"Echoes Of Easter" Builds Community Pride

By DON ROATH

It's not often that the director of a production gets to write his own review. Really all I'm going to try to do is let you read what I've been hearing. Last Sunday evening in the school auditorium something reached out and mesmerized the hearts of the Cross Plains Community. It twisted and pulled at the heart strings until it forced out tears of joy and

enormous smiles. That was Community Pride. I am proud of the fact that we have citizens in this community that would really give up their time, share their talents and pull together to accomplish a program like "Echoes of Easter".

I don't believe that I heard one person leave the auditorium complaining that they were bored or disappointed with this community's first offering of a musical/drama.

Beginning with the first scene of a grandmother and granddaughter remembering Easter's past, to the thrilling conclusion of the grandmother, Vicky Worley, sharing her personal testimony, everyone was caught up in the enthusiasm generated by the ninety people that worked to create this moment.

Small Animal Vaccine Clinic Saturday

Dr. Virgil Patrick will have a vaccination clinic for dogs and cats on Saturday, April 16, from 2-4:30 p.m. at the Cross Plains Volunteer Fire Department Station.

Dr. Doyle Allen, District Superintendent for the Brownwood District, will be the Evangelist for this year's revival. Dr. Allen is married to Dr. Georgia Allen, they have two daughters and three grandchildren. Dr. Allen, a native of Butler, Tx, received his B.S. Degree from Paul Quinn University in 1964, his Master of Divinity from Bright Seminary at T.C.E. in 1977 and his Dr of Ministry from Perkins Seminary at S.M.U. in 1985. Dr. Allen has served churches as pastor in Dallas and Ft. Worth, most recently the St. Andrews U.M.C. in Ft. Worth. In 1993 Dr. Allen was appointed as Brownwood District Superintendent. Come join the exciting services and hear Dr. Doyle Allen preach.

Farmer, Grider Win Commissioner Posts In Run-Off Election

Bryan Farmer and Charlie Grider will be new county commissioners in Callahan County after winning the posts in the Tuesday, April 12 Democratic Party Run-Off Election.

Farmer, a Eula resident, defeated Terry Ellis for the Precinct #2 Commissioner post, 221 to 195 votes. Farmer took 53 percent of the vote, while Ellis had 46 percent of the vote.

Grider beat Kenneth Sowell for the Precinct #4 Commissioner seat, 389 to 211 votes. Grider captured 64 percent of the votes to Sowell's 35 percent of the vote.

Grider and Farmer are guaranteed of winning the seats because there will be no Republican challenger in the November General Election.

Other Callahan County run-off election results included:

Richard Fisher had 63 percent of the vote or 834, to 36 percent or 470 votes for Jim Mattox for the Democratic nominee for U.S. Senate.

Raul Gonzalez had 56 percent of the vote or 716 votes, to 562 or 43 percent of the votes for Rene Haas for the post of Justice, Supreme Court, Place 1.

Betty Marshall had 53 percent or 625 votes to 46 percent or 535 votes for Gene Kelly for the post Judge, Court of Criminal Appeals, Place 2.

There were 1,375 votes cast in Callahan County.

SOUND PASTURE MANAGEMENT

Pasture Management

As spring green-up begins in Callahan Co. it's time to start thinking of how to best manage your improved pastures to achieve the highest production. "Sound management of improved pastures can increase production 2-3 times that of

pastures with no management at all," says Chance Walker, Range Conservationist with the Soil Conservation Service in Baird. "This increase in production means higher stocking rates or tons of hay which

translates into greater profits for the producer," says Walker. Sound management of pastures includes such practices as proper grazing/haying, fertilizing, weed control and other practices such as prescribed burning.

One of the most important factors to consider when managing improved pastures is proper grazing and haying. As a rule, pasture production can be improved dramatically with the implementation of a rotational grazing system. This allows pastures to rest and regain vigor. Improved grasses are managed differently according to their growth habit. Sod/turf forming grasses such as Common bermudagrass and Buffalograss should be allowed to reach a minimum height of 4" before initial grazing in the spring. A minimum height of 2" should be left after grazing to maintain a healthy, vigorous stand. A minimum rest period of 28-32 days between grazing/haying is recommended to produce the highest quality forage. The short grasses such as Coastal and Giant bermudagrass should be allowed to reach a minimum height of 6" before initial spring grazing. Cattle should be rotated to another pasture when the grass has been grazed down to a height of 3". A 28-32 day rest period between grazing/haying is suggested in order to maintain a healthy stand of grass. Mid-grasses such as Kleingrass, Old World bluestems, Sideoats grama and lovegrass should be allowed to reach a minimum height of 8" in the spring before grazing begins. Cattle should be rotated when grass is grazed down to a height of 4". A longer rest period of 40-45 days is recommended to maintain the highest production. Tall-grasses such as Switchgrass and Indiangrass should not be grazed in the spring until a minimum height of 12" is reached. A minimum height of 6" is recommended after grazing to maintain a vigorous stand. A 40-45 day rest period between grazing/haying is also suggested. Proper fertilization is also an

important factor to consider when attempting to maximize forage production. A soil test is strongly recommended to get the highest quality and quality of forage for your money. These tests are easy to conduct and only cost around \$10. Soil testing kits can be picked up at the SCS office in Baird at no charge. If no soil test is used, a minimum fertilizer formulation of 40-40-0 should be applied per acre to maintain production.

Another critical factor to consider for maximum production is weed control. The best approach for weed control is chemical application with a herbicide such as Grazon P+D. This method gives you the best control for your money. If no herbicide applications are done, then shredding weeds prior to bloom stage is recommended to reduce weedy competition.

Another practice that is commonly used in this County to increase forage production and control weeds is prescribed burning in late winter. This practice is relatively inexpensive and has achieved excellent results.

With proper planning and a little effort, sound pasture management can dramatically improve forage production and quality and increase profits.

For more information about pasture management or if you need technical assistance in applying sound management practices contact the Soil Conservation Service in Baird at (915) 854-1349.

All services of the Soil Conservation Service are available to anyone without regard to race, creed, color, sex, age, handicap, religion, marital status or national origin.

Greetings From Senior Citizens Of Cross Plains

By Thelma Long

The Easter Party was very successful with 77 people signing the register. We really appreciate each one who came. The food was exceptionally good, the center beautifully decorated. Thanks to Vicki and her loyal helpers.

Following is a list of our visitors as near as I could get it. Forgive me if I've left out your name. It is not intentional.

Marvin and Allie Dickson were here. They have been out for a long time due to health problems. We are thankful that they are able to meet with us again. Lois Henderson was here, Cody Hounshell from Brown County, Lottie Sooter and Earlene Burge from Pioneer, Carol Stephens from Cisco. Also Helen Wooten from Cisco. Dorothy, Kay and Marvin Mosley, Coy and Rose Mary Martin from Sandia, Tx, Margaret Allison, Cole and Helen Tillotson. Bob Wallace, Lucille Morgan from Lake Brownwood.

Some were here for the 1st time and we feel that you are a part of our big family. Come again soon!!

Wanda Anderson from Abilene was here on Thursday and Blanche Moore from Cottonwood was here on Friday. Ila Mae Marshall was taken by ambulance to an Abilene hospital. We miss our little

Queen. Hazel Marsh was taken to the Brownwood hospital. We are wishing a speedy recovery for both these ladies.

Adean Winfrey celebrated her birthday on Sunday. Her daughter, grandson and his friend joined her for the day.

O.B. and Pauline Switzer had a big Easter celebration at the farm with family and friends. 32 in attendance. They enjoyed an Easter egg hunt, football and horseback riding. Pauline "chickened out" on riding a horse. Their youngest son left this week for Ecuador where he is employed.

Vernie McMillan visited children and grandchildren near Abilene. She reported 42 people in attendance and there was food, food everywhere.

Mary Bates had her family home for Easter. Tommie, who recently had heart surgery was able to attend.

Roger Watsons son, Billy and family visited Roger and Aunt Vera Pearl during Easter.

The loaded van made its usual trip to Brownwood. Plans are underway to attend a Senior friends get together on Wednesday the 13th at the Civic Center in Abilene. Sign up if you plan to go.

There will be a puppet show on Thursday the 14th. Be sure to come and bring a guest.

"If lightning struck a tree and caused it to fall — in a forest where there was neither man nor beast to hear it — would it make a noise when it fell?"

Remember the old debate? It has been waged in many classrooms; it has always ended without ever being resolved. Such a question and the uncertainty of any resolving answer, I am sure, arises from and points out the foolish side of man. It also implies man's self-centeredness in thinking he is the center of the universe and all existence.

We must recognize man's role in God's scheme of creation — that he is important (Genesis 1:26, 27), but that he is not the center of the universe. It helps to read such scriptures as Job 38, where God asked Job some penetrating questions: "Where were you when I laid the foundation of the earth? Tell Me, since you have understanding, who set its measurements, since you know?" Well there were about forty questions in all, and Job couldn't answer them — except maybe to shrug his shoulders and say, "I don't know!"

And so, David, in the Psalms, asks: "What is man that You are mindful of him... For You have made him a little lower than the angels and crowned him with glory and honor. You have made him to have dominion over the works of Your hands; You have put all things under his feet..." (Psalm 8:4-6) But then he says, verse 9, "O Lord, our Lord, How excellent is Your name in all the earth!"

I don't know if the tree would make a noise or not — but I do know who made both man and the tree! Come worship Him with us! We really do care about you, too.

Junior High Girls District Track

The Junior High Lady Buff closed out the 1994 track season by competing in the District 9-A meet held in Gorman, April 8.

The Lady Buff put out their best efforts of the season going against some of the toughest competition seen this year. "Our district is very tough," Coach John Starcher commented. "I'm really proud of these girls! They never let down, always gave their best at meets or practice, and have great work habits. It's been wonderful having them from basketball to track and watching them mature as athletes."

The district meet was divided into "A" and "B" groups. The B results are: **Team Standings:** Eula - 120; Roscoe - 119; CROSS PLAINS - 38; Baird - 32 and Gorman - 16

Did You Ride The Texas Giant

It was a long day from 8 a.m. till 1 a.m., but they had a good time. They is 14 members of the 8th Grade Research Class who spent Saturday, April 9 at Six Flags. Mitchell and Carol Atchley, Julie Worsham and Linda Wilson sponsored the trip which was a reward for the hard work the students have put in all year ... and never received a grade!

Currently, the entire 8th grade is working on a field trial test of the research

section of the TAAS Social Studies test which will be a permanent part of their Sophomore level Exit test.

In this test, the students have to individually research topics related to the Expansion of America in the 1800's. Then, they work in groups to compile information. Next, they plan a presentation and "teach" the class about the topics they researched. It's about a 3 week process.

Stephanie Childress (left) and Vicky Worley open the play telling the story of Easter's past.

The Community Choir depicts a pioneer Easter picnic to the melody of "When You're Smiling".

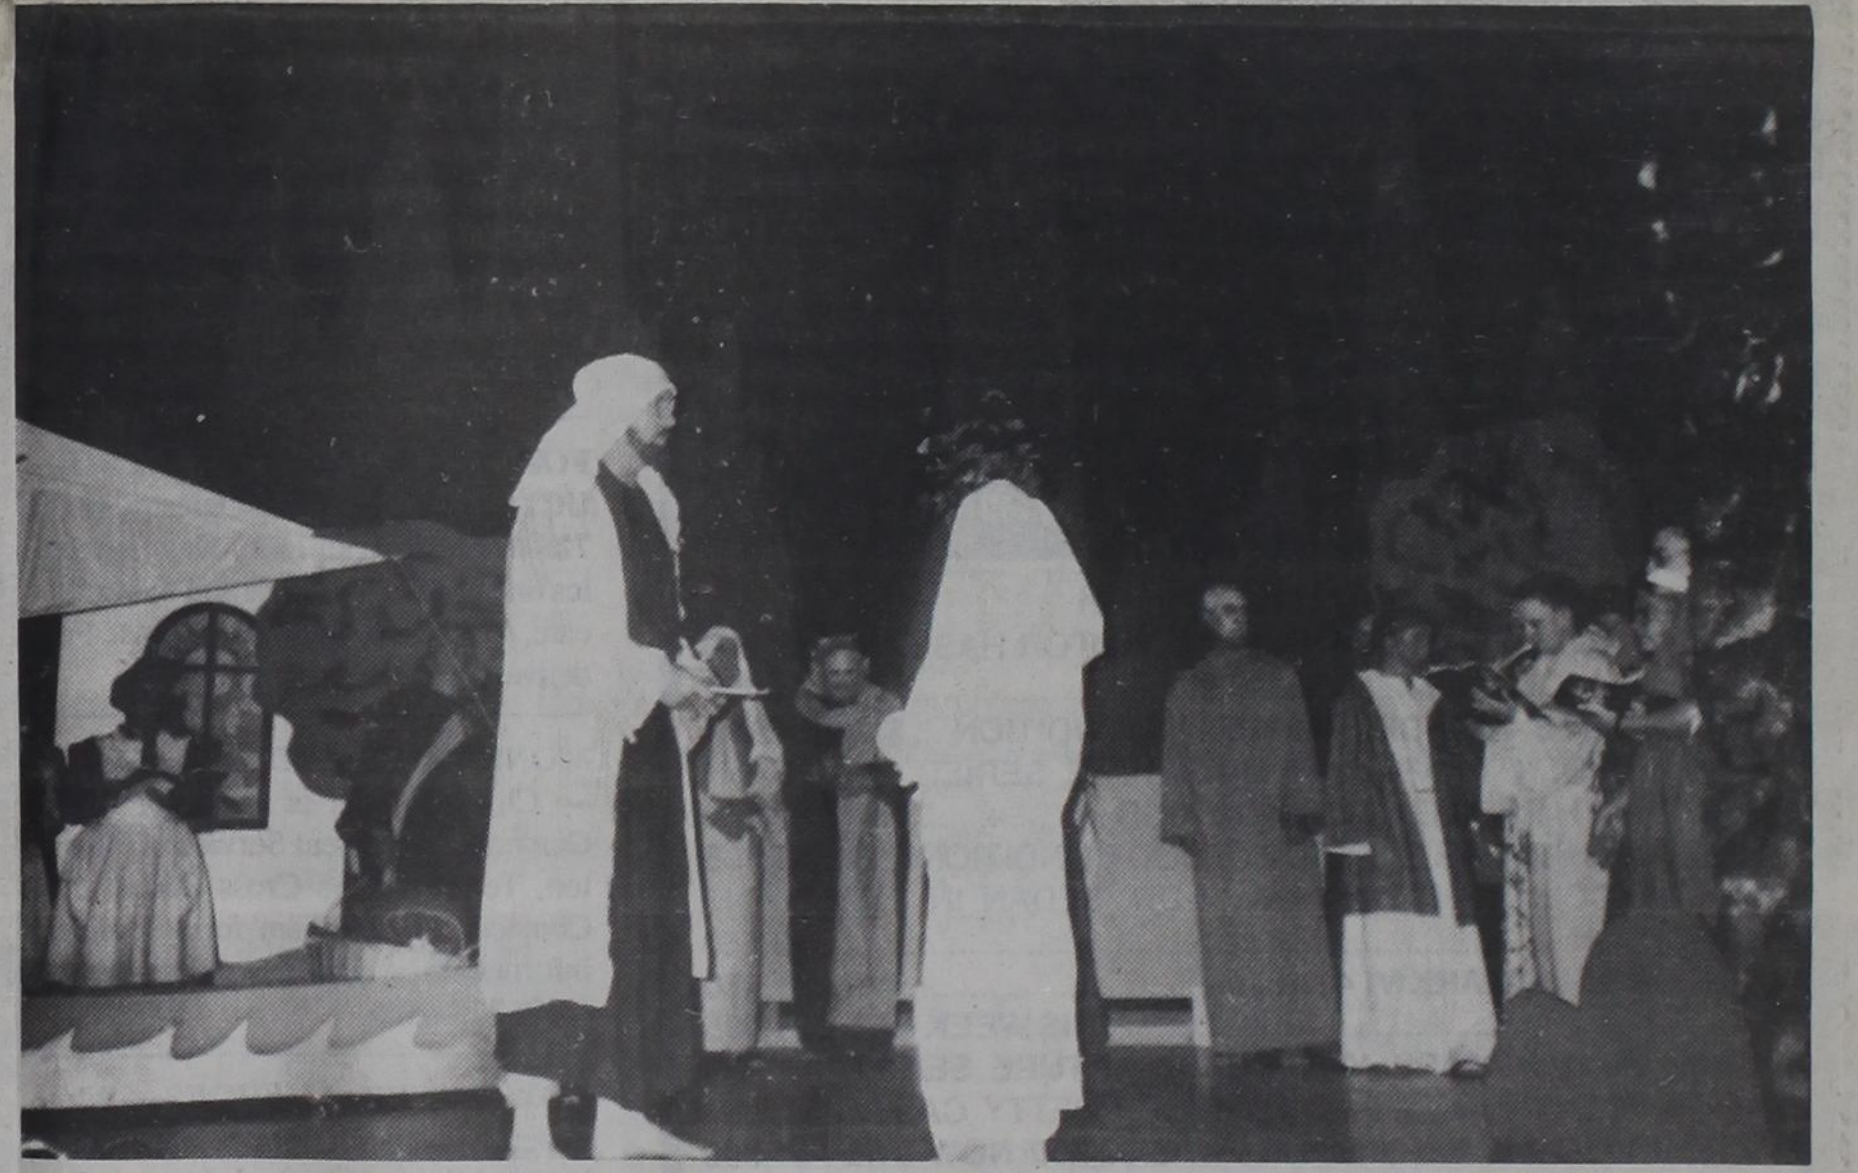

"Let Me Call You Sweetheart" was performed with Pam Glover and Coby Childers featured as a youthful couple.

Mary Magdalene, played by Pam Phillips, is the soloist accompanied by the Community Choir.

The fishermen, Jimmie Payne (front, from left), Edwin Edwards, Roy Neil Tatom, Gene Greenwood and Tommy Faught; Gene Dillard (back, from left) and Don Roath contribute a lighthearted tune.

Peter, played by Tommy Faught, speaks to Jesus, portrayed by Kelly Barclay, in musical lyrics.

Doubting Thomas, portrayed by Don Roath, is featured in this song.

heard after the performance and around town the next day. "I didn't know that Cross Plains had that much talent." "That was so good, you ought to take the show on the road." "Never have I seen anything like this in Cross Plains." "Albany may have its 'Fandangle' but now Cross Plains has its own reason to boast!" "When are you going to do it again?" "Next time can I be involved?" "That was so good maybe now we can begin our own theater company."

The viewers were not the only ones excited, even those who participated were elated. Here are a few of their comments. "Let's make this an annual affair!" "Let's not let this stop, can we keep the Community Choir and do several programs a year?" "I've never felt so close to the other members of this community until I spent these last few months working together to make this happen." "I can't believe that we had this many people together, in such close contact, for so long and I never heard one argument." "Let's do it again but next time make it bigger and better!" Do you get the feeling that something

exciting happen in Cross Plains? If you attended, you know it did. If you didn't attend, you really missed out, but don't worry, plans are already being made to do it again next year!

As director, do I think it was a worthwhile project? With all of the hard work, long hours and grueling practice times I say, "Give me a few days to rest and I'm ready to start on next year's event."

The Community Choir consisted of Sheri Bennett, Netha Carouth, Melba Cathey, Stephanie Childress, Imo Jean Clark, Gene Dillard, Martha Dillard, Tom Dunn, Wanda Edwards, Pam Glover, Gene Greenwood, Linda Henson, Susan McNeel, Terry Nixon, Pam Phillips, B.J. Spring Cleaning - Time For A Home Safety Checkup

It's that time of year again... when spring cleaning fever hits the air and everyone decided to take on those tough chores around the house. This is a good time to perform a home safety check. Inspecting your home and creating a hazard-free environment will reduce your chances of having an accident.

West Texas Utilities Company and the national Safety Council recommend spring cleaning as the best time to conduct a home safety checklist:

- Avoid overloading electrical outlets
- All appliances should have Underwriters Laboratories (UL) labels
- Replace cracked or damaged cords and plugs
- Cover electrical outlets if you have young children in the house
- Label all fuses and circuit breakers to show which outlets and fixtures they serve
- Washers and dryers should be electrically grounded. Be careful: damp or wet floors can lead to electrical shock
- When remodeling, position light switches in accessible areas. Accidents can happen when people stumble through the dark. Place locations around the home for emergency use
- Good lighting should be provided at the stove, sink and countertop work areas, especially where food is chopped
- Place night lights in bathroom or hallways to act as a guide to prevent falls
- Make sure a home safety list is part of your spring cleaning plans this year. Take the time to ensure the health and safety of you, your family and your home.

PIONEER THIS WEEK

By Barbara Powell

We are enjoying watching the birds building nests, pairing up and generally doing their thing. We have three pair of hummingbirds doing their swing mating dance around the feeders. A mockingbird is building a nest behind the rose bush lattice next to our sun porch. There is only glass between us and the nest. Our talking nor the T.V. next to the glass bother her. It is sure a straggly nest, but fun to watch the process.

Last weekend, Earlene Burge's nephew and family from Albuquerque, New Mexico and her sister, Katherine from Brownwood visited with her on Sunday afternoon. She enjoyed their visit.

Lottie Sooter traveled to Louisiana to visit her children Jane and Bob Dixon. She left on Tuesday and returned on Friday.

Frankie and Oliver Smith along with Jean Fore visited with Frankie's 87 year old daddy in Ranger on Wednesday. He is not doing well. It is wonderful how faithful they are in their visits. I know how much it must mean to him. On Friday night, John Oliver along with men from his church group visited Lueder's Baptist Encampment. They had a nice lunch and their speaker was Bob Lilly. On Saturday they were back in Ranger to visit Frankie's daddy and on Saturday night they attended the Cisco Musical.

This weekend Friends of Pioneer held their Yard and Bake Sale. We are very satisfied with the sales. We wish to thank everyone who donated and those who helped work. The combined efforts made it successful.

We finally met the new managers of the Lakewood Recreation Center, Jan and Bud Baird. They are a delightful couple from Ft. Worth. I noticed they had done some planting in front of the building and it looked great. The members had a work day on Saturday. Bud was really pleased with the turnout. Quite a lot was accomplished in cleaning up around the course. Bud fertilized the greens and said if it doesn't rain, he will start watering the fairways. The community wishes them well and give's them a 'great big welcome'.

Donna Pickett put in a Log Cabin quilt for an outside pay and Juanita Harlow's Double Wedding Ring was completed on Friday. The club is still quilting two days a week and having a good turnout of quilters. Needless to say, we have fun doing it.

Lakewood Plans 2 Person Scramble

Lakewood Recreation Center is having a 2 person Golf Scramble on Saturday, April 16 and Sunday, April 17. Tee times will be 8:30 a.m. and 1:30 p.m. Cost is \$60 per person or \$120 per team and will include muligans, closest to pin contest and a Saturday Night meal. Additional meals will be sold to non-playing guest. For more information contact Buddy Baird at 817-643-7792.

Local Lady Presented Flower Workshop At Breckenridge

The Breckenridge Garden Club met at 10:30 a.m. on March 18 in the home of Mary Sayre for a "Flower Show Workshop." Mrs. V.J. (Exa) Williams of Cross Plains was the instructor.

Mrs. Williams has lived in Cross Plains since 1932. She is married and has two sons. She has been a flower show judge since 1968 and a master flower show judge since 1975. Williams is a member of the Cross Plains Garden Club.

As part of the program she arranged a large basket of live flowers. She was a very informative and knowledgeable speaker. The workshop was enjoyed by all.

The Breckenridge Garden Club will be presenting a judged flower show April 29 from 10 a.m. - 3 p.m. in the First National Bank Showcase Room. Area residents are invited to attend.

COTTONWOOD NEWS

By Beverly Brown

The Cottonwood Musical will be held Friday evening beginning at 6:30 p.m. Peggy Purvis and Joan Benson of Austin visited John and Janet Purvis.

April 23 has been determined cleanup day for the Community of Cottonwood beginning at 8:30 a.m. in preparation for the upcoming Historical Association Day. Volunteers are asked to bring suitable cleaning supplies.

Tresha Albrecht, Hospital Corpsman, U.S.A. of San Diego, is home on leave before reporting to Pearl Harbor Naval Hospital on May 9.

The Cottonwood Baptist Women will meet at the home of Mrs. Don Gilliam on Monday, April 18. The ladies will be starting in the book of James for their Bible study. Women of the community are invited to attend.

The Cottonwood Volunteer Fire Group will meet Tuesday, April 19, at 7 p.m. to discuss the fundraiser and other business. The meeting will be at the fire station, unless otherwise notified.

You are cordially invited to a Wedding Shower in honor of Melinda Jaeger Bride-Elect of Scott Crockett on Saturday, April twenty-third from seven to eight at the Church of Christ Activity Building Cross Plains, Texas

Heart Attack...Call 911!

Treatment within the first 70 minutes of a heart attack is vital. Patients should be rushed to the hospital or treated by a paramedic before that time runs out. This according to the Journal of the AMA. Their recent study shows the vast majority of patients are still at home at the end of the first hours. Giving clot-busting drugs within 70 minutes of a heart attack saves lives. Chest pains, don't wait...call 911.

Your better health is our concern.

ASCS — Farm Program

"Farmers have only 2 more weeks to sign up and become eligible for program benefits on their 1994 wheat, feed grains, cotton and rice crops," Scott Odom, CED of the Callahan County Agricultural Stabilization and Conservation Service, said. The sign-up period ends April 29th.

He said producers will not have the opportunity to change their mind and sign-up after this deadline. Producers who have already enrolled and those who sign up before April 29th, have the option of withdrawing and returning any advance payments.

To be eligible for price support loans and target price protection on this year's crops, farmers are required to meet acreage reduction requirements of 11 percent for upland cotton. "There are no acreage idling requirements for wheat, corn, grain sorghum, oats, barley and rice," Odom said.

Target prices protect farmers' income if market prices fall below the federally-established levels. Through the ASCS price support loan program, farmers can obtain interim financing to operate and have time to wait for a better market.

Additionally, the 1994 farm programs offer advance payments in cash and flexible planting options.

"If producers do not sign up, they should clearly understand that they will not be eligible for benefits offered under the 1994 programs," ASCS official Odom said.

Eligibility for participation in all programs administered by ASCS is established by law without regard to race, color, religion, sex, age, national origin, marital status, physical or mental handicap, political affiliation, or sponsorship club.

A.A.R.P. May Meeting Set

By Esther Kerr

The monthly meeting of A.A.R.P. was held on April 4 at 11 a.m. in the Multi-Purpose Center. The guest speaker was the County Judge, Honorable Bill Johnson, who was very welcomed and we were pleased to have him visit our chapter.

A contest was held among the ladies, who were wearing the most creative Easter hat, and the winner was selected by the men who were the judges. They chose Elva Woody as the winner and she received a surprise gift. The door prize was won by Lorene Jennings.

Members and guests enjoyed a luncheon of baked ham and other complimentary dishes.

The May meeting will be held on the 2nd of May at 11 a.m. Make plans to be present and bring a friend.

walker Cancer Center Opens April 17

More than 3 years of careful study, planning and dedicated effort will culminate Sunday, April 17 with the official opening of the Walker Cancer Center, a \$4.5 million addition to Brownwood Regional Medical Center.

The 15,000 square foot facility is named after the late Dr. James B.N. Walker, a Brownwood physician for 34 years who died of cancer in 1989. Members of the Walker family will participate in the ribbon cutting ceremony and open house, which will begin at 2 p.m. and is open to the public.

The Walker Cancer Center is the area's first outpatient facility dedicated to the diagnosis and treatment of cancer, utilizing complete radiation and medical oncology facilities. Among the cornerstones of the treatment facility are a General Electric Saturne 41 linear accelerator to provide external beam radiation therapy and a GAMMAMED 12 high dose brachytherapy system to deliver radiation directly to the tumor site within the body. The Walker Cancer Center will also be the only treatment facility in the area to offer high dose brachytherapy.

Heading the radiation therapy treatment program is John S. Truitt, M.D., a radiation oncologist certified by the American College of Radiology. Dr. Truitt comes to Brownwood from Roswell, NM, where he was Director of the Radiation Oncology Department at Eastern New Mexico Medical Center. Dr. Truitt is a graduate of the Medical College of Georgia and completed his radiation oncology residency at the University of New Mexico.

Serving as Director of the Walker Cancer Center is Scott Painter, who served with Dr. Truitt at Eastern New Mexico Medical Center in Roswell.

Painter holds a bachelor's degree in biomedical engineering and a Masters of Business Administration, both from the University of New Mexico.

Other members of the Walker Cancer Center staff include Rita Anderson, R.T.(T.), Chief Radiation Therapist; Lori Strong, R.T.(R.T.), Radiation Therapist; Debra (Dee) Sager, R.N., Radiation Oncology Nurse; Linda Huston, Cancer center coordinator; and Jimmy Fulcher, Block Room Technician.

The Walker Cancer was designed to be a truly integrated cancer center that utilizes both medical and radiation oncology, as well as the talent of all physicians on the Medical Staff of Brownwood Regional Medical Center in the best interest of patients from throughout Central Texas. The Center was also designed to tie into Brownwood Regional Medical Center's diagnostic facilities, including its diagnostic imaging and pathology department to provide complete services to patients and physicians.

According to hospital Chief Executive Officer Art Layne, the Walker Cancer Center will provide the benefit of convenience to cancer patients from throughout the region, who will no longer have to travel long distances to seek the latest cancer treatments. Additional services including nutritional counseling, medical social services and support groups will help provide a complete approach to the patient care provided at the Walker Cancer Center.

The facility's open house will include a brief ceremony followed by tours of the building and refreshments. A complete preview of the Walker Cancer Center will be provided in a special insert to the Brownwood Bulletin, which will appear in the paper's Sunday, April 17 edition.

Garden Club Meeting Held

The Cross Plains Garden Club met Thursday, April 7 at 2 p.m. at the Garden Center. Thirteen members answered roll call.

President Exa Williams gave a report on the District VIII Meeting that was held in Snyder March 29-30.

Horticulture tips for the month was given by Mrs. E.L. Garrett.

Door prize was provided by Mrs. V.J. Williams and won by Rolan Jones. Hostess Mrs. Cole Tillotson with the help of Erma Floyd.

Decreased precipitation in this area has produced very little greenery and flowering plants and the Annual Garden Club Flower Show has been cancelled for this year only!

SPECIAL CELEBRATION—Joyce Odom was honored by her family and friends.

Joyce Odom Celebrated Birthday

The old Rowden Baptist Church, now the Cross Plains Garden Club building, was definitely filled with spirit on Sunday, April 3. The occasion was the celebration of Joyce Tabor Odom's 80th birthday. Joyce Fay Tabor Odom was born April 2, 1914 in Eula, Tx. Her parents were Herbert Roy (Bert) and Maude Tabor. Joyce was the third child of four sisters, Claribel Gibbs, Annie Mae Tabor and Nell Gunderson.

Joyce attended school at Clyde, Rowden and Baird and graduated from Clyde High School with honors.

Joyce and Ivon Sterling Odom, Sr. were married on December 18, 1935. They have three children, Virginia Ann, Nancy Jane and Ivon Sterling Odom, Jr. Since their marriage, Joyce and Sterling lived in the Rowden Community. Sterling passed away December 21, 1989. Joyce continues to live at Rowden. A number of quilts that Joyce pieced and quilted were displayed along with early house-keeping items such as a rub board, quilt, #2 wash tub, dish pan, skillet and iron. Also featured were some of Joyce's toys, a doll bed, stove and trunk of doll clothes. Other memories and treasures included a wedding hat and purse and marriage license, as well as her school diplomas and valentines from 1923.

A "This is Your Life" book that included pictures, letters and memories was presented to Joyce.

The old church building was filled with laughter, smiles and a lot of reminiscing from Joyce's relatives and a host of friends.

The celebration was hosted by her children and grandchildren, Virginia and Ralph Trevey and David and Tara, Scott

and Jennifer of Snyder; Nancy and Charlie Palmer and Michael of Clyde and Ivan Odom of Stephenville.

Relatives and friends attending were from McAllen Austin, Midland, Snyder, Abilene Stephenville, May, Brownwood, DeLeon, Clyde, Anson, Baird, Cross Plains and the Rowden Community.

Sorority Meets

The Alpha Phi Zeta chapter of Beta Sigma Phi met in the home of Janice Phillips March 28.

The business meeting included discussions about upcoming projects. The possibility of having a forum for city and school board election was discussed. Plans for the 7th grade field trip to Ft. Worth were formulated. Ft. Worth was selected because the capitol buildings are closed.

The dessert of the month winner for April was Pat Leslie.

The meeting for April 11 will be a trip to Cisco to see "The Desk Set" which will be presented by Cisco Junior College.
