the interest rate to 6.99 percent makes our home loan program the first place to look for financing if you're a veteran in the market for a home," said Garry Mauro, Texas Land Commissioner and Chairman of the VLB. "It's far and away the best deal in today's market if you're a Texas military veteran."

"This rate reduction places us well below the VA, FHA, and conventional rates," Mauro said.

This change means thousands of additional veterans can now find quality, affordable housing. For example, the new rate means the monthly payment on an \$80,000 home financed with a \$45,000 Texas veterans home loan at 6.99 percent combined with a \$35,000 federal VA loan would be \$544.00.

"That's a savings of \$5,600 over the life of a 30-year note on the same house financed solely with a VA loan at 7.50 percent," Mauro said.

The board also reduced the interest rate on home improvement loans made to Texas veterans from 9.25 percent to 7.60 percent.

The rate reductions mark the second time in the past six months that the board has lowered interest rates on these two popular Texas veterans benefits.

On February 5 the board acted to reduce the home loan rate from 8.5 percent to 7.25 percent. At that time the board also lowered the rate on a home improvement loan from 10.5 percent to 9.25 percent.

The new rates will apply to all applications received on or after July 22. The lower rates were made possible by the July sale of \$35 million in additional bonds at an advantageous rate.

The 7.99 percent interest rate charged on veterans land program loans will remain the same.

New legislation that took effect last September raised the ceiling on a home loan a veteran can receive through the VLB to \$45,000. But veterans are not limited to homes in that price range. Those who want to buy a home costing more than \$45,000 can combine their VLB home loan with a FHA, VA or conventional loan to purchase a higher priced home.

"The rate reduction will result in substantial savings for Texas veterans struggling with the rising costs of home ownership," Mauro said. "It can make a real difference in how much home a couple can afford and whether or not they can qualify for a loan."

These loans cannot be used for refinancing.

Since all Texas veterans home loans are funded by bond sales and no discount points are charged on a loan, the loans have consistently been below the existing market rate for home mortgages. This results in lower monthly payments for Texas veterans.

The home improvement program enables Texas veterans to borrow up to \$17,500 for 15 years to make major improvements to an existing home.
