First Meals At Senior Citizens Center Tuesday

The dust was swirling and the hammers banging last Saturday at the new Senior Citizens Center building when the City Council showed up in full force with other volunteers. Scott Taylor, the remodeling coordinator, announced that because the plans have expanded somewhat, the grand opening celebration has been postponed til mid-October, but the Center should be ready for its first week of activities next week with hot lunches beginning Tuesday, October 4.

Vicki Worley, the site manager, noted that it is important to get a good estimate of the seniors that will be attending in order to not under or over-prepare the number of lunches. To assist her in the effort, the First

Baptist Church has volunteered to be a "head count" contact spot. If you or someone you know will be there for lunches, please call the church office at 725-7629 to be placed on the roster.

Taylor noted that due to the generous contributions of Donald Duke and Clyde Melton a second bathroom will be built. He also noted that Ethel Sims has made arrangements with the United Presbyterian Church for a generous gift to the Center of a number of tables and chairs.

He mentioned that there is plenty of work left for anyone who wants to help and has planned another "work-day" this Saturday, beginning at 9 a.m.

Lord's Acre Date Set

The United Methodist Church has scheduled its Annual Lord's Acre for Saturday, November 5. As in the past, a turkey dinner will be served at the church with a carry-out service being available at Betty Browning's house.

Members are busy making items for the Auction to be held at the church following the dinner. A selection of small items were added to the Festival last year as a direct sale feature. This will be expanded this year with a Lord's Little Acre Gift Corner being set up at both the church and Betty's house.

Money from this year's Festival will be used as payment on the newly acquired church van. The van is currently being used for Sunday morning pick-ups, the recently organized Senior Citizens Traveling Group and the Youth Groups. Future use will include trips to conference meetings, training sessions, mid-winter retreats, etc.

The old van is up for sale and can be seen at Cliff's Texaco Station.

C.P. Paint And Palette Club Hosting 15th Annual Art Show

The Cross Plains Paint and Palette Club will host its 15th annual art show Friday, November 4, through Sunday, November 6, at the Cross Plains Community Center, Beech Street.

Registration will be from 2-6 p.m. Friday, and the show will be open to the public from 9 a.m. to 6 p.m. Saturday and 1-3:30 p.m. Sunday.

The show will have over \$400 in cash awards for the winning paintings, as well as two door prizes. A drawing will be held at 3:30 p.m. Sunday and

cash awards will also be presented at that time.

The registration fee is \$2 per entry for adults (limit of five entries). The entry fee for children is also \$2 with a (limit of three entries). Artist must live within a 75-mile radius of Cross Plains, and any previously-shown paintings are ineligible.

Paintings will be classified into six divisions — professional, advanced amateur, beginner, intermediate (12-18) and children (age 1-11).

Under The Big Top

By VANDA ANDERSON KING
Editor

This title may not be quite appropriate, as the circus big tops (a tent) are seldom seen. However, the Shrine Circus went off wonderfully in the Brownwood Coliseum.

Thursday, I took my children and a couple of friends to the big performance. Every child was admitted completely free of charge. Local and area businesses purchased tickets which were handed out at public schools, etc.

Talk about mass confusion — you can't imagine how many kids were running around anticipating the show. We were fortunate to arrive early and captured some ring-side seats.

They were so close that you could see every move the trapeze artists made.

It had been several years since I had been to the circus and I had forgotten just how much fun it was. The lighting was very effective and the beautiful costumes and well-kept animals were most impressive.

It was scary watching many of the ladies who performed aerial stunts without any nets or precautions. It is hard to believe that they perform as many as three times a day under those circumstances. Their self-confidence must be extraordinary. I can't imagine dressing for three separate performances a day, and they all looked sharp.

The young man who walked the "Wheel of Destiny" was especially breathtaking. The danger of falling was so apparent that you kind of held your breath until he finished his act.

Many of the people in the circus were from foreign countries and I noticed several were from Mexico City, including the flying trapeze group. They were exceptional and very dramatic in their performance.

A young man, who was billed as "the only juggler who juggles hoops," was from New York City. His act demonstrated a great deal of skill and agility.

The kids liked all the animal acts. The tigers were very elegant, while the elephants put on a good show. I had never seen trained camels and goats, but they were very entertaining.

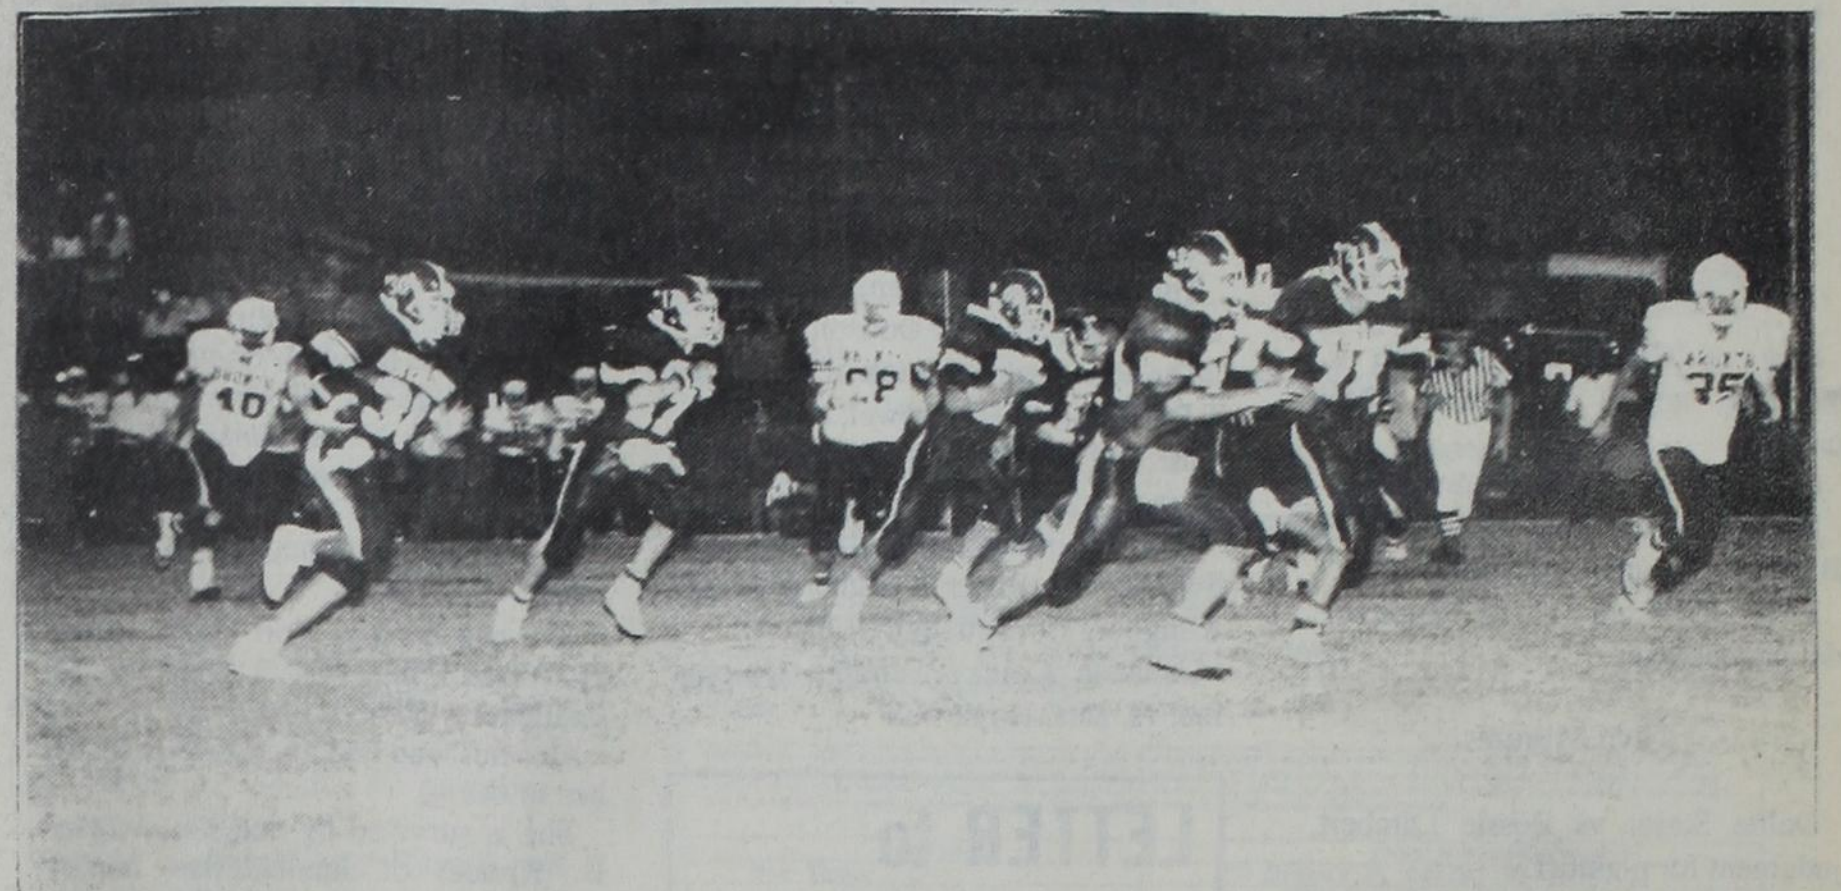

The bulldogs stole the show with their comedy football game as they chased balloons with sheer determination to burst them.

Speaking of comedy, the two clowns who performed an unusual balancing act on a revolving ladder were terrific. The combination of skill and comedy was very appealing to the crowd. Their whistling act got everyone's attention, too.

The crew men must be complimented on their organization, as each act came off without any hitch while they carefully and quickly prepared the equipment.

Besides enjoying the entertainment, it made you feel good to know that all the children there were having a great time. More than that, the fact that such performances raise funds for children who are ill, crippled, etc. made the event worthwhile. The Shrine Hospitals have assisted so many children over the years toward more quality lives.

There are several local men who were associated with the Brownwood group and were on hand for the show. They are to be congratulated on their successful venture. You have done it again!

Buffaloes Break Bronte

By COACH ELAINE SHEDD

The Cross Plains Buffaloes came on the field Friday with a mission in mind: Get back up on top, and by the end of the fourth quarter that's exactly where they were. On top.

The Buffaloes even their season record to 2-2 with a 27-0 win over the Bronte Longhorns.

With 5:30 left in the first quarter, Chris Brown caught a seven yard pass from quarterback Deron Duffey. Curtis Wyatt was good for the extra point.

In quarter two of the ball game, Cody Odom went in from nine yards out to leave the Longhorns behind at half-time 13-0.

Third quarter action saw Chris Brown scoring for the second time of the night, with a 15 yard run. The two point conversion by Duffey was successful.

As if battling the rain wasn't enough for three quarters, James Ames ran in from 10 yards out to finalize it for Bronte.

The Buffalo defense is to be congratulated on its first shut-out of the year. It was a definite team effort.

The coaching staff is very pleased with the team effort, the progress of Jody Brown, and the kicking of James Ames.

Nevertheless, room for improvement could be with the little things such as fumbling and penalties.

Penalties cost the Buffaloes an additional 21 points Friday night.

The Buffs go back on the field here Friday night against Tolar at 8 p.m.

Beautification Program Ongoing

Recent donations to the Beautification Program have included contributions from Mr. and Mrs. H.R. Stambaugh and the Class of 1950.

The completion of the mural on the side of the Kelley building will begin around October 10. Jamie Lankford, the artist, will be returning to Cross Plains to finish the mural depicting life in Cross Plains and surrounding communities.

The generosity of many have made the murals possible. It is amazing how many people stop and view the painting of Hub. If interest is created, travelers will visit the community and improve the economy locally.

If you would like to make a contribution to the Cross Plains Beautification Fund, please make your donations at the Citizens State Bank.

County Employees Get Pay Raises

Callahan County Commissioners, in a regular meeting Monday, September 12, voted to give themselves and all county employees a pay increase just before raising the county tax rate that will pay for those increases.

Commissioners voted unanimously for the four percent pay raise for all elected officials and all other county employees, stating that the pay increase was only the first in three years without one.

The increase in county employees' pay was being encouraged by all county department supervisors but was not demanded.

The 1988 county budget, which included the pay raises, was set at \$1,234,000, slightly higher than the 1987 budget of \$1,187,000.

This year's budget is a deficit budget, with projections of a \$3,000 deficit expected. If the budget goes into the red, unencumbered funds will be used to make up the deficit.

County commissioners then approved a 1.4 percent increase in this year's tax rate. The 1988 tax rate was set at .3345 cents per \$100 of appraised value. Last year's tax rate was .3299 cents per \$100. The 1988 tax includes .2568 cents for the general fund and .0777 cents for the FM Road fund.

Other items brought before county commissioners include:

—Voted to enter into a lease agreement with the Department of Health to lease the Callahan County Hospital building to the health department for office space. Department of Health offices will be located in the east wing of the hospital building as soon as building repairs are completed. The agreement is for a 10 year lease at no charge for rent. All repairs to the building must be paid for by the Department of Health. The health department will be moving from offices located on the third floor of the county courthouse building. The Callahan County Hospital building is located west of the courthouse building.

—Commissioners met with Cliff and Mary Van Der Linden to discuss when a deputy would be stationed in the Eula area. Callahan County Sheriff Bill Skinner told the county residents that the deputy should be stationed in the Eula area within two weeks, since a home in the area has been found for the deputy to live in.

—Two members of a Callahan County Grand Jury met with commissioners to report that the grand jury had not been given the case of Baird Justice of the Peace Bobby Curtis and questionable activities concerning funds in his office. The grand jury members requested that the commissioners court pass a resolution requiring an outside audit be done on the four Justice of the Peace offices within the county twice a year. Commissioners voted for the resolution.

—The two grand jury members discussed with county commissioners the possibility that the county sheriff's office was not properly preparing its cases to present to a grand jury. No action was taken.

—Met with James Reese of United Hospital Corporation to discuss if the county is considering selling some of its hospital equipment, now that the building is being leased to the department of health. No action was taken.

—Met with Justice of the Peace Bobby Curtis concerning a phone bill charged to the county which was for personal calls. The Baird Justice of the Peace told commissioners he would soon pay the personal phone charges.

—Opened bids for computer service for the Callahan County treasurer's office. Two bids were opened from CPS Business System of Wichita Falls and Hill Country Software of Comfort. Commissioners voted to accept the bid of Hill County Software for software only at a cost of \$5,900 and a \$900 a year maintenance agreement. Commissioners agreed to take bids again for the purchase of hardware only for the treasurer's office.

—Met with Baird Meals-On-Wheels Director Fern Lee to discuss the county contributing again to the non-profit organization. Commissioners voted to contribute \$3,000 to the Meals-On-Wheels Program, the same contribution as the previous year.

—Met with Tom Smith of the Economical Development District concerning the county's approval of a resolution to establish an economic district in a 19 county area. County commissioners voted to pass the resolution. There is no charge to be a member of the economic development district.

—Voted to advertise for bids on repairing the north parking lot around the county courthouse building.

County commissioners, in a called meeting Friday, September 16, voted to hire Jon Herod, a C.P.A. from Clyde, to perform an audit of Justice of the Peace Precinct 1 office of Bobby Curtis.

The final item of the short called meeting was a motion of approval to have County Commissioner Precinct 1 to clean a ditch for drainage purposes in the Pecan Grove addition on the Carl Rice residence.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

My dear friend, Lorena Settle of Archer City, called me one day last week. She recently fell and fractured a vertebra. She was in a hospital in Wichita Falls for a week, but is at home now.

She had a precious young lady who came and waited on her day and night until she was strong enough to care for herself.

Doris Ann McBride and her mother, Lucile Callaway, came out here on Saturday. They gathered up some things stored here which Karen

wanted. Doris Ann will return to Longview some time this week. She helps out with the children while Karen teaches school and C.V. works in the oilfields.

My sweet neighbor, Sherry Goble, came down here Sunday evening to use my telephone. She is on a party line and they were having problems. She had to wait until Monday morning before she could get any service.

I called my good friend, Irene Cook, in Stephenville last week. She is the friend whose mother, Addie Hilliard, was 108 years old this week. She said her mother isn't as alert as she was when I saw her last year, but she is still well and strong. Isn't that wonderful?

On Tuesday of last week, Billie Freeman came to pick up Ms. Nettie Roady and took her to the quilting at Pioneer.

Their son, George, came in on Saturday. He visited with Joe and Beverly Roady in the McDaniel community. On Sunday, they all visited Art and Bertie Roady in Abilene. They played "42" and had a big time. George had to leave Monday for Dallas — had to be on his job that evening.

Last Thursday was Betty Beggs' birthday. Son Rex and Edith and children gave her a beautiful bottle of cologne and took her to Odom's for a wonderful evening meal.

Betty's brother, Floyd Russell and Betty attended a high school reunion at Ranger and the football game on Friday. On Saturday evening, they enjoyed a big dinner in the basement of the First Methodist Church. She saw friends with whom she went to school with 44 years ago. A longtime friend, Sharon Watson, was there.

Several neighbors' phones were out Monday morning. Several others did not answer — the Tillotsons, the Stovers, the Lynn Daniels, and Jean Fore. Better luck next time!

There was a tremendous attendance at the First Baptist Church on Sunday morning. We enjoyed a very inspiring musical program, led by Sharon and Jerry Lewis — and a special message by Rev. Rick Davis. The Revival continues through Wednesday.

On Friday evening, there will be a "Fifth Quarter Fellowship" after the football game.

AARP NEWS

By LUCILE CALLAWAY
The next monthly meeting of AARP will be Monday, October 3. The meeting will begin at 11 a.m. Brad Harris, local attorney, will be guest speaker. He will be explaining about the building to be opened in the former JRB store building, which is to be for use of the Senior Citizens.
Six members of the Cross Plains Chapter of AARP were guests of the Coleman Chapter last Tuesday, September 20. Terry Frazier, Administrator for the Coleman Hospital, spoke to the Chapter about the INN Care Project the hospital had been sponsoring that has not met with new government rules. They have 45 days to take care of the deficiencies or be taken off. This will cause a lot of inconvenience for the people of Coleman and the surrounding vicinity. They are requesting people to appeal to the State Legislators for help in this situation.
We were served a delicious meal and enjoyed the fellowship with the Coleman Chapter.

Buffalo J.V. Team Victors Over Rochelle

By COACH TERRY TAYLOR
The Cross Plains Junior Varsity football team defeated the Rochelle Hornets here last Thursday, September 22. The win raises the J.V. record to 2 wins and 1 loss.
The Buffaloes established the tone for the game as they took the opening kick-off from their own 20 to the Hornets 3 before a fumble killed the drive. The next play, Bobby Bomar stripped the Hornets of the ball and Jason Barron recovered it on the 6. Two plays later, Johnny Herridge carried it in from the 3.
For the night the Buffaloes had many outstanding plays, both offensively and defensively. The offense was lead by Travis Jordan with 142 yards on 19 carries. Johnny Herridge was close behind with 117 on 14 carries and two touchdowns. Quarterback Danny Barnett scored the other touchdown on a 2 yard run and scored one two-point conversion.
Players singled out for outstanding play include Jordan, Bomar, Barnett, and Gary McNutt, who had two fumble recoveries, as did Jason Barron.

Girl Scouts Take The Lead

Girl Scouts of Cross Plains are preparing for another year of fun and challenges in learning to "take the lead" as future leaders of their local community, state and nation. During the past year, over 75 girls and adults have been active in Girl Scouting in Cross Plains, with four troops and many individual members participating. Their activities included: field trips, troop campouts, attending council-wide events and playdays, participating in the annual cookie sale, learning new skills, attending summer camp, and having lots of fun.

The women and men who volunteer to lead Girl Scout troops are making substantial investments in the community. They are stepping in to see that local girls do not become part of the growing group of young people abusing alcohol and drugs, dropping out of school, facing unemployment, and giving up on life by committing suicide.

Girl Scout leaders form key partnerships with girls. They help girls realize their worth, develop sound values and decision-making skills, and turn potentially destructive behavior into positive action. These leaders invest time and support. Girls gain self-confidence and begin exploring their future roles as women. With their personal lives in focus, girls move on to become responsible citizens and make valuable contributions to society.

A good investment pays out dividends for many years. The investment of a Girl Scout leader helps ensure a positive future for girls and for the community and it gives volunteers the benefit of knowing that they have helped mold tomorrow's leaders.

Sound investments promise high returns with a minimum of risk. Girl Scouting is one sure investment that yields excellent benefits for girls and their communities, requiring only an enthusiastic commitment of time and talent.

The Girl Scout program is open to all girls ages five through seventeen. As troops begin their fall activities in Cross Plains, girls and adults who might be interested in joining the fun of Girl Scouting are encouraged to contact Arlene Stephenson, 725-6879, for more information.

Provisions For 1989 Wheat And Grain Programs Available

The "0/92" provisions are available for the 1989 wheat and feed grain programs. Some producers are debating whether or not to plant winter wheat because of the dry soil conditions. This reminder may assist them in making this management decision ASCS official Scott Odom said.

The "0/92" provisions gives wheat and feed grain producers the option to devote all or a portion of their permitted acreage to conserving uses and received deficiency payments on the acreage. The maximum acres for deficiency payments under this provision is 92 percent of the permitted acreage.

Odom pointed out that the sign up dates and the projected deficiency rates for the 1989 wheat and feed grain crops have not been announced. However, Odom said that the "0/92" provisions will be available for these crops.

Weekly Health Tip
WOMEN SMOKERS
Women who smoke are 8 to 17 times more likely to develop cancer of the cervix (neck of the womb) than those who do not smoke. Researchers have found that the vaginal mucus of smokers contains high concentration of nicotine and its derivatives. Bathed constantly by this mucus, the cervix is exposed to more cancer-causing tobacco derivatives than any other part of the body.
Your better health is our concern.

By LOVERA STRICKLAND

Burkett received some nice rain over the weekend. We sure were proud to get the moisture and would like to have more.

Roy Clark was honored with a surprise birthday party at the Burkett Community Supper last Saturday night. His daughter, Terri Bushnell, cooked and decorated the birthday cake. Cake and ice cream was served after supper.

Everyone enjoyed the food, fellowship, and singing.

The descendants of W.R. and Ruby Strickland are planning a Cousins Reunion Sunday October 2, 1988 at the Burkett Community Center. So bring your salad, sweets, vegetables, and meat, and we will put all the food on the table and enjoy eating and visiting.

Plates, cups, napkins, bread, tea, and coffee will be furnished.

Carl Campbell of Haskell visited the Jack Stricklands Sunday afternoon.

Lois Garrett of Cross Plains and Jack and Zora DeBusk visited Jo Dave Sunday.

The Elvin Hutchins family visited Montie Jennings Sunday.

Vergie Adams returned this week from a ten-day vacation trip with her daughter and son-in-law, J.O. and Peggy Bradford of Proctor Lake.

They traveled to McCamey where Vergie visited her brother, A.B. Harris Jr., and her grandson, Jimmy Bradford and his wife, Alena. From McCamey they went to Tulia, where they visited Anderson and Claudia Adams, Neil and Patsy Wells, and Tina "Grey" Joiner. Anderson's health is very bad now.

They left Tulia and traveled through Amarillo to Sandia Park, New Mexico. Here they visited Larry and Deborah Mathews and Shayna Mathews. Deborah is Vergie's granddaughter and Shayna is her great-granddaughter. The Mathews live out in the Sandia Knolls and Vergie's upstairs room looked out toward the Sandia Crest, a favorite skiing mountain in New Mexico.

After a few days visit they headed south from Albuquerque, traveling through Socorro, Carrizozo, Alamogordo and into the mountains to Cloudcroft, New Mexico. Vergie says she especially enjoyed the scenic drive through the mountain.

In Monahans they visited overnight with Ken and Sharon Heath and great-grandchildren, Justin and Ashley. They also had an overnight stay in Odessa visiting Sherman and Joetta Smith. Then back to McCamey for an overnight visit with A.B. Harris and his daughter, Tina of Crane. Vergie reports she never felt better and enjoyed her trip very much.

Leonard and Christine Long have recently returned from their annual trek to Gaithersburg, Maryland, where their son, Roddy and family live. Christine turned in this report about their trip.

This annual trip is the highlight of our year. After all, we get very close to the Capitol, about 30 miles from downtown Washington, D.C. On previous trips we have visited many historic and beautiful places of which I have written some about, so this time will be a little more personal. Our trip begins when our neighbors, Birdie and Gill Helms, drove us to the Abilene Airport and gave us a good send-off on the American Eagle; they also kept an eye on our plane while we were gone. When we got to the DFW Air Terminal was when the race really began. We entered at one end of the terminal and boarded our plane for Dallas at the other end. We are never troubled, like so many people seem to be, in waiting for our plane to arrive.

It's always been a mad race to board before take-off. It must be at least two miles from one end of the terminal to the other and I overheard someone say it was four miles, which seems more like it. The first trip or two we took up there, we walked very fast and barely made it. Now our son calls and makes sure we get one of those little cars that speeds up and down the terminal, honking to get people out of the way — and we still barely make it. Now we marvel at how we ever made it on foot. Leonard's nephew, Jack and his wife of Dallas, were going to meet us and visit while we were waiting for our plane. Well, we saw them waiting for us from our perch on the little car, but they were pointing at the line already formed to board our plane. So our visit was mostly hello and goodbye. We never ever get to use the restroom, much less browse around some of the interesting-looking little shops and book stores we sped by.

And now about our grandchildren — we have a three-year-old granddaughter, Laurel. Her daddy told me over the phone Sunday night, they were watching the news and Laurel said, "Is that George Bush?" and sure enough it was. It sounds like she's going to be a political genius to me. Every proud grandmother knows what

I'm talking about.

But if she is a late bloomer, wait until you hear this. Our grandson, Jonathan, was six months old September 23. While we were there I was changing his pampers, I always talk to babies, children, cats, and dogs — and I said zip, zip, as I unzipped his pampers and he said "Zip." — I heard him with my own ears. Of course, nobody believed me because he wouldn't say it again.

Another time when we were in the mountains, I was on the back porch of our cabin holding Jonathan while Laurel was feeding the deer crackers. They came up out of the thick green bushes to the porch. He was excited and laughing and jumping while I talked about the deer and he said "Dee." Well, he made the D sound. I've been thinking about sending this into Ripley's.

Even my brother, Mickey, who lives in Odessa can't top this one about his grandchildren. But I'll bet he's working on it.

Giggle, Giggle?

Our little 10-year-old, Charlie King of Round Rock, Texas, is learning MAGIC and is pretty good at it. He was telling about when he was practicing the old trick of putting someone in a wooden box and sawing the box in two with a hand saw. I asked how it turned out. His reply was, "Well, there are a couple of half-brothers around someplace."

Charlie was asked if his mother was in favor of changing the speed limit from 55 to 65 mph. His reply was, "NO, because she says it is too hard to pass those going 65."

SHELLEY KEY
...chosen for "Stardancer"

Shelley Key In Movie 'Stardancer'

Shelley Key, daughter of Alan and Kala (Pill) Key of Cross Plains has been awarded and guaranteed a role in the upcoming Hollywood film, "Stardancer."

Shelley had danced in the preliminaries at Butterfield Junction on August 14 and gained her way to the finals which were held September 8. The finals were judged by Hollywood director/producer James P. Blake.

Mr. Blake has been on a nationwide talent search and had already been to 158 cities with ten left to go before completing his search. Mr. Blake's job was to pick one dancer representing each city to be in "Stardancer."

There were ten finalists. Competition was so tough that Mr. Blake ordered a dance-off. He then came on stage and stated that he was so impressed that he would have to pick three girls instead of one. He said that this had only happened in 3 of the 158 cities and also stated that the Abilene area should be very proud.

Change Of Phone Number

The Enterprise telephone number used to contact the Cable Television office in Brownwood has been replaced by a 1-800 number effective Tuesday, September 13, 1988. The new number is 1-800-527-2576.

The change in telephone service should make it more convenient to reach the cable office in Brownwood to report trouble, request service, or get any question answered concerning cable service.

The new 800 number has been installed because customers have had difficulty using the old Enterprise service. "Brownwood T.V. Cable wants to make it as easy as possible for its customers to reach our office," said manager Bob Nevill. "Like the Enterprise number, the new 800 service is free to the caller, and we encourage our customers to use it any time they feel we can be of service."
