U.I.L. District Realignment Puts Cross Plains In 1-A

The 1988-89 U.I.L. schedule for the district realignments was released last Wednesday, January 27. According to Cross Plains Coach, Mike Permenter, Cross Plains I.S.D. was dropped from the 2-A level down to the 1-A level.

The state changed the attendance levels which determined the various districts.

Cross Plains turned in an "ADA" (average daily attendance) count just slightly less than the maximum atten-

dance to be at the 1-A level which is 144 students.

The new football district for Cross Plains is Region 2...District 16...Conference A... which includes Evant, Gorman, Hico, Lometa, and Rising Star.

The basketball district for 1988-89 includes four towns, which are Cross Plains, Eula, Baird, and Moran.

At this time, schools throughout Texas are in the process of completing their schedules and arranging non-district games. The new schedules will be finalized on February 25 at which time the non-district games will be released.

It's Time For Pee Wee Basketball

By VANDA KING
Editor

Isn't it amazing how fast a year passes — it is time to organize the Pee Wee Basketball Teams once again.

The basketball teams for third to sixth grade students are a real hit with the youngsters and parents. The kids enjoy the sport while learning the basic rules and techniques.

The parents and grandparents show their enthusiasm by the large crowds that pack the gym to watch. If you haven't been to one of these games, you can't imagine what a following these little ones have.

These kids show a lot of energy and desire to play the game. The expressions on their faces are priceless as they give their very best efforts.

If you have a child (3rd grade — 6th grade) who is interested in playing Pee Wee Basketball, registration will be Monday, February 15, from 7-8:30 p.m. at the high school library.

Officers will also be elected at this time.

Bring your child to the meeting if they plan to participate. A parent must be present to sign the registration form and pay the \$5 fee.

Registration will be closed at 3:45 on Thursday, February 18, and no more players will be accepted after this date.

The Pee Wee Basketball Association has expressed a need for officers and coaches. For the past two years, Jimmy Harris has served as President, and Vickie Johnston has served as Secretary-Treasurer two years plus Concession Stand Supervisor last year.

Bobby Johnston has also been instrumental in operating the score board and keeping score sheets, along with Harris. The high school coaches act as referees for the games, along with high school students. Pam Harris has been very helpful to both Jimmy and Vickie during the past two seasons.

It is now time to elect officers and volunteer for coaches for all the teams. If the program is to continue all parents must participate.

The Pee Wee Basketball Association would like for parents to know that you can be useful as a coach without being an ex-basketball star from high school years, or without a great deal of experience.

All the credentials you need is knowledge of the rules and patience to teach the children. During the brief time of practice sessions and games, you will be surprised how fast a bond forms with the players.

As in all sports, the idea of good sportsmanship should be stressed and common courtesy to other teams taught.

If anyone is interested in coaching a team or assisting, please attend the organizational meeting. The past officers would probably enjoy a break in tenure, too.

The season will begin March 11 with games on Friday and Saturday nights for three weekends.

Everyone needs to help keep the Pee Wee Basketball program strong, because it prepares players for grade school basketball and promotes better teams.

See you at the meeting!

Lay Speaker Fills United Methodist Pulpit Sunday

Filling the pulpits Sunday morning at Burkett and Cross Plains United Methodist Churches is Hiram Smith, a Certified Lay Speaker of De Leon United Methodist Church. He was elected by Central Texas Conference of the U.M.C. meeting in Waco in June, 1987 to serve as delegate to the South Central Jurisdiction Conference of the United Methodist Church that will meet in New Orleans July 11-16.

In addition to many other important positions in his local church, Hiram Smith is chairperson of the De Leon Administrative Board, is Lay Leader and delegate to Annual Conference. He is Lay Leader for Cisco District of the United Methodist Church and serves in numerous District and Con-

ference positions.

In 1986, he was appointed to serve as a member of the Committee of 18 who developed plans for the Aldersgate Center, a Conference Ministry to mildly and moderately retarded adults.

Plans have just been announced to construct the headquarters and campus unit for the center in Brownwood. This was a great encouragement to the Cisco District of the Central Texas Conference, as well as to the Brownwood area.

Members of the local United Methodist Churches are urged to come worship as Hiram Smith visits and speaks in their sanctuaries Sunday, February 7.

Social Security

Counts Right Now

"Young people who think of Social Security as something for the future should know that it is working for them right now, whether or not they are receiving benefits," Glyn Hammons, Social Security manager in Abilene, said.

"Many young people don't think of the possibility of an early death or permanent disability affecting their lives, any more than they think of Social Security. But the fact is, over one-fourth of the 38 million people receiving Social Security benefits are under age 65. They are disabled workers, and the families of retired, disabled, and deceased workers.

"Social Security benefits are designed to replace in part the earnings lost to a family because of the retirement, prolonged disability, or death of a breadwinner," Hammons said.

"For all of these people, the present — and the future — is a little brighter because of Social Security."

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This is February 1st — where did January go — so fast?
I'm a very poor sleeper; however, I slept soundly this morning from about 5:30 to 7:30. I awoke to broad daylight and said to myself: "My goodness, I've spent the whole 'afternoon' in this bed!"
It took me only a few minutes to realize that it was Monday morning and that I had a job to do.

My daughter, Joan, and Bob, and their son, Matt, came here on Saturday about noon (we went to Odom's for lunch). They brought me a huge living room couch, a large floral chair, and a blue swivel rocker. Also, a large end table for a large lamp, also three small stack tables. My living room is suddenly quite small!

Oh, dear me! I miss Mrs. Brown so much! I've called her first, for how many Monday mornings! She was such a dear, always eager and anxious to give me her news!

Mrs. Cole (Helen) Tillotson is still mourning the loss of her good neighbor — she loved Mrs. Brown, as did everyone who knew her.

Reggie Stover answered the 'phone at their house. Dianne is still suffering from that twisted vertebra — bless her heart! I sincerely hope that condition improves soon.

J.T. Beggs answered at their house. Betty and Mrs. Cleo Barton had gone to Abilene to do some shopping. Rex Beggs and family went with J.T. to the auction rings at Comanche on Saturday. They had a good day together.

Bobby and Sally Roady took his mother, Ms. Nettie, to the doctor on

Tuesday of last week — regular check-up. They all visited Betty Lockyer in Cross Plains that afternoon. They visited Mr. Gene Hicks in Rising Star one afternoon. On Sunday Art Roady, Bertie, and Calvin of Abilene visited them. Their son, Joe, called from Brownwood during the weekend — he has had the 'flu'.
The Taffs, the Daniels, Nell Fleming, and the Norman Lees did not answer.

WEIGHING FOR YOUR LIFE American Heart Association

A Tribute To Ethel Brown

By MABEL HALSELL

"I brought a sack of lettuce leaves for your chickens," was the extended greetings upon the arrival of this dear friend for a visit. Upon opening the

bag, I found not lettuce leaves, but a beautiful hand quilted pillow, typical of the many pillows she has made. This little joke was typical of the humor of my friend and neighbor, Mrs. Ethel Brown.

Nor is this pillow the only memento I have received and have to remember this friend of many years. There were birthday and anniversary gifts, but most of all, a smile, a hug, and a welcome each time I visited her.

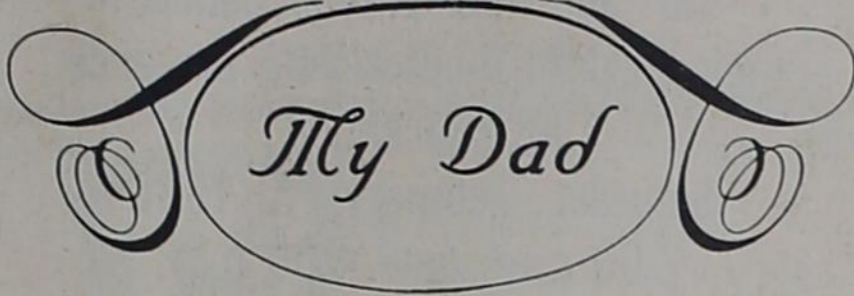

She was my neighbor for thirty years. It will be difficult to pass her comfortable rock house, (built by my Uncle Winslow Weathermon), without thinking of her sitting by a quilting frame applying her quilting needle, even yet.

I cannot estimate the number of quilts to her credit. There were the many traditional patterns; also her own original designs. Many were made for children, friends, and grandchildren.

Some quilting was for the public and her price was always minimal, never enough to pay for the long hours, even into the nights, she spent quilting for other people. Mrs. Brown was a living example of Proverbs: 31:10-31.

In his last years, Mr. Brown was blind and in a wheel chair. Never did Mrs. Brown entertain the idea of his going to a rest home. She was ready with the reply to anyone suggesting it. "I can care for him." And she did.

Ex-students remember her as one of the best teachers and friend. She was a poet of no mean ability. The following poem attests to her family tradition of caring:

*A wonderful guy was my dad,
The best friend I ever had.
He taught me right from wrong,
And filled each day with happy song.*

*Since he is no longer here,
To past memories, I shed a tear.
For all the love and care shown
To a child until she was grown.*

*A great debt to my dad I owe,
I'll try to repay it, as I go.
By helping others find the way
To right living, day by day.*

*I'll never forget the smile he wore
To see his first grandchild, I bore.
With open arms, he welcomed each one.
There were only four, all full of fun.*

*Some day in a heavenly place,
I shall again see his dear face.
This earth we will no more tread,
For we shall be at home with God.*

The Cross Plains Winter Band Concert held Thursday, January 28, in the Cross Plains Auditorium was another fine display of the musical talents of the 29-member 5th grade beginner band, the 31-member junior high band, and the 28-member high school band.

The audience was very appreciative of the program and the majority of them stayed to enjoy the reception held in the Band Hall, sponsored by the band.

Weekly Health Tip
BREAST FEEDING
Mother's Milk is the perfect food for most newborns. Formulas, though improved, still do not contain all the health and anti-infection factors present in human milk. Lactoferrin, which promotes the absorption of iron and inhibits harmful bacteria in the intestines, is one such factor. Other breast milk factors maximize zinc absorption, and supply essential copper for premature babies. About 15% of children may be allergic to cow's milk with recurrent vomiting, diarrhea, eczema, colds, bronchitis or asthma.

Your Energy Dollars Could Be Going Up In Smoke!

Fireplaces are built to draw. Even when there's no fire, this massive column is drawing air from inside your home — air you have paid to heat.

Closing the damper in your fireplace when it's not in use keeps winter heat from escaping up your chimney. This reduces the natural draft created by warm air inside the house as it rises. It also prevents any down drafts.

A glass fireplace cover can also help save you energy and money by decreasing the amount of inside air going up the chimney. When selecting glass door covers check for the following:
air tightness, glass thickness (3/16" to 1/4"), frame strength, frame insulation and be sure they are heat tempered.

THE PIONEER PATCHWORK

By IRMA MILLER

The quilting circle has felt a great loss in the death of Ethel Brown, 90, who died Wednesday night. She had worked doing quilting for many years, and provided guidance in the club for procedures in the business end and in the quilting process.

She founded the Pioneer Historical Association, serving as treasurer of the organization for 12 years. Her absence left a large vacancy three years ago when she retired from "active duty" quilting.

We feel that, personally, she was "ready to go" and had her "house in order," even though the sorrow we have in her absence now is strongly felt. Our estimation is that she was a great lady, and we pen the following in her honor.

So glad to have known Ethel Brown, Sweet, mild-mannered, moderate lady,
Whose faith in God was strong,
Who quilted and tattered sedately.

She was a do-er, community-Minded, not a procrastinator,
I still hear her 90th birthday,
She was scarcely an ambulator.

Always ready with a cheerful story,
She knew many people around,
I still hear her happy laughter,
And her interesting stories abound.

She loved, but if she hated,
I never heard her tell it.
She lived in this area all her life;
Her Historical tales were compelling.

She wrote lovely poetry;
Her verse came from her soul;
She also recited; and taught
In a school and Sunday school role.

Her life was preserved for 90 years,
For the purpose of God above;
He put her in our acquaintance
To know and to love.

The Lord kept a promise to Ethel,
Kept it for eternity,
"...The Lord shall give thee rest
from thy sorrow..."
Isaiah fourteen, three.

ROWDEN NEWS

By MRS. N.V. GIBBS

This has been a day of strong wind blasts, but the temperature was warm outside. The yellow Jasmine bush has rushed spring as usual. Every year the blooms open in January only to be killed back a time or two before spring is really here. Another thing is all the birds that swarm over the roads. You think you are running into them, but one leader takes them out of the way. They may be sparrows who are hunting food along the roadsides. They also like electric lines to perch on in bunches.

We are in need of rain also in this area. Small late grain has had very slow growth and has not been grazed by livestock.

On Friday night, children of Gene and Verne Belle Mauldin came for a visit and supper. They were Irene and Willie Masters of Snyder, Roland and Faye Mauldin of Denton Valley and their son, Kenneth Mauldin, and his friend, Stacy Jenkins of Abilene.

Sunday night visitors in the Robert Watson home were Mr. and Mrs. Zander Rasbury and twin sons of Eula. Dorothy fixed supper for the group. The couple became parents of a baby boy on Monday.

Robert, Dorothy, and sons, Cody and Wyatt, attended basketball games in Gorman Monday night where Cody played.

Julie Dye attended the Coronation Exercises at the Baird school Thursday night. Jessie Odom and Meredith Odom also attended.

Edna Dye was in Abilene Friday to shop.

James and Dorothy Reynolds attended the community singing at the South Side Baptist Church in Clyde Saturday night.

Don and Maryana Harrell and daughter, Leigh, attended a quarter horse show at the Kenneth Rogers Arena near Clyde Saturday.

Terry and Vickie Harris of Eastland became proud parents Monday, January 25, when Zane Lyn was born. Grandparents are Tommie and Lora Fay Harris of the community. Great-grandmother is May Bell Odom of Cross Plains.

When Emma Johnson and Lizzie Burks were contacted for news, Emma reported the birth of two baby calves and no visitors.

Bill Steele and friend, Trey Fortune, slipped up on this writer this morning. They had come here on Bill's motor bike. I guess the wind blew the noise of the bike away from the house. They visited a short while and off again for home. They had been riding in their pasture. Trey spent Friday night with Bill.

This writer and Lora Fay Harris attended the funeral of Veda DeBusk in Cross Plains Tuesday.

This week the Callahan County Star of Baird carried an article written by my friend, Eva (Sue) Robinson Starnes of Tyler. Claire Estes had received the article from Debbie Mateer of Hudson, New York. It was published in a magazine, "Women's

Stating Letter Writing Policy

By DON TABOR
Publisher

BUD ARNOT

Okay, for the umpteenth time, I'm going to state the Journal's policy on printing letters to the editor.

A lady brought in such a letter Tuesday concerning the current chief-of-police controversy and made the comment that "it is going all over town" that the Journal isn't accepting letters to the editor on the subject.

All I can say is: "Tain't so."

I don't know where such rumors get started, and I've long since quit trying to figure out their origin. They surface every time we have a controversy boiling (and that's at least a couple of times a year) in town.

But, also every time there's a controversy, there are numerous letters to the editor printed on both sides of the subject. So, it looks like the rumor mongers would go pick on something else, but they don't.

I think in the first "On the Corner" column I wrote after buying the Journal nearly 12 years ago I stated that the paper welcomes letters to the editor. In fact, I encouraged them.

That policy hasn't changed. I may be over-reacting here. Usually those "going all over town" surveys turn out to be one or two people.

But, still, it's good to repeat my policy. The overriding criteria for a letter to the editor to be printed is that it be signed. It helps me feel more comfortable if the letter is brought in in person by the one who wrote and signed it (or his or her spouse). That way we can positively identify the author.

If you mail in a letter to the editor, please include your phone number. There again, it will help us identify you as the author. We've received, and printed, letters in the past from fictitious authors, so we've had to get a little more hard-nosed about this.

Also, as I stated in that first column and have repeated several times since, I'm not going to print a letter to the editor that's libelous or in bad taste. I don't think I have to go into any more detail of what I mean here.

I don't see how anybody can call those rules severe, so, if you've got something you want to get off your chest, let's hear from you.

Arnot Files For Appeals Court

Court of Appeals Judge Bud Arnot, today announced his plans to seek election to the 11th Judicial District Court in Eastland, Texas.

Judge Arnot has held this position since January 1, 1987 when he was appointed by Governor White to fill the vacancy created when Judge Raleigh Brown retired.

The appellate court hears appeals from both civil and criminal cases originating from 23 counties in the 11th District.

Arnot, a Breckenridge native, has resided in Abilene the last twelve years. Graduating from the University of Texas, he attended Baylor Law School.

After graduation Arnot worked for the Wagstaff Law Firm in Abilene where he later became a partner. Before his appointment to take the bench, he was a partner in the Glandon Law Firm. Arnot is a graduate of the American Academy of Judicial Education's appellate opinion writing program.

Active in civic affairs, Arnot has been involved in the YMCA, Paramount Theatre Preservation, Buffalo Gap Arts Festival, Abilene Fine Arts Museum, Board of Development for Hardin-Simmons University, Hendrick Home for Children, and Deacon of the First Baptist Church, Abilene.

"I've enjoyed my service as judge serving the people of the 11th Judicial District. My experience as a current judge on the three member panel of the Court of Appeals and my long-term commitment to this court and its duties qualify me for this important position," Arnot said.

Bud is married to the former Emily McDonald of Abilene and they have two sons, Will, 8, Mackey, 6, and a daughter, Corrine, 8 months.

Pol. Ad. pd. by Bud Arnot, 857 N. Mockingbird Lane, Abilene, Texas 79603.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

THURSDAY FEB. 4, 1988
CROSS PLAINS, TEXAS
A Service of the **CROSS PLAINS MULTI-PURPOSE CENTER**

CALL (817) 725-7698 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Mobile Unit will be parked beside the Cross Plains Multi-Purpose Center.

\$50⁰⁰
This price includes Radiologist's reading fee.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- 35-40 years of age - One baseline mammogram.
- 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- 50 years of age and over - An annual physical examination and annual mammogram.
- Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Any questions: Call 725-7698
Appointments from 9:00 a.m. to 7:00 p.m. available.

GARDEN TIPS
FROM THE
Cross Plains Garden Club

Apply bone meal to Iris beds now and water thoroughly.

Control weeds in lawns before they have a chance to establish themselves. A pre-emergence herbicide works well. Used in granular form they can easily be spread over the lawn. If the weeds get there before you do, consider an application of weed-and-feed fertilizer.

It feeds your lawn while it kills broadleaf weeds. Another labor-saving use is to apply a pre-emergence herbicide to stone or brick paths where seeds in the cracks can be a problem.

Prune roses later this month. Cut all but four to six healthy canes to ground level. For fewer but bigger blooms, cut off three-fourths of each remaining cane. For a moderate number of medium-sized blooms. Cut each cane in half, and for an abundance of smaller blooms, remove only a quarter of the cane.

For early spring blooms, try forcing branches of flowering trees and shrubs indoors. Forsythia, flowering quince, and winter jasmine are well suited for this.

Select shoots with numerous rounded flower buds. Place the stems in warm water, changing it every three to four days. Blooms should open within three weeks.

Staci Watson Named To Dean's List
